Order Proclaiming LAW WEEK 1995

May 1-May 7, 1995, is hereby proclaimed to be LAW WEEK throughout the Kansas judicial system and is to be observed by all judges and nonjudicial employees of the judicial branch of state government.

The 105 district courts in Kansas are encouraged to treat LAW WEEK in their respective counties as a special opportunity to recognize that governance of our society of laws is the basis of our personal freedoms and the only assurance that the rights of all our citizens will be protected.

"E Pluribus Unum—Out of Many, One," the theme of LAW WEEK, reminds us that while America has grown to represent a mosaic of different cultures, ethnic groups, regions and religions, we remain one nation under law. All Kansans are invited to share with their courts in the observance of LAW WEEK 1995.

The Clerk of the Supreme Court is hereby directed to file this order forthwith and deliver a copy to the Judicial Administrator who shall publish it in the Kansas Register.

By order of the court this 8th day of February 1995.

Cities and Municipalities—Interlocal Cooperation; General—Interlocal Agreements by Public Agencies.

Cities and Municipalities—Miscellaneous Provisions—Investment of Public Moneys by Governmental Subdivisions; Use of Interlocal Cooperation Agreements. Michelle M. Suter, DeSoto City Attorney, Kansas City, Missouri, April 3, 1995.

While it is appropriate for a city and county to enter into an interlocal agreement whereby the county invests the city's idle funds, a city may not use the interlocal cooperation agreement act to bypass the requirements of K.S.A. 1994 Supp. 12-1677b. Cities and Municipalities—Miscellaneous Provisions—Investment of Public Moneys by Governmental Subdivisions; Conditions and Limitations. Lee Droegemueller, Commissioner of Education, Kansas State Board of Education, Topeka, April 3, 1995.

K.S.A. 9-1401 requires that a school district deposit its active funds in financial institutions with home offices in the state of Kansas. Similarly, K.S.A. 1994 Supp. 12-1675(b)(2) requires that a school district desirous of investing its idle funds in time deposits, open accounts and certificates of deposit may do so only in financial institutions with home offices in the state of Kansas. Cited herein: K.S.A. 1994 Supp. 9-1111; K.S.A. 9-1401; K.S.A. 1994 Supp. 9-1402; 12-1675; K.S.A. 17-5002. MF

Opinion No. 95-40

Crimes and Punishments; Kansas Criminal Code; Prohibited Acts—Crimes Against the Public Peace—

Giving a False Alarm. Daniel D. Creitz, Erie City Attorney, Erie, April 7, 1995.

A police or fire department does not issue a "false alarm" in violation of K.S.A. 1994 Supp. 21-4110 by dispatching fire and police personnel to a training exercise without a prior disclaimer. Such departments may be liable under the tort claims act, however, for actions of their respective employees if those actions do not fall within the exemption for the provision of fire or police protection found in K.S.A. 1994 Supp. 75-6104(n). Cited herein: K.S.A. 1994 Supp. 21-4110; 75-6102; K.S.A. 75-6103; K.S.A. 1994 Supp. 75-6104. JLM

Opinion No. 95-41

Automobiles and Other Vehicles—Uniform Act Regulating Traffic; Rules of the Road; Serious Traffic Offenses—Driving Under Influence of Alcohol or Drugs; Eligibility for Good Time Credit on Third and Subsequent Conviction.

Crimes and Punishments; Kansas Criminal Code; Classification of Crimes and Penalties—Sentencing Guidelines—Sentencing Guidelines; Grid for Nondrug Crimes; Eligibility for Good Time Credit on Third and Subsequent Conviction. J. Douglas Miller, Seward County Counsel, Liberal, April 7, 1995.

"Good time credits" are applicable only to persons serving a sentence in the custody of the secretary of corrections upon conviction of a felony. Kansas statutes neither require nor authorize a county to develop a policy regarding good time credits for persons serving a sentence for a third or subsequent driving under the influence conviction. A person serving a sentence for a third or subsequent driving under the influence conviction in a county jail is thus not eligible for "good time credits."

In relation to persons convicted of a third or subsequent driving under the influence offense, substantive rights were affected by the 1994 amendments to K.S.A. 1993 Supp. 8-1567 and to K.S.A. 1993 Supp. 21-4704(i). Consequently, the 1994 amendments should be applied prospectively, i.e., only to offenses committed after July 1, 1994. To the extent it conflicts with conclusions reached herein, Attorney General Opinion No. 94-161 is withdrawn. Cited herein: K.S.A. 1993 Supp. 8-1567; 21-4704; K.S.A. 1994 Supp. 8-1567; 21-3105; 21-4703; 21-4704; 21-4706; 21-4707; 21-4722; K.A.R. 44-6-146. CN

Cities and Municipalities—Ordinances of Cities; Initiative and Referendum Ordinances—Bid Procedure for Sale of City-Owned Real Property Owned by City. Patricia Ridenour, Ingalls City Attorney, Cimarron, April 7, 1995.

A proposed ordinance is administrative and not subject to K.S.A. 12-3013 when it requires the city council to sell city-owned real property to the highest bidder. Cited herein: K.S.A. 12-101; 12-1301; 12-1656; 12-1739; 12-1773; 12-17,104; 12-3013. MF

Notice of 1995-96 JTPA Plan Modification

The Job Training Partnership Act (JTPA) provides funds to states to establish programs that prepare youths and adults for entry into the labor force. Under JTPA, each state is divided into Service Delivery Areas (SDAs). Within each SDA, a governing structure is established between local elected officials and private and public sector representatives who are appointed to a Private Industry Council (PIC). This governing structure is responsible for policy, program development and oversight of programs generated within the SDA. The PIC of SDA IV has se-

lected the City of Wichita to be the grant recipient and program administrator for Title II-A, II-B and II-C Programs in SDA IV, which comprises Butler, Cowley, Harper, Kingman, Sedgwick and Sumner counties in south central Kansas.

Section 104(a) of the Job Training Partnership Act specifies that no funds appropriated under Title II for any fiscal year may be provided to any SDA under this act, except pursuant to a job training plan for two program years. Section 105(a) of the act mandates the publishing of the proposed job training plan or summary thereof and mandates the plan shall be made reasonably available to the general public for review and comment.

In accordance with Sections 104 and 105 of the Job Training Partnership Act, the Private Industry Council of Service Delivery Area IV Inc. hereby gives public notice of its intention to modify the 1992 program year Title II-B Plan and the 1993 program year portion of its Title II-A and II-C Job Training Plan. Summaries of these Title II plans are as follows:

**Program Year 1995-96 Title II-A Plan
Subpart Summary**

The purpose of the Title II-A Job Training Program is to prepare adults (age 22 or older) who are economically disadvantaged or face serious barriers to employment, for participation in the labor force by increasing their occupational and educational skills, resulting in improved long-term employability, increased employment and earnings, and reduced welfare dependency.

The proposed Title II-A Plan Subpart for the 1995-96 program year commences July 1, 1995 and will terminate June 30, 1996. A total of \$1,249,412 in Title II-A funds are available for program operations to serve a total of 464 adults in SDA IV. Program activities include on-the-job training, remedial training, classroom occupational training, work experience, supportive services, counseling and inter-agency coordination of services.

**Program Year 1995-96 Title II-C Plan
Subpart Summary**

The purpose of the Title II-C Job Training Program is to improve the long-term employability of youths (age 14 through 21) who are economically disadvantaged or face serious barriers to employment; enhance the educational, occupational and citizenship skills of youth; encourage school completion or enrollment in alternative school programs; increase the employment and earnings of youth; reduce welfare dependency; and assist youth in addressing problems that impair the ability of youth to make successful transitions from school to work, apprenticeship, the military, or postsecondary education and training.

The proposed Title II-C Subpart for the 1995-96 program year commences July 1, 1995 and will terminate June 30, 1996. A total of \$763,692 in Title II-C funds are available for program operations to serve a total of 342 youths in SDA IV. Program activities include on-the-job training, remedial training, classroom occupational training, work experience, supportive services, counseling and inter-agency coordination of services.

**Program Year 1994-95 Title II-B Summer
Youth Employment and Training
Program (SYETP) Plan Subpart**

The 1994-95 program year began October 1, 1994 and
(continued)

will end September 30, 1995. SDA IV anticipates a funding level of \$1,254,322 for the 1995 Summer Youth Employment and Training Program (SYETP). SYETP will serve 562 youths (ages 14-21) living in Butler, Cowley, Harper, Kingman, Sedgwick and Sumner counties.

The purpose of the SYETP is to enhance the basic educational skills of youth, encourage school completion or enrollment in supplementary or alternative school programs, and provide eligible youth with exposure to the world of work. This exposure to the world of work will be available through "work experience" positions with SDA IV private and public nonprofit agencies. An estimated 393 youth will improve their employability skills through the program.

Copies of the 1995-96 program year Title II-A and II-C Plan Subparts, and the 1994-95 program year Title II-B Plan Subpart, are available for review from 8 a.m. to 5 p.m. Monday through Friday at the Human Services Department, 2nd Floor, City Hall, 455 N. Main, Wichita, 67202.

Written comments and/or questions regarding the Title II-A, II-B or II-C Plan Subparts should be directed to Mike Reichenberger, Planning and Administration Director, Human Services Department, (316) 268-4691.

Title III Economic Dislocation and Worker Adjustment Assistance Act Plan (EDWAA)

The PIC of SDA IV has selected the Kansas Department of Human Resources (KDHR) to be the grant recipient and program administrator for Title III programs in SDA IV.

The purpose of Service Delivery Area IV's Title III Economic Dislocation and Worker Adjustment Assistance Act (EDWAA) Plan is to provide services to those individuals affected, through no fault of their own, by economic conditions such as reductions in the work force. The plan also allows for services to be provided to dislocated area farmers and ranchers. The plan states that the service emphasis will be on retraining.

The proposed Title III (EDWAA) Plan for program year 1995-96 commences July 1, 1995 and will terminate June 30, 1996. A total of \$1,596,088 in Title III, EDWAA funds are available for program operations to serve a total of 750 individuals in Service Delivery Area IV.

Wagner-Peyser Plan

The Wagner-Peyser Plan describes activities performed by local employment and training offices. The SDA IV Wagner-Peyser Plan identifies the state mission of the Kansas Job Service and the location of area Job Service offices.

Copies of the 1995-96 program year Title III Economic Dislocation and Worker Adjustment Assistance Act (EDWAA) Plan and the Wagner-Peyser Plan are available for review from 8 a.m. to 5 p.m. Monday through Friday at the Wichita office of the Kansas Department of Human Resources, 402 E. 2nd, P.O. Box 877, Wichita, 67201-0877.

SENATE BILL No. 354

AN ACT relating to income taxation; concerning certain additions to federal adjusted gross income; excluding privilege taxes; amending K.S.A. 1994 Supp. 79-32,117 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1994 Supp. 79-32,117 is hereby amended to read as follows: 79-32,117. (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in federal adjusted gross income, on obligations of any state or political subdivision thereof, but to the extent that interest income on obligations of this state or a political subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

(ii) Taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state or any other taxing jurisdiction to the extent deductible in determining federal adjusted gross income and not credited against federal income tax. *This paragraph shall not apply to taxes imposed under the provisions of K.S.A. 79-1107 or 79-1108, and amendments thereto, for privilege tax year 1995, and all such years thereafter.*

(iii) The federal net operating loss deduction.

(iv) Federal income tax refunds received by the taxpayer if the deduction of the taxes being refunded resulted in a tax benefit for Kansas income tax purposes during a prior taxable year. Such refunds shall be included in income in the year actually received regardless of the method of accounting used by the taxpayer. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.

(vi) Any amount of designated employee contributions picked up by an employer pursuant to K.S.A. 12-5005, 20-2603, 74-4919 and 74-4965, and amendments to such sections.

(vii) The amount of any charitable contribution made to the extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 1994 Supp. 79-32,196, and amendments thereto.

(c) There shall be subtracted from federal adjusted gross income:

(i) Interest or dividend income on obligations or securities of any authority, commission or instrumentality of the United States and its possessions less any related expenses directly incurred in the purchase of

such obligations or securities, to the extent included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

(ii) Any amounts received which are included in federal adjusted gross income but which are specifically exempt from Kansas income taxation under the laws of the state of Kansas.

(iii) The portion of any gain or loss from the sale or other disposition of property having a higher adjusted basis for Kansas income tax purposes than for federal income tax purposes on the date such property was sold or disposed of in a transaction in which gain or loss was recognized for purposes of federal income tax that does not exceed such difference in basis, but if a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to that portion of such gain which is included in federal adjusted gross income.

(iv) The amount necessary to prevent the taxation under this act of any annuity or other amount of income or gain which was properly included in income or gain and was taxed under the laws of this state for a taxable year prior to the effective date of this act, as amended, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain.

(v) The amount of any refund or credit for overpayment of taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state, or any taxing jurisdiction, to the extent included in gross income for federal income tax purposes.

(vi) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income.

(vii) Amounts received as annuities under the federal civil service retirement system from the civil service retirement and disability fund and other amounts received as retirement benefits in whatever form which were earned for being employed by the federal government or for service in the armed forces of the United States.

(viii) Amounts received by retired railroad employees as a supplemental annuity under the provisions of 45 U.S.C. 228b (a) and 228c (a)(1) *et seq.*

(ix) Amounts received by retired employees of a city and by retired employees of any board of such city as retirement allowances pursuant to K.S.A. 13-14,106, and amendments thereto, or pursuant to any charter ordinance exempting a city from the provisions of K.S.A. 13-14,106, and amendments thereto.

(x) For taxable years beginning after December 31, 1976, the amount of the federal tentative jobs tax credit disallowance under the provisions of 26 U.S.C. 280 C. For taxable years ending after December 31, 1978, the amount of the targeted jobs tax credit and work incentive credit disallowances under 26 U.S.C. 280 C.

(xi) For taxable years beginning after December 31, 1986, dividend income on stock issued by Kansas Venture Capital, Inc.

(xii) For taxable years beginning after December 31, 1989, amounts received by retired employees of a board of public utilities as pension and retirement benefits pursuant to K.S.A. 13-1246, 13-1246a and 13-1249 and amendments thereto.

(xiii) For taxable years beginning after December 31, 1993, the amount of income earned on contributions deposited to an individual development account under K.S.A. 1994 Supp. 79-32,117h, and amendments thereto.

(d) There shall be added to or subtracted from federal adjusted gross income the taxpayer's share, as beneficiary of an estate or trust, of the Kansas fiduciary adjustment determined under K.S.A. 79-32,135, and amendments thereto.

(e) The amount of modifications required to be made under this section by a partner which relates to items of income, gain, loss, deduction or credit of a partnership shall be determined under K.S.A. 79-32,131, and amendments thereto, to the extent that such items affect federal adjusted gross income of the partner.

Sec. 2. K.S.A. 1994 Supp. 79-32,117 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

The owner of a site shall be responsible for the long-term care of the site for 30 years after the closing of the site, except the secretary may extend the long-term care responsibility of a particular site or sites as the secretary deems necessary to protect the public health and safety or the environment. Any person acquiring rights of ownership, possession or operation in a permitted site or facility for the land disposal of solid waste at any time after the site has begun to accept waste and prior to closure shall be subject to all requirements of the permit for the site or facility, including the requirements relating to long-term care of the site or facility.

(d) Any solid waste disposal area which qualifies for the exemption provided for by subsection (b) and which successfully demonstrates that naturally occurring geological conditions provide sufficient protection against groundwater contamination shall not be required to construct a landfill liner or leachate collection system. The secretary shall adopt rules and regulations which establish criteria for performing this demonstration and standards for liner and leachate collection systems for exempt landfills which fail the demonstration. SENATE BILL No. 360

AN ACT concerning crimes, punishments and criminal procedure; relating to certain placement of inmates, reduction of sentences for good time and postrelease supervision; amending K.S.A. 1994 Supp. 21-4603d, 21-4706, 21-4722, 22-3717 and 75-5217 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1994 Supp. 21-4603d is hereby amended to read as follows: 21-4603d. (a) Whenever any person has been found guilty of a crime, the court may adjudge any of the following:

(1) Commit the defendant to the custody of the secretary of corrections if the current crime of conviction is a felony and the sentence presumes imprisonment, or the sentence imposed is a dispositional departure to imprisonment; or, if confinement is for a misdemeanor, to jail for the term provided by law;

(2) impose the fine applicable to the offense;

(3) release the defendant on probation if the current crime of conviction and criminal history fall within a presumptive nonprison category or through a departure for substantial and compelling reasons subject to such conditions as the court may deem appropriate. In felony cases except for violations of K.S.A. 8-1567 and amendments thereto, the court may include confinement in a county jail not to exceed 30 days, which need not be served consecutively, as a condition of probation or community corrections placement;

(4) assign the defendant to a community correctional services program in presumptive nonprison cases or through a departure for substantial and compelling reasons subject to such conditions as the court may deem appropriate, including orders requiring full or partial restitution;

(5) assign the defendant to a conservation camp for a period not to exceed 180 days as a condition of probation followed by a 180-day period of follow-up through adult intensive supervision by a community correctional services program, if the offender successfully completes the conservation camp program. If the defendant was classified in grid blocks 3-G, 3-H or 3-I of the sentencing guidelines grid for drug crimes, the court may impose a nonprison sanction on the condition that the offender complete the program at the Labette correctional conservation camp. Such a placement decision shall not be considered a departure and shall not be subject to appeal;

(6) assign the defendant to a house arrest program pursuant to K.S.A. 21-4603b and amendments thereto;

(7) order the defendant to attend and satisfactorily complete an alcohol or drug education or training program as provided by subsection (3) of K.S.A. 21-4502 and amendments thereto;

(8) order the defendant to repay the amount of any reward paid by any crime stoppers chapter, individual, corporation or public entity which materially aided in the apprehension or conviction of the defendant; or repay the amount of any public funds utilized by a law enforcement agency to purchase controlled substances from the defendant during the investigation which leads to the defendant's conviction. Such repayment of the amount of any public funds utilized by a law enforcement agency shall be deposited and credited to the same fund from which the public funds were credited to prior to use by the law enforcement agency;

(9) order the defendant to pay full or partial restitution;

(10) impose any appropriate combination of (1), (2), (3), (4), (5), (6), (7), (8) and (9); or

(11) suspend imposition of sentence in misdemeanor cases.

In addition to or in lieu of any of the above, the court shall order the defendant to submit to and complete an alcohol and drug evaluation, and pay a fee therefor, when required by subsection (4) of K.S.A. 21-4502 and amendments thereto.

In imposing a fine the court may authorize the payment thereof in installments. In releasing a defendant on probation, the court shall direct that the defendant be under the supervision of a court services officer. If the court commits the defendant to the custody of the secretary of corrections or to jail, the court may specify in its order the amount of restitution to be paid and the person to whom it shall be paid if restitution is later ordered as a condition of parole or conditional release.

When a new felony is committed while the offender is incarcerated and serving a sentence for a felony or while the offender is on probation, assignment to a community correctional services program, parole, conditional release, or postrelease supervision for a felony, a new sentence shall be imposed pursuant to the consecutive sentencing requirements of K.S.A. 21-4608, and amendments thereto, and the court may sentence

the offender to imprisonment for the new conviction, even when the new crime of conviction otherwise presumes a nonprison sentence. In this event, imposition of a prison sentence for the new crime does not constitute a departure.

Prior to imposing a dispositional departure for a defendant whose offense is classified in the presumptive nonprison grid block of either sentencing guideline grid, prior to sentencing a defendant to incarceration whose offense is classified in grid blocks 5-H, 5-I or 6-G of the sentencing guidelines grid for nondrug crimes, or prior to revocation of a nonprison sanction of a defendant whose offense is classified in the presumptive nonprison grid block of either sentencing guideline grid or grid blocks 5-H, 5-I or 6-G of the sentencing guidelines grid for nondrug crimes, the court shall consider placement of the defendant in the Labette correctional conservation camp. Pursuant to this paragraph the defendant shall not be sentenced to imprisonment if space is available in the conservation camp and the defendant meets all of the conservation camp's placement criteria unless the court states on the record the reasons for not placing the defendant in the conservation camp.

The court in committing a defendant to the custody of the secretary of corrections shall fix a term of confinement within the limits provided by law. In those cases where the law does not fix a term of confinement for the crime for which the defendant was convicted, the court shall fix the term of such confinement.

(b) Dispositions which do not involve commitment to the custody of the secretary of corrections shall not entail the loss by the defendant of any civil rights.

(c) This section shall not deprive the court of any authority conferred by any other Kansas statute to decree a forfeiture of property, suspend or cancel a license, remove a person from office, or impose any other civil penalty as a result of conviction of crime.

(d) An application for or acceptance of probation or assignment to a community correctional services program shall not constitute an acquiescence in the judgment for purpose of appeal, and any convicted person may appeal from such conviction, as provided by law, without regard to whether such person has applied for probation, suspended sentence or assignment to a community correctional services program.

(e) *The secretary of corrections is authorized to make direct placement to the Labette correctional conservation camp of an inmate sentenced to the secretary's custody if the inmate: (1) Has been sentenced to the secretary for a probation revocation or as a departure from the presumptive nonimprisonment grid block of either sentencing grid; and (2) otherwise meets admission criteria of the camp. If the inmate successfully completes the 180 day conservation camp program, the secretary of corrections shall report such completion to the sentencing court and the county or district attorney. The inmate shall then be assigned by the court to 180 days of follow-up supervision conducted by the appropriate community corrections services program. The court may also order that supervision continue thereafter for the length of time authorized by K.S.A. 21-4611 and amendments thereto.*

(f) When it is provided by law that a person shall be sentenced pursuant to K.S.A. 1993 Supp. 21-4628 and amendments thereto, the provisions of this section shall not apply.

Sec. 2. K.S.A. 1994 Supp. 21-4706 is hereby amended to read as follows: 21-4706. (a) For crimes committed on or after July 1, 1993, the sentences of imprisonment shall represent the time a person shall actually serve, subject to a reduction of up to 20% 15% of the primary sentence for good time as authorized by law.

(b) The sentencing court shall pronounce sentence in all felony cases.

(c) Violations of K.S.A. 1994 Supp. 21-3439 and amendments thereto and K.S.A. 21-3401 and 21-3801 and amendments thereto are off-grid crimes for the purpose of sentencing. Except as otherwise provided by K.S.A. 1994 Supp. 21-4622 through 21-4627, and 21-4629 through 21-4631, and amendments thereto, the sentence shall be imprisonment for life.

Sec. 3. K.S.A. 1994 Supp. 21-4722 is hereby amended to read as follows: 21-4722. (a) For purposes of determining release of an inmate for a crime committed on or after July 1, 1993, the following shall apply with regard to good time calculations:

(1) A system shall be developed whereby good behavior by inmates is the expected norm and negative behavior will be punished; and

(2) the amount of time which can be earned by an inmate and sub-

(continued)

tracted from any sentence is limited to an amount equal to ~~20%~~ 15% of the prison part of the sentence.

(b) Any time which is earned and subtracted from any presumptive sentence of any inmate pursuant to good time calculation shall be added to such inmate's time of postrelease supervision.

(c) The secretary of corrections is hereby authorized to adopt rules and regulations to carry out the provisions of this act regarding good time calculations. Such rules and regulations shall provide circumstances upon which an inmate may earn good time credits and for the forfeiture of earned credits and such circumstances may include factors substantially related to program and work participation and conduct and the inmate's willingness to examine and confront the past behavior patterns that resulted in the commission of the inmate's crimes.

Sec. 4. K.S.A. 1994 Supp. 22-3717 is hereby amended to read as follows: 22-3717. (a) Except as otherwise provided by this section, K.S.A. 1993 Supp. 21-4628 and K.S.A. 1994 Supp. 21-4635 through 21-4638 and amendments thereto, an inmate, including an inmate sentenced pursuant to K.S.A. 21-4618 and amendments thereto, shall be eligible for parole after serving the entire minimum sentence imposed by the court, less good time credits.

(b) (1) Except as provided by K.S.A. 1994 Supp. 21-4635 through 21-4638 and amendments thereto, an inmate sentenced to imprisonment for the crime of capital murder, or an inmate sentenced for the crime of murder in the first degree based upon a finding of premeditated murder, committed on or after July 1, 1994, shall be eligible for parole after serving 25 years of confinement, without deduction of any good time credits.

(2) Except as provided by subsection (b)(1), K.S.A. 1993 Supp. 21-4628 and sections 1 through 6 K.S.A. 1994 Supp. 21-4635 through 21-4638, and amendments thereto, an inmate sentenced to imprisonment for an off-grid offense committed on or after July 1, 1993, shall be eligible for parole after serving 15 years of confinement, without deduction of any good time credits.

(3) Except as provided by K.S.A. 1993 Supp. 21-4628, an inmate sentenced for a class A felony committed before July 1, 1993, including an inmate sentenced pursuant to K.S.A. 21-4618 and amendments thereto, shall be eligible for parole after serving 15 years of confinement, without deduction of any good time credits.

(c) Except as provided in subsection (e), if an inmate is sentenced to imprisonment for more than one crime and the sentences run consecutively, the inmate shall be eligible for parole after serving the total of:

(1) The aggregate minimum sentences, as determined pursuant to K.S.A. 21-4608 and amendments thereto, less good time credits for those crimes which are not class A felonies; and

(2) an additional 15 years, without deduction of good time credits, for each crime which is a class A felony.

(d) (1) Persons sentenced for crimes, other than off-grid crimes, committed on or after July 1, 1993, will not be eligible for parole, but will be released to a mandatory period of postrelease supervision upon completion of the prison portion of their sentence as follows:

(A) Except as provided in ~~subparagraph (C)~~ *subparagraphs (C) and (D)*, persons sentenced for nondrug severity level 1 through 6 crimes and drug severity levels 1 through 3 *crimes* must serve 24 36 months, plus the amount of good time earned and retained pursuant to K.S.A. 1994 Supp. 21-4722 and amendments thereto, on postrelease supervision;

(B) Except as provided in ~~subparagraph (C)~~ *subparagraphs (C) and (D)*, persons sentenced for nondrug severity level 7 through 10 crimes and drug severity level 4 *crimes* must serve 24 24 months, plus the amount of good time earned and retained pursuant to K.S.A. 1994 Supp. 21-4722 and amendments thereto, on postrelease supervision;

(C) (i) The sentencing judge shall impose the postrelease supervision period provided in subparagraph (d)(1)(A) or (d)(2)(B), unless the judge finds substantial and compelling reasons to impose a departure based upon a finding that the current crime of conviction was sexually violent or sexually motivated. In that event, departure may be imposed to extend the postrelease supervision to a period of up to 60 months.

(ii) If the sentencing judge departs from the presumptive postrelease supervision period, the judge shall state on the record at the time of sentencing the substantial and compelling reasons for the departure. Departures in this section are subject to appeal pursuant to K.S.A. 1994 Supp. 21-4721 and amendments thereto.

(iii) In determining whether substantial and compelling reasons exist, the court shall consider:

(a) Written briefs or oral arguments submitted by either the defendant or the state;

(b) any evidence received during the proceeding;

(c) the presentence report, the victim's impact statement and any psychological evaluation as ordered by the court pursuant to subsection (e) of K.S.A. 1994 Supp. 21-4714 and amendments thereto; and

(d) any other evidence the court finds trustworthy and reliable.

(iv) The sentencing judge may order that a psychological evaluation be prepared and the recommended programming be completed by the offender. The department of corrections or the parole board shall ensure that court ordered sex offender treatment be carried out.

(v) In carrying out the provisions of subparagraph (d)(1)(C), the court shall refer to K.S.A. 1994 Supp. 21-4718 and amendments thereto.

(vi) Upon petition, the parole board may provide for early discharge from the postrelease supervision period upon completion of court ordered programs and completion of the presumptive postrelease supervision period, as determined by the crime of conviction, pursuant to subparagraph (d)(1)(A) or (B). Early discharge from postrelease supervision is at the discretion of the parole board.

(vii) Persons convicted of crimes deemed sexually violent or sexually motivated, shall be registered according to the habitual sex offender registration act, K.S.A. 1994 Supp. 22-4901 through 22-4910 and amendments thereto; and

(D) *The period of postrelease supervision provided in subparagraphs (A) and (B) may be reduced by up to 12 months based on the offender's compliance with conditions of supervision and overall performance while on postrelease supervision. The reduction in the supervision period shall be on an earned basis pursuant to rules and regulations adopted by the secretary of corrections.*

(E) In cases where sentences for crimes from more than one severity level have been imposed, the highest severity level offense will dictate the period of postrelease supervision. Supervision periods will not aggregate.

(2) As used in this section, "sexually violent crime" means:

(A) Rape, K.S.A. 21-3502, and amendments thereto;

(B) indecent liberties with a child, K.S.A. 21-3503, and amendments thereto;

(C) aggravated indecent liberties with a child, K.S.A. 21-3504, and amendments thereto;

(D) criminal sodomy, subsection (a)(2) and (a)(3) of K.S.A. 21-3505 and amendments thereto;

(E) aggravated criminal sodomy, K.S.A. 21-3506, and amendments thereto;

(F) indecent solicitation of a child, K.S.A. 21-3510, and amendments thereto;

(G) aggravated indecent solicitation of a child, K.S.A. 21-3511, and amendments thereto;

(H) sexual exploitation of a child, K.S.A. 21-3516, and amendments thereto;

(I) aggravated sexual battery, K.S.A. 21-3518, and amendments thereto;

(J) any conviction for a felony offense in effect at any time prior to the effective date of this act, that is comparable to a sexually violent crime as defined in subparagraphs (A) through (I), or any federal or other state conviction for a felony offense that under the laws of this state would be a sexually violent crime as defined in this section;

(K) an attempt, conspiracy or criminal solicitation, as defined in K.S.A. 21-3301, 21-3302, 21-3303, and amendments thereto, of a sexually violent crime as defined in this section; or

(L) any act which at the time of sentencing for the offense has been determined beyond a reasonable doubt to have been sexually motivated. As used in this subparagraph, "sexually motivated" means that one of the purposes for which the defendant committed the crime was for the purpose of the defendant's sexual gratification.

(e) If an inmate is sentenced to imprisonment for a crime committed while on parole or conditional release, the inmate shall be eligible for parole as provided by subsection (c), except that the Kansas parole board may postpone the inmate's parole eligibility date by assessing a penalty not exceeding the period of time which could have been assessed if the inmate's parole or conditional release had been violated for reasons other than conviction of a crime.

(f) If a person is sentenced to prison for a crime committed on or after July 1, 1993, while on probation, parole, conditional release or in a

community corrections program, for a crime committed prior to July 1, 1993, and the person is not eligible for retroactive application of the sentencing guidelines and amendments thereto pursuant to K.S.A. 21-4724 and amendments thereto, the new sentence shall not be aggregated with the old sentence, but shall begin when the person is paroled or reaches the conditional release date on the old sentence. If the offender was past the offender's conditional release date at the time the new offense was committed, the new sentence shall not be aggregated with the old sentence but shall begin when the person is ordered released by the Kansas parole board or reaches the maximum sentence expiration date on the old sentence, whichever is earlier. The new sentence shall then be served as otherwise provided by law. The period of postrelease supervision shall be based on the new sentence, except that those offenders whose old sentence is a term of imprisonment for life, imposed pursuant to K.S.A. 1993 Supp. 21-4628 and amendments thereto, or an indeterminate sentence with a maximum term of life imprisonment, for which there is no conditional release or maximum sentence expiration date, shall remain on postrelease supervision for life or until discharged from supervision by the Kansas parole board.

(g) Subject to the provisions of this section, the Kansas parole board may release on parole those persons confined in institutions who are eligible for parole when: (1) The board believes that the inmate should be released for hospitalization, for deportation or to answer the warrant or other process of a court and is of the opinion that there is reasonable probability that the inmate can be released without detriment to the community or to the inmate; or (2) the secretary of corrections has reported to the board in writing that the inmate has satisfactorily completed the programs required by any agreement entered under K.S.A. 75-5210a and amendments thereto, or any revision of such agreement, and the board believes that the inmate is able and willing to fulfill the obligations of a law abiding citizen and is of the opinion that there is reasonable probability that the inmate can be released without detriment to the community or to the inmate. Parole shall not be granted as an award of clemency and shall not be considered a reduction of sentence or a pardon.

(h) The Kansas parole board shall hold a parole hearing during the month prior to the month an inmate will be eligible for parole under subsections (a), (b) and (c). At least the month preceding the parole hearing, the county or district attorney of the county where the inmate was convicted shall give written notice of the time and place of the public comment sessions for the inmate to any victim of the inmate's crime who is alive and whose address is known to the county or district attorney or, if the victim is deceased, to the victim's family if the family's address is known to the county or district attorney. Except as otherwise provided, failure to notify pursuant to this section shall not be a reason to postpone a parole hearing. In the case of any inmate convicted of a class A felony the secretary of corrections shall give written notice of the time and place of the public comment session for such inmate at least one month preceding the public comment session to any victim of such inmate's crime or the victim's family pursuant to K.S.A. 74-7338 and amendments thereto. If notification is not given to such victim or such victim's family in the case of any inmate convicted of a class A felony, the board shall postpone a decision on parole of the inmate to a time at least 30 days after notification is given as provided in this section. Nothing in this section shall create a cause of action against the state or an employee of the state acting within the scope of the employee's employment as a result of the failure to notify pursuant to this section. If granted parole, the inmate may be released on parole on the date specified by the board, but not earlier than the date the inmate is eligible for parole under subsections (a), (b) and (c). At each parole hearing and, if parole is not granted, at such intervals thereafter as it determines appropriate, the Kansas parole board shall consider: (1) Whether the inmate has satisfactorily completed the programs required by any agreement entered under K.S.A. 75-5210a and amendments thereto, or any revision of such agreement; and (2) all pertinent information regarding such inmate, including, but not limited to, the circumstances of the offense of the inmate; the presentence report; the previous social history and criminal record of the inmate; the conduct, employment, and attitude of the inmate in prison; the reports of such physical and mental examinations as have been made; comments of the victim and the victim's family; comments of the public; official comments; and capacity of state correctional institutions.

(i) In those cases involving inmates sentenced for a crime committed after July 1, 1993, the parole board will review the inmates proposed release plan. The board may schedule a hearing if they desire. The board may impose any condition they deem necessary to insure public safety,

aid in the reintegration of the inmate into the community, or items not completed under the agreement entered into under K.S.A. 75-5210a and amendments thereto. The board may not advance or delay an inmate's release date. Every inmate while on postrelease supervision shall remain in the legal custody of the secretary of corrections and is subject to the orders of the secretary.

(j) Within a reasonable time after an inmate is committed to the custody of the secretary of corrections, a member of the Kansas parole board, or a designee of the board, shall hold an initial informational hearing with such inmate and other inmates.

(k) Before ordering the parole of any inmate, the Kansas parole board shall have the inmate appear before it and shall interview the inmate unless impractical because of the inmate's physical or mental condition or absence from the institution. Every inmate while on parole shall remain in the legal custody of the secretary of corrections and is subject to the orders of the secretary. Whenever the Kansas parole board formally considers placing an inmate on parole and no agreement has been entered into with the inmate under K.S.A. 75-5210a and amendments thereto, the board shall notify the inmate in writing of the reasons for not granting parole. If an agreement has been entered under K.S.A. 75-5210a and amendments thereto and the inmate has not satisfactorily completed the programs specified in the agreement, or any revision of such agreement, the board shall notify the inmate in writing of the specific programs the inmate must satisfactorily complete before parole will be granted. If parole is not granted only because of a failure to satisfactorily complete such programs, the board shall grant parole upon the secretary's certification that the inmate has successfully completed such programs. If an agreement has been entered under K.S.A. 75-5210a and amendments thereto and the secretary of corrections has reported to the board in writing that the inmate has satisfactorily completed the programs required by such agreement, or any revision thereof, the board shall not require further program participation. However, if the board determines that other pertinent information regarding the inmate warrants the inmate's not being released on parole, the board shall state in writing the reasons for not granting the parole. If parole is denied for an inmate sentenced for a crime other than a class A or class B felony, the board shall hold another parole hearing for the inmate not later than one year after the denial. If parole is denied for an inmate sentenced for a class A or class B felony, the board shall hold another parole hearing for the inmate not later than three years after the denial and shall conduct an annual file review for such inmate. Written notice of such annual file review shall be given to the inmate. The provisions of this subsection shall not be applicable to inmates sentenced for crimes committed on or after July 1, 1993.

(l) Parolees and persons on postrelease supervision shall be assigned, upon release, to the appropriate level of supervision pursuant to the criteria established by the secretary of corrections.

(m) The Kansas parole board shall adopt rules and regulations in accordance with K.S.A. 77-415 *et seq.*, and amendments thereto, not inconsistent with the law and as it may deem proper or necessary, with respect to the conduct of parole hearings, postrelease supervision reviews, revocation hearings, orders of restitution and other conditions to be imposed upon parolees or releasees. Whenever an order for parole or postrelease supervision is issued it shall recite the conditions thereof.

(n) Whenever the Kansas parole board orders the parole of an inmate or establishes conditions for an inmate placed on postrelease supervision, the board:

(1) Unless it finds compelling circumstances which would render a plan of payment unworkable, shall order as a condition of parole or postrelease supervision that the parolee or the person on postrelease supervision pay any transportation expenses resulting from returning the parolee or the person on postrelease supervision to this state to answer criminal charges or a warrant for a violation of a condition of probation, assignment to a community correctional services program, parole, conditional release or postrelease supervision;

(2) to the extent practicable, shall order as a condition of parole or postrelease supervision that the parolee or the person on postrelease supervision make progress towards or successfully complete the equivalent of a secondary education if the inmate has not previously completed such educational equivalent and is capable of doing so; and

(3) may order that the parolee or person on postrelease supervision perform community or public service work for local governmental agen-

(continued)

cies, private corporations organized not-for-profit or charitable or social service organizations performing services for the community.

(o) If the court which sentenced an inmate specified at the time of sentencing the amount and the recipient of any restitution ordered as a condition of parole or postrelease supervision, the Kansas parole board shall order as a condition of parole or postrelease supervision that the inmate pay restitution in the amount and manner provided in the journal entry unless the board finds compelling circumstances which would render a plan of restitution unworkable. If the parolee was sentenced before July 1, 1986, and the court did not specify at the time of sentencing the amount and the recipient of any restitution ordered as a condition of parole, the parole board shall order as a condition of parole that the parolee make restitution for the damage or loss caused by the parolee's crime in an amount and manner determined by the board unless the board finds compelling circumstances which would render a plan of restitution unworkable. If the parolee was sentenced on or after July 1, 1986, and the court did not specify at the time of sentencing the amount and the recipient of any restitution ordered as a condition of parole or postrelease supervision, the parole board shall not order restitution as a condition of parole or postrelease supervision unless the board finds compelling circumstances which justify such an order.

(p) Whenever the Kansas parole board grants the parole of an inmate, the board, within 10 days of the date of the decision to grant parole, shall give written notice of the decision to the county or district attorney of the county where the inmate was sentenced.

(q) When an inmate is to be released on postrelease supervision, the secretary, within 30 days prior to release, shall provide the county or district attorney of the county where the inmate was sentenced written notice of the release date.

(r) Inmates shall be released on postrelease supervision upon the termination of the prison portion of their sentence. Time served while on postrelease supervision will vest.

(s) An inmate who is allocated regular good time credits as provided in K.S.A. 22-3725 and amendments thereto may receive meritorious good time credits in increments of not more than 90 days per meritorious act. These credits may be awarded by the secretary of corrections when an inmate has acted in a heroic or outstanding manner in coming to the assistance of another person in a life threatening situation, preventing injury or death to a person, preventing the destruction of property or taking actions which result in a financial savings to the state.

Sec. 5. K.S.A. 1994 Supp. 75-5217 is hereby amended to read as follows: 75-5217. (a) At any time during release on parole, conditional release or postrelease supervision, the secretary of corrections may issue a warrant for the arrest of a released inmate for violation of any of the conditions of release, or a notice to appear to answer to a charge of violation. Such notice shall be served personally upon the released inmate. The warrant shall authorize any law enforcement officer to arrest and deliver the released inmate to a place as provided by subsection (e) (f). Any parole officer may arrest such released inmate without a warrant, or may deputize any other officer with power of arrest to do so by giving such officer a written arrest and detain order setting forth that the released inmate has, in the judgment of the parole officer, violated the conditions of the inmate's release. The written arrest and detain order delivered with the released inmate by the arresting officer to the official in charge of the institution or place to which the released inmate is brought for detention shall be sufficient warrant for detaining the inmate. After making an arrest the parole officer shall present to the detaining authorities a similar arrest and detain order and statement of the circumstances of violation. Pending hearing, as hereinafter provided, upon any charge of violation the released inmate shall remain incarcerated in the institution or place to which the inmate is taken for detention.

(b) Upon such arrest and detention, the parole officer shall notify the secretary of corrections, or the secretary's designee, within five days and shall submit in writing a report showing in what manner the released inmate had violated the conditions of release. After such notification is given to the secretary of corrections, or upon an arrest by warrant as herein provided, and the finding of probable cause pursuant to procedures established by the secretary of a violation of the released inmate's conditions of release, the secretary shall cause the released inmate to be brought before the Kansas parole board, its designee or designees, for a hearing on the violation charged, under such rules and regulations as the board may adopt. Relevant written statements made under oath shall be admitted and considered by the Kansas parole board, its designee or des-

ignees, along with other evidence presented at the hearing. If the violation is established to the satisfaction of the Kansas parole board, the board may continue or revoke the parole or conditional release, or enter such other order as the board may see fit. Revocations of release of inmates who are on a specified period of postrelease supervision for a crime committed on or after July 1, 1993, shall not exceed a 90-day shall be for a 180-day period of confinement from the date of the revocation hearing before the board, if the violation does not result from a conviction for a new felony or misdemeanor. Such period of confinement may be reduced by not more than 90 days based on the inmate's conduct, work and program participating during the incarceration period. The reduction in the incarceration period shall be on an earned basis pursuant to rules and regulations adopted by the secretary of corrections.

(c) If the violation does result from a conviction for a new felony or misdemeanor, upon revocation the inmate shall serve the entire remaining balance of the period of postrelease supervision even if the new conviction did not result in the imposition of a new term of imprisonment.

(e) (d) In the event the released inmate reaches conditional release date as provided by K.S.A. 22-3718 and amendments thereto after a finding of probable cause, pursuant to procedures established by the secretary of corrections of a violation of the released inmate's conditions of release, but prior to a hearing before the Kansas parole board, the secretary of corrections shall be authorized to detain the inmate until the hearing by the Kansas parole board. The secretary shall then enforce the order issued by the Kansas parole board.

(e) (e) If the secretary of corrections issues a warrant for the arrest of a released inmate for violation of any of the conditions of release and the released inmate is subsequently arrested in the state of Kansas, either pursuant to the warrant issued by the secretary of corrections or for any other reason, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the secretary's warrant to the date of the released inmate's arrest.

If a released inmate for whom a warrant has been issued by the secretary of corrections for violation of the conditions of release is subsequently arrested in another state, and the released inmate has been authorized as a condition of such inmate's release to reside in or travel to the state in which the released inmate was arrested, and the released inmate has not absconded from supervision, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the warrant to the date of the released inmate's arrest. If the released inmate for whom a warrant has been issued by the secretary of corrections for violation of the conditions of release is subsequently arrested in another state for reasons other than the secretary's warrant and the released inmate does not have authorization to be in the other state or if authorized to be in the other state has been charged by the secretary with having absconded from supervision, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the warrant by the secretary to the date the released inmate is first available to be returned to the state of Kansas. If the released inmate for whom a warrant has been issued by the secretary of corrections for violation of a condition of release is subsequently arrested in another state pursuant only to the secretary's warrant, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the secretary's warrant to the date of the released inmate's arrest, regardless of whether the released inmate's presence in the other state was authorized or the released inmate had absconded from supervision.

The secretary may issue a warrant for the arrest of a released inmate for violation of any of the conditions of release and may direct that all reasonable means to serve the warrant and detain such released inmate be employed including but not limited to notifying the federal bureau of investigation of such violation and issuance of warrant and requesting from the federal bureau of investigation any pertinent information it may possess concerning the whereabouts of the released inmate.

(e) (f) Law enforcement officers shall execute warrants issued by the secretary of corrections pursuant to subsection (a) or (d), and shall deliver the inmate named therein to the jail used by the county where the inmate is arrested unless some other place is designated by the secretary, in the same manner as for the execution of any arrest warrant.

Sec. 6. K.S.A. 1994 Supp. 21-4603d, 21-4706, 21-4722, 22-3717 and 75-5217 are hereby repealed.

Sec. 7. This act shall take effect and be in force from and after its publication in the Kansas register.

(Published in the Kansas Register April 20, 1995.)

AN ACT concerning school district finance; providing for assignment of correlation weighting to enrollment of certain districts; increasing base state aid per pupil; affecting purposes for maintenance of contingency reserve funds and increasing amounts authorized to be maintained in such funds; revising the definition of state prescribed percentage for the purposes of local option budgets; relating to the ad valorem tax levy authority of certain districts for operation of new school facilities; making special provisions for certain districts; amending K.S.A. 72-6412 and K.S.A. 1994 Supp. 72-6407, 72-6410, 72-6426, 72-6433, 72-6441 and 72-8187 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. On July 1, 1995, K.S.A. 1994 Supp. 72-6407 shall be and is hereby amended to read as follows: 72-6407. (a) "Pupil" means any person who is regularly enrolled in a district and attending kindergarten or any of the grades one through 12 maintained by the district or who is regularly enrolled in a district and attending kindergarten or any of the grades one through 12 in another district in accordance with an agreement entered into under authority of K.S.A. 72-8233, and amendments thereto, or who is regularly enrolled in a district and attending special education services provided for preschool-aged exceptional children by the district. Except as otherwise provided in this subsection, a pupil in attendance full time shall be counted as one pupil. A pupil in attendance part time shall be counted as that proportion of one pupil (to the nearest $\frac{1}{10}$) that the pupil's attendance bears to full-time attendance. A pupil attending kindergarten shall be counted as $\frac{1}{2}$ pupil. A pupil enrolled in and attending an institution of postsecondary education which is authorized under the laws of this state to award academic degrees shall be counted as one pupil if the pupil's postsecondary education enrollment and attendance together with the pupil's attendance in either of the grades 11 or 12 is at least $\frac{3}{4}$ time, otherwise the pupil shall be counted as that proportion of one pupil (to the nearest $\frac{1}{10}$) that the total time of the pupil's postsecondary education attendance and attendance in grade 11 or 12, as applicable, bears to full-time attendance. A pupil enrolled in and attending an area vocational school, area vocational-technical school or approved vocational education program shall be counted as one pupil if the pupil's vocational education enrollment and attendance together with the pupil's attendance in any of grades nine through 12 is at least $\frac{3}{4}$ time, otherwise the pupil shall be counted as that proportion of one pupil (to the nearest $\frac{1}{10}$) that the total time of the pupil's vocational education attendance and attendance in any of grades nine through 12 bears to full-time attendance. A pupil enrolled in a district and attending special education services, except special education services for preschool-aged exceptional children, provided for by the district shall be counted as one pupil. A pupil enrolled in a district and attending special education services for preschool-aged exceptional children provided for by the district shall be counted as $\frac{1}{2}$ pupil. A pupil in the custody of the secretary of social and rehabilitation services and enrolled in unified school district No. 259, Sedgwick county, Kansas, but housed, maintained, and receiving educational services at the Judge James V. Riddel Boys Ranch, shall be counted as two pupils. A pupil residing at the Flint Hills job corps center shall not be counted. A pupil confined in and receiving educational services provided for by a district at a juvenile detention facility shall not be counted. A pupil enrolled in a district but housed, maintained, and receiving educational services at a state institution shall not be counted.

(b) "Preschool-aged exceptional children" means exceptional children, except gifted children, who have attained the age of three years but are under the age of eligibility for attendance at kindergarten.

(c) "At-risk pupils" means pupils who are eligible for free meals under the national school lunch act and for whom a district maintains an approved at-risk pupil assistance plan.

(d) "Enrollment" means, for districts scheduling the school days or school hours of the school term on a trimestral or quarterly basis, the number of pupils regularly enrolled in the district on September 20 plus the number of pupils regularly enrolled in the district on February 20 less the number of pupils regularly enrolled on February 20 who were counted in the enrollment of the district on September 20; and for districts not hereinbefore specified, the number of pupils regularly enrolled in the district on September 20. Notwithstanding the foregoing, if enrollment in a district in any school year has decreased from enrollment in the preceding school year, enrollment of the district in the current school year may be computed by adding one-half the number of pupils by which enrollment in the current school year has decreased from enrollment in the preceding school year to enrollment in the current school year, except that such computation shall not be applied to decreases in

enrollment in the current school year that are in excess of 4% of enrollment in the preceding school year.

(e) "Adjusted enrollment" means enrollment adjusted by adding at-risk pupil weighting, program weighting, low enrollment weighting, if any, correlation weighting, if any, school facilities weighting, if any, and transportation weighting to enrollment.

(f) "At-risk pupil weighting" means an addend component assigned to enrollment of districts on the basis of enrollment of at-risk pupils.

(g) "Program weighting" means an addend component assigned to enrollment of districts on the basis of pupil attendance in educational programs which differ in cost from regular educational programs.

(h) "Low enrollment weighting" means an addend component assigned to enrollment of districts having under 1,900 enrollment on the basis of costs attributable to maintenance of educational programs by such districts in comparison with costs attributable to maintenance of educational programs by districts having 1,900 and over enrollment.

(i) "Low enrollment weighting" means, for any school year in which the provisions of section 7 are operational, an addend component assigned to enrollment of districts having 1,800-1,899 or under enrollment on the basis of costs attributable to maintenance of educational programs by such districts in comparison with costs attributable to maintenance of educational programs by districts having 1,800-1,899 or over enrollment, for the school year in which the provisions of section 8 become operational and each school year thereafter, an addend component assigned to enrollment of districts having under 1,800 enrollment on the basis of costs attributable to maintenance of educational programs by such districts in comparison with costs attributable to maintenance of educational programs by districts having 1,800 or over enrollment.

(j) "School facilities weighting" means an addend component assigned to enrollment of districts on the basis of costs attributable to commencing operation of new school facilities. School facilities weighting may be assigned to enrollment of a district only if the district has adopted a local option budget and budgeted therein the total amount authorized for the school year. School facilities weighting may be assigned to enrollment of the district only in the school year in which operation of a new school facility is commenced and in the next succeeding school year.

(k) "Transportation weighting" means an addend component assigned to enrollment of districts on the basis of costs attributable to the provision or furnishing of transportation.

(l) "Correlation weighting" means, for any school year in which the provisions of section 7 are operational, an addend component assigned to enrollment of districts having 1,800-1,899 or over enrollment on the basis of costs attributable to maintenance of educational programs by such districts as a correlate to low enrollment weighting assigned to enrollment of districts having 1,800-1,899 or under enrollment, for the school year in which the provisions of section 8 become operational and each school year thereafter, an addend component assigned to enrollment of districts having 1,800 or over enrollment on the basis of costs attributable to maintenance of educational programs by such districts as a correlate to low enrollment weighting assigned to enrollment of districts having under 1,800 enrollment.

Sec. 2. On July 1, 1995, K.S.A. 1994 Supp. 72-6410 shall be and is hereby amended to read as follows: 72-6410. (a) "State financial aid" means: for the 1992-93 school year, formula state financial aid or transitional state financial aid, whichever is the lesser amount; and for the 1993-94 school year and each school year thereafter, an amount equal to the product obtained by multiplying base state aid per pupil by the adjusted enrollment of a district.

(b) (1) "Formula state financial aid" means an amount equal to the product obtained by multiplying base state aid per pupil by the adjusted enrollment of a district.

(2) The provisions of this subsection shall expire on June 30, 1993.

(c) (1) "Transitional state financial aid" means an amount computed for a district by the state board as follows: (A) Determine the sum of the amount of the legally adopted budget of operating expenses of the district in the 1991-92 school year and the amount of the state transportation aid, bilingual education aid and vocational education aid received by the district in the 1991-92 school year and the proceeds from the tax levied under K.S.A. 72-7072 in the 1991-92 school year if such tax was levied; (B) determine enrollment of the district in the 1991-92 school year; (C) determine enrollment of the district in the 1992-93 school year; (D) if enrollment in the 1992-93 school year is greater than enrollment in the

(continued)

1991-92 school year, divide the difference by enrollment in the 1991-92 school year and add the quotient obtained to 110%; (E) if enrollment in the 1992-93 school year is greater than enrollment in the 1991-92 school year, multiply the amount determined under (A) by the sum obtained under (D) and if enrollment in the 1992-93 school year is equal to or less than enrollment in the 1991-92 school year, multiply the amount determined under (A) by 110%. The product is transitional state financial aid.

(2) The provisions of this subsection shall expire on June 30, 1993.

(d) (b) "Base state aid per pupil" means an amount of state financial aid per pupil. Subject to the other provisions of this subsection, the amount of base state aid per pupil is \$3,600. The amount of base state aid per pupil is subject to reduction commensurate with any reduction under K.S.A. 1994 Supp. 75-6704, and amendments thereto, in the amount of the appropriation from the state general fund for general state aid. If the amount of appropriations for general state aid is insufficient to pay in full the amount each district is entitled to receive for any school year, the amount of base state aid per pupil for such school year is subject to reduction commensurate with the amount of the insufficiency.

(e) (c) "Local effort" means the sum of an amount equal to the proceeds from the tax levied under authority of K.S.A. 72-6431, and amendments thereto, and an amount equal to any unexpended and unencumbered balance remaining in the general fund of the district, except amounts received by the district and authorized to be expended for the purposes specified in K.S.A. 72-6430, and amendments thereto, and an amount equal to the amount deposited in the general fund of the district, except any amount in the program weighted funds of the district, except any amount in the vocational education fund of the district if the district is operating an area vocational school, and an amount equal to any remaining proceeds from taxes levied under authority of K.S.A. 72-7056 and 72-7072, and amendments thereto, prior to the repeal of such statutory sections, and an amount equal to the amount deposited in the general fund in the current school year from amounts received in such year by the district under the provisions of subsection (a) of K.S.A. 72-1046a, and amendments thereto, and an amount equal to the amount deposited in the general fund in the current school year from amounts received in such year by the district pursuant to contracts made and entered into under authority of K.S.A. 72-6757, and amendments thereto, and an amount equal to the amount credited to the general fund in the current school year from amounts distributed in such year to the district under the provisions of articles 17 and 34 of chapter 12 of Kansas Statutes Annotated and under the provisions of articles 42 and 51 of chapter 79 of Kansas Statutes Annotated, and an amount equal to the federal impact aid of a district.

(f) (d) "Federal impact aid" means an amount equal to the federally qualified percentage of the amount of moneys a district receives in the current school year under the provisions of title I of public law 874 and congressional appropriations therefor, excluding amounts received for assistance in cases of major disaster and amounts received under the lowrent housing program. The amount of federal impact aid defined herein as an amount equal to the federally qualified percentage of the amount of moneys provided for the district under title I of public law 874 shall be determined by the state board in accordance with terms and conditions imposed under the provisions of the public law and rules and regulations thereunder.

New Sec. 3. (a) For any school year in which the provisions of section 7 are operational, the state board shall determine the districts having 1,800-1,899 or under enrollment that are entitled to assignment of low enrollment weighting and shall determine the low enrollment weighting of each such district as follows:

- (1) Determine the amount of the median budget per pupil for the 1991-92 school year of districts with 75-125 enrollment in such school year;
- (2) determine the amount of the median budget per pupil for the 1991-92 school year of districts with 200-399 enrollment in such school year;
- (3) determine the amount of the median budget per pupil for the 1991-92 school year of districts with 1,900 or over enrollment;
- (4) prescribe a schedule amount for each of the districts by preparing a schedule based upon an accepted mathematical formula and derived from a linear transition between (A) the median budgets per pupil determined under (1) and (2), and (B) the median budgets per pupil determined under (2) and (3). The schedule amount for districts with 0-99 enrollment is an amount equal to the amount of the median budget per pupil determined under (1). The schedule amount for districts with 100-

299 enrollment is the amount derived from the linear transition under (A). The schedule amount for districts with 300-1,899 enrollment is the amount derived from the linear transition under (B);

(5) for districts with 0-99 enrollment:

(A) Subtract the amount determined under (3) from the amount determined under (1);

(B) divide the remainder obtained under (A) by the amount determined (3);

(C) multiply the quotient obtained under (B) by the enrollment of the district in the current school year. The product is the low enrollment weighting of the district;

(6) for districts with 100-299 enrollment:

(A) Subtract the amount determined under (3) from the schedule amount of the district;

(B) divide the remainder obtained under (A) by the amount determined under (3);

(C) multiply the quotient obtained under (B) by the enrollment of the district in the current school year. The product is the low enrollment weighting of the district;

(7) for districts with 300 enrollment to districts within the 1,800-1,899 enrollment interval that are determined to be entitled to assignment of low enrollment weighting:

(A) Subtract the amount determined under (3) from the schedule amount of the district;

(B) divide the remainder obtained under (A) by the amount determined under (3);

(C) multiply the quotient obtained under (B) by the enrollment of the district in the current school year. The product is the low enrollment weighting of the district.

(b) For the purpose of determining the districts within the 1,800-1,899 enrollment interval that are entitled to assignment of low enrollment weighting, the state board shall determine the lowest enrollment district that is entitled to assignment of correlation weighting and subtract one. Districts with enrollment equal to or under the remainder are entitled to assignment of low enrollment weighting.

(c) The provisions of this section shall take effect on July 1, 1995, and shall be in force until the provisions of section 8 become operational.

Sec. 4. On July 1, 1995, K.S.A. 72-6412 shall be and is hereby amended to read as follows: 72-6412. For the school year in which the provisions of section 8 become operational and each school year thereafter, the low enrollment weighting of each district with under 1,900 1,800 enrollment shall be determined by the state board as follows:

(a) Determine the amount of the median budget per pupil for the 1991-92 school year of districts with 75-125 enrollment in such school year;

(b) determine the amount of the median budget per pupil for the 1991-92 school year of districts with 200-399 enrollment in such school year;

(c) determine the amount of the median budget per pupil for the 1991-92 school year of districts with 1,900 and or over enrollment;

(d) prescribe a schedule amount for each of the districts by preparing a schedule based upon an accepted mathematical formula and derived from a linear transition between (1) the median budgets per pupil determined under (a) and (b), and (2) the median budgets per pupil determined under (b) and (c). The schedule amount for districts with 0-99 enrollment is an amount equal to the amount of the median budget per pupil determined under (a). The schedule amount for districts with 100-299 enrollment is the amount derived from the linear transition under (1). The schedule amount for districts with 300-1,899 enrollment is the amount derived from the linear transition under (2);

(e) for districts with 0-99 enrollment:

(1) Subtract the amount determined under (c) from the amount determined under (a);

(2) divide the remainder obtained under (1) by the amount determined under (c);

(3) multiply the quotient obtained under (2) by the enrollment of the district in the current school year. The product is the low enrollment weighting of the district;

(f) for districts with 100-299 enrollment:

(1) Subtract the amount determined under (c) from the schedule amount of the district;

(2) divide the remainder obtained under (1) by the amount determined under (c);

- (3) multiply the quotient obtained under (2) by the enrollment of the district in the current school year. The product is the low enrollment weighting of the district;
- (g) for districts with 300-1,899 300-1,799 enrollment:
- (1) Subtract the amount determined under (c) from the schedule amount of the district;
- (2) divide the remainder obtained under (1) by the amount determined under (c);
- (3) multiply the quotient obtained under (2) by the enrollment of the district in the current school year. The product is the low enrollment weighting of the district.
- (h) ~~The provisions of this section shall take effect and be in force from and after July 1, 1992.~~

Sec. 5. On July 1, 1995, K.S.A. 1994 Supp. 72-6426 shall be and is hereby amended to read as follows: 72-6426. (a) There is hereby established in every district a fund which shall be called the contingency reserve fund, which fund shall consist of all moneys deposited therein or transferred thereto according to law. The fund shall be maintained for payment of expenses of a district attributable to financial emergencies or contingencies which could not have been reasonably foreseen were not anticipated at the time of adoption of the general fund budget. Except as otherwise provided in subsection (b), at no time in any school year shall the amount maintained in the fund exceed an amount equal to 2% 4% of the general fund budget of the district for the school year.

(b) In any school year, if the amount in the contingency reserve fund of a district is in excess of the amount authorized under subsection (a) to be maintained in the fund, and if such excess amount is the result of a reduction in the general fund budget of the district for the school year because of a decrease in enrollment, the district may maintain the excess amount in the fund until depletion of such excess amount by expenditure from the fund for the purposes thereof.

Sec. 6. On July 1, 1995, K.S.A. 1994 Supp. 72-6433 shall be and is hereby amended to read as follows: 72-6433. (a) (1) The board of any district may adopt a local option budget in each school year, commencing with the 1993-94 school year, for a period of time not to exceed four school years in an amount not to exceed the state prescribed percentage of the amount of state financial aid determined for the district in the school year if the board of the district determines that adoption of such a budget would be in the best interests of the district. No district may adopt a local option budget under authority of this subsection until a resolution authorizing adoption of such a budget is passed by the board and published once in a newspaper having general circulation in the district. The resolution shall be published in substantial compliance with the following form:

Unified School District No. _____ County, Kansas.

RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to adopt a local option budget in each school year for a period of time not to exceed _____ years in an amount not to exceed _____% of the amount of state financial aid determined for the current school year. The percentage specified in this resolution may be reduced if the state prescribed percentage is reduced by operation of state law. The local option budget authorized by this resolution may be adopted, unless a petition in opposition to the same, signed by not less than 5% of the qualified electors of the school district, is filed with the county election officer of the home county of the school district within 30 days after publication of this resolution. In the event a petition is filed, the county election officer shall submit the question of whether adoption of the local option budget shall be authorized to the electors of the school district at an election called for the purpose or at the next general election, as is specified by the board of education of the school district.

CERTIFICATE

This is to certify that the above resolution was duly adopted by the board of education of Unified School District No. _____ County, Kansas, on the _____ day of _____, 19____.

Clerk of the board of education.

All of the blanks in the resolution shall be appropriately filled. The blank preceding the word "years" shall be filled with a specific number, not to exceed the number 4, and the blank preceding the percentage symbol shall be filled with a specific number. No word shall be inserted in either of the blanks. The percentage specified in the resolution shall not exceed the state prescribed percentage. The resolution shall be published once in a newspaper having general circulation in the school district. If no petition as specified above is filed in accordance with the provisions of the resolution, the board may adopt a local option budget. If a petition is filed as provided in the resolution, the board may notify the county election officer of the date of an election to be held to submit

the question of whether adoption of a local option budget shall be authorized. If the board fails to notify the county election officer within 30 days after a petition is filed, the resolution shall be deemed abandoned and no like resolution shall be adopted by the board within the nine months following publication of the resolution.

(2) If any district is authorized to adopt a local option budget, but the board of such district chooses, in any year, not to adopt such a budget, or chooses to adopt such budget in an amount less than the amount of the district prescribed percentage of the amount of state financial aid in any school year, such board of education may do so. If the board of any district refrains from adopting a local option budget in any one or more school years or refrains from budgeting the total amount authorized for any one or more school years, the authority of such district to adopt a local option budget shall not thereby be extended beyond the original period specified in the resolution authorizing adoption of such budget, nor shall the amount authorized to be budgeted in any succeeding school year be increased thereby.

(3) Whenever an initial resolution has been adopted under this subsection, and such resolution specified a lesser percentage than the state prescribed percentage, the board of the district may adopt a second resolution under the same procedure as provided for the initial resolution and subject to the same conditions, and shall be authorized to increase the percentage as specified in such second resolution for the remainder of the period of time specified in the initial resolution. Any percentage specified in a second resolution shall be limited so that the sum of the percentage authorized in the initial resolution and the percentage authorized in the second resolution is not in excess of the state prescribed percentage in any school year.

(4) The board of any district that has adopted a local option budget and levied a tax under authority of K.S.A. 72-6435, and amendments thereto, may initiate, at any time after the final levy is certified to the county clerk under any current authorization, procedures to renew its authority to adopt a local option budget subject to the conditions and in the manner specified in provision (1) of this subsection and, at four-year intervals thereafter, may in like manner and subject to like conditions renew such authorization for successive four-year periods.

(5) As used in this subsection:

(A) "Authorized to adopt a local option budget" means that a district has adopted a resolution under this subsection, has published the same, and either that the resolution was not protested or that it was protested and an election was held by which the adoption of a local option budget was approved.

(B) "District prescribed percentage" means the percentage specified in a resolution under which a district is authorized to adopt a local option budget. No such percentage shall exceed the state prescribed percentage and is subject to reduction by operation of state law.

(C) "State prescribed percentage" means 25%. If the amount of base state aid per pupil is increased by act of the legislature, the state prescribed percentage shall be reduced by a number of percentage points equal to the number of percentage points by which the amount of base state aid per pupil is increased.

(b) There is hereby established in every district that adopts a local option budget a fund which shall be called the supplemental general fund. The fund shall consist of all amounts deposited therein or credited thereto according to law. Amounts in the supplemental general fund may be expended for any purpose for which expenditures from the general fund are authorized or may be transferred to the general fund of the district or to any program weighted fund or categorical fund of the district. Any unexpended and unencumbered cash balance remaining in the supplemental general fund of a district at the conclusion of any school year in which a local option budget is adopted shall be disposed of as provided in this subsection. If the district did not receive supplemental general state aid in the school year and the district is authorized to adopt a local option budget in the ensuing school year, the total amount of the cash balance remaining in the supplemental general fund shall be maintained in such fund or transferred to the general fund of the district. If such a district is not authorized to adopt a local option budget in the ensuing school year, the total amount of the cash balance remaining in the supplemental general fund shall be transferred to the general fund of the district. If the district received supplemental general state aid in the school year, transferred or expended the entire amount budgeted in the local option budget for the school year, and is authorized to adopt a local option budget in the ensuing school year, the total amount of the cash

(continued)

balance remaining in the supplemental general fund shall be maintained in such fund or transferred to the general fund of the district. If such a district is not authorized to adopt a local option budget in the ensuing school year, the total amount of the cash balance remaining in the supplemental general fund shall be transferred to the general fund of the district. If the district received supplemental general state aid in the school year, did not transfer or expend the entire amount budgeted in the local option budget for the school year, and is not authorized to adopt a local option budget in the ensuing school year, the total amount of the cash balance remaining in the supplemental general fund shall be transferred to the general fund of the district. If the district received supplemental general state aid in the school year, did not transfer or expend the entire amount budgeted in the local option budget for the school year, and is authorized to adopt a local option budget in the ensuing school year, the state board shall determine the ratio of the amount of supplemental general state aid received to the amount of the local option budget of the district for the school year and multiply the total amount of the cash balance remaining in the supplemental general fund by such ratio. An amount equal to the amount of the product shall be transferred to the general fund of the district. The amount remaining in the supplemental general fund may be maintained in such fund or transferred to the general fund of the district.

New Sec. 7. (a) In any school year commencing after June 30, 1995, if the state board determines that the amount of appropriations for general state aid, inclusive of the amount determined necessary for total or incremental effectuation of this section, is sufficient to pay in full the amount each district is entitled to receive for the school year, the provisions of this section shall become operational, the state board shall determine the districts having 1,800-1,899 or over enrollment that are entitled to assignment of correlation weighting and shall determine the correlation weighting of each such district as follows:

(1) Determine the schedule amount as derived from the linear transition under (a)(4) of section 3 for the district with the lowest enrollment, within the 1,800-1,899 enrollment interval, that is determined to be entitled to assignment of correlation weighting and subtract the amount determined under (a)(3) of section 3 from the schedule amount so determined;

(2) divide the remainder obtained under (1) by the amount determined under (a)(3) of section 3 and multiply the quotient by the enrollment of each district entitled to assignment of correlation weighting in the current school year. The product is the correlation weighting of each such district.

(b) Total effectuation in the first school year in which the provisions of this section are operational means assignment of correlation weighting to enrollment of districts with 1,875 or over enrollment. Incremental effectuation in the first school year in which the provisions of this section are operational means assignment of correlation weighting to enrollment of districts with 1,875-1,899 or over enrollment as determined by the state board. The lowest enrollment district within the 1,875-1,899 enrollment interval that is entitled to assignment of correlation weighting shall be determined by the state board on the basis of and commensurate with the amount of appropriations available for effectuation of the provisions of this section. Total effectuation in school years subsequent to the first school year in which the provisions of this section are operational means assignment of correlation weighting to enrollment of districts with enrollment equal to or over the district with the lowest enrollment to which correlation weighting was assigned in the preceding school year minus 25. Incremental effectuation in school years subsequent to the first school year in which the provisions of this section are operational means assignment of correlation weighting to enrollment of districts with enrollment equal to or over the district with the lowest enrollment to which correlation weighting was assigned in the preceding school year minus a number to be determined by the state board on the basis of and commensurate with the amount of appropriations available for effectuation of the provisions of this section.

(c) The provisions of this section shall take effect on July 1, 1995, and shall be in force until the provisions of section 8 become operational.

New Sec. 8. (a) In any school year commencing after any school year in which the provisions of section 7 are operational, if the state board determines that the amount of appropriations for general state aid, inclusive of the amount determined necessary for effectuation of this section, is sufficient to pay in full the amount each district is entitled to receive for the school year, the provisions of this section shall become operational

and the correlation weighting of each district with 1,800 or over enrollment shall be determined by the state board as follows:

(1) Determine the schedule amount for a district with 1,800 enrollment as derived from the linear transition under (d) of K.S.A. 72-6412, and amendments thereto, and subtract the amount determined under (c) of K.S.A. 72-6412, and amendments thereto, from the schedule amount so determined;

(2) divide the remainder obtained under (1) by the amount determined under (c) of K.S.A. 72-6412, and amendments thereto, and multiply the quotient by the enrollment of the district in the current school year. The product is the correlation weighting of the district.

(b) The provisions of this section shall take effect and be in force from and after July 1, 1995.

Sec. 9. On July 1, 1995, K.S.A. 1994 Supp. 72-6441 shall be and is hereby amended to read as follows: 72-6441. (a) (1) The board of any district to which the provisions of this section subsection apply may levy an ad valorem tax on the taxable tangible property of the district each year for a period of time not to exceed two years in an amount not to exceed the amount authorized by the state board of tax appeals under this section subsection for the purpose of financing that portion of the costs attributable to commencing operation of one or more new school facilities which is not financed from any other source provided by law. The state board of tax appeals may authorize the district to make a levy which will produce an amount that is not greater than the difference between the amount of costs directly attributable to commencing operation of one or more new school facilities and the amount provided for such purpose under the school district finance and quality performance act. If the district is not eligible, or will be ineligible, for school facilities weighting in any one or more years during the two-year period for which the district is authorized to levy a tax under this section subsection, the state board of tax appeals may authorize the district to make a levy, in such year or years of ineligibility, which will produce an amount that is not greater than the actual amount of costs attributable to commencing operation of the facility or facilities.

(b) (2) The state board of tax appeals may adopt rules and regulations necessary to properly effectuate the provisions of this section subsection, including rules relating to the evidence required in support of a district's claim that the costs attributable to commencing operation of one or more new school facilities are in excess of the amount provided for such purpose under the school district finance and quality performance act.

(3) The provisions of this subsection apply to any district that (A) commenced operation of one or more new school facilities in the school year preceding the current school year or has commenced or will commence operation of one or more new school facilities in the current school year or any or all of the foregoing, and (B) is authorized to adopt and has adopted a local option budget in an amount equal to the state prescribed percentage of the amount of state financial aid determined for the district in the current school year, and (C) is experiencing extraordinary enrollment growth as determined by the state board of education.

(b) The board of any district that has levied an ad valorem tax on the taxable tangible property of the district each year for a period of two years under authority of subsection (a) for the purpose of financing a portion of the costs attributable to commencing operation of one or more new school facilities may continue to levy such a tax for such purpose under authority of this subsection each year for an additional period of time not to exceed three years in an amount not to exceed the amount computed by the state board of education as provided in this subsection if the board of the district determines that the costs attributable to commencing operation of such new school facility or facilities are significantly greater than the costs attributable to the operation of other school facilities in the district. The tax authorized under this subsection may be levied at a rate which will produce an amount that is not greater than the amount computed by the state board of education as provided in this subsection. In computing such amount, the state board shall (1) determine the amount produced by the tax levied by the district under authority of subsection (a) in the second year for which such tax was levied and add to such amount the amount of general state aid directly attributable to school facilities weighting that was received by the district in the same year, and (2) compute 75% of the amount of the sum obtained under (1), which computed amount is the amount the district may levy in the first year of the three-year period for which the district may levy a tax under authority of this subsection, and (3) compute 50% of the amount of the sum obtained under (1), which computed amount is the amount the district may levy in the second year of the three-year period for which the district may levy

a tax under authority of this subsection, and (4) compute 25% of the amount of the sum obtained under (1), which computed amount is the amount the district may levy in the third year of the three-year period for which the district may levy a tax under authority of this subsection.

(c) The proceeds from the tax levied by a district under authority of this section shall be deposited in the supplemental general fund of the district, budgeted in the local option budget of the district as an addition to the amount of such budget adopted under authority of and in accordance with the provisions of K.S.A. 72-6433, and amendments thereto, and used exclusively to supplement amounts expended from the general fund of the district for payment of the costs attributable to commencing operation of new school facilities.

(d) The provisions of this section apply to any district that (1) commenced operation of one or more new school facilities in the school year preceding the current school year or has commenced or will commence operation of one or more new school facilities in the current school year or any or all of the foregoing, and (2) is authorized to adopt and has adopted a local option budget in an amount equal to the state prescribed percentage of the amount of state financial aid determined for the district in the current school year, and (3) is experiencing extraordinary enrollment growth. A district shall be deemed to be experiencing extraordinary enrollment growth if enrollment in the district has increased in each of the three school years immediately preceding the current school year and if the average (mean) percentage of the sum of the percentage increases in enrollment for such school years is 7% or more.

New Sec. 10. (a) For the purposes of the school district finance and quality performance act in the 1995-96 school year, and notwithstanding any provision of the act to the contrary, the terms "enrollment" and "adjusted enrollment" shall be determined by the state board of education as provided in this subsection for the unified school districts to which the provisions of this section apply. If enrollment of a school district on September 20, 1995, is greater than enrollment of the district on September 20, 1994, enrollment of the district shall be as determined on September 20, 1995. If adjusted enrollment of a school district on September 20, 1995, is greater than adjusted enrollment of the district on September 20, 1994, adjusted enrollment of the district shall be as determined on September 20, 1995. If enrollment of a school district on September 20, 1994, is greater than enrollment of the district on September 20, 1995, the September 20, 1995 enrollment shall be subtracted from the September 20, 1994 enrollment, the difference shall be multiplied by 90%, the product shall be added to the September 20, 1995 enrollment, the sum shall be deemed enrollment of the district. If adjusted enrollment of a school district on September 20, 1994, is greater than adjusted enrollment of the district on September 20, 1995, the September 20, 1995 enrollment shall be subtracted from the September 20, 1994 enrollment, the difference shall be multiplied by 90%, the product shall be added to the September 20, 1995 enrollment, the sum shall be deemed adjusted enrollment of the district.

(b) The provisions of this section apply to:

- (2) U.S.D. No. 323, Pottawatomie county;

(c) The provisions of this section shall expire on July 1, 1996.

New Sec. 11. For the purposes of the school district finance and quality performance act, and notwithstanding any provision of the act to the contrary, the term local effort, as applied to U.S.D. No. 450, Shawnee county, shall not include within its meaning the proceeds from taxes which may be paid upon property of Heartland Park of Topeka for the 1988 through 1991 tax years. Any such tax proceeds which may be distributed to the school district as the result of a final and binding judicial decree may be deposited in the supplemental general fund of the district or may be disposed of as provided in K.S.A. 72-6427, and amendments thereto.

New Sec. 12. (a) For the purpose of determination of supplemental general state aid under K.S.A. 72-6434, and amendments thereto, and payments from the school district capital improvements fund under K.S.A. 1994 Supp. 75-2319, and amendments thereto, notwithstanding any provision of either such statutory section to the contrary, the term assessed valuation per pupil, as applied to unified school district No. 203, Wyandotte county, shall not include within its meaning the assessed valuation of property which is owned by Sunflower Racing, Inc. and operated as a racetrack facility known as the Woodlands. The meaning of assessed valuation per pupil as provided in this subsection, for the purposes specified in this subsection, and as applied to the unified school district designated in this subsection, shall be in force and effect for the 1994-95 and 1995-96 school years.

(b) (1) In the event unified school district No. 203, Wyandotte county, receives in any school year the proceeds from any taxes which may be paid upon the Woodlands for the 1994-95 school year or the 1995-96 school year or for both such school years, the state board of education shall deduct an amount equal to the amount of such tax proceeds from future payments of state aid to which the district is entitled.

(2) For the purposes of this subsection, the term "state aid" means supplemental general state aid and payments from the school district capital improvements fund.

Sec. 13. On July 1, 1995, K.S.A. 1994 Supp. 72-8187 shall be and is hereby amended to read as follows: 72-8187. (a) In each school year, commencing with the 1994-95 school year, to the extent that appropriations are available, each school district which has provided educational services for pupils residing at the Flint Hills job corps center or for pupils confined in a juvenile detention facility or at the Forbes juvenile attention facility is eligible to receive a grant of state moneys in an amount to be determined by the state board of education.

(b) In order to be eligible for a grant of state moneys provided for by this section, each school district which has provided educational services for pupils residing at the Flint Hills job corps center or for pupils confined in a juvenile detention facility or at the Forbes juvenile attention facility shall submit to the state board of education an application for a grant and shall certify the amount expended in the school year for the services provided. The application and certification shall be prepared in such form and manner as the state board shall require and shall be submitted at a time to be determined and specified by the state board. Approval by the state board of applications for grants of state moneys is prerequisite to the award of grants.

(c) Each school district which is awarded a grant under this section shall make such periodic and special reports of statistical and financial information to the state board as it may request.

(d) All moneys received by a school district under authority of this section shall be deposited in the general fund of the school district and shall be considered reimbursement of the district for the purpose of the school district finance and quality performance act.

(e) The state board of education shall approve applications of school districts for grants, determine the amount of grants and be responsible for payment of grants to school districts. In determining the amount of a grant which a school district is eligible to receive, the state board shall compute the amount of state financial aid the district would have received on the basis of enrollment of pupils residing at the Flint Hills job corps center or confined in a juvenile detention facility or at the Forbes juvenile attention facility if such pupils had been counted as two pupils under the school district finance and quality performance act and compare such computed amount to the amount certified by the district under subsection (b). The amount of the grant the district is eligible to receive shall be an amount equal to the lesser of the amount computed under this subsection or the amount certified under subsection (b). If the amount of appropriations for the payment of grants under this section is insufficient to pay in full the amount each school district is determined to be eligible to receive for the school year, the state board shall prorate the amount appropriated among all school districts which are eligible to receive grants of state moneys in proportion to the amount each school district is determined to be eligible to receive.

Sec. 14. On July 1, 1995, K.S.A. 72-6412 and K.S.A. 1994 Supp. 72-6407, 72-6410, 72-6426, 72-6433, 72-6441 and 72-8187 shall be and are hereby repealed.

Sec. 15. This act shall take effect and be in force from and after its publication in the Kansas register.
