Request for Engineering Services

In accordance with K.S.A. 75-5801 *et seq.*, it is the policy of the Division of Water Resources, Kansas State Board of Agriculture, to negotiate contracts for engineering services on the basis of demonstrated competence and qualifications for the type of professional services required at fair and reasonable fees. Selection criteria will consist of the following:

1. Size and professional qualifications of the firm;
2. Experience and training of the firm's staff in the measurements of rate and quantity of water pumped or removed from wells, lakes and streams; and collection of data in conjunction with the use of water for irrigation, industrial, or municipal purposes with principal emphasis on irrigation use. Experience and training in hydrology and hydraulics, water flow measurements (primarily in closed conduits), knowledge of energy and consumption metering and familiarity with Kansas water rights will be a consideration.
3. Workload of the firm.
4. The firm's performance record.
5. Compliance with Kansas statutes. All firms must comply with the requirements set forth in K.S.A. 74-7001 *et seq.*

Engineering firms engaged in lawful practice of providing engineering services and interested in providing services for collecting water use data, to determine the extent that a water right is perfected (developed), are encouraged to submit by March 18 a statement of qualification and experience to the Division of Water Resources, Kansas State Board of Agriculture, 901 S. Kansas Ave., 2nd Floor, Topeka 66612-1283.

Notice of Proposed Permit Action

The Secretary of Health and Environment is proposing to issue an air emission source construction permit in accordance with K.A.R. 28-19-14 (permits required) to St. Marys Marble, L.L.C., to install and operate a vanity-top manufacturing plant at 616 W. Bertrand, St. Marys.

Written materials, including the permit application and information relating to the application submitted by St. Marys Marble, draft permit, permit summary and analysis by KDHE describing the basis for the proposed permit, are available for public inspection during normal business hours through April 8 by contacting Pat Simpson, KDHE District Office, Lawrence, (913) 842-4600. This material also can be reviewed at the KDHE office in Building 740, Forbes Field, Topeka. Questions concerning this proposed permit should be directed to Eugene Sallee, KDHE, (913) 296-1575.

K.S.A. 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to its issuance. The request must be in writing and addressed to the secretary. If the secretary determines there is sufficient reason in the request, a public hearing will be conducted—the place, date and time of the hearing will be announced in this publication. A request for a hearing or written comments on the proposed permit must be submitted to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, before April 8.

Board of Indigents' Defense Services

Notice of Hearing

The State Board of Indigents' Defense Services will conduct a public hearing at 10 a.m. Monday, March 15, in Room 106 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to receive written and oral testimony regarding proposed changes in the compensation schedule for appointed counsel. These changes are necessary due to a shortfall in the assigned counsel appropriations for this fiscal year and for fiscal year 1994.

The board is seeking cost-effective alternatives to the current systems. These alternatives include: prorating hourly rates of compensation paid to appointed attorneys pursuant to K.S.A. 22-4507(c); development of a regionalized public defender system throughout the state; and restricting caseloads of public defender offices in a systematic and fiscally responsible manner.

Persons wishing to provide written testimony will be asked to limit their correspondence to three type-written letter-size pages. Written testimony should be received in the office of the director no later than Wednesday, March 10.

Persons wishing to provide oral testimony should contact the Director, State Board of Indigents' Defense Services, Room 506, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-4505, no later than Wednesday, March 10.

Article 9.—CONTINUING EDUCATION FOR NURSES

60-9-105. Definitions. (a) "Advisory committee" means a group with members knowledgeable about the learning needs of the population for whom Continuing Nursing Education (CNE) is provided. A licensed mental health technician (LMHT) shall be utilized as a consultant if LMHT credit is offered.

(b) "Approval" means the act of determining that a course offering meets applicable standards based on review of either the total program or the individual offering.

(c) "Approved provider" means a person, organization, or institution approved by the board, that is responsible for the development, administration and evaluation of the continuing nursing education (CNE) program or offering.

(d) "Behavioral objectives" means the intended outcome of instruction stated as measurable learner behaviors.

(e) "Certificate" means a document which is proof of completion of contact hours.

(f) "Clinical hours" means learning experiences for the attainment of clinical skills. One contact hour equals three clinical hours.

(g) "College course" means a course taken through a college which enhances an individual's professional development.

(1) A "college course" shall include:

(A) a course successfully completed within the renewal period that is part of a program leading to a nursing degree; or

(B) a course with demonstrated relationship to the practice of nursing.

(2) A "college course" shall not include any incomplete, audited or failed course.

(3) One college credit hour equals 15 contact hours.

(h) "Computer-based instruction" means a learning application that provides computer control to solve an instructional problem or to facilitate an instructional opportunity. Because the learner actively participates in reciprocal dialogue with the communication system, Computer-based instruction shall be considered interactive learning for CNE.

(i) "Contact hour" means 50 minutes of participation in a learning experience organized by an approved provider.

(j) "Continuing nursing education" (CNE) means an organized, systematic, and evaluative educational experience beyond the basic preparation which is designed to increase knowledge, improve skills and develop attitudes that enhance nursing and improve health care to the public. CNE does not include inservice education, on-the-job training, job orientation or education designed for the general public.

(k) "Endorsed CNE provider" means an individual, organization, or institution accredited as a provider of CNE by an organization or body whose function it is to grant CNE approval and reviewed by the board and determined to have met board CNE provider standards and requirements.

(l) "Independent study" means CNE designed for individual study and monitored by an approved Kansas provider or meeting the requirements of K.A.R. 60-9-107, including research, professional papers and other authorship.

(m) "Inservice education and on-the-job training" mean planned learning activities in the work setting designed mean to assist the individual in fulfilling job responsibilities. Inservice education and on-the-job training, including institution-specific resuscitation courses, are not CNE.

(n) "Instructor credit" means contact hours awarded by an approved provider, or if the offering is not by an approved provider by the board, to the individual who prepares and presents the CNE. A 50 minute presentation equals two contact hours of instructor credit. The minimum presentation length is 50 minutes.

(continued)

(o) "Learning needs assessment" means a process of determining deficits in knowledge, skills or attitudes identified as necessary and capable of being achieved through learning experiences.

(p) "Offering" means a single CNE learning experience designed to enhance knowledge, skills and attitudes related to nursing. An offering shall consist of a minimum of one contact hour.

(q) "Orientation" means formal or informal instruction designed to acquaint new employees with the institution and the position. Orientation is not CNE.

(r) "Program" means an organized effort to achieve overall continuing education goals.

(s) "Refresher course" means a course of study providing review of basic preparation and current developments in nursing practice. A refresher course may be used for CNE.

(t) "Staff development" means orientation, inservice education and continuing nursing education for the purpose of promoting the development of personnel within the employment setting.

(u) "Teleconference" means an interactive telecommunication offering of CNE.

(v) "Total program evaluation" means a systematic process by which a provider analyzes outcomes of the overall continuing nursing education providership in order to make subsequent decisions. (Authorized by and implementing K.S.A. 65-1117 and 65-1119; effective Sept. 2, 1991; amended March 9, 1992; amended April 26, 1993.)

Article 11.—ADVANCED REGISTERED NURSE PRACTITIONERS

60-11-103. Qualifications of advanced registered nurse practitioners. (a) To be certified as an advanced registered nurse practitioner in the category of nurse anesthetist or nurse midwife, each applicant shall:

(1) complete a formal, post-basic nursing education program located or offered in Kansas that has been approved by the board and prepares the nurse to function in the expanded role for which application is made;

(2) complete a formal, post-basic nursing education program which is not located or offered in Kansas but which is determined by the board to meet the standards for program approval established by K.A.R. 60-11-108;

(3) complete a formal, post-basic nursing education program which is no longer in existence but which is determined by the board to meet standards at least as stringent as required for program approval by the board as of the time of graduation; or

(4) hold a current certificate of authority to practice as an advanced registered nurse practitioner in the category for which application is made which was issued by another board of nursing and required completion of a program meeting standards equal to or greater than those established by K.A.R. 60-11-108.

(b) To be certified as an advanced registered nurse practitioner in the category of nurse clinician or practitioner, each applicant shall:

(1) meet one of the requirements of subsection (a) of this regulation before July 1, 1994; or

(2) if a requirement in subsection (a) of this regulation has not been met prior to July 1, 1994, meet one of the requirements of subsection (a) of this regulation and hold a baccalaureate degree in nursing.

(c) To be certified as an advanced registered nurse practitioner in the category of clinical nurse specialist, each applicant shall hold a master's or higher degree in a nursing clinical area which prepares the nurse to function in the expanded role and:

(1) meet one of the requirements of subsection (a) of this regulation; or

(2) complete prior to June 1, 1990, a formal educational program of post-basic study and clinical experience which can be demonstrated by the applicant to have sufficiently prepared the applicant for practice in the category of advanced practice for which application is made. The applicant must show that the curriculum of the program is consistent with the public health and safety policy and that it prepared individuals to perform acts generally recognized by the nursing profession as capable of being performed by persons with post-basic education in nursing.

(d) (1) Certification may be granted if an individual has been certified by a national nursing organization whose certifying standards have been approved by the board as equal to or greater than the corresponding standards established by the board for obtaining certification to practice as an advanced registered nurse practitioner. Certification by the board under this section may be dependent upon independent review by the board regarding whether the individual has fulfilled board requirements.

(2) Board approval of the standards and criteria of national nursing organizations that certify advanced registered nurse practitioners shall expire annually. (Authorized by and implementing K.S.A. 1991 Supp. 65-1130; effective May 1, 1984; amended T-85-16, June 5, 1984; amended May 1, 1985; amended, T-60-11-14-90, Nov. 14, 1990; amended, T-60-3-14-91, March 14, 1991; amended Sept. 2, 1991; amended March 9, 1992; amended Sept. 14, 1992; amended April 26, 1993.)

60-11-118. Temporary certification to practice.

(a) A temporary permit to practice as an advanced registered nurse practitioner may be issued by the board for a period of not to exceed 180 days to an applicant for certification as an advanced registered nurse practitioner who:

(1) was previously certified in this state; and

(2) is enrolled in a refresher course required by the board for reinstatement of a certification which has lapsed for more than five years.

(b) A one-time temporary permit to practice as an advanced registered nurse practitioner may be issued by the board for a period of not more than 180 days pending completion of the application for a certificate of qualification. (Authorized by K.S.A. 65-1129; implementing K.S.A. 65-1132, as amended by L. 1992, ch. 135, § 3; effective Sept. 2, 1991; amended April 26, 1993.)

State Corporation Commission

Notice of Hearing

The State Corporation Commission has directed that an investigation be instituted and a hearing conducted, pursuant to K.S.A. 55-703, to determine the reasonable market demand for gas produced from the following fields for the period of April 1, 1993 through September 30, 1993; to determine the deliverability and acreage attributable to each of the wells therein; and to fix gas production percentages and quotas for wells within the fields. Evidence will be received at the hearing for the above purposes and for determining and fixing the allowables for each of the wells in the following fields during the proration period:

- Shepherd Conglomerate gas field in Stafford County
- Hugoton gas field in Finney, Grant, Gray, Hamilton, Haskell, Kearny, Morton, Seward, Stanton, Stevens and Wichita counties
- Panoma-Council Grove gas field in Finney, Grant, Hamilton, Haskell, Kearny, Morton, Stanton, Stevens, Wichita and Seward counties
- Glick (Mississippi) gas pool in Barber, Comanche and Kiowa counties
- Greenwood gas field in Morton County

The hearing will be at 9 a.m. Friday, March 19, at the Ramada Inn-Airport, 5805 W. Kellogg, Wichita. All transporters of natural gas from the above fields must furnish to the commission their nominations from the fields for the calendar months included in the proration period.

Further information may be obtained by contacting John McCannon or William J. Wix, Assistant General Counsel, State Corporation Commission, Conservation Division, 202 W. 1st, Wichita 67202, (316) 263-3238.

Permanent Administrative
RegulationsArticle 5.—STATE WATER
PLAN STORAGE

98-5-2. Applications. (a) Each application to enter into a water purchase contract shall be made in writing on forms prescribed by the director and shall be signed by the person making the application or the person's chief officer or designated representative. The application shall be filed with the director.

(b) Each application shall include the following:

- (1) The name and address of the applicant;
- (2) The reservoir from which the applicant proposes to withdraw water;

(3) the peak daily rate at which the applicant proposes to withdraw water and the total annual quantity to be withdrawn;

(4) the uses proposed to be made of waters withdrawn; and

(5) the estimated date of first withdrawal of water.

(c) With each application or at any time before negotiations for a water purchase contract, the applicant shall file the following items with the director unless the requirement is waived by the director:

(1) The location and legal description of all works, ditches, conduits, and watercourses proposed to be constructed or used for the transportation of waters to and including the point of redirection;

(2) the engineering report or other evidence to support the need for the annual quantity of water requested throughout the term of the contract;

(3) any other information which the director may specify;

(4) any special requirement applicable to the applicant;

(5) a list of alternative sources of water available to the applicant; and

(6) whether the applicant has adopted and implemented a water conservation plan.

(d) In each application or at a time before use of the water as specified by the director, the applicant shall file the following items with the director unless the requirement is waived by the director:

(1) An engineering report and specifications for metering water;

(2) proof of any easement that is granted by the federal government for rights-of-way across, in, and upon federal government land which is required for intake, transmission of water, and necessary appurtenances;

(3) engineering plans and specifications for any pump, siphon, conduit, canal, or any other device planned to be used to withdraw water from the reservoir; and

(4) engineering plans and specifications for any pump, siphon, conduit, canal, or other device planned to be used to divert water released from the reservoir to a watercourse.

(e) Upon receipt of an application in the office of the director, a stamp showing the date and time of receipt shall be placed on the application form.

(f) The director or a designated representative shall review the application for compliance with statutory and regulatory requirements and for completeness.

(g) An application that is complete and that complies with statutory and regulatory requirements shall be assigned an application number. Application numbers shall be assigned in chronological order according to the date and time of receipt of the application.

(h) An application that is not complete or that does not comply with statutory or regulatory requirements shall have the stamp showing the date and time of receipt cancelled by drawing an X or other suitable mark across the stamp.

(continued)

(i) Within 30 days after receipt of the application, the director or a designated representative shall notify the applicant that:

(1) The application is accepted and assigned an application number;

(2) the application is incomplete and additional information or evidence is required before a number will be assigned; or

(3) the application does not comply with statutory or regulatory requirements and the reason why the application does not comply.

(j) When an application to enter into a water purchase contract or a written request to negotiate a water assurance contract is accepted in writing by the director, notice of the acceptance shall be provided to other applicants for withdrawal of water from the same reservoir and each water assurance district with a water assurance contract relating to the same reservoir at each applicant's or assurance district's last known address. The notice shall specify the name of the applicant whose application, or name of the assurance district whose request to negotiate, has just been accepted and the annual quantity of water included in the request.

(k) If a water purchase contract has not been executed by the 10th anniversary of the acceptance of an application, and if the applicant has not requested an extension of time for the application, the application shall be subject to cancellation by the director.

(l) Before cancellation of an application, the director shall notify the applicant in writing at the applicant's last known address that the application shall be cancelled 30 days after date of the notice unless the applicant submits a written request for an extension of time for the application. The notice shall be sent by restricted mail. The application shall be cancelled by the director if a written request to extend the application is not received within 30 days from date of the notice.

(m) On or before the 10th anniversary of the application, the applicant may request, in writing, that the application be extended for a period of up to three years. The extension shall be granted unless the application is found to be incomplete or not in compliance with statutory or regulatory requirements.

(n) Any part of the application, except the reservoir from which the applicant proposes to withdraw water, may be amended at any time. The applicant shall file a new application to change the reservoir from which the applicant proposes to withdraw water. The new application shall be assigned a date and application number as provided in subsection (g) of this regulation. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1310a, K.S.A. 82a-1311a; effective May 1, 1979; amended May 1, 1980; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended April 26, 1993.)

98-5-3. Contract negotiation procedures. (a) Any person with an application on file with the director may request to negotiate a water purchase by filing a written request with the director or a designated representative.

(b) The director shall review the request and shall notify the applicant in writing within 30 days as to whether the information on file is sufficient to request the authority to authorize negotiations for a water purchase contract.

(c) The director may require any applicant to provide information in addition to that included in the application required in K.A.R. 98-5-2(b) and (c). Such information shall be for the purpose of determining:

(1) The actual annual quantity of water needed;

(2) whether the proposed sale of water supply is in the public interest; and

(3) whether the benefits to the state from approval of the contract are greater than the benefits to the state from rejection of the contract.

(d) When sufficient information is available to determine whether the proposed sale is in the interest of the people of the state of Kansas and will advance the purposes set forth in K.S.A. 82a-901 *et seq.*, and amendments thereto, the director shall notify the authority that a request to enter into negotiations for a written contract has been received.

(e) The director shall provide the authority with the information collected or developed to show that the proposed sale is in the interest of the people of the state of Kansas and that it will advance the purposes set forth in K.S.A. 82a-901 *et seq.*, and amendments thereto.

(f) The authority shall consider the request to begin negotiations for a written contract and make a finding that:

(1) The proposed sale is in the public interest and it will advance the purposes set forth in K.S.A. 82a-901 *et seq.*; or

(2) the proposed sale is not in the public interest and it will not advance the purposes set forth in K.S.A. 82a-901 *et seq.*

(g) If the authority finds that the proposed sale is not in the public interest or that it will not advance the purposes set forth in K.S.A. 82a-901 *et seq.*, the authority shall do one of the following:

(1) Reject the request to begin negotiations and advise the applicant of the reasons; or

(2) request the applicant or the director to provide additional information which would permit the authority to find that the proposed sale is in the public interest and that it will advance the purposes set forth in K.S.A. 82a-901 *et seq.*

(h) When the authority finds that the proposed sale is in the public interest and that it will advance the purposes set forth in K.S.A. 82a-901 *et seq.*, the authority shall authorize the director to negotiate with the applicant for the purposes of entering into a written contract for sale of water supply.

(i) After negotiations for a water purchase contract have been authorized by the authority and when the proposed sale is not for surplus waters, the director or a designated representative shall notify all other persons with a pending application, a water assurance contract, or a request to negotiate a water assurance contract relating to the same reservoir that negotiations for a water purchase contract have been authorized by

the authority. The notice shall include the name of the applicant with whom negotiations are underway, the person's application date and number, and annual quantity requested.

(j) Each person who has an application, a water assurance contract, or a request to negotiate a water assurance contract on file with the director relating to the reservoir from which water is proposed to be sold shall choose:

(1) Not to request to negotiate for a written contract; or

(2) to file a written request with the director to enter into negotiations for a written contract as provided in subsection (a) within 20 days following notification by the director.

(k) Within 30 days after negotiations are authorized by the authority, a draft water purchase contract shall be sent by the director or a designated representative to the applicants with whom the negotiations are authorized.

(l) When contract details and explanations of contract requirements have been completed, the director shall send a proposed final contract to the applicant.

(m) After receipt of the proposed final contract, the applicant shall, within 10 days:

(1) Indicate acceptance of the contract by signing and returning it to the director or by other communication to the director;

(2) return the contract to the director with written comments;

(3) request a meeting with the director to discuss the contract; or

(4) request an extension of time for consideration of the contract.

(n) If the person and the director cannot agree on terms or language in the contract, the negotiations may be terminated by the director.

(o) Within 10 days after the applicant and the director both agree to a contract, the contract shall be submitted to the authority for consideration at a regular meeting of the authority or at a special meeting, if deemed necessary by the chairperson and director.

(p) Before approving any contract, the authority shall find that:

(1) The sale of water by written contract is in the interest of the people of the state of Kansas;

(2) the state has filed or will file, prior to initiation of water use under the contract, a water reservation right for storage of water in the reservoir designated in the contract;

(3) the state, if necessary, has signed an agreement with an agency or department of the United States of America for water supply storage in the named reservoir;

(4) the person has filed an application to negotiate the purchase of water from the named reservoir at an average daily rate equal to or greater than specified in the contract;

(5) the reservoir yield being negotiated does not exceed the yield capability from the conservation storage water supply capacity available to the state for use under the water marketing program through a drought

having a two percent chance of occurrence in any one year; and

(6) the annual withdrawal and use of the quantity of water contracted by the applicant will advance the purposes set forth in K.S.A. 82a-901 *et seq.*

(q) If the authority finds that the proposed sale of water is not in the interest of the people of the state of Kansas or that the proposed sale will not advance the purposes set forth in K.S.A. 82a-901 *et seq.*, the authority shall reject the contract and either:

(1) Terminate the contract negotiations; or

(2) return the contract to the applicant and director with recommendations for contract changes.

(r) When the authority approves the contract, the director shall transmit copies to the house of representatives and the senate and to the secretary of state, as provided by statute in K.S.A. 82a-1307, and amendments thereto.

(s) The application shall be terminated when a regular contract is signed by the applicant, the director, and the chairperson, or their designated representatives, and if the contract is not disapproved by the legislature. If the contracted quantity of water is less than the quantity stated in the application, the applicant shall not retain the application number for the remaining quantity. A new application shall be filed for additional water.

(t) Upon expiration of the period for legislative review and if the legislature has not disapproved the contract, the person shall file a copy of the water purchase contract with the chief engineer.

(u) The director may waive any regulatory requirements in order to sell surplus waters. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305, 82a-1306, 82a-1307, 82a-1308a, 82a-1311a, K.S.A. 82a-1312; effective May 1, 1979; amended May 1, 1980; amended, E-82-7, April 10, 1981; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended April 26, 1993.)

98-5-5. Rate charged for water. (a) The director shall fix the rate to be charged for water as provided in K.S.A. 82a-1308a, as amended. The rate shall be fixed on or before July 15 of each calendar year and shall take effect on January 1 of the following year.

(b) The rate fixed shall include amounts to cover the components required in K.S.A. 82a-1308a, as amended.

(c) The amount necessary, pursuant to K.S.A. 82a-1308a, subsection (a)(1), as amended, to repay the amortized capital costs, shall be determined by using the formula

$$A = \frac{P1 - R}{T1}$$

where:

(1) "A" equals the amount necessary to repay the amortized capital costs;

(2) "P1" equals the cumulative actual and projected amount of monies to be paid by the state for principal and interest on those reservoirs which contain conservation water supply capacity during the period from calendar year 1974 through the calendar year when the

(continued)

last payment for principal and interest is scheduled to be made;

(3) "R" equals the cumulative amount of revenues designated for deposit, in the state general fund from calendar year 1974 through the preceding calendar year for repayment of amortized capital costs, including revenues from water assurance districts to repay the state for its equity investment in reservoir storage space transferred to the assurance program and revenues deposited in the state conservation storage water supply fund which have been used to pay capital costs; and

(4) "T1" equals the total projected minimum annual quantity of water obligated or anticipated water use under contract, which ever is larger, expressed in 1,000 gallon units, during the period from the current calendar year through the calendar year when the last payment for principal and interest is scheduled to be made.

(d) The amount, pursuant to K.S.A. 82a-1308a, subsection (a)(2), as amended, as interest on the net amount of monies advanced from the state general fund for payment of amortized capital costs shall be determined by using the formula

$$B = \frac{(P2 - R) I}{T2}$$

where:

(1) "B" equals the amount as interest on the net amount of monies advanced from the state general fund for payment of the amortized capital costs;

(2) "P2" equals the cumulative actual payments for principal and interest during the period beginning with calendar year 1974 and ending with the year preceding the current calendar year;

(3) "R" equals the cumulative amount of revenues designated for deposit in the state general fund during the same period for repayment of amortized capital costs, including revenues from water assurance districts to repay the state for its equity investment in reservoir storage space transferred to the assurance program and revenues deposited in the state conservation storage water supply fund which have been used to pay capital costs;

(4) "T2" equals the sum, expressed in 1,000 gallon units, of the totals from each individual contract in effect during the preceding calendar year of either the minimum annual quantity of water obligated or the actual quantity of water used during the preceding calendar year, whichever quantity is greater; and

(5) "I" equals the average interest rate calculated for earnings during the preceding calendar year on investments of state funds by the pooled money investment board.

(e) The amount necessary, pursuant to K.S.A. 82a-1308a, subsection (a)(3), as amended, to reimburse the state for the cost of administration and enforcement of the act shall be determined by using the formula

$$C = \frac{E}{T2}$$

where:

(1) "C" equals the amount necessary to reimburse the state for the actual costs of administration and enforcement of the act;

(2) "E" equals the total actual costs of Kansas water office and division of water resources of the state board of agriculture for administration and enforcement during the preceding calendar year; and

(3) "T2" equals the sum, expressed in 1,000 gallon units, of the totals from each individual contract in effect during the preceding calendar year of either the minimum annual quantity of water obligated or the actual quantity of water used during the preceding calendar year, whichever quantity is greater.

(f) The amount necessary, pursuant to K.S.A. 82a-1308a, subsection (a)(4), as amended, to repay the operation, maintenance and repair costs associated with the state's conservation water supply capacity shall be determined by using the formula

$$D = \frac{O}{T2}$$

where:

(1) "D" equals the amount necessary to repay the operation, maintenance and repair costs associated with the state's conservation water supply capacity;

(2) "O" equals the actual amount paid for operation, maintenance and repair costs during the preceding calendar year; and

(3) "T2" equals the sum, expressed in 1,000 gallon units, of the total from each individual contract in effect during the preceding calendar year of either the minimum annual quantity of water obligated or the actual quantity of water used during the preceding calendar year, whichever quantity is greater.

(g) The amount for depreciation reserve shall be the amount specified in K.S.A. 82a-1308a, subsection (a)(5), as amended.

(h) The rate fixed by the director shall be approved by the Kansas water authority on or before July 15 of each calendar year. Approval shall be obtained either at a regular or special meeting of the authority. The meeting may be conducted in person, by conference call, by telephone poll of the voting members of the authority, or by mail ballot of the voting members of the authority.

(i) Affirmative votes by a simple majority of the voting members shall be sufficient to approve the rate fixed by the director.

(j) The rate fixed for each calendar year shall apply to all water use under contracts negotiated after March 17, 1983.

(k) For any contract negotiated before March 17, 1983, the rate in effect on the date established by the contract for review and adjustment of the rate charged for water shall become the new rate to be charged for all water which must be paid for under terms of the contract up to a maximum rate not to exceed 10 cents per 1,000 gallons. The new rate shall remain in effect until the next succeeding date established by the contract for review of the rate charged for water. (Authorized by K.S.A. 82-1319; implementing K.S.A. 82a-1306, K.S.A. 82a-1308a; effective May 1, 1984; amended May 1, 1987; amended April 26, 1993.)

Article 9.—PARIMUTUEL WAGERING

112-9-2. Mutuel facilities. (a) Each organization licensee shall provide:

(1) A window for each teller-cashier with a clear, legible sign, visible to the public, and showing the number of the window; and

(2) a ticket-issuing machine for each teller or teller-cashier.

(b) Each organization licensee shall use ticket-issuing machines linked to a computer-based totalisator system that:

(1) Records the progressive, the aggregate, and the final total of dollars bet in each pool and on each wagering entry or mutuel field;

(2) computes the approximate and final odds in the win pool for each wagering entry in each race in intervals not greater than 90 seconds or at such other lesser intervals, and relays those odds to the infield display board, and if applicable, to other display devices;

(3) computes commissions, breaks and components thereof; and

(4) computes the pay-off prices.

(c) For the purpose of confirming the final record of parimutuel sales for each race, each organization licensee shall for win, place, show and feature pools:

(1) Either obtain a ticket-issuing machine take-off and teller history, or store on magnetic media the following information for each ticket-issuing machine:

(A) Each bet sold on each wagering entry or combination of entries; and

(B) the total number of bets sold on each entry and combination of entries and their dollar equivalent, by each individual ticket-issuing machine and in total; and

(2) produce upon request by the commission or its designated representatives a computer print-out that shows the information required in subparagraph (B).

(d) Each organization licensee shall provide an alternate system of electrical supply to provide sufficient power to operate the central processing unit or the unit that accepts or stores wagering data.

(e) Each organization licensee shall provide, for the purpose of locking ticket-issuing machines at the start of each race:

(1) one device located in an approved area within the stewards' or judges' stand that:

(A) is controlled by a commission representative;

(B) logically disables all ticket-issuing machines from issuing tickets on the current race;

(C) stops betting on a race no later than the official start of that race; and

(2) one device located in the totalisator room for use as an emergency locking device.

(f) Each ticket shall be identified by a unique computer-generated ticket number. Where non-resettable, ticket-issuing machine counters are used, each counter shall be read and recorded before the start and after the finish of wagering for each race. Where the counts are accumulated by machine, the sales accumulators

shall be set to zero after the sales have been recorded and before wagering on the next race begins. (Authorized by K.S.A. 74-8804; implementing K.S.A. 74-8804 and 74-8813; effective, T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended, T-112-3-1-93, March 1, 1993.)

112-9-18a. Trifecta pools. (a) The trifecta requires selection of the first three finishers, in their exact order, for a single contest.

(b) Each net trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in correct sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(4) the entire pool shall be refunded on trifecta wagers for that contest.

(c) If fewer than three betting interests finish and the contest is declared official, payoffs shall be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

(d) If there is a dead heat for first involving contestants representing three or more betting interests, all of the wagering combinations selecting three betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split.

(e) If there is a dead heat for first involving contestants representing two betting interests, both of the wagering combinations selecting the two dead-heated betting interests, regardless of order, shall share in a profit split along with the third-place betting interest.

(f) If there is a dead heat for second, all of the combinations correctly selecting the winner combined with any of the betting interests involved in the dead heat for second shall share in a profit split.

(g) If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers, in correct sequence, shall share in a profit split along with any of the betting interests involved in the dead heat for third. (Authorized by K.S.A. 1992 Supp. 74-8804; implementing K.S.A. 1992 Supp. 74-8819; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992; amended, T-112-3-1-93, March 1, 1993.)

112-9-30. Closing of wagering in a race. (a) Prior to the official start of a race, the stewards or racing judges shall lock the parimutuel machines and shall close the wagering in the race, after which time no parimutuel tickets shall be sold for the race.

(b) Each organization licensee shall maintain in good order an electrical or other system approved by the commission for locking the parimutuel machines.

(c) It shall be the secondary responsibility of the mutuel manager to ensure that wagering is terminated.

(continued)

With prior approval from the commission, wagers may be canceled for a period of time not to exceed five seconds after wagering is terminated. (Authorized by K.S.A. 74-8804 and implementing K.S.A. 74-8816 and 74-8818; effective, T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended, T-112-3-1-93, March 1, 1993.)

112-9-39a. Superfecta pools. (a) The superfecta requires selection of the first four finishers, in their exact order, for a single contest.

(b) The net superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(5) the entire pool shall be refunded on superfecta wagers for that contest.

(c) If fewer than four betting interests finish and the contest is declared official, payoffs will be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

(d) If there is a dead heat for first involving contestants representing four or more betting interests, all of the wagering combinations selecting four betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split.

(e) If there is a dead heat for first involving contestants representing three betting interests, all of the wagering combinations selecting the three dead-heated betting interests, regardless of order, along with the fourth-place betting interest shall share in a profit split.

(f) If there is a dead heat for first involving contestants representing two betting interests, both of the wagering combinations selecting the two dead-heated betting interests, regardless of order, along with the third-place and fourth-place betting interests shall share in a profit split.

(g) If there is a dead heat for second involving contestants representing three or more betting interests, all of the wagering combinations correctly selecting the winner combined with any of the three betting interests involved in the dead heat for second shall share in a profit split.

(h) If there is a dead heat for second involving contestants representing two betting interests, all of the wagering combinations correctly selecting the winner, the two dead-heated betting interests, regardless of order, and the fourth-place betting interest shall share in a profit split.

(i) If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers in correct sequence shall share in a profit split along with any two of the betting interests involved in the dead heat for third.

(j) If there is a dead heat for fourth, all wagering combinations correctly selecting the first three finishers in correct sequence shall share in a profit split along with any of the betting interests involved in the dead heat for fourth. (Authorized by K.S.A. 1992 Supp. 74-8804; implementing K.S.A. 1992 Supp. 74-8819; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992; amended, T-112-3-1-93, March 1, 1993.)

112-9-40a. Tri-superfecta pools. (a) The tri-superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first tri-superfecta contest must be exchanged for a free ticket on the second tri-superfecta contest in order to remain eligible for the second-half tri-superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second tri-superfecta contest. Winning first-half tri-superfecta tickets shall receive both an exchange and a monetary payoff. Both of the designated tri-superfecta contests shall be included in only one tri-superfecta pool.

(b) After wagering closes for the first-half of the tri-superfecta and the takeout has been deducted from the pool, the net pool then shall be divided into two separate pools: the first-half tri-superfecta pool and the second-half tri-superfecta pool.

(c) In the first tri-superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first tri-superfecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in correct sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(4) the entire tri-superfecta pool shall be refunded on tri-superfecta wagers for that contest, and the second-half shall be canceled.

(d) If no first-half tri-superfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half tri-superfecta pool. In such case, the second-half tri-superfecta pool shall be retained and added to any existing tri-superfecta carryover pool.

(e) Winning tickets from the first-half of the tri-superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the tri-superfecta. The second-half tri-superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second tri-superfecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool, including any existing carryover monies, to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such tickets, then

(2) the entire second-half tri-superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half tri-superfecta pool of the next performance.

(f) If a winning first-half tri-superfecta ticket is not presented for cashing and exchange prior to the second-half tri-superfecta contest, the ticket holder may still collect the monetary value associated with the first-half tri-superfecta pool, but forfeits all rights to any distribution of the second-half tri-superfecta pool.

(g) If a betting interest in the first-half of the tri-superfecta is scratched, those tri-superfecta tickets including the scratched betting interest shall be refunded.

(h) If a betting interest in the second-half of the tri-superfecta is scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second tri-superfecta contest, the ticket holder forfeits all rights to the second-half tri-superfecta pool.

(i) If, due to a late scratch, the number of betting interests in the second-half of the tri-superfecta is reduced to a fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half tri-superfecta pool for that contest as a single price pool, but not the tri-superfecta carryover.

(j) If there is a dead heat or multiple dead heats in either the first- or second-half of the tri-superfecta, all tri-superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in the first-half of the tri-superfecta, the payoff shall be calculated as a profit split. In the case of a dead heat occurring in the second-half of the tri-superfecta, the payoff shall be calculated as a single price pool.

(k) If either of the tri-superfecta contests is canceled prior to the first tri-superfecta contest, or the first tri-superfecta contest is declared "no contest," the entire tri-superfecta pool shall be refunded on tri-superfecta wagers for that contest, and the second-half shall be canceled.

(l) If the second-half tri-superfecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning tri-superfecta tickets shall be entitled to the net tri-superfecta pool for that contest as a single price pool, but not the tri-superfecta carryover. If there are no such tickets, the net tri-superfecta pool shall be distributed as described in subparagraph (c) of this regulation.

(m) The tri-superfecta carryover may be capped at a designated level as provided in these racing regulations.

(n) An organization licensee may request permission to distribute the tri-superfecta carryover on a specific performance. The request shall be submitted to the commission in writing and shall include justification for the distribution, an explanation of the benefit to

be derived and the intended date and performance when the distribution will be made.

(o) If the tri-superfecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the tri-superfecta after completion of the first-half of the tri-superfecta:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination includes, in correct sequence, the first-place betting interest only; but if there are no such wagers, then

(5) as a single price pool to holders of valid exchange tickets; but if there are no valid exchange tickets, then

(6) as a single price pool to holders of outstanding first-half winning tickets.

(p) Notwithstanding the provisions of this regulation, during a performance designated to distribute the tri-superfecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the tri-superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the tri-superfecta, all first-half tickets shall become winners and shall receive 100 percent of that day's net tri-superfecta pool and any existing tri-superfecta carryover as a single price pool.

(q) The tri-superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (n) of this regulation; or

(2) upon written approval from the commission when there is a change in the carryover cap or when the tri-superfecta is discontinued; or

(3) on the closing performance of the meeting or split meeting.

(r) If, for any reason, the tri-superfecta carryover must be carried over to the corresponding tri-superfecta pool of a subsequent meeting, the carryover shall be deposited in an interest-bearing account approved by the commission. The tri-superfecta carryover plus accrued interest shall then be added to the second-half tri-superfecta pool of the following meeting on a date and performance designated by the commission.

(s) Providing information to any person regarding covered combinations, amounts wagered on specific combinations or number of tickets sold is prohibited.

(continued)

This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(t) At the beginning of each meeting each organization licensee shall obtain written approval from the commission concerning the scheduling of tri-superfecta contests, the percentages of the net pool added to the first-half pool and the second-half pool and the designated amount of any cap to be set on the carryover. Any modification of the approved tri-superfecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1992 Supp. 74-8804; implementing K.S.A. 1992 Supp. 74-8819; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992; amended, T-112-3-1-93, March 1, 1993.)

112-9-41a. Twin trifecta. (a) The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin trifecta contest must be exchanged for a free ticket for the second twin trifecta contest in order to remain eligible for the second-half twin trifecta pool. These tickets may be exchanged only at attended ticket windows prior to the second twin trifecta contest. Winning first-half twin trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated twin trifecta contests shall be included in only one twin trifecta pool.

(b) After wagering closes for the first-half of the twin trifecta and the commissions have been deducted from the pool, the net pool then shall be divided into separate pools: the first-half twin trifecta pool and the second-half twin trifecta pool.

(c) In the first twin trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(4) the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second-half shall be canceled.

(d) If no first-half twin trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin trifecta pool. In such case, the second-half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.

(e) Winning tickets from the first-half of the twin trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the twin trifecta. The second-half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool, including any existing carryover monies, to those whose combination finishes in the same sequence as the first three betting interests; but if there are no such tickets, then

(2) the entire second-half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin trifecta pool of the next consecutive performance.

(f) If a winning first-half twin trifecta ticket is not presented for cashing and exchange prior to the second-half twin trifecta contest, the ticket holder may collect the monetary value associated with the first-half twin trifecta pool, but forfeits all rights to any distribution of the second-half twin trifecta pool.

(g) If a betting interest in the first-half of the twin trifecta is scratched, those twin trifecta wagers, including the scratched betting interest, shall be refunded.

(h) If a betting interest in the second-half of the twin trifecta is scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for the exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second-half twin trifecta pool.

(i) If, due to a late scratch, the number of betting interests in the second-half of the twin trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin trifecta pool for that contest as a single price pool, but not the twin-trifecta carryover.

(j) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in the first-half of the twin trifecta, the payoff shall be calculated as a profit split. In the case of a dead heat occurring in the second-half of the twin trifecta, the payoff shall be calculated as a single price pool.

(k) If either of the twin trifecta contests is canceled prior to the first twin trifecta contest or if the first twin trifecta contest is declared a "no contest," the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest, and the second-half of the twin trifecta shall be canceled.

(l) If the second-half twin trifecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning twin trifecta tickets shall be entitled to the net twin trifecta pool for that contest as a single price pool, but not to the twin trifecta carryover. If there are no such tickets, the net twin trifecta pool shall be distributed as described in subparagraph (c) of this regulation.

(m) The twin trifecta carryover may be capped at a designated level as provided in these racing regulations.

(n) An organization licensee may request permission to distribute the twin trifecta jackpot on a specific performance. The request shall be submitted to the commission in writing and shall include justification for the distribution, an explanation of the benefit to be

derived and the intended date and performance when the distribution will be made.

(o) If the twin trifecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the twin trifecta after completion of the first-half of the twin trifecta:

(1) as a single price pool to those whose combination finishes in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(4) as a single price pool to holders of valid exchange tickets; but if there are no holders of valid exchange tickets, then

(5) as a single price pool to holders of outstanding first-half winning tickets.

(p) Notwithstanding the provisions of this regulation, during a performance designated to distribute the twin trifecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the twin trifecta, all first-half tickets shall become winners and shall receive 100 percent of that day's net twin trifecta pool and any existing twin trifecta carryover as a single price pool.

(q) The twin trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (n) of this regulation; or

(2) upon written approval from the commission when there is a change in the carryover cap or when the twin trifecta is discontinued; or

(3) on the closing performance of the meeting or split meeting.

(r) If, for any reason, the twin trifecta carryover must be carried over to the corresponding twin trifecta pool of a subsequent meeting, the jackpot shall be deposited in an interest-bearing account approved by the commission. The twin trifecta carryover and accrued interest then shall be added to the second-half twin trifecta pool of the following meeting on a date and performance designated by the commission.

(s) Providing information to any person regarding covered combinations, amounts wagered on specific combinations or number of tickets sold is prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(t) The organization licensee shall obtain written approval from the commission concerning the scheduling of twin trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool and the designated amount of any cap to be set on the carryover. Any modification of the approved twin trifecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1992 Supp. 74-8804; implementing K.S.A. 1992 Supp. 74-8819; effective, T-112-9-26-91, Sept. 26, 1991; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992; amended, T-112-3-1-93, March 1, 1993.)

112-9-42. Twin superfecta pools. (a) The twin superfecta requires selection of the first four finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin superfecta contest must be exchanged for a free ticket on the second twin superfecta contest in order to remain eligible for the second-half twin superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second twin superfecta contest. Winning first-half twin superfecta tickets shall receive both an exchange and a monetary payoff. Both of the designated twin superfecta contests shall be included in only one twin superfecta pool.

(b) After wagering closes for the first-half of the twin superfecta and the takeout has been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half twin superfecta pool and the second-half twin superfecta pool.

(c) In the first twin superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin superfecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(5) the entire twin superfecta pool shall be refunded on twin superfecta wagers for that contest, and the second-half shall be canceled.

(d) If no first-half twin superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin superfecta pool. In such case, the second-half twin superfecta pool shall be retained and added to any existing twin superfecta carryover pool.

(e) Winning tickets from the first-half of the twin superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the twin superfecta. The second-half twin superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the

(continued)

second twin trifecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool, including any existing carryover monies, to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such tickets, then

(2) the entire second-half twin superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin superfecta pool of the next performance.

(f) If a winning first-half twin superfecta ticket is not presented for cashing and exchange prior to the second-half twin superfecta contest, the ticket holder may still collect the monetary value associated with the first-half twin superfecta pool but forfeits all rights to any distribution of the second-half twin superfecta pool.

(g) If a betting interest in the first-half of the twin superfecta is scratched, those twin superfecta tickets including the scratched betting interest shall be refunded.

(h) If a betting interest in the second-half of the twin superfecta is scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin superfecta contest, the ticket holder forfeits all rights to the second-half twin superfecta pool.

(i) If, due to a late scratch, the number of betting interests in the second-half of the twin superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin superfecta pool for that contest as a single price pool, but not the twin superfecta carryover.

(j) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin superfecta, all twin superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in the first-half of the twin superfecta, the payoff shall be calculated as a profit split. In the case of a dead heat occurring in the second-half of the twin superfecta, the payoff shall be calculated as a single price pool.

(k) If either of the twin superfecta contests is canceled prior to the first twin superfecta contest, or the first twin superfecta contest is declared "no contest," the entire twin superfecta pool shall be refunded on twin superfecta wagers for that contest, and the second-half shall be canceled.

(l) If the second-half twin superfecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning twin superfecta tickets shall be entitled to the net twin superfecta pool for that contest as a single price pool, but not the twin superfecta carryover. If there are no such tickets, the net twin superfecta pool shall be distributed as described in subparagraph (c) of this regulation.

(m) The twin superfecta carryover may be capped at a designated level as provided in these racing regulations.

(n) An organization licensee may request permission to distribute the twin superfecta carryover on a specific performance. The request shall be submitted to the commission in writing and shall include justification for the distribution, including how the distribution will serve the best interests of the wagering public, an explanation of the benefit to be derived and the intended date and performance when the distribution will be made. The benefit to both the public and the state shall be weighed in determining whether to approve such a request.

(o) If the twin superfecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the twin superfecta after completion of the first-half of the twin superfecta:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(5) as a single price pool to holders of valid exchange tickets; but if there are no valid exchange tickets, then

(6) as a single price pool to holders of outstanding first-half winning tickets.

(p) Notwithstanding the provisions of this regulation, during a performance designated to distribute the twin superfecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-, second-, and third-place betting interests. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the twin superfecta, all first-half tickets shall become winners and shall receive 100 percent of that day's net twin superfecta pool and any existing twin superfecta carryover as a single price pool.

(q) The twin superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (n) of this regulation; or

(2) upon written approval from the commission when there is a change in the carryover cap or when the twin superfecta is discontinued; or

(3) on the closing performance of the meeting or split meeting.

(r) If, for any reason, the twin superfecta carryover must be carried over to the corresponding twin superfecta pool of a subsequent meeting, the carryover shall be deposited in an interest-bearing account approved by the commission. The twin superfecta carryover plus accrued interest then shall be added to the second-half twin superfecta pool of the following meeting on a date and performance designated by the commission.

(s) Providing information to any person regarding covered combinations, amounts wagered on specific combinations or number of tickets sold is prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(t) At the beginning of each race meeting each organization licensee shall obtain written approval from the commission concerning the scheduling of twin superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool and the designated amount of any cap to be set on the carryover. Any modification of the approved twin superfecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1992 Supp. 74-8804; implementing K.S.A. 1992 Supp. 74-8819; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992; amended, T-112-3-1-93, March 1, 1993.)

112-9-43. Capping carryover pools. The Pick (N), the twin trifecta, the tri-superfecta, and the twin superfecta carryover pools may be capped at a designated level or on a designated performance as approved by the commission. When the commission authorizes the capping of a carryover it shall select one of the following methods to govern subsequent contributions to the carryover pool:

(a) When the amount in the wager's carryover pool equals or exceeds the designated cap at the close of any performance, the carryover pool shall be frozen, and 100 percent of the designated contributions to the carryover pool shall be paid out to the wager's regular pool until the carryover pool is paid out.

(b) Within three working days of the date when the designated cap is reached, each organization licensee shall notify the commission or its designee of the occurrence and specify the date it intends to force a payout of the carryover pool, provided the capped carryover pool is not paid out prior to the specified date. Each forced payout shall be made within ten race days after the date when the designated cap is reached. After the designated cap is reached the carryover pool shall continue to receive its regular contribution from all wagers.

(c) When the designated cap on the carryover pool is reached the organization licensee shall freeze the carryover pool at the designated cap amount and create a new seed pool. The seed pool shall receive and hold all contributions that would normally flow to the carryover pool until the capped carryover pool is paid out. The carryover pool shall be paid out under the regular procedures, or, if the organization licensee so elects, under the forced payout procedures stated in subparagraph (b) of this regulation. Once the capped carryover pool is paid out, the seed pool shall become

the carryover pool. If the seed pool's balance ever equals or exceeds the designated cap the seed pool shall be frozen the same as the carryover pool, and another seed pool shall be created.

(d) When a carryover pool is capped on a designated performance and the designated performance date is reached, the organization licensee shall pay out 100 percent of the contributions to the carryover pool using one of the following methods, as directed by the commission:

(1) to holders of tickets in accordance with the procedures stated in K.A.R. 112-9-41a(o) for twin trifecta wagers, K.A.R. 112-9-40a(o) for tri-superfecta wagers and K.A.R. 112-9-42(o) for twin superfecta wagers; or,

(2) to holders of second-half winning tickets using the following precedence:

(A) as a single price pool to those whose combination finishes in the same sequence as the first three betting interests for twin trifecta wagers or in the same sequence as the first four betting interests for twin superfecta and tri-superfecta wagers; then,

(B) as a single price pool to holders of valid exchange tickets; then,

(C) as a single price pool to holders of outstanding first-half winning tickets. (Authorized by K.S.A. 1992 Supp. 74-8804; implementing K.S.A. 1992 Supp. 74-8819; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992; amended, T-112-3-1-93, March 1, 1993.)

112-9-44. Place pick (N) pools. (a) The place pick (N) requires selection of the first or second-place finisher in each of a designated number of contests. Each licensee shall secure written approval from the commission concerning the scheduling of place pick (N) contests, the designation of one of the methods stated in paragraph (b) of this regulation, the distinctive name identifying the pool and the amount of any cap to be set on the carryover pool. Each change to the approved place pick (N) format shall be approved by the commission before it is implemented.

(b) Each place pick (N) pool shall be apportioned using one of the following methods:

(1) for a place pick (N) with carryover pool, each net place pick (N) pool and carryover pool, if any, shall be distributed as a single price pool to those who select the first or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests, and the remainder shall be added to the carryover pool;

(2) for a place pick (N) with minor pool and carryover pool, the major share of the net place pick (N) pool and the carryover pool, if any, shall be distributed to those who select the first or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher of all place pick (N) contests, the minor share of the net place pick (N)

(continued)

pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests, and the major share shall be added to the carryover pool;

(3) for the place pick (N) with no minor pool and no carryover pool, each net place pick (N) pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests, based upon the official order of finish. If there are no winning wagers, the pool shall be refunded;

(4) for a place pick (N) with minor pool and no carryover pool, the major share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the greatest number of place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in a second greatest number of place pick (N) contests, the minor share of the net place pick (N) pool shall be combined with the major share for distribution as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests. If the greatest number of first or second-place finishers selected is one, the major and minor shares shall be combined for distribution as a single price pool. If there are no winning wagers, the pool shall be refunded; or,

(5) for a place pick (N) with minor pool and no carryover pool, the major share of net place pick (N) pool shall be distributed to those who select the first or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in all place pick (N) contests, the entire net place pick (N) pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests. If there are no wagers selecting the first or second-place finisher in a second greatest number of place pick (N) contests, the minor share of the net place pick (N) pool shall be combined with the major share for distribution as a single price pool to those who select the first or second-place finisher in each of the place pick (N) contests. If there are no winning wagers, the pool shall be refunded.

(c) If there is a dead heat for first in any of the place pick (N) contests involving:

(1) contestants representing the same betting interest, the place pick (N) pool shall be distributed as if no dead heat occurred.

(2) contestants representing two or more betting interests, the place pick (N) pool shall be distributed as a single price pool with a winning wager including each betting interest participating in the dead heat.

(d) If there is a dead heat for second in any of the place pick (N) contests involving:

(1) contestants representing the same betting interest, the place pick (N) pool shall be distributed as if no dead heat occurred.

(2) contestants representing two or more betting interests, the place pick (N) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second.

(e) If a betting interest in any of the place pick (N) contests is scratched, the actual favorite, as determined by total amounts wagered in the win pool at the host track for the contest at the close of wagering on the contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. If the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which become winners as a result of the substitution, in addition to the normal winning combination.

(f) the place pick (N) pool shall be canceled and all place pick (N) wagers for the individual performance shall be refunded if:

(1) at least two contests included as part of a place pick 3 are canceled or declared "no contest."

(2) at least three contests included as part of a place pick 4, place pick 5 or place pick 6 are canceled or declared "no contest."

(3) at least four contests included as part of a place pick 7, place pick 8 or place pick 9 are canceled or declared "no contest."

(4) at least five contests included as part of a place pick 10 are canceled or declared "no contest."

(g) If at least one contest included as part of a place pick (N) is canceled or declared "no contest," but not more than the number specified in paragraph (f) of this regulation, the net pool shall be distributed as a single price pool to those whose selections finish first or second in the greatest number of place pick (N) contests for the performance. Each distribution shall include the portion ordinarily retained for the place pick (N) carryover pool but not the carryover pool from previous performances.

(h) The place pick (N) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the place pick (N) carryover pool equals or exceeds the designated cap, the place pick (N) carryover shall be frozen until it is won or distributed in accordance with this regulation. After the place pick (N) carryover pool is frozen, 100 percent of the net pool, part of which ordinarily would be added to the place pick (N) carryover pool, shall be distributed to those whose selection finishes first or second in the greatest number of place pick (N) contests for the performance.

(i) A written request for permission to distribute the place pick (N) carryover pool on a specific performance may be submitted to the commission. Each request shall contain a statement of justification for the distribution, the benefit to be derived and the intended date and performance for the distribution.

(j) If the place pick (N) carryover pool is designated for distribution on a specified date and performance in which there are no wagers selecting the first or

second-place finisher in each of the place pick (N) contests, the entire pool shall be distributed as a single price pool to those whose selection finishes first or second in the greatest number of place pick (N) contests. The place pick (N) carryover pool shall be designated for distribution on a specified date and performance in the event of any of the following:

(1) upon written approval from the commission as provided in paragraph (i) of this regulation;

(2) upon written approval from the commission when there is a change in the carryover pool cap, a change from one type of place pick (N) wagering to another or when the place pick (N) is discontinued; or

(3) on the closing performance of the race meeting or split meeting.

(k) If the place pick (N) carryover pool is carried over to the corresponding place pick (N) pool of a subsequent race meeting, the carryover pool shall be deposited in an interest-bearing account approved by the commission. Each place pick (N) carryover pool plus accrued interest then shall be added to the net pick (N) pool on the date and performance designated by the commission.

(l) With the written approval of the commission, the licensee may contribute to the place pick (N) carryover a sum of money up to the amount of any designated cap.

(m) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold or number of live tickets remaining is strictly prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(n) Any organization licensee may suspend previously approved place pick (N) wagering with the prior approval of the commission. Any carryover pool shall be maintained until the suspended place pick (N) wagering is reinstated. Any organization licensee may request approval of a place pick (N) wager or separate wagering pool for specific performances.
