**State Corporation Commission**

**Notice of Hearing**

The Special Committee on Energy and Natural Resources of the Kansas Legislature, by concurrent resolution, has directed the State Corporation Commission to open one or more generic dockets to study the need for regulation of natural gas gathering lines and systems within the state of Kansas. Commencing in 1994, the Federal Energy Regulatory Commission (FERC) issued a series of decisions making it clear it would no longer assert its jurisdiction over gas gathering systems. Furthermore, FERC indicated that states were free to exercise their regulatory jurisdiction over gas gathering. The special committee has requested that the State Corporation Commission submit a report to the Legislature on or before March 1, 1996, setting out the commission's findings on regulation regarding gas gathering.

In order to fully and adequately explore and resolve issues regarding the need for and extent of regulation of gas gathering systems within the state of Kansas, the commission is instituting this general investigation subject to the following terms, conditions and limitations:

1. The commission hereby calls for a general investigation into the need for and extent of regulation of gas gathering systems within the state of Kansas.
2. For the purpose of receiving public comment and evidence on the need to regulate gas gathering systems, the commission has set the matter for hearing as follows:

January 4 (immediately following regularly scheduled oil and gas docket) Finney State Office Building  
130 S. Market, Room 2078  
Wichita

January 9, 11 a.m. District 3  
1500 W. 7th  
Chanute

January 10, 11 a.m. Gateway Inn  
720 E. Highway 54  
Liberal

3. All persons anticipating presenting testimony and exhibits shall file with the commission 48 hours in advance a written text of the content of their public statement.
4. The commission directs that persons expecting to testify will be limited in duration to 10 minutes.
5. The commission also directs that persons wishing to submit written comments may do so through January 10 to the Office of Public Affairs, 1500 S.W. Arrowhead Road, Topeka, 66604-4027.
6. Persons having questions or wishing to schedule their intent to testify should call the Office of Public Affairs at 1-800-662-0027.

##### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Wednesday, March 6, in Room 418-W of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption and amendment of a permanent regulation. All interested parties may submit written comments prior to the hearing to the director of the Division of Workers Compensation, 800 S.W. Jackson, Suite 600, Topeka, 66612-1227.

The 60-day notice period prior to the public hearing will be considered the public comment period. All interested parties will be given a reasonable opportunity at the hearing to orally express their views in regards to the adoption of the proposed permanent regulation. Following the hearing, all oral and written comments submitted by interested parties will be considered by the director as the basis for making any changes to the proposed regulation. The following is a brief summary of the proposed regulation:

**K.A.R. 51-9-7. Fees for medical and hospital services.** The proposed change to this regulation has occurred because of the language contained within K.S.A. 44-510, which mandates the Director of Workers Compensation to adopt rules and regulations for the establishment of a medical fee schedule. Accordingly, the medical fee schedule hereby being proposed has been approved by the advisory panel created under K.S.A. 44-510 and is being adopted by reference.

##### Economic Impact Statement

The change in this regulation is to adopt by reference a medical fee schedule, which establishes the maximum amount that can be charged for medical and hospital services. The fiscal impact to the division by passage of this proposed regulation is already being recognized in accordance with the current budget. There will be a definite fiscal impact on the health care provider, hospital or other entity providing the health care services due to the establishment of the maximum amount that will be allowed for the health care services.

Copies of the full text of the proposed regulation, economic impact statement, and the medical fee schedule being adopted by reference may be obtained by contacting the director of the Division of Workers Compensation, (913) 296-4000.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Friday, March 29, in the second floor conference room, Columbian Title Building, 820 S. Quincy, Topeka, to consider the adoption of amendments to regulations 117-1-1, 117-6-3 and 117-8-1.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Kansas Real Estate Appraisal Board, Columbian Title Building, 820 S. Quincy, Suite 314, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

The proposed regulation amendments are for adoption on a permanent basis. A summary of the proposed amendments and economic impact follows:

**K.A.R. 117-1-1 and 117-6-3.** The purpose of the amendments is to update the regulations to refer to the "board." Since the Kansas Real Estate Appraisal Board is now a separate agency, "commission" is no longer valid. There is no anticipated fiscal impact on appraisers, other governmental units, private citizens or state agencies.

**K.A.R. 117-8-1.** This regulation must be changed annually to be in compliance with federal guidelines. There would be no additional costs to appraisers, the public or state agencies.

Copies of the regulations and their economic impact statement may be obtained from the Kansas Real Estate Appraisal Board, (913) 296-0706.

The generator shall be statistically analyzed, tested, and certified by an independent qualified statistician for integrity. Periodic checks shall be made to ensure the security and integrity of the system at least quarterly.

(h) It shall be the sole responsibility of the player to verify the accuracy of the game plays and other data

printed on the ticket. The placing of plays is done at the player's own risk through the on-line retailer who is acting on behalf of the player in entering the plays. (Authorized by and implementing K.S.A. 74-8710, as amended by L. 1995, Chapter 261, §1; effective, T-111-12-18-91, Dec. 13, 1991; amended, T-111-7-1-92, June 26, 1992; amended, T-111-10-27-92, Sept. 11, 1992; amended, T-111-10-22-93, Oct. 15, 1993; amended, T-111-6-28-94, June 17, 1994; amended, T-111-12-18-95, Dec. 14, 1995.)

**111-7-81. Determination of winners.** (a) "Club Keno" tickets may be sold every day of the year between 6:00 a.m. and 11:50 p.m. with validations allowed until 12:00 midnight. Upon implementation of software changes, tickets may be sold between 6:00 a.m. and 12:50 a.m. with validation allowed until 1:00 a.m.

(b) The selection of winning numbers shall take place as nearly as possible, at five-minute intervals. The first drawing will be at 6:05 a.m. with subsequent drawings every five minutes thereafter with the last drawing at 11:50 p.m. With the one-hour time expansion specified in subsection (a), the last drawing will occur at 12:50 a.m. All drawings will occur either on the hour or at multiples of five minutes past the hour. If a drawing cannot be held at the scheduled drawing time, the delayed drawing will take place at the next scheduled drawing time. Ticket sales for each drawing will end momentarily immediately prior to the scheduled drawing and then resume for the next drawing without delay. Club Keno wagering will not be inhibited between games. Each game is identified by a 6-digit consecutive game number that is assigned by

the central system and the game number(s) for the drawing(s) for which the ticket was purchased will appear on the ticket. In the event a drawing does not occur at the drawing time scheduled, sales for that drawing will remain closed. Sales for the following drawing will remain open until five minutes after the results of the delayed drawing have been posted by the system. Winning game number selections for any games remaining on a player's ticket at the end of daily sales shall take place the next day.

(c) Winning number combinations shall be generated every five minutes through the use of a computer-driven random number generator located at lottery headquarters. The generator shall be statistically analyzed, tested, and certified by an independent qualified statistician for integrity. Periodic checks shall be made to ensure the security and integrity of the system at least quarterly.

(d) The Kansas lottery director of security shall establish the procedures for the operation and security of the random number generator, including the specification of those individuals who shall have access to the system. A security officer shall accompany anyone needing access to the secured area containing the generator for any reason. (Authorized by K.S.A. 74-8710, as amended by L. 1995, Chapter 261, §1; implementing K.S.A. 74-8710, as amended by L. 1995, Chapter 261, §1, and 74-8720; effective, T-111-9-1-92, Aug. 28, 1992; amended, T-111-8-5-94, July 15, 1994; amended, T-111-12-18-95, Dec. 14, 1995.)
