Notice to Private Activity Bond Applicants

Applications for allocation of 1995 Private Activity Bond (PAB) authority are now being accepted for qualified uses, as defined by the Internal Revenue Code of 1986, and amendments thereof.

The state of Kansas currently receives \$150 million of federal authority for the issuance of PABs on an annual basis. Historically, the primary uses of this federal authority have included "qualified small issue bonds" used for construction and equipping of manufacturing facilities and beginning farmer programs; "exempt facility bonds" used by for-profit entities providing a public benefit, i.e., certain waste treatment facilities, qualified residential rental facilities, etc.; and "qualified mortgage bonds" issued to benefit first-time homebuyers. Allocations awarded by the Secretary of Commerce and Housing are subject to the provisions of K.S.A. 74-5060 et seq. and the limitations of the state volume cap.

For more information, or to obtain application materials, contact Steve Kelly, Kansas Department of Commerce and Housing, 700 S.W. Harrison, 13th Floor, Topeka, 66603-3712, (913) 296-5298.

**91-12-35. Least restrictive environment.** Each local education agency shall:

(a) to the maximum extent appropriate, educate children with disabilities with children who are nondisabled and remove children with disabilities from the regular education environment only when the nature and severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily;

(b) make available a continuum of placement options to meet the needs of each child with a disability;

(c) provide needed supplementary aids and services in conjunction with regular class placement;

(d) educate each child with a disability in the school that child would attend if nondisabled, unless the IEP of a child requires some other placement. If removal from regular education is necessary, the special education placement shall be as close as possible to the child's home;

(e) base placement decision on the IEP of each child;

(f) ensure that each child with a disability participates with nondisabled children to the maximum extent appropriate to the needs of that child; and

(g) seek an alternative placement when a child with a disability is so disruptive to a general education setting that the education of other students is significantly impaired, or when the safety of others is endangered. (Authorized by and implementing K.S.A. 72-963; effective May 1, 1983; amended March 13, 1995.)

**91-12-41. Individualized education program.** (a) An individualized education program (IEP) shall be developed for each child in need of special education services. The IEP shall be developed prior to placement in a special education program.

(b) The IEP shall be written and subsequently reviewed and revised as needed, but at least annually, in a meeting which includes:

If the child's primary exceptionality is a speech or language impairment, the teacher shall be the speech or language clinician;

(B) for an exceptional child who is being considered for placement in special education, the teacher shall be the child's regular classroom teacher, or a teacher qualified to provide education in the type of program in which the child may be placed, or both;

(C) if the child is not in school or has more than one teacher, the local education agency shall designate which teacher or teachers will participate in the meeting;

(3) one or both of the child's parents, and when appropriate, the child;

(4) other individuals who, in the opinion of the parents or the local education agency, are necessary to complete the IEP;

(5) for a student who is being evaluated for the first time, a member of the evaluation team or a person who is knowledgeable about the evaluation procedures used with the student and who is familiar with the results of the evaluation; and

(6) for students age 14 years and older whose need for transition services is being considered, the student and transition services personnel including:

(A) a representative of the public agency responsible for providing or supervising the provision of transition services; and

(B) if appropriate, a representative of each of the participating agencies providing the transition services included in the student's individualized education program.

(c) Parents shall be notified of the individualized education program meeting at least 10 days prior to the meeting to ensure that they will have the opportunity to participate in developing the IEP.

(1) The notice shall indicate the date, time, location and purpose of the meeting and who will be in attendance.

(2) A reasonable attempt shall be made to schedule the meeting at a mutually agreed on time and place.

(3) Provision for interpreters or other facilitators shall be made for parents who are deaf or whose principal language is other than English.

(d) If any local education agency is unable to obtain parental participation, the individualized education program meeting shall be conducted without this participation. In such cases, the local education agency shall document the attempts made to arrange the meeting. The documentation shall include records of telephone calls made or attempted, copies of correspondence, and records of home visits.

(e) A copy of the individualized education program shall be provided to each parent.

(f) Each individualized education program shall include the following:

(1) a statement of the child's present level of educational performance. The statement shall include, as appropriate, the following information about the child:

(A) health;

(B) vision;

(C) hearing;

(D) social and emotional status;

(E) general intelligence;

(F) educational performance;

(G) communicative status;

- (H) motor abilities; and
- (I) vocational skills;
- (2) a statement of annual goals which describe the educational performance anticipated within a year's time;
- (3) a statement of short-term objectives which are measurable, and intermediate steps between the present level of performance and the annual goals;
- (4) objective criteria, evaluation procedures, and data collection schedules for determining whether the short-term objectives are being achieved;
- (5) a statement of the specific special education services and related services needed by the child, even if not all of these services currently are available in the local education agency preparing the IEP. Any unique instructional media, methods, or behavior management procedures not ordinarily available to all students, but needed by this particular child for learning, shall be listed;
- (6) a description of the extent to which the child will participate in regular classroom instruction, and other academic and non-academic environments, with non-exceptional children of the same age;
- (7) the projected date for the initiation of the prescribed services and anticipated duration of the services, including a description of any extended school term services to be provided; and
- (8) for students age 14 and older, a statement of needed transition services. This statement shall include, if appropriate, the interagency responsibilities if a state or local agency, other than the public agency responsible for the student's education, is responsible for providing or paying for needed transition services.
- (g) For any exceptional child who is not yet receiving special education, the individualized education program shall be developed not later than 30 days from the date when it is determined that the child requires special education. These children shall remain in their current placement until the individualized education program is completed and parental permission is obtained or due process proceedings, including appeals, are completed.
- (h) If a child has been determined, through the comprehensive evaluation, to be eligible for special education, but more information is needed to determine the most appropriate placement, an interim IEP may be developed. Written consent of the child's parents shall be required before the interim placement is carried out. A meeting shall be conducted at the end of the trial period to finalize the child's IEP. The interim individualized education program shall:
- (1) set out the conditions and timelines for the interim placement; and
  - (2) specify a period of time, not exceeding 30 days, for completing the evaluation and making a placement decision.
- (i) If a local education agency, through a contractual agreement, refers or places any child in another accredited or approved special education program, the local education agency shall conduct the initial individualized education program conference and shall arrange for a representative of the receiving agency to participate. If a representative of the receiving agency cannot attend the meeting, the sending agency shall ensure partici-

pation by the receiving agency through other methods, including individual or conference telephone calls. The sending agency, however, shall ensure its involvement, and the involvement of the child's parent, in any decision about the child's individualized education program. Both the child's parent and the sending local education agency shall agree to any proposed changes in the IEP before those changes are implemented. After the child enters the accredited or approved program, any meetings to review and revise the child's individualized education program may be initiated and conducted by the accredited or approved program personnel.

(j) If any exceptional child is enrolled in a parochial or other private school and receives special education services from a public education agency, that public agency shall:

(1) initiate and conduct conferences to develop, review, or revise the initial individualized education program for the child; and

(2) ensure that a representative of the parochial or other private school attends each individualized education program conference. If the representative cannot attend, other methods to ensure participation shall be used, including individual or conference telephone calls.

(k) After the child enters a parochial or private school, any meetings to review and revise the child's individualized education program may be initiated and conducted by the parochial or private school.

(l) When an accredited, approved, parochial or private school initiates and conducts a child's individualized education program, responsibility for compliance with state or federal law or regulation regarding the child's special education shall remain with the local education agency.

(m) If any child is placed in a school district or state institution by court order, and the child is determined by the receiving agency to be exceptional, the receiving agency shall be responsible for developing and implementing an IEP for the child. If an exceptional child from a public school program is admitted to a state institution and the child has an IEP, the IEP shall be forwarded to the state institution for implementation and revision, as needed. Conversely, if it is determined by a state institution that an exceptional child will be returned to the community, the receiving district shall be responsible for implementation and revision of the IEP of the child.

(n) Each local education agency shall have procedures for monitoring the progress of each exceptional child toward the objectives specified in the IEP and shall revise the IEP as necessary. (Authorized by and implementing K.S.A. 72-963; effective May 1, 1983; amended May 1, 1984; amended May 1, 1985; amended July 1, 1990; amended June 1, 1993; amended March 13, 1995.)

**91-12-42. Placement and review.** (a) At least annually, a determination shall be made as to the need for change of placement.

(b) A comprehensive evaluation of an exceptional child shall be made any time conditions warrant or if any child's parent or teacher requests an evaluation. A comprehensive evaluation shall be made of each exceptional child not less than every three years.

(continued)

(c) An informal follow-up to determine the status of any child for whom special education services have been terminated shall be carried out annually for at least two years following termination of the services and return to regular education. (Authorized by and implementing K.S.A. 72-963; effective May 1, 1983; amended July 1, 1990; amended March 13, 1995.)

- (3) home-based and center-based models combined, in any proportion, to comprise a full program.

(b) Least restrictive environment.

(1) The least restrictive environment requirements of K.A.R. 91-12-35 shall apply to children with disabilities under age five.

(2) If a local education agency does not operate early childhood education programs for nondisabled children under age five, regular education for purposes of least restrictive environment for early childhood special education shall include settings where the child would be found if not disabled. The settings shall include, but not be limited to, home, child care, head start, and public and private early childhood education programs.

(c) Class size and caseload limitations for early childhood special education programs shall be as prescribed in Table II. No class size or caseload shall exceed the program's ability to implement the individualized education programs of the children enrolled.

AN ACT establishing the workers compensation board; reviving and amending K.S.A. 44-551, as amended by section 8 of chapter 183 of the 1990 Session Laws of Kansas and K.S.A. 44-556, as amended by section 9 of chapter 183 of the 1990 Session Laws of Kansas, and repealing the revived sections; amending K.S.A. 44-508 and repealing the existing section; also repealing K.S.A. 44-551, as amended by section 53 of chapter 286 of the 1993 Session Laws of Kansas, K.S.A. 44-556, as amended by section 58 of chapter 286 of the 1993 Session Laws of Kansas, and K.S.A. 44-555b.

*Be it enacted by the Legislature of the State of Kansas:*

New Section 1. (a) There is hereby established the workers compensation board. The board shall have exclusive jurisdiction to review all decisions, findings, orders and awards of compensation of administrative law judges under the workers compensation act. The review by the board shall be upon questions of law and fact as presented and shown by a transcript of the evidence and the proceedings as presented, had and introduced before the administrative law judge. The board shall be within the division of workers compensation of the department of human resources and all budgeting, personnel, purchasing and related management functions of the board shall be administered under the supervision and direction of the secretary of human resources. The board shall consist of five members who shall be appointed by the secretary in accordance with this section and who shall each serve for a term of four years, except as provided for the first members appointed to the board under subsection (f).

(b) Each board member shall be an attorney regularly admitted to practice law in Kansas for a period of at least seven years and shall have engaged in the active practice of law during such period as a lawyer; judge of a court of record or any court in Kansas or a full-time teacher of law in an accredited law school, or any combination of such types of practice.

(c) Each board member shall receive an annual salary in an amount equal to the salary prescribed by law for a district judge, except that the member who is the chairperson of the workers compensation board shall receive an annual salary in an amount equal to the salary prescribed for a district judge designated as administrative judge of a district court of Kansas. The board members shall devote full time to the duties of such office and shall not engage in the private practice of law during their term of office. No board member may receive additional compensation for official services performed by the board member. Each board member shall be reimbursed for expenses incurred in the performance of such official duties under the same circumstances and to the same extent as judges of the district court are reimbursed for such expenses.

(d) Applications for membership on the board shall be submitted to the director of workers compensation. The director shall determine if an applicant meets the qualifications for membership on the board prescribed in subsection (b). Qualified applicants for the board will be submitted by the director to the workers compensation board nominating committee for consideration.

(e) There is hereby established the workers compensation board nominating committee which shall be composed of two members appointed as follows: The Kansas AFL-CIO and the Kansas chamber of commerce and industry shall each select one representative to serve on the workers compensation board nominating committee and shall give written notice of the selection to the secretary who shall appoint such representatives to the committee. In the event of a vacancy occurring for any reason on the nominating committee, the respective member shall be replaced by the appointing organization with written notice of the appointment to the secretary of human resources within 30 days of such vacancy.

(f) (1) Upon being notified of any vacancy on the board or of the need to appoint a member pro tem under subsection (i), the nominating committee shall consider all qualified applicants submitted by the director for the vacant position on the board or the member pro tem position and nominate a person qualified therefor. The nominating committee shall be required to reach unanimous agreement on any nomination to the board. With respect to each person nominated, the secretary either shall accept and appoint the person nominated by the nominating committee to the position on the board for which the nomination was made or shall reject the nomination and request the nominating committee to nominate another person for that position. Upon receipt of any such request for the nomination of another person, the nominating committee shall nominate another person for that position in the same manner.

(2) The first members of the board established by this section are hereby appointed as follows: Each person who was a member of the workers compensation board which was in existence on January 12, 1995, is hereby appointed, effective January 13, 1995, as a member of the board established by this section. The term of office of each person so appointed as a member of the board established by this section is for the period equal to the remainder of the term of office such person had as of January 12, 1995, as a member of the workers compensation board which was in existence on January 12, 1995.

(3) Each member of the board shall hold office for the term of the appointment and until the successor shall have been appointed. Successors to such members shall be appointed for terms of four years.

(4) If a vacancy should occur on the board during the term of a member, the nominating committee shall nominate an individual from the qualified applicants submitted by the director to complete the remainder of the unexpired portion of the term. With respect to each person so nominated, the secretary either shall accept and appoint the person nominated to the board or shall reject the nomination and request the nominating committee to nominate another person for the position. Upon receipt of any such request for the nomination of another person, the nominating committee shall nominate another person for the position in the same manner.

(g) Following the completion of a term, board members who wish to be considered for reappointment to the board shall be deemed to have met the qualification requirements for selection to the board and shall be considered for renomination by the workers compensation board nominating committee.

(h) The members of the board shall annually elect one member to serve as chairperson.

(i) If illness or other temporary disability of a member of the board will not permit the member to serve during a case or in any case in which a member of the board must be excused from serving because of a conflict or is otherwise disqualified with regard to such case, the director shall notify the workers compensation nominating committee of the need to appoint a member pro tem. Upon receipt of such notice, the committee shall act as soon as possible and nominate a qualified person to serve as member pro tem in such case in accordance with subsection (f). Each member pro tem shall receive compensation at the same rate as a member of the board receives, prorated for the days of actual service as a member pro tem and shall receive expenses under the same circumstances and to the same extent as a member of the board receives. Each member pro tem shall have all the powers, duties and functions of a member of the board with regard to the case.

(j) The board shall maintain principal offices in Topeka, Kansas, and the board may conduct hearings at a courthouse of any county in Kansas or at another location specified by the board. The secretary of human resources shall provide a courtroom and other suitable quarters in Topeka, Kansas, for the use of the board and its staff. When the board conducts hearings at any location other than in Topeka, Kansas, the director shall make suitable arrangements for such hearings. Subject to the provisions of appropriation acts, the director shall provide such supplies and equipment and shall appoint such support personnel as may be necessary for the board to fulfill the duties imposed by this act, subject to approval by the secretary.

(k) For purposes of hearing cases, the board may sit together or in panels of two members or more, designated by the chairperson of the board, except that an appeal from a preliminary award entered under K.S.A. 44-534a and amendments thereto may be heard by a panel of one member designated by the chairperson. All members of the board shall determine each matter before the board. All decisions, reviews and de-

terminations by the board shall be approved in writing by at least three board members. Whenever the board enters a final order in any proceeding, the board shall make written findings of fact and conclusions of law forming the basis of the board's determination and final order. The findings of fact and conclusions of law of the board shall be made a part of the final order. The board shall mail a copy of the final order of the board to all parties to the proceeding within three days following the issuance of the final order.

Sec. 2. K.S.A. 44-551, as amended by section 8 of chapter 183 of the 1990 Session Laws of Kansas, is hereby revived and amended to read as follows: 44-551. (a) The duties of the assistant directors of workers compensation shall include but not be limited to acting in the capacity of an administrative law judge and the conducting of director reviews; provided the director shall be the final approving authority for such director reviews.

(b) (1) Administrative law judges shall have power to administer oaths, certify official acts, take depositions, issue subpoenas, compel the attendance of witnesses and the production of books, accounts and papers, documents and records to the same extent as is conferred on the district courts of this state, and under the direction of the director, may conduct an investigation, inquiry, or hearing in the same manner and with like effect as if done by the director on all matters before the administrative law judges. All acts, findings, awards, decisions, rulings or modifications of findings or awards made by an administrative law judge, shall be subject to review and approval by the director board upon written request of any interested party within 10 days and if no such request is made, then the director board shall approve such actions, findings, awards, decisions, rulings or modifications of findings or awards of the administrative law judge. The filing of such a request for review by the board shall not be a prerequisite to judicial review as provided for in K.S.A. 44-556 and amendments thereto. On any such review, the board shall have authority to grant or refuse compensation, or to increase or diminish any award of compensation or to remand any matter to the administrative law judge for further proceedings.

(2) (A) If an administrative law judge has entered a preliminary award under K.S.A. 44-534a and amendments thereto, a director's review by the board shall not be conducted under this section unless it is alleged that the administrative law judge exceeded the administrative law judge's jurisdiction in granting or denying the relief requested at the preliminary hearing. Director's orders on review of preliminary findings or preliminary awards issued pursuant to K.S.A. 44-534a and amendments thereto shall be issued within 30 days from the date the review was submitted on the record where oral arguments were not requested and within 30 days from the date oral arguments were presented by the parties. Director's orders on review of preliminary findings or preliminary awards shall be issued within 90 days from the date the review was submitted on the record where oral arguments were not requested or within 90 days from the date oral arguments were presented by the parties.

(B) If an order on review is not issued by the director board within the applicable time period prescribed by subsection (b)(2)(A), medical compensation and any disability compensation as provided in the award of the administrative law judge shall be paid commencing with the first day after such time period and shall continue to be paid until the director's order of the board is issued, except that no payments shall be made under this provision for any period before the first day after such time period. Nothing in this section shall be construed to limit or restrict any other remedies available to any party to a claim under any other statute.

(C) In any case in which the final award of an administrative law judge is appealed to the director board for review under this section and in which the compensability is not an issue to be decided on review by the director board, medical compensation shall be payable in accordance with the award of the administrative law judge and shall not be stayed pending such review. The employee may proceed under K.S.A. 44-534a and amendments thereto and may have a hearing in accordance with that statute to enforce the provisions of this subsection.

(c) Each assistant director and each administrative law judge or special administrative law judge shall be allowed all reasonable and necessary expenses actually incurred while in the actual discharge of official duties in administering the workers compensation act, but such expenses shall be sworn to by the person incurring the same and be approved by the secretary.

(d) In case of emergency the director may appoint special local administrative law judges and assign to them the examination and hearing of any designated case or cases. Such special local administrative law judges shall be attorneys and admitted to practice law in the state of Kansas and shall, as to all cases assigned to them, exercise the same powers as provided by this section for the regular administrative law judges. Special local administrative law judges shall receive a fee commensurate with the services rendered as fixed by rules and regulations adopted by the director. The fees prescribed by this section prior to the effective date of this act shall be effective until different fees are fixed by such rules and regulations.

(e) All special local administrative law judge's fees and expenses shall be taxed as cost in each case heard by such special local administrative law judge and when collected shall be paid directly to such special local administrative law judge by the party charged with the payment of the same.

(f) Except as provided for judicial review under K.S.A. 44-556 and amendments thereto, the decisions and awards of the board shall be final.

Sec. 3. K.S.A. 44-556, as amended by section 9 of chapter 183 of the 1990 Session Laws of Kansas, is hereby revived and amended to read as follows: 44-556. (a) Any action of the director board pursuant to the workers compensation act, other than the disposition of appeals of preliminary orders or awards under K.S.A. 44-534a and amendments thereto, shall be subject to review in accordance with the act for judicial review and civil enforcement of agency actions by appeal directly to the court of appeals. Any party may appeal from a final order of the board by filing an appeal with the court of appeals within 30 days of the date of the final order. Such review shall be upon questions of law and fact as presented and shown by a transcript of the evidence and proceedings as presented, had and introduced before the director. The venue of the action shall be the county where the cause of action arose or the county mutually agreed upon by all of the parties. Any such action shall have precedence over all other hearings except those of like character, and shall be heard not later than the first term of the district court after the appeal has been perfected; and the court shall decide all such cases within 60 days after submission. The appealing party shall notify the director when judgment is issued by the court. If judgment is not issued within 60 days of submission, any party may notify the director to that effect. The director will advise the judge to whom the case was submitted that 60 days has elapsed since submission of the case and request that a decision be rendered. If no decision is forthcoming within 30 days of such request by the director, the director will advise the supreme court justice having jurisdiction over such judge of all of the facts in regard to the review and the failure of the judge to render a decision as required by this section.

(b) On any such review the district court shall have jurisdiction to grant or refuse compensation, or to increase or diminish any award of the director as justice may require. No compensation shall be due or payable until the expiration of the time for commencing an action for review and then the payment of past due compensation awarded by the director shall not be payable if, within such time a petition for review, has been filed in accordance with the act for judicial review and civil enforcement of agency actions. Except as otherwise provided by this section, the right of review shall include the right to make no payments of such compensation until the review has been decided by the district court if the employer is insured for workers compensation liability with an insurance company authorized to do business in this state, if the employer is maintaining membership in a qualified group-funded workers compensation pool under K.S.A. 44-581 through 44-591 and amendments thereto, if the employer is maintaining membership in a group-funded pool under the Kansas municipal group-funded pool act which includes workers compensation and employers' liability under the workers compensation act, or if the employer is currently approved by the director as a self-insurer and has filed a bond with the district court in accordance with K.S.A. 44-530 and amendments thereto. Commencement of an action for review by the court of appeals shall not stay the payment of compensation due for the ten-week period next preceding the director's board's decision and for the period of time after the director's board's decision and prior to the decision of the district court of appeals on review.

(c) If review of the decision of the district court is sought pursuant to K.S.A. 77-623 and amendments thereto, the compensation payable under the decision of the district court shall not be stayed pending such review. Review of the decision of the district court shall take precedence

over other cases except cases of the same character. If review is sought on any order entered under the workers compensation act prior to October 1, 1993, such review shall be in accordance with the provisions of K.S.A. 44-551 and this section, and any other applicable procedural provisions of the workers compensation act, as all such provisions existed prior to amendment by this act on July 1, 1993.

(d) (1) If compensation, including medical benefits, temporary total disability benefits or vocational rehabilitation benefits, has been paid to the worker by the employer or the employer's insurance carrier during the pendency of review by the district court or by appellate courts under this section and the amount of compensation awarded by the director or the district court board is reduced or totally disallowed by the decision on the appeal or review, the employer and the employer's insurance carrier, except as otherwise provided in this section, shall be reimbursed from the workers compensation fund established in K.S.A. 44-566a and amendments thereto for all amounts of compensation so paid which are in excess of the amount of compensation that the worker is entitled to as determined by the final decision on review. The director shall determine the amount of compensation paid by the employer or insurance carrier which is to be reimbursed under this subsection (d)(1), and the director shall certify to the commissioner of insurance the amount so determined. Upon receipt of such certification, the commissioner of insurance shall cause payment to be made to the employer or the employer's insurance carrier in accordance therewith.

(2) If any temporary or permanent partial disability or temporary or permanent total disability benefits have been paid to the worker by the employer or the employer's insurance carrier during the pendency of review by the district court or by appellate courts under this section and the amount of compensation awarded for such benefits by the director or the district court board is reduced by the decision on the appeal or review and the balance of compensation due the worker exceeds the amount of such reduction, the employer and the employer's insurance carrier shall receive a credit which shall be applied as provided in this subsection (d)(2) for all amounts of such benefits which are in excess of the amount of such benefits that the worker is entitled to as determined by the final decision on review or appeal. If a lump-sum amount of compensation is due and owing as a result of the decision of the district court of appeals, the credit under this subsection (d)(2) shall be applied first against such lump-sum amount. If there is no such lump-sum amount or if there is any remaining credit after a credit has been applied to a lump-sum amount due and owing, such credit shall be applied against the last compensation payments which are payable for a period of time after the final decision on review or appeal so that the worker continues to receive compensation payments after such final decision until no further compensation is payable after the credit has been satisfied. The credit allowed under this subsection (d)(2) shall not be applied so as to stop or reduce benefit payments after such final decision, but shall be used to reduce the period of time over which benefit payments are payable after such final decision. The provisions of this subsection (d)(2) shall be applicable in all cases under the workers compensation act in which a final award is issued by an administrative law judge on or after July 1, 1990.

(e) If compensation, including medical benefits, temporary total disability benefits or vocational rehabilitation benefits, has been paid to the worker by the employer, the employer's insurance carrier or the workers compensation fund during the pendency of review by the district court or by appellate courts under this section, and the employer, the employer's insurance carrier or the workers compensation fund, which was held liable for and ordered to pay all or part of the amount of compensation awarded by the director or the district court board, is held not liable by the final decision on the appeal or review for the compensation paid or is held liable on such appeal or review to pay an amount of compensation which is less than the amount paid pursuant to the award, then the employer, employer's insurance carrier or workers compensation fund shall be reimbursed by the party or parties which were held liable on such appeal or review to pay the amount of compensation to the worker that was erroneously ordered paid by the director or district court. The director shall determine the amount of compensation which is to be reimbursed to each party under this subsection, if any, in accordance with the final decision on the appeal or review and shall certify each such amount to be reimbursed to the party required to pay the amount or amounts of such reimbursement. Upon receipt of such certification, the party required to make the reimbursement shall pay the amount or amounts required to be paid in accordance with such certification. No worker shall be required to make reimbursement under this subsection or subsection (d).

(f) As used in subsections (d) and (e), "employers' insurance carrier" includes any qualified group-funded workers compensation pool under K.S.A. 44-581 through 44-591 and amendments thereto or a group-funded pool under the Kansas municipal group-funded pool act which includes workers compensation and employers' liability under the workers compensation act.

(g) In any case in which any review is sought under this section and in which the compensability is not an issue to be decided on review, medical compensation shall be payable and shall not be stayed pending such review. The worker may proceed under K.S.A. 44-534a and amendments thereto and may have a hearing in accordance with that statute to enforce the provisions of this subsection.

Sec. 4. K.S.A. 44-508 is hereby amended to read as follows: 44-508. As used in the workers compensation act:

(a) "Employer" includes (1) any person or body of persons, corporate or unincorporate, and the legal representative of a deceased employer or the receiver or trustee of a person, corporation, association or partnership; (2) the state or any department, agency or authority of the state, any city, county, school district or other political subdivision or municipality or public corporation and any instrumentality thereof; and (3) for the purposes of community service work, the entity for which the community service work is being performed and the governmental agency which assigned the community service work, if any, if either such entity or such governmental agency has filed a written statement of election with the director to accept the provisions under the workers compensation act for persons performing community service work and in such case such entity and such governmental agency shall be deemed to be the joint employer of the person performing the community service work and both shall have the rights, liabilities and immunities provided under the workers compensation act for an employer with regard to the community service work, except that the liability for providing benefits shall be imposed only on the party which filed such election with the director, or on both if both parties have filed such election with the director; for purposes of community service work, "governmental agency" shall not include any court or any officer or employee thereof and any case where there is deemed to be a "joint employer" shall not be construed to be a case of dual or multiple employment.

(b) "Workman" or "employee" or "worker" means any person who has entered into the employment of or works under any contract of service or apprenticeship with an employer. Such terms shall include but not be limited to: Executive officers of corporations; professional athletes; persons serving on a volunteer basis as duly authorized law enforcement officers, ambulance attendants, mobile intensive care technicians, firefighters, but only to the extent and during such periods as they are so serving in such capacities; persons employed by educational, religious and charitable organizations, but only to the extent and during the periods that they are paid wages by such organizations; persons in the service of the state, or any department, agency or authority of the state, any city, school district, or other political subdivision or municipality or public corporation and any instrumentality thereof, under any contract of service, express or implied, and every official or officer thereof, whether elected or appointed, while performing official duties; persons in the service of the state as volunteer members of the Kansas department of civil air patrol, but only to the extent and during such periods as they are officially engaged in the performance of functions specified in K.S.A. 1993 Supp. 48-3302 and amendments thereto; volunteers in any employment, if the employer has filed an election to extend coverage to such volunteers; minors, whether such minors are legally or illegally employed; and persons performing community service work, but only to the extent and during such periods as they are performing community service work and if an election has been filed an election to extend coverage to such persons. Any reference to an employee who has been injured shall, where the employee is dead, include a reference to the employee's dependents, to the employee's legal representatives, or, if the employee is a minor or an incapacitated person, to the employee's guardian or conservator. Unless there is a valid election in effect which has been filed as provided in K.S.A. 44-542a and amendments thereto, such terms shall not include individual employers, limited or general partners or self-employed persons.

(c) (1) "Dependents" means such members of the employee's family as were wholly or in part dependent upon the employee at the time of the accident.

In the meaning of this section, parents include stepparents, children include stepchildren, grandchildren include stepgrandchildren, brothers and sisters include stepbrothers and stepsisters, and children and parents include that relation by legal adoption. In the meaning of this section, a surviving spouse shall not be regarded as a dependent of a deceased employee or as a member of the family, if the surviving spouse shall have for more than six months willfully or voluntarily deserted or abandoned the employee prior to the date of the employee's death.

(3) "Wholly dependent child or children" means:

(A) A birth child or adopted child of the employee except such a child whose relationship to the employee has been severed by adoption;

(B) a stepchild of the employee who lives in the employee's household;

(f) The words "arising out of and in the course of employment" as used in the workers compensation act shall not be construed to include injuries to the employee occurring while the employee is on the way to assume the duties of employment or after leaving such duties, the proximate cause of which injury is not the employer's negligence. An employee shall not be construed as being on the way to assume the duties of employment or having left such duties at a time when the worker is on the premises of the employer or on the only available route to or from work which is a route involving a special risk or hazard and which is a route not used by the public except in dealings with the employer. The words, "arising out of and in the course of employment" as used in the workers compensation act shall not be construed to include injuries to employees while engaged in recreational or social events under circumstances where the employee was under no duty to attend and where the injury did not result from the performance of tasks related to the employee's normal job duties or as specifically instructed to be performed by the employer.

Such evaluation is accomplished by means of a system which identifies the utilization of health care services above the usual range of utilization for such services, which is based on accepted standards of the health care profession involved, and which refers instances of possible inappropriate utilization to the director for referral to a peer review committee.

(n) "Peer review" means an evaluation by a peer review committee of the appropriateness, quality and cost of health care and health services provided a patient, which is based on accepted standards of the health care profession involved and which is conducted in conjunction with utilization review.
