**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 9 a.m. Tuesday, August 1, in the Old Supreme Courtroom, third floor, State Capitol, 300 S.W. 10th Ave., Topeka, to consider the adoption of proposed rules and regulations of the Department of Administration, Division of Accounts and Reports.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, 300 S.W. 10th Ave., Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days

in advance of the hearing by contacting Faith Loretto at (913) 296-6000 [TTY (913) 296-4798]. Handicapped parking is located on all sides of the Capitol and the entrances on the east and south sides are accessible.

Summaries of the proposed regulations and their economic impact follow:

K.A.R. 1-21-1, Definitions; K.A.R. 1-21-2, Participation; and K.A.R. 1-21-4, Limitations. These regulations relate to the requirements and procedures for the United States savings bond payroll deduction program offered to state employees. Proposed amendments to K.A.R. 1-21-1 are technical in nature, as an unnecessary definition is eliminated. Amendments to K.A.R. 1-21-2 are related to implementation of the Statewide Human Resources and Payroll System (SHARP). Amendments to K.A.R. 1-21-2 permit employees to establish multiple savings bond accounts, to purchase bonds in multiple denominations, and to designate multiple owners, co-owners or beneficiaries. In addition, limitations on the number of changes in savings bonds accounts in a given calendar year are eliminated. K.A.R. 1-21-4 is amended to reflect the change to biweekly payroll periods with respect to the minimum amounts which can be deducted for savings bonds. In addition, amendments expand the bond denominations available for purchase to include \$1,000, \$5,000 and \$10,000 bonds.

These amendments will provide greater flexibility and choice to state employees participating in the program. In this respect, the regulations will have an indeterminable positive economic impact on those state employees who choose to invest their funds in this manner. These changes use capabilities in the new SHARP payroll system. No additional costs to state agencies to implement these changes have been identified. There is no economic impact on the general public.

K.A.R. 1-24-1, Written authorization; K.A.R. 1-24-3, Minimum and maximum amounts to be deducted. These regulations, which relate to state employee payroll deductions for charitable contributions to the United Way, are amended to reflect changes in procedures and limitations resulting from implementation of the SHARP system. K.A.R. 1-24-1 is amended to change terminology by referring to authorization forms used by participating employees, and to eliminate an obsolete cut-off date for processing the authorization forms. K.A.R. 1-24-3 establishes minimum and maximum amounts which can be deducted in each payroll period. Amendments reflect the switch to biweekly pay periods, and provide for a minimum amount of \$2.50 per payroll period. These amendments are technical in nature, and are not anticipated to result in an identifiable economic impact on state agencies, state employees, the United Way or the general public.

A complete copy of the proposed regulations and their associated economic impact statements may be obtained from the Division of Accounts and Reports, Room 355-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (913) 296-2311.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, 300 S.W. 10th Ave., Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. Summaries of the proposed regulations and their economic impact follow:

Human Resource & Payroll Project (SHARP). Article 2 is the terminology definition article. These proposed regulation changes to Article 2 will allow for a better understanding of other proposed changes to Department of Administration regulations. State employees will not be affected by the changes to these revised regulations. There is no economic impact on state agencies as a result of the amendments to these regulations. Private citizens will not be affected by the amendments to these regulations.

K.A.R. 1-3-2, Reciprocal agreements with other public agencies; cooperation with other personnel agencies, has been revised to accommodate SHARP. The only changes are SHARP terminology changes replacing "examining" and "lists" with "assessment" and "pools." State employees will not be affected by the changes to this revised regulation. There would be no economic impact on state agencies as a result of the amendments to this regulation. Private citizens will not be affected by the amendment to this regulation.

K.A.R. 1-4-1, Preparation of classification plan, and K.A.R. 1-4-7, Position reallocation, have been revised to accommodate SHARP. The only changes to K.A.R. 1-4-1 are SHARP terminology changes replacing "qualifications" and "schedule of pay" with "required selection criteria" and "pay grade." The only changes to K.A.R. 1-4-7 are SHARP terminology changes replacing "salary" with "pay." State employees will not be affected by the change to these revised regulations. There would be no economic impact on state agencies as a result of the amendments to these regulations. Private citizens will not be affected by the amendment to these regulations.

K.A.R. 1-5-1, Preparation of the pay plan; K.A.R. 1-5-3, Installation of the new or revised pay plan; K.A.R. 1-5-4, Assignment of classes to pay grades; K.A.R. 1-5-6, Prohibition of salary changes; K.A.R. 1-5-8, Beginning pay; K.A.R. 1-5-9, Pay of temporary employee; K.A.R. 1-5-10, Pay of employee reinstated or reemployed; K.A.R. 1-5-11, Pay of employee returned from military leave; K.A.R. 1-5-12, Pay of employee hired to classified service from unclassified service; K.A.R. 1-5-14, Pay of employee upon transfer; K.A.R. 1-5-15, Pay of employee upon demotion; K.A.R. 1-5-16, Pay of employee in position reallocated to a lower class; K.A.R. 1-5-19b, Individual pay step increases; K.A.R. 1-5-19c, Effect of pay grade changes on pay; K.A.R. 1-5-20, Individual pay decreases; K.A.R. 1-5-28, Shift differential; and K.A.R. 1-5-29, Longevity bonus pay, are being revised to accommodate SHARP terminology changes. State employees will not be affected by the changes to these revised regulations. There would be no economic impact on state agencies as a result of the terminology amendments to these regulations.

K.A.R. 1-5-5, Employees to be paid within range; part-time employees, is being revoked because there will no longer be a need in SHARP to figure part-time employees' pay when they work less than their regular scheduled hours. All part-time employees in SHARP will be non-exempt under the Fair Labor Standards Act (FLSA) and be paid an hourly rate. State employees will not be affected by the changes to this revised regulation. There is no economic impact based on this change.

K.A.R. 1-5-7, Recommendation and approval of employee pay changes; effective date; retroactive increases, is being revised to accommodate pay changes being effective when the employee completes the time-on-step requirements instead of the first day of a payroll period. Employees will be able to receive pay increases during the middle of a pay period in SHARP. State employees will not be affected by the changes to this revised regulation. There is no economic impact based on this change.

K.A.R. 1-5-13, Pay of employee promoted to a higher class, has been changed to clarify that pay to an employee promoted, reallocated to a higher class, demoted or reemployed at a lower range will not be above step 1 of the pay grade unless the Director of Personnel Services approves that the employee has exceptional qualifications. State employees will not be affected by the changes to this revised regulation. There is no economic impact based on this change.

K.A.R. 1-5-18, Special salary for project labor, is being revoked because, under the new SHARP hiring structure, there will be no special project labor hires, thus there will be no need for a regulation on a special salary for project labor. All state employees will be either permanent or temporary under SHARP. There is no economic impact based on this change.

K.A.R. 1-5-21, Biweekly salary or hourly rates, is being amended to reflect the new biweekly salary for exempt employees and the hourly pay for non-exempt employees. Wages for state employees will no longer be calculated. This ensures that the State of Kansas is in compliance with the FLSA. State employees will be affected by this change because they will begin being paid every two weeks instead of at the beginning of each month. There is no economic impact based on this change.

K.A.R. 1-5-22, Payment for two or more positions, is being amended to clarify that employees in multiple part-time positions are to receive benefits based on the total time worked. This procedure is being automated into SHARP, and will correct the way KIPPS currently handles these situations. Part-time state employees working in more than one position will be advantaged by the change to this regulation because they will now receive benefits based on the total time they work in all the positions. The cost to the state associated with this change is estimated to be approximately \$2.4 million based on an estimate of 1000 employees with an average health insurance cost of \$200 a month for 12 months.

K.A.R. 1-5-23, Partial pay calculation, is being revoked because in SHARP there will be no need to calculate partial pay. Non-exempt employees will be paid hourly on a bi-weekly basis. State employees will not be affected by the changes to this revised regulation. There is no economic impact based on this change.

K.A.R. 1-5-24, Overtime, is being amended to include FLSA clarification language. State employees will not be affected by the changes to this revised regulation. There is no economic impact based on this change.

K.A.R. 1-5-30, Benefits for employees activated to military duty, is being revised because under SHARP there will be no pay or salary advances. Because the state will be changing to a bi-weekly pay period, there will no longer be a need for pay advances. There is no economic impact based on this change. Private citizens will not be

affected by the amendments to the regulations in Article 5.

K.A.R. 1-6-8, Content of assessments; K.A.R. 1-6-14, Inspection of assessment papers; K.A.R. 1-6-15, Health inspection; K.A.R. 1-6-22a, Training classes; K.A.R. 1-6-24, Transfer; K.A.R. 1-6-25, Temporary positions; K.A.R. 1-6-27, Demotion; K.A.R. 1-6-28, Overlapping hires; K.A.R. 1-6-29, Acting assignments; K.A.R. 1-6-31, Governor's trainee program; K.A.R. 1-6-32, Candidate drug screening test for designated positions; and K.A.R. 1-6-33, Candidate alcohol and controlled substances test for commercial driver positions, are being revised to accommodate SHARP terminology changes. State employees will not be affected by the changes to these revised regulations. There is no economic impact based on the terminology changes.

K.A.R. 1-6-1, Registration for employment, is being amended to reflect the new way of registering for employment with the State of Kansas. Applicants will no longer take examinations and be put on lists for employment with the state. Persons will now register their skills with the state before they apply for specific vacancies. There is no economic impact based on these changes.

K.A.R. 1-6-2, Recruitment, is being amended to reflect the new recruiting procedures. Agencies will no longer give notices for examinations which are used to fill vacancies at a later date. Instead, they will provide notices of actual vacancies to be filled. There is no economic impact based on these changes.

K.A.R. 1-6-3, Filling vacancies, is being amended to allow agencies to fill vacancies from certified pools of eligible candidates. The new hiring process will require an applicant to meet the "required selection criteria" (formerly "minimum qualifications") for both the class and the position to be considered a candidate for a vacancy. Agencies also may establish additional preferred selection criteria that is position specific. This will allow agencies to hire a person more suited for a particular position within a class. The new hiring process will be more efficient and flexible for state agencies; however, it cannot be estimated if there will be any cost savings associated with these changes.

K.A.R. 1-6-4, Filing period for applications, is being revoked. There will no longer be a need for a filing period for applications because individuals can register their skills with the state at any time. K.A.R. 1-6-5, Competitive examinations, is being revoked because there will no longer be competitive examinations as with the current system. There is no fiscal impact associated with either of these changes.

K.A.R. 1-6-6, Eligibility for promotion, is being changed from "promotional examinations" to "eligibility for promotion" because employees will be able to apply for any promotion vacancy they wish without having to take a promotion examination and being placed on a list. This amendment will allow more flexibility for employees wishing to promote. There is no fiscal impact based on these changes.

K.A.R. 1-6-7, Disqualification of applicants and candidates, is being amended to include the disqualification of "candidates" from eligible pools. Under the new system, both applicants, who have yet to meet the required selec-

(continued)

tion criteria, and candidates, who have already met the required selection criteria, may be disqualified from the selection process. There is no fiscal impact based on these changes.

K.A.R. 1-6-9, Time of examination; K.A.R. 1-6-10, Delegation to an agency of authority to examine; K.A.R. 1-6-11, Uniform and equal treatment of applicants, passing points of examinations; K.A.R. 1-6-12, Notice of examination results; K.A.R. 1-6-13, Correction of scoring errors; K.A.R. 1-6-14, Inspection of assessment papers; K.A.R. 1-6-15, Health examinations; K.A.R. 1-6-16, Employment lists; K.A.R. 1-6-17, Type of appointment; K.A.R. 1-6-18, Method of appointment; K.A.R. 1-6-19, Positions requiring special qualifications; and K.A.R. 1-6-20, Promotional appointments, are being revoked because they deal with examinations, lists and types of appointments which will not be required in the new SHARP system, simplifying the process for potential candidates, current state employees and state agencies. There is no fiscal impact based on these revocations.

Amendments to K.A.R. 1-6-21, Candidate pools for regular positions, provide for the certification to candidate pools and veterans' preference scoring. Agencies will now be able to hire anyone from the candidate pool instead of just the top five from a list. This change will allow agencies to hire a person who has more position specific skills. Veterans' preference points will be added to the job skills score of any verified veteran who meets the required selection criteria. There is no fiscal impact based on these changes.

K.A.R. 1-6-22, Direct entry hires of unskilled and semi-skilled labor, is being amended to allow for the direct entry hiring of unskilled and semiskilled labor in certain instances. Direct entry hires will not be subject to being certified to the pool of eligible candidates. There is no fiscal impact based on these changes.

K.A.R. 1-6-23, Reemployment, is being amended to allow for a reemployment pool instead of a list. Agencies will no longer be required to hire directly from the reemployment pool. However, employees in the reemployment pool will have the opportunity to apply for any vacancy to be filled in the state, including internal vacancies. There is no fiscal impact based on these changes.

K.A.R. 1-6-26, Emergency appointments, is being revoked because there will be no emergency appointments in SHARP, only permanent or temporary and full- or part-time positions. There is no fiscal impact based on this revocation.

K.A.R. 1-6-30, Reinstatement, is being amended because there will no longer be a reinstatement list. However, employees who separate from state service will be eligible to be rehired to all vacancies that are only open to state employees for one year after leaving. There is no fiscal impact based on this change.

State employees and private citizens that apply for positions will be positively affected by the amendments to the regulations in Article 6 because the application process will be much easier to comprehend and simpler to register and apply for vacancies.

K.A.R. 1-7-3, Probationary period; K.A.R. 1-7-6, Notices relating to probationary periods and extensions; K.A.R. 1-7-11, Employees entitled to appeal performance reviews; and K.A.R. 1-7-12, Performance review appeal

procedure, are being revised to accommodate SHARP terminology changes. In SHARP, employee evaluations will be referred to as performance reviews. State employees will not be affected by the changes to these revised regulations. There is no fiscal impact based on the terminology changes.

Most of the changes to K.A.R. 1-7-4, Duration of probationary period, are terminology changes. However, whereas probationary period for transfers within an agency and between agencies were handled differently at the discretion of the director in KIPPS, both of these instances will now be handled at the discretion of the appointing authority and the director in SHARP, allowing more flexibility for agencies with regard to transfers. A new section was added to clarify that employees in governor's trainee positions will be on probation for six months when promoted to the regular class at the end of the training period. This is not a change in policy. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact based on these changes.

K.A.R. 1-7-5, Conditional appointments, is being revoked because there will be no conditional appointments in SHARP, only permanent or temporary and full- or part-time positions. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact based on this revocation.

K.A.R. 1-7-10, Performance reviews, is being amended to reflect the new performance review system that will be used in SHARP. The new performance review process will have a positive impact on state employees by emphasizing employee/employer interaction and feedback sessions throughout the year. There is no fiscal impact based on these changes.

K.A.R. 1-7-13, Utilization of evaluation ratings, is being revoked because of repeating language in K.A.R. 1-7-4 and 1-7-10, and because the SHARP performance review changes can be covered in those two regulations. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact based on this revocation. Private citizens will not be affected by the amendments to the regulations in Article 7.

K.A.R. 1-8-6, Supervisory training programs, is being revised to accommodate SHARP terminology changes. In SHARP, an "appointment" will be referred to as a "hire." State employees will not be affected by the changes to this revised regulation. There is no fiscal impact based on the terminology changes. Private citizens will not be affected by the amendment to this regulation.

K.A.R. 1-9-3, Request and approval of leave, authorized leave, unauthorized leave; K.A.R. 1-9-6, Leave without pay; K.A.R. 1-9-7a, Military leave, voluntary or involuntary service in the Armed Forces; K.A.R. 1-9-7b, Military leave, voluntary or involuntary service with reserve component of the Armed Forces; K.A.R. 1-9-7c, Military leave, state duty with Kansas national guard or state guard when organized; K.A.R. 1-9-8, Jury duty, other required appearance before a court or other public body; K.A.R. 1-9-12, Funeral or death leave; K.A.R. 1-9-13, Payment for accumulated vacation leave and compensatory time credits upon separation; K.A.R. 1-9-15, Employee counseling; K.A.R. 1-9-22, Job injury leave; and K.A.R. 1-9-23, Shared leave, are being revised to accommodate SHARP termi-

nology changes. State employees will not be affected by the change to these revised regulations. There is no fiscal impact based on the terminology changes.

K.A.R. 1-9-1, Hours of work, is being amended to accommodate the change to paying non-exempt employees hourly for 40 hours a work week, and paying exempt employees a salary for the number of hours required to complete a job. Another amendment defines when an exempt employee is to be considered "in pay status." This policy is currently used, but is not clearly written into regulation. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact based on these changes.

Changes in K.A.R. 1-9-2, Holidays, clarifies language and policies that will be used in SHARP. "Holiday credit" is now defined and the result of overtime hours worked on a holiday is now explained, making the regulation more easily understood by both employees and agencies. Language also is being added to clarify that employees must work at least six months before being eligible to use a discretionary day granted by the governor. State employees will not be affected by the changes to this revised regulation. There is no fiscal impact based on these changes.

K.A.R. 1-9-4, Vacations; and 1-9-5, Sick leave, are being amended to accommodate how exempt and non-exempt employees will accrue and use vacation and sick leave in the new biweekly payroll period. Also, maximum accumulation of vacation leave in K.A.R. 1-9-4 will now be forfeited at the end of the last payroll period of the fiscal year. State employees will now be made more aware of how much vacation leave they have over the maximum because it will be printed on the employee's check each biweekly payroll period. There is no fiscal impact based on these changes.

Board of Emergency Medical Services

Notice of Hearing on Proposed
Administrative Regulations

The Kansas Board of Emergency Medical Services will conduct a public hearing at 8 a.m. Thursday, August 3, in the auditorium of the Docking State Office Building, Room B-12, 915 S.W. Harrison, Topeka, to adopt proposed changes to permanent Kansas administrative regulation 109-10-1, curriculum approval.

If Kansas is to remain current with out-of-hospital standards for delivery of emergency medical services, then the board must consider new curricula periodically. To evaluate curricula for adoption, the board needs the ability to approve pilot/field test courses of new curricula. The current regulation does not provide the board with the authority to approve a course using alternative curricula other than the specific curriculum stated in the regulation.

The board utilizes national standard curricula whenever possible. However, in almost every case, the board has enriched those curricula.

At the national level, both the emergency medical technician curriculum and the first responder curriculum have recently been revised. Additionally, the U.S. Department of Transportation is expected to release a request for proposals this calendar year to revise the emergency medical technician-intermediate and the emergency medical technician-paramedic curricula, which the board uses. There is no federal regulation requiring Kansas to use national curricula.

The costs incurred due to the proposed changes of this regulation will vary from field test to field test, depending on the level of training being field tested. The cost to the board will include orienting faculty and examiners to be used in the field test courses being considered. Orientation of faculty will cost the board approximately \$1500.

The costs to training institutions to conduct field tests of new curricula will be those costs incurred for faculty, facilities, audio-visuals, equipment, supplies and administration. Training institutions will not be required to participate in field tests; therefore, these costs will only be incurred by those desiring to conduct the field test courses. Costs may range from \$3,000 to \$10,000.

A copy of the full text of the regulation and the economic impact statement may be obtained by contacting the board at the address given below.

Any individual with a disability may request accommodation in order to participate in the hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Bob McDanel at the Kansas Board of Emergency Medical Services, 109 S.W. 6th, Topeka, 66603-3826, (913) 296-7296 or TDDY (913) 296-6349.

**Notice Concerning Solid Waste
Landfill Permit Modification**

The Kansas Department of Health and Environment has received and reviewed a municipal solid waste landfill permit modification from Finney County, Kansas. KDHE is providing public notice of Finney County's intent to modify its landfill with a vertical expansion. The facility (Permit #504) is located 3.5 miles east of Garden City and 1.3 miles south of U.S. Highway 50 on Raceway Road. The county plans to raise final elevations on two closed cells approximately 40 feet with final elevations not to exceed 2904 and 2896 feet.

A prior published public notice and public hearing described Finney County's plans for a vertical expansion of five feet with final elevations of 2904 and 2896 feet. The final elevations, 2904 and 2896, are correct; however the vertical expansion is approximately 40 feet. Design drawing cross sections erroneously depicted a five-foot vertical expansion over approved final contours.

A copy of the administrative record, which includes the draft permit, permit application and all information regarding this permit action, is available for public review through July 31 during normal business hours, 8 a.m. to 4:30 p.m. Monday through Friday, at the following locations:

111-4-722. Determination of instant prize winners. This game is played similarly to the traditional "BINGO" game. The player removes the scratch-off material on the area of the ticket indicated as the "CALLER'S CARD" to reveal 24 "BINGO" letter/number combinations. The player then checks to see if any of the letter/number combinations on the "CALLER'S CARD" match the letter/number combinations on any of the four "PLAYER'S CARDS." The player may then mark matching combinations by scratching or marking the matched spot on the "PLAYER'S CARDS." If the player gets a "BINGO" by matching the letter/number combinations on one of the four "PLAYER'S CARDS" in any horizontal, vertical, or diagonal line as shown in illustration number one on the back of each "BINGO" card; by matching combinations in all four corners as shown in illustration number two on the back of each "BINGO" card; or by matching combinations in both diagonals forming an "X" as shown in illustration number three on the back of each "BINGO" card, the player wins the prize amount indicated on the appropriate winning "PLAYER'S CARD." Players can win up to four times on this ticket, but can win only one way on any of the four "PLAYER'S CARDS" on each ticket; that is there will only be one winning pattern per "PLAYER'S CARD." Kansas Water Authority

Notice of Meeting

The Kansas Water Authority will meet July 12-13 in Kansas City, Kansas, to discuss final drafts of the *Kansas Water Plan*, prepared after the five public hearings conducted June 6-8. Both the Operations and the Policy and Planning committees of the Authority will meet at 1 p.m. July 12 at the Hansen Water Treatment Plant of Water District No. 1 of Johnson County. The Authority will review the testimony heard at the five June public hearings on the working drafts of the six policy and basin subsections. Final drafts have been developed on policy issues related to flood management, water quality protection and banking of water rights. Revisions to the water quality subsections of the basin plans for the Lower Arkansas, the Marais des Cygnes and the Smoky Hill-Saline basins are also complete. If the Authority approves these drafts, they will be added to the *Kansas Water Plan*.

The Authority also will direct staff on the activities in policy and basin planning for the next year. Numerous nominations to the 12 Basin Advisory Committees will be discussed and the Policy and Planning Committee will meet jointly with the chairpersons from the 12 Basin Advisory Committees. The Operations Committee will review contracts for continuation of the stream gaging stations across the state and research activities centered on flood analysis in the Neosho basin and streamflow impacts along the Republican River. The Authority will also establish the price of water in the water marketing program for 1996 and discuss requests to initiate negotiations for water with two Douglas County rural water districts.

The full Authority will convene at 9 a.m. July 13 at the same location to take action on the committee business. Additionally, the Authority will review the Annual Implementation Plan for fiscal year 1997 with five state agencies and provide guidance for the agencies to use as they develop their state water plan fund budgets this summer.

Copies of the agenda are available by contacting Janelle Amon, Kansas Water Office, 109 S.W. 9th, Suite 300, Topeka, 66612-1249, (913) 296-3185. If accommodations are needed for persons with disabilities, notify the Kansas Water Office (TTY 913/296-6604) at least two days prior to the meeting.

Opinion No. 95-60

Contracts and Promises—General Provisions—Restraint of Trade; Non-Compete Contract Clause.

Unfair Trade and Consumer Protection—Restraint of Trade; Commodities—Conspiring to Monopolize Line of Business. Senator Marian Reynolds, 38th District, Dodge City, June 12, 1995.

Kansas courts have allowed covenants not to compete if they are reasonable as to geographic area and time, part of an otherwise valid and enforceable contract, and related to a protectable interest of the employer. The particular contract clause discussed herein does not on its face prevent the hospital from providing the covered service to the public, but rather limits for a time the hospital's hiring of employees of the independent contractor currently providing the service. It is our opinion that the contract term in question is enforceable under Kansas law. Cited herein: K.S.A. 16-112; 50-132. TMN

Cities and Municipalities—Insurance; Group-Funded Liability Pools—Board of Trustees of Pool; Qualifications; Dual Board Membership. John E. Lang, Pottawatomie County Counselor, Westmoreland, June 13, 1995.

K.S.A. 12-2627 precludes a board member of a municipal insurance pool created under K.S.A. 12-2616 *et seq.* from also serving on the board of the Kansas Association of Counties (KAC) where the KAC has contracted to act as the manager and administrator of such pool. Elections—School District Elections—Candidate for Election; Member District; Residence.

Schools—Boards of Education—Change of Method of Election—Member Districts, Numbering; Members, Residence. J. Ronald Vignery, Counsel for Unified School District No. 412, Goodland, June 19, 1995.

A person elected to be a member of the board of education of a school district utilizing the six district method of election must, at the time of filing as a candidate, reside in the member district corresponding to the position to which such person is elected unless elected as the at-large member. Nonresidency is not a technical irregularity subject to correction by K.S.A. 25-702, and filing the oath of office does not entitle a person otherwise disqualified from serving as a member of a board of education to take a seat on the board to which elected. If it is determined that a person elected to serve as a member of a board of education was not at the time of filing his candidacy a resident of the member district from which elected, the person serving in that capacity prior to the election would continue to hold office until a successor is qualified. Crimes and Punishments—Identification and Detection of Crimes and Criminals—Collection of Blood and Saliva Specimens from Juveniles; Collection of Fingerprints by Kansas Bureau of Investigation for Purposes of Verifying Identity of Juveniles Required to Submit Specimens. Larry Welch, Director, Kansas Bureau of Investigation, Topeka, June 19, 1995.

Whether adjudicated under the juvenile offenders code or prosecuted as adults, juveniles may not be fingerprinted subsequent to disposition unless fingerprinting is specifically authorized by a judge of the district court having jurisdiction. Public Records, Documents and Information—Records Open to Public—Inspection of Records; Abstracts of Copies of Records; Computerized Records. Representative John M. Toplikar, 15th District, Olathe, June 20, 1995.

The Kansas open records act (KORA) requires access to all public records, unless they are permissibly or mandatorily closed pursuant to some specific legal authority. While a county may, through its exercise of home rule, establish a proprietary computerized system which allows computer access to certain public records on a paid subscription basis, this arrangement does not alter the applicability of the KORA to public records nor does such a proprietary system alter the nature of a public record. A public agency may establish subscription fees and other charges for on-line access to computerized public records through the use of proprietary software. Public records accessed through such a system remain public records, and must also be available upon a record request, at a fee not exceeding the actual cost of their production.
