Department on Aging

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 11 a.m. Friday, June 9, in the Kansas Department on Aging's conference room, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of proposed changes in existing rules and regulations of the Department on Aging.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Aging, Room 150-S, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. All interested parties will be given

a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Bill Cutler at (913) 296-4986.

Copies of the full text of the regulations and the economic impact statements may be obtained by contacting the Department on Aging.

The proposed amended regulations are proposed for adoption on a permanent basis and are intended to regulate service providers of the Senior Care Act Program authorized under K.S.A. 75-5928 et seq. These proposed amended regulations will result in a positive effect upon the service providers and the recipients of Senior Care Act (SCA) program services.

The Department on Aging does not have a less costly or intensive method for achieving the stated purpose of the regulations. The proposed changes and their anticipated economic impact are as follows:

K.A.R. 26-8-1. Two definitions are modified to reflect passage of 1995 Senate Bill 8. Addition of extra housing options under SCA's assisted living category should help delay entrance into more costly nursing facility settings. Several other definitions have been edited for clarity. Provision of assisted living is expected to save state Medicaid expenditures.

K.A.R. 26-8-4. The sliding fee scale of the Senior Care Act is adjusted on an annual basis to correspond with changes in the income cap for the SRS Income Eligible Homecare Program. Amendments adjust for the change in the 150 percent of poverty level. Some clients may experience savings if the change shifts them to a lower percentage of client obligation.

K.A.R. 26-8-8. This change provides that clients at a lower risk of institutionalization may be discharged to ensure service for those at greatest risk. This is expected to increase the cost effectiveness of the program.

Economic Impact: The most recent evaluation of the program as conducted annually by Kansas State University has shown a savings of \$1.39 in avoided state general fund Medicaid expenditures for each SGF dollar expended on the Senior Care Act. The \$2,035,450 approved for fiscal year 1996 is expected to save the state at least \$2,829,275 in Medicaid nursing facility expenditures.

The committee shall then prepare a written final recommendation regarding the appropriate status to be assigned to the teacher education institution, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner who shall submit the final recommendation to the state board for its consideration and determination of accreditation status according to subsection (h)(1) of this regulation.

(3) If a request for a hearing is not submitted within the time allowed under paragraph (1) of this subsection, the initial recommendation of the evaluation review committee shall become the final recommendation of the review committee. In any such situation, the commissioner shall submit the recommendation of the evaluation review committee to the state board for its consideration and determination of accreditation status according to subsection (h)(1) of this regulation.

(h) *Accreditation status.*

(1) The continuing accreditation status assigned to any teacher education institution pursuant to this regulation shall be continuing accreditation or probation.

(2) Subject to subsequent action by the state board, the assignment of continuing accreditation status to a teacher education institution shall be effective for five academic years. Any teacher education institution accredited by the state board shall submit an annual report to the commissioner on or before October 1 of each year. The state board, at any time, may change the accreditation status of a teacher education institution if, after providing an opportunity for a hearing, it is found that the institution has failed to meet substantially accreditation standards adopted by the state board or has made substantial changes to the unit. The state board, for just cause, may extend the accreditation status of an institution, and the accreditation status of an institution shall be extended automatically if, at the end of the current accreditation period, the institution is in the process of continuing accreditation by the state board.

(3) (A) If an institution is given probation status, a comprehensive on-site visit pursuant to state board regulation 91-1-68b shall be scheduled by the institution within two years of the semester in which the decision was rendered. After the visit, a decision whether to continue or revoke accreditation shall be made by the board.

(B) any teacher education institution with probation status shall include in its annual report to the commissioner the steps the institution has taken and the progress the institution has made during the previous academic year to meet the accreditation standards. The commissioner shall submit the annual report to the evaluation review committee for its examination and analysis.

(C) for licensure purposes, each teacher education institution with probation accreditation status shall be considered as being accredited. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 26, 1995.)

(b) This regulation shall take effect on July 1, 1997. (Authorized and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 1997.)

91-1-70b. (a) Until July 1, 1997, any teacher education institution may seek accreditation under the unit accreditation standards prescribed in S.B.R. 91-1-70 through S.B.R. 91-1-78, or may use the standards prescribed in S.B.R. 91-1-70a.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations. A copy of the full text of the regulations and the economic impact statements may be obtained at the Topeka office of the Department of Wildlife and Parks, (913) 296-2281.

The regulations to be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-2-1. Amount of fees. This permanent regulation is proposed for amendment. The regulation establishes fees for various issues of the department. Fee increases are proposed for the following items: resident hunting and fishing licenses, nonresident hunting and fishing licenses, five-day nonresident fishing license, and resident combination hunting and fishing license. A fee would be established for a special nonprofit group fishing license, and a new fee would be set for the nonresident mussel fishing license pursuant to action by the 1995 Legislature. The proposed fee increases would be effective January 1, 1996.

Economic Impact Summary: The fee increases would produce an estimated \$1,046,000 in additional revenue for the department. These increases would be borne by those individuals choosing to purchase those licenses. No impact on other state agencies or businesses would occur.

K.A.R. 115-2-2. Motor vehicle permit fees. This permanent regulation is proposed for amendment. The regulation establishes motor vehicle permit fees for state parks and fixes the effective period for the one-day vehicle permit. Fee increases are proposed for the following items: one-day permit, annual permit and additional vehicle permits. The proposed fee increases would be effective January 1, 1996.

Economic Impact Summary: The fee increases would produce an estimated \$517,600 in additional revenue for the department. These increases would be borne by those individuals choosing to purchase those permits. No impact on other state agencies would occur and any impact on business is expected to be insignificant.

K.A.R. 115-2-3. Other fees and charges. This permanent regulation is proposed for amendment. The regulation establishes fees for camping, utility use and other related activities on state parks. Fee increases are proposed for the annual camping permit; overnight camping

permit and utility charges would be dependent on the number of utilities used. A 14-day camping permit at \$50 would be created. The proposed fee increases would be effective January 1, 1996.

Economic Impact Summary: The fee increases would produce an estimated \$394,400 in additional revenue for the department. These increases would be borne by those individuals choosing to use state parks for camping. No impact on other state agencies would occur and any impact on business is expected to be insignificant.

K.A.R. 115-18-6. Vehicle permits; exemptions and special permits for state parks and other areas requiring motor vehicle permits. This is a proposed new regulation addressing a motor vehicle permit exemption for news media while reporting on newsworthy events and other efforts to inform and educate the public. The media pass would be issued by the department at no cost. The media pass would also suffice for members of the news media to attend department-approved special events.

Economic Impact Summary: Little, if any, economic impact is anticipated, as most affected individuals have not been required to purchase the motor vehicle permit for the above listed activities. No impact on other state agencies or businesses will occur.

K.A.R. 115-25-1. Game birds; open seasons, bag limits and possession limits. This exempt regulation establishes the hunting seasons, bag and possession limits, and open areas for prairie chicken, pheasant and quail. The proposed amendment would discontinue the early lesser prairie chicken hunting season for Morton, Clark and Pratt counties.

Economic Impact Summary: The economic impact would be insignificant.

K.A.R. 115-25-20. Sandhill crane; management unit, hunting season, shooting hours, bag and possession limit and permit validation. This exempt regulation establishes the 1995 sandhill crane hunting season. The 1995 recommendations are the same as the 1994 season with the exception of the area open for hunting, which is recommended to be increased to include most of southwest Kansas.

Economic Impact Summary: It is estimated that 600 sandhill crane hunting permits would be issued which would result in \$3,000 in revenue to the department. This represents a cost to those individuals wishing to hunt sandhill cranes. No economic impact would occur on other state agencies. Businesses which provide hunting related services or supplies would experience benefits.

K.A.R. 115-30-11. Certificate-of-number and registration; exemption. This is a proposed new regulation which would provide a numbering exemption for certain vessels designed and used exclusively for racing purposes. Such exemption would be valid only during an authorized water event.

Economic Impact Summary: The department would experience no economic impact from lost registration revenue, as every effort has been made to accommodate special racing events without imposing the charge. No impact on other state agencies will occur. Clarity and simplification will benefit event sponsors and participants and ultimately certain businesses and the public.

Year	Principal Amount
1996	\$ 9,000
1997	15,000
1998	15,000
1999	15,000
2000	15,000
2001	15,000
2002	15,000
2003	15,000
2004	15,000
2005	15,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on June 1 and December 1 in each year, beginning on June 1, 1996.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by *The Bond Buyer* in New York, New York, on the

Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Security for the Bonds

The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the city.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income, with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for an environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over

\$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds may also be excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, prepared, executed and registered, on or about June 7, 1995, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 3 p.m. C.D.T. on May 25, 1995. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 3 p.m. C.D.T. on May 25, 1995, a certificate acceptable to the city's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best

knowledge, information and belief of the successful bidder, and (2) 10 percent or more of the par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$2,880, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall, at the option of the city, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city, and the city reserves the right to pursue any consequential damages as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail, delivered in person or telefaxed as hereinbefore provided to the undersigned at City Hall and must be received by the undersigned prior to 2 p.m. C.D.T. on Wednesday, May 17, 1995.

Date and Delivery of Preliminary and Final Official Statement

The city has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds and the city. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

(continued)

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the city will provide without cost to the purchaser a reasonable number of printed copies of the final official statement. Further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds is awarded to a syndicate, the city will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The city will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the mayor

and the city clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1994 is \$3,835,667. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$1,437,000.
