**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted from 9:30 to 10 a.m. Monday, May 3, at the Office of the Securities Commissioner, 618 S. Kansas Ave., second floor, Topeka, to consider the adoption of K.A.R. 81-3-4, 81-5-10 and 81-7-2 and the amendment of K.A.R. 81-3-1, 81-3-3, 81-5-3, 81-5-8, 81-5-9, 81-7-1 and 81-11-11.

The period of 30 days notice constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the commissioner at the address above. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to adoption of the proposed amendments and regulations. Following the hearing, all written and oral comments submitted by interested parties will be considered by the commissioner as a basis for making any changes to the proposed amendments.

Proposed K.A.R. 81-5-10 provides for an exemption from registration for certain interests in oil and gas sold in public auctions. Proposed K.A.R. 81-7-2 adopts specific guidelines from NASAA Statements of Policy for securities registration statements. Proposed 81-3-4 provides for computation of fees for examination of regulated persons, broker-dealers and investment advisers. These fees were previously set by statute; a 1992 amendment stated that fees would instead be set by regulation.

The amendments to K.A.R. 81-3-1 and 81-3-3 update references to documents adopted by reference. The amendment to K.A.R. 81-3-1 also adopts a NASAA Statement of Policy on fraudulent and unethical sales practices and manipulative conduct. The amendments to K.A.R. 81-5-3 and 81-5-8 change the statutory citations to be consistent with the relettering of the exemptions done in the 1992 amendments of the Kansas Securities Act. The amendment to K.A.R. 81-11-11 deletes a provision that was inconsistent with the Kansas Administrative Procedure Act. The amendments to K.A.R. 81-7-1 correct an inaccurate citation and change the financial statement requirements for securities registration applications. The amendments to K.A.R. 81-5-9 clarify the fee portion of the regulation and provide for a \$100.00 fee for name change filings.

There is no determinable economic impact of the amendments and proposed regulations on this agency, other governmental agencies or units, the general public or the persons or businesses regulated by this agency.

Copies of the full text of the proposed amendments and regulations and the economic impact statement may be obtained by writing to the Office of the Securities Commissioner at the address above.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, May 3, in Room 106 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Division of Accounts and Reports.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Summaries of the proposed regulations and of their economic impact follow.

Division of Accounts and Reports

K.A.R. 1-16-2; Official station, expense-related matters.

K.A.R. 1-16-2a, Relocation assistance.

K.A.R. 1-16-2b, Moving expenses.

K.A.R. 1-16-2d, Agreement with transferred employee.

K.A.R. 1-16-2k, Sale of residence, expenses not allowed.

K.A.R. 1-16-2f, (revoked); 1-22-1 (revoked); 1-22-2 (revoked); 1-22-3 (revoked); 1-22-4 (revoked); and 1-22-5 (revoked).

These regulations relate to moving and relocation expenses for employees transferring within the state when their new official station will be more than 25 miles from their old station, and for new employees who are recruited from out-of-state under the provisions of K.S.A. 75-3219. Currently, there are separate regulations for new employees and for in-state transfers. The substantive change made in these regulations is to eliminate some distinctions between these two groups that currently exist by combining them under one set of regulations and revoking the regulations in Article 22 that apply to new employees moving from out-of-state. In addition, a number of amendments have been made to improve the organization and update the language of the remaining regulations.

Currently, the moving expense provisions applicable to employees recruited from out-of-state limit total costs, including otherwise allowable subsistence expenses, to the cost to move 12,000 pounds net weight of household goods and personal effects. Subsistence expenses associated with in-state transfers are not subject to that cost limitation on subsistence expenses. Moreover, subsistence expenses related to in-state transfers can be extended for 30-day periods, but such

extensions are currently unavailable for employees moving from out-of-state. Therefore under these amendments, state agencies may incur some limited additional costs in situations where the agency has agreed to pay moving expenses for an employee recruited from out-of-state and the employee incurs total reimbursable moving assistance expenses for subsistence in excess of the previous dollar cost limits. However, this occurrence is expected to be infrequent, and payment of moving expenses is subject to agency authorization in all instances. For these reasons, the additional costs are not considered material. There are no anticipated costs to the general public.

These regulations have been proposed for amendment or revocation on a permanent basis. In addition, they are being adopted on a temporary basis prior to the public hearing.

K.A.R. 1-16-22, Subsistence and lodging expenses, students, inmates, prisoners and patients.

This regulation requires that when a state employee is traveling with students, inmates, prisoners or patients on official state business, the employee must present receipts to obtain reimbursement for meals or lodging expenditures made on behalf of the students, inmates, prisoners, or patients. In situations where no receipt can be obtained, such as when purchasing food from vending machines, this provision presents a difficulty for the state employee. For this reason, the regulation is proposed for amendment to permit expenses for students and other such individuals to be reimbursed on the basis of subsistence rates established by regulation. The amendments also eliminate an out-dated reference to an object code and the requirement that such claims appear under the "miscellaneous nonsubsistence expense" column on the travel voucher. This regulation is proposed for amendment on a permanent basis.

K.A.R. 1-18-1a, Mileage rates.

K.A.R. 1-18-1a is proposed for amendment on a permanent basis to increase the mileage rates used in reimbursing state employees for use of privately-owned conveyances on official business. Effective July 1, 1993, the mileage rates would be increased from 26¢ to 28¢ per mile for automobiles, from 11¢ to 12¢ for motorcycles, and from 37¢ to 40¢ for vans equipped for the physically handicapped and for airplanes. The increase in automobile rates is consistent with the federal allowable reimbursement rate established by the Internal Revenue Service and represents an increase of 7.69 percent. The rate changes for other types of vehicles also represent a 7.69 percent increase.

Therefore, it is estimated that the recommended privately-owned conveyance rates would increase annual mileage reimbursements by 7.69 percent, if the present rate of travel continues. The estimated economic impact on Kansas state agencies is \$492,300 for fiscal year 1994 (\$182,200 from state general fund; \$310,100 from all other funds). The proposed increase would also have an indeterminable economic impact on those other governmental units in the state of Kansas that do not elect to establish their own mileage rate and

(continued)

conform to the state reimbursement rates. No economic impact on the general public is anticipated.

K.A.R. 1-21-1, Definitions.

K.A.R. 1-21-2, Participation.

K.A.R. 1-21-3 (revoked).

K.A.R. 1-21-4, Limitations.

K.A.R. 1-21-5 (revoked); 1-21-6 (revoked); 1-21-7; 1-21-8 (revoked); 1-21-9 (revoked); 1-21-10 (revoked); 1-21-11 (revoked).

K.A.R. 1-21-12, Adoption by reference.

These regulations provide for the United States Savings Bond payroll deduction program. The primary substantive changes to these regulations are the elimination of references to "Series E" savings bonds, which are no longer available; the recognition of two new denominations of bonds that are now being offered (\$200 and \$500 bonds); and a provision permitting the funds in inactive accounts to be transferred to the State Treasurer as unclaimed property. In addition, several regulations are reorganized or combined and the language updated. No economic impact on the Department of Administration, other state agencies, state employees or the general public is anticipated. These regulations will be amended on a permanent basis.

K.A.R. 1-28-1 (revoked); 1-28-2 (revoked).

These regulations, which relate to political subdivisions' Social Security payments, are being revoked on a permanent basis because Social Security contribution payments are no longer made through the Division of Accounts and Reports. Beginning in 1987, political subdivisions began depositing their contributions with the IRS, making these regulations unnecessary. There is no economic impact on local political subdivisions, state agencies or the general public resulting from revocation of these regulations.

K.A.R. 1-50-2 (revoked). This regulation permits the Division of Accounts and Reports to charge fees to local political subdivisions for accounting services performed by the division on their behalf. As this part of the Municipal Accounting Program was not implemented and local subdivisions either perform the services themselves or contract for them, the regulation is no longer necessary and is proposed for revocation on a permanent basis. There is no economic impact on local political subdivisions, state agencies or the general public resulting from revocation of these regulations.

K.A.R. 2-3-3 (revoked). This regulation also relates to the Municipal Accounting Program. It provides for the director to authorize exceptions to municipal accounting standards, subject to appeal to the municipal accounting board. This board was abolished in 1988, and procedures to grant approval to exceptions have never been implemented. Therefore, this regulation is proposed for revocation on a permanent basis. There is no economic impact on local political subdivisions, state agencies or the general public resulting from revocation of these regulations.

Copies of these regulations and of the associated economic impact statements can be obtained from the

Division of Accounts and Reports, Room 355-S, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-2311.

The 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the board's Topeka office, 700 S.W. Jackson, Suite 400, Topeka 66603-3757. All interested parties will be given a reasonable opportunity to present their views orally in the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes. During the hearing, all written and oral comments submitted by interested parties will be considered by the board

as a basis for approving, amending or rejecting the proposed regulations.

Copies of the regulations and economic impact statement may be obtained from the board's Topeka office, (913) 296-2359.

The following is a brief summary of the regulations proposed for amendment:

K.A.R. 20-1-1 defines mental health counseling, primary victim and secondary victim, as well as setting caps on grief therapy (\$500 per individual, but no more than \$1500 per death).

There will be fiscal impact of approximately \$25,000 to mental health providers; there will be no fiscal impact to claimants. It will save \$25,000 to the Crime Victims Fund immediately, and will keep the demand for money from the fund within the amounts available. Without such containment, the fund will soon be insufficient to pay the claims awarded.

K.A.R. 20-2-3 establishes maximum dollar amounts for counseling, both in-patient and out-patient. Maximum cap for out-patient therapy is \$2,500, and in-patient is for a period of 10 days or a cap of \$7,500, whichever is less. Counseling rates in a non-medical setting for individual and family therapy are set at \$60 per hour; group therapy is set at \$40 per hour.

There will be fiscal impact to providers of approximately \$125,000. To the Crime Victims Compensation Fund, the amendment will save approximately \$125,000 and will keep the demand for money from the fund within the amounts available. Without such containment, the fund will soon be insufficient to pay the claims awarded.

K.A.R. 20-2-6 defines factors which may be considered by the board in determining the existence of good cause for not properly reporting criminally injurious conduct or death to a law enforcement officer within 72 hours after its occurrence.

There will be no fiscal impact resulting from this regulation.

K.A.R. 20-2-7 defines cooperation with appropriate law enforcement agencies, and circumstances upon which compensation may be denied, withdrawn or reduced if claimant or victim does not fully cooperate.

There will be no fiscal impact resulting from this regulation.

K.A.R. 20-2-8 defines acts or behavior which may signify reduction in an award for compensation due to contributory misconduct.

There will be no fiscal impact resulting from this regulation.

K.A.R. 20-2-9 defines reasonable expenses for medical care, stating the provider must be properly registered or licensed by the appropriate licensing entity, and sets forth other allowable expenses to be considered.

There will be no fiscal impact resulting from this regulation.

**Department of Revenue
Division of Taxation****Public Notice**

The Kansas Department of Revenue has reviewed its policy regarding the application of the Kansas retailers' sales tax to the Kansas cigarette excise tax.

K.S.A. 79-3310 levies a tax "upon all cigarettes sold, distributed or given away within the state of Kansas. . . . Such tax shall be paid by the wholesale dealer first receiving the cigarettes as herein provided."

K.S.A. 79-3603(a) imposes a sales tax "upon the gross receipts received from the sale of tangible personal property at retail within this state." A sale at retail is a sale to the final user or consumer.

The legal incidence of the cigarette excise tax falls upon the cigarette wholesaler. Wholesalers must report and remit the tax to the Kansas Department of Revenue. Wholesalers may recoup the tax by raising the selling price of cigarettes to retailers or by stating the tax as a separate line item in their billings to retailers.

The legal incidence of the Kansas sales tax falls upon the consumer. Cigarette retailers must collect sales tax on the gross receipts received from the sale of cigarettes. A cigarette retailer's taxable gross receipts include the total selling price charged to consumers to cover the retailer's cost of cigarettes, including the cigarette excise tax billed or passed on to them by the wholesaler. Retailers may not exclude or "back out" from their taxable gross receipts any amounts attributable to the previously imposed wholesaler's cigarette excise tax.

This notice rescinds the department's previous notice dated April 1, 1992. Kansas retailers' sales tax shall be imposed on the Kansas cigarette excise tax upon publication of this notice in the Kansas Register.

Questions concerning this notice may be directed to the Kansas Department of Revenue, Taxpayer Assistance Bureau, Docking State Office Building, Topeka 66625, (913) 296-0222.

Article 29.—SOLID WASTE MANAGEMENT

28-29-84. Permit renewal; solid waste permit fees. (a) General provisions. Each permit issued by the department for any solid waste disposal facility or area, processing facility, incinerator, transfer station, composting plant or area and reclamation facility may be renewed on or before the anniversary date of the permit each year in the following manner.

28-29-85. State solid waste tonnage fees. (a) General provisions. The operator of each solid waste disposal area in Kansas shall pay to the department a tonnage fee for each ton or equivalent volume of solid waste received and disposed of at the facility during the preceding reporting period. The fee shall be paid each reporting period until the facility no longer receives waste and begins departmentally approved closure activities. Municipal solid waste disposal areas receiving 50,000 tons or more of solid waste annually shall file the reports required by paragraph (b) and pay their tonnage fee monthly, on or before the 15th of the following month. Municipal solid waste disposal areas receiving less than 50,000 tons of solid waste annually, and all other solid waste disposal areas shall file reports and pay their tonnage fee quarterly, on or before the fifteenth day of April, July, October and January.

(b) Certification and late fees. The operator of each solid waste disposal area shall certify, on a form provided by the department, the amount, source and type of solid waste received, processed, recycled, and disposed of during the preceding reporting period. Any operator failing to remit the appropriate tonnage fee and submit the report within 15 days after each reporting period shall pay a late processing fee of one and one-half percent per month on the unpaid balance from the date the fee was due until paid.

(c) Determination of waste tonnages.

(1) Operator estimates. The operator of each municipal solid waste disposal area that receives 50,000 tons or more of solid waste annually shall use actual weight records. The operator of each municipal solid waste disposal area that receives less than 50,000 tons of solid waste annually shall, subject to department approval, use one of the following methods for determining the number of tons of waste disposed of at the solid waste disposal area.

(A) The operator may use actual weight records.

(B) The operator may use actual volume records based upon direct aerial and field survey techniques, using the conversion factor of 1,000 pounds per cubic yard less a department approved deduction for cover material.

(C) Actual volume records based upon daily logs which record the source, type and measurement or estimate of each load using the conversion factors as specified in (d).

(D) The operator of a landfill serving one county or an identifiable population of less than 20,000 may use a per capita waste generation rate charge equivalent of .8 ton per person per year. This generation rate may only be used during calendar year 1993. This method may be used after December 31, 1993, only with specific departmental approval.

(2) Other disposal site estimates. All other solid waste disposal sites shall, subject to departmental approval, use the method provided in paragraph (c)(1)(A), (c)(1)(B) or (c)(1)(C) of this regulation.

(3) Departmental estimates. The department may estimate the number of tons received at a solid waste disposal area. The estimate may be based upon the number of tons received and reported for the previous reporting period, or any other recognized method.

(d) Payment calculation. The solid waste tonnage fee of \$1.50 per ton shall be calculated on department forms. If volume records are used, the following volume to weight factors shall be used to calculate tonnage unless the operator demonstrates to the department that a different conversion factor is appropriate.

Municipal solid waste (as delivered)	
Residential/commercial	
loose	325 pounds/cubic yard
compacted	650 pounds/cubic yard
Industrial	
general	330 pounds/cubic yard
liquids/sludges	8.3 pounds/gallon
Construction demolition	1,250 pounds/cubic yard

(e) Exemptions. The state solid waste tonnage fee shall not apply to non-hazardous waste that is received at a solid waste disposal area, and recycled, reclaimed or reused. Such items include scrap and composted wastes. (Authorized by K.S.A. 65-3406; as amended by L. 1992, Ch. 316, sec. 4; implementing L. 1992, Ch. 316, new sec. 9; effective, T-28-3-15-93, March 15, 1993; effective May 17, 1993.)

Banks and Banking; Trust Companies—Banking Code; Deposit of Public Moneys—Lockbox Services. Gerald Cooley, Lawrence City Attorney, Lawrence, February 26, 1993.

A city can contract with a financial institution providing lockbox services without complying with K.S.A. 9-1401 *et seq.* because collection and processing of receipts for city services by such an institution does not constitute a deposit of public funds. Opinion No. 93-26

Courts—District Courts; Judicial Reapportionment Act (1968)—Residence Requirements of Judges of the District Courts. Kerwin Spencer, Sumner County Attorney, Wellington, February 26, 1993.

Unlike the provisions regarding the 20th judicial district, the provisions establishing the 30th judicial district did not expressly provide that the judges were to be residents of a particular county, nor was the 30th judicial district subject to a statutory requirement that divisions be established. Subsection (e) of K.S.A. 20-364 is not applicable to the additional district judge positions created in the 30th judicial district upon the abolition of the associate district judge position. As the legislature has not expressly placed a residence requirement on persons who are appointed to serve as district judges in the 30th judicial district, such persons are subject to subsection (a) of K.S.A. 20-331, and are not required to be residents of the county in which the district judge positions are located at the time of nomination, election, or selection. However, such persons must establish residence in the counties in which the district judge positions are located before taking the oath of office. Constitution of the State of Kansas—Judicial—Judicial Power; Seals; Rules; Unauthorized Practice of Law.

Schools—Organization, Powers and Finances of Boards of Education—Boards of Education; General Powers; Legal Services. Fred W. Rausch, Jr., Attorney for Unified School District No. 343, Topeka, February 26, 1993.

Judging from the facts provided, B.C. Christopher, a financial advisor, has not held itself out as an expert in the area of law and will give no advice regarding the legal rights or obligations of the school district; therefore, it is not engaged in the unauthorized practice of law. The proposal submitted by the financial advisor does not obligate the school district to use the services of the attorney selected by the financial advisor, nor does it prohibit the school district from ap-

pointing legal counsel to provide the services necessary for issuing bonds. The proposal does not result in an impermissible impediment to the on-going relationship between the school district and the district's present legal counsel. Failure by the school district to meet all statutory requirements, regardless of whether the school district follows the advice of legal counsel, may affect the validity of the issuance of bonds by the school district. Cities of Second Class; Government by Mayor and Council and General Laws Applicable to Cities of the Second Class—General Provisions—Member of City Council; Hospital Trustee; Incompatibility of Offices. Kerwin Spencer, Sumner County Attorney, Wellington, February 26, 1993.

It is our opinion that the offices of councilperson for a city of the second class and trustee for the city hospital are incompatible. The common law doctrine of incompatibility of offices precludes a person from concurrently serving in both offices. Public Health—Emergency Medical Services—Establishment, Operation and Maintenance of Emergency Medical Services; Requirement of Public Bid-Letting. Delton N. Gilliland, Osage County Counselor, Lyndon, March 15, 1993.

Cities and Municipalities—Water Pollution Act—Stormwater Utility Fee. Senator August Bogina, 10th District, Shawnee, March 15, 1993.

The city of Topeka may impose its stormwater drainage fee on the youth center, a state-owned and operated facility, because such a fee is not a tax prohibited by the Kansas constitution and K.S.A. 1992 Supp. 79-201a. Schools—Organization, Powers and Finances of Boards of Education—Boards of Education; General Powers; Question Submitted Election; Campaigns. Joseph W. Zima, Counsel for Unified School District No. 501, Topeka, March 15, 1993.

A unified school district is under an obligation to educate the electorate regarding issues pertaining to schools which are to be voted on by the electorate. However, officers of the school district must maintain a semblance of neutrality, and information provided by the school district may not advocate a particular stance on the issue. Donations from private sources do not expand the authority or power of a school district to participate in or undertake campaigns. Officers and staff of the school district may, in their private capacity, advocate a position on an issue subject to election by voters of the school district. Intoxicating Liquors and Beverages—Certain Prohibited Acts and Penalties—Consumption of Alcoholic

(continued)

Liquor Prohibited in Certain Places. Leigh Hood, Ford County Attorney, Dodge City, March 16, 1993.

Within the context of K.S.A. 1992 Supp. 41-719(b)(2), which provides an exception to the prohibition against the consumption of alcoholic liquor on private property, in our opinion the word "guest" means a person to whom a private or personal invitation, as opposed to a public announcement, has been

extended for hospitality or entertainment. In addition, the consumption of alcoholic liquor on public property is prohibited unless excepted pursuant to K.S.A. 1992 Supp. 41-719(c) or exempted as authorized by K.S.A. 1992 Supp. 41-719(c). Cited herein: K.S.A. 1992 Supp. 41-719. CN

SENATE BILL No. 9

AN ACT concerning the state educational institutions and certain students enrolled thereat; establishing the regents supplemental grant program.

Be it enacted by the Legislature of the State of Kansas:

Section 1. As used in this act: (a) "Regents supplemental grant program" means a program under which the state, in recognition that the provision of higher education for all residents of the state who have the desire and ability to obtain such education is an important public purpose and in response to the concern that many residents of the state are deterred by financial considerations from attending the state institutions of higher education, provides assistance to students with financial need through the award of regents supplemental grants.

(b) "Regents supplemental grant" means an award of financial assistance under the regents supplemental grant program to an eligible regents student.

(c) "Financial need" means the difference between a student's available financial resources and the student's total anticipated cost of attendance at a certain state educational institution. A student's financial resources shall be based upon the accepted criteria of a financial need analysis agency selected by the board of regents. Financial need shall be determined at least annually.

(d) "Full-time, in-state student" means a person who is or is considered a resident of Kansas and who is enrolled at a state educational institution in a course of study of at least 12 hours each semester or the equivalent thereof. The board of regents shall determine the number of hours for terms other than semesters to constitute the equivalent of 12 hours.

(e) "Eligible regents student" means a full-time, in-state student who has established financial need and who is initially acceptable for entering a state educational institution or who has so entered and is in good standing and making satisfactory progress toward graduation.

(f) "State educational institution" has the meaning ascribed thereto in K.S.A. 76-711, and amendments thereto.

(g) "Board of regents" means the state board of regents provided for in the constitution of this state and described in article 32 of chapter 74 of Kansas Statutes Annotated.

(h) "Term" means one of two or more divisions of an academic year of a state educational institution in which substantially all courses begin and end at substantially the same time, and during which instruction is regularly given to students.

(i) "Semester" means one of two principal terms, when there are only two principal terms in the academic year, whether or not there are other shorter terms during the same academic year.

Sec. 2. A regents supplemental grant may be awarded to any eligible regents student enrolled at any state educational institution. An eligible regents student may be awarded regents supplemental grants for not more than eight semesters of undergraduate study or the equivalent thereof, except that an eligible regents student may be awarded regents supplemental grants for not more than an additional two semesters of study or the equivalent thereof, when the requirements of the educational program in which the eligible regents student is enrolled include the completion of a fifth year of study. The board of regents shall determine the equivalent of a semester when all or part of the terms for which an eligible regents student is awarded a regents supplemental grant are not semesters.

Sec. 3. (a) The amount of a regents supplemental grant awarded to an eligible regents student for the fall and spring semesters, or the equivalent thereof, shall be the amount of the student's financial need for the period, except that a regents supplemental grant awarded to a student in any year shall not exceed an amount equal to one-half of the average amount of the total tuition and fees required of full-time, in-state students for enrollment at the state educational institutions for two semesters or the equivalent thereof.

(b) When regents supplemental grants are awarded to an eligible regents student for one or more terms that are not semesters, the board of regents shall determine the equivalent of the fall and spring semesters.

Sec. 4. (a) A regents supplemental grant may be paid annually for both the fall and spring semesters, or the equivalent thereof. Payments under any such regents supplemental grant shall be allocated equally between the semesters, when the student plans to attend two semesters in an academic year, and otherwise as specified by the board of regents. Regents supplemental grants shall be paid at the beginning of each semester or other term upon certification by the state educational institution that the student is enrolled and is an eligible regents student. Payments of regents supplemental grants shall be made upon vouchers approved by the administrative officer of the board of regents designated by the board upon warrants of the director of accounts and reports. Payments of regents supplemental grants may be made by the issuance of a single warrant to each state educational institution at which an eligible regents student is enrolled for the total amount of regents supplemental grants for all eligible regents students enrolled at that institution. The director of accounts and reports shall cause such warrant to be delivered to the state educational institution at which such student or students are enrolled. Upon receipt of such warrant, the amount thereof shall be credited to the regents supplemental grant fund of the state educational institution and allocated within the fund to the account of each eligible regents student enrolled at that institution. The amount to be credited to the account of each such student shall be specified by the board of regents.

(b) If a student discontinues attendance before the end of any semester or other term, after the state educational institution has received payment under this section, the institution shall debit the account of the student by an amount equal to the entire amount which such student would otherwise qualify to have refunded, not to exceed the amount credited to the account of the student under the regents supplemental grant program at the beginning of such semester or term and, if the student has received payments under any federal program of student assistance in the semester or other term, less an amount equal to the pro rata share of such entire amount which is attributable to the assistance received by the student under such federal program or programs.

(c) All amounts debited by a state educational institution under subsection (b) shall be reallocated within the regents supplemental

grant fund of the institution to the account of other eligible regents students as specified by the board of regents.

Sec. 5. (a) The board of regents shall administer the regents supplemental grant program and shall:

- (1) Provide information regarding application procedures;
- (2) adopt rules and regulations for determining financial need and cost of attendance at the state educational institutions, selecting financial need analysis agencies, determining the average amount of tuition and fees required of full-time, in-state students for enrollment at the state educational institutions, determining residence, determining priority or apportionment of regents supplemental grants and other matters necessary for administration of the program;
- (3) approve eligible regents students for the award of regents supplemental grants; and
- (4) evaluate the regents supplemental grant program annually, and make a report thereon to the governor and legislature for the period.

(b) Rules and regulations adopted by the board of regents to determine residence for the purpose of the regents supplemental grant program shall be consistent with rules and regulations adopted pursuant to subsection (a) of K.S.A. 76-729, and amendments thereto. Persons meeting any one or more of the qualifications of persons whom the board of regents may authorize to pay an amount equal to resident fees for enrollment at the state educational institutions, as provided in subsection (b) of K.S.A. 76-729, and amendments thereto, shall be considered residents of Kansas.

(c) The board of regents may provide for apportionment of regents supplemental grants if appropriations therefor are insufficient to pay all approved grants.

Sec. 6. Each applicant for a regents supplemental grant; in accordance with the rules and regulations of the board of regents, shall:

(a) Complete and file an application for a regents supplemental grant.

(b) Report promptly to the board of regents and to the state educational institution at which the applicant is enrolled or enrolling any information requested relating to administration of the regents supplemental grant program.

(c) File a new application annually on the basis of which eligibility for renewal of a regents supplemental grant shall be evaluated and determined.

Sec. 7. This act shall take effect and be in force from and after its publication in the Kansas register.

Section 1. K.S.A. 65-2809 is hereby amended to read as follows: 65-2809. (a) The license shall expire on the date established by rules and regulations of the board which may provide renewal throughout the year on a continuing basis. In each case in which a license is renewed for a period of time of less than one year, the board may prorate the amount of the fee established under K.S.A. 65-2852 and amendments thereto. The request for renewal shall be on a form provided by the board and shall be accompanied by the prescribed fee, which shall be paid not later than the expiration date of the license.

(b) Except as otherwise provided in this section, the board shall require every licensee in the active practice of the healing arts within the state to submit evidence of satisfactory completion of a program of continuing education required by the board. The requirements for continuing education for licensees of each branch of the healing arts shall be established by the members of such branch on the board. The board shall adopt rules and regulations prescribing the requirements established by the members of each branch of the healing arts for each program of continuing education as soon as possible after the effective date of this act. In establishing such requirements the members of the branch shall consider any programs

of continuing education currently being offered to such licensees. If, immediately prior to the effective date of this act, any branch of the healing arts is requiring continuing education or annual post-graduate education as a condition to renewal of a license, the requirement as a condition for the renewal of the license shall continue notwithstanding any other provision of this section.

(c) The board, prior to renewal of a license, shall require the licensee, if in the active practice of the healing arts within the state, to submit to the board evidence satisfactory to the board that the licensee is maintaining a policy of professional liability insurance as required by K.S.A. 40-3402 and amendments thereto and has paid the annual premium surcharge as required by K.S.A. 40-3404 and amendments thereto.

(d) At least 30 days before the expiration of a licensee's license, the board shall notify the licensee of the expiration by mail addressed to the licensee's last place of residence as noted upon the office records. If the licensee fails to pay the annual fee by the date of the expiration of the license, the licensee shall be given a second notice that the licensee's license has expired, that the board will suspend action for 30 days following the date of expiration, that upon receipt of the annual fee and an additional fee not to exceed \$500 within the thirty-day period the license shall not be canceled and that, if both fees are not received within the thirty-day period, the license shall be cancelled.

(e) Any licensee who allows the licensee's license to be canceled by failing to renew may be reinstated upon recommendation of the board and upon payment of the renewal fees then due and upon proof of compliance with the continuing educational requirements established by the board.

(f) There is hereby created a designation of exempt license. The board is authorized to issue an exempt license to any licensee who makes written application for such license on a form provided by the board and remits the fee for an exempt license established pursuant to K.S.A. 65-2852 and amendments thereto. The board may issue an exempt license only to a person who has previously been issued a license to practice the healing arts in Kansas, who is no longer regularly engaged in such practice and who does not hold oneself out to the public as being professionally engaged in such practice. An exempt license shall entitle the holder to all privileges attendant to the branch of the healing arts for which such license is issued. Each exempt license may be renewed annually subject to the provisions of this section. Each exempt licensee shall be subject to all provisions of the healing arts act, except as otherwise provided in this subsection (f). The holder of an exempt license shall not be required to submit evidence of satisfactory completion of a program of continuing education required by ~~K.S.A. 65-2809 and amendments thereto~~ *this section*. Each exempt licensee may apply for a license to regularly engage in the practice of the appropriate branch of the healing arts upon filing a written application with the board and submitting evidence of satisfactory completion of applicable continuing education requirements established by the board. The request shall be on a form provided by the board and shall be accompanied by the license fee established pursuant to K.S.A. 65-2852 and amendments thereto. The board shall adopt rules and regulations establishing appropriate continuing education requirements for exempt licensees to become licensed to regularly practice the healing arts within Kansas. Nothing in this subsection (f) shall be construed to prohibit a person holding an exempt license from serving as a coroner or as a paid employee of (1) a local health department as defined by K.S.A. 65-241 and amendments thereto, or (2) an indigent health care clinic as defined by K.S.A. 75-6102 and amendments thereto.
