Notice of Available Funding for Drug and Violence Prevention Programs

A total of \$1,060,295.03 is available through the 1995 Safe and Drug-Free Schools and Communities Act State Grants Program—Governor's Allocation to state and local agencies for drug and violence prevention programs.

These funds are for grants to parent groups, community action and job training agencies, community-based organizations, and other public entities and private non-profit organizations and consortia thereof. Priority shall be given to the following programs: a) children and youth who are not normally served by state or local educational agencies; b) populations that need special services or additional resources (such as preschoolers, youth in juvenile detention facilities, runaway or homeless children and youth, pregnant and parenting teenagers, and school dropouts). Not less than \$73,522 shall be used for law enforcement education partnerships.

Applications must be submitted by 5 p.m. Friday, September 22, to the Office of Attorney General. Grant awards will be announced before the end of October after the grant review process, with funds available upon processing of the approved application.

To obtain an application kit or more information, contact the Office of Attorney General, 2nd Floor, Judicial Center, 310 S.W. 10th Ave., Topeka, 66612-1597, (913) 296-2215.

Executive Order No. 95-177

Designating the Kansas Department of Commerce and Housing as the State Gaming Agency

WHEREAS, the State of Kansas, by authority of the Governor and the Kansas Legislature, has this year entered into gaming compacts with resident Indian tribes; and

WHEREAS, the compacts require the state to designate a State Gaming Agency to carry out certain duties and responsibilities under the compacts; and

WHEREAS, the Kansas Legislature is to designate a permanent State Gaming Agency during its 1996 regular session; and

WHEREAS, it is the duty of the Governor to designate a temporary State Gaming Agency until a permanent State Gaming Agency is designated by the Legislature;

NOW THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby designate the Kansas Department of Commerce and Housing as the State Gaming Agency and authorize and direct the State Gaming Agency to carry out the duties and responsibilities assigned to it by the gaming compacts until June 30, 1996, unless I otherwise by subsequent Executive Order direct.

This document shall be filed with the Secretary of State as Executive Order 95-177 and shall be effective immediately.

Dated August 14, 1995.

**State Boards, Commissions and Authorities—Development Finance Authority—Exemption From Liability of Directors and Officers of Authority; Attorney General Opinion No. 94-140.**

**State Departments, Public Officers and Employees—Kansas Tort Claims Act—Liability of Governmental Entities for Damages Caused by Employee Acts; Attorney General Opinion No. 94-140. William F. Caton, President, Kansas Development Finance Authority, Topeka, August 3, 1995.**

The Kansas tort claims act applies to the Kansas Development Finance Authority because it is an authority pursuant to K.S.A. 1994 Supp. 75-6102(a). Any conclusion to the contrary in Attorney General Opinion No. 94-140 is hereby withdrawn. **Schools—School District Finance and Quality Performance—Local Option Budget; Supplemental General Fund; Use of Funds. Representative Shari Weber, 68th District, Herington, August 3, 1995.**

Funds raised through adoption of a local option budget are deposited in the supplemental general fund of the unified school district and may be expended for those purposes for which expenditures from the general fund of a unified school district may be made. Payments on the lease of a privately-owned building which the unified school district intends to use for school district purposes may, pursuant to K.S.A. 1994 Supp. 72-6433, as amended by L. 1995, ch. 160, § 6, be made from the supplemental general fund of the unified school district. **Taxation—Motor Vehicle Fuel Taxes; Motor Vehicle Fuels and Special Fuels—Tax Imposed on Use, Sale or Delivery of Motor Vehicle Fuels; Legal Incidence of Tax on Distributor, Not Retailer. Secretary John D. LaFaver, Department of Revenue, Topeka, August 3, 1995.**

Because the legal incidence of the motor-vehicle fuel tax imposed by K.S.A. 1994 Supp. 79-3408, as amended by L. 1995, ch. 262, § 30, falls on the distributor, importer or manufacturer, sales to Indian tribes or their tribal members for sale at retail on the reservation are not required to be exempt from taxation. However, to the extent the legal incidence of the additional tax imposed by K.S.A. 1994 Supp. 79-3408c falls on a tribe or tribal member retailers, such additional tax may not be so levied. **Public Health—Solid and Hazardous Waste; Solid Waste—Collection and Disposal by County; Assessment of Fees; Classification of Real Property. Curtis E. Campbell, Gray County Attorney, Cimarron, August 9, 1995.**

If a county elects to establish fees to finance the management of solid waste generated within its boundaries, K.S.A. 65-3410(a) requires adoption of a fee schedule that reasonably relates the amount of the fee to the relevant characteristics of the real property on which it is imposed. The fees established by Gray County for the purpose of financing the collection and disposal of solid waste are based upon a classification of real property that does not comply with K.S.A. 65-3410(a). #### Opinion No. 95-84

**Public Health—Healing Arts—Persons Not Engaged in the Practice of Healing Arts; Delegation of a Professional Service by a Licensed Practitioner of the Healing Arts.**

**Public Health—Regulation of Nursing; Nurses—Intravenous Fluid Therapy; Qualifications of Licensed Practical Nurses to Administer; Delegation of a Professional Service by a Practitioner of the Healing Arts. Representative Tony Powell, 85th District, Wichita, August 15, 1995.**

A physician may delegate the performance of intravenous fluid therapy (IVFT) to another person, including a licensed practical nurse (LPN), when in the physician's judgment that person is sufficiently trained or experienced to perform IVFT. The healing arts act does not specify the type or extent of experience or training, and thus the physician's professional discretion is determinative. The delegation may be pursuant to supervision, order or referral of the physician. In the absence of statutory or regulatory requirements, the form of the supervision, order or referral also remains in the professional judgment and discretion of the physician.

An LPN or an unlicensed technician considered qualified through training, experience, or licensure who performs IVFT under supervision, by order or referral of a physician is not considered engaged in the unlawful practice of medicine and surgery. IVFT is a nursing practice which derives from the practice of medicine and surgery. Thus, an LPN or unlicensed technician is likewise not considered engaged in the unlawful practice of nursing when performing IVFT pursuant to a physician's delegation even if the LPN does not qualify to perform IVFT under the regulation of nursing act.

The authority of the Board of Nursing does not extend to issuing informal legal opinions or interpretations of law concerning physician delegation. The board may properly adopt rules and regulations within the confines of its statutory authority to implement or interpret legislation enforced or administered by the board. **Attorneys at Law—Rules of the Supreme Court Relating to Attorneys—Unauthorized Practice of Law; Military Attorneys Practicing on Federal Reserve. Judge Jerry L. Mershon, 21st Judicial District of Kansas, Manhattan, August 15, 1995.**

While recognizing the importance of requiring licensure and regulation by the state of those who wish to practice law here, and the Kansas Supreme Court's in-

herent authority to require such licensure and regulation, due to the fact that the activities in question are occurring within a federal enclave and based on the supremacy clause, in our opinion attorneys acting under the authority of the United States Army legal assistance program may counsel and assist pro se military clients with the preparation of necessary documents to be filed in Kansas courts in specified civil proceedings without obtaining a license to practice in the state of Kansas. **District Officers and Employees—District Coroners—District Coroners; Notification of Death to Coroner or Deputy, When. Representative Henry M. Helgerson, 86th District, Wichita, August 15, 1995.**

Whether it is in the "public interest" to report to the district coroner the death of a terminally ill patient who is regularly attended by a physician, regardless whether hospice care is provided to that person, must be determined on a case-by-case basis for each death and set of circumstances by those entities and individuals charged with a reporting duty under K.S.A. 1994 Supp. 22a-231. **Public Health—Solid and Hazardous Waste; Solid Waste—Assessment and Collection of Fees; Authority of County or Regional Solid Waste Management Entity to Assess and Expend Landfill Tipping Fees. Representative Tim Shallenburger, 1st District, Baxter Springs, August 15, 1995.**

Counties are authorized by statute to impose landfill tipping fees calculated on the basis of the volume of solid waste disposed of at county-operated landfills or other solid waste disposal areas. Fee receipts must be deposited in a separate fund for each solid waste disposal area, and may be expended only for costs associated with closure, postclosure actions, and contamination remediation activities associated with the particular disposal area from which the fees were generated. Counties may not impose such fees on solid waste disposed of in landfills operated by cities or private entities. A county's authority to impose landfill tipping fees may be delegated to a regional solid waste management entity by the procedure set forth in the interlocal cooperation act. However, fee receipts from each landfill operated by the regional entity must be deposited in a separate fund and may be expended only for specified costs associated with closing the landfill. **Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Wednesday, November 8, in Room 106, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider adoption of proposed changes in existing rules and regulations of the Kansas Attorney General in relation to private detective firearm permits and firearm trainer certificates.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Attorney General Carla J. Stovall, c/o Assistant Attorney General Camille Nohe, Kansas Judicial Center, 2nd Floor, 301 S.W. 10th, Topeka, 66612-1597. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant limit any oral presentation to 10 minutes.

Copies of the regulations and their economic impact statements may be obtained from the Attorney General's Office, (913) 296-2215.

The regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**K.A.R. 16-2-1. Definitions.** This regulation provides definitions of terms used in the enabling statutes and in the regulation regarding the plan of operation required of firearm trainers. The definitions are intended to enable licensees in understanding the specific meaning of the terms. In addition, the definition of "hearing officer" is deleted because that term is defined in the Kansas administrative procedure act. (See K.S.A. 77-514.)

No cost is involved in implementation of this regulation. Consequently, there is no economic impact on the Attorney General's office (the agency proposing the regulation), any other governmental agency or unit, private citizen or consumer.

This regulation will affect persons who apply for a private detective license or a private detective agency license, licensed private detectives, licensed private detective agencies, licensed private detectives who apply for or hold a firearm permit, and persons who apply for or hold a firearm trainer's certificate.

**K.A.R. 16-5-1. Individuals deemed personally qualified and knowledgeable.** This regulation establishes criteria by which the Attorney General may determine whether an applicant seeking to be certified as a firearm trainer is personally qualified and knowledgeable in the handling of firearms and lawful use of force. It also provides a method for determining whether such an applicant is of good moral character.

Concerning the handling of firearms, the regulation requires an applicant to complete an approved firearms course and establishes education and training standards for approval of such courses. The regulation specifies methods by which an applicant may verify successful completion of such course.

Concerning the lawful use of force, the regulation requires an applicant to either verify completion of a relevant educational course or instruction.

Concerning good moral character, the regulation requires that an applicant either be a licensed private detective (whose good moral character has previously been established) or (1) submit affidavits from five persons attesting that the applicant is of good moral character, and (2) provide a classifiable set of fingerprints from which a criminal history check may be obtained.

The regulation is intended to protect the public by ensuring that firearm trainers are personally qualified to train licensed private detectives in the handling of firearms and lawful use of force.

There is no economic impact on the Attorney General's office (the agency proposing the regulation) or any other governmental agency or unit.

An applicant for a firearm trainer's certificate who has not completed an approved firearms course would need to complete such a course to be eligible for the certificate. The cost of such course is estimated to be \$250 to \$500 for tuition. Other associated costs, such as ammunition, travel expenses, lodging, meals and lost income are estimated to range from \$1700 to \$2000. These costs have been the costs associated with approved firearms courses in the past and are not new costs.

This regulation will affect applicants for certification as a firearm trainer.

**K.A.R. 16-5-4. Plan of operation.** This regulation establishes the requirements for a firearm trainer's plan of operation for training private detectives in the handling of firearms and the lawful use of force. The requirements for approval of a plan are a 16-hour program for initial applicants and an eight-hour program for renewal applicants. Both programs include specified training and instruction, a written examination and a daylight course of fire with a 70 percent shooting proficiency.

There is no economic impact on the Attorney General's office (the agency proposing the regulation) or any other governmental agency or unit. The cost to a licensed private detective seeking a firearm permit to complete an initial training plan of operation (16 hours) is estimated to be \$250. The cost to a licensed private detective seeking to renew a firearm permit to complete the training plan of operation (eight hours) is estimated to be \$125.

This regulation will affect applicants for a firearm trainer certificate and licensed private detectives who apply for a firearm permit or apply to renew a firearm permit.

**K.A.R. 16-5-5. Notice of completion.** This regulation establishes the information required to be provided to the Attorney General by a certified firearms trainer when a licensed private detective who applies for a firearm permit has completed a firearm training course.

This regulation is intended to protect the public by ensuring verification that a private detective applicant for a firearm permit has successfully completed an approved plan of operation.

No cost is involved in implementation of this regulation. Consequently, there is no economic impact on the Attorney General's office (the agency proposing the regulation), any other governmental agency or unit, private citizen or consumer.

This regulation will affect certified firearm trainers.

**K.A.R. 16-6-1. Training in the handling of firearms.** This regulation requires a private detective who holds a firearm permit to notify the Attorney General within 72 hours of any change or additional firearm which the permit holder intends to carry. The permit holder then has 30 days to qualify with such firearm by successfully demonstrating shooting proficiency with that firearm.

This regulation is intended to protect the public by ensuring that firearm permit holders are skilled in shooting the firearm he or she carries.

There is no economic impact on the Attorney General's office (the agency proposing the regulation) or any other governmental agency or unit.

A firearm permit holder who changes or adds a firearm would need to successfully complete a daylight course of fire for shooting proficiency. The cost of such course of fire is estimated to be \$100.

This regulation will affect licensed private detectives holding a firearm permit who wish to change or add a firearm.

## Legislative Research Department

## Request for Information

The Kansas Legislative Research Department is attempting to identify public and private entities that would be potential bidders for a contract for services to facilitate a study of the economic and social impacts of gambling. The purpose of this request for information (RFI) is to identify potential bidders only. No decision has been made to contract for these services. This is not a request for proposals (RFP). In the event that proposals for provision of these services are solicited, persons who have responded to this request for information, among others whom this office has identified as potential respondents, will receive an RFP. Responses to this RFI are due by 5 p.m. September 11.

## Scope of the Project

The Special Committee on Gaming of the Kansas Legislature is composed of 11 members of the state House and Senate. That committee has been directed to:

Study and evaluate the economic and social impact of gaming enterprises on the geographic areas in which gaming activities are located and upon the state as a whole; as part of such study, review the economic and regulatory experiences of other states with gaming activities and the current body of research in the area.

The committee may seek assistance in the form of consultative services to gather and analyze data relevant to that charge. Questions identified as potential components of such a study include:

- What legal gambling opportunities are available to Kansans in the state? In neighboring states?
- Is there demand for more gambling opportunities in Kansas? If so, where does that demand exist? Does that demand constitute a viable market?
- What are the demographic and economic characteristics of persons who participate in legal gambling in Kansas?
- To what extent, if at all, do people come from outside the state to participate in legal gambling in Kansas? To what extent do people who are in Kansas for other purposes gamble while they are here?
- To what extent do Kansans go out of state specifically for legal gambling opportunities? To what extent do Kansans gamble out of state incidental to other activities? Where do Kansans go to gamble and how frequently?
- What are total direct costs to the state and local units of government of regulating legal gambling?
- What are total direct costs to the state and local units of government of enforcing criminal gambling statutes? Are those laws being effectively and efficiently enforced?
- What indirect costs accrue to the state and local units of government because of legal gambling activity? What is the amount of those costs?

- Has there been any change in the incidence of illegal gambling since legalization of gambling in Kansas?
- Has there been any change in the incidence of problem gambling since legalization of gambling in Kansas? What is the current incidence of problem gambling in Kansas? What resources exist in the state to alleviate problem gambling?
- How much revenue has been realized by the state and local units of government from legalized gambling?
- What indirect economic benefits have accrued to the state and local units of government from legalization of gambling?
- What has been the direct and indirect impact (positive and negative) of legalized gambling on gambling related businesses (including agriculture) in the state?
- What has been the direct and indirect impact (positive and negative) of legalized gambling on other businesses in the state?
- What has been the impact of legalization of gambling in Kansas on state and local public policy decisions?
- What would be the social and economic impact (positive and negative) to the public and private sectors if existing legal gambling in Kansas were discontinued? Can those impacts be reasonably quantified? If so, what would be the net result?

Based on data gathered and the experiences from other states, the committee might also want to explore the economic viability and short- and long-term social and economic implications for the state of the following five scenarios or expansion of legal gambling in Kansas:

- State-owned and operated video lottery machines located only at licensed race tracks.
- State-owned and operated video lottery machines at any licensed club, drinking establishment, or on-premise cereal malt beverage retailer.
- Privately-owned and operated casinos on the premises of or adjacent to licensed race tracks.
- Privately-owned and operated casinos anywhere in the state.
- State-owned and operated casino(s).

## Responses

Persons who are interested in receiving an RFP, if one is circulated, should respond to:

Kansas Legislative Research Department  
Room 545-N, State Capitol, 300 S.W. 10th  
Topeka, KS 66612-1504  
Attn: Mary Galligan

Please include the following information in any response:

1. Name, address, and fax and telephone numbers of the person responding and a contact person;
2. a description of the corporate structure of the entity that would do the work (e.g., department of a university, accounting firm, consulting firm, state

agency, individual consultant with or without sub-contractors, etc.);

3. a brief description of experience with and knowledge of economic and social variables that impact and are impacted by gambling;
4. a brief description of resources available for the project;
5. a brief description of any similar work done within the last five years; and
6. the approximate cost and length of time required to complete a study of the scope outlined above.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Notice Concerning Kansas  
Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63, 28-18-1 through 4, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for discharges to the waters of the United States and the state of Kansas for the applicants described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

Public Notice No. KS-AG-95-112/114

Name and Address of Applicant	Legal Description	Receiving Water

Kansas Permit No. A-KSNM-S021

The proposed facility will have capacity for approximately 534 swine. Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Waste-

water storage capacity is provided in excess of minimum requirements.

**Compliance Schedule:** The waste management plan developed by the designer and approved by the department shall be adhered to as a condition of this permit. The plan calls for nutrient analysis of both liquids and solids with applications to meet crop nutrient needs. If wastes are not analyzed for nutrient content, wastewater shall be applied at not greater than 1.5 acre inch per year and solids shall be applied at not greater than 20 ton per acre.

Dewatering equipment shall be obtained within six months after issuance of this permit through purchase, rental or custom application agreement. It shall be capable of pumping at least 20 gallons per minute and dispersing the wastewater over 26 acres of land suitable for waste application. Written verification of the acquisition of the equipment shall be submitted to the department.

Name and Address of Applicant	Waterway	Type of Discharge
Reno Construction Co. East Stanley Quarry P.O. Box 23910 Overland Park, KS 66223	Blue River via unnamed tributary Missouri River Basin	Treated wastewater and stormwater
Kansas Permit No. I-MO26-PO04		Fed. Permit No. KS-0083976
Facility Location: 7100 W. 167th St., Johnson County		

**Facility Description:** This facility is engaged in blasting, crushing and screening of rock. A construction/demolition (C/D) landfill and asphalt plant also exist on-site. Stormwater runoff and pit water from the landfill area drains and/or is pumped to a settling pond for treatment before being released to a ditch. The stormwater runoff from the quarry area and asphalt plant is discharged to another settling pond for treatment. Since water from the settling ponds is applied to roads for dust control and is used in the air pollution control equipment within the asphalt plant, this facility seldom discharges. The proposed effluent limitations are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are technology based.

Written comments on the proposed determinations may be submitted to the permit clerk, or Dorothy Geisler for agricultural permits, Kansas Department of Health and Environment, Division of Environment, Bureau of Water, Forbes Field, Building 283, Topeka, 66620. All comments postmarked or received on or before September 22 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate public notice number (KS-AG-95-112/114, KS-EG-95-19/28, KS-95-72) and the name of applicant as listed when preparing comments.

If no objections are received during the public notice period, the Secretary of Health and Environment will issue the final determinations. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61 (28-46-21 for UIC). Media coordination (newspapers, radio) for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

The application, proposed permit, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Kansas Department of Health and Environment offices, Building 283, Forbes Field, Topeka, from 8 a.m. to 4:30 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

### Pooled Money Investment Board

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1 p.m. Tuesday, October 24, in Room 203-N, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Pooled Money Investment Board.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the chairperson of the Pooled Money Investment Board, Suite 201-N, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1235. All interested parties will be given a reasonable opportunity during the hearing to orally present their views on the adoption of the proposed regulations. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Rogers Brazier at (913) 296-8927. Handicapped parking is located at the south end of the Landon State Office Building on Jackson Street, and the entrance at the northwest end of the building is accessible.

A summary of the proposed regulations and their economic impact follows:

**K.A.R. 122-1-1. Definitions.** This regulation incorporates by reference definitions found in K.S.A. 75-4201, as amended, and provides a definition for the term "delivery versus payment." No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-2-1. Qualifications for depository banks.** This regulation sets forth qualifications for banks which desire to serve as depositories for state moneys. Further, this regulation states that repurchase agreements may be entered into with those state financial institutions with which state moneys may be invested. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-2-2. Collateral.** This regulation provides that all state bank accounts shall, at all times, be fully collateralized. This regulation further provides for the manner by which full collateralization shall occur, and in what manner such shall be maintained, including requirements for collateral based on corporate surety bonds and collateral based on letter of credit. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-1. Investment principles.** This regulation sets forth the investment standard and objectives of the Pooled Money Investment Board in its investment of state moneys. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-2. Portfolio management.** This regulation generally states that each investment portfolio shall be actively managed to take advantage of market opportunities and describes, in following such objective, for what purposes negotiable securities may be sold prior to maturity. This regulation further provides that the Pooled Money Investment Board shall, on and after January 1, 1996, give prior approval with the State Finance Council before any exchanges of investments between the municipal investment pool fund and state money investments may occur. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-3. Investment instruments; requirements.** This regulation generally prescribes the types of instruments in which state moneys may be invested, and in what cases and with whom repurchase agreements and reverse repurchase agreements may be made. Finally, this regulation sets forth general requirements as to value of securities underlying any repurchase agreement. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-4. Maturity.** This regulation provides that projected liquidity needs should be considered in scheduling maturities of investment portfolios, and sets forth limitations on investment maturities of state moneys and municipal investment pool funds. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-5. Investment transactions; requirements for brokers and dealers.** This regulation sets forth that investment transactions shall take place only with qualified institutions, and proceeds to set forth what shall constitute a qualified institution. This regulation further provides qualifications to be met by broker-dealers. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-6. Competitive selection of investment instruments.** This regulation sets forth the general requirement of competitive selection of securities purchased and sold. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-7. Safekeeping and custody.** This regulation provides that all security transactions shall be conducted on a delivery versus payment basis, and requires that securities be held by the state treasurer or a third-party custodian as evidenced by safekeeping re-

ceipts. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-8. Conflicts of interest.** This regulation prohibits, except upon unanimous vote of the board members voting, investment of state moneys in cases where a board member or employee has personal business activity which conflicts with proper execution of the particular investment, or could impair the ability of the individual in question to make an impartial decision concerning such investment. This regulation further requires full disclosure by each investment officer or analyst appointed by the board of any material financial interest in any financial institution or of any personal financial or investment position related to the performance of any investment of the board. Personal investment transactions of such officers or analysts are to be subordinated to those of the board. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-9. Performance monitoring.** This regulation requires the continual performance monitoring and evaluation of each investment portfolio by the chief investment officer. External comparative performance reviews may be conducted as the board deems necessary. Monthly and annual summary reports are required. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-3-10. Chief investment officer; qualifications.** This regulation sets forth the duties and qualifications of the chief investment officer. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

**K.A.R. 122-4-1. Municipal investment pool; earnings.** This regulation provides authority for the board, through its chief investment officer, to determine, on a daily basis, earnings of municipal investment pool participants through use of a daily quoted rate factor. Pool participants are comprised of cities, counties, school districts, and all other municipalities described in K.S.A. 1994 Supp. 12-1675(a) who are or may become participants in the municipal pool fund, as well as the state of Kansas through investment of state idle funds and other state funds in the municipal investment pool fund. Earnings of pool participants will be credited to their respective accounts on the last calendar day of each month. The daily quoted rate factor shall be determined for each investment option and with consideration given to, among other things, the interest rates available from alternative investments available to pool participants. The purpose of the use of a daily quoted rate factor to determine pool participants' earnings is to allow the retention of a small portion of pool earnings which, over time, will allow for recovery of the approximately \$21 million in losses sustained due to investment strategies utilized which did not match the unusual rising interest rate market. The total

(continued)

recovery in the first 12 months is estimated to be in the range of \$1-\$3 million. Notwithstanding the retention of pool earnings, as stated above, it is the intent of the PMIB that the pool participants will be credited with interest earnings which will be at least equal to, and may possibly exceed, interest which might be earned by the participants from alternative investments. The true cost of this regulation has already been incurred by trading losses already realized; this regulation provides the mechanism to recoup these losses over an extended period of time.

**K.A.R. 122-5-1. Money available for investment.** This regulation directs the board, at least annually, to review and determine the liquidity needs of the state, the varying maturities of investment accounts to be offered, and the amount of state moneys to be invested in each of the maturities offered. This regulation further provides that in making such review the board shall give consideration to certain factors. No economic impact to governmental agencies or units, persons subject to the proposed rules and regulations, or the general public is anticipated by this regulation.

Copies of the proposed regulations and the associated economic impact statement may be obtained from the chairperson of the Pooled Money Investment Board, (913) 296-3171.
