**Cities and Municipalities—Public Recreation and Playgrounds—Powers of Recreation Commission; Authority to Enter Into Lease Agreement With Unified School District.** Representative Kenny A. Wilk, 42nd District, Lansing, September 30, 1993.

A recreation commission may enter into a lease agreement with a unified school district, the terms of which permit the unified school district to use baseball and softball fields owned by the recreation commission. The term of such a lease may not exceed 10 years. A unified school district has the authority to acquire and maintain equipment, buildings, or other recreational facilities and make capital improvements on real property, title to which is held by a recreation commission. **Public Records, Documents and Information—Records Open to Public—Kansas Turnpike Authority.**

**State Departments; Public Officers and Employees—Public Officers and Employees; Open Public Meetings—Kansas Turnpike Authority.** Representative Thomas S. Bradley, 52nd District, Topeka, October 1, 1993.

The Kansas Turnpike Authority, as a public instrumentality with authority to perform an essential governmental function, is a public agency within the meanings of the Kansas open meetings (KOMA) and open records (KORA) acts. Therefore, the Turnpike Authority is subject to the requirements of both the KOMA and the KORA. **Automobiles and Other Vehicles—Uniform Act Regulating Traffic; Powers of State and Local Authorities—Power of Municipalities to Regulate Speed in Residential Districts and Establish Traffic Control Devices.** William Frost, Manhattan City Attorney, Manhattan, October 6, 1993.

Cities do not have the authority to promulgate ordinances which alter the state prescribed speed limit of 30 miles per hour in a residential district. Cities do have the authority to place and maintain traffic control devices as long as they conform to the uniform traffic control manual. However, the manual itself establishes only a minimum standard of safety and is merely a guideline for professional engineers and is not a substitute for their judgment. Cited herein: K.S.A. 8-124, repealed, L. 1937, ch. 283, § 135; 8-532, repealed, L.

**Public Records, Documents and Information—Records Open to Public—Insurance Verification Pilot Project Under the Department of Revenue.**

**State Boards, Commissions and Authorities—Information Network of Kansas—Charges for Services Provided.** Representative Elaine L. Wells, 59th District, Topeka, October 6, 1993.

Any information maintained and kept by a public agency is considered part of the public record, irrespective of the original source of the information or the purposes of record keeping. Insurance information in the possession of the Division of Vehicles is part of a public record. The Division of Vehicles is required by statute to charge a fee for disclosing information concerning the insurance coverage of any licensed driver. However, a data processor, under contract, is not seeking to inspect or to obtain copies of public records; its sole purpose is to manipulate the database and develop new programs for easier access. Therefore, such an entity is not a requester of public records within the meaning of the KORA, and the Department of Revenue is not required to charge the entity pursuant to the KORA or other statutes listed herein. Cited herein: K.S.A. 1992 Supp. 45-217; K.S.A. 45-219; 74-2012; 74-9301; 74-9302; 74-9304. NKF

## Opinion No. 93-133

**District Officers and Employees—District Coroners—Notification of Death to Coroner or Deputy; When; By Whom.** Dr. Robert C. Harder, Secretary, Department of Health and Environment, Topeka, October 6, 1993.

Coroners in other states are not bound to comply with Kansas statutes; the laws of the state where a death occurs would govern. Section 17 of Chapter 214 of the 1993 Session Laws of Kansas requires all outstanding death certificates from the previous calendar year to be filed with the state registrar, stating the cause of death, before money in the district coroner's fund can be transferred to the county general fund. The office of vital statistics does not have the authority or responsibility to send a death certificate to the coroner for signature if the death is marked by the attending physician as natural. Finally, only a coroner can sign a death certificate if the manner of death is other than natural and the state registrar can only certify such certificate if it is signed by a coroner. ## Board of Emergency Medical Services

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be held at 1:30 p.m. Monday, November 22, in Conference Room A located on the third floor of the main hospital building of St. Joseph Regional Medical Center, 3600 E. Harry, Wichita. The purpose of the hearing is to consider the adoption of proposed permanent rules and regulations of the Board of Emergency Medical Services.

All interested parties may submit written comments prior to the hearing to the chairman of the Board of Emergency Medical Services, 109 S.W. 6th, Topeka 66603-3826. All interested parties will be given a reasonable opportunity at the hearing to present their views orally in regard to the adoption of the proposed regulations. In order to give all parties an opportunity to present their view, it may be necessary to request each participant to limit oral presentation to not more than five minutes.

Following the hearing, all written and oral comments submitted by interested parties will be considered by the Board of Emergency Medical Services as the basis for making changes to the proposed regulations.

A summary of K.A.R. 109-1-1, 109-9-4, 109-9-5, 109-10-3, 109-10-4, 109-11-1, 109-11-8, 109-13-1, 109-13-2 and 109-13-3 follows. Copies of the regulations and the economic impact statement may be obtained by contacting the administrator of the Board of Emergency Medical Services at the address above, (913) 296-7296.

K.A.R. 109-10-3, 109-10-4, 109-13-1, 109-13-2 and 109-13-3 are proposed new regulations. All other regulations are existing permanent regulations of which amendments are being proposed.

109-1-1. Establishes definitions of terms used in emergency medical services' regulations; amended to clarify the acronym DOT (Department of Transportation), instructor-coordinator, unprofessional conduct and incompetence, and defines training officer II and

administrator. There is no economic impact since the proposed changes simply clarify the definitions.

109-9-4. Establishes criteria individuals must meet to be eligible to take training as an instructor-coordinator; amended to clarify required credentials and to describe the pre-selection process. There is no economic impact since the proposed changes simply clarify the process.

109-9-5. Establishes standards which must be met by certified instructor-coordinators; amended to clarify what is meant by a class training session. There is no economic impact.

109-10-3. Establishes requirements to be met in order for individuals to enroll late into an initial course of instruction. There is no economic impact. This proposed new regulation will provide some additional flexibility to training programs and individuals in enrolling into an initial course of instruction.

109-10-4. Establishes requirements to be met in order for individuals to transfer from one initial course of instruction to another initial course of instruction. There is no economic impact. This proposed new regulation will allow students who find themselves unable to complete one initial course of instruction to transfer into a different initial course of instruction without having to repeat the same material again, provided they were receiving a passing grade.

109-11-1. Establishes requirements of submitting a first responder initial course of instruction for approval; amended to allow a training officer II to submit for course approval and to clarify the requirements of the application for course approval. There is no economic impact since a training officer II is not required to conduct a first responder course.

109-11-8. Establishes criteria for an individual to successfully complete an initial course of instruction; amended to clarify the meaning of a class session and a passing grade and to allow for the training officer II to document successful completion of a first responder course. There is no economic impact since there are no new requirements.

109-13-1. Establishes criteria individuals must meet to be eligible to take training as a training officer I and a training officer II. There is no economic impact since this proposed new regulation does not change any requirements but simply puts into regulation what the board has been doing by way of board policy.

109-13-2. Establishes criteria to be used to gain approval as a training officer I and training officer II. There is no economic impact since this proposed new regulation does not change any requirements but simply puts into regulation what the board has been doing by way of board policy.

109-13-3. Establishes the authorized activities of a training officer I and a training officer II. There is no economic impact since this proposed new regulation does not change any requirements but simply puts into regulation what the board has been doing by way of board policy.

Office of Drug Abuse Programs

Public Notice

During the 1993 legislative session, SB 354 was passed and signed into law, substantially clearing the way to allow for testimony of child victims of abuse to be allowed via videotaping or closed circuit television. Kansas has had laws since 1987 that have allowed for videotaping of child victims, but SB 354 gave more leverage for "hearsay" testimony to be accepted. With this amendment to the law going into effect on July 1, 1993, prosecutors and judges in Kansas are needing training and equipment to enhance or initiate videotaped and/or closed circuit testimony of child victims of abuse.

The Governor's Office of Drug Abuse Programs is providing public notice that it has applied for federal assistance regarding a grant for closed-circuit televising of testimony of children who are victims of abuse.

Permanent Administrative  
Regulations

Article 14.—ADMINISTRATIVE AND  
DISCIPLINARY SEGREGATION

**44-14-101. Minimum standards of segregation.**

The following minimum standards shall apply to disciplinary and administrative segregation alike: (a) Each inmate shall receive daily at least 2,500 calories of food from the normal diet of inmates not in segregation.

(b) Each cell in which an inmate is confined in segregation shall whenever possible, be at least as large as other cells in the institution or facility and shall be adequately lighted during the daylight hours. All of the necessities of civilized existence, including toilet, bedding and water for drinking and washing shall be provided. Normal room temperature for comfortable living shall be maintained. If any of these necessities are removed temporarily, that removal shall be only to prevent suicide or self-destructive acts, or damage to the cell and its equipment, or to other persons. Each inmate shall have the opportunity to shave and shower at least three times per week unless this would present a clear security hazard as determined by the principal administrator. The procedure for issue and exchange of clothing, bedding, and linen, and for barbering and hair care services shall be as frequent and of the same quality as for the general population unless an exception is found necessary by the senior officer on duty. Such an exception shall be recorded in the log and justified in writing.

(c) All inmates in segregation shall be provided clothing that is not degrading, and access to basic personal items for use in their cells, unless there is imminent danger that an inmate or any other inmate will destroy an item or induce self-injury. Under no circumstances shall inmates confined in segregation be deprived of normal body clothing except for the inmate's own protection. If such a deprivation is temporarily necessary, the inmate shall be provided with body clothing and bedding adequate to protect the inmate's health, depending on air temperature and other conditions in the cell.

(d) If an inmate is not confined in segregation for punishment, but is confined only under conditions of emergency for the inmate's own protection, or that of personnel or other inmates, the confinement shall not be continued for longer than is necessary for the emergency. An inmate's right to communicate with an attorney or a person or agency designated to receive complaints shall not be interfered with.

(e) An inmate shall not be placed in segregation without the approval of the highest ranking officer on duty at the time unless there is a serious emergency or major disturbance. In such a case, the procedure in K.A.R. 44-14-305 shall be followed.

(f) Unless access to medical services is provided on an as needed basis, no inmate shall be kept in seg-

(continued)

regation, for any reason, for longer than 24 hours without being examined by a medical doctor, or other medical personnel under the doctor's supervision. The inmate shall be observed once a week thereafter and examined if deemed necessary. Any medication prescribed for an inmate shall be provided for that inmate.

(g) A permanent log in a bound book shall be maintained at or near the segregation cells, and employees in charge of these cells shall be responsible for recording all admissions, releases, indicators of health and medical condition, clothing and bedding restrictions, food intake, visits to cells and other events, including those of a routine nature.

(h) A weekly report shall be made to the secretary of corrections giving the following data for segregated inmates:

- (1) Name of inmate;
- (2) race or ethnic origin;
- (3) type of, and reason for, segregation;
- (4) length of time in segregation; and
- (5) health and medical condition.

(i) If the inmate is deprived of any usually authorized item or activity, a report of this action shall be made for the inmate's file and forwarded to the principal administrator or the deputy in charge of security. This report shall be in addition to the notation in the log required by subsection (g) of this regulation.

(j) Each inmate in segregation shall be provided with the same opportunities for writing and receiving letters as provided to the general population.

(k) Visitation shall be allowed on a restricted basis unless there are substantial reasons for withholding the privilege. If possible, the inmate shall be given an opportunity to notify visitors of any restrictions before the visitors arrive.

(l) Telephone privileges shall be granted on a restricted basis. Restrictions placed on disciplinary segregation inmates may differ from those placed on administrative segregation inmates.

(m) Each segregation inmate shall have access to legal materials.

(n) Each segregation inmate shall have access to reading materials.

(o) Each inmate confined in disciplinary or administrative segregation shall be allowed to exercise outside the cell, if desired, for at least one hour per day and at least five days per week unless security, health, or safety considerations dictate otherwise. Weather permitting, segregation inmates shall be permitted to exercise outdoors to the extent that facilities and staff are available to maintain basic security for those inmates. When limitations on normal exercise are necessary, every feasible alternative shall be explored to provide adequate exercise to maintain health. An inmate may be required to remain in the cell and be allowed to exercise in the cell, at the inmate's own discretion, if:

- (1) A substantial security risk for the inmate is documented; and
- (2) a set of exercises is approved for the inmate, by a doctor or physical fitness professional, as being adequate for the maintenance of health and capable of

being accomplished within the physical limitations imposed by the cell interior.

(p) Administrative segregation inmates shall have reasonable access to programs and services including, but not limited to, educational services, commissary services, library services, social services, counseling services, religious guidance, and recreational programs.

(q) Segregation inmates shall receive daily visits from the unit manager or the manager's designee, or in their absence, the shift supervisor or the supervisor's designee, and from a qualified health care official unless medical attention is needed more frequently. Segregation inmates shall receive visits from members of the program staff on reasonable request. A shift captain or designee shall visit the unit during each shift. Log entries shall document these visits. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-7552; effective May 1, 1980; amended May 1, 1984; amended Dec. 6, 1993.)

**44-14-102. Security segregation established and divided.** Each institution and facility shall establish a set of procedures designated as security segregation procedures. Those procedures shall be divided as follows:

(a) administrative segregation, including protective custody and medical segregation; and

(b) disciplinary segregation. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-7552; effective May 1, 1980; amended May 1, 1984; amended Dec. 6, 1993.)

**44-14-201. Disciplinary segregation.** (a) Disciplinary segregation shall be that division of the security segregation procedures in which privileges and certain rights are restricted or removed for the purpose of punishment to maintain discipline.

(b) The purpose of disciplinary segregation shall be to incarcerate for punishment those inmates currently serving a sentence as meted out by the disciplinary board as approved by the principal administrator. (Authorized by and implementing K.S.A. 1992 Supp. 75-5251, 75-5252; effective May 1, 1980; amended May 1, 1981; amended Dec. 6, 1993.)

**44-14-301. Administrative segregation.** Administrative segregation procedures shall be established for the control of inmates for some necessary administrative purpose other than punishment. Procedures shall be effectively related to the control of the inmate for stated purposes. These procedures may be increased in scope and extent necessary to maintain effective control. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-5252; effective May 1, 1980; amended May 1, 1981; amended Dec. 6, 1993.)

**44-14-302. Types of inmates or situations for use of administrative segregation.** Inmates may be confined in administrative segregation for any of the following reasons or under any of the following conditions. Any inmate may be held in administrative segregation under any subsection or combination of subsections of this regulation simultaneously. If the inmate is held under more than one subsection, that

fact shall be stated in the administrative segregation report.

(a) Protective custody (P.C.). Any inmate who requests security segregation for personal safety or who the principal administrator has reason to believe to be in serious and imminent danger, may be placed in administrative segregation if the principal administrator explains the reason in writing and refers to the documents or other basis for the administrator's knowledge. Documentation that protective custody is warranted and that reasonable alternatives are not available shall be provided. A denial of protective custody shall be fully documented.

(b) Pending results of investigation.

(1) Inmates may be placed in administrative segregation pending the completion of an investigation to determine whether charges should be brought.

(2) Any inmate may be segregated to prevent:

(A) Communication and collaboration between inmates involving an attempt to improperly or dishonestly coordinate the testimony which might be given;

(B) the possible intimidation of witnesses or accusers; or

(C) further disruption, if a threat to security and control, including danger to other inmates, continues to exist in the judgment of the principal administrator.

(3) Any inmate held in administrative segregation under subsection (b) shall be charged or released within three working days, unless a continued holding in administrative segregation under this section is justified in writing and approved by the principal administrator. This notice and explanation shall be given to the inmate in writing.

(c) Pre-hearing detention. If necessary to maintain security and control, any inmate who has been charged with an alleged violation of law or a class I or II offense may be held in administrative segregation pending a hearing before the institution disciplinary board, or pending a trial by a court.

(1) Credit for this time shall be given against any sentence of disciplinary segregation which might result from that hearing.

(2) The inmate's status shall be reviewed by the principal administrator or designee within 72 hours.

(d) Communicable disease. Any inmate whom a doctor of medicine has declared to be carrying any communicable disease, or any inmate who refuses to participate in testing for communicable disease, may be placed in administrative segregation status until danger of contagion is past.

(e) Critical monitoring inmate. Administrative segregation may be applied to the following types of inmates.

(1) Any inmate accused of or who has a history of aggressive or forceable sexual attacks may be placed in administrative segregation. The history shall be verified and documented, or a psychiatrist or psychologist shall verify, after any such occurrence, that a recurrence is probable.

(2)(A) Any inmate with suicidal tendencies may be placed in administrative segregation if the condition is verified by a qualified mental health professional be-

fore, or within 72 hours, excluding Saturdays, Sundays, and holidays, after lockup in administrative segregation. Qualified mental health professionals shall include licensed Ph.D. and master's level psychiatrists and psychologists, and clinical, specialist and master's level social workers.

(B) Any inmate who inflicts any self-injury may be placed in administrative segregation for up to 72 hours, excluding Saturdays, Sundays, and holidays, for observation and to give clinical staff an opportunity to determine whether the injury is a significant indication of a suicidal tendency.

(C) The shift supervisor may make the initial placement and determine the level of observation required, but shall make immediate and continuing efforts to consult with the assigned mental health professional, who shall thereafter make this determination. These attempts shall be documented.

(D) At or prior to the end of the 72-hour period, the mental health professional shall recommend to the administrative segregation review board the appropriate placement for the inmate. In the event such placement is made without a hearing, pursuant to K.A.R. 44-12-303(b), then the warden or the warden's designee shall review the placement within 72 hours.

(3) Inmates with a history of self-mutilation or self-injury may be placed in administrative segregation after a demonstration has been made from the inmate's record that this history exists. The shift supervisor may make the initial placement and determine the level of observation required, but shall make immediate and continuing efforts to consult with the assigned mental health professional, who shall thereafter make this determination. These attempts shall be documented. In the event such placement is made without a hearing, pursuant to 44-12-303(b), then the warden or his/her designee shall review the placement within 72 hours.

(4) Inmates with mental or emotional problems which cause them to be a threat to themselves or others, when that mental or emotional problem has been verified by a psychiatrist or psychologist may be placed in administrative segregation. The shift supervisor may make the initial placement and determine the level of observation required, but shall make immediate and continuing efforts to consult with the assigned mental health professional, who shall thereafter make this determination. These attempts shall be documented. In the event such placement is made without a hearing, pursuant to K.A.R. 44-12-303(b), then the warden or the warden's designee shall review the placement within 72 hours.

(5) Any inmate may be placed in administrative segregation in an emergency situation in which the violent behavior of the inmate indicates that the inmate is potentially dangerous to the inmate's self, or others. Segregation in this case may continue for up to 72 hours, excluding Saturdays, Sundays, and holidays.

(6) Any inmate who has been determined by the principal administrator, or in the administrator's absence, by the deputy director, for good and well founded cause, to be an extreme risk of escape may

(continued)

be placed in administrative segregation. The segregation shall be only for the duration of the risk condition. The reason shall be explained in writing and reference made to the documents or other basis for the placement by the principal administrator or deputy director unless already apparent from the information shown in the inmate's record. When these officers are absent during an emergency, segregation may be authorized by the highest ranking officer on duty. The principal administrator's approval and documentation shall be obtained as soon as possible.

(f) Consistent bad behavior. Any inmate may be placed in administrative segregation indefinitely when the inmate's record has shown consistent bad behavior, as evidenced by three documented instances of bad behavior within the preceding 12 months, and when:

(1) The instances are a substantial threat to the safety and security of the institution or facility; and

(2) the instances arise from separate fact situations. Placement under this ground shall be with the prior written approval of the principal administrator.

(g) Other security risk. The principal administrator may place in administrative segregation or lock-up, in the inmate's own cell, any inmate or group of inmates if the inmate or inmates are engaging in behavior which threatens the maintenance of security or control in the correctional facility. The principal administrator shall, in writing, explain, for the record, the threat to security and show justification for segregation or lock-up under these circumstances. A copy of this explanation and justification shall be sent immediately to the secretary of corrections.

(h) Holdovers. The principal administrator or his designee may place in administrative segregation inmates who are identified as holdovers.

(1) Holdover inmates are those inmates who fall into one of the following categories:

(A) any newly committed inmate awaiting transportation to Topeka correctional facility reception and diagnostic unit;

(B) any inmate who is otherwise being held in a facility temporarily while in transit between one facility and another;

(C) any inmate who is a known gang leader; or

(D) any inmate who has caused security concerns in the past within another facility or the holding facility.

(2) Newly committed inmates may be placed temporarily in a holdover status within a facility only in a segregation unit, and for a period not longer than three working days. In the case of all other holdover inmates, the principal administrator or his designee shall confirm in writing pursuant to K.A.R. 44-14-304 that the inmate would constitute a potential threat to the safety and security of the institution or facility because there is no other available bed space in the general population, or that the inmate is specially monitored.

(3) Under no circumstances shall such holdover placements in segregation extend for a period of more than 72 hours, excluding Saturdays, Sundays, and holidays. (Authorized by and implementing 1992 Supp.

75-5210, 75-5251, 75-5252; effective May 1, 1980; amended May 1, 1981; amended, T-83-23, Aug. 11, 1982; amended, T-84-6, May 1, 1983; amended May 1, 1984; amended Dec. 6, 1993.)

**44-14-303. Placement within segregation; notification requirements; hearing.** (a) In all cases in which inmates are placed in administrative segregation, a shift supervisor or the segregation unit manager shall approve the placement. The shift supervisor shall forward a written report to the principal administrator before the end of that particular shift.

(b) Except as provided in subsection (c), inmates placed in segregation shall be provided with a hearing prior to placement in order to provide them with an opportunity to present objections, explanations or reasons as to why such a placement should not be effected. This hearing shall be held by the principal administrator's designee.

(c) A hearing prior to placement shall not be required if an emergency situation exists. The shift supervisor or segregation unit manager may order immediate placement in administrative segregation when necessary to protect the inmate or others, to prevent escape, or to maintain control of the correctional facility. This action shall be reviewed by the principal administrator or designee within 72 hours. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-5252; effective May 1, 1980; amended May 1, 1984; amended May 1, 1985; amended Dec. 6, 1993.)

**44-14-305. Notice and explanation to inmate.** Written notice of the reasons for placement in administrative segregation, stated in sufficient detail to allow the inmate to understand the reasons and to make a response to them, shall be provided to the inmate before the inmate is placed in administrative segregation unless a serious emergency or major disturbance exists. If a serious emergency or major disturbance involves a substantial number of inmates, or a clear and present danger thereof, notice and explanation shall be given not more than three working days after placement in administrative segregation, or until the nature of the emergency has been resolved. The serious emergency or major disturbance shall be described briefly, in writing, by the officer and made part of the record. In all cases, the notice shall be given to the inmate before the hearing so the inmate knows the reason for the placement. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, and 75-5252; effective May 1, 1980; amended May 1, 1984; amended May 1, 1985; amended Dec. 6, 1993.)

**44-14-305a.** (Authorized by and implementing K.S.A. 75-5210, 75-5251, 75-5252; effective May 1, 1984; amended May 1, 1986; revoked Dec. 6, 1993.)

**44-14-306. Privileges and rights in administrative segregation.** Each inmate in administrative segregation shall be treated as nearly as possible like any other inmate in the general population of the institution or facility. When possible, the inmate shall retain such privileges and property as are commensurate with the particular circumstances or condition for which the in-

mate was placed in administrative segregation. Administrative segregation shall not be used or considered as punishment. (Authorized by and implementing K.S.A. 1992 Supp. 75-5251, 75-5252; effective May 1, 1980; amended Dec. 6, 1993.)

**44-14-307. Transfer to more restricted area in special cases.** A narrative shall be prepared to document any instance or incident leading to more restrictive confinement within the segregation unit. Transfers to more restrictive confinement shall be permitted only for administrative security and control, and shall not constitute or be used as punishment. Each such transfer to a more restrictive confinement shall be authorized and approved by the segregation unit team manager or designee, or in that person's absence, by the shift commander or designee. (Authorized by and implementing K.S.A. 1992 Supp. 75-5251, 75-5252; effective May 1, 1980; amended May 1, 1987; amended Dec. 6, 1993.)

**44-14-309. Administrative segregation review board.** In each facility there shall be an administrative segregation review board appointed by the principal administrator. The board shall consist of one person from the security staff, one person from the clinical staff, and one person from the classification staff. (Authorized by and implementing K.S.A. 1992 Supp. 75-5251, 75-5252; effective May 1, 1980; amended Dec. 6, 1993.)

**44-14-310. Procedure for the administrative segregation review board upon initial placement.** (a) The administrative segregation review board shall hold an initial hearing to review the placement decision within three working days of placement and shall interview the inmate. This requirement shall apply to every case of administrative segregation.

(b) The inmate shall be given the opportunity to present the inmate's case. When necessary the board shall obtain clarifying information from the officer and staff involved in the placement. If the inmate is disruptive or is a danger to self or others, the board may exclude the inmate from the review. In this situation, the board shall, if possible, interview the inmate at the cell or obtain a written statement from the inmate in response to the placement. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-5252; effective May 1, 1980; amended, T-83-23, Aug. 11, 1982; amended, T-84-6, May 1, 1983; amended May 1, 1984; amended Dec. 6, 1993.)

**44-14-311. Regular review and monitoring by the administrative segregation review board.** (a) The administrative segregation review board shall review the status of each inmate confined in administrative segregation every seven days for the first two months of segregation and at least every 30 days thereafter.

(b) The board may recommend that the inmate be continued in the inmate's present status. This recommendation shall:

- (1) be by unanimous vote of the board; and
- (2) become the final action in the case for that particular review period, and shall not be forwarded to the facility principal administrator for approval.

(c) The board shall otherwise recommend to the facility principal administrator in writing, one of the following actions.

(1) The board may recommend that the inmate be returned to general population;

(2) The board may recommend that the inmate be transferred to another Kansas facility or to another institution in another state or a federal institution.

(d) The inmate shall be permitted to submit written requests for release to the administrative segregation review board. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-5252; effective May 1, 1980; amended May 1, 1984; amended Dec. 6, 1993.)

**44-14-314. Protective custody.** (a) Admission to protective custody shall be made only when there is documentation that protective custody is warranted and that a reasonable alternative is not available. The administrative segregation review board shall review protective custody cases with a goal of terminating the separate housing as soon as possible.

(b) The inmate shall sign a consent form agreeing to protective custody when the inmate requests the placement.

(c) The reasons for protective custody shall be documented, especially in those cases in which the inmate does not request or consent to the placement. If the inmate does not consent to the protective custody placement, a hearing shall be held according to K.A.R. 44-14-303 and 44-14-310.

(d) Protective custody shall be for as short a time period as possible under the circumstances. Long-term protective custody shall be documented and monitored.

(e) Each denial of protective custody shall be documented showing the reason justifying the denial.

(f) Each protective custody inmate who is involuntarily released shall be informed of the reasons for release. This notification shall be documented by the unit team manager or designee. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, and 75-5252; effective May 1, 1984; amended Dec. 6, 1993.)

**44-14-316. Psychological review criteria.** A personal interview shall be conducted and a report prepared by a qualified psychologist or psychiatrist when an inmate remains in segregation beyond 30 days. A psychological assessment shall then be made at least every three months thereafter. A copy of all psychological reports and assessments shall be furnished to the unit team manager as well as to the inmate's central record file. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-5252; effective May 1, 1984; amended Dec. 6, 1993.)

**44-14-318. Transfer of inmates in administrative segregation.** (a) Any inmate held on administrative segregation status may be transferred to another facility.

(b) Unless released from administrative segregation status by the principal administrator of the sending facility prior to transfer, the inmate shall be held on

(continued)

that same status pending the inmate's next regularly scheduled review pursuant to the time lines set forth in K.A.R. 44-14-311.

(c) These transfers shall not require issuance and service of an administrative segregation report or an initial appearance before the administrative segregation review board of the receiving facility unless those procedures were not employed at the sending facility due to a serious emergency or major disturbance.

(d) In appropriate cases, a recommendation may be made to the principal administrator of the receiving facility by that facility's administrative review board, that an inmate's status be changed prior to the inmate's next regularly scheduled review. This recommendation shall be made at the review board's discretion. (Authorized by and implementing K.S.A. 1992 Supp. 75-5210, 75-5251, 75-5252; effective Dec. 6, 1993.)
