There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid-approval package will make the bid nonresponsive and not eligible for award consideration.

to the holders of
Labette County, Kansas
Single Family Mortgage Revenue Bonds
(Multiple Originators and Servicers)
1980 Series A**

Notice is hereby given that pursuant to the instructions of Labette County, Kansas, in accordance with the optional redemption provisions of Section 3.01 of the Indenture, dated as of January 1, 1980, as supplemented by the First Supplemental Indenture, dated as of December 1, 1986 between Labette County, Kansas and Security Bank of Kansas City, as Trustee (collectively, the indenture). All of the outstanding bonds of the issue described above (the bonds) shall be redeemed and prepaid on July 1, 1993 (the redemption date) at a redemption price equal to 101.5 percent of the principal amount thereof, plus accrued interest thereon to the redemption date.

This notice of redemption, and the payment of the redemption price of the bonds on the redemption date, are conditioned upon and subject to the receipt by the trustee on or before such redemption date of the proceeds of the issuer's Single Family Mortgage Revenue Refunding Bonds, 1993 series A (the refunding bonds) and amounts on deposits in the funds and accounts

under the indenture sufficient to pay in full the redemption price of all of the bonds specified above. In the event the proceeds of the sale of the refunding bonds are not received by the redemption date, this notice shall be null and void and of no force and effect. The bonds delivered for redemption shall be returned to the respective owners thereof, and said bonds shall remain outstanding as though this notice of redemption had not been given.

On July 1, 1993, provided that funds are on hand as described above to pay the redemption price, all the bonds will be due and payable at the principal office of Security Bank of Kansas City, Corporate Trust Division, Attn: Redemption Desk, One Security Plaza, Kansas City, KS 66101, and on and after July 1, 1993, all interest on the bonds will cease to accrue.

Pursuant to the mandatory redemption provisions of Section 3.01 of the indenture, certain bonds have been irrevocably called for redemption on July 1, 1993 at a price of 100 percent of the principal amount thereof, plus accrued interest to said date, pursuant to a separate notice of redemption dated May 27, 1993, which notice of redemption identifies the specific bond serial numbers subject to said mandatory redemption. The redemption of bonds with bond serial numbers identified in the separate May 27, 1993 notice is not subject to or conditioned upon the receipt of proceeds of the sale of the refunding bonds. Such bonds have been irrevocably called for redemption at a redemption price of 100 percent of the principal amount thereof plus accrued interest to the redemption date as described in said separate May 27, 1993, notice.

Under the provisions of the Interest and Dividend Tax Compliance Act of 1983, paying agents making payments of principal on municipal securities will be obligated to withhold 31 percent of the payment of principal to holders who have failed to provide the paying agent with a valid taxpayer identification number. Holders of the above described securities will avoid such withholding by providing a certified taxpayer identification number on IRS Form W-9 when presenting securities for payment.

Inquiries or requests for additional information should be directed to the principal office of Security Bank of Kansas City, One Security Plaza, Kansas City, KS 66101.

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1994.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond

blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on September 1, 1998, and thereafter will be subject to redemption and payment prior to maturity on September 1, 1997, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter the paying agent and bond registrar will notify the owners of the bonds of the city's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinafter specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by *The Bond Buyer*, successor to *MuniWeek*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form

the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Security for the Bonds

The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income, with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for an environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any por-

tion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds may also be excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about July 7, 1993, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 2 p.m. C.D.T. on June 17, 1993. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 2 p.m. C.D.T. June 17, 1993, a certificate acceptable to the city's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

(continued)

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$10,100 payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bids. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall, at the option of the city, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city. The city reserves the right to pursue any consequential damages as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bond Ratings

The outstanding general obligation bonds of the city are rated "A1" by Moody's Investors Service, and the city has applied for rating on the bonds herein offered for sale.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at city hall and must be received by the undersigned prior to 10 a.m. C.D.T. on June 8, 1993.

Date and Delivery of Preliminary and Final Official Statement

The city has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary

official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will reoffer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the city will provide without cost to the purchaser a reasonable number of printed copies of the final official statement and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds are awarded to a syndicate, the city will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The city will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the mayor and the city clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1992 is \$112,463,152. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$11,693,000, including, as of the date of the bonds, temporary notes outstanding in the principal amount of \$475,000, of which \$475,000 will be retired out of the proceeds of the bonds herein offered for sale.

State of Kansas

**Kansas Commission on
Governmental Standards and Conduct**

Advisory Opinion No. 93-10

Written April 29, 1993, to Mary Holladay, Chief of Staff, Governor's Office.

This opinion is in response to your letter of April 22, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state level conflict of interest law (K.S.A. 46-215 *et seq.*).

Factual Statement

We understand you request this opinion in your capacity as Chief of Staff for the Governor. You advise us that Governor Finney, Mr. Spencer Finney and you have been invited by Dr. Lyshuen Shen, Consul General of Taiwan, to travel to Taiwan during the summer of 1993. The Taiwanese government has offered to pay the airfare and lodging.

The state of Kansas has a long term trade relationship with Taiwan. They have purchased millions of dollars in agricultural products and aircraft from Kansas producers and manufacturers during the last decade. Employees of the Kansas Department of Commerce and Housing will accompany the Governor and arrange meetings for her to pursue additional sales agreements.

We also understand that the Governor has a limited amount of state funds that could be used to pay for the trip.

Question

Is it permissible for the Taiwanese government to pay for expenses of air fare and lodging for the Governor, her spouse and the Chief of Staff, or must the discretionary fund be used?

Opinion

K.S.A. 46-237 is in point. Subsections (a)(c) and (g) state as follows:

(a) No state officer or employee or candidate for state office shall accept, or agree to accept any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year from any one person known to have a special interest, under circumstances where such person knows or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties.

(c) No person licensed, inspected or regulated by a state agency shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year to such agency or any state officer or employee of that agency.

(g) The provisions of this section shall not be applicable to or prohibit the acceptance of gifts

from governmental agencies of foreign nations except that any gift accepted from such foreign governmental agency, having an aggregate value of \$100 or more, shall be accepted on behalf of the state of Kansas.

We first note that in our view the term "gift" as used in subsection (g) does not include travel expenses and accommodations.

We, therefore, turn to the application of subsection (a). This commission has consistently held that this section does not apply to situations where the state would pay for travel and accommodations, because nothing inures to the benefit of the state officer. Thus, since the Governor's office has a fund which could pay for the trip, this section does not prohibit the situation you have described.

In closing, we note that a different outcome would be reached in relationship to state agencies which license, regulate or inspect the donor.

Advisory Opinion No. 93-11

Written April 29, 1993, to Tom Swan, Mound City.

This opinion is in response to your letter of April 16, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct. We note at the outset that the commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.* to your question. Thus, whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

As a wildlife biologist for the Kansas Department of Wildlife and Parks, part of your responsibilities is to work with private landowners to develop or enhance wildlife habitat on their lands. Because of a large number of landowners in your district and many other work assignments, the amount of time devoted to these landowners usually is limited to an initial review of the land with some verbal and written recommendations. You provide a small amount of direct assistance in the form of loaning a native grass drill, root plows or giving away some grass seed, food plot seed or a few trees and shrubs.

Through the years you have encountered many landowners who seem to be at a loss as to how to deal with tenant farmers, federal farm programs and the nuances of wildlife habitat development. Even with written advice, they have difficulty putting a plan in motion.

The state of Missouri offers similar services. You suspect that there are landowners in Missouri who also need wildlife management services which will lead to implementation of a plan. Things such as lining up farm work (seed bed preparation, buying seed, planting etc.), range management, tree/shrub planting, brushpile building, and go-between for the landowner with federal and state services would all be possibilities.

Your proximity to Missouri (10 miles) makes you feel that you could take on several clients and provide

(continued)

some of the more detailed services described above. Since client's land will be in Missouri, you feel there would be no conflict of interest. On the rare occasion that you would encounter someone with whom you work in Kansas on your state job who also owns Missouri land, you would have to disqualify yourself from doing any work for payment on his/her Missouri lands.

Question

You ask whether you may provide wildlife management services on a consulting basis to Missouri residents who have no land holdings in Kansas and over whom you have no official duties.

Opinion

We have reviewed the laws within our jurisdiction and find no prohibitions on the situation you have described.

Advisory Opinion No. 93-12

Written April 29, 1993, to Dean Garwood, Entomologist, Topeka.

This opinion is in response to your letter of March 12, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct. We note at the outset that the commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.* to your question. Thus, whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

You advise us that you retired from the State Board of Agriculture June 1, 1988. Since retirement you have gradually built a pest management consulting practice serving both government and private clients. Your practice has now reached the point where you can no longer personally handle the volume of work involved. You are therefore looking for competent entomologists to whom you can refer the work that you cannot handle.

Four entomologists that you are interested in bringing in as associates are currently employed in the State Board of Agriculture, Plant Health Division. They are directly involved in enforcement of the laws under which pesticide applicators are certified and licensed. They are not authorized to perform pest management consultation services while employed by the state.

In addition, you state that pest management consultants are not regulated in any way by the Kansas State Board of Agriculture or any other state agency.

Question

What restrictions would be placed upon an entomologist currently employed by the Kansas State Board of Agriculture, Plant Health Division as an Ecological Specialist who leaves state employment to enter private practice as a pest management consultant?

Opinion

The only section of the above laws which places restrictions on past state employment activities is K.S.A. 46-233(a). That subsection states:

No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee or any member of such officer's or employee's immediate family has a substantial interest and no such person or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to, has been substantially involved in the preparation of or is a participant in the making of such contract and is employed by such person or business or such officer or employee or any member of such officer's or employee's immediate family has a substantial interest in such person or business.

Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee.

From a review of this section, it is our opinion so long as the prospective employees have not participated in their capacities as state officers or employees in the making of a contract with your business for the two years prior to accepting employment with you, that they may accept such employment.

If any of the prospective employees have been involved in any manner in any contract between your business and the state, please advise us of the factual situation and request an additional opinion.

Advisory Opinion No. 93-13

Written April 29, 1993, to Cindy M. Wempe, Spring Hill.

This opinion is in response to your letter of March 31, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the local conflict of interest law (K.S.A. 75-4301 *et seq.*). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.* Thus, whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

You are currently running for a city council position for Spring Hill, Kansas. Your husband works for the Public Works Department in Spring Hill.

Question

If elected at the April 6th election, you would like to know how this situation would or will affect your voting power.

Opinion

We have reviewed K.S.A. 75-4301 *et seq.* in its entirety and first note that for a prohibition to apply, it must concern a "business" or "person" in which you

hold a substantial interest. It is our opinion under that law since "business" or "person" is not defined to include governmental subdivisions or agencies, that your husband's employment with the Public Works Department does not create any prohibitions on your ability to vote on all issues including those related to his employment.

In closing, we note a different outcome would be reached under the law applicable to state officers and employees.

Advisory Opinion No. 93-14

Written April 29, 1993, to The Honorable Sherman Jones, Senator, 4th District, Kansas City.

This opinion is in response to your letter of March 15, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct. We understand you request this opinion in your capacity as a State Senator.

Factual Statement

You advise that you organized a golf tournament in Kansas City in 1992 to raise funds for your senatorial campaign. You would like to continue holding such a tournament as a yearly event, with the proceeds going to charitable organizations located within your senatorial district. Your plan would be to open an account which would be maintained separately from your campaign account, with the proceeds of the tournament being deposited in the new account and then paid out of that account to charitable organizations.

Question

Is it permissible for a state elected official to sponsor a golf tournament and solicit participation therein when the proceeds will go to a charitable organization? If so, what reporting requirements would there be?

Opinion

K.S.A. 46-236 relates to solicitations by state officers and employees. That section states:

No state officer or employee or candidate for state office shall solicit any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service from any person known to have a special interest under circumstances where such officer, employee or candidate knows or should know that a major purpose of the donor in granting the same could be to influence the performance of the official duties or prospective official duties of such officer, employee or candidate.

Except when a particular course of official action is to be followed as a condition thereon, this section shall not apply to (1) any contribution reported in compliance with the campaign finance act; (2) a commercially reasonable loan or other commercial transaction in the ordinary course of business; or (3) any solicitation for the benefit of any charitable organization which is required to file a registration statement with the secretary of state pursuant to K.S.A. 17-1740 or which is exempted from filing such statement pursuant to K.S.A. 17-1741 or for the benefit of any educational institution or such institution's endowment

association, if such association has qualified as a nonprofit organization under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1954, as amended.

From a review of this section, it is our opinion so long as any donation to the golf tournament is not conditional on a course of particular official action by you and the charitable organization meets the requirement of this section, that the situation you have described is permissible.

On the second issue concerning reporting requirements, we have reviewed both the conflict of interest laws, K.S.A. 46-215 *et seq.*, and the campaign finance act, K.S.A. 25-4101 *et seq.* Neither law requires any reporting so long as all proceeds are turned over to charitable organizations. We would suggest that you review laws outside our jurisdiction dealing with charitable solicitations and reporting requirements of those laws, if any.

Advisory Opinion No. 93-15

Written April 29, 1993, to Thomas J. Burgardt, Calihan, Brown, Burgardt & Wurst, Garden City.

This opinion is in response to your letter of April 14, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the local conflict of interest law (K.S.A. 75-4301 *et seq.*). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.* Thus, whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as attorney for the Board of County Commissioners of Finney County, Kansas. You advise us that a member of the Board of County Commissioners of Finney County, Kansas, namely Gary Dick, the owner of Dick Construction, entered a bid for an addition proposed by the Finney County Historical Museum. The Finney County Historical Society advertised for bids and submitted plans and specifications to all persons interested in bidding the project. Six various companies, one of which was Dick Construction of Garden City, Kansas, submitted bids on the project, but Dick Construction was the lowest bid and was awarded the contract.

Question

May a county commissioner contract with the county or an agency thereof in his capacity as a private businessman?

Opinion

K.S.A. 75-4304 (1992 Supp.) is the only section of law under our jurisdiction which applies to your question. That section states:

(a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a

(continued)

contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

(b) No person or business shall enter into any contract where any local governmental officer or employee, acting in that capacity, is a signatory to or a participant in the making of the contract and is employed by or has a substantial interest in the person or business.

(c) A local governmental officer or employee does not make or participate in the making of a contract if the officer or employee abstains from any action in regard to the contract.

(d) This section shall not apply to the following:

(1) Contracts let after competitive bidding has been advertised for by published notice; and . . .

From a review of this section, it is our opinion, if the commissioner abstained from all action in regard to the contract in his capacity as a public official, that his private business may contract with the county or any agency thereof.

In addition, under K.S.A. 75-4304(d)(1), he could have participated as a public official in the making of the contract with his private business, so long as the contract was let after competitive bidding was duly published.

Advisory Opinion No. 93-16

Written April 29, 1993, to Roger L. Brazier, Jr., Staff Attorney, Department of Administration, Legal Division, Topeka.

This opinion is in response to your letter of March 30, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state level conflict of interest law (K.S.A. 46-215 *et seq.*). Thus, whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as staff attorney for the Department of Administration and on behalf of the agency personnel involved.

You advise us that a supervisor in the agency is responsible for supervision of a small unit of individuals, including the supervisor's maternal aunt. The supervisor's aunt has a job title of Bookkeeper I.

Because of work requirements of a new program that began within the supervisor's unit in July 1992, the supervisor called a staff meeting and requested that a volunteer undertake new job duties required to implement the initiative. Any of three individuals, all occupying the position of Bookkeeper I, could have undertaken the new responsibilities, but it was the supervisor's aunt who volunteered. As the new program developed, the supervisor came to realize that the work duties and responsibilities of that job had progressed beyond those specified for Bookkeeper I, thus the employee was working out of her class. Ac-

cordingly, in late 1992, the supervisor assisted in writing the employee's position description for a reallocation review. This resulted in a reallocation promotion of the employee from Bookkeeper I to Accountant I.

But for the employee taking on the new duties, the reallocation promotion would not have occurred. The acceptance of new duties occurred prior to the effective date of K.A.R. 19-40-4 which, in subparagraph (b)(1)(E), defines a "family member" to include an "aunt." This regulation implements K.S.A. 46-246(a), as amended, which prohibits an officer or employee of the state to "advocate or cause the . . . promotion . . . or advancement to any office or position of the state . . . a family member (of such officer or employee)." Prior to adoption of K.A.R. 19-40-4, the term "family member" as used in the statute was not defined.

Question

You ask whether there has been a violation of the State Governmental Ethics Act, in particular K.S.A. 1992 Supp. 46-246a(a), inasmuch as the new duties directly resulted in the reallocation promotion, and in light of the fact that such duties were assumed by the employee prior to the effective date of K.A.R. 19-40-4.

Opinion

Based on the specific factual situation described to us, it appears under the intent requirement of K.S.A. 46-277 that the described conduct would not be actionable by complaint before this commission or by criminal complaint.

Advisory Opinion No. 93-17

Written April 29, 1993, to Michael G. Coash, City Attorney, El Dorado.

This opinion is in response to your letter of April 16, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the local conflict of interest laws (K.S.A. 75-4301 *et seq.*).

We note at the outset that this commission's jurisdiction is limited in this case to the application of K.S.A. 75-4301 *et seq.* Thus, whether some other statutory system or common law concept applies to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as city attorney for El Dorado, Kansas. You advise us that a number of downtown business owners are in the process of preparing to circulate a petition pursuant to Article 6a of Chapter 12 of K.S.A. to create a benefit district for improving the downtown atmosphere (sidewalks, signs, awnings, trees, etc.). You potentially have one or more commissioners who own real estate individually or with others that would be included within the benefit district.

Questions

You ask the following questions:

1. May a city commissioner in his or her capacity as a private businessperson sign the petition requesting the improvements be made?

2. Assuming there is a sufficient majority of area owners to present the petition to the city commission, could a commissioner with holdings in the area involved vote on the sufficiency of the petition pursuant to K.S.A. 12-6a04?

We have insufficient facts to give you an unqualified answer to question 3. It is our opinion that the commissioner could vote on ordinances and resolutions which are legislative actions and not contracts. However, there may be some actions required by the city which would constitute a contract between the city and a business in which a commissioner holds a substantial interest. In these actions, the commissioner cannot vote.

In closing, note that under K.S.A. 75-4305, if a commissioner has not filed a disclosure statement concerning a particular interest, he or she should do so before an official action, even on approval of the petition.

State of Kansas

The Kansas Lottery

Temporary Administrative Regulations

Article 4.—INDIVIDUAL GAME RULES

RULES FOR INSTANT GAME NO. 58
"WAGONS WEST"

111-4-489. Name of game. The Kansas Lottery shall conduct an instant winner lottery game entitled "Wagons West" commencing on or after May 19, 1993. The specific rules for the "Wagons West" game are contained in K.A.R. 111-3-1 *et seq.* and 111-4-489 through 111-4-492. (Authorized by and implementing K.S.A. 74-8710; effective, T-111-5-19-93, May 17, 1993.)

111-4-490. Definitions. The following definitions shall apply to the "Wagons West" instant lottery game:

(a) "Game symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the game symbols are printed in black ink in WGI Symbol Font 15 with matching captions in WGI Cap Font. A game symbol appears in each of six play spots within the play area. Each game symbol for this instant game is one of the following: \$1.⁰⁰ - \$5.⁰⁰ - 25.⁰⁰ - \$2500 - \$5000 - image of wagon wheel.

(b) "Game symbol captions" are the words or portions of words, letters or numbers printed beneath each game symbol in the play area and are used to repeat or explain the game symbol. The game symbol caption associated with each game symbol is as follows:

Game Symbol	Game Symbol Caption
\$1. ⁰⁰	ONES
\$5. ⁰⁰	FIVES
25. ⁰⁰	TWEN-FIV

\$2500	25-HUN
\$5000	FIVETHOU
Image of a wagon wheel	DOUBLER

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is a 10-digit number which appears below the game symbols under the removable covering in the play area on the front of each instant ticket.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing in two of six varying locations among the game symbols. The codes and their meanings are as follows: CC = \$1.00; DD = \$2.00; KK = \$5.00; BB = \$10.00; RR = \$25.00. (Authorized by and implementing K.S.A. 74-8710; effective, T-111-5-19-93, May 17, 1993.)

111-4-491. Determination of instant prize winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal the six game symbols and captions. This is a match three (3) of six (6) game which includes a doubler. If three (3) of the six (6) concealed prize amounts match, the player wins the amount shown. If two (2) of the six (6) concealed prize amounts match and a doubler symbol is found, the player wins double the prize amount. No ticket will be eligible to win more than one prize. Prizes a player may win are as follows:

Get	Win
3 - \$ 1.00	One Dollar
2 - \$ 1.00 + Doubler	Two Dollars
3 - \$ 5.00	Five Dollars
2 - \$ 5.00 + Doubler	Ten Dollars
3 - \$ 25.00	Twenty-five Dollars
2 - \$ 25.00 + Doubler	Fifty Dollars
3 - \$2500.00	Two Thousand Five Hundred Dollars
2 - \$2500.00 + Doubler	Five Thousand Dollars
3 - \$5000.00	Five Thousand Dollars

State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Thursday, July 15, in the Conservation Division hearing room, third floor, 200 Colorado Derby Building, 202 W. 1st, Wichita, to consider the adoption of proposed permanent regulations for the conservation of crude oil and natural gas.

The 30-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. Comments may be submitted to John McCannon, Assistant General Counsel, State Corporation Commission, 200 Colorado Derby Building, 202 W. 1st, Wichita 67202.

Copies of the proposed regulations and the economic impact statements may be obtained at the Wichita address. Persons requesting a copy of the proposed regulations and economic impact statements, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction. All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations.

All written or oral comments submitted by interested parties on or before July 15 will be considered by the

commission as a basis for making changes to these proposed permanent regulations.

The following is a brief summary of the proposed regulations and economic impact statements.

K.A.R. 82-3-101. These amendments add definitions for "artesian pressure," "course ground bentonite," "confining layer," "core hole," "exploratory hole," and "seismic shot hole" in order to clarify new and amended rules and regulations pertaining to seismic operations.

Economic Impact: The new definitions will have no economic impact. These definitions were added in conjunction with other proposed amendments and new regulations, and any economic impact will be discussed in the economic impact statements associated with those particular regulations.

K.A.R. 82-3-103. This amendment adds "stratigraphic or core holes" to the regulation. These holes will now require the filing and approval of a notice of intent to drill before the well is commenced. The amendment also imposes a penalty of not less than \$250 or more than \$1000 for failure to notify the district prior to spudding a well.

Economic Impact: There is no significant economic impact associated with the implementation of this amendment for either the agency or industry.

K.A.R. 82-3-115. This amendment deletes the reference to "seismic." The deleted language has been more appropriately located in a new regulation covering plugging methods and procedure for seismic holes. This amendment also refers an operator to the requirements of K.A.R. 82-3-113 regarding notification of the plugging of each core and stratigraphic hole. In addition, this amendment revises the methods and procedure for the plugging of core and other stratigraphic holes and adds the use of coarse ground bentonite as a plugging agent.

Economic Impact: The use of coarse ground bentonite as a plugging agent will increase the cost of plugging, as there is essentially no material cost at present. The additional cost will be about \$9 per bag of course ground bentonite with the average use of four bags per hole. In some cases, it will be necessary to drill out the hole prior to plugging. In this case, the additional cost will be about \$100 per hole. The minimum increased cost per hole will be \$25 and the maximum \$200 per hole. The agency's increased cost will be for testing a limited number of holes and processing additional paperwork.

K.A.R. 82-3-115a. This new regulation sets out the requirements for giving written notice of intention to drill seismic shot holes to the conservation division. No drilling shall commence before the conservation division has approved the notice of intention to drill. The regulation provides a \$1000 penalty for violations.

Economic Impact: There is no significant economic impact associated with the implementation of this amendment.

K.A.R. 82-3-115b. This new regulation sets out the methods and procedures for plugging seismic shot holes, as well as penalties for failure to comply with the provisions of K.A.R. 82-3-115a and K.A.R. 82-3-115b, and the fees for the plugging of seismic holes.

Economic Impact: The use of coarse ground bentonite as a plugging agent will increase the cost of plug-

ging seismic shot holes, as there is essentially no material cost at present. The additional cost will be about \$9 per bag with the average use of four bags per hole. In some cases, it will be necessary to drill out the hole prior to plugging. In this case, the additional cost will be about \$100 per hole. The minimum increased cost per hole will be \$25 and the maximum \$200 per hole. The agency's increased cost will be for drill testing a limited number of holes and processing the paperwork.

K.A.R. 82-3-116. The amendment removes seismic holes from this regulation. The plugging report to be filed for seismic holes is now contained in new regulation K.A.R. 82-3-115b. The regulation was reworded for clarity.

Economic Impact: There will be no economic impact on either agency or industry.

K.A.R. 82-3-120. The amendment makes operators or contractors that drill any well for exploratory purposes subject to licensing requirements of the regulation. The amendment also reduces the license fee from \$100 to \$25 for those persons who operate one gas well which is used strictly for the purpose of heating a residence.

Economic Impact: Making operators or contractors who drill exploratory wells subject to licensing will increase their cost \$100 per year plus \$25 per rig. This is the cost of the initial license fee and yearly renewal fee. Operators with one gas well used only for residential purposes will have a reduction in their license fee from \$100 to \$25. There will be no economic impact to the agency.

K.A.R. 82-3-206. The amendment increases the oil conservation assessment from 13.5 mills to 16.5 mills on each barrel of crude oil or petroleum marketed or used each month.

Economic Impact: The increase in the oil conservation assessment will increase costs to industry. Taken on a per well basis the oil assessment on a well producing 30 barrels of oil per day would increase \$3.72 per month. This increase along with the proposed increase in the gas conservation assessment will, based on projected production levels, raise an additional \$742,894.52 in fiscal year 1994. The increase is necessary to fund projects of benefit to industry and to fully implement new federally mandated programs.

K.A.R. 82-3-307. The amendment increases the gas conservation assessment from 4.3 mills to 5.0 mills per 1,000 cubic feet of gas sold or marketed each month.

Economic Impact: The increase in the gas conservation assessment will increase costs to industry. Taken on a per well basis the gas assessment on a well producing 4000 mcf/d would increase \$2.80 a month. This increase along with the proposed increase in the oil conservation assessment will, based on projected production levels, raise an additional \$742,894.52 in fiscal year 1994. The increase is necessary to fund projects of benefit to industry and to fully implement new federally mandated programs.

K.A.R. 82-3-607. This new regulation assesses the following fees when filing surface pond applications:

1. Emergency and treatment pits—\$100.
2. Off-site reserve pits—\$100.
3. Working and on-site reserve pits for wells with total depth of more than 1000 feet—\$50.

4. Working and on-site reserve pits for wells with total depth of not more than 1000 feet—\$10.

Economic Impact: Based on current projections, these assessments will raise costs to industry \$165,000 while raising a like amount of revenue for the agency. The increased revenue will be used to off-set the increased costs to the agency of implementing the surface pond program.

(d) On and after the date of the employee's transfer or original appointment, subsistence expenses of the employee may be paid for a period of 30 days while the employee is occupying temporary quarters and trying to locate or waiting to enter a permanent residence. (b) If the employee violates the agreement, the money spent by the agency for the moving expenses and relocation expenses shall be recoverable from the employee as a debt to the state. (Authorized by and implementing K.S.A. 75-3207, 75-3219 and 75-3224; effective May 1, 1979; amended, T-1-4-26-93, April 26, 1993; amended July 12, 1993.)

(Authorized by and implementing K.S.A. 75-3207, 75-3219 and 75-3224; effective May 1, 1979; amended, T-1-4-26-93, April 26, 1993; amended July 12, 1993.)

Opinion No. 93-67

Constitution of the United States—Amendments to the Constitution of the United States—Freedom of Religion, Speech and Press; Schools; Baccalaureate; Prayer at Graduation Ceremonies. Senator Don Sallee, First District, Troy, May 17, 1993.

Inclusion of a prayer or invocation at school-sponsored graduation ceremonies results in a violation of the establishment clause despite the fact that students may have affirmatively voted to include the prayer or invocation in the graduation ceremonies. Although it may fly in the face of tradition for a school district to cease conducting graduation ceremonies, it would appear that non-school sponsorship would be required before a prayer or invocation may be included. Under such circumstances, any graduation ceremonies would be conducted by a private group or organization independent of the school district and the ability of school officials to supervise or participate in the graduation ceremonies would be minimized. Because the graduation ceremonies would be conducted by a private group or organization, no state action would be involved. The establishment clause would be inapplicable under such circumstances.
