It is the opinion of this office that a Kansas bank can provide custodial service when the securities will be held in the Kansas bank's correspondent safekeeping account at an out-of-state bank. However, the board may not approve an out-of-state affiliate bank as the custodial bank pursuant to K.S.A. 75-4218(b)(2). The board can accept safekeeping receipts from the Kansas bank when the actual securities are being kept by a non-affiliated out-of-state bank. Public funds may not be deposited in a bank which is owned by the same holding company as owns the custodial bank pursuant to K.S.A. 9-1405(b). Finally, banks with common controlling shareholders, or an overlap of a majority of the board of directors, or common directors having the ability to directly or indirectly control both institutions, would be prohibited from safekeeping pledged securities for each other pursuant to K.S.A. 9-1405(b), as amended, and K.S.A. 1992 Supp. 75-4218(b)(2). (d) The executive director shall designate one individual of his choice to participate in the selection process.

(e) The selection of "Go 4th Drawing" winners on July 4 shall be accomplished by the individual designated by the executive director, using a bare arm technique, who shall remove only one ticket from the receptacle or drum in which all entries were placed at each of the 10 drawings conducted at half hour intervals starting at approximately 4:30 p.m. and ending at approximately 9:00 p.m. A person representing the executive director and law enforcement officer approved by the Kansas lottery, division of security, shall review the selected ticket to determine if the name stated on the information form located on the back of the selected ticket is legible. If the name is determined to be legible, the name of the winner shall be announced to the audience. This process shall be repeated until ten valid winners have been selected.

(f) The named person is not required to be present in order to win the "Go 4th Drawing" prizes described in K.A.R. 111-4-304. The security person conducting the drawing shall be responsible for the final determination concerning the legibility of the name on any ticket drawn, but regardless of the number of entries a person whose name appears on a valid entry drawn in the "Go 4th Drawings" has made, he or she shall not be eligible to win more than one prize. The first prize winning ticket drawn for such an entrant invalidates all other entries for the "Go 4th Drawing" for that entrant.

(g) A person whose valid ticket has been drawn from the receptacle or drum at each drawing shall be determined a "Go 4th Drawing" winner.

(h) Each winner shall be given a prize claim form to be completed and returned to the lottery;

(i) If the name on any ticket drawn is not legible, the ticket drawn will be void and the selection process shall be repeated until a valid winning ticket is selected. Doc. No. 013698

State of Kansas

Kansas Commission on Governmental Standards and Conduct**Advisory Opinion No. 93-22**

Written June 23, 1993, to Bob Totten, Public Affairs Director, Kansas Contractors Association, Inc., Topeka.

This opinion is in response to your letter of May 28, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state conflict of interest law (K.S.A. 46-215 *et seq.*).

We note at the outset that the commission's jurisdiction on this matter is limited to the application of the above law. Thus, whether some other law or agency rule or policy relates to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as Public Affairs Director for the Kansas Contractors Association, Inc. You advise us that the Kansas Contractor's Association's Board of Directors is interested in contributing more than \$5,000 to the Kansas Department of Transportation (KDOT) to help promote a statewide safety program. The program, called "Give 'em a Brake," is designed to remind motorists to slow down through construction sites. This program has been successful in other parts of the country and you feel it would be a great benefit for the construction workers in Kansas. The association is not licensed, regulated or inspected by KDOT.

Questions

1. May the association make a contribution to the state agency under this factual situation?
2. Is it permissible for your logo to be used on the advertising along with KDOT's?

Opinion

The only section of the act which prohibits gifts to a state agency is K.S.A. 46-237(c). That section, however, applies only to entities which are licensed, regulated or inspected by the state agency. Since that is not the case here, the donation is permissible.

Pertaining to your second question, there is simply nothing in K.S.A. 46-215 *et seq.* in point. Please refer this question to the Attorney General for response.

Advisory Opinion No. 93-23

Written June 23, 1993 to Karl F. Birns, Lawrence.

This opinion is in response to your letter of May 3, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the conflict of interest law (K.S.A. 46-215 *et seq.*). We note at the outset that the commission's jurisdiction is limited to the application of the above law. Thus, whether some other law or agency rule or policy relates to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as an employee of the Kansas Department of Health and Environment. You advise us that you are considering employment in the private sector. The company you are considering employment with is in the consulting field. It provides compliance advice to private sector firms regulated primarily under federal hazardous materials statutes (Superfund Amendments and Reauthorization Act, Occupational Safety and Health Act, Hazardous Materials Transportation Uniform Safety Act, etc.) and associated state regulations implementing the federal laws. Its market area is national (45 states) and includes facilities in Kansas. The company does not contract directly with any state agency, nor does it expect to in the future. If, however, that does occur, you have spoken with the president of the company and he has assured you that you would not be involved in any part of the contracting process.

The company does appear before state agencies at public meetings and participates in other public debates regarding issues that affect the interests of the public and clients with general interests. At no time has the company been before any agency representing a special interest, nor does it expect to. Prior to October of 1992, you managed the Kansas Right-to-Know program at the KDHE. In that capacity, you supervised the staff that reviewed compliance information submitted by the company's clients. The responsibility for the information and regulatory relationship was between the submitting facility and the KDHE. The department did not regulate the company as an entity. Your duties since that time have no relationship to your previous job, nor do you have any interaction with the company or its clients.

Your employment may be either concurrent with your state employment (on personal time such as vacation), while on authorized leave from your state job, or subsequent to termination.

Question

May you accept employment with the consulting firm either on a part-time basis while still a state employee or after termination of state employment?

Opinion

As we understand the factual situation, you have not in the preceding two years participated on behalf of the state in the making of any contracts with the company (see K.S.A. 46-233). In addition, we understand that in your current position you are not involved in the licensing, inspecting, enforcing or contracting with the company (see K.S.A. 46-286).

With these understandings, it is our opinion that the act does not prohibit part-time employment while a state officer under the conditions you have described, nor does it prohibit accepting a position upon termination. We do draw your attention to K.S.A. 46-241 which prohibits the use of confidential information obtained as a state employee.

(continued)

Advisory Opinion No. 93-24

Written June 23, 1993, to Eldon L. Harding, Information Desk, State Capitol, Topeka.

This opinion is in response to your letter of June 3, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the conflict of interest law (K.S.A. 46-215 *et seq.*). We note at the outset that the commission's jurisdiction is limited to the application of the above law. Thus, whether some other law or agency rule or policy relates to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as a state employee who, among other duties, gives tours through the Capitol, Judicial Center and Cedar Crest. You have been contacted by the Topeka Convention and Visitors Bureau about giving such tours on its behalf on your personal time.

Questions

1. May state employed tour guides contract, for pay, tours of the Capitol, Judicial Center and Governor's Mansion (Cedar Crest) on off-duty time with such agencies as the Topeka Convention and Visitor's Bureau?

2. Can the state or any of its agencies claim rights or possession of any written materials composed by a tour guide and intended for publication other than such writings assigned by the state agency as a part of the writer's job?

Opinion

We have reviewed K.S.A. 46-215 *et seq.* in its entirety and find no provision which prohibits the off-duty employment you have described.

On the second question, we find nothing in the act which relates to the issue with the exception that you may not use confidential information obtained during state service for financial gain (see K.S.A. 46-241).

Advisory Opinion No. 93-25

Written June 23, 1993, to the Honorable Tom Bishop, State Representative, Wichita.

This opinion is in response to your letter of May 24, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state conflict of interest law (K.S.A. 46-215 *et seq.*). We note at the outset that the commission's jurisdiction on this matter is limited to the application of the above law. Thus, whether some other law or agency rule or policy relates to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as a state representative. You advise us that you are also employed as Executive Director of Menonite Housing Rehabilitation Services, Inc., 2145 N. Topeka, Wichita, Kansas 67214. MHRS is a 501(C)3 not for profit corporation which was formed in 1977. You have been employed in your present capacity since August of 1986.

MHRS is, or will be, applying for Community Development Block Grant funds and HOME funds through the Kansas Department of Commerce and Housing (KDOCH), which administers these federal grants. MHRS also functions as a subgrantee, operating housing programs for local city and county governments that may apply for these programs. These funds are used for the purpose of providing affordable housing to the residents of your service area, primarily, Butler, Harvey and Sedgwick counties.

You are paid a salary by MHRS which is set by your 21 member board of directors. No funds from any of these KDOCH programs would be used to pay for your salary or benefits. You also receive no bonus or commission or any other form of compensation from these types of grants.

MHRS also receives funds from CDBG, FmHA, and other federal sources through the city of Wichita and directly from these federal agencies.

You advise us that the regional office of HUD has determined that a conflict may exist under 24 CFR 92.356 by virtue of your being an elected state official and an employee of MHRS if MHRS is awarded federal HOME funds by KDOCH.

Questions

1. Does the receipt of funding by MHRS while you are an employee thereof and are also an elected state official violate any provisions of K.S.A. 46-215 *et seq.*?

2. Is there a conflict of interest under 24 CFR 92.356?

Opinion

The only section of the act which might apply to this situation is K.S.A. 46-233. That section states:

(a) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee or any other member of such officer's or employee's immediate family has a substantial interest and no such person or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to, has been substantially involved in the preparation of or is a participant in the making of such contract and is employed by such person or business or such officer or employee or any member of such officer's or employee's immediate family has a substantial interest in such person or business.

Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee.

(b) No individual shall, while a legislator or within one year after the expiration of a term as

a legislator, be interested pecuniarily, either directly or indirectly, in any contract with the state, which contract is funded in whole or in part by any appropriation or is authorized by any law passed during such term, except that the prohibition of this subsection (b) shall not apply to any contract interest in relation to which a disclosure statement is filed as provided by K.S.A. 46-239, and amendments thereto. . . .

(d) Subsections (a) and (b) shall not apply to the following:

(1) Contracts let after competitive bidding has been advertised for by published notice; and (2) Contracts for property or services for which the price or rate is fixed by law.

Subsection (b) is the only section likely to apply in this situation. If a particular grant received by MHRS is appropriated by the legislature, it is illegal for you to be interested pecuniarily in the contract unless you file the disclosure statement required by K.S.A. 46-239. Otherwise, we find nothing in K.S.A. 46-215 *et seq.* which prohibits the situation you have described.

We cannot respond to your second question since it is outside our jurisdiction. We would recommend that you seek guidance from the Attorney General regarding 24 CFR 92.356.

Advisory Opinion No. 93-26

Written June 23, 1993, to Myron C. Reed, P.E., Assistant Director, Office of Facilities Planning, University of Kansas, Lawrence.

This opinion is in response to your letter of June 2, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the conflict of interest law (K.S.A. 46-215 *et seq.*). We note at the outset that the commission's jurisdiction is limited to the application of the above law. Thus, whether some other law or agency rule or policy relates to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as Engineering Manager for the BioSciences Research Facility at the University of Kansas. You advise us that the Hamilton Lab Equipment Company has proposed a trip to its factory on July 12 and 13, 1993, in Two Rivers, Wisconsin. The purpose of the trip would be to look at the specialized equipment of the type that could be used for projects with the university system both in Lawrence and at the K.U. Medical Center. You could observe manufacturing methods and capabilities and become much more familiar with design procedures and quality of components involved in such items.

If you were to go on this trip, it would be your intent to learn as much as possible about the manufacture of this equipment and how the equipment is designed to meet current codes and construction standards. You have particular interest in how the company meets the Uniform Plumbing Code and the Uniform Mechanical Code; also, it certainly would be

helpful to see the actual plant facility because you could see various products at various stages of manufacture and assembly.

The company has offered to pay your travel expenses and accommodations.

Question

Is it permissible for you to accept reasonable and necessary travel expenses and accommodations from the company?

Opinion

K.S.A. 46-237(a) and (c) relate to your question. Those sections state:

(a) No state officer or employee or candidate for state office shall accept, or agree to accept any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year from any one person known to have a special interest, under circumstances where such person knows or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties.

(c) No person licensed, inspected or regulated by a state agency shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year to such agency or any state officer or employee of that agency.

We first note that if the company paying the travel expenses and lodging is not licensed, regulated or inspected by you or your agency, then subsection (a) applies. So long as your agency authorizes and would be willing to pay for the trip, there is no financial gain by the employee.

If the company offering to pay the travel expenses and lodging is licensed, regulated or inspected by you or your agency, then subsection (c) applies and the \$40 gift limit is in effect.

Otherwise, it is our opinion under K.S.A. 46-237(a) so long as the university would pay for the trip, it is permissible for the company to pay reasonable and necessary expenses for travel and accommodations.

Advisory Opinion No. 93-27

Written June 23, 1993, to Karen A. Dutcher, Bennett, Lytle, Wetzler, Winn & Martin, Prairie Village.

This opinion is in response to your letter of March 22, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the local conflict of interest law (K.S.A. 75-4301 *et seq.*). We note at the outset that the commission's jurisdiction on your questions is limited to the application of the above law. Thus, whether some other state law, common law, or municipal ordinance applies to your questions is not covered by this opinion.

(continued)

Factual Statement

We understand you request this opinion in your capacity as the attorney for the city of Leawood, Kansas. You state that the city of Leawood, Kansas has, for the past few years, had a "sister city" relationship with I-Lan, Taiwan, R.O.C. This relationship was formalized by the adoption of a resolution by the governing body of the city of Leawood. The sister city relationship does not involve any type of financial, economic development, or other contracts between the two cities. It is, rather, a good will gesture between the two cities. It is conceivable that private individuals and/or businesses in the two cities may enter into some type of business arrangements arising out of contacts made in the sister city relationship, but it is not intended that the cities would be parties to those agreements.

You also advise us that in the fall of 1993, a group of Leawood residents is planning a trip to visit the city of I-Lan, just as residents of I-Lan have visited Leawood in the past. This group is designated by resolution as an official "delegation" from the city, headed by the mayor. All expenses for that trip would be paid by the individuals going on the trip, not by the city. You have learned that I-Lan is considering providing one free airline ticket for that trip. The airline ticket would have an estimated value of \$800.00 to \$1,300.00. If this ticket is provided, the mayor of Leawood would like to use the ticket.

Questions

1. Is it permissible for the mayor to accept the ticket?
2. If she accepts the ticket, should it be disclosed on her disclosure of substantial interest statement?
3. If she accepts the ticket, is she precluded from future action regarding the city of I-Lan?

Opinion

K.S.A. 75-4304 and K.S.A. 75-4305 contain the only prohibitions in this act. Under both sections, a threshold issue is whether the public official holds a substantial interest in or is employed by a "person" or "business." This commission has consistently held that a unit of government does not constitute a "person" or "business" as these terms are used in this act. Thus, this act does not prohibit the acceptance of the ticket. Please note that a different response could apply under the state law applicable to state officers and employees (see K.S.A. 46-215 *et seq.*).

The only section of the law that might apply to your second question is K.S.A. 75-4301a(a)(3). That section states:

- (a) "Substantial interest" means any of the following: . . . (3) If an individual or an individual's spouse, either individually or collectively, has received in the preceding 12 months, without reasonable and valuable consideration, goods or services having an aggregate value of \$500 or more from a business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.

Here again, a threshold issue is whether I-Lan is a "business." Since I-Lan is a unit of government, it is not a business. Therefore no disclosure of "substantial interest" is required from the mayor.

Last, since there is no statutorily defined "substantial interest," there is no prohibition on future actions under this act even if the ticket is accepted. The mayor is not precluded from future actions regarding I-Lan.

Advisory Opinion No. 93-28

Written June 23, 1993, to Stan Martin, Martin, Thompson & Sexton, P.A., Abilene.

This opinion is in response to your letter of May 26, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state conflict of interest law (K.S.A. 46-215 *et seq.*). We note at the outset that the commission's jurisdiction concerning your question is limited to the above law. Thus, whether some other statutory system, common law, or agency regulation relates to your question is not covered by this opinion.

Factual Statement

We understand you request this opinion as the attorney for the Board of Trustees of the State of Kansas Sports Hall of Fame created by K.S.A. 74-2906a. You state that pursuant to K.S.A. 74-2909, the Board of Trustees is authorized to contract with a private entity for certain services. The Board of Trustees has entered such a contract with Kansas Sports Hall of Fame, Inc., a not-for-profit corporation, of which you are president.

The corporation, in order to perform its contract with the Board of Trustees, has undertaken a fundraising drive to obtain the \$2,000,000 needed to construct and equip a suitable facility in Abilene.

The corporation proposes to contract with two members of the Board of Trustees to serve as fund drive chairmen. The proposed contract would be reviewed with and approved by the Board of Trustees with the two affected members abstaining from the vote.

Pursuant to K.S.A. 74-2906a, members of this board are appointed by the Governor but serve without compensation except as provided in K.S.A. 75-3223(e).

Question

Does K.S.A. 46-215 *et seq.* apply to members of the Board of Trustees of the State of Kansas Sports Hall of Fame?

Opinion

Members of the Board of Trustees do not meet the definition of "state officer or employee" under K.S.A. 46-221(a)(4). Thus, while acting in that capacity, the prohibitions contained in K.S.A. 46-215 *et seq.* relating to state officers and employees do not apply to them.

In any other capacity, such as other state employment or lobbying, the law would still apply.
