Notice of Grants Available

The application for funds and statewide strategy plan under the Drug Control and System Improvement Formula Grant Program established by the Anti-Drug Abuse Act of 1988 and the Crime Control Act of 1990 is available for public review and comment at the Kansas Sentencing Commission, Suite 501, Jayhawk Tower, 700 S.W. Jackson, Topeka.

A total of \$4.877 million is now available through the Kansas Criminal Justice Anti-Drug Grant Program to assist Kansas criminal justice agencies in the war against illicit drugs. The \$4.877 million figure represents funds awarded to the state of Kansas by the U.S. Department of Justice, Bureau of Justice Assistance.

Cities, counties and state agencies are eligible to apply for these funds for both supply and demand reduction projects, including school-based demand reduction education by law enforcement; multijurisdictional drug task forces; community and neighborhood programs which assist citizens in preventing and controlling crime; and other innovative, expanded or specialized enforcement, investigative, prosecutorial, defender, judicial and treatment programs.

Grants operate on a reimbursement basis. Applicants must provide at least 25 percent of the total amount requested (local matching funds). The percent of the local matching funds is contingent on the number of years a grant has been funded. The Kansas Criminal Justice Coordinating Council will reimburse subrecipients the federal portion for authorized expenditures. Reimbursements are processed monthly.

Applications must be submitted by 5 p.m. March 31 to the address listed below. Grant awards will be announced through June 30.

To obtain an application kit or more information, contact the Kansas Criminal Justice Coordinating Council, Suite 501, Jayhawk Tower, Topeka, 66603, (913) 296-0923.

Department of Administration  
Division of Architectural Services

Notice of Commencement of Negotiations  
for Architectural or Engineering Services

Notice is hereby given of the commencement of negotiations for architectural or engineering services for the stabilization of the adobe house located at the Prairie Dog State Park, Norton.

Services shall include the stabilization of the foundation and substructure, rebuilding of walls, and removal and reinstallation of the roof for historical accuracy. The house is a single story, built around 1890.

A study and cost estimates for repairs shall initially be called for, followed by construction documents. Please note there are no state funds available for this project; funding would come from local sources.

If interested, an original and six copies of the SF 255 form (plus relevant attachments of information regarding similar projects) should be concise, relevant to the project and follow the State Building Advisory Commission guidelines for submittal. Copies of the guidelines have previously been distributed to firms; if copies of the guidelines are required, contact Barbara Schilling, Division of Architectural Services, 625 S.W. Polk, Topeka, 66603, (913) 233-9367.

Any questions or expressions of interest should be submitted to Barbara Schilling before 5 p.m. February 17.

Gary Grimes  
Acting Director, Division of  
Architectural Services

## Opinion No. 95-8

**Counties and County Officers—General Provisions—Limitation and Procedures for Exercise of Home Rule Power of Taxation; County Option Severance Tax on Water.** Representative Gayle Mollenkamp, 118th District, Russell Springs, January 17, 1995.

County home rule power with regard to imposing a severance tax on water being exported out of the county is preempted by legislative enactment in the field. Whether the state chooses to impose a severance tax on water being exported from host counties is strictly a matter for legislative determination. Cited herein: K.S.A. 1993 Supp. 19-101a, as amended by L. 1994, ch. 109, sec. 1; K.S.A. 19-117; 82a-702. NKF

## Opinion No. 95-9

**Contracts and Promises—Regulation of Pawnbrokers and Precious Metal Dealers—Loans Secured by Pledged Goods, Disposition and Redemption of Pledged Articles.** Floyd E. Jensen, Cheyenne County Attorney, St. Francis, January 17, 1995.

An individual who borrows money from a pawnbroker has two months from the date the loan is due to redeem the security that has been pledged by paying the loan principal and the loan charge(s). If the borrower wishes to renew the loan for an additional 30-day period, the borrower must pay the monthly charge at the time of the renewal. Cited herein: K.S.A. 16-714; K.S.A. 1993 Supp. 16-719. MF

## Opinion No. 95-10

**Cities and Municipalities—Public Utilities—Control of Streets and Public Grounds; Common Law Right of Access.** L. LaVerne Fiss, Johnson City Attorney, Johnson, January 17, 1995.

A city may barricade a portion of a street without infringing upon certain property owners' rights of access if such property owners continue to have access to streets that abut their property. MF

## Opinion No. 95-11

**Counties and County Officers—County Commissioners—Sale of County Property; Property Belonging to a County Law Enforcement Department.** J. Richard Lake, Jackson County Counselor, Holton, January 23, 1995.

The sheriff's mere use of real property purchased with county general fund money does not qualify the land as "property belonging to a county law enforcement department" as the phrase is used in K.S.A. 1993 Supp. 19-211, as amended by L. 1994, ch. 80, § 2. Cited herein: K.S.A. 1993 Supp. 19-211, as amended by L. 1994, ch. 80, § 2; K.S.A. 19-212; 19-4429. NKF

## Opinion No. 95-12

**Public Records, Documents and Information—Records Open to Public—Certain Records Not Required to be Open; Documents Relating to the Costs of Parcels Pur-**

chased by KDOT. Representative Betty Jo Charlton, 46th District, Lawrence, January 23, 1995.

The Kansas Department of Transportation is required to disclose records regarding the western leg of the south Lawrence trafficway as requested by a Kansas citizen since formal contracts have been executed for that portion of the trafficway. This is true regardless whether contracts for the eastern leg of the trafficway have been completed. Although some portions of the records requested may fall under the exceptions enumerated in K.S.A. 45-221, the department must separate or delete them and disclose the remaining information. Cited herein: K.S.A. 45-216; 45-217, as amended by L. 1994, ch. 293; § 4; 45-221, as amended by L. 1994, chs. 89, 101, 107, 138. NKF

## Opinion No. 95-13

**Schools—Organization, Powers and Finances of Boards of Education—Power to Acquire Property; Computers For Use By Board Members.**

**State Departments; Public Officers and Employees—Public Officers and Employees; Open Public Meetings—Definition of Meeting; Electronic Mail as Interactive Communication.** Senator Janis K. Lee, 36th District, Kensington, January 23, 1995.

A local board of education may purchase computer terminals to be placed in the residences of members of the board of education. The computer terminals remain the property of the unified school district and may be used solely for school purposes until such time as the board of education may determine the computer terminals are no longer needed and dispose of them as authorized by state statute. School board members may be in violation of the Kansas open meetings act if three or more board members simultaneously engage in interactive discussion of board business through use of computer terminals. However, simply sending a message to other board members would not, standing alone, constitute an "interactive communication" within the meaning of the act. Cited herein: K.S.A. 72-5389; K.S.A. 1993 Supp. 72-6761; K.S.A. 72-7901; 72-8211; 72-8212; 72-8401; 72-8804; 75-4317a, as amended by L. 1994, ch. 64, § 1. NKF

## Opinion No. 95-14

**State Boards, Commissions and Authorities—Board of Examiners for Hearing Aids—Certificate of Registration or Endorsement; Fee and Audiometric Equipment Test Documentation Required; Reciprocity.** Representative Clyde D. Graeber, 41st District, Leavenworth, January 23, 1995.

An administrative agency's interpretation of a regulation must be consistent with the language found in the regulation and with the statutes the regulation implements. Whether an agency's interpretation is enforceable depends on the facts and is determined on a case by case basis. Cited herein: K.S.A. 74-5813; K.S.A. 1993 Supp. 77-415; K.A.R. 67-2-4. GE

Department of Health and Environment

Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63, 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for discharges to the waters of the United States and the state of Kansas for the applicants described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

Public Notice No. KS-AG-95-5/6

Name and Address of Applicant	Legal Description	Receiving Water
Richard and Martha Bartels Route 2, Box 132 Frankfort, KS 66427	NW/4 Sec. 6, T2S, R8E, Marshall County	Big Blue River Basin

Kansas Permit No. A-BBMS-K001

The proposed facility will have capacity for approximately 200 dogs. Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided in excess of minimum requirements.

Compliance Schedule: Dewatering equipment shall be obtained within six months after issuance of this permit through purchase, rental or custom application agreement. It shall be capable of pumping at least 20 gallons per minute and dispersing the wastewater over two acres of land suitable for waste application. Written verification of the acquisition of the equipment shall be submitted to the department.

Name and Address of Applicant	Legal Description	Receiving Water
Aaron A. Miller Route 1, Box 95 Alma, KS 66401	SW/4 Sec. 8, T10S, R11E, Wabaunsee County	Kansas River Basin

Kansas Permit No. A-KSWB-S002

The existing facility has the capacity for approximately 410 swine. Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided in excess of minimum requirements.

Compliance Schedule: Dewatering equipment shall be obtained within six months after issuance of this permit through purchase, rental or custom application agreement. It shall be capable of pumping at least 20 gallons per minute and dispersing the wastewater over two acres of land suitable for waste application. Written verification of the acquisition of the equipment shall be submitted to the department.

Public Notice No. KS-ND-95-3

Name and Address of Applicant	Waterway	Type of Discharge
Diamond "B" Ranch Attn: Bill Hall 1430 S. 135th St. West Wichita, KS 67218 Sedgwick County, Kansas	Non-overflowing	Non-overflowing

Kansas Permit No. C-AR94-N018

Description of Facility: This is a one-cell waste stabilization pond designed for the treatment of domestic waste only. This is a new facility.

Public Notice No. KS-95-5

Name and Address of Applicant	Waterway	Type of Discharge
Koch Gathering Systems, Inc. Hydrostatic Test Discharge P. O. Box 509 Russell, KS 67665 Ellis County, Kansas	Saline River via earthen ditches	Discharge of hydrostatic test water from used crude oil pipelines

Kansas Permit No. I-SA14-P003 Fed. Permit No. KS-0091243

Description of Facility: This facility is engaged in three hydrostatic tests of the existing crude oil pipelines. Discharge of the hydrostatic test water will be stored in storage tanks. Samples from each test section are analyzed and approved prior to discharge to the Saline River. Water from irrigation water wells is the water source. Hay bales are used for filtering solids prior to discharge. This is a new facility. Proposed effluent limitations are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria.

Written comments on the proposed determinations may be submitted to Bethel Spotts, Permit Clerk, or Dorothy Geisler (agricultural permits), Kansas Department of Health and Environment, Division of Environment, Bureau of Water, Forbes Field, Topeka 66620. All comments postmarked or received on or before March 3 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate public notice number (KS-AG-95-5/6, KS-ND-95-3, KS-95-5) and the name of applicant as listed when preparing comments.

If no objections are received during the public notice period, the Secretary of Health and Environment will issue the final determinations. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61. Media coordination (newspapers, radio) for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

The application, proposed permit, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Kansas Department of Health and Environment offices, Building 283, Forbes Field, Topeka, from 8 a.m. to 4:30 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

Bob J. Mead  
Acting Secretary of Health and Environment

**State Corporation Commission**

**Notice of Hearing**

The State Corporation Commission has directed that an investigation be instituted and a hearing conducted, pursuant to K.S.A. 55-703, to determine the reasonable market demand for gas produced from the fields listed below for the period extending from April 1, 1995 through September 30, 1995, inclusive; to determine the deliverability and acreage attributable to each of the wells therein; and to fix gas production percentages and quotas for the wells within the fields. Evidence will be received for the above purposes and for determining and fixing allowables for each of the wells in the following fields during the above proration period:

- Hugoton gas field in Finney, Grant, Gray, Hamilton, Haskell, Kearny, Morton, Seward, Stanton, Stevens and Wichita counties
- Panoma-Council Grove gas field in Finney, Grant, Hamilton, Haskell, Kearny, Morton, Stanton, Stevens, Wichita and Seward counties
- Glick (Mississippi) gas pool in Barber, Comanche and Kiowa counties
- Greenwood gas field in Morton County
- Shepard Conglomerate gas field in Stafford County

The hearing will be at 9 a.m. Thursday, March 9, in the Conservation Division Office, Room 2078, Finney State Office Building, 130 S. Market, Wichita. All transporters of gas produced from the above fields must furnish at the hearing their nominations from the fields for the calendar months included in the proration period.

Further information can be obtained by contacting John McCannon or William J. Wix, Assistant General Counsel, State Corporation Commission, Conservation Division, (316) 337-6200.

Doc. No. 015865

Sealed Bids

Sealed bids for the purchase of \$1,038,000 principal amount of General Obligation Bonds, Series 1995A, of the city hereinafter described, will be received by the undersigned, city clerk of the city of Leavenworth, Kansas, on behalf of the governing body of the city at City Hall, 100 N. 5th, Leavenworth, until 10 a.m. C.S.T. on Tuesday, February 14, 1995. All bids will be publicly opened and read at said time and place and will be acted upon by the city at 7 p.m. on said day at City Hall. No oral or auction bids will be considered.

State of Kansas

Kansas Water Authority

Notice of Meetings

The Kansas Water Authority will meet February 14 and 15 in Topeka to discuss preliminary drafts of the Kansas Water Plan recommended for release to the public at meetings scheduled for March. The Policy and Planning Committee of the Authority will meet at 10 a.m. February 14 in the Kansas Water Office conference room. The Operations Committee will meet at 1 p.m. on the same date in the State Conservation Commission conference room. Both meetings will be in the Mills Building, 109 S.W. 9th, Topeka.

The Authority will review drafts of policy subsections to the Kansas Water Plan regarding planning, flooding, water quality and water banking. The Authority also will review preliminary drafts of revisions to the water quality subsections of four basin plans: the Upper Republican, the Smoky Hill-Saline, the Marais des Cygnes and the Lower Arkansas. If the Authority approves the release of these drafts, they will be made available for public comment and review prior to a series of public meetings scheduled for the last two weeks of March.

The Authority also will address several issues related to the basin advisory committees, a request by Salina to negotiate for water in Kanopolis Lake and two contracts with federal agencies. In addition, the Kansas Water Authority will be briefed on the latest developments on the city of Hays' acquisition of water rights along the Arkansas River and acquisition of storage in federal reservoirs.

The full Kansas Water Authority will convene at 9 a.m. February 15 to take final action on committee work. It will be briefed on the status of legislation and appropriations from the state water plan fund, public education and technical issues surrounding water quality. The Authority will meet in the conference room of the Kansas Department of Transportation in the Docking State Office Building, 915 S.W. Harrison, Topeka.

Copies of the agenda are available by contacting Janelle Amorin, Kansas Water Office, 109 S.W. 9th, Suite 300, Topeka, 66612-1249; (913) 296-3185; (TTY) (913) 296-6604. If accommodations are needed for persons with disabilities, please notify the Kansas Water Office at least two days prior to the meeting.

John R. Best Chairman

Doc. No. 015863

Bidders may deliver a bid to the city clerk, or they may telefax it to the city clerk prior to the said time and date. Bidders who transmit their bid by telefax must undertake the following: (a) send the "good faith" check and a blank copy of the official proposal form for the bonds in time to be received by the city not less than one business day prior to the date of sale; (b) the blank proposal must provide the name and telephone number of the authorized representative of the lead manager of each account signed by such representative and must list the members of the account on the back thereof. On the date of the sale, the authorized representative of the account may transmit to the city, by telefax, the bid for the bonds. The signed proposal will be completed by the city with such information. Telefax transmissions must be directed to (913) 651-2356. The city will not accept responsibility for inaccurate bids submitted by telefax, including garbled transmissions, or the inability of a bidder to access the telefax number prior to the indicated sale time.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof, except one bond in the denomination of \$8,000. The bonds will be dated March 1, 1995, and will become due serially on September 1 in the years as follows:

Year	Principal Amount
1996	\$103,000
1997	100,000
1998	100,000
1999	105,000
2000	105,000
2001	105,000
2002	105,000
2003	105,000
2004	105,000
2005	105,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1996.

(continued)

### Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

### Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on September 1, 2001, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2000, and thereafter in whole on any date or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 45 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the city's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified:

### Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate

shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1 percent. No interest rate shall exceed the index of treasury bonds published by *The Bond Buyer* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

### Security for the Bonds

The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city.

### Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income, with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for an environmental tax generally based

on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds may also be excludable from the computation of Kansas adjusted gross income.

#### Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, prepared, executed and registered, on or about March 21, 1995, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 3 p.m. C.S.T. on February 28, 1995. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 3 p.m. C.S.T. on February 28, 1995, a certificate acceptable to the city's bond counsel to the effect that (i) the successful

bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$20,760, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall, at the option of the city, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the bidder shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city, and the city reserves the right to pursue any consequential damages as a result of such default.

#### CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

#### Bond Ratings

The outstanding general obligation bonds of the city are rated "A1" by Moody's Investor Service, and the city has applied for rating on the bonds herein offered for sale.

#### Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

#### Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail, delivered in person or telefaxed as hereinbefore provided to the undersigned at City Hall

(continued)

and must be received by the undersigned prior to 10 a.m. C.S.T. on Tuesday, February 14, 1995.

#### Date and Delivery of Preliminary and Final Official Statement

The city has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will re-offer the bonds to the public, together with any other information required by law, will constitute a "final official statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the city will provide without cost to the purchaser a reasonable number of printed copies of the final official statement and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds are awarded to a syndicate, the city will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The city will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the mayor and the city clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk.

#### Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1994 is \$119,815,209. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$15,613,789.22, including, as of the date of the bonds, temporary notes outstanding in the principal amount of \$4,758,789.22, of which \$983,000 will be retired out of the proceeds of the bonds herein offered for sale.

Dated January 26, 1995.

#### Notice of Call for Redemption to the owners of City of Great Bend, Kansas (Westgate Village, Inc.—Tenant) \$500,000—Series A, 1985

Notice is hereby given that pursuant to the provisions of Ordinance No. 3687 adopted March 18, 1985, of the city of Great Bend, Kansas (the issuer), the above mentioned bonds maturing March 1, 1996, and thereafter (the called bonds) have been called for redemption in full and the \$370,000 outstanding principal amount thereof shall be redeemed on March 1, 1995 (the redemption date), at the principal corporate trust office of the Southwest National Bank of Wichita, 400 E. Douglas, P. O. Box 1401, Wichita, KS 67201 (the paying agent). The called bonds are further described as follows:

Maturity Date	Principal Amount	Interest Rate	CUSIP
03/01/96	\$ 25,000	10.40%	390195FX8
03/01/97	30,000	10.60%	390195FY6
03/01/98	35,000	10.80%	390195FZ3
03/01/99	40,000	11.00%	390195GA7
03/01/00	45,000	11.00%	390195GB5
03/01/03	195,000	11.25%	390195GC3

On such redemption date, provided that funds are on hand to pay the above described Series A, 1985 Bonds as aforesaid, there shall become due and payable, upon the presentation and surrender of each such bond, the redemption price thereof equal to 102 percent of the principal amount of each bond together with interest accrued on the redemption date. Interest shall cease to accrue on the bonds so called for redemption from and after March 1, 1995.

In the event such funds are not on deposit with the trustee, the trustee shall notify all owners of the bonds that the redemption described in the notice has been cancelled.

Neither the city nor the paying agent shall be responsible for the selection or use of the CUSIP identification numbers shown above or printed on any of the Series A, 1985 Bonds. Said CUSIP identification numbers are included solely for the convenience of the owners of the Series A, 1985 Bonds.

Under the provisions of the Interest and Dividend Tax Compliance Act of 1983, paying agents making payments of interest or principal on corporate securities or making payments of principal on municipal securities may be obligated to withhold a 31 percent tax from remittances to individuals who have failed to furnish the paying agent with a valid taxpayer identification number. Holders of the bonds who wish to avoid the imposition of the tax should submit certified taxpayer identification numbers when presenting the bonds for payment.

State of Kansas

**Department of Wildlife  
and Parks**

**Permanent Administrative  
Regulations**

**Article 20.—MISCELLANEOUS REGULATIONS****115-20-1. Crows; legal equipment, taking methods, and possession.**

(a) Legal hunting equipment for crows shall consist of:

(1) firearms:

(A) centerfire and rimfire rifles and handguns, except fully automatic rifles and handguns;

(B) shotguns and muzzleloading shotguns not larger than ten gauge and using only shot;

(C) muzzleloading rifles and pistols;

(D) cap and ball pistols; and

(E) pellet and BB guns; and

(2) bow and arrow.

(b) Crows may be taken by falconry.

(c) The use of dogs shall be permitted while hunting.

(d) Hunting hours shall be from 1/2 hour before sunrise to sunset.

(e) Any type apparel may be worn while hunting.

(f) Calls and decoys, except live decoys, may be used while hunting.

(g) Crows may be shot or pursued by falconry means while the crow is in flight, on the ground, or perched.

(h) Legally taken crows may be possessed without limit in time, in unlimited numbers and disposed of in any manner. Except, crows shall not be purchased, sold, bartered, or offered for purchase, sale or barter.

(i) Blinds and stands may be used while hunting. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective July 30, 1990; amended March 20, 1995.)

**Article 30.—BOATING**

**115-30-3. Personal flotation devices; requirements.** (a) "PFD" means any type I, II, III, IV or V personal flotation device approved by the United States coast guard for use on recreational vessels.

(b) Each vessel shall have at least one type I, II, or III PFD on board for each individual in the vessel and at least one type I, II or III PFD on board for each individual being towed.

(c) In addition to the provisions of subsection (b), each vessel 16 feet or greater in length, except canoes and kayaks, shall have at least one type IV PFD on board.

(d) A type V personal flotation device may be used to satisfy requirements of subsections (b) or (c) if:

(1) the device is United States coast guard approved;

(2) the device is labeled for the activity for which the recreational vessel is being used;

(3) the device is used in accordance with requirements on the label; and

(4) the device is used in accordance with the requirements in its owner's manual if the label refers to the manual.

(e) To meet the "readily accessible" requirement of K.S.A. 32-1119, each required PFD shall be in open view and shall not be stowed in locked or closed compartments or be inside plastic or other packaging material. (Authorized by and implementing K.S.A. 32-1119; effective Oct. 22, 1990; amended March 20, 1995.)

**Notice of Redemption  
Unified School District No. 257  
Allen County, Kansas (Iola)  
General Obligation School Building Bonds  
Series 1989  
Dated February 1, 1989**

Notice is hereby given to the registered owners of certain General Obligation School Building Bonds, Series 1989, dated February 1, 1989, of Unified School District No. 257, Allen County, Kansas (Iola), that the school district hereby calls for redemption on March 1, 1995, the following bonds of said series:

Principal Amount	Maturity March 1	Interest Rate	CUSIP Nos.
\$230,000	March 1, 1996	6.50%	017540AR6
\$250,000	March 1, 1997	6.55%	017540AS4
\$265,000	March 1, 1998	6.60%	017540AT2
\$280,000	March 1, 1999	6.70%	017540AU9
\$300,000	March 1, 2000	6.80%	017540AV7
\$320,000	March 1, 2001	6.90%	017540AW5
\$345,000	March 1, 2002	7.00%	017540AX3
\$370,000	March 1, 2003	7.00%	017540AY1
\$395,000	March 1, 2004	7.00%	017540AZ8

On such date, each of the aforesaid bonds shall become due and payable at a redemption price equal to 101 percent of the principal amount thereof, plus accrued interest thereon to March 1, 1995, and from and after such redemption date interest shall cease to accrue and be payable on said bonds. The bonds so called for redemption should be presented for payment and redemption at the office of the Kansas State Treasurer, 900 S.W. Jackson, Suite 201, Topeka, KS 66612-1235, on or after March 1, 1995.

Dated January 23, 1995.

Doc. No. 015871

State of Kansas

**State Board of Pharmacy**

**Permanent Administrative  
Regulations**

**Article 1.—REGISTRATION AND EXAMINATION  
OF PHARMACISTS**

**68-1-1a. Application for registrations or permits; form and contents; filing; acceptance; withdrawal; board action.** (a) Any person who is required to be registered or required to hold a permit under the pharmacy act of the state of Kansas, and who is not so registered or who does not hold a permit, may apply for registration or a permit at any time. A person required to be registered or hold a permit shall not engage in any activity for which a registration or permit is required until the application for registration or permit is issued by the board to that person.

(b) Any authorized representative of a premises which is required to be registered or for which a permit is required, and which is not so registered or which does not have a permit, may apply for a registration or permit at any time. A premises required to be registered or which requires a permit shall not engage in any activity for which a registration or permit is required until the application for registration or permit is granted and a certificate of registration or permit is issued by the board to such premises.

(c) Any person who is registered or who holds a permit may apply for renewal of registration or renewal of permit not more than 60 days prior to the expiration date of that registration or permit and not more than 30 days after the expiration of the existing registration or permit. Any registration or permit not filed for renewal before 30 days after the expiration date of the registration or permit shall lapse and become null and void on the date of its expiration, and a new registration or permit shall not be granted except under payment of the required renewal fee plus a penalty equal to the renewal fee or as otherwise specified in these regulations.

(d) (1) Any authorized representative of a premises which is registered or which has been granted a permit may apply to be registered or apply for a permit not more than 30 days before the expiration of the original registration or permit and not more than 30 days after the expiration of the original registration or permit.

(2) If the authorized representative of a registered premises fails to file an application for renewal of registration or permit within 30 days after the expiration of the original registration or permit, the existing registration or permit shall lapse and become null and void on the date of its expiration and a new registration or permit shall not be granted except upon payment of the required renewal fee plus a penalty equal to the renewal fee.

(e) Proper forms may be obtained from the office of the executive secretary of the board. Proper forms shall be mailed by the board as applicable to each registrant or permittee for each registered premises holding a permit, at least 30 days prior to the expiration of the registration or permit.

(f) Each application, attachment or other document filed as a part of an application, shall be signed and verified by:

(1) the applicant, or the applicant's authorized representative, if an individual or premises;

(2) a partner of the applicant, if a partnership; or

(3) an officer of the applicant, if a corporation, corporate division, association, trust or other entity.

(g) An applicant may authorize a representative to sign applications under the pharmacy act by filing with the executive secretary of the board a power of attorney for that representative. The power of attorney shall be signed by the person who is authorized to sign applications under this paragraph and shall be valid until revoked in writing by the applicant.

(h) Each application for a registration or permit shall be submitted for filing to the executive secretary of the board. The appropriate registration fee or permit fee and any required attachments shall accompany the application.

(i) Any person required to obtain more than one registration or more than one permit may submit all applications in one package. Each application shall be complete and shall not refer to any accompanying documents for required information.

(j) Applications submitted for filing shall be dated upon receipt.

(1) If found to be complete, the application shall be accepted for filing. Applications failing to comply with the requirements of this state shall not be accepted for filing.

(2) In case of minor defects as to completeness, the application may be accepted by the board for filing with a request to the applicant for additional information.

(k) Accepting an application for filing shall not preclude any subsequent request for additional information by the board and shall have no bearing on whether the application is granted.

(l) An applicant or the authorized representative of any premises applying for a permit or registration may be required by the board to submit all documents or written statements of fact relevant to the application deemed necessary to determine whether the application shall be granted. The failure of the applicant, or the authorized representative of any premises, to provide those documents or statements within a reasonable time after being requested to do so shall be deemed a waiver of an opportunity to present those documents or facts for consideration by the board in granting or denying the application.

(m) An application may be amended or withdrawn without permission of the board at any time before the date upon which the applicant or the authorized representative of any premises applying for a permit or registration receives a petition under the provisions of K.S.A. 65-1627e. Any application may be amended or withdrawn with permission of the board at any time if good cause is shown by the applicant or authorized representative of any premises, or if the amendment or withdrawal is in the public interest.

(n) After an application has been accepted for filing, the failure of the applicant or authorized representative

to respond to official correspondence regarding the application, when sent by registered or certified mail, return receipt requested, shall be deemed to be a withdrawal of the application.

(o) The premises of any applicant may be inspected by the board or by someone who has been designated by the board. (Authorized by and implementing K.S.A. 65-1630; effective, E-76-31, Aug. 11, 1975; effective May 1, 1976; amended May 1, 1978; amended May 1, 1983; amended June 6, 1994; amended March 20, 1995.)

**68-1-1f. Foreign graduates.** (a) Each applicant who has graduated from a school or college of pharmacy or department of a university located outside of the United States shall, in addition to the requirements set out in K.A.R. 68-1-1d, provide proof that the applicant has reasonable ability to communicate verbally and in writing with the general public in English.

(1) Each foreign applicant shall be required to pass the test of English as a foreign language (TOEFL) with a score of not less than 570 and the test of spoken English (TSE) with a score of not less than 240 in order to successfully qualify for licensure under the pharmacy act of the state of Kansas.

(2) Any foreign applicant who holds a graduate or second level degree or diploma from a post-secondary institution in the United States or another English speaking country may be exempted from the TOEFL examination requirements stated above if other proof that the applicant has reasonable ability to communicate with the general public in English is submitted by the applicant and accepted by the board.

(b) An applicant who is a graduate of a school or college located outside of the United States who has not demonstrated that the standards of their respective undergraduate degree programs are at least equivalent to the university of Kansas school of pharmacy as provided by K.A.R. 68-1-1e, may satisfy the requirements of K.A.R. 68-1-1e by:

(1) providing satisfactory evidence to the board of graduation from the foreign school or college; and

(2) successfully passing an equivalent examination recognized or administered by the board.

(c) All documents and materials required by these regulations shall be translated into English and a certificate of correctness shall be provided. All copies shall be notarized as true copies. (Authorized by and implementing K.S.A. 65-1631; effective May 1, 1983; amended June 6, 1994; amended March 20, 1995.)

#### Article 2.—DRUGSTORES

**68-2-12a. Minimum requirements.** (a) Each registered pharmacy, other than a medical care facility, shall possess and have available for use a library that includes:

(1) The United States pharmacopoeia-dispensing information, volumes I, II, and III;

(2) a current copy of the Kansas pharmacy act, the Kansas uniform controlled substances act and current regulations under both acts; and

(3) one recognized text in toxicology, pharmacology, and drug interactions, and a medical dictionary.

(b) Each registered pharmacy shall have in its possession the equipment and supplies necessary to compound, dispense, label, administer and distribute drugs. The equipment shall be in good repair and shall be available in sufficient quantities to meet the needs of the practice of pharmacy conducted therein. (Authorized by K.S.A. 65-1630; implementing K.S.A. 65-1642; effective May 1, 1983; amended May 1, 1986; amended May 1, 1987; amended April 30, 1990; amended March 20, 1995.)

**68-2-20. Pharmacist's function in filling a prescription.** The following steps are those judgmental functions which constitute the filling or refilling of a prescription and shall be performed by a licensed pharmacist:

(a) reading and interpreting the prescription of a licensed practitioner, whether transmitted to the pharmacist in writing or orally; if orally, reducing each oral prescription to a written or printed copy;

(b) limiting any refilling of a prescription to one year from the date of origin, except that a non-controlled substance prescription may be refilled for more than one year if the prescriber specifically orders in writing on the prescription or by documented phone call that continued renewal does not present a medical risk to the patient;

(c) compounding the necessary ingredients and verifying the counting and measuring of ingredients, if performed by supportive personnel, in order to accurately fill the prescription;

(d) identifying the pharmacist dispensing the prescription on the prescription hard copy and affixing label directions as necessary to assist the patient's understanding of the practitioner's intention and verifying the accuracy of the completed prescription;

(e) initiating oral patient consultation on new prescriptions as a matter of routine to expressly notify the patient if brand exchange has been exercised and encouraging proper patient drug utilization and administration. Exceptions to subsection (e) may be authorized by the pharmacist on a case-by-case basis in special situations. In no case may exceptions exceed general regulations providing for patient consultations. (Authorized by K.S.A. 65-1630; implementing K.S.A. 65-1637; effective, E-77-39, July 22, 1976; effective Feb. 15, 1977; amended May 1, 1978; amended May 1, 1988; amended Nov. 30, 1992; amended March 20, 1995.)

#### Article 7.—MISCELLANEOUS PROVISIONS

**68-7-12a. Nonresident pharmacies.** (a) Nonresident pharmacies shall comply with the following qualifications to be and remain registered in Kansas by the board.

(1) Each pharmacy shall hold a current license or registration in good standing in the state in which it is located.

(2) Each pharmacist dispensing drugs into Kansas shall be licensed as a pharmacist in the state where he practices.

(b) A pharmacist licensed in the state where he practices shall be named in the application as the pharmacy's responsible pharmacist for communications by the board.

(continued)

(1) That pharmacist will be responsible for receiving and maintaining publications distributed by the board.

(2) If at any time the pharmacist so designated shall leave the employment of the pharmacy, the pharmacy shall promptly notify the board and designate another pharmacist to perform this function.

(c) The nonresident pharmacy shall apply for registration and renewal on forms approved by the board. The information reasonably necessary to carry out the provisions of K.S.A. 65-1657, including, without limitation, the name, address and position of each officer and director of a corporation or of the owners if the pharmacy is not a corporation, may be required by the board.

(d) An exemption for registration may be granted by the board under K.S.A. 65-1657, upon application by any nonresident pharmacy which confines its dispensing activity to isolated transactions. The following shall be considered to determine whether to grant an exemption:

(1) the number of prescriptions dispensed or reasonably expected to be dispensed into Kansas;

(2) the number of patients served or reasonably expected to be served in Kansas;

(3) whether the pharmacy has promoted its services in Kansas;

(4) whether the pharmacy has a contract with any employer or organization to provide pharmacy services to employees or other beneficiaries in Kansas;

(5) medical necessity;

(6) the effect on the health and welfare of persons in Kansas; and

(7) any other relevant matters.

(e) The pharmacy shall pay an annual registration fee as set forth in K.A.R. 68-11-2.

(f) The pharmacy shall maintain records of drugs dispensed to Kansas addresses in such a manner as to be readily retrievable upon request. These records shall be made available for inspection by the board or by Kansas law enforcement authorities upon request.

(g) The pharmacy shall timely respond to any lawful request for information from the board or law enforcement authorities.

(h) The pharmacy shall maintain an incoming toll free telephone number for use by Kansas customers to be answered by an individual to facilitate personal communication with a pharmacist with access to patient records.

(1) This service shall be available during normal business hours for a minimum of 40 hours and six days per week.

(2) This telephone number plus others available for use shall be printed on each container of drugs dispensed in Kansas.

(3) The toll free number shall have a sufficient number of extensions to provide reasonable access to incoming callers.

(i) Generic drugs shall only be dispensed into Kansas pursuant to K.S.A. 65-1637(a).

(j) The facilities and records of the pharmacy shall be subject to inspection by the board. Satisfactory inspection reports by the licensing entity using similar standards of the state where the pharmacy is located may be accepted in lieu of inspection by the board.

(k) Each nonresident pharmacy doing business in Kansas by dispensing and delivering or causing to be delivered prescription drugs to Kansas consumers shall designate a resident agent in Kansas for service of process. (Authorized by and implementing K.S.A. 65-1657, as amended by L. 1994, Ch. 247, Sec. 2; effective March 29, 1993; amended March 20, 1995.)

**68-7-14. Prescription labels.** The label of each prescription medication shall be typed or machine printed and shall include the following information:

(a) The name, address and telephone number of the pharmacy dispensing the prescription;

(b) the name of the prescribing practitioner and if written by a physician's assistant (PA) or an advanced registered nurse practitioner (ARNP) under protocol with a responsible physician, the label may include the name of the practitioner and the PA or ARNP;

(c) the full name of the patient;

(d) the identification number assigned to the prescription by the dispensing pharmacy;

(e) the date the prescription was filled or refilled;

(f) adequate directions for use of the prescription medication;

(g) the expiration date of the prescription medication dispensed, if applicable;

(h) the brand name or corresponding generic name of the prescription medication;

(i) the manufacturer or distributor of the prescription medication; and

(j) the strength of the prescription medication. (Authorized by and implementing K.S.A. 65-1630; effective, E-77-39, July 22, 1976; effective Feb. 15, 1977; amended May 1, 1978; amended May 1, 1980; amended May 1, 1988; amended June 6, 1994; amended March 20, 1995.)

#### Article 14.—WHOLESALE DISTRIBUTORS

**68-14-1. Wholesale distributors.** "Wholesale distributor" means any person, partnership, corporation, or business firm licensed or registered in this state and engaging in the wholesale distribution of prescription drugs. (Authorized by and implementing K.S.A. 65-1655; effective June 15, 1992; amended March 20, 1995.)

#### Article 20.—CONTROLLED SUBSTANCES

**68-20-15a. Security requirements.** (a) General security requirements. Each applicant and registrant shall provide effective controls and procedures to guard against theft and diversion of controlled substances in conformance with the security requirements of federal law, including the requirements prescribed in part 1301.71 of title 21 of the code of federal regulations, as in effect on April 1, 1990, which are hereby adopted by reference.

(b) Physical security controls for nonpractitioners shall comply with the requirements prescribed in part 1301.72 and 1301.73 of title 21 of the code of federal regulations, as in effect on April 1, 1990, which are hereby adopted by reference.

(c) Other security controls for nonpractitioners.

(1) Good faith inquiry. Before distributing a controlled substance to any person who the registrant does not know to be registered to possess a controlled substance,

the registrant shall make a good faith inquiry with the board to determine that the person is registered to possess a controlled substance.

(2) Suspicious orders. The registrant shall design an operative system to disclose to the registrant any suspicious orders of controlled substances. The registrant shall inform the board of suspicious orders when discovered. Suspicious orders shall include orders of unusual size, orders deviating from a normal pattern and orders of unusual frequency.

(3) Any controlled substance listed in schedules II through V shall not be distributed on a gratuitous basis by a distributor to a practitioner, pharmacist or any other person.

(d) Physical security controls for practitioners. All practitioners shall provide effective controls and procedures to guard against theft and diversion of controlled substances in conformance with the security requirements of federal law, including requirements prescribed in part 1301.75 and 1301.76 of title 21 of the code of federal regulations, as in effect on April 1, 1990, which are hereby adopted by reference.

(e) Other security controls for practitioners.

(1) In order to minimize the opportunities for diversion of controlled substances, practitioners shall provide effective physical security, shall initiate additional procedures to reduce access by unauthorized personnel and shall provide an alarm system if necessary.

(2) Minimum security standards for practitioners as set forth in these regulations shall be considered as guidelines to be used in evaluating security. The board may require additional security controls and operating procedures to prevent diversion of controlled substances.

(f) Security and control of the DEA registration number. The DEA registration number shall be used only for official activity of that registrant related to controlled substances. The number shall not be divulged or used as an identification number supplied to insurance companies, claims processors or others for any reason inconsistent with its intended purpose. (Authorized by K.S.A. 65-4102; implementing K.S.A. 1990 Supp. 65-4117; effective May 1, 1983; amended May 1, 1988; amended Sept. 9, 1991; amended March 20, 1995.)

### **68-20-18. Information concerning prescriptions.**

(a) Persons entitled to issue prescriptions. A prescription for a controlled substance may be issued only by a practitioner who is:

(1) Legally authorized to prescribe controlled substances in Kansas or any other competent jurisdiction; and

(2) either registered or exempted from registration under K.S.A. 65-4116(d).

(b) Purpose of issue of prescription.

(1) To be effective, a prescription for a controlled substance shall be issued for a legitimate medical purpose by a practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances shall be upon the prescribing practitioner, but a corresponding responsibility shall rest with the pharmacist who fills the prescription. The person filling an unlawful prescription,

as well as the person issuing it, shall be subject to the penalties provided for violations of the provisions of the Controlled Substance Act, K.S.A. 65-4101, et. seq.

(2) A prescription shall not be issued in order for a practitioner to obtain controlled substances for supplying himself or any other practitioner for the purpose of general dispensing to patients.

(3) A prescription shall not be issued for the dispensing of narcotic drugs listed, in any schedule to a narcotic drug dependent person for the purpose of continuing his dependence upon such drugs, except in the course of conducting an authorized clinical investigation in the development of a narcotic addict rehabilitation program.

(c) Manner of issuance of prescriptions.

(1) Controlled substance prescriptions in schedule II through V shall not be issued on a prescription blank which is preprinted with the name of a propriety preparation or strength or quantity or directions.

(2) All written prescriptions for controlled substances shall be dated and manually signed on the day issued, shall bear the full name, address, registration number of the practitioner, name and address of the patient, the drug name, strength, dosage form, quantity prescribed, directions for use, and shall be written with ink, indelible pencil or typewriter.

(A) A practitioner shall manually sign a prescription in the same manner as he would sign a check or legal document.

(B) The prescriptions may be prepared by a secretary or agent for the signature of a practitioner, but the prescribing practitioner shall be responsible if the prescription does not conform in all essential respects to the state and federal law and regulations. A corresponding liability shall rest upon the pharmacist who fills a prescription which is not prepared in the form prescribed by these regulations.

(3) An intern, resident, foreign physician, or foreign medical graduate exempted from registration under K.S.A. 65-4116(d) shall include on all prescriptions issued the registration number of the hospital or other institution and the special internal code number assigned to the intern, resident, foreign physician, or foreign medical graduate by the hospital or other institution as provided in K.A.R. 68-20-10. This requirement shall be in lieu of the registration number of the practitioner required by subsection (c). Each prescription shall have the name of the intern, resident, foreign physician or foreign medical graduate stamped or printed on it, as well as the signature of the physician.

(4) An official exempted from registration under K.A.R. 68-20-10 shall include on all prescriptions issued, his branch of service or agency and his service identification number. This requirement shall be in lieu of the registration number of the practitioner otherwise required by subsection (c). The service identification number for a public health service employee shall be his social security identification number. Each prescription shall have the name of the officer stamped or printed on it, as well as the signature of the officer.

(d) Manner of issuance of prescriptions by facsimile.

(continued)

(1) Controlled substance prescriptions in schedule III through V may be transmitted by telephone by a physician or their agent to a pharmacy for a patient of the physician. The transmitted telephone prescription may be by oral, facsimile, or computer transmission. Prescription orders shall be reduced to hard copy by the pharmacist and if telephoned by other than the physician shall bear the name of the person so transmitting or telephoning the prescription.

(2) Controlled substance prescriptions in schedule II may be transmitted by facsimile from the prescriber to a pharmacy. However, when the prescription is actually dispensed, the original written prescription which is manually signed by the physician shall be presented, verified against the facsimile, and retained for filing. Where medication needs change quickly and physicians' orders need to be communicated rapidly, two exceptions to the requirements of this paragraph exist.

(A) Pharmacies that provide parenteral pain therapy of home infusion for a terminally ill patient may receive a facsimile prescription order for the parenteral pain therapy from a practitioner of the practitioner's agent and the facsimile may be considered a "written prescription" as required by federal and state law. The order shall denote if the facsimile was transmitted by the physician or the physician's agent and shall contain the name of such agent, be retained as the original document, not be for oral dosage drugs, and contain all the information required of a manually written schedule II prescription.

(B) Pharmacies that provide any schedule II prescriptions for patients in an adult care facility, including a nursing home, may receive a facsimile prescription order from a practitioner or the practitioner's agent, and the facsimile may be considered a "written prescription" as required by federal and state law. The order shall denote if the facsimile was transmitted by the physician or the physician's agent and shall contain the name of such agent, be retained as the original document and contain all the information required of a manually written schedule II prescription including the date issued, full name of the patient, address of the adult care facility where the patient resides, name, address, telephone number, DEA registration number and signature of the practitioner. The order may be for oral or parenteral dosage drugs.

(e) Persons entitled to fill prescriptions.

(1) A prescription for controlled substances shall only be filled by:

(A) a pharmacist acting in the usual course of his professional practice in a registered pharmacy, hospital drug room or other registered place of employment; or

(B) a pharmacist intern acting under the immediate personal direction and supervision of a licensed pharmacist.

(2) For the purposes of this regulation, an intern shall mean a prospective candidate for examination as a licensed pharmacist who is qualified to receive, and is obtaining, pharmaceutical experience as required by law.

(3) A medical care facility or other institution registered with the board shall administer or dispense directly a controlled substance listed in schedules III and

IV and legend V only pursuant to a written prescription signed by the prescribing practitioner or to an order of medication made by a practitioner which is dispensed for immediate administration to the ultimate user. (Authorized by K.S.A. 65-4102; implementing K.S.A. 65-4123; effective, E-72-24, Aug. 25, 1972; effective Jan. 1, 1973; amended May 1, 1988; amended Sept. 9, 1991; amended March 29, 1993; amended March 20, 1995.)

**68-20-19. Controlled substances listed in schedule II.** (a) Requirements of prescription.

(1) A pharmacist shall dispense a controlled substance listed in schedule II, which is a prescription drug as determined under these regulations, only pursuant to a written prescription signed by the prescribing practitioner, except as provided in paragraph (4) of this subsection.

(2) Any written prescriptions signed by the prescribing practitioner falling under the provisions of paragraph (1) above, shall not be filled if submitted more than six months after the original date appearing on the written prescription.

(3) A practitioner may administer or dispense a controlled substance listed in schedule II in the course of his professional practice without a prescription, subject to K.A.R. 68-20-18.

(4) (A) In the case of an emergency situation, as defined by paragraph (5) of this subsection, a pharmacist may dispense a controlled substance listed in schedule II upon receiving oral authorization of a prescribing practitioner, provided that:

(i) The quantity prescribed and dispensed is limited to the amount adequate to treat the patient during an emergency period of 72 hours. Dispensing beyond the emergency period shall be pursuant to a written prescription signed by the prescribing practitioner;

(ii) the prescription shall be immediately reduced to writing by the pharmacist and shall contain all information required under K.A.R. 68-20-18(c) except for the signature of the prescribing practitioner;

(iii) if the prescribing practitioner is not known to the pharmacist, the pharmacist shall make a reasonable effort to determine that the oral authorization came from a licensed practitioner, which may include a callback to the prescribing practitioner using the practitioner's phone number as listed in the telephone directory or other good faith efforts to insure the identity; and

(iv) within 72 hours after authorizing an emergency oral prescription, the prescribing practitioner shall deliver a written prescription for the emergency quantity prescribed to the dispensing pharmacist.

(B) In addition to conforming to the requirements of K.A.R. 68-20-18(c), this prescription shall have written on its face "Authorization for Emergency Dispensing" and the date of the oral order.

(C) The written prescription may be delivered to the pharmacist in person or by mail, but if delivered by mail it shall be postmarked within the 72 hour period.

(D) Upon receipt, the dispensing pharmacist shall attach this prescription to the pharmacist's record of the emergency oral prescription.

(E) The pharmacist shall notify the nearest office of the drug enforcement administration or the board if the

prescribing individual fails to deliver a written prescription to the pharmacist; failure of the pharmacist to do so shall void the authority conferred by this paragraph to dispense without a written prescription of a prescribing practitioner.

(5) For the purposes of authorizing an oral prescription of a controlled substance listed in schedule II of the federal or state uniform controlled substances act, the term "emergency situation" means those situations in which the prescribing practitioner determines:

(A) that immediate administration of the controlled substance is necessary for the proper treatment of the intended ultimate user;

(B) that no appropriate alternative treatment is available, including administration of a drug which is not a controlled substance under schedule II of the act; and

(C) that it is not reasonably possible for the prescribing practitioner to provide a written prescription to be presented to the person dispensing the substance prior to the dispensing.

(b) A medical care facility or other institution registered with the board shall administer or dispense a controlled substance listed in schedule II only pursuant to a written prescription signed by the prescribing practitioner or to an order for medication made by a practitioner which is dispensed for immediate administration to the ultimate user.

(c) Partial filling of prescriptions. The partial filling of a prescription for a controlled substance listed in schedule II shall be permissible, only as provided in this subsection.

(1) Where the pharmacist is unable to supply the full quantity called for in a written or emergency oral prescription and makes a notation of the quantity supplied on the face of the written prescription or written record of the emergency oral prescription, the pharmacist shall:

(A) fill the remaining portion of the prescription within 72 hours of the first partial filling or if the remaining portion cannot be filled within the 72 hour period, the pharmacist shall notify the prescribing practitioner of the situation; and

(B) supply no further quantity beyond 72 hours without a new prescription.

(2) Where written, prescriptions for schedule II controlled substances for patients in an adult care home or with a medical diagnosis documenting a terminal illness may be filled in partial quantities, including individual units, as provided in this subsection.

(A) For each partial filling, the dispensing pharmacist shall record on the back of the prescription, or on another appropriate, uniformly maintained, and readily retrievable record, the date of the partial filling, quantity dispensed, remaining quantity authorized to be dispensed and the identification of the dispensing pharmacist.

(B) The total quantity of schedule II controlled substances dispensed in all partial fillings shall not exceed the total quantity prescribed.

(C) Such schedule II prescriptions shall be valid for a period not to exceed 60 days from the issue date unless sooner terminated by the discontinuance of medication.

(d) Labeling of substances. The pharmacist filling a written or emergency oral prescription for a controlled

substance listed in schedule II shall affix a label to the package showing the:

(1) date of filling;

(2) pharmacy name, address, and telephone number;

(3) serial number of the prescription;

(4) name of the patient;

(5) name of the prescribing practitioner; and

(6) directions for use and cautionary statements, if any, contained in such prescription or required by law.

(e) Filing of prescriptions.

(1) All written prescriptions and written records of emergency oral prescriptions shall be kept in accordance with K.A.R. 68-20-16.

(2) All written or emergency oral prescriptions for a controlled substance listed in schedule II shall be cancelled on the face of the prescription with the name of the pharmacist filling that prescription.

(3) All written or emergency oral prescriptions for controlled substances listed in schedule II and filled by an intern shall be cancelled on the face of the prescription with the name of the intern and preceptor authorizing the filling of that prescription. (Authorized by K.S.A. 65-4102; implementing K.S.A. 65-4123; effective, E-72-24, Aug. 25, 1972; effective Jan. 1, 1973; amended Sept. 9, 1991; amended March 29, 1993; amended March 20, 1995.)

Tom C. Hitchcock  
Executive Secretary/Director

Doc. No. 015864

## State of Kansas

### State Corporation Commission

#### Permanent Administrative Regulations

#### Article 3.—PRODUCTION AND CONSERVATION OF OIL AND GAS

**82-3-101. Definitions.** (a) As used in these regulations:

(1) "Acreage factor" means the quotient obtained by dividing the acreage attributable to a well by the basic acreage unit. The basic acreage unit shall be defined by the commission or as promulgated in the basic proration order for the common source of supply in which the well is located.

(2) "Allowable" means the amount of oil or gas authorized to be produced by order of the commission.

(3) "Allowable period" means the time in which the allowable may be produced.

(4) "Alternate cementing materials" are materials used in lieu of portland cement blends, as prescribed by commission order, dated March 29, 1985, Docket No. 34,780-C (C-1825).

(5) "Artesian pressure" means groundwater under sufficient hydrostatic head to rise above the rock unit containing the aquifer.

(6) "Assessment" means any charge against the parties involved in any hearing, application, investigation, or the enforcement of an order, and the assessment on natural gas and oil produced to pay the costs associated

(continued)

with the administration of the oil or gas conservation act.

(7) "Attributable acreage" means the acreage assigned to a well in accordance with the well spacing program for each of the prorated fields.

(8) "Burn pit" means a surface pond used for the temporary confinement of oil leakage at a lease site or of materials commonly known as tank bottoms, basic sediment, bottom sediment, bottom settlings, or paraffin, for the purpose of burning such contents.

(9) "Casing" means tubular materials used to line a well bore.

(10) "Casing-head gas" means gas produced that was in solution with oil in its original state in the reservoir.

(11) "Cement" means portland cement or a blend of portland cement used in the oil and gas industry to support and protect casing and to prevent the migration of subsurface fluids by the formation of an impermeable barrier.

(12) "Coarse ground bentonite" means a non-treated swelling sodium montmorillonite which exhibits the following properties:

(A) a moisture content between 13 and 17 percent by dry weight;

(B) a clay aggregate particle size between  $\frac{3}{8}$  and  $\frac{7}{8}$  of an inch;

(C) a PH of 9 or less; and

(D) an inert solid percentage of less than 0.15 percent.

(13) "Combination well" means a well that produces both oil and gas, excluding casing-head gas, from the same common source of supply.

(14) "Commingling" means the mixing of production from more than one common source of supply.

(15) "Commission" means the state corporation commission.

(16) "Common source of supply" means each geographic area or horizon definitely separated from any other area or horizon which contains, or appears to contain, a common accumulation of oil, gas or both.

(17) "Confining layer" means a formation which serves as a barrier between water, oil or gas bearing formations.

(18) "Conservation division" means the division of the commission in charge of the administration of the oil and gas conservation acts, the protection of fresh and usable water, well plugging, salt water disposal, enhanced recovery and surface ponds.

(19) "Core" means a continuous section of formation recovered during drilling.

(20) "Core hole" means a hole drilled with the intention of collection of geologic information by the recovery of cores.

(21) "Correlative rights" means the privilege of each owner or producer in a common source of supply to produce from that supply only in a manner or amount that will not:

(A) Injure the reservoir to the detriment of others;

(B) take an undue proportion of the obtainable oil or gas; or

(C) cause undue drainage between developed leases.

(22) "Day" means a period of 24 consecutive hours.

(23) "Deliverability" means the amount of natural gas, expressed in Mcf per day, which a well is capable

of producing into a pipeline, while maintaining a back-pressure against the well head. The amount of back-pressure to be maintained and the test procedure shall be specified by the commission in the basic proration order for the common source of supply in which the well is located.

(24) "Department" means the Kansas department of health and environment.

(25) "Dike" means a permanent structure constructed at or above the surface of the earth totally enclosing production facilities or lease equipment which is used to temporarily contain fluids resulting from oil and gas activities and which were discharged as a result of unforeseen circumstances.

(26) "Director" means the director of the conservation division of the commission.

(27) "Discovery well" means the first well completed in a common source of supply which is not in communication with any other common source of supply.

(28) "Disposal well" means a well into which those fluids brought to the surface in connection with oil and natural gas production are injected, for purposes other than enhanced recovery.

(29) "Division order" means a dated, written statement, duly signed by the owners and delivered to the purchasers, certifying and guaranteeing the interests of ownership of production and directing payment according to those interests.

(30) "Drilling time log" is the chronological tabulation or plotting of the rate of penetration of subsurface rocks by the rotary bit.

(31) "Emergency pit" means a surface pond used to temporarily contain fluids resulting from oil and gas activities which were discharged as a result of unforeseen and unavoidable circumstances.

(32) "Enhanced recovery" means any process involving the injection of fluids into a pool to increase the recovery of oil or gas.

(33) "Enhanced recovery injection well" means a well into which fluids are injected to increase the recovery of hydrocarbons.

(34) "Exploratory hole" means a hole drilled for the purpose of obtaining geological information in connection with the exploration for or production of oil or gas.

(35) "Field" means a geographic area containing one or more pools.

(36) "First purchaser" means the person holding the division order and issuing checks to pay any working or royalty interest.

(37) "Fluid" means a material or substance which flows or moves in a semi-solid, liquid, sludge, or gas state.

(38) "Freshwater" means water containing not more than 1,000 milligrams of total dissolved solids per liter. This upper limit is approximately equivalent to 1,000 parts of salt per million or 500 parts of chlorides per million.

(39) "Gas" means the gas obtained from gas or combination wells, regardless of its chemical analysis.

(40) "Gas" (cubic foot) means the volume of gas contained in one cubic foot of space at a standard pressure base and at a standard temperature base. The standard

pressure base shall be 14.65 pounds per square inch absolute, and the standard temperature base shall be 60 degrees Fahrenheit. Whenever the conditions of pressure and temperature differ from the above standard, conversion of the volume from these conditions to the standard conditions shall be made in accordance with the ideal gas laws as corrected for deviation.

(41) "Gas-oil ratio" means the ratio of gas produced, in cubic feet, to one barrel of oil produced during the concurrent period.

(42) "Gas" (sour) means any natural gas containing more than 1 1/2 grains of hydrogen sulfide per 100 cubic feet or more than 30 grains of total sulphur per 100 cubic feet, or gas which is found by the commission to be unfit for sale due to its hydrogen sulfide content.

(43) "Gas well" means a well that:

(A) produces gas not associated with oil at the time of production from the reservoir; or

(B) produces more than 15,000 standard cubic feet of gas to each stock tank barrel of oil from the same common source of supply, as measured by the gas-oil ratio test prescribed by and reported on the form prescribed and furnished by the commission.

(44) "Hardship well" means a well authorized by commission order to produce at a specified rate because reasonable cause exists to expect that production below the specified rate would damage the well and cause waste.

(45) "Illegal production" means any production in violation of the statutes, rules, regulations or orders of the commission.

(46) "Liquid" means a solution or substance, excluding gas, which flows freely at standard temperature and pressure.

(47) "Minimum well" means any oil well which has a productivity of 25 barrels or less per day.

(48) "Mousehole" means a service hole drilled at a slight angle and normally about 30 feet deep on those wells drilled by rotary tools.

(49) "Mud-laden fluid," as the term is commonly used in the industry, means any commission-approved mixture of water and clay or other material which will effectively seal a formation to which it is applied.

(50) "Multiple completion" means the completion of any well so as to permit production from two or more common sources of supply with the common sources of supply completely segregated.

(51) "Oil" (crude) means any petroleum hydrocarbon which is produced from a well in liquid phase and which existed in a liquid phase in the reservoir.

(52) "Oil, (pipeline)" means oil free from water and basic sediment to the degree that it is acceptable for pipeline transportation and refinery use.

(53) "Oil well" means a well that produced one stock tank barrel or more of crude oil to each 15,000 standard cubic feet of gas, as measured by the gas-oil ratio test prescribed by and reported on the form prescribed and furnished by the commission.

(54) "Open flow" means the volume of gas which a gas well is capable of producing at the wellhead during a period of 24 hours against atmospheric pressure, computed according to the standard procedure approved by the commission.

(55) "Overage" or "overproduction" means the oil or gas produced in excess of the allowable.

(56) "Person" means any natural person, corporation, association, partnership, governmental or political subdivision, receiver, trustee, guardian, executor, administrator, fiduciary, or any other legal entity.

(57) "Pipeline" means any pipes above or below the ground used or to be used for the transportation of oil, gas, liquids, or gases.

(58) "Pool" means a single and separate natural reservoir of oil or gas characterized by a single pressure system.

(59) "Producer" means any person who owns, in whole or in part, a well capable of producing oil or gas or both.

(60) "Production" means produced oil, gas, condensate, or casing-head gas.

(61) "Productivity of a well" means the daily capacity of a well to produce oil or gas.

(62) "Productivity of a pool" means the sum of the productivities of the wells completed in the pool.

(63) "Proration" means the regulation of the amount of allowed production to prevent waste, undue drainage between developed leases, unratable taking, or unreasonable discrimination between operators, producers and royalty owners who are within a common source of supply, that would favor any one pool as compared to any other pool in this state.

(64) "Purchaser" means any person who purchases production from a well, lease or common source of supply.

(65) "Rathole" means the service hole drilled at a slight angle and normally about 40 feet deep on those wells drilled by rotary tools.

(66) "Reasonable market demand" means the amount of crude petroleum or natural gas which must be produced to satisfy current rates of consumption.

(67) "Recompletion" occurs when a well is re-worked for the purpose of developing new zones after its initial well completion.

(68) "Reserve pit" means a surface pond used to store spent drilling fluids and cuttings transferred from working pits.

(69) "Seismic shot hole" means the bore hole in which an explosive is detonated for the purpose of generating a seismic signal.

(70) "Sensitive groundwater area" means a geographic area designated by the commission as having hydrogeologic, climatic, soil and other characteristics that make the area's fresh and usable groundwater vulnerable to pollution from oil and gas activities.

(71) "Service well" means a well drilled for:

(A) The injection of fluids in enhanced recovery projects;

(B) the supply of fluids for enhanced recovery projects; or

(C) the disposal of salt water.

(72) "Shortage" means the amount by which the oil or gas legally produced and sold or removed from the premise is less than the allowable.

(73) "Solid" means a material or substance which does not flow freely at standard temperature and pressure.

(continued)

(74) "Special order" means an order which is directed to specifically named persons or to a group which does not constitute a general class and which is dispositive of a particular matter as applied to a specific set of facts.

(75) "Spill" means any escape of salt water, oil, or refuse by overflow, seepage or otherwise from the vicinity of wells, tanks, pipelines, dikes or surface ponds involved in the exploration for and gathering of oil and gas and the drilling, production, lease storage, treatment, abandonment and postabandonment of oil and gas wells.

(76) "Spud date" means the date of first actual penetration of the earth with a drilling bit.

(77) "Storage oil" means produced oil confined in tanks, reservoirs, or containers.

(78) "Storage oil-lease" means produced oil in tanks, reservoirs, or containers on the lease where it was produced.

(79) "Storage well" means a well used to inject or extract natural gas for storage purposes.

(80) "Stratigraphic hole" means a hole, normally of small diameter, drilled through subsurface strata for exploratory purposes, with no intent to produce hydrocarbons through the hole being drilled and does not utilize a detonated explosive for generating a seismic signal.

(81) "Surface casing" is the first casing put in a well which is cemented into place. It serves to shut out shallow water formations. It also acts as a foundation or anchor for all subsequent drilling activity. For purposes of compliance with K.A.R. 82-3-106, additional strings of casing, which are set and cemented in a well bore below the lowest fresh and usable water strata, shall be deemed to be surface casing.

(82) "Surface pond" means any constructed, excavated or naturally occurring depression upon the surface of the earth.

(83) "Tertiary recovery process" means the process or processes described in K.S.A. 1988 Supp. 79-4217.

(84) "Treatment pit" means a surface pond used for the collection or treatment of fluids resulting from oil and gas activities.

(85) "Undue drainage" means the uncompensated migration of either oil or gas between developed leases within the same common source of supply caused by the unratable production of some well or wells located there.

(86) "Usable water" means water containing not more than 10,000 milligrams of total dissolved solids per liter. This upper limit is approximately equivalent to 10,000 parts of salt per million or 5,000 parts of chlorides per million.

(87) "Waste oil" means any tank bottom, basic sediment, cut oil, reclaimed oil from pits, ponds or streams, dead oil, emulsions, or other types of oil not defined as pipeline oil.

(88) "Waterflood" means the process of injecting fluids into one or more wells to enhance the recovery of oil.

(89) "Wellhead working pressure" means the static pressure in the annulus while flowing through the tubing, or static pressure in the tubing while flowing through the annulus, except in cases where the casing-

head is not in open communication with the producing formation because of the presence of a packer or other obstruction in the annular space between casing and tubing. In these cases, the wellhead working pressure shall be determined by adjusting the observed tubing pressure for the effect of friction caused by flow through the tubing, or by using a bottom-hole pressure bomb and correcting back to wellhead conditions.

(90) "Well log" means the written record progressively describing the well's down-hole development.

(91) "Well history" means the chronological record of the development and completion of a well.

(92) "Working pit" means a surface pond used to temporarily confine fluids or refuse resulting from oil and gas activities during the drilling or completion of any oil, gas, exploratory, service or storage well.

(93) "Workover pit" means a surface pond used to contain fluids during the performance of remedial operations on a well at any time after its initial completion.

(b) All terms not defined in this definitional section shall be interpreted to be consistent with their common use in the industry. (Authorized by and implementing K.S.A. 1990 Supp. 55-152, 55-171, 55-172, K.S.A. 55-602, 55-704, K.S.A. 1993 Supp. 55-604, 55-901, 74-623; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended, T-84-19, July 26, 1983; amended May 1, 1984; amended May 1, 1985; amended May 1, 1986; amended, T-87-46, Dec. 19, 1986; amended May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended July 29, 1991; amended March 20, 1995.)

**82-3-103. Notice of intention to drill; penalty.** (a)

(1) Unless otherwise provided by K.A.R. 82-3-115a, the owner, operator, or any other person responsible for a drilling operation shall submit written notice of the intention to drill for approval by the conservation division before the commencement of drilling operations for:

- (A) Exploratory holes;
- (B) a well to be drilled for the discovery or production of oil, gas or other minerals, including reentry of a previously plugged and abandoned well;
- (C) a service well;
- (D) a storage well; or
- (E) a stratigraphic or core hole.

(2) Time for filing. The notice shall be filed with the conservation division at least five days before any drilling is commenced.

(3) Form and contents. The notice shall be on a form prescribed by the commission, which shall be filled in completely and signed by the person providing the notice. The notice shall contain:

- (A) The operator's name, address, and commission license number;
- (B) the contractor's name, address, and commission license number;
- (C) the date on which drilling is anticipated to begin;
- (D) the lease name, quarter section, section, range, township, county, and the distance of the proposed drilling location from the section's nearest corner, in exact footages;
- (E) the distance to the nearest lease or unit boundary line;
- (F) the estimated total depth of the well;

- (G) the type of drilling equipment to be used;
- (H) the depth to the bottom of the deepest freshwater at the drill site;
- (I) the depth to the bottom of the deepest usable water formation at the drill site;
- (J) for each exploratory hole, the estimated depth to water in each hole and to the top of the uppermost confined aquifer;
- (K) for each well to be drilled into a common source of supply subject to a basic proration order of the commission, a plat map showing that the well will be properly located in relationship to other wells producing from the common source of supply, both within the area subject to proration and within one mile of the boundaries of the prorated area for gas wells and within one-half mile of the boundaries of the prorated area for oil wells;
- (L) for each well to be drilled in locations not subject to a basic proration order, a plat map showing the well location; and
- (M) any other information which may be requested by the commission.
- (b) District office notification. Prior to spudding the well, the operator shall notify the appropriate district office. Failure to notify the appropriate district office before spudding the well shall be punishable by a penalty of not less than \$250 and not more than \$1000.
- (c) Surface casing, cementing. Surface casing and cementing requirements shall be given to the operator along with the approved notice of the intention to drill. Unless otherwise provided, inadequate installation of or failure to install surface casing or failure to complete alternate II cementing pursuant to K.A.R. 82-3-106 shall each be punishable by a penalty of up to \$5000.
- (d) Commencement of drilling. Drilling shall not commence until after commission approval has been received. A copy of the approved notice of intent to drill shall be posted on each drilling rig. Drilling without an approved notice of intent to drill shall be punishable by a \$1000 penalty.
- (e) Plugging instructions. Preliminary plugging instructions shall be given to the operator along with the approved notice of intention to drill.
- (f) Expiration of approval. The approval of the notice of intent to drill shall expire six months from the date of approval.
- (g) Extension. A six-month extension of the approval may be granted by the director if a written request is filed with the conservation division before the expiration date of the notice of intention to drill. Only one six-month extension shall be granted.
- (h) Division of water resources information. The operator may be required by the commission to designate on the written notice of intention to drill, the source of drilling water and the vested right or permit file number assigned by the division of water resources of the state board of agriculture. (Authorized by K.S.A. 1993 Supp. 55-152; implementing K.S.A. 1993 Supp. 55-151, 55-152, 55-164; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended April 23, 1990; amended Feb. 24, 1992; amended March 20, 1995.)

**82-3-106. Cementing-in surface casing; penalty.** (a) Beginning of drilling operations. Drilling shall not begin until the operator has received the approved notice of intent to drill from the conservation division, pursuant to K.A.R. 82-3-103. The notice of intent to drill shall indicate the amount of surface casing that shall be set.

(b) Depth. The depth of required surface casing shall be determined in the following manner.

(1) The operator shall set a minimum of 50 feet of steel surface casing in the well, except as otherwise provided by paragraph (b)(2).

(2) Table I, which establishes minimum surface casing requirements as incorporated by reference in commission order dated August 1, 1991, docket no. 34,780-C (C-1825), shall be used to determine the required depth of the surface casing and the cementing requirements for the protection of fresh and usable water. Upon submission of additional information, adjustments to the required depth of the surface casing may be made by the commission. These adjustments shall be indicated on the approved notice of intent to drill.

(A) Operators who drill wells in areas referenced in commission order dated June 29, 1994, docket no. 133,891-C, may set surface casing at the minimum depth set forth in that docket.

(B) An exception to the requirements set forth in table I, as incorporated by reference in commission order dated August 1, 1991, docket no. 34,780-C (C-1825), may be granted by the director.

(3) The failure to install surface casing shall be punishable by a \$5000 penalty, and any well not in compliance with the requirements of this regulation shall be shut-in until compliance is achieved.

(c) Cementing and time requirements. Protection of fresh and usable water shall be accomplished by one of the two following alternatives.

(1) Alternate I. The surface casing shall be cemented to the surface with a portland cement blend. The surface casing shall be set and cemented below all fresh and usable water strata, according to the requirements established pursuant to subsection (b). An operator shall not drill to any depth to test for oil or gas without having set and cemented a continuous string of surface casing.

(2) Alternate II. Surface casing shall be set and cemented in the following manner:

(A) The first string of casing shall be set through all unconsolidated material plus 20 feet into the underlying formation. The surface casing shall be cemented to the surface with a portland cement blend. An operator shall not drill to any depth to test for oil or gas without having set and cemented this string of casing.

(B) (i) All additional casing which is next to the borehole shall be cemented by circulating cement to the surface from a point at least 50 feet below the base of the lowest known fresh and usable water, according to the requirements established pursuant to subsection (b). Cementing shall be completed with a portland cement blend except as provided by paragraph (d)(3).

(ii) The operator shall notify the appropriate district office prior to the cementing of the additional casing. If

(continued)

a time period is specified by table I, as incorporated by reference in commission order dated August 1, 1991, docket no. 34,780-C (C-1825), the additional cementing shall be completed within the time period specified. If a time period is not specified in table I, referred to in paragraph (b)(2), the additional cementing shall be completed within a time period sufficient to allow compliance with K.A.R. 82-3-106(e). Extensions of the time period within which the additional cementing must be completed may be granted by the director. Requests for these extensions shall be made in writing and shall state the reason for extension. Requests shall be submitted to the director within 120 days after the spudding of the well.

(iii) A backside squeeze, which is the uncontrolled placement of cement in the annular space between the surface casing and production casing from the surface down, shall be permitted only upon a request to the appropriate district office. Requests shall be granted only upon the approval of the cement evaluation method to be utilized and submitted as verification of cement placement.

(d) Methods and materials to be used in setting and cementing of surface casing.

(1) In setting surface casing, the surface hole diameter shall be sufficiently larger than the surface casing to permit circulation of the cement.

(2) The annular space between the surface casing and the borehole shall be filled with a portland cement blend. The cement shall be maintained at surface level.

(3) The use of any material other than a portland cement blend shall be prohibited except for the alternative cementing materials as defined by commission order dated August 1, 1991, docket no. 34,780-C (C-1825), which is incorporated by reference.

(4) The cemented casing string shall stand and further operations shall not begin until the cement has been in place for at least eight hours and has reached a compressive strength of 300 pounds per square inch. This requirement may be modified by specific order of the commission.

(e) Affidavit.

(1) Each operator shall file a sworn affidavit with the conservation division setting out the type, amount, and method of cementing used on all casing strings in a well-bore. The affidavit shall be filed within 120 days of the spud date of the well, or as otherwise required by K.A.R. 82-3-130(b), on the form provided by the commission.

(2) Legible documentation of the cementing operations across fresh and usable water strata shall be attached to the affidavit. The documentation may consist of invoices, job logs, job descriptions, or other similar service company reports.

(3) Falsification of documentation or the failure to complete alternate II cementing shall be punishable by a \$5000 penalty, and any well not in compliance with requirements of this regulation shall be shut-in until compliance is achieved. (Authorized by K.S.A. 1993 Supp. 55-152; implementing K.S.A. 1993 Supp. 55-151, 55-152, 55-159, 55-162, 55-164; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1984; amended, T-85-1, Jan. 13, 1984; amended, T-85-51, Dec.

19, 1984; amended May 1, 1985; amended May 1, 1986; amended, T-87-46, Dec. 19, 1986; amended May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended Feb. 24, 1992; amended March 20, 1995.)

**82-3-115. Plugging methods and procedure for core and other stratigraphic holes; fees.** The methods and procedure for plugging core and other stratigraphic holes shall be as follows:

(a) The owner or operator shall notify the commission prior to the plugging of each core or stratigraphic hole pursuant to the requirements of K.A.R. 82-3-113. An on-site inspection of the plugging operation may be conducted by a representative of the commission.

(b) Each core or stratigraphic hole that penetrates a regionally confined salt water aquifer shall be plugged so as to prevent the migration of salt waters into fresh or usable water.

(1) As used in this regulation, a "regionally confined salt water aquifer" means a salt water-bearing zone overlain by an aquitard which, in area, is coextensive with the salt water zone and restricts the movement of the salt water. Aquitard means a zone of low permeability.

(2) The hole shall be filled with a cement plug from a point 20 feet below the base of the regionally confined salt water aquifer to within 10 feet of the surface. The remaining hole shall be filled to surface with coarse ground bentonite.

(c) Each core or stratigraphic hole that does not penetrate a regionally confined salt water aquifer shall be plugged as follows:

(1) A bridge and cement plug shall be placed at the depth set forth as the base of the deepest fresh and usable water. The cement plug shall be not less than 50 feet in length or shall be placed to a point within 12 feet of the surface, whichever is the lesser length. The remaining hole shall be filled to the surface with coarse ground bentonite as defined in K.A.R. 82-3-101(a)(12).

(2) The interval or intervals between the bottom of any hole and the plug or plugs set in any hole shall be filled with an approved heavy mud-laden fluid of not less than 9.4 pounds per gallon.

(d) Each core or stratigraphic hole that penetrates multiple usable or fresh water aquifers regionally confined by consolidated rock or strata, as distinguished from usable or fresh water zones in an unconsolidated stratum, shall be filled with cement from the bottom of the hole to the top of the highest aquifer, if identifiable and the remaining hole shall be filled with fine grain materials to within 20 feet of the surface, then with impermeable material to within 12 feet of the surface and the top 12 feet of the hole filled with coarse ground bentonite. If the top of the highest aquifer is not identifiable the hole shall be filled with cement from the bottom to within 12 feet of the surface and the remaining hole filled with coarse ground bentonite.

(e) Each core or stratigraphic hole that penetrates a usable or fresh water zone resulting in an artesian flow to the surface shall have a cement plug placed immediately above the top of the artesian water zone. The plug shall not be less than 25 feet in length or shall be

placed to a point within 12 feet of the surface, whichever is the lesser length. The remaining hole shall be filled with coarse ground bentonite.

(f) If circulation is lost in the drilling of any hole and circulation cannot be regained, a cement plug shall be placed immediately above the zone of lost circulation. The plug shall not be less than 25 feet in length or shall be placed to a point within 12 feet of surface, whichever is the lesser length. The remaining hole shall be filled with coarse ground bentonite.

(g) Alternative plugging methods may be specified by the district supervisor when geological conditions warrant.

(h) Alternative plugging materials may be substituted for coarse ground bentonite upon approval by the Director of the Conservation Division. The Director shall base approval or denial upon material specifications including experimental results supplied by the manufacturer of such material and will keep a list available of all materials approved. The approval process for alternative plugging materials shall also be applicable to K.A.R. 82-3-115b.

(i) All core and stratigraphic holes shall be plugged as soon after being used as is reasonably practicable. However, such holes shall not remain unplugged for a period of more than 10 days after the drilling of the hole. An extension may be granted by the district supervisor if access to the hole is prevented by force of nature.

(j) A minimum fee of \$5 shall be assessed for plugging of core and other stratigraphic holes. The minimum fee for any hole which penetrates a regionally confined salt water aquifer shall be assessed pursuant to K.A.R. 82-3-118. (Authorized by K.S.A. 1992 Supp. 55-152; implementing K.S.A. 1993 Supp. 55-152, 55-156, 55-157; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1984; amended March 20, 1995.)

**82-3-115a. Intent to drill seismic shot holes; notification; penalty; exemption.** (a) Each owner, operator, or persons responsible for a seismic operation shall give written notice of the intention to drill for approval by the conservation division before the commencement of drilling operations.

(1) Filing. The notice shall be filed with the conservation division at least five days before any drilling is commenced.

(2) Contents. The notice shall be on a form prescribed by the commission. The notice shall be filled in completely and signed by the operator or the operator's agent, and shall contain:

(A) The seismic company's name, address, and commission license number;

(B) the date on which drilling is anticipated to begin;

(C) the quarter section, section, township, range and county of the proposed location;

(D) the estimated number and depth of seismic shot holes to be drilled in each quarter section;

(E) the proposed plugging plan or method to be used for plugging seismic shot holes; and

(F) any other information which may be requested by the commission.

(b) District office notification. Prior to drilling one or more seismic shot holes, the operator shall notify the appropriate district office.

(c) Emergency situation. When an emergency situation exists, the operator shall orally notify and present the proposal to the district office. The written notice of intention to drill shall be filed with the commission within 24 hours.

(d) Drilling seismic shot holes without an approved notice of intent of emergency notice shall be punishable by a penalty of up to \$1000.

(e) Exemption. Seismic operations which do not require the drilling or digging of a hole shall be exempt from the requirements of this regulation. (Authorized by K.S.A. 1993 Supp. 55-152; implementing K.S.A. 1992 Supp. 55-151, 55-152, 55-164; effective March 20, 1995.)

**82-3-115b. Plugging methods and procedures for seismic shot holes; retention of logs; penalty; exemption; fees.** (a) Each seismic shot hole shall be plugged in accordance with the specified methods applicable to the geologic conditions or drilling method used as described in this regulation and in Table IV.

(b) Each hole drilled with water or water-based muds and each hole that encounters water and does not encounter artesian pressure shall be plugged using the following method.

(1) Each seismic shot hole drilled in a single aquifer area shall be plugged from the point of collapse of the last shot with one 50-pound bag of coarse ground bentonite followed by cuttings to within 12 feet of the surface. The top 12 feet of the hole shall be filled with coarse ground bentonite. A non-metallic retrievable plug with identifying mark shall be placed three feet from the surface.

(2) Each seismic shot hole drilled in a multiple aquifer area and which penetrates only the upper aquifer, may be plugged using the single aquifer method.

(3) Seismic shot holes drilled into or through multiple aquifers shall be pre-plugged by filling the hole with coarse ground bentonite to a point at which the bentonite no longer encounters water followed by cuttings to within 12 feet of the surface. The top 12 feet of the hole shall be filled with coarse ground bentonite. A non-metallic retrievable plug with identifying marks shall be placed three feet from the surface. The plug shall be allowed to set at least 15 hours prior to detonation of the explosive charge unless a lesser time is approved by the appropriate district supervisor. The coarse ground bentonite used to fill the hole up to the point where it no longer encounters water shall be poured at a rate no greater than one 50 pound bag per two minutes.

(4) Each seismic shot hole that penetrates a saltwater formation shall be plugged from bottom to top with cement. The blend of cement shall be approved by the district supervisor.

(5) Alternate plugging material may be substituted for coarse ground bentonite in accordance with procedures set forth in K.A.R. 82-3-115(h).

(c) Each hole that penetrates a strata which causes water to flow at the surface shall not be charged nor shot and shall be immediately plugged with cement. The plug shall be placed from bottom to top using tubular goods for placement. Prior to plugging, the company shall immediately notify the appropriate district office for plugging instructions.

(continued)

(d) If groundwater is not encountered in a seismic shot hole that is drilled with air, dry augured, or otherwise drilled, the hole shall be either pre-plugged or post-plugged by filling the hole with clay or silt sized cuttings from the point of collapse of the last shot to within 12 feet of the surface. The top 12 feet of the hole shall be filled with coarse ground bentonite. A non-metallic retrievable plug with identifying mark shall be placed three feet from the surface.

(e) The district supervisor may make changes in the plugging requirements on a case-by-case basis and may prescribe other methods where the district supervisor deems other plugging methods to be more appropriate due to geological or hydrologic conditions.

(f) The operator shall submit plugging reports to the Conservation Division Central Office on forms provided by the commission within 90 days after the commencement of each project. All plugging reports shall include:

(1) a description of the placement of plugs and the material used;

(2) a description of the identifying mark on the non-metallic retrievable plug;

(3) the name of the licensed person, firm, association, or corporation actually conducting the seismic operation; and

(4) a plat map showing the number of holes drilled, the location of each hole, the designated well number of each hole, and other information requested on the plugging report. Requests for confidentiality of plat map information should be made to the Director in accordance with procedures set forth in K.A.R. 82-3-107(e) and will be subject to time limits established in that regulation.

(g) The operator shall notify the appropriate district office prior to the plugging if the plugging of seismic holes is to occur anytime other than immediately after shooting takes place.

(h) When an emergency situation exists, the operator shall verbally notify and present the plugging proposal to the district office. A written plugging report shall be filed with both the district and conservation division office within five days of the completion of the plugging operation.

(i) A listing of those areas in which complex, multiple or divided aquifers occur shall be prepared by the commission. This list shall be made available to all drillers of seismic shot holes. Seismic shot holes drilled in these areas shall be plugged in accordance with the guidelines described in subsection (b)(3) of this regulation or as determined by the district supervisor.

(j) The driller or on-site geologist shall keep well logs of each hole drilled on forms approved by the commission. The logs shall be retained by the operator. If requested by the Conservation Division, the logs shall be made available contingent upon client approval.

(k) A minimum fee of \$5 shall be assessed for plugging of seismic holes. The minimum fee for any hole which penetrates a regionally confined salt water aquifer shall be assessed pursuant to K.A.R. 82-3-118.

(1) Seismic operations which do not require the drilling or digging of a hole shall be exempt from the requirements of this regulation.

(m) Failure to comply with the provisions of this regulation shall result in the following penalties:

(1) \$250 fine for the first offense, plus correction of the violation;

(2) Up to \$1000 fine for the second offense and review of operator's license, plus correction of any violations; and

(3) Up to \$2000 fine per hole for the third offense, plus 30 days suspension of license, which may be extended if correction of violation does not occur during suspension period, and review of license. (Authorized by K.S.A. 1993 Supp. 55-152; implementing K.S.A. 1993 Supp. 55-151, 55-152, 55-164; effective March 20, 1995.)

**82-3-116. Core and other stratigraphic holes to be plugged; affidavit.** Before any core or other stratigraphic hole is abandoned, it shall be plugged in accordance with K.A.R. 82-3-115 to properly protect all fresh and usable water formations. The person, firm, association or corporation actually conducting the core or stratigraphic field operations requiring use of the hole, regardless of whether these operations are for their own account or under contract or agreement for the account of others, shall file with the conservation division an affidavit on the form prescribed by the commission. The affidavit shall state the date of drilling, the location of each hole, the method used to plug such hole, and all other information requested by the prescribed form. The affidavit shall be filed within 60 days after the core or other stratigraphic holes in a specifically platted area have been plugged. (Authorized by K.S.A. 1993 Supp. 55-152; implementing K.S.A. 1993 Supp. 55-152, 55-156, 55-157; effective T-83-44, Dec. 8, 1982; effective May 1, 1983; amended March 20, 1995.)

**82-3-120. Operator or contractor licenses: application, contents and approval; penalty.** (a) No operator or contractor shall undertake the activities of drilling, completing, servicing, plugging or operating any well for the purposes of exploring for or recovering oil or gas without first obtaining or renewing a current license. Each operator in physical control of any well, whether or not the well is shut-in, shall maintain a current license.

(b) The application for a license shall be verified and filed with the commission showing:

(1) The name under which the applicant transacts or intends to transact business and the correct mailing address of that business. If the applicant is a partnership or association, the application shall set forth the name and address of each partner or member of the partnership or association. If the applicant is a corporation, the application shall contain the names and addresses of the principal officers;

(2) the number of rigs sought to be licensed;

(3) copies of property tax receipts on all rigs; and

(4) any other information as the forms provided may require.

(c) The application for a license shall be signed and verified by the applicant if the applicant is a natural person, by a partner or a member if the applicant is a partnership or association, or by an executive officer if the applicant is a corporation.

(d) Upon approval of the application by the commission, a license shall be issued to the applicant. Each license shall be in full force and effect for one year unless suspended or revoked by the commission.

(e) Each licensee shall apply to renew the license yearly.

(f) Each operator and contractor shall submit a \$100 fee, plus \$25 per rig, with each license or renewal application, except that the fee for a license application or renewal to operate one gas well used strictly for the purpose of heating a residence shall be \$25.

(g) Upon revocation of a license, no new license shall be issued to that operator or contractor until after the expiration of one year from the date of the revocation.

(h) Each licensee shall notify the conservation division in writing of any change in information supplied on the license application.

(i) The failure to obtain or renew an operator or contractor license before operating is punishable by a \$500 penalty. (Authorized by K.S.A. 1993 Supp. 55-152; implementing K.S.A. 1992 Supp. 55-155, 55-164; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 8, 1989; amended April 23, 1990; amended March 20, 1995.)

**82-3-300. Assignment of gas allowables in prorated pools; notice.** (a) A gas well in a prorated common source of supply, that is in conformance with all provisions of the applicable basic proration order, shall be granted an allowable by the commission on the date of filing the latest of the following:

(1) a form as prescribed by the commission requesting an allowable for a gas well in a prorated pool;

(2) an acreage plat verifying the location of the well and a description of the acreage to be attributed to the well; and

(3) the results of the state supervised test as required by the applicable basic proration order.

(b) A gas well in a prorated common source of supply, that requires exceptions to any provision of the applicable basic proration order, may be granted an allowable by the commission only after an application has been filed with the conservation division. Each application shall show:

(1) the exact location of the well and the acreage attributed to the well;

(2) the common source of supply from which the well is producing;

(3) the name and address of the purchaser, if known;

(4) a statement of the exception being requested and the reasons the exception should be granted;

(5) a plat showing the location and approximate depths of all wells and dry holes which have been drilled within one mile from the acreage to be attributed;

(6) the applicant's license number;

(7) the names and addresses of each person owning a royalty or working interest in the acreage to be attributed, and a certificate of mailing indicating the date that service of a copy of the application was made to each;

(8) the names and addresses of all operators of producing acreage abutting or adjoining the acreage to be attributed, and a certificate of mailing indicating the date service of a copy of the application was made to each;

(9) the names and addresses of all lessees of record of non-producing acreage abutting or adjoining the acreage to be attributed, and a certificate of mailing indicating

the date service of a copy of the application was made to each;

(10) the names and addresses of all owners of record of the minerals in, or royalty of unleased acreage abutting or adjoining, the acreage to be attributed, and a certificate of mailing indicating the date that service of a copy of the application was made to each;

(11) the names and addresses of all persons owning the royalty or leasehold interests in acreage abutting or adjoining the acreage to be attributed which is operated by the applicant or on which the applicant has a lease or an interest in the lease, and a certificate of mailing indicating the date that service of a copy of the application was made to each;

(12) a statement advising each person listed in paragraphs (7) through (11) of this subsection that the person has 15 days in which to file a protest to the application with the conservation division pursuant to the provisions of K.A.R. 82-3-135b; and

(13) any other information the commission may require.

(c) Notice of the application. In addition to mailing a copy of the application to the persons described in subsection (b), notice of the application shall be published in at least one issue of the official county newspaper of each county in which lands affected by the application are located and in the Wichita Eagle newspaper.

(d) Protest. Once notice of the application is published pursuant to subsection (c) and mailed to the persons described in subsection (b), the application shall be held in abeyance for 15 days from the date of publication or mailing, whichever is later, pending the filing of any protest pursuant to K.A.R. 82-3-135b. If a valid protest is filed, or if, on the commission's own motion, it is deemed that there should be a hearing on the application, a hearing shall be held. The applicant shall publish notice of the hearing pursuant to K.A.R. 82-3-135. (Authorized by K.S.A. 55-704; implementing K.S.A. 55-705b, K.S.A. 1993 Supp. 55-706; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1988; amended April 23, 1990; amended March 20, 1995.)

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the Kansas Register issue in which more information can be found. This cumulative index supplements the index found in the 1993 Supplement to the Kansas Administrative Regulations.

AGENCY 1: DEPARTMENT OF ADMINISTRATION

Table with columns: Reg. No., Action, Register. Lists regulations from 1-2-30 to 1-22-12, including actions like Amended, Revoked, and New.

AGENCY 2: MUNICIPAL ACCOUNTING BOARD

Table with columns: Reg. No., Action, Register. Lists regulations 2-3-3.

AGENCY 4: BOARD OF AGRICULTURE

Table with columns: Reg. No., Action, Register. Lists regulations 4-2-4 and 4-2-5.

Table with columns: Reg. No., Action, Register. Lists regulations from 4-2-6 to 4-17-305.

AGENCY 5: BOARD OF AGRICULTURE—DIVISION OF WATER RESOURCES

Table with columns: Reg. No., Action, Register. Lists regulations from 5-1-1 to 5-22-8.

AGENCY 7: SECRETARY OF STATE

Table with columns: Reg. No., Action, Register. Lists regulations from 7-19-1 to 7-37-2.

AGENCY 16: ATTORNEY GENERAL

Table with columns: Reg. No., Action, Register. Lists regulations 16-3-1 and 16-3-2.

Table with columns: Reg. No., Action, Register. Lists regulations 16-3-3 to 16-6-2.

AGENCY 17: STATE BANKING DEPARTMENT

Table with columns: Reg. No., Action, Register. Lists regulations from 17-11-21 to 17-23-13.

AGENCY 19: KANSAS COMMISSION ON GOVERNMENTAL STANDARDS AND CONDUCT

Table with columns: Reg. No., Action, Register. Lists regulation 19-29-1a.

AGENCY 20: CRIME VICTIMS COMPENSATION BOARD

Table with columns: Reg. No., Action, Register. Lists regulations from 20-1-1 to 20-2-9.

AGENCY 21: HUMAN RIGHTS COMMISSION

Table with columns: Reg. No., Action, Register. Lists regulations from 21-70-1 through 21-70-54.

AGENCY 22: STATE FIRE MARSHAL

Table with columns: Reg. No., Action, Register. Lists regulations from 22-1-2 to 22-22-1.

AGENCY 23: DEPARTMENT OF WILDLIFE AND PARKS

Table with columns: Reg. No., Action, Register. Lists regulations 23-4-1 and 23-6-8.

23-16-1 Revoked V. 12, p. 1702
23-19-1 Revoked V. 12, p. 1702

AGENCY 25: STATE GRAIN INSPECTION DEPARTMENT

Reg. No. Action Register
25-1-8 Revoked V. 12, p. 1460, 1571
25-1-15 Amended V. 12, p. 1460, 1571
25-1-16 Revoked V. 12, p. 1461, 1571
25-1-17 Revoked V. 12, p. 1461, 1571
25-4-1 Amended V. 13, p. 1195, 1400

AGENCY 26: DEPARTMENT ON AGING

Reg. No. Action Register
26-5-5 Amended V. 12, p. 1118
26-5-6 Amended V. 12, p. 1118
26-8-1 Amended V. 13, p. 1428
26-8-3 Amended V. 13, p. 1429
26-8-4 Amended V. 13, p. 1429
26-8-5 Amended V. 13, p. 1429
26-8-7 Amended V. 13, p. 1429

**We are pleased to announce that custom-made *Kansas Register* binders are now available!**

These binders will hold your copies of the *Kansas Register* attractively for permanent use. They are highest quality, durable, casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) They feature dark blue cloth covering and gold imprinting. Each three-inch binder will hold up to a year's worth of *Register* issues.

**Order your binders today!**

***Kansas Register* binders . . . \$18.00 each includes shipping and handling.**
