Taxation—Property Valuation, Equalizing Assessments, Appraisers and Assessment of Property—Investigation of Property When No Statement Filed; County's Subpoena Power. Sandra L. Jacquot, Shawnee County Counselor, Topeka, March 5, 1996.

K.S.A. 79-1461 provides authority for a county appraiser to seek issuance of a subpoena for records when the appraiser has reason to believe such records would be useful in valuing property located within the county, whether such property is real or personal. The existence of a case in controversy is not a prerequisite to issuing a subpoena under this authority. Cited herein: K.S.A. 79-102; 79-1457; 79-1461; 79-1462; L. 1982, ch. 391. JLM

Taxation—Kansas Retailers' Sales Tax—Retailers' Sales Tax Imposed; Sale of Motor Vehicle by an Auctioneer. Senator Jerry Moran, 37th district, Hays, March 5, 1996.

The tax on the sale of a motor vehicle by an auctioneer in the course of the auctioneer's business should be paid by the purchaser to the appropriate county treasurer or the director of taxation unless the auctioneer is a licensed vehicle dealer or the sale of motor vehicles does not constitute an isolated or occasional sale under the retailers' sales tax act. Cited herein: K.S.A. 1995 Supp. 8-2401; 79-3602; 79-3603; 79-3604; 79-3606; K.A.R. 92-19-30; 92-19-34. JLM

Crimes and Punishments—Trading Stamps—Trading Stamp Act Inapplicable to Certain Coupons and Similar Devices; Coupons Redeemed by Retailer. Senator Don Sallee, 1st District, Troy, March 5, 1996.

An arrangement whereby two or more retailers offer coupons or cards redeemable for products that are sold by those retailers in the usual course of their business is excepted from the provisions of the trading stamp act. Cited herein: K.S.A. 21-2801; 21-2802; 21-2803; 21-2804; 21-4302. JLM

Corporations—Agricultural Corporations—Definitions; Limitations; Exceptions; Process for Rescinding County Resolution; Home Rule.

Counties and County Officers—General Provisions—Home Rule Powers; Limitations; Restrictions; Rescinding Corporate Farming Resolution. Representative Steve Lloyd, 64th District, Clay Center, March 5, 1996.

A county may use K.S.A. 19-101a to rescind a resolution previously adopted pursuant to K.S.A. 17-5907 or 17-5908. It is our opinion that such rescission by a county is an exercise of police power. Thus, while not precluded from grandfathering in existing corporate farming oper-

ations that have undertaken substantial property acquisition in light of prior county approval, a county's decision to rescind approval of corporate farming does not rise to the level of an inverse condemnation action or otherwise constitute a taking for which compensation must be paid to the private property owners. If a county chooses to allow a corporation to continue operation while prohibiting new businesses of the same type, the county is not required to allow existing corporations to expand. Roads and Bridges; Miscellaneous—Highway Beautification; Highway Advertising Control Act of 1972—Highway Advertising Control; Sign Standards; Local Zoning. Senator Dick Bond, 8th District, Overland Park, March 11, 1996.

A city may regulate the size and spacing of signs and billboards located on private property. Such regulation may not conflict with 12 U.S.C. § 131 and K.S.A. 68-2231 et seq.; however, both laws recognize a city's regulatory authority over the erection, maintenance, size, spacing and lighting of signs in commercial and industrial areas. Opinion No. 96-23

Counties and County Officers—County Appraiser—Qualifications; Ability to Own a Private Appraisal Company. Representative Richard Alldritt, 105th District, Harper, March 11, 1996.

A county appraiser is not statutorily precluded from owning an appraisal company that does appraisals in the county served by the appraiser as long as the appraiser, in counties having a population of more than 20,000 and in counties that by resolution have provided for full-time appointment, is able to devote full time to the duties of the office of county appraiser, observes any licensing or certification requirements, files the appropriate disclosure statements and does not participate in the making of contracts with an entity in which he or she holds a substantial interest as defined by K.S.A. 1995 Supp. 75-4301a. Cited herein: K.S.A. 19-430; K.S.A. 22a-106; 58-4101; 58-4118; K.S.A. 1995 Supp. 75-4302a; K.A.R. 117-1-1. JLM

Public Health—Emergency Medical Services—Establishment and Operation of Emergency Medical Services by Municipalities; Reimbursement of Taxing Districts Which Provide Ambulance Services. Philip D. Gordon, Attorney for Fire District No. 11, Jefferson County, Kansas, March 11, 1996.

The Jefferson County Board of County Commissioners is not obligated to reimburse Fire District No. 11 with its proportionate share of county general funds budgeted for ambulance service. Cited herein: K.S.A. 19-261 (repealed L. 1988, ch. 261); 65-6113. MF

Opinion No. 96-25

State Departments; Public Officers and Employees—Public Officers and Employees; Public Employer-Employee Relations—Public Employee Relations Board; Appointment of State Agency Director of Human Resources as the Representative of Public Employees. Senator Paul Feliciano, Jr., 28th District, Wichita, March 12, 1996.

As a matter of law, a person who is not a "public employee" as defined by K.S.A. 75-4322(a) does not qualify as a representative of public employees for purposes of the act establishing the requirements for appointment to the Public Employee Relations Board. However, whether an individual appointed to the board is excluded from the definition of "public employee" as defined by K.S.A. 75-4322(a) is an issue of fact. An individual presently employed as director of human resources or personnel manager for a state agency is not necessarily excluded from the definition of "public employee" as a matter of law for purposes of the public employer-employee relations act. The appointee's status as a supervisory employee, a confidential employee, or a management official depends upon the particular duties and functions associated with the job rather than the position title or classification, and the issue is properly resolved on a case-by-case examination of the relevant facts and circumstances. The factual determination whether an appointee meets the statutory requirements for a particular position properly rests with the Senate when the appointment is subject to Senate confirmation. Cited herein: Kan. const., art. 2, § 18; art. 15, § 1; K.S.A. 75-4315b; 75-4321; 75-4322; K.S.A. 1995 Supp. 75-4323; K.S.A. 75-4324; 75-4333; 75-4334; 29. U.S.C. § 152(11). JLEG

Opinion No. 96-26

Elections—Registration of Voters—County Election Officer Designated; Deputy County Election Officers, Appointment; Non-Public Event. Representative Troy Findley, 46th District, Lawrence, March 12, 1996.

A citizen has a constitutionally protected right to participate in elections on an equal basis with other citizens in the jurisdiction. In order to ensure exercise of this right, state statute and the national voter registration act require that sites designated as places of registration be open to the public at large. Designation of sites which are not open to the public at large may result in legal action against the public entity responsible for the operation of the place or registration. K.A.R. 100-69-7. Unprofessional conduct defined. This regulation defines nine specific grounds which would constitute unprofessional conduct by an athletic trainer.

K.A.R. 100-69-8. Temporary registration. This regulation authorizes the issuance of a temporary permit and

(continued)

specifies the requirements which must be met to obtain a temporary permit. Also, this regulation would limit the number of temporary permits to two that will be permitted to any one person.

K.A.R. 100-69-9. Practice protocols. This regulation establishes the criteria which must be contained in a practice protocol and requires that the protocol be filed with the board on a form prescribed and issued by the board.

The above regulations are all related to registration of athletic trainers by the Kansas State Board of Healing Arts. There is no economic impact on state agencies or the general public. The economic impact on persons who wish to hold themselves out as athletic trainers is a \$40 initial registration fee and a \$30 annual renewal fee.

Copies of the proposed regulations and the associated economic impact statements may be obtained from the Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, 66612; or by calling Betty Johnson at (913) 296-3680.

Board of Cosmetology

Notice of Hearing on Proposed Administrative Regulations

The Kansas State Board of Cosmetology will conduct a public hearing at 9 a.m. Monday, June 3, in the board office at 2708 N.W. Topeka Blvd., Topeka, to consider proposed new regulations numbered K.A.R. 69-14-1, 69-14-2, 69-14-3, 69-14-4 and 69-14-5.

The following is a summary of the substance of each proposed new regulation and its anticipated economic impact.

1. K.A.R. 69-14-1. Definitions. This regulation defines the terminology referred to throughout the regulations, such as "approval," "approved provider," "certificate," "contact hours," "CCE," "dual license," "independent study," "inservice," "instructor credit," "offering," "orientation," "partial credit" and "program."

Economic Impact: There will be no economic impact on either the agency or industry as a result of this regulation.

2. K.A.R. 69-14-2. License renewal. This regulation provides the terms and stipulations for licensees obtaining their required continuing education in order to renew their license as active.

Economic Impact: There is no economic impact caused by this regulation to this agency or other agencies. There will be fiscal impact to individual licensees as a result of being required to obtain continuing education credit. The cost will be the fee to the board's designee to track their con-ed hours and pay to attend con-ed classes. This cost will depend upon what type of con-ed activity the licensee selects to fulfill the requirement.

The fiscal impact to the tracking designee will be to collect a fee from all active licensees. This fee will provide

funds for the administration of the tracking designee's responsibilities to the board and the licensee.

3. K.A.R. 69-14-3. Approval of cosmetology continuing education. This regulation provides the requirements for approving providers of con-ed. It also lists responsibilities of providers.

Economic Impact: As a result of this regulation, the board will collect an annual fee from all providers of con-ed. This is a one-time fee for approval, allowing the provider to present its program as many times as it wishes throughout the year. It is assumed that the providers will assess a cost of their class to the licensee who attends.

4. K.A.R. 69-14-4. Dual licensees. This regulation states that if an individual is licensed in more than one area, they will only be required the minimum of 20 hours to satisfy both license renewals. If one of the licenses is an instructor license, then the contact hours shall be related to teaching.

Economic Impact: There will be no additional economic impact on either the agency or industry as a result of this regulation.

5. K.A.R. 69-14-5. Fees. This regulation provides the fee structure related to continuing education.

Economic Impact: As a result of this regulation, the board will assess a fee to all providers to approve their programs. This fee is annual and the provider may present its programs throughout the year as many times as it wishes. The licensee will be required to pay a fee to the board's designee to track their hours and report to the board in order to prove satisfaction of requirements and renew license.

A copy of each of the proposed regulations and complete economic impact statement may be obtained by contacting the executive director of the State Board of Cosmetology at the address above prior to the date of the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Nancy Shobe at (913) 296-3155.

All interested persons will be given a reasonable opportunity at the hearing to present their views, either orally or in writing, in regard to the proposed regulations. In addition, the period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Such written comments may be submitted to the executive director of the State Board of Cosmetology.

Doc. No. 017440

State of Kansas

**Department of Health
and Environment**

**Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Department of Health and Environment, Division of Health, Office of Epidemiologic Services, will conduct a public hearing at 10 a.m. Tuesday, May 28, in the basement conference room of the Mills Building, 109 S.W. 9th, Topeka, to consider the adoption, on a permanent basis, of proposed amendments to an existing rabies control regulation, the rabies control in wildlife regulation, and the psittacosis control regulation. The regulations proposed to be amended are: K.A.R. 28-1-13, 28-1-14 and 28-1-15. A summary of the proposed amendments and their economic impact follows.

28-1-13. Rabies control; isolation of biting animals. The proposed amendment does several things. First, it replaces the word animal(s) with the word mammal(s), since only mammals are susceptible to rabies. Second, by removing the words biting or bitten, the regulation is no longer restricted to bite exposures to rabies. This is necessary because exposure to rabies may occur by a bite or a non-bite route. Third, the amendment outlines specific measures which are to be undertaken after a human or animal has been exposed to rabies. These recommendations concur with the current national recommendations for rabies control. There should be no economic impact to the Kansas Department of Health and Environment because of these amendments. Owners of animals who bite humans or other animals may be required to pay for the cost of observing or testing animals and rabies post exposure treatment for exposed humans. Owners of animals bitten by other rabid animals may be required to pay for observing and vaccinating their animals.

28-1-14. Rabies control in wildlife animals. This regulation was last updated in 1983. The proposed amendment replaces the word animal(s) with mammal(s). The amendment also gives the Secretary of Health and Environment the option to permit wildlife rabies immunization. The State Health Department of Texas and New York are currently conducting controlled wildlife immunization to control ongoing epizootics of coyote and raccoon rabies respectively. These additions will have no financial impact on persons involved in the sale of wildlife or to the Kansas Department of Health and Environment.

28-1-15. Psittacosis control; record of purchase and sale. The amendment requires that the species of psittacine birds be recorded when the birds are purchased. It also requires that the seller record the name, address and telephone number of the customer, date of purchase, the species and band number of the birds when sold. During an outbreak of psittacosis this information will be useful for contact tracing. This regulation was last updated in 1986 and is outdated. These new recommendations concur with current national recommendations for psittacosis control. These changes will have minimal economic impact on persons buying or selling psittacine birds.

The period between the publication of this notice and the scheduled public hearing constitutes a public comment period for receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to the hearing to Dr. Jennifer Calder, Office of Epidemiologic Services, Mills Building, 109 S.W. 9th, Suite 602, Topeka, 66612. All interested parties will be given reasonable opportunity to present their views orally on the proposed regulatory action during the hearings. Limiting oral presentations to five minutes may be necessary for participants.

Copies of the proposed amendments and the economic impact may be obtained from the Kansas Department of Health and Environment, Office of Epidemiologic Services, by calling (913) 296-1127. Questions pertaining to these proposed amendments should be directed to Dr. Jennifer Calder at the address and phone number above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and the economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Dr. Jennifer Calder.

An application under these provisions shall be limited to an entity seeking renewal based upon the prior self-insured status of another entity or entities.

Sec. 2. K.S.A. 44-532 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

(Published in the Kansas Register March 28, 1996.)

HOUSE BILL No. 2650

AN ACT extending the employment security tax moratorium for an additional year; amending K.S.A. 1995 Supp. 44-710a and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1995 Supp. 44-710a is hereby amended to read as follows: 44-710a. (a) *Classification of employers by the secretary.* The term "employer" as used in this section refers to contributing employers. The secretary shall classify employers in accordance with their actual experience in the payment of contributions on their own behalf and with respect to benefits charged against their accounts with a view of fixing such contribution rates as will reflect such experience. If, as of the date such classification of employers is made, the secretary finds that any employing unit has failed to file any report required in connection therewith, or has filed a report which the secretary finds incorrect or insufficient, the secretary shall make an estimate of the information required from such employing unit on the basis of the best evidence reasonably available to the secretary at the time, and notify the employing unit thereof by mail addressed to its last known address. Unless such employing unit shall file the report or a corrected or sufficient report as the case may be, within 15 days after the mailing of such notice, the secretary shall compute such employing unit's rate of contributions on the basis of such estimates, and the rate as so determined shall be subject to increase but not to reduction on the basis of subsequently ascertained information. The secretary shall determine the contribution rate of each employer in accordance with the requirements of this section.

(1) *New employers.* (A) No employer will be eligible for a rate computation until there have been 24 consecutive calendar months immediately preceding the computation date throughout which benefits could have been charged against such employer's account.

(B) (i) Employers who are not eligible for a rate computation shall pay contributions at an assigned rate equal to the sum of 1% plus the greater of the average rate assigned in the preceding calendar year to all employers in such industry division or the average rate assigned to all covered employers during the preceding calendar year, except that in no instance shall any such assigned rate be less than 2%. Employers engaged in more than one type of industrial activity shall be classified by principal activity. All rates assigned will remain in effect for a complete calendar year. If the sale or acquisition of a new establishment would require reclassification of the employer to a different industry division, the employer would be promptly notified, and the contribution rate applicable to the new industry division would become effective the following January 1. For rate year 1995 and 1996 years 1995, 1996 and 1997, all employers who are not eligible for rate computation shall pay contributions at the rate of 1%. However, for rate year 1996 and 1997, the 1% contribution

rate for all employers who are not eligible for a rate computation shall not be effective if the reserve fund ratio in column A of schedule III as determined by this section is less than 2%.

(ii) For purposes of this subsection (a), employers shall be classified by industrial activity in accordance with standard procedures as set forth in rules and regulations adopted by the secretary.

(C) "Computation date" means June 30 of each calendar year with respect to rates of contribution applicable to the calendar year beginning with the following January 1. In arriving at contribution rates for each calendar year, contributions paid on or before July 31 following the computation date for employment occurring on or prior to the computation date shall be considered for each contributing employer who has been subject to this act for a sufficient period of time to have such employer's rate computed under this subsection (a).

(2) *Eligible employers.* (A) A reserve ratio shall be computed for each eligible employer by the following method: Total benefits charged to the employer's account for all past years shall be deducted from all contributions paid by such employer for all such years. The balance, positive or negative, shall be divided by the employer's average annual payroll, and the result shall constitute the employer reserve ratio.

(B) Negative account balance employers as defined in subsection (d) shall pay contributions at the rate of 5.4% for each calendar year. However, for rate years 1996 and 1997 all negative account balance eligible employers will be assigned rates and pay contributions in accordance with the following schedule.

(C) Eligible employers, other than negative account balance employers, who do not meet the average annual payroll requirements as stated in subsection (a)(2) of K.S.A. 44-703 and amendments thereto, will be

issued the maximum rate indicated in subsection (a)(3)(C) of this section until such employer establishes a new period of 24 consecutive calendar months immediately preceding the computation date throughout which benefits could have been charged against such employer's account by resuming the payment of wages. Contribution rates effective for each calendar year thereafter shall be determined as prescribed below.

(D) As of each computation date, the total of the taxable wages paid during the twelve-month period prior to the computation date by all employers eligible for rate computation, except negative account balance employers, shall be divided into 51 approximately equal parts designated in column A of schedule I as "rate groups," except, with regard to a year in which the taxable wage base changes. The taxable wages used in the calculation for such a year and the following year shall be an estimate of what the taxable wages would have been if the new taxable wage base had been in effect during the entire twelve-month period prior to the computation date. The lowest numbered of such rate groups shall consist of the employers with the most favorable reserve ratios, as defined in this section, whose combined taxable wages paid are less than 1.96% of all taxable wages paid by all eligible employers. Each succeeding higher numbered rate group shall consist of employers with reserve ratios that are less favorable than those of employers in the preceding lower numbered rate groups and whose taxable wages when combined with the taxable wages of employers in all lower numbered rate groups equal the appropriate percentage of total taxable wages designated in column B of schedule I. Each eligible employer, other than a negative account balance employer, shall be assigned an experience factor designated under column C of schedule I in accordance with the rate group to which the employer is assigned on the basis of the employer's reserve ratio and taxable payroll. If an employer's taxable payroll falls into more than one rate group the employer shall be assigned the experience factor of the lower numbered rate group. If one or more employers have reserve ratios identical to that of the last employer included in the next lower numbered rate group, all such employers shall be assigned the experience factor designated to such last employer, notwithstanding the position of their taxable payroll in column B of schedule I.

(E). Negative account balance employers shall, in addition to paying the rate provided for in subsection (a)(2)(B) of this section, *except for rate years 1996 and 1997*, pay a surcharge based on the size of the employer's negative reserve ratio, the calculation which is provided for in subsection (a)(2) of this section. The amount of the surcharge shall be determined from column B of schedule II of this section. Each negative account balance employer who does not satisfy the requirements to have an average annual payroll, as defined by subsection (a)(2) of K.S.A. 44-703 and amendments thereto, shall be assigned a surcharge of 1%. Contribution payments made pursuant to this subsection (a)(2)(E) shall be credited to the appropriate account of such negative account balance employer.

(3) *Planned yield.* (A) For rate year 1995, and all years thereafter, the average required yield shall be determined from schedule III of this section, and the planned yield on total wages in column B of schedule III shall be determined by the reserve fund ratio in column A of schedule III. The reserve fund ratio shall be determined by dividing total assets in the employment security fund provided for in subsection (a) of K.S.A. 44-712 and amendments thereto, excluding all moneys credited to the account of this state pursuant to section 903 of the federal social security act, as amended, which have been appropriated by the state legislature, whether or not withdrawn from the trust fund, and excluding contributions not yet paid on July 31 by total payrolls for contributing employers for the preceding fiscal year which ended June 30.

(B) *Adjustment to taxable wages.* The planned yield as a percent of total wages, as determined in this subsection (a)(3), shall be adjusted to taxable wages by multiplying by the ratio of total wages to taxable wages for all contributing employers for the preceding fiscal year ending June 30, except, with regard to a year in which the taxable wage base changes. The taxable wages used in the calculation for such a year and the following year shall be an estimate of what the taxable wages would have been if the new taxable wage base had been in effect during all of the preceding fiscal year ending June 30.

(C) *Effective rates.* Except with regard to rates for negative account balance employers, employer contribution rates to be effective for the ensuing calendar year shall be computed by adjusting proportionately the experience factors from schedule I of this section to the required yield on taxable wages. For the purposes of this subsection (a)(3), all rates computed shall be rounded to the nearest .01% and for calendar year 1983 and ensuing calendar years, the maximum effective contribution rate shall not exceed 5.4%. For rate years 1995 and, 1996 and 1997, employers, who are current in filing of all reports and in payment of all contributions due, shall be issued a contributions rate of 0%. To be eligible for the 0% rate for rate year 1995, an employer must file all delinquent reports and pay all contributions due within a 30-day period following the date of mailing of the amended rating notice. For rate year 1996 and 1997, in order to be eligible for the 0% rate, employers must file all reports due and pay all contributions due on or before January 31, 1996 and January 31, 1997, respectively. However, for rate year 1996 and 1997, the 0% contribution rate for such eligible employers shall not be effective if the reserve fund ratio in column A of schedule III as determined by this section is less than 2%. For rate years 1996 and 1997, the rates in schedule IIA shall apply unless the reserve fund ratio in column A of schedule III as determined by this section is less than 2%.

(b) *Successor classification.* (1) For the purposes of this subsection (b), whenever an employing unit, whether or not it is an "employing unit" within the meaning of subsection (g) of K.S.A. 44-703 and amendments thereto, becomes an employer pursuant to subsection (h)(4) of K.S.A. 44-703 and amendments thereto or is an employer at the time of acquisition and meets the definition of a "successor employer" as defined by subsection (dd) of K.S.A. 44-703 and amendments thereto and is controlled substantially either directly or indirectly by legally enforceable means or otherwise by the same interest or interests, shall acquire the experience rating factors of the predecessor employer. These factors consist of all contributions paid, benefit experience and annual payrolls of the predecessor employer.

(2) A successor employer as defined by subsection (h)(4) or subsection (dd) of K.S.A. 44-703 and amendments thereto may receive the experience rating factors of the predecessor employer if an application is made to the secretary or the secretary's designee in writing within 120 days of the date of the transfer.

(3) Whenever an employing unit, whether or not it is an "employing unit" within the meaning of subsection (g) of K.S.A. 44-703 and amendments thereto, acquires or in any manner succeeds to a percentage of an employer's annual payroll which is less than 100% and intends to continue the acquired percentage as a going business, (A) shall acquire the same percentage of the predecessor's experience factors if the employer is controlled substantially, either directly or indirectly or by legally enforceable means or otherwise, by the same interest or interests or (B) may acquire the same percentage of the predecessor's experience factors if: (i) The predecessor employer and successor employing unit make an application in writing on the form prescribed by the secretary, (ii) the application is submitted within 120 days of the date of the transfer, (iii) the successor employing unit is or becomes an employer subject to this act immediately after the transfer, (iv) the percentage of the experience rating factors transferred shall not be thereafter used in computing the contribution rate for the predecessor employer, and (v) the secretary finds that such transfer will not tend to defeat or obstruct the object and purposes of this act.

(4) If the acquiring employing unit was an employer subject to this act prior to the date of the transfer, the rate of contribution for the period from such date to the end of the then current contribution year shall be the same as the contribution rate prior to the date of the transfer. An employing unit which was not subject to this act prior to the date of the transfer shall have a newly computed rate based on the transferred experience rating factors as of the computation date immediately preceding the date of acquisition. These experience rating factors consist of all contributions paid, benefit experience and annual payrolls.

(5) Whenever an employer's account has been terminated as provided in subsections (d) and (e) of K.S.A. 44-711 and amendments thereto.

and the employer continues with employment to liquidate the business operations, that employer shall continue to be an "employer" subject to the employment security law as provided in subsection (h)(8) of K.S.A. 44-703 and amendments thereto. The rate of contribution from the date of transfer to the end of the then current calendar year shall be the same as the contribution rate prior to the date of the transfer. At the completion of the then current calendar year, the rate of contribution shall be that of a "new employer" as described in subsection (a)(1) of this section.

(6) No rate computation will be permitted an employing unit succeeding to the experience of another employing unit pursuant to this section for any period subsequent to such succession except in accordance with rules and regulations adopted by the secretary. Any such regulations shall be consistent with federal requirements for additional credit allowance in section 3303 of the federal internal revenue code of 1986, and consistent with the provisions of this act.

(c) *Voluntary contributions.* Notwithstanding any other provision of the employment security law, any employer may make voluntary payments for the purpose of reducing or maintaining a reduced rate in addition to the contributions required under this section. Such voluntary payments may be made only during the thirty-day period immediately following the date of mailing of experience rating notices for a calendar year. All such voluntary contribution payments shall be paid prior to the expiration of 120 days after the beginning of the year for which such rates are effective. The amount of voluntary contributions shall be credited to the employer's account as of the next preceding computation date and the employer's rate shall be computed accordingly, except that no employer's rate shall be reduced more than five rate groups as provided in schedule I of this section as the result of a voluntary payment. An employer not having a negative account balance may have such employer's rate reduced not more than five rate groups as provided in schedule I of this section as a result of a voluntary payment. An employer having a negative account balance may have such employer's rate reduced to that prescribed for rate group 51 of schedule I of this section by making a voluntary payment in the amount of such negative account balance or to that rate prescribed for rate groups 50 through 47 of schedule I of this section by making an additional voluntary payment that would increase such employer's reserve ratio to the lower limit required for such rate groups 50 through 47. Under no circumstances shall voluntary payments be refunded in whole or in part.

(d) As used in this section, "negative account balance employer" means an eligible employer whose total benefits charged to such employer's account for all past years have exceeded all contributions paid by such employer for all such years.

(e) The secretary of human resources shall annually prepare and submit a certification as to the solvency and adequacy of the amount credited to the state of Kansas' account in the federal employment security trust fund to the governor and the employment security advisory council. Commencing in calendar year 1994, the certification shall be submitted on or before December 1 of each calendar year and shall be for the twelve-month period ending on June 30 of that calendar year. In arriving at the certification contributions paid on or before July 31 following the twelve-month period ending date of June 30 shall be considered. Each certification shall be used to determine the need for any adjustment to schedule III in subsection (a)(3)(A) and to assist in preparing legislation to accomplish any such adjustment.

Sec. 2. K.S.A. 1995 Supp. 44-710a is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.
