**Notice of Commencement of Negotiations
for Engineering Services**

Notice is hereby given of the commencement of negotiations for civil engineering services for a master plan for the continued development of Hillsdale State Park in Miami County. The master plan will include an evaluation of the existing master plan, with an emphasis on the needs assessment and market evaluation sections. Also required is an inventory of existing site conditions to include topography, soils, hydrology and utilities; and an analysis of these conditions with determined recreational needs. Also required are a conceptual and final master plan. The consultant will be responsible for any data collection required for the work. A licensed landscape architect should prepare the plans required.

Any questions or expressions of interest should be directed to Gary Grimes, Deputy Director, Planning and Project Management, Division of Architectural Services, 625 Polk, Topeka 66603, (913) 233-9367, on or before March 25. An original and five copies of the SF 255 form (plus attachments as required) should be submitted with letters of interest.

Department of Corrections

**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Wednesday, April 20, in the Department of Corrections' conference room, fourth floor, Landon State Office Building, Topeka, to consider the adoption of proposed amendments to rules and regulations 44-5-102, 44-7-104, 44-9-103, 44-9-104, 44-9-105, 44-13-201, 44-13-201b, 44-13-202, 44-13-402, 44-13-403, 44-13-603, and 44-14-302, of the Kansas Department of Corrections.

This 30-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

All interested parties may submit written comments prior to the hearing to Charles E. Simmons, Chief Legal Counsel, Kansas Department of Corrections, 4th Floor, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity at the hearing to present their views orally on the adoption of the proposed regulations. In order to give all parties an opportunity to express their views, it may be necessary to request each participant to limit oral presentation to five minutes.

The following is a brief summary of the proposed amendments:

44-5-102. This regulation is revoked.

44-7-104. This regulation concerns inmate visitation. It is amended to provide for a period of suspension of visitation privileges for any visitor who introduces contraband into a correctional facility or who refuses to be searched when attempting to enter a correctional facility.

44-9-103. This regulation is revoked.

44-9-104. This regulation is revoked.

44-9-105. This regulation is amended to establish a procedure for holding the preliminary parole revocation hearing at a correctional facility and for holding such hearings by telephone.

44-13-201. This regulation is amended to clarify the role of the shift supervisor in approving disciplinary reports issued to inmates.

44-13-201b. This regulation is amended to expand the time period for the summary judgment procedure of the inmate disciplinary process.

44-13-202. This regulation is amended to provide a time period for serving amended disciplinary charges on an inmate.

44-13-402. This regulation is amended to establish a procedure for hearing a disciplinary case involving an inmate who is about to be released.

44-13-403. The regulation is amended to specify the circumstances under which an informant's testimony may be received without the informant actually appearing before the hearing officer.

44-13-603. This regulation is amended to provide that a sentence imposed prior to an inmate's release may be required to be served if the inmate is returned to incarceration.

44-14-302. This regulation is amended to clarify the circumstances under which an inmate may be placed in administrative segregation on holdover status; to provide that an inmate may be held in administrative segregation pending a preliminary parole revocation hearing and for refusing to participate in identification procedures; and to clarify the procedure for documenting that an inmate is in administrative segregation under the status "other security risk."

The economic impact of all regulations except K.A.R. 44-9-105 is expected to be minimal since the regulations are procedural in nature. K.A.R. 44-9-105 is expected to result in some fiscal savings to the Department of Corrections since parole violators can be transferred to a correctional facility rather than remaining in a county jail at a per diem cost to the department. The economic impact on the public is expected to be minimal since witnesses will be allowed to testify via telephone.

Copies of the proposed regulations and economic impact statement may be obtained by contacting Charles E. Simmons at the address given above, (913) 296-4508.

Legislature

Legislative Bills Introduced

The following numbers and titles of bills and resolutions have recently been introduced by the 1994 Kansas Legislature. Copies of bills and resolutions are available free of charge from the Legislative Document Room, 145-N, State Capitol, Topeka 66612, (913) 296-4096.

Bills Introduced February 24-March 2

House Bills

HB 3058, by Committee on Appropriations: An act concerning revenue bonds issued to acquire certain water supply storage capacity; amending K.S.A. 82a-1361 and repealing the existing section.

HB 3059, by Committee on Appropriations: An act concerning the state corporation commission; requiring certain reports of complaints regarding telecommunications public utilities.

HB 3060, by Committee on Appropriations: An act concerning economic development; relating to basic research; amending K.S.A. 1993 Supp. 79-4804 and repealing the existing section.

HB 3061, by Committee on Appropriations: An act concerning telecommunications public utilities; relating to authority of the state corporation commission regarding such utilities; amending K.S.A. 66-1,188 and repealing the existing section.

HB 3062, by Committee on Federal and State Affairs: An act relating to motor vehicle insurance; prohibiting insurance companies from specifying companies or locations for motor vehicle glass replacement; amending K.S.A. 40-2404 and repealing the existing section.

HB 3063, by Committee on Appropriations: An act concerning the state library; relating to certain programs and activities and fees; consolidating provisions pertaining to the state library fund; amending K.S.A. 75-2540, 75-2555 and 75-2563 and repealing the existing sections.

HB 3064, by Committee on Appropriations: An act concerning the medical student loan act; relating to approved postgraduate residency training program; amending K.S.A. 1993 Supp. 76-381 and repealing the existing section.

HB 3065, by Committee on Appropriations: An act concerning certain state institutions within the department of social and rehabilitation services; relating to certain reductions in full-time equivalent positions based on retirements; amending K.S.A. 1993 Supp. 75-6801 and repealing the existing section.

HB 3066, by Committee on Appropriations: An act concerning the Kansas public employees retirement system; amending K.S.A. 74-49,116 and K.S.A. 1993 Supp. 74-4927 and 74-4989 and repealing the existing sections.

Senate Bills

SB 815, by Committee on Federal and State Affairs: An act concerning certain ferrets; relating to detection of rabies infection.

SB 816, by Committee on Federal and State Affairs: An act creating the health care reform legislative oversight committee; providing for the powers, duties and functions thereof; and repealing K.S.A. 46-1901.

SB 817, by Committee on Federal and State Affairs: An act relating to commercial drivers' licenses; providing for the issuance to nonresidents; amending K.S.A. 8-2,128 and K.S.A. 1993 Supp. 8-2,133 and repealing the existing sections.

SB 818, by Committee on Federal and State Affairs: An act concerning marriage; relating to persons authorized to officiate; amending K.S.A. 23-104a and repealing the existing section.

SB 819, by Committee on Federal and State Affairs: An act concerning telecommunications public utilities; imposing certain requirements relating to live operators.

SB 820, by Committee on Ways and Means: An act concerning the crime victims compensation fund; amending K.S.A. 74-7336 and repealing the existing section.

SB 821, by Committee on Ways and Means: An act relating to the crime victims compensation board; concerning limitations on fees to medical care providers; defining medical care provider; amending K.S.A. 74-7301 and 74-7313 and repealing the existing sections.

SB 822, by Committee on Ways and Means: An act relating to elections; concerning voter registration lists; declaring certain uses, sales, dispositions and receipts of information from such lists to be unlawful and making certain exceptions thereto; amending K.S.A. 21-3914 and 25-2320a and repealing the existing sections.

SB 823, by Committee on Ways and Means: An act concerning the county equalization and adjustment fund; abolishing such fund; amending K.S.A. 68-402b, 79-3425c and 79-3425d and repealing the existing sections.

SB 824, by Committee on Ways and Means: An act concerning state officers and employees; relating to salaries and compensation; concerning revision of the classification and compensation of certain job classes; making appropriations for the fiscal year ending June 30, 1995, and authorizing certain transfers and adjustments in expenditure limitations therefor.

SB 825, by Committee on Ways and Means: An act relating to judicial districts; amending K.S.A. 4-226 and repealing the existing section.

SB 826, by Committee on Federal and State Affairs: An act concerning alcoholic beverages; requiring permits for certain licensees and certain persons mixing, serving or selling such beverages; prohibiting certain acts and providing remedies for violations.

SB 827, by Committee on Federal and State Affairs: An act concerning the office of governor; relating to emergency interim successors; amending K.S.A. 48-1204 and repealing the existing section.

State of Kansas

City of Kansas City

Notice to Archeologists

The city of Kansas City, Kansas, is seeking a qualified archeologist consultant for the following transportation enhancement-historic project:

Quindaro Townsite Stabilization
(Underground Railroad Site)
Project No. 105-TE-0049-01

City of Kansas City, Wyandotte County

A signed letter of interest must be mailed to Frederick A. Backus, P.E., City Engineer, Municipal Office Building, 701 N. 7th, Kansas City, KS 66101. Responses must be received by 4 p.m. Friday, March 18, if the archeologist consultant wishes to be considered.

This project requires archeological services for the emergency stabilization and the continued recordation, reporting, and planning of long-term development of the portion of Quindaro Townsite owned by the city of Kansas City, Kansas, and listed on the Kansas Register of Historic Places.

Archeologists that express an interest will receive background information, project details, and a prequalification questionnaire. Based on the completion and submittal of this questionnaire, and supplemental documentation, the city will select the most highly qualified firms (not less than three, nor more than five). After selection of these most qualified archeologists, the remaining firms will be notified by mail.

Those firms selected will be invited to a pre-proposal conference where a negotiating committee will conduct discussions. The negotiating committee will select one firm with which to negotiate a contract. The following are some of the criteria that will be used as a basis for selection of the archeologist consultant:

1. Professional qualifications and staff.
2. Experience on historical buildings.
3. Location of firm with respect to proposed project.
4. Present work load of firm.
5. List of historical type projects.

After the contract has been awarded, the remaining firms will be notified by letter.

Frederick A. Backus, P.E.
City Engineer
Procurement Officer

Mike Vilander, Goodyear Tire and Rubber Company, P.O. Box 1069, Topeka 66601. Serves at the pleasure of the Governor. Succeeds Don Lilya, resigned.

Bill Graves
Secretary of State

(Published in the Kansas Register, March 10, 1994.)

**Summary Notice of Sale
City of Lenexa, Kansas
General Obligation Bonds
Series 1994-A**

**(General obligations payable from
unlimited ad valorem taxes)**

Sealed Bids

Subject to the official notice of sale and preliminary official statement dated March 4, 1994, sealed bids will be received by the city clerk of the city of Lenexa, Kansas, on behalf of the governing body at the City Hall, 12350 W. 87th St. Parkway, Lenexa, KS 66215, until 11 a.m. Central Time on Thursday, March 17, 1994, for the purchase of \$1,880,000 principal amount of General Obligation Bonds, Series 1994-A. No bid of less than 99.25 percent of the principal amount of the bonds and accrued interest to the date of delivery will be considered.

Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated April 1, 1994, and will become due serially on September 1 in the years as follows:

| Year | Principal Amount |
|------|------------------|
| 1996 | \$205,000 |
| 1997 | 210,000 |
| 1998 | 220,000 |
| 1999 | 230,000 |
| 2000 | 235,000 |
| 2001 | 250,000 |
| 2002 | 260,000 |
| 2003 | 270,000 |

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semi-annually on March 1 and September 1 in each year, beginning on September 1, 1994.

Delivery

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder(s) within 30 days after the date of sale in the Kansas City, Missouri, metropolitan area.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1993 was \$451,257,721. The total general obligation indebtedness of the city as of the date of the bonds, including the bonds being sold, is \$56,960,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Logan, Riley, Carson & Kaup, L.C., Overland Park, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder(s) as and when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the city clerk or from the financial advisor, Mark Twain Bank, Public Finance Division, 106 W. 11th, Suite 130, Kansas City, MO 64105, (816) 421-4440.

Dated March 4, 1994.

**Department of Health
and Environment**

**Request for Variance from
Hazardous Waste Regulations**

The Kansas Department of Health and Environment is providing public notice that on October 18, 1993, Kansas Plating, Inc., 1110 N. Mosley, Wichita, submitted a request for a variance from specific hazardous waste regulations. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-4(g)(1) and 40 CFR 265.176, which require the storage of containers holding ignitable hazardous waste must be located at least 15 meters (50 feet) from the facility's property line.

Kansas Plating, Inc. generates ignitable hazardous waste. The hazardous waste is stored prior to being shipped off-site for disposal. Kansas Plating, Inc. proposes to store this waste in a metal building adjacent to a paved street and over 150 feet from other companies' buildings. KDHE has reviewed the variance request and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice is being provided of the tentative decision to grant the variance.

Copies of the variance request will be available for public review until April 9 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Building 740, Forbes Field, Topeka, and at the KDHE district office, 1919 Amidon, Suite 130, Wichita.

Comments concerning this variance request may be directed to Candy Williamson, Hazardous Waste Section, KDHE, Building 740, Forbes Field, Topeka 66620. Comments must be submitted in writing prior to March 28. Requests for additional information may be made by contacting KDHE at (913) 296-1600.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting shall state the issues to be raised and shall explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting, a separate public notice detailing the date and place of the meeting will be issued.

After evaluating all public comments, a final decision shall be made by the secretary and a notice of the final decision shall be published in the Kansas Register. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment shall be specified by the secretary. A date upon which the variance will no longer be valid shall be prescribed in the final decision.

Notice of Proposed Permit Action

The Secretary of Health and Environment is proposing to issue an air emission source construction/conditional operating permit in accordance with K.A.R. 28-19-14 (permits required) to N.R. Hamm Quarry, Inc. (Hamm), Perry, to install and operate a portable rock crushing plant to be initially located at Section 11, T10S, R15E, Shawnee County.

Written materials, including the permit application and information relating to the application submitted by Hamm and the draft permit, are available for public inspection during normal business hours through April 7 by contacting L.C. Hinthier, Bureau of Air and Radiation, KDHE, Building 283, Forbes Field, Topeka, (913) 296-1576. Questions concerning this proposed permit should be directed to L.C. Hinthier.

K.S.A. 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to the permit's issuance. The request must be in writing and addressed to the secretary. If the secretary determines there is sufficient reason in the request, a public hearing will be conducted—the place, date and time of the hearing will be announced in this publication. A request for a hearing or written comments on the proposed permit must be submitted to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, before April 7.

Notice of Proposed Permit Action

The Secretary of Health and Environment is proposing to issue an air emission source construction permit in accordance with K.A.R. 28-19-14 (permits required) to Sprint (North Supply), Westwood, to install and operate two diesel engine driven electric generators at 600 Industrial Parkway, Industrial Airport, Kansas.

Written materials, including the permit application and information relating to the application submitted by Sprint and the draft permit, are available for public inspection during normal business hours through April 7 by contacting Pat Simpson, Air Quality Representative, Northeast District KDHE office, Lawrence, (913) 842-4600. This material also can be reviewed at the KDHE office in Building 283, Forbes Field, Topeka. Questions concerning this proposed permit should be directed to L.C. Hinthier, KDHE, (913) 296-1576.

K.S.A. 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to the permit's issuance. The request must be in writing and addressed to the secretary. If the secretary determines there is sufficient reason in the request, a public hearing will be conducted—the place, date and time of the hearing will be announced in this publication. A request for a hearing or written comments on the proposed permit must be submitted to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, before April 7.

Notice of Proposed Permit Action

The Secretary of Health and Environment is proposing to issue an air emission source construction permit in accordance with K.A.R. 28-19-14 (permits required) to Dimension Graphics, Inc. to install and operate a printing press with dryer and catalytic incinerator at 13915 W. 107th, Lenexa.

Written materials, including the permit application and information relating to the application submitted by Dimension Graphics, draft permit, permit summary and analysis by KDHE describing the basis for the proposed permit, are available for public inspection during normal business hours through April 7 by contacting Michael Boothe, Environmental Specialist/Air Quality, Johnson County Environmental Department, 11180 Thompson Ave., Lenexa, (913) 492-0402. This material also can be reviewed at the KDHE office in Building 283, Forbes Field, Topeka. Questions concerning this proposed per-

mit should be directed to Eugene Sallee, KDHE, (913) 296-1575.

K.S.A. 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to the permit's issuance. The request must be in writing and addressed to the secretary. If the secretary determines there is sufficient reason in the request, a public hearing will be conducted—the place, date and time of the hearing will be announced in this publication. A request for a hearing or written comments on the proposed permit must be submitted to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63, 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for discharges to the waters of the United States and the state of Kansas for the applicants described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

Public Notice No. KS-AG-94-12/14

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|--|-------------------------|
| David Stapleton Route 1, Box 85 Plains, KS 67869 | S/2, Sec. 22, T30S, R29W, Meade County | Cimarron River Basin |

Kansas Permit No. A-CIME-H004 Federal Permit No. KS-0090468

The proposed facility has the capacity for approximately 5,016 swine. Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided in excess of minimum requirements.

Compliance Schedule: None, existing controls adequate.

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|--|-------------------------------|
| Schriner Farms Randy Schriner Route 1, Box 6 Albert, KS 67511 | NE/4, Sec. 35, T18S, R16W, Rush County | Upper Arkansas River Basin |

Kansas Permit No. A-UARH-C001 Federal Permit No. KS-0037711

The feedlot has capacity for approximately 2,000 cattle and a contributing drainage area of approximately 38 acres. This is an existing facility.

Runoff Control Facilities: Feedlot runoff is impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided in excess of 11.4 acre-foot.

Compliance Schedule: A livestock waste management plan for the facility shall be developed. The plan shall cover, but not be limited to, the following items: handling and disposal equipment for both solid and liquid wastes, land application practices used to protect against runoff and leaching, waste application rates based on crop nutrient utilization, and identification of adequate land areas for application of all wastes. Detailed guidance and requirements will be provided by the department. A plan shall be submitted to the department within six months following receipt of detailed requirements. The approved plan will become part of this permit.

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|---|-------------------------|
| West Plains Grain, Inc., dba Amigo Ranch J. K. Kimball P.O. Box 534 Scott City, KS 67871 | NW/4, Sec. 5, T34S, R32W, Seward County | Cimarron River Basin |

Kansas Permit No. A-CISW-C004 Federal Permit No. KS-0089893

The feedlot has capacity for approximately 4,000 cattle and a contributing drainage area of approximately 23.0 acres. This is an expansion of an existing facility.

Runoff Control Facilities: Feedlot runoff is impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided in excess of 10.0 acre-foot.

Compliance Schedule: A livestock waste management plan for the facility shall be developed. The plan shall cover, but not be limited to, the following items: handling and disposal equipment for both solid and liquid wastes, land application practices used to protect against runoff and leaching, waste application rates based on crop nutrient utilization, and identification of adequate land areas for application of all wastes. Detailed guidance and requirements will be provided by the department. A plan shall be submitted to the department within six months following receipt of detailed requirements. The approved plan will become part of this permit.

Written comments on the proposed determinations may be submitted to Bethel Spotts, Permit Clerk, or Dorothy Geisler (agricultural permits), Kansas Department of Health and Environment, Division of Environment, Bureau of Water, Forbes Field, Topeka 66620.

All comments postmarked or received on or before April 9 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate public notice number (KS-AG-94-12/14) and the name of applicant as listed when preparing comments.

If no objections are received during the public notice period, the Secretary of Health and Environment will issue the final determinations. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61. Media coordination (newspapers, radio) for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

The application, proposed permit, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Kansas Department of Health and Environment offices, Building 740, Forbes Field, Topeka, from 8 a.m. to 4:30 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

Public Notice

The Kansas Department of Health and Environment has received and reviewed a municipal solid waste landfill permit application from Deffenbaugh Industries, Inc. of Shawnee, Kansas, located on East 700th Ave. between North 250th and Nelson St. southwest of Arcadia. The site area is approximately 630 acres with approximately 288 acres used for disposal. Deffenbaugh Industries is the operator of the existing Crawford County landfill. KDHE is providing public notice of its intent to issue a municipal solid waste landfill permit to Deffenbaugh Industries, Inc.

A copy of the administrative record, which includes the draft permit, permit application, and all information regarding this permit action, is available for public review until March 28 from 8 a.m. to 4:30 p.m. Monday through Friday at the following locations:

Kansas Department of Health and Environment
Solid Waste Section
Forbes Field, Building 740
Topeka 66620
Contact: Tom Gross
(913) 296-1603

Kansas Department of Health and Environment
1501 S. Joplin
Shirk Hall, 4th Floor
Pittsburg 66762
Contact: Murray Balk
(316) 231-8540

Anyone wishing to comment on the draft permit or permit application should submit written statements postmarked no later than March 28 to Tom Gross at the Topeka KDHE address.

A public hearing will be held in conjunction with the public comment period. A public hearing has been scheduled for 7 p.m. March 28 at Kelce Hall on the Pittsburg State University campus. After consideration of all comments received, the director of the Division of Environment will make a final permit decision. Notice of the decision will be given to the applicant, all persons who submitted written comments, those who commented at the public hearing, and those who requested notice of the final permit decision.

Permanent Administrative
Regulations

Article 1.—CERTIFICATE REGULATIONS

91-1-56. Certificate renewal based upon age. (a) Subject to the provisions of subsection (b), any person holding a valid Kansas certificate issued by the state board who is 60 years of age or older may be issued a renewal without recent college credits if the applicant presents:

- (1) Evidence of serving 150 days of the school year immediately preceding the effective date of the renewal;
- (2) evidence of serving 150 days in each of five of the six school years immediately preceding the effective date of the renewal; and
- (3) a request for certificate renewal from the employing official of the school in which the applicant is to serve.

(b) Any certificate issued after July 1, 1994 shall not be eligible for renewal under this regulation. (Authorized by Article 6, Section 2(a) of the Kansas Constitution; effective (temporary) January 8, 1982; (permanent) May 1, 1982; amended April 25, 1994.)

91-1-102a. Health. (a) Each applicant for a health education endorsement shall have successfully completed a state-approved health education program and shall be recommended by a teacher education institution.

(b) A state-approved program in health education shall consist of a course of study requiring each student to demonstrate knowledge of:

- (1) The aims and objectives of health education in the schools;
- (2) human physiology and anatomy, basic body chemistry, microbiology, genetics, and ecology;
- (3) the behavioral and social sciences pertinent to the study of health;
- (4) personal health and physical fitness;
- (5) community and environmental health, including sanitation and pollution;
- (6) nutrition, including weight control, food fads, and diet supplements;
- (7) emotional and mental health;
- (8) the physical, social, and emotional health hazards of drugs, alcohol, and tobacco;
- (9) the physical and emotional aspects of sex;
- (10) communicable diseases (including venereal disease), body defenses, and immunization programs;
- (11) common physical and mental exceptionalities and degenerative diseases;
- (12) consumer health, including the evaluation of advertising for the selection of health products and professional services;
- (13) first aid and emergency care;
- (14) safety in outdoor, water, home, industrial, and traffic settings;
- (15) a variety of methods and modalities for teaching human sexuality, including information about sexually transmitted diseases, especially acquired immune deficiency syndrome (AIDS); and

(16) the rights and responsibilities of the individual as they relate to family systems and parenthood.

(c) Each program shall provide experience in developing, promoting, and implementing a school health environment and cooperative relationships with voluntary, community, and other health agencies.

(d) Prior to July 1, 1994, any institution may request that its health education program be approved by the state board under the provisions of this regulation.

(e) On and after July 1, 1994, any institution desiring to have an approved health education program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

91-1-104b. Home economics (non-vocational). (a) Each applicant for a home economics endorsement shall have successfully completed a state-approved home economics program and be recommended by a teacher education institution.

(b) A state-approved program in home economics shall consist of a course of study requiring each student to demonstrate knowledge of:

(1) The developmental processes of children and creating and maintaining an environment in which children and families develop and interact as individuals and family members;

(2) a multiplicity of factors involved in clothing and textiles which satisfy the needs of persons and families;

(3) the importance of making value judgments and decisions about shelter needs, furnishings, and equipment for individuals and families;

(4) the appropriate selection, planning, preparation and serving of foods according to nutritional needs of various individuals, families, and groups;

(5) the proper management of individual and family resources to achieve individual and family goals at the various stages of the life cycle;

(6) the maintenance of appropriate human relations in planning, developing, teaching, supervising, and evaluating programs in occupational home economics;

(7) a variety of methods and modalities for teaching human sexuality, including information about sexually transmitted diseases, especially acquired immune deficiency syndrome (AIDS); and

(8) the rights and responsibilities of the individual as they relate to family systems and parenthood.

(c) Prior to July 1, 1994, any institution may request that its home economics program be approved by the state board under the provisions of this regulation.

(d) On and after July 1, 1994, any institution desiring to have an approved home economics program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

91-1-104c. Middle-level home economics. (a) Each applicant for a home economics endorsement at the middle level shall have successfully completed a state-approved middle-level home economics program and shall be recommended by a teacher education institution.

(b) Approved programs shall require students to complete a course of study requiring the students to demonstrate:

(1) Knowledge of the multidisciplinary approach of home economics. The course of study shall require students to demonstrate the ability to:

(A) Identify the comprehensive scope of home economics;

(B) analyze the contribution of each area of home economics to personal and family life; and

(C) identify occupational opportunities in the field;

(2) knowledge of the family unit. The course of study shall require students to demonstrate:

(A) Knowledge of the development, care, and guidance of a child from infancy through preschool;

(B) the ability to analyze factors which influence positive self-concept and successful interpersonal relations; and

(C) the ability to relate development of self-concept to peer and family relationships throughout the life cycle;

(3) knowledge of home economics content. The course of study shall require students to demonstrate the ability to:

(A) Identify and apply the principles of the decision-making process to personal, family, consumer, and resource management;

(B) evaluate consumer issues as they relate to the individual, family, and the community;

(C) recognize the effect of housing and space needs on individuals and families;

(D) identify and apply methods and techniques of clothing selection, care and construction that are timely and energy efficient;

(E) understand the principles of nutrition, food selection and preparation;

(F) identify the relationship of grooming practices to personal health and appearance; and

(G) identify safety procedures in the management of home and family life;

(4) knowledge of home economics education. The course of study shall require students to demonstrate the ability to:

(A) Develop and evaluate curriculum appropriate for middle-level home economics; and

(B) develop and demonstrate the use of teaching materials, resources and techniques appropriate for middle-level home economics; and

(5) knowledge of human sexuality and sexually transmitted diseases, including AIDS. The course of study shall require students to demonstrate knowledge of:

(A) A variety of methods and modalities for teaching human sexuality; and

(B) the rights and responsibilities of the individual as they relate to family systems and parenthood.

(c) Prior to July 1, 1994, any institution may request that its middle-level home economics program be approved under the provisions of this regulation.

(d) On and after July 1, 1994, any institution desiring to have an approved middle-level home economics program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of

(continued)

the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

91-1-110c. Physical education. (a) Each applicant for a physical education endorsement shall have successfully completed a state-approved physical education program and shall be recommended by a teacher education institution.

(b) A state-approved program in physical education shall consist of a course of study requiring each student to demonstrate knowledge of:

(1) The aims and objectives of physical education and the development of curricula to meet those aims and objectives by:

(A) Planning programs using the purposes and objectives of physical education; and

(B) describing the values of physical fitness to society and to individuals;

(2) physical education from historical and philosophical perspectives;

(3) human movement sciences by:

(A) Identifying the structure and communicating an understanding of the function of the human organism;

(B) communicating an understanding of the principles of physiological processes and principles involved in efficient motor skill learning and exercise;

(C) communicating an understanding of the principles of the kinematics of the human body during movement activities;

(D) identifying and applying the relationships between age-related physical changes and physical activity; and

(E) demonstrating a knowledge and understanding of socio-psychological dimensions of physical activity and sport;

(4) the proper conduct of a program of physical education that is appropriate to level of endorsement by:

(A) Identifying and applying skills, techniques, and methodologies associated with physical activities using fundamental motor skills in physical fitness programs, tumbling and gymnastics, individual and dual sports, team sports and games, rhythms, dance and aquatics; and

(B) demonstrating the ability to organize and administer interscholastic and intramural programs;

(5) the care and prevention of minor athletic injuries, and the administration of first aid by:

(A) Demonstrating the ability to discriminate between serious and minor athletic injuries;

(B) demonstrating the ability to administer first aid to a wide array of minor injuries;

(C) demonstrating the ability to administer cardiopulmonary resuscitation to another human being;

(D) demonstrating taping and support procedures for a wide array of minor athletic problems; and

(E) applying the methods utilized in the prevention of athletic injuries;

(6) development of individual physical fitness by:

(A) Demonstrating knowledge of the strengths and weaknesses of lifetime activities for maintaining fitness;

(B) demonstrating the ability to design and implement an individual physical fitness program; and

(C) identifying risks associated with certain sporting and physical fitness activities;

(7) a variety of methods and modalities for teaching human sexuality, including information about sexually transmitted diseases, especially acquired immune deficiency syndrome (AIDS); and

(8) the rights and responsibilities of the individual as they relate to family systems and parenthood.

(c) Prior to July 1, 1994, any institution may request that its physical education program be approved by the state board under the provisions of this regulation.

(d) On and after July 1, 1994, any institution desiring to have an approved physical education program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

91-1-112c. General science. (a) Each applicant for a general science endorsement shall have successfully completed a state-approved program in general science and shall be recommended by a teacher education institution.

(b) A state-approved program in general science shall consist of a course of study requiring each student to demonstrate:

(1) Knowledge of:

(A) basic processes, concepts and principles of biology, chemistry, physics, and earth and space science;

(B) the cultural, intellectual, and philosophical nature of science;

(C) advanced algebra, trigonometry, matrices and determinants, exponential and logarithmic functions and probability;

(D) a variety of methods and modalities for teaching human sexuality, including information about sexually transmitted diseases, especially acquired immune deficiency syndrome (AIDS); and

(E) the rights and responsibilities of the individual as they relate to family systems and parenthood;

(2) the ability to:

(A) utilize basic problem-solving processes, including observation, inference, measurement, prediction, use of numbers, classifying and use of space and time relationships in both physical and life science;

(B) utilize integrated process skills, including identification and control of variables, interpretation of data, formulation and testing of hypotheses, and experimentation in both physical and life science;

(C) identify and describe broad-based interrelationships among biology, chemistry, physics, and earth and space science;

(D) describe the relationships among the lithosphere, atmosphere, hydrosphere and man's environment as they apply to the study of general biology, chemistry, physics, and earth and space science;

(E) describe and apply analytical methods in multidisciplinary approaches to studying and solving problems encountered by societies living in a world with finite resources, population increase, and diminishing energy reserves;

(F) describe the relationship between science and technology, and illustrate the impact of technological developments on cultures within society;

(G) illustrate that science involves the use of basic problem-solving skills to increase personal appreciation of the total environment, as well as their practical application;

(H) illustrate, through laboratory experiences, the open-ended, spiraling nature of scientific inquiry as a cyclic, continuous process; and

(I) use computers for classroom instruction in science.

(c) Prior to July 1, 1994, any institution may request that its general science program be approved under the provisions of this regulation.

(d) On and after July 1, 1994, any institution desiring to have an approved general science program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

91-1-112d. Middle-level science. (a) Each applicant for a science endorsement at the middle level shall have successfully completed a state-approved middle-level science program and shall be recommended by a teacher education institution.

(b) Approved programs shall require students to complete a course of study requiring the students to demonstrate:

(1) Knowledge of the basic principles of biological science, physical science, and earth science including a knowledge of:

(A) Classification systems, basic health principles, continuity, structure/function, diversity, evolution, nutrition, behavior, life cycles and energy systems;

(B) metric measures, matter and energy, the basic principles of physics, and the basic principles of chemistry; and

(C) basic geology, forces changing the earth, meteorology, and descriptive astronomy;

(2) an understanding of and the ability to use the scientific method by being proficient in:

(A) Organization and use of laboratory equipment;

(B) field observation; and

(C) process skills, including identifying and controlling variables, interpreting data, formulating and teaching hypotheses, and experimenting;

(3) an understanding of the relationships between scientific principles and everyday life by displaying:

(A) Skill in using scientific principles to improve human life and to help students cope with an increasingly technological world; and

(B) awareness of the nature of a wide variety of science and technological careers open to students;

(4) the ability to apply mathematical principles to the study of scientific issues;

(5) the ability to use computers for classroom instruction in science;

(6) the ability to relate the study of science to science-related societal issues;

(7) knowledge of a variety of methods and modalities for teaching human sexuality, including information about sexually transmitted diseases, especially acquired immune deficiency syndrome (AIDS); and

(8) knowledge of the rights and responsibilities of the individual as they relate to family systems and parenthood.

(c) Prior to July 1, 1994, any institution may request that its middle-level science program be approved under the provisions of this regulation.

(d) On and after July 1, 1994, any institution desiring to have an approved middle-level science program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

91-1-113b. Biology. (a) Each applicant for a biology endorsement at the secondary level shall have successfully completed a state-approved program in biology, shall have met the general requirements in S.B.R. 91-1-112a and shall be recommended by a teacher education institution.

(b) A state-approved program shall consist of a course of study requiring each student to demonstrate knowledge of:

(1) The fundamentals of biology, including botany, zoology, bacteriology or microbiology, anatomy, and physiology;

(2) laboratory techniques concerned with the study of systematics, development, evolution, genetics, behavior, homeostatic mechanisms and all the life processes in animals, plants, and microbes;

(3) the fundamentals of ecology;

(4) the proper conduct and direction of meaningful field trips and investigations concerned with obtaining information on ecological populations, ecosystems, energy flow, nutrient cycles and the sociobiological aspects of ecology;

(5) chemistry, mathematics, and physical science or physics including:

(A) Knowledge of the laboratory techniques equivalent to general college chemistry;

(B) subject-matter knowledge equivalent to general college physical science or college physics; and

(C) a working knowledge of mathematics equivalent to college algebra;

(6) a variety of methods and modalities for teaching human sexuality, including information about sexually transmitted diseases, especially acquired immune deficiency syndrome (AIDS); and

(7) the rights and responsibilities of the individual as they relate to family systems and parenthood.

(c) Prior to July 1, 1994, any institution may request that its biology program be approved by the state board under the provisions of this regulation.

(d) On and after July 1, 1994, any institution desiring to have an approved biology program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 1, 1993; amended April 25, 1994.)

Dr. Lee Droegemueller
Commissioner of Education

Doc. No. 014540

State of Kansas

Coffey County, Kansas

Notice to Contractors

Sealed bids will be received by the owner at 2 p.m. March 28 for the 1994 EOC and 911 Center remodeling project at the Coffey County Courthouse. Plans will be available at the architect's office, Ossmann Associates, Inc., 921 S.W. Topeka Blvd., Topeka 66612, for a \$50 deposit.

Coffey County Commissioners
Burlington, Kansas

Doc. No. 014536

State of Kansas

Department of Health
and EnvironmentPermanent Administrative
RegulationsArticle 31.—HAZARDOUS WASTE MANAGEMENT
STANDARDS AND REGULATIONS

28-31-1. General provisions. (a) Any reference in these rules and regulations to standards, procedures, or requirements of 40 CFR Parts 124, 260, 261, 262, 263, 264, 265, 266, 268, or 270, as in effect on July 1, 1992, and 49 CFR Parts 172, 173, 178 or 179, as in effect on October 1, 1992, inclusive shall constitute a full adoption by reference of the part, subpart, and paragraph so referenced, including any notes and appendices associated therewith, unless otherwise specifically stated in these rules and regulations.

(b) When used in any provision adopted from 40 CFR Parts 124, 260, 261, 262, 263, 264, 265, 266, 268, or 270, as in effect on July 1, 1992, inclusive, references to "the United States" shall be replaced with "the state of Kansas," "environmental protection agency" shall be replaced with the "Kansas department of health and environment," "administrator" or "regional administrator" shall be replaced with the "secretary" and "Federal Register" shall be replaced with the "Kansas Register." (Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-2. Definitions. (a) Incorporation. 40 CFR 260 subpart B, as in effect on July 1, 1992, is adopted by reference.

(b) "Disposal authorization" means approval from the secretary to dispose of hazardous waste in Kansas.

(c) "EPA generator" means any person who meets any of the following conditions:

(1) Generates in any single calendar month or accumulates at any time 1,000 kilograms (2,200 pounds) or more of hazardous waste;

(2) generates in any single calendar month or accumulates at any time 1 kilogram (2.2 pounds) of acutely hazardous waste; or

(3) generates or accumulates at any time 25 kilograms (55 pounds) or more of debris and contaminated materials from the clean up of spillage of acutely hazardous waste.

(d) "Kansas generator" means any person who meets all of the following conditions:

(1) Generates 25 kilograms (55 pounds) or more of hazardous waste and less than 1,000 kilograms (2,200 pounds) in any single calendar month;

(2) accumulates at any time no more than 1,000 kilograms (2,200 pounds) of hazardous waste or 1 kilogram (2.2 pounds) of acutely hazardous waste; and

(3) generates or accumulates at any time no more than 25 kilograms (55 pounds) of debris and contaminated materials from the clean up of spillage of acutely hazardous waste.

(e) "Small quantity generator" means any person who meets all of the following conditions:

(1) Generates less than 25 kilograms (55 pounds) of hazardous waste, or less than 1 kilogram (2.2 pounds) of acutely hazardous waste in any single calendar month; and

(2) accumulates at any time less than 1,000 kilograms (2,200 pounds) of hazardous waste or 1 kilogram (2.2 pounds) of acutely hazardous waste, or less than 25 kilograms (55 pounds) of debris and contaminated materials from the clean up of spillage of acutely hazardous waste.

(f) Differences between state and federal definitions. When the same word is defined both in the Kansas statutes or these regulations and in any federal regulation adopted by reference in these rules and regulations and the definitions are not identical, the definition prescribed in the Kansas statutes or regulations shall control. (Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-84-5, Feb. 10, 1983; amended May 1, 1984; amended, T-85-42, Dec. 19, 1984; amended May 1, 1985; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-3. Identification of characteristics and listing of hazardous waste. (a) Incorporation. 40 CFR Part 261, as in effect on July 1, 1992, is adopted by reference, except for section 261.5.

(b) Rulemaking petitions. 40 CFR Part 260 subpart C except for sections 260.21 and 260.22, as in effect on July 1, 1992 is adopted by reference. A re-evaluation of a petition that has previously been approved may be conducted by the department at any time for just cause. (Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-84-5, Feb. 10, 1983; amended May 1, 1984; amended, T-85-42, Dec. 19, 1984; amended May 1, 1985; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-4. Standards for generators of hazardous waste. (a) Purpose, scope and applicability. All generators of hazardous waste and any person who imports hazardous waste into Kansas shall comply with the standards of this regulation. In addition, each owner or op-

erator of a treatment, storage or disposal facility who initiates a shipment of hazardous waste shall comply with the standards of this regulation.

(b) Hazardous waste determination. Any person who generates a solid waste, as defined by 40 CFR 261.2, as in effect on July 1, 1992, shall determine if that waste is a hazardous waste using the following methods.

(1) The person shall first determine if the waste is excluded from regulation under 40 CFR 261.4, as in effect on July 1, 1992.

(2) If it is not excluded under paragraph (1), the person shall next determine if the waste is listed as a hazardous waste in 40 CFR 261 subpart D, as in effect on July 1, 1992.

(3) If the waste is not listed as a hazardous waste in 40 CFR 261 subpart D, as in effect on July 1, 1992, the person shall determine whether the waste is identified in 40 CFR 261 subpart C, as in effect on July 1, 1992 by either:

(A) Submitting the waste for testing according to the methods in 40 CFR 261 subpart C, as in effect on July 1, 1992, by a laboratory which is certified for such analyses by the department; or

(B) applying knowledge of the hazardous characteristics of the waste in light of materials or processes used.

(4) If the waste is determined to be hazardous, the generator shall refer to 40 CFR 261, 262, 264, 265, 266 and 268, as in effect on July 1, 1992, for possible exclusions or restrictions pertaining to management of each specific waste.

(c) EPA identification numbers.

(1) All Kansas and EPA generators shall apply for and obtain an EPA identification number from the department prior to treating, storing, disposing, transporting, or offering for transportation hazardous waste. A generator who has not received an EPA identification number may obtain one by applying to the department using a form supplied by the department. Whenever there is a change in the information originally submitted to obtain an EPA identification number, the generator shall update that information. The generator shall submit these changes to the department on a form supplied by the department.

(2) A Kansas or EPA generator shall not offer hazardous waste to transporters or to treatment, storage or disposal facilities that do not have an EPA identification number.

(d) Manifest requirements.

(1) General requirements. Each Kansas and EPA generator who transports hazardous waste or offers hazardous waste for transportation for off-site treatment, storage, or disposal shall prepare and use a manifest with OMB control number 2050-0039 which complies with EPA form 8700-22, and if necessary, 8700-22A according to the instructions included in the appendix to 40 CFR Part 262, as in effect on July 1, 1992. The generator shall comply with the following requirements.

(A) Each generator shall designate on the manifest one facility which is permitted to handle the waste described on the manifest.

(B) Each generator may also designate on the manifest one alternate facility which is permitted to handle the

waste in the event an emergency prevents delivery of the waste to the primary designated facility.

(C) If the transporter is unable to deliver the hazardous waste to the designated facility or the alternate facility, the generator shall either designate another facility or instruct the transporter to return the waste.

(2) Acquisition of manifests. If the shipment is to be transported to a state requiring use of that state's manifest, then the generator shall use the manifest of the consignment state. If the consignment state does not supply the manifest, then the generator may obtain the manifest from any source.

(3) Number of copies. At a minimum, the manifest shall have sufficient copies to provide the generator, each transporter, and the owner or operator of the designated facility with one copy each for their records and another copy to be returned to the generator.

(4) Use of the manifest. The generator shall:

(A) Sign the manifest certification by hand;

(B) obtain the handwritten signature of the initial transporter and the date of acceptance on the manifest;

(C) retain one copy for the generator's records; and

(D) give the transporter the remaining copies of the manifest.

(5) Water shipments. When bulk shipments only of hazardous waste are transported within the United States solely by water, the generator shall send three copies of the manifest, dated and signed in accordance with this section, to the owner or operator of the designated facility or the last bulk water transporter to handle the waste in the United States if exported by water. Copies of the manifest shall not be required for each transporter.

(6) Rail shipments. When rail shipments of hazardous waste within the United States originate at the site of generation, the generator shall send at least three copies of the manifest, dated and signed in accordance with this section, to:

(A) The next non-rail transporter, if any;

(B) the designated facility, if transported solely by rail; or

(C) the last rail transporter to handle the waste in the United States if exported by rail.

(7) Manifest exemption. The requirements of this subsection shall not apply to Kansas generators when the waste is reclaimed under a contractual agreement pursuant to which:

(A) The type of waste and frequency of shipments are specified in the agreement;

(B) the vehicle used to transport the waste to the recycling facility and to deliver regenerated material back to the generator is owned and operated by the claimer of the waste; and

(C) the generator maintains a copy of the reclamation agreement for a period of at least three years after termination or expiration of the agreement.

(e) Pre-transport requirements.

(1) Packaging. Before transporting hazardous waste or offering hazardous waste for transportation off-site, each Kansas and EPA generator shall package the waste in accordance with 49 CFR Parts 173, 178, and 179, as in effect on July 1, 1992.

(continued)

(2) Labeling. Before transporting or offering hazardous waste for transportation off-site, the Kansas or EPA generator shall label each package in accordance with 49 CFR Part 172, as in effect on July 1, 1992.

(3) Marking.

(A) Before transporting or offering hazardous waste for transportation off-site, the Kansas or EPA generator shall mark each package of hazardous waste in accordance with 49 CFR Part 172, as in effect on July 1, 1992.

(B) Before transporting hazardous waste or offering hazardous waste for transportation off-site, the Kansas or EPA generator shall mark each container of 110 gallons or less used in transportation with the following words and information:

HAZARDOUS WASTE—Federal Law Prohibits Improper Disposal. If found, contact the nearest police or public safety authority or the U.S. Environmental Protection Agency.

Generator's Name and Address _____

Manifest Document Number _____

This statement and information shall be displayed in accordance with the requirements of 49 CFR 172.304, as in effect on July 1, 1992.

(4) Placarding. Before transporting hazardous waste or offering hazardous waste for transportation off-site, each Kansas or EPA generator shall placard or offer the initial transporter the appropriate placards according to 49 CFR 172, subpart F, as in effect on July 1, 1992.

(f) Recordkeeping and reporting.

(1) Recordkeeping.

(A) Each Kansas and EPA generator shall keep a copy of each signed manifest. This signed copy shall be retained as a record for at least three years from the date the waste was accepted by the initial transporter or until receipt of a copy signed by a representative of the designated facility which received the waste. The copy signed by the designated facility must be retained as a record for at least three years from the date the waste was accepted by the initial transporter.

(B) Each Kansas and EPA generator shall keep a copy of each biennial report and exception report for a period of at least three years from the due date of the report.

(C) Each Kansas and EPA generator shall keep records of any test results, waste analyses, or other determinations for at least three years from the date that the waste was last sent for on-site or off-site treatment, storage, or disposal.

(D) The periods for retention referred to in this regulation shall be extended automatically during the course of any unresolved enforcement action regarding the regulated activity or as requested by the secretary.

(2) Biennial report.

(A) Each Kansas and EPA generator shall prepare and submit a single copy of a biennial report to the secretary by March 1 of each even-numbered year. The biennial report shall be submitted on a form provided by the department and shall cover generator activities during the previous calendar year or years. The biennial report shall include, but not be limited to, the following information:

(i) The EPA identification number, name, and address of the generator;

(ii) the calendar year or years covered by the report;

(iii) the EPA identification number, name, and address for each off-site treatment, storage, or disposal facility to which waste was shipped. For exported shipments, the report shall give the name and address of the foreign facility;

(iv) the name and EPA identification number of each transporter used;

(v) a description of the waste and the EPA hazardous waste number, DOT hazard class, and quantity of each hazardous waste shipped off-site. This information shall be listed by EPA identification number of each off-site treatment, storage, or disposal facility to which waste was shipped;

(vi) a description of the efforts undertaken to reduce the volume and toxicity of waste generated;

(vii) a description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent such information is available; and

(viii) the certification signed by the generator or authorized representative.

(B) Any Kansas or EPA generator who treats, stores, or disposes of hazardous waste on-site shall submit a biennial report covering those wastes in accordance with the provisions of 40 CFR Parts 270, 264, 265, and 266, as in effect on July 1, 1992.

(3) Monitoring fee reports. Each Kansas and EPA generator shall prepare and submit a report to the secretary by March 1 of each year which details the total quantities of hazardous waste produced during the previous year. The generator shall pay and submit the monitoring fee required by K.A.R. 28-31-10(g) with the report.

(4) Exception reporting.

(A) Any Kansas or EPA generator who does not receive a copy of the manifest with the handwritten signature of the owner or operator of the designated facility within 35 days of the date the waste was accepted by the initial transporter, shall contact the transporter, the owner or operator of the designated facility or both to determine the status of the hazardous waste.

(B) Each Kansas or EPA generator who has not received a copy of the manifest with the handwritten signature of the owner or operator of the designated facility within 45 days of the date the waste was accepted by the initial transporter shall submit an exception report to the secretary. The exception report shall include:

(i) A legible copy of the manifest for which the generator does not have confirmation of delivery; and

(ii) a cover letter signed by the generator or authorized representative explaining the efforts taken to locate the hazardous waste and the results of those efforts.

(5) Additional reporting. At any time, a generator may be required by the secretary to furnish additional reports concerning the quantities and disposition of hazardous wastes.

(g) Accumulation time for EPA generators. Any EPA generator may accumulate hazardous waste on-site for 90 days or less without a permit or without obtaining interim status if:

(1) The waste is placed in containers and the generator complies with 40 CFR 265 subpart I as in effect on July 1, 1992, the waste is placed in tanks and the gen-

erator complies with 40 CFR 265 subpart J, except 265.197(c), 265.200 and 265.201, as in effect July 1, 1992, or the waste is collected on drip pads and the generator complies with 40 CFR 262.34(a) (1) (iii) (A) and (B) and 40 CFR 265 subpart W as in effect on July 1, 1992. In addition, the EPA generator is exempt from all the requirements in 40 CFR 265 subparts G and H, except for 265.111 and 265.114, as in effect on July 1, 1992;

(2) the date upon which each period of accumulation begins is clearly marked and visible for inspection on each container and tank;

(3) while being accumulated on-site, each container and tank is labeled or marked clearly with the words, "Hazardous Waste"; and

(4) the generator complies with the requirements in 40 CFR 265 subparts C and D, with 265.16, and if conducting treatment, with 268.7(a) (4) as in effect on July 1, 1992.

(h) Accumulation time for Kansas generators.

(1) Any Kansas generator may accumulate hazardous waste on-site without a permit, interim status or other time restrictions if:

(A) The quantity of waste accumulated never exceeds 1000 kilograms or 1 kilogram of acutely hazardous waste. If at any time more than these quantities are accumulated all of those accumulated wastes shall be subject to those regulations which are applicable to EPA generators;

(B) the waste is placed in containers and the generator complies with 40 CFR 265 subpart I, except 265.176, as in effect on July 1, 1992, the waste is placed in tanks and the generator complies with 40 CFR 265 subpart J, except 265.197(c), 265.200 and 265.201, as in effect on July 1, 1992, or the waste is collected on drip pads and the generator complies with 40 CFR 262.34(a) (1) (iii) (A) and (B) and 40 CFR 265 subpart W as in effect on July 1, 1992. In addition, the Kansas generator is exempt from all the requirements in 40 CFR 265 subparts G and H, except for 265.111 and 265.114, as in effect on July 1, 1992;

(C) the date upon which each period of accumulation begins is clearly marked and visible for inspection;

(D) while being accumulated on-site, each container and tank is labeled or clearly marked with the words, "Hazardous Waste";

(E) at least one employee who is designated as the emergency coordinator is either on the premises or on call at all times with the responsibility for coordinating all emergency response measures specified in this section. "On call" means that the emergency coordinator is available to respond to an emergency by reaching the facility within a short period of time;

(F) the following information is posted next to at least one telephone which is immediately accessible by employees during an emergency:

(i) The name and telephone number of the emergency coordinator;

(ii) the location of fire extinguishers and spill control material, and if present, fire alarms; and

(iii) the telephone number of the fire department unless the facility has a direct alarm;

(G) all employees are thoroughly familiar with proper waste handling and emergency procedures that are relevant to their responsibilities during normal facility operations and emergencies; and

(H) the emergency coordinator or designee is prepared to respond to any emergencies that arise. The appropriate responses are as follows:

(i) In the event of a fire, the emergency coordinator or designee shall call the fire department or attempt to extinguish it using a fire extinguisher;

(ii) in the event of a spill, the emergency coordinator or designee shall contain the flow of hazardous waste to the extent possible, and as soon as is practicable, clean up the hazardous waste and any contaminated materials or soil;

(iii) in the event of a fire, explosion, or other release which could threaten human health outside the facility or when it appears that a spill has reached surface water, the emergency coordinator shall immediately notify the National Response Center using their 24-hour toll free number 800-424-8802.

(2) All reports to the National Response Center shall contain the following information:

(A) The name, address, and U.S. EPA identification number of the generator;

(B) the date, time, and type of incident;

(C) the quantity and type of hazardous waste involved in the incident;

(D) the extent of any injuries; and

(E) the estimated quantity and disposition of recovered materials, if any.

(i) Extension of accumulation time. Any EPA generator who accumulates hazardous waste for more than 90 days shall be considered an operator of a storage facility and shall be subject to the requirements of 40 CFR Parts 124, 264, 265 and 270, as in effect on July 1, 1992, unless they have been granted an extension to the 90-day period. Such an extension may be granted if hazardous wastes must remain on-site for longer than 90 days due to unforeseen, temporary, and uncontrollable circumstances. An extension of up to 30 days may be granted by the secretary upon written request by the EPA generator. Additional extensions not to exceed 30 days may be granted if the circumstances continue to be valid.

(j) Satellite accumulation areas.

(1) A Kansas or EPA generator may accumulate as much as 55 gallons of each type of hazardous waste or one quart of acutely hazardous waste in no more than one container at or near any point of generation where wastes initially accumulate, and which is under the control of the operator of the process generating the waste, without a permit or interim status and without complying with subsections (g) and (h) if the generator:

(A) Complies with 40 CFR 265.171, 265.172, and 265.173(a), as in effect on July 1, 1992; and

(B) marks the containers with the words "Hazardous Waste."

(2) At the time the generator accumulates more than the amounts listed in this subsection at any satellite accumulation area, the date shall be placed on the full container. This date becomes the accumulation start date for

(continued)

this container and the generator shall move the full container to the hazardous waste storage area within three days. The empty container in which waste is accumulated at the satellite area shall be managed in accordance with paragraph (j)(1) of this subsection.

(k) Inspection requirement. Each Kansas and EPA generator shall document weekly inspections of hazardous waste storage areas in accordance with 40 CFR 265.15(d), as in effect on July 1, 1992.

(l) Transportation restrictions. Any Kansas or EPA generator shipping hazardous waste or offering hazardous waste for transport shall only use a transporter who has properly registered with the department according to K.A.R. 28-31-6.

(m) Small quantity generator requirements. Small quantity generators shall be subject to the following requirements:

(1) If at any time more than a total of 1000 kilograms of hazardous waste or one kilogram of acutely hazardous waste is accumulated, all of those accumulated wastes shall be subject to regulations which are applicable to EPA generators. Upon exceeding 1000 kilograms of hazardous waste or one kilogram of acutely hazardous waste, all requirements of subsection (g) shall apply to the generator.

(2) A small quantity generator who accumulates 25 kilograms or more of hazardous waste shall either recycle, treat or dispose of the waste in an acceptable on-site facility, or ensure delivery to an off-site hazardous waste treatment, storage, or disposal facility, or to some other waste management facility approved by the secretary, and shall be subject to:

(A) The pretransport requirements of paragraph (e) of this regulation;

(B) the container, dating, and marking requirements of sections (B), (C), and (D) of paragraph (h) of this regulation; and

(C) the inspection requirements of paragraph (k) of this regulation.

(3) Each small quantity generator who accumulates up to 25 kilograms of hazardous waste may either treat or dispose of hazardous waste in an acceptable on-site facility, or ensure delivery to an off-site storage, treatment, or disposal facility. In either case, the facility shall be:

(A) Permitted to manage hazardous waste;

(B) operating under interim status;

(C) permitted to manage solid waste; or

(D) a facility which beneficially treats, uses or reuses, or legitimately recycles or reclaims its waste.

(n) Acutely hazardous waste requirements.

(1) All quantities of acutely hazardous waste shall be subject to this regulation and other regulations regarding transportation, treatment, storage and disposal if generated by a generator in the following quantities:

(A) A total of one kilogram of acutely hazardous waste; or

(B) a total of 25 kilograms of any residue or contaminated soil, waste, or other debris resulting from the clean-up of a spill, into or on any land or water of any acutely hazardous waste.

(2) If at any time acutely hazardous waste is accumulated in quantities greater than those set forth in paragraph (n)(1), all of those accumulated wastes shall be subject to the requirements of this regulation and other regulations regarding transportation, treatment, storage and disposal. Upon exceeding these quantities, all requirements of subsection (g) shall apply to the generator.

(o) Quantity determinations:

(1) In determining the quantity of hazardous waste generated each calendar month, a generator need not include:

(A) Hazardous waste when it is removed from on-site storage; or

(B) hazardous waste produced by on-site treatment including reclamation of hazardous waste, so long as the hazardous waste that is treated or reclaimed is counted each time prior to treatment or reclamation.

(2) Hazardous waste that is subject to the requirements of 40 CFR 261.6(b) and (c), as in effect on July 1, 1992, and 40 CFR 266 subparts C and F, as in effect on July 1, 1992 shall be included in the quantity determination and shall be subject to the requirements of this regulation.

(p) Mixtures of hazardous waste.

(1) Whenever two or more hazardous wastes are mixed together the resulting mixture shall be regulated as follows:

(A) If a listed hazardous waste as defined by 40 CFR 261 subpart D, as in effect on July 1, 1992, is mixed with other listed hazardous waste, the resulting mixture shall be identified for purposes of generation, transportation, storage, treatment and disposal by all listed hazardous waste numbers contained in the mixture.

(B) If a characteristic hazardous waste as defined by 40 CFR 261 subpart C, as in effect on July 1, 1992, is mixed with other characteristic hazardous waste, the resulting mixture shall be identified for purposes of generation, transportation, storage, treatment and disposal by all characteristic hazardous waste numbers contained in the mixture.

(i) A person may demonstrate that mixing two different characteristic hazardous wastes is a satisfactory treatment method which results in the mixture no longer exhibiting any characteristic of hazardous waste.

(ii) Upon submittal of an acceptable demonstration, written approval indicating that the resulting mixture is not regulated as hazardous waste may be granted by the department.

(C) If a listed hazardous waste as defined by 40 CFR 261 subpart D, as in effect on July 1, 1992, is mixed with characteristic hazardous waste as defined by 40 CFR 261 subpart C, as in effect on July 1, 1992, the resulting mixture shall be identified for purposes of generation, transportation, storage, treatment and disposal by all listed and characteristic hazardous waste numbers contained in the mixture.

(2) Whenever hazardous waste is mixed with solid waste or non-hazardous material, other than used oil, the resulting mixture shall be regulated as follows:

(A) For characteristic hazardous waste as defined by 40 CFR 261 subpart C, as in effect on July 1, 1992, the

resulting mixture shall remain regulated as a characteristic hazardous waste.

(i) A person may demonstrate that mixing characteristic hazardous waste with solid waste or non-hazardous materials is a satisfactory treatment method which results in the mixture no longer exhibiting any characteristic of hazardous waste.

(ii) Upon submittal of an acceptable demonstration, written approval indicating that the resulting mixture is not regulated as hazardous waste may be granted by the department.

(B) For listed hazardous waste, as defined by 40 CFR 261 subpart D, as in effect on July 1, 1992, the resulting mixture shall remain regulated as a listed hazardous waste unless it is listed solely because it exhibits one or more characteristics of hazardous waste identified in 40 CFR 261 subpart C, as in effect on July 1, 1992, and the resulting mixture no longer exhibits these characteristics.

(3) Hazardous waste which is mixed with used oil shall be regulated as follows:

(A) If hazardous waste from a small quantity generator is mixed with used oil, the resulting mixture shall be subject to 40 CFR 266 subpart E, as in effect on July 1, 1992, if it is destined to be burned for energy recovery. Any material produced from such a mixture by processing, blending, or other treatment shall also be subject to 40 CFR 266 subpart E, as in effect on July 1, 1992, if it is destined to be burned for energy recovery.

(B) If a Kansas or EPA generator mixes a characteristic or listed hazardous waste with used oil, the resulting mixture shall remain identified as a characteristic or listed hazardous waste.

(4) Small quantity generators may mix their hazardous waste with used oil, non-hazardous waste or other material and remain subject to the requirements of subsection (m) even though the resultant mixture exceeds the quantity limitations of subsection (m), unless the mixture meets any of the characteristics of hazardous waste identified in 40 CFR 261, as in effect on July 1, 1992.

(q) Exports of hazardous waste. 40 CFR 262 subpart E, as in effect on July 1, 1992, is adopted by reference.

(r) Imports of hazardous waste. 40 CFR 262 subpart F, as in effect on July 1, 1992, is adopted by reference.

(s) Farmers. 40 CFR 262 subpart G, as in effect on July 1, 1992, is adopted by reference. (Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-84-5, Feb. 10, 1983; amended May 1, 1984; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-5. Underground burial of hazardous waste prohibited. (a) Exception requests to the prohibition against underground burial of hazardous waste. Any person may petition the secretary to be granted an exception to the prohibition against underground burial of hazardous waste. Each request shall include the following:

(1) A complete chemical and physical analysis of the waste;

(2) a list and description of all technologically feasible methods which could be considered to treat, store or dispose of the waste;

(3) for each method described in paragraph (2), an economic analysis based upon a 30-year time period. The analysis shall determine the costs associated with treating, storing, disposing and monitoring the waste during this time period; and

(4) a demonstration that no economically reasonable or technologically feasible methodology exists for the disposal of that specific hazardous waste except for underground burial.

(b) Public notice and hearing for exception requests. Upon receipt of a request for an exception to the prohibition against underground burial of hazardous waste, the following actions shall be initiated:

(1) The request shall be reviewed by the department to determine if it is complete and does not contain any deficiencies. If the request is not adequate, the person shall be notified of the specific deficiencies.

(2) Upon receipt of a complete request, a notice shall be published by the secretary once per week for three consecutive weeks in a newspaper having major circulation in the county in which the exception is requested. The required published notice shall:

(A) identify the applicant and the specific waste along with a description of proposed disposal methods;

(B) include a map indicating the location of proposed underground burial;

(C) include the address of the location where the application and related documents may be reviewed and of the location where copies may be obtained; and

(D) describe the procedure by which the request will be reviewed, including a date and place for a public hearing.

(3) The public hearing shall be scheduled no sooner than 30 days from the date of the first public notice.

(4) A copy of the notice shall also be transmitted by the secretary to the clerk of any city which is located within three miles of the proposed underground burial site.

(5) A notice shall also be published by the secretary in the Kansas Register once per week for three consecutive weeks. That notice shall contain the same information required above.

(6) A public hearing shall be conducted at a location near the proposed underground burial facility.

(A) A hearing officer who is responsible for its scheduling and orderly conduct may be designated by the secretary.

(B) Any person may submit oral or written comments and data concerning the exception request. Reasonable limits may be set upon the time allowed for oral statements, and the submission of statements in writing may be required.

(C) The public comment period shall automatically be extended to the close of any public hearing. The hearing officer may also extend the comment period by so stating at the hearing.

(D) A tape recording or written transcript of the hearing shall be made available to the public.

(continued)

(E) The hearing officer shall submit a report to the secretary detailing all written and oral comments submitted during the public comment period. The report may also recommend findings and determinations.

(c) Approval or denial of exception request.

(1) If it is determined that the exception request should be approved, an order shall be issued by the secretary. The order may require such conditions as the secretary deems necessary to protect public health and environment.

(2) If it is determined that there is not sufficient evidence to approve the request, the applicant shall be notified of the reasons why the request is denied.

(3) A public notice of the final decision to grant or deny the exception request shall be published in the newspaper having major circulation in the county in which the exception was requested and in the Kansas Register.

(4) A copy of the final decision shall be transmitted to the clerk of any city which is located within three miles of the proposed underground burial site by the secretary. (Authorized by and implementing K.S.A. 65-3431; and K.S.A. 65-3458; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-86-6, March 22, 1985; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-6. Standards for transporters of hazardous waste. (a) Incorporation. 40 CFR Part 263 except 263.20(h), as in effect on July 1, 1992, is adopted by reference.

(b) Registration. In addition to the requirements of subsection (a), any person transporting more than 25 kilograms of hazardous waste or one kilogram of acutely hazardous waste within, into, out of, or through Kansas shall register with the department.

(1) The registration shall be on forms provided by the department.

(2) A person shall not transport hazardous waste within, into, out of, or through Kansas without written acknowledgement from the department that registration is complete.

(3) A copy of the written acknowledgement shall be carried in all vehicles and shall be available for review upon request.

(c) Insurance requirements. Each transporter of hazardous waste in Kansas shall secure and maintain liability insurance on all vehicles transporting hazardous waste.

(1) The limits of insurance shall not be less than \$1 million per person and \$1 million per occurrence for bodily injury or death and \$1 million for all damages to the property of others. When combined bodily injury or death and property damage coverage are provided, the total limits shall not be less than \$1 million.

(2) Should any of the coverages be reduced or cancelled, the transporter shall notify the department at least 35 days before the effective date of that action.

(3) Proof of periodic renewal in the form of a certificate of insurance showing the monetary coverage and the expiration date shall also be furnished to the department before the expiration date of the policy.

(d) Denial, suspension or revocation of registration. An application may be denied and a transporter's registration may be revoked or suspended by written notice if the department determines that any of the following apply:

(1) The transporter failed or continues to fail to comply with any of the provisions of the air, water or waste statutes relating to environmental protection or to the protection of public health, including rules and regulations issued thereunder in this or any other state or by the federal government, or any condition of any permit or license issued by the secretary;

(2) the transporter has shown a lack of ability or intention to comply with one or more provisions of any law referred to in this subsection, or any rule or regulation or order or permit issued pursuant to any such law, as indicated by past or continuing violations; or

(3) the transporter, or any person who holds an interest in, who exercises total or partial control of or who does business with the transporter or a principal of the parent corporation, was a principal of another corporation which would not be eligible for registration.

(e) Manifesting exemption. A transporter transporting hazardous waste from a Kansas generator shall not be subject to the requirements of 40 CFR 263 subpart B, as in effect on July 1, 1992, if:

(1) The waste is being transported pursuant to a reclamation agreement as provided for in K.A.R. 28-31-4(d)(7);

(2) the transporter records, on a log or shipping paper, the following information for each shipment:

(A) The name, address, and EPA identification number of the generator of the waste;

(B) the quantity of the waste accepted;

(C) all shipping information required by the U.S. department of transportation; and

(D) the date the waste is accepted.

(3) the transporter carries this record when transporting the waste to the reclamation facility; and

(4) the transporter retains these records for a period of at least three years after termination or expiration of the agreement.

(f) Transportation restrictions. A transporter shall not collect or transport hazardous waste for a generator or a treatment, storage or disposal facility who has not provided proper notification in accordance with K.A.R. 28-31-4(c) and 40 CFR 264.11 and 265.11, as in effect on July 1, 1992. (Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-84-5, Feb. 10, 1983; amended May 1, 1984; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-8. Standards for hazardous waste storage, treatment, and disposal facilities. (a) Incorporation. 40 CFR Parts 264 and 265 as in effect on July 1, 1992, are adopted by reference.

(b) Marking requirements. An operator of a hazardous waste container or tank storage facility shall mark all containers and tanks in accordance with the standards of K.A.R. 28-31-4(g)(3).

(c) Notice in deed to property. The owner of the property on which a hazardous waste treatment, storage or disposal facility is located shall record, in accordance with Kansas law, a notice with the county register of deeds where the property is located that the land has been used to manage hazardous waste and that all records regarding permits, closure or both are available for review at the department offices in Topeka.

(d) Restrictive covenants and easements.

(1) The owner of the property on which a hazardous waste treatment, storage or disposal facility is located may be required by the secretary to execute and file with the county register of deeds a restrictive covenant to run with the land that shall:

(A) Specify the uses which may be made after closure;

(B) require that any future uses of the property after closure shall be conducted in a manner so as to preserve the integrity of waste containment systems designed, installed and used during operation of the disposal areas, or installed or used during the post-closure maintenance period;

(C) require the owner or tenant to preserve and protect all permanent survey markers and benchmarks installed at the facility;

(D) require the owner or tenant to preserve and protect all environmental monitoring stations installed at the facility; and

(E) require subsequent property owners or tenants to provide written notice to the department during planning of any improvement to the site and to receive approval from the department before commencing any excavation or construction of permanent structures or drainage ditches, alteration of contours, removal of waste materials stored on the site, changes in vegetation grown on areas used for waste disposal, the production or sale of food chain crops grown on land used for waste disposal, or removal of security fencing, signs, or other devices installed to restrict public access to waste storage or disposal areas.

(2) The owner of the property on which a hazardous waste treatment, storage and disposal facility is located may be required by the secretary to execute an easement whereby the department, its duly authorized agents or contractors employed by or on behalf of the department may enter the premises to:

(A) Complete items of work specified in a site closure plan required to be submitted by K.A.R. 28-31-8;

(B) perform any item of work necessary to maintain or monitor the area during the post-closure period; and

(C) sample, repair, or reconstruct environmental monitoring stations constructed as part of the site operating or post-closure requirements.

(3) Any offer or contract for the conveyance of easement, title, or other interest to real estate used for treatment, storage or disposal of hazardous waste shall disclose all terms, conditions, and provisions for care and subsequent land uses which are imposed by these regulations or the site permit authorized and issued under K.S.A. 65-3431(s). Conveyance of title, easement, or other interest in the property shall contain provisions for the continued maintenance of waste containment and monitoring systems.

(4) All covenants, easements, and other documents related to this regulation shall be permanent, unless extinguished by agreement between the property owner and the secretary. Recording fees shall be paid by the owner of the property.

(e) Hazardous waste injection wells.

(1) Each hazardous waste injection well shall be designed, constructed and operated to comply with applicable requirements of K.A.R. 28-46-1 et seq.

(2) Wastes received from multiple generators by a hazardous waste facility, even if treated at the hazardous waste facility before injection, shall be batch-tested and the chemical composition confirmed by laboratory analyses prior to injection.

(A) Laboratory analysis of the composition of homogeneous and continuously generated injection fluids generated and disposed at a single site may be allowed on a monthly basis.

(B) The results of such laboratory analysis shall be the basis upon which the secretary will determine whether injection of the fluids may occur.

(3) Monitoring shall be required for each constituent that was approved for injection. Monitoring of specified indicator constituents rather than the approved list of constituents may be allowed by the secretary, and monitoring of other constituents may be required as deemed necessary.

(f) Groundwater monitoring. All samples analyzed in accordance with 40 CFR 264 and 265 subpart F, as in effect on July 1, 1992, shall be conducted by a laboratory which is certified for such analyses by the department. (Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-84-5, Feb. 10, 1983; amended May 1, 1984; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-8b. Standards for the management of specific hazardous wastes and specific types of hazardous waste management facilities. 40 CFR Part 266, subparts C, E, F, and G, as in effect on July 1, 1992, are adopted by reference. (Authorized by and implementing K.S.A. 65-3431; effective Feb. 5, 1990; amended April 25, 1994.)

28-31-9. Hazardous waste storage, treatment, and disposal facility permits. (a) Incorporation. 40 CFR Part 270 and Part 124 subparts A, B, E, and F, as in effect on July 1, 1992, are adopted by reference.

(b) Hazardous waste injection wells. Each permit for a hazardous waste injection well shall be reviewed at least annually to determine whether any reason exists to modify, revoke or reissue the permit.

(c) Background investigation. Prior to submitting any application for a hazardous waste facility permit, the applicant shall submit a disclosure statement on forms provided by the department. The disclosure statement shall include the following information:

(1) the name of the corporation;

(2) past corporate names;

(3) the place or places of incorporation;

(4) the names of officers;

(5) the names of former officers and directors;

(continued)

- (6) partnership or joint venture information;
- (7) ownership and debt liability;
- (8) subsidiaries and stock holdings;
- (9) financial history;
- (10) employee data;
- (11) experience and credentials;
- (12) licenses and permits;
- (13) environmental violations history;
- (14) environmental judgments and litigation; and
- (15) criminal proceedings.

(Authorized by and implementing K.S.A. 65-3431; effective, E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-84-5, Feb. 10, 1983; amended May 1, 1984; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

28-31-10. Hazardous waste monitoring fees. (a) Hazardous waste storage facility. Each hazardous waste storage facility shall pay an annual monitoring fee. This fee shall be paid prior to January 1 of each year. This fee shall be based on the following schedule:

- (1) On-site storage facility \$ 2,500
- (2) Off-site storage facility \$ 3,500

(b) Hazardous waste treatment facility. Each hazardous waste treatment facility shall pay an annual monitoring fee. This fee shall be paid prior to January 1 of each year. This fee shall be based on the following schedule:

- (1) On-site treatment facility \$ 4,000
- (2) Off-site treatment facility \$ 5,000
- (3) Off-site incinerator facility \$10,000

(c) Hazardous waste disposal facility. Each hazardous waste disposal facility shall pay an annual monitoring fee. This fee shall be paid prior to January 1 of each year. This fee shall be based on the following schedule:

- (1) On-site landfill or underground injection well \$10,000
- (2) Off-site landfill or underground injection well \$15,000

(d) Facilities subject to post-closure care. Each hazardous waste storage, treatment, or disposal facility subject to post-closure care shall pay an annual fee of \$4,000. This fee shall become applicable upon receipt by the department of the certification of closure specified in 40 CFR Part 264.115 or 40 CFR Part 265.115. This fee shall be paid prior to January 1 of each year.

(e) Multiple activities. Each facility conducting more than one of the hazardous waste activities addressed in subsections (a), (b), (c), and (d) of this regulation shall pay a single fee. This fee shall be in the amount specified for the activity having the highest fee of those conducted. Facilities subject to post-closure care and which have no remaining active storage, treatment, or disposal units are subject only to the monitoring fee specified above in subsection (d).

(f) Hazardous waste transporters. Each hazardous waste transporter shall pay an annual monitoring fee of \$250. This fee shall be paid at the time the transporter notifies the department in accordance with K.A.R. 28-31-6(b), and prior to January 1 for each year thereafter.

(g) Hazardous waste generators.

(1) Each hazardous waste generator, except for small quantity generators, shall pay an annual monitoring fee for all hazardous waste generated during the previous calendar year. This fee shall be paid prior to March 1 of

each year. This fee shall be based on the following schedule:

| Total Yearly Quantity Generated | Monitoring Fee |
|---|----------------|
| Less than or equal to 5 tons | \$ 100 |
| Greater than 5 tons but less than or equal to 50 tons | \$ 500 |
| Greater than 50 tons but less than or equal to 500 tons | \$1,000 |
| Greater than 500 tons | \$5,000 |

(2) The following specific hazardous waste shall be exempt from payment of monitoring fees:

(A) Hazardous waste which is reclaimed on-site to recover substantial amounts of either energy or materials. This exemption shall not apply to hazardous waste residues produced during reclamation; or

(B) hazardous waste of a Kansas generator who manifests the waste to an off-site facility for reclamation to recover substantial amounts of either energy or materials. (Authorized by and implementing K.S.A. 65-3431; effective E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-85-2, Jan. 13, 1984; amended May 1, 1984; amended, T-85-42, Dec. 19, 1984; amended May 1, 1985; amended, T-86-32, Sept. 24, 1985; amended May 1, 1986; amended, T-87-49, Dec. 19, 1986; amended May 1, 1987; amended May 1, 1988; amended April 25, 1994.)

28-31-11. Hazardous waste perpetual care trust fund fees. (a) Hazardous waste disposal facilities. Each active hazardous waste disposal facility shall pay a monthly perpetual care trust fund fee, based on the poundage of hazardous waste disposed at the facility.

(1) The poundage of waste shall be determined prior to addition of those materials which are added at the disposal facility to treat the wastes.

(2) The fee shall be \$0.005 per pound of hazardous waste disposed in landfills, \$0.0000455 per pound of hazardous waste disposed by deep well injection and \$0.001 per pound of hazardous waste disposed by other methods.

(3) All calculations of this fee shall apply to the total hazardous waste poundage.

(b) Monthly reports. On or before the 20th day of each month, the operator of any hazardous waste disposal facility shall prepare and submit to the department a statement giving the following information:

- (1) The name and location of the operator;
- (2) the total poundage of hazardous waste disposed at the facility during the preceding calendar month; and
- (3) a check for the calculated fee which is payable to the department and designated for the hazardous waste perpetual care trust fund. (Authorized by and implementing K.S.A. 65-3431; effective E-82-20, Nov. 4, 1981; effective May 1, 1982; amended, T-85-42, Dec. 19, 1984; amended May 1, 1985; amended April 25, 1994.)

28-31-14. Land disposal restrictions. Incorporation. 40 CFR 268, as in effect on July 1, 1992 is adopted by reference. (Authorized by and implementing K.S.A. 65-3431; effective May 1, 1988; amended Feb. 5, 1990; amended April 25, 1994.)

Doc. No. 014555

State of Kansas

Secretary of State

(Published in the Kansas Register, March 10, 1994.)

SENATE BILL No. 557

I, Bill Graves, Secretary of State of the State of Kansas, do hereby certify that each of the following bills is a correct copy of the original enrolled bill now on file in my office.

In Testimony Whereof, I have hereunto subscribed my name and affixed my official seal.

Bill Graves
Secretary of State

(Published in the Kansas Register, March 10, 1994.)

HOUSE BILL No. 2425

AN ACT relating to motor vehicles; providing license plates for recipients of the purple heart medal; requiring personalized license plate fee for certain license plates.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) Any owner of a passenger vehicle or truck of a gross weight of 12,000 pounds or less, who is a resident of the state of Kansas, and who submits satisfactory proof to the director of vehicles, in accordance with rules and regulations adopted by the secretary of revenue, that such person was awarded a purple heart medal by the United States government for wounds received in military or naval combat against an armed enemy of the United States, upon compliance with the provisions of this section, may be issued one distinctive license plate designating such person as a recipient of the purple heart medal. Such license plate shall be issued for the same period of time as other license plates upon proper registration and payment of the regular license fee as provided in K.S.A. 8-143, and amendments thereto.

(b) Any recipient of the purple heart medal may make application for the distinctive license plate, not less than 60 days prior to such person's renewal of registration date, on a form prescribed and furnished by the director of vehicles, and any application for the distinctive license plate shall furnish the director with such proof as the director shall require that the applicant was a recipient of the purple heart medal. Application for the registration of a passenger vehicle or truck and issuance of the license plate under this section shall be made by the owner in a manner prescribed by the director of vehicles upon forms furnished by the director.

(c) No registration or distinctive license plate issued under the authority of this section shall be transferable to any other person.

(d) Renewals of registration under this section shall be made annually, upon payment of the fee prescribed in subsection (a), in the manner prescribed in subsection (b) of K.S.A. 8-132, and amendments thereto. No renewal of registration shall be made to any applicant until such applicant has filed with the director a form as provided in subsection (c). If such form is not filed, the applicant shall be required to comply with K.S.A. 8-143, and amendments thereto, and return the distinctive license plate to the county treasurer of such person's residence.

Sec. 2. Any new distinctive license plate authorized for issuance on and after July 1, 1994, shall be subject to the personalized license plate fee prescribed by subsection (c) of K.S.A. 8-132, and amendments thereto. This section shall not apply to any distinctive license plate authorized prior to July 1, 1994.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

AN ACT making and concerning appropriations for the fiscal years ending June 30, 1994, and June 30, 1995, for the department of transportation; relating to the railroad rehabilitation loan guarantee fund; authorizing certain transfers, imposing certain restrictions and limitations; and directing or authorizing certain receipts and disbursements and acts incidental to the foregoing.

Be it enacted by the Legislature of the State of Kansas:

Section 1. For the fiscal years ending June 30, 1994, and June 30, 1995, appropriations are hereby made, restrictions and limitations are hereby imposed, and transfers, receipts, disbursements and acts incidental to the foregoing are hereby directed or authorized as provided in this act.

Sec. 2.

DEPARTMENT OF TRANSPORTATION

(a) In addition to the other purposes for which expenditures may be made from the railroad rehabilitation loan guarantee fund for the fiscal year ending June 30, 1994, expenditures may be made from the railroad rehabilitation loan guarantee fund for fiscal year 1994 by the secretary of transportation in satisfaction of liabilities arising from the unconditional guarantee of payment entered into in connection with the mid-states port authority, federally taxable revenue refunding bonds, series 1994, dated February 1, 1994, authorized by K.S.A. 12-3420 and amendments thereto and guaranteed pursuant to K.S.A. 75-5031 and amendments thereto, except that expenditures from the railroad rehabilitation loan guarantee fund for such purpose for fiscal year 1994 shall not exceed the amount which the secretary of transportation is obligated to pay during fiscal year 1994 in satisfaction of liabilities arising from such unconditional guarantee of payment.

(b) There is appropriated for the above agency from the special revenue fund for the fiscal year ending June 30, 1995, all moneys now or hereafter lawfully credited to and available in such fund, except that expenditures shall not exceed the following:

Railroad rehabilitation loan guarantee fund..... No limit

Provided, That expenditures from this fund shall not exceed the amount which the secretary of transportation is obligated to pay during the fiscal year ending June 30, 1995, in satisfaction of liabilities arising from the unconditional guarantee of payment which was entered into by the secretary of transportation in connection with the mid-states port authority, federally taxable revenue refunding bonds, series 1994, dated February 1, 1994, authorized by K.S.A. 12-3420 and amendments thereto and guaranteed pursuant to K.S.A. 75-5031 and amendments thereto.

(c) Upon notification from the secretary of transportation that an amount is due and payable from the railroad rehabilitation loan guarantee fund, the director of accounts and reports shall transfer from the state highway fund to the railroad rehabilitation loan guarantee fund the amount certified by the secretary as due and payable.

Sec. 3. Appeals to exceed limitations. Upon written application to the governor and approval of the state finance council, expenditures from special revenue funds may exceed the amounts specified in this act.

Sec. 4. This act shall take effect and be in force from and after its publication in the Kansas register.

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. This cumulative index supplements the index found in the 1993 Supplement to the *Kansas Administrative Regulations*.

We are pleased to announce that custom-made *Kansas Register* binders are now available!

These binders will hold your copies of the *Kansas Register* attractively for permanent use. They are highest quality, durable, casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) They feature dark blue cloth covering and gold imprinting. Each three-inch binder will hold up to a year's worth of *Register* issues.

Order your binders today!

***Kansas Register* binders . . . \$18.00 each includes shipping and handling.**
