Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at the KDHE open meeting at 9 a.m. Tuesday, September 27, in the auditorium of the Kansas Historical Society, 120 W. 10th, Topeka, to consider the proposed changes in existing right-to-know rules and regulations. These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and the economic impact follows:

K.A.R. 28-65-2 is amended to define "petroleum fuels" for purposes of notification and fee payment.

K.A.R. 28-65-3 is amended for purposes of clarification of language.

K.A.R. 28-65-4 is amended for language clarification and correction of EHS reporting quantity; language clarification regarding certain chemicals exempt from reporting fees; language clarification to include above-ground fuel storage tanks for purposes of reporting to the Right-to-Know Program and payment of fees to the Storage Tank Program; and addition of fee payment "non-refundable" language. There will be no significant economic impact as a result of these amendments, except that amendments to K.A.R. 28-65-4 eliminate duplicative reporting and processing of forms submitted by facilities storing only petroleum fuels in aboveground tanks, resulting in a cost savings to both the reporting industry and the Kansas Department of Health and Environment.

Copies of the regulations and the economic impact statement may be obtained from the Kansas Department of Health and Environment, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka 66620-0001. Questions pertaining to these proposed rules should be directed to Jon Flint at (913) 296-1690.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to John I. Flint, Community Right-to-Know Program, Kansas Department of Health and Environment, Building 740, Forbes Field, Topeka 66620-0001. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and fiscal impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Sandy McAdam at (913) 296-6917.

Department of Health  
and EnvironmentRequest for Variance from Hazardous  
Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on June 20, 1994, Charloma Inc., located on North Highway 169, Cherryvale, submitted a request for renewal of a variance from specific hazardous waste regulations. The request for a variance has been submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-4 and 40 CFR 265-176, which require the storage of containers holding ignitable hazardous waste must be located at least 15 meters (50 feet) from the facility's property line.

Charloma Inc. generates spent acetone used in various cleaning operations, which is stored until it can be reclaimed and later reused. Charloma Inc. proposes to store this waste approximately 40 feet from the property line instead of the required 50 feet. The variance is requested due to the size of the property and because other areas of the site are unsuitable due to low and swampy conditions. KDHE has reviewed the variance request and concluded that the variance is justified.

In accordance with K.A.R. 28-31-13(b), public notice is being provided of the tentative decision to grant the variance. Copies of the variance request will be available for public review until September 24 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Building 740, Forbes Field, Topeka, and at the KDHE District Office, 1500 W. 7th, Chanute.

Comments concerning this variance request may be directed to Candy Williamson, Kansas Department of Health and Environment, Bureau of Waste Management, Hazardous Waste Section, Building 740, Forbes Field, Topeka 66620. Comments must be submitted in writing prior to September 24. Requests for additional information may be made by contacting KDHE at (913) 296-1600.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting shall state the issues to be raised and shall explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting, a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision will be made by the secretary and a notice of the final decision will be published in the Kansas Register. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment will be specified by the secretary. A date upon which the variance will no longer be valid shall be prescribed in the final decision.

## Request for Proposals

The Kansas Department of Health and Environment, in cooperation with the federal Centers for Disease Control and Prevention, is making available a grant and is requesting proposals from eligible universities, community-based, community-service organizations and qualified individuals to develop and implement a needs assessment and to compile and distribute the results of such assessment to the state's HIV Prevention Community Planning Group. Each qualified organization may submit one proposal. One award of up to \$16,000 will be made for the period October 1 through December 31, 1994. Release of funds is contingent upon the availability of federal funds and on budget approvals of the Kansas legislature. The project period may be extended an additional 12 months contingent upon success of the grantee in meeting contract objectives for the first four-month period and availability of funding.

To receive a copy of an application packet, call Sally Finney Brazier, M.Ed., at (913) 296-6173 or write to the Kansas Department of Health and Environment, AIDS Section, 109 S.W. 9th, Suite 605, Topeka 66612-1271, Attn: CPG RFP.

Department of Health  
and EnvironmentNotice Concerning Kansas  
Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63, 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for discharges to the waters of the United States and the state of Kansas for the applicants described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

**Notice of Bond Sale**

**\$16,900,000**

**Unified School District 345  
Shawnee County, Kansas  
General Obligation Bonds  
Series 1994**

**Sealed Bids**

Sealed bids for the purchase of \$16,900,000 principal amount of General Obligation Bonds, Series 1994, of Unified School District 345, Shawnee County, Kansas, hereinafter described, will be received by the undersigned district clerk of Unified School District 345, Shawnee County, Kansas, on behalf of the Board of Education of the district at the district's administrative offices, 901 N.W. Lyman Road, Topeka, until 11 a.m. Central Time on September 7, 1994. All bids will be publicly opened and read at said time and place and will be acted upon by the district immediately thereafter. No oral or auction bids will be considered.

**Bond Details**

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated September 15, 1994, and will become due serially on September 1 in the years as follows:

Year	Principal Amount
1995	\$ 160,000
1996	335,000
1997	535,000
1998	565,000
1999	600,000
2000	635,000
2001	670,000
2002	710,000
2003	755,000
2004	800,000
2005	845,000
2006	895,000
2007	950,000
2008	1,005,000
2009	1,070,000
2010	1,130,000
2011	1,200,000
2012	1,270,000
2013	1,345,000
2014	1,425,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1995.

**Place of Payment and Bond Registration**

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

**Redemption of Bonds Prior to Maturity**

At the option of the district, bonds maturing on September 1, 2005, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2004, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

(continued)

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail addressed to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 45 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the district's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

#### Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed the index of 30-year treasury bonds published by *The Bond Buyer* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

#### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various improvements to the district's schools. The bonds will be general obligations of the district payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the district.

#### Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the district will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income.

The district does not intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### Legal Opinion

The bonds will be sold subject to the legal opinion of Perry, Hamill & Fillmore, L.C., Overland Park, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from federal income taxation. Under present law, interest on the bonds is also excludable from the computation of Kansas adjusted gross income.

#### Delivery and Payment

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about September 28, 1994, at such bank or trust company in the contiguous 48 states of the United States as may be specified by the successful bidder. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds,

immediately subject to use by the district. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the bond registrar not later than 4 p.m. Central Time on September 15, 1994. In the absence of such information, the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 4 p.m. Central Time on September 15, 1994, a certificate acceptable to the district's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more of the par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount equal to 2 percent of the par value of the bonds, payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice and the bid, at which time said check shall be returned to the successful bidder or deducted from the purchase price of the bonds, all at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder and the district shall have no other obligation to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice or the bid, the proceeds of such check shall be forfeited to the district, with the district reserving the right to pursue any consequential damages arising from such default.

#### CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

#### Bid Forms

All bids must be made on forms which may be procured from the district clerk. No additions or alterations in such forms shall be made and any erasures may cause

rejection of any bid. The district reserves the right to waive irregularities and to reject any or all bids.

#### Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned district clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at 901 N.W. Lyman Road, Topeka, Kansas, and must be received by the undersigned prior to 11 a.m. Central Time on September 7, 1994.

#### Date and Delivery of Preliminary and Final Official Statement

The district has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds and the district. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the underwriter(s) and the price or yield at which the underwriter(s) will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the district will provide without cost to the underwriter(s) such reasonable number of copies of the final official statement as such underwriter(s) may request. Further copies, if desired, will be made available at the underwriter's expense. If the sale of the bonds is awarded to a syndicate, the district will designate the senior managing underwriter of the syndicates as its agent for purposes of distributing copies of the final official statement to each participating underwriter. Any underwriter executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating underwriters for the purpose of assuring the receipt and distribution by each such participating underwriter of the final official statement.

The district will deliver to the underwriters on the date of delivery of the bonds a certificate executed by the president and the district clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the district's preliminary official statement relating to the bonds may be obtained from the district clerk or the district's financial advisor, B.C. Christopher, a division of Fahenstock & Co., Inc., 534 Kansas Ave., Topeka, KS 66603, (913) 235-9289, Attention: John McArthur.

In accordance with the terms and provisions of the contract between the district and its financial advisor, the financial advisor may submit a bid to purchase the bonds.

#### Optional Municipal Bond Insurance

The district has applied to AMBAC Indemnity Corporation, Capital Guaranty Insurance Company, Finan-

(continued)

cial Guaranty Insurance Company and Municipal Bond Investors Assurance Corporation for a commitment for municipal bond insurance relating to the bonds. A notice as to the issuance of a commitment for municipal bond insurance relating to the bonds from any of the insurers will be provided to prospective bidders prior to the date of sale. If a commitment is issued by an insurer, the bonds may be purchased with or without this insurance at the option of the successful bidder. All expenses associated with the purchase of said insurance (including appropriate rating agency fees) will be the responsibility of the successful bidder. The amount of such premium and rating agency fees may be obtained from AMBAC, CAPITAL, FGIC or MBIA. The insurance policy, if purchased, will insure the timely payment of the principal of and interest on the bonds. Bidders desiring to purchase the optional municipal bond insurance must indicate so on the official bid form.

**Bond Rating**

The district has not applied for an independent rating on the bonds herein offered for sale. If the successful bidder elects to purchase the bonds with municipal bond

insurance, Standard & Poor's Ratings Group and Moody's Investors Service, Inc. will assign their ratings of "AAA" and "Aaa," respectively, to this issue with the understanding that upon delivery of the bonds, a policy insuring the payment when due of the principal of and interest on the bonds will be issued by AMBAC, CAPITAL, FGIC or MBIA.

**Assessed Valuation and Indebtedness**

The total assessed valuation of the taxable tangible property within the district as of November 5, 1993, is \$120,873,917. The total general obligation bonded indebtedness of the district as of the date of the bonds, including the bonds, is \$16,900,000.
