Request for Proposals

The Kansas Commission on National and Community Service, a part of the Kansas State Board of Education, announces the availability of funding to be awarded to applicants based upon successful competitive proposals to conduct service learning programs as defined in the state plan. Approximate funding available by priority is listed below.

1. **Learn and Serve America School-based programs focusing on integration of service learning in the curriculum of kindergarten through high school age youth.** Approximately \$179,000 is available to support approximately 21 new and renewal programs. New programs are eligible to apply for up to \$10,000 for a project to begin in September 1996. The deadline for applications is 5 p.m. May 30.
2. **Learn and Serve America Community-based programs focusing on service learning for youth, ages 5 through 19, during out-of-school hours.** Approximately \$95,000 is available to support approximately 10 new and renewal programs. New programs are eligible to apply for up to \$10,000 for a project to begin in September 1996. The deadline for applications is 5 p.m. May 30.
3. **AmeriCorps program serving the unmet needs in Southwest Kansas.** Priority will be given to an appli-

cant that proposes to serve more than one community in the Southwest Kansas area. Approximately \$180,000 is available to support one project in this priority to begin in January 1997. The deadline for applications is 5 p.m. June 17.

4. **AmeriCorps partnership program comprised of up to four AmeriCorps Kansas members and four AmeriCorps VISTA members who would act as service learning coordinators in public school settings.** A grant to support the AmeriCorps VISTA component would provide 100 percent of the benefits received by the corps members. Approximately \$60,000 is available to support the AmeriCorps Kansas members. This grant would require a cash match of 15 percent of their living allowances and benefits and 33 percent of the cost of program operation. The deadline for applications is 5 p.m. June 17 for a project to begin in January 1997.

To receive a Request for Proposal packet, contact Patricia P. Kells, Executive Director, Kansas Office for Community Service, P.O. Box 189, Topeka, 66601, (913) 234-1423. Final decision about the awards will be made by the Corporation for National Service.

State Banking Department

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 9 a.m. Monday, July 15, in the conference room of the Office of the State Bank Commissioner, Suite 300, 700 S.W. Jackson, Topeka, to consider the adoption of proposed changes to administrative regulations of the Kansas Banking Department and K.A.R. 104-1-2, a joint regulation of the Bank Commissioner, Credit Union Administrator and Consumer Credit Commissioner. These regulations are proposed for adoption on a permanent basis.

I. New Regulations

New Article 1. Definitions.

K.A.R. 17-1-1 is a newly created article, which defines the term "commissioner" to mean the Kansas state bank commissioner. Its purpose is for simplification of language in all subsequent regulations. There is no economic impact.

New Article 9. Investment Securities.

K.A.R. 17-9-1 through 17-9-10, inclusive, creates an entirely new article and is composed of the investment securities regulations that were previously found at K.A.R. 17-11-1 through 17-11-12. Prior to this amendment, Article 11 had contained a mixed group of subjects. It was decided to move all regulations dealing with investment securities to a new article, so that Article 11 could be devoted solely to documentation requirements. Changes in the language as it appears in new Article 9 are for clarification and cleanup purposes, and do not include any new requirements; therefore, there are no new costs associated with the promulgation of these regulations.

Article 11. Documentation Requirements.

K.A.R. 17-11-23 was created, but contains no new requirements. It separates the issue of charged-off assets and assets acquired in lieu of payment of a debt, which previously were both addressed in 17-11-19. The new regulation deals solely with other assets taken in payment of a debt. K.A.R. 17-11-19 deals solely with charged-off assets.

II. Revoked Regulations

Article 10. Reserves.

The only regulation in this article, K.A.R. 17-10-1, provided a method for computing necessary reserves. Implementation of the Federal Reserve Board's Regulation D in 1980 made this state regulation unnecessary. Revo-

cation will have no economic impact, as it has not been in use since the early 1980s.

Article 11. Documentation Requirements.

K.A.R. 17-11-1 through 17-11-12 dealt with investment securities, most of which were moved to Article 9. K.A.R. 17-11-20, entitled "descriptive matter," was incorporated into 17-11-16, entitled "bonds; records."

Article 16. Charter Applications.

K.A.R. 17-16-3 was substantially incorporated into 17-16-1. There is no economic impact. K.A.R. 17-16-5 required that a public hearing be held for new charters. The intent of the public hearing was to allow the public the opportunity to comment on the application. The same objective is accomplished more effectively through comment letters with much less expense. Revocation of this regulation causes K.A.R. 17-16-6 through 17-16-8 to be unnecessary, as they dealt with aspects of the hearing. There is an economic impact in copying and mailing expenses. There were also possible room rental fees, transcript copy fees, consultant or attorney fees, and court reporter fees, which should be eliminated.

Article 18. Open-end Investment Companies.

K.A.R. 17-18-1 through 17-18-4, inclusive, are being revoked because they have been ineffective since 1987, when they were superseded by Special Order 1987-1 issued by the commissioner. As these regulations currently have no effect, revocation will have no economic impact.

Article 21. Bank Holding Companies; Application for the Acquisition of a Kansas Bank or Bank Holding Company.

The statute which authorized K.A.R. 17-21-7 has since been repealed. Therefore, the regulation is being revoked with no economic impact.

III. Amended Regulations

A. The proposed amendments to the following regulations do not impose new or different requirements from what is currently in the regulation and are generally being proposed to clarify existing language:

K.A.R. 104-1-2
K.A.R. 17-11-13
K.A.R. 17-11-15
K.A.R. 17-11-19
K.A.R. 17-12-1
K.A.R. 17-17-1 to 17-17-10, inclusive
K.A.R. 17-21-1
K.A.R. 17-21-3
K.A.R. 17-21-5
K.A.R. 17-21-6
K.A.R. 17-21-8

B. The proposed substantive amendments to the following regulations are summarized below:

Article 11. Documentation Requirements.

K.A.R. 17-11-14. Director's meetings.

This regulation is being amended to clarify and set out specifically what the department is currently requiring of all banks. Rather than setting out these recordkeeping requirements in policy form, it was deemed beneficial to specify them in the body of this regulation. Because there are no "new" requirements, the department does not an-

ticipate any economic impact as a result of these amendments.

K.A.R. 17-11-16. Bonds; records.

This regulation is being updated to reflect current record keeping methods, and to further specify what the examiners will be looking for in the bank's file for each bond. These changes do not constitute any new requirements for banks, and therefore there is no economic impact associated with the proposed amendments.

K.A.R. 17-11-17. Bank-owned real estate; records.

This regulation is being amended first to clarify that it only applies to bank-owned real estate. It also clarifies what types of appraisals will be acceptable for bank-owned real estate. Specifically, the amendments make it clear that a bank is not obligated to use a certified or licensed appraiser on bank-owned real estate. Two officers of the bank, or some other qualified individual, may do these appraisals and/or appraisal updates. This has been the department's interpretation of the language in the current regulation and the amendments are being proposed to clarify this interpretation. The department does not anticipate any economic impact to result from implementation of this clarifying language.

K.A.R. 17-11-18. Loans; documentation requirements.

Many of the proposed amendments to this regulation are intended to clarify existing language and to restructure the regulation. The amendments which impose different requirements concern the required documentation for loans in excess of \$15,000. The proposed amendment increases the floor for these requirements to loans in excess of \$25,000 instead of the current amount of \$15,000. Although it is recognized that banks may sometimes absorb costs relating to these documentation requirements, they are most often passed on to the borrower. Therefore, in most circumstances, the proposed amendments will result in cost savings to the borrower on loans between \$15,000 and \$25,000 for such items as title insurance, appraisals, and credit reports.

K.A.R. 17-11-21. Appraisals and evaluations.

This regulation sets out requirements for appraisals and evaluations of real estate. Currently, an evaluation is required on real property loans greater than \$15,000 but less than \$250,000. The proposed amendments increase the base amount from \$15,000 to \$25,000, and add other exemptions from appraisal and evaluation requirements. In general, the costs for evaluations or appraisals are passed on to the borrower, and the proposed amendments should help to eliminate those costs.

Article 16. Charter Applications.

K.A.R. 17-16-1. Application; filing.

This regulation is being amended to reduce the number of copies of the application that must be filed with the Office from 13 to nine. The change in number of copies will have a minimal economic impact for applicants related to photocopying and mailing expenses.

K.A.R. 17-16-2. Application; contents.

The application contents set out in the amendments are substantially the same requirements as the current regulation, but provide clarification for items required to be submitted, including a specification that financial state-

ments must be less than 90 days old. With regard to the applicant submitting a list of all financial institutions within a 25-mile radius, discretion is given to the commissioner to require something less than this in major metropolitan areas.

K.A.R. 17-16-4. Comment letters; notification of the applicant.

Because K.A.R. 17-16-5 removes the requirement that a public hearing be held in connection with a new charter application, the provisions in this regulation relating to appointment of an investigating subcommittee for the hearing are no longer needed. In place of the hearing, the proposed amendments to K.A.R. 17-16-4 establish a procedure for concerned parties to submit comment letters for consideration by the Banking Board. Because the applicant was responsible for paying all expenses associated with the hearing, these proposed amendments will eliminate costs to the applicant, such as rental of a hearing room and preparation of a transcript. The amendments will not have any measurable economic impact on the department.

K.A.R. 17-16-9. Application; consideration by the board.

In the current regulation, the Banking Board considers the transcript from the hearing on the application and makes its decision. The proposed amendments required the board to consider the comment letters received. The other proposed amendment is only a clarification of the time frame in which the board must make its decision and does not constitute a new or different requirement.

Article 21. Bank Holding Companies; Application for the Acquisition of a Kansas Bank or Bank Holding Company.

The regulations contained in Article 21 concern bank holding companies and applications for the acquisition of a Kansas bank or bank holding company. The proposed amendments include removal of geographic restrictions to comply with the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994, and a change in the definition of "control" in K.A.R. 17-21-2. In addition, the proposed amendments change time frames for filing applications and add a requirement in 17-21-4 that the applicant file a notice of intent with the Office of the State Bank Commissioner. The economic impact associated with these amendments is negligible.

A complete copy of the proposed regulations and the economic impact statement may be obtained by contacting Amy Johnson, Office of the State Bank Commissioner, (913) 296-2266. This 60-day notice of hearing shall constitute a public comment period for the purpose of receiving public comments on the proposed regulations. Written comments shall be submitted prior to the hearing to W. Newton Male, State Bank Commissioner, at the address listed above. Interested persons will be given reasonable opportunity at the hearing to present their views and arguments on the adoption of the proposed regulations; however, presentations should be in writing whenever possible. Any person requiring assistance because of disability should contact the department so appropriate arrangements can be made.

Schools—Organization, Powers and Finances of Boards of Education—Organization Order for Unified School Districts; Contracts; Authority; Indemnification Clause; Irrevocable Letter of Credit. John L. Vratil, Counsel, Unified School District No. 229, Overland Park, April 9, 1996.

A unified school district may not enter into a contractual provision which obligates the school district to incur liability for the actions of persons who are not employees of the school district or which requires the unified school district to secure payment of its obligations in any manner other than those set forth in state statute. Counties and County Officers—Fire Protection; Districts in Any County—Fire Districts; Enforcement of City Fire Code by Fire District. Mike Ward, Butler County Attorney, El Dorado, April 12, 1996.

A fire district organized pursuant to K.S.A. 19-3601 *et seq.* may enter into a contract with a city within the district to enforce the latter's fire prevention code to the extent it furthers the purpose of the fire district statutes to protect lives and property from the hazards of fire. Cities and Municipalities—Buildings, Structures and Grounds; Neighborhood Revitalization—Designation of Entire County; Impact of Repeal of Act; Sale of Impacted Property; Constitutionality of Act. Kevin Hill, Brown County Attorney, Hiawatha, April 17, 1996.

The neighborhood revitalization act authorizes a municipality to designate only one or more areas for revitalization and not the entire municipality. Additionally, the act allows rebates only to the taxpayer who made the improvements to his or her property and not to subsequent owners of the property. Furthermore, should the act be repealed, a taxpayer will be entitled to continue receiving rebates for improvements to his or her property. Taxation—Bingo—Definitions; Instant Bingo Dispensing Machines. Senator Ben Vidricksen, 24th District, Salina, April 23, 1996.

Instant bingo pull tab dispenser machines, as described herein, are not prohibited by the provisions of the bingo law if used in accordance with the bingo act and any properly adopted rules and regulations of the Depart-

ment of Revenue. Cited herein: K.S.A. 1995 Supp. 79-4701; 79-4706. JLM

Opinion No. 96-40

Counties and County Officers—County Commissioners; County Purchasing Agent—Appointment of Purchasing Officer in Johnson and Sedgwick Counties; Requirement that District Court in Johnson and Sedgwick Counties Requisition Supplies from County Purchasing Officer. Judge Ron Rogg, Administrative Judge for the 18th Judicial District, Wichita, April 25, 1996.

K.S.A. 19-260b, which requires that judges of the district courts in Johnson and Sedgwick counties requisition all purchases through a county purchasing officer, does not violate the separation of powers doctrine. However, a charter resolution which exempts a county from K.S.A. 19-260b and which requires the judges of the district court to utilize the services of a county director of purchasing is an invalid use of home rule power because it violates the provisions of K.S.A. 19-101a and 19-101b. Cited herein: K.S.A. 19-101a; 19-101b; 19-260a; 19-260b; 20-101; 20-329; 20-349. MF

Representative Carol Beggs, 71st District, Salina, April 25, 1996.

Nonconsumable, noninventory items such as beds, sheets and forks necessary to conduct an income producing venture should be valued and taxed as commercial and industrial machinery and equipment as long as they are used for that purpose. A production contract entered into by a corporation and a person engaged in farming pursuant to K.S.A. 17-5904(b) is not subject to the prohibition against corporate farming. Board of Indigents' Defense Services

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Friday, July 12, in the Old Supreme Courtroom, third floor, State Capitol, 300 S.W. 10th Ave., Topeka, to consider the adoption of proposed changes in rules and regulations of the State Board of Indigents' Defense Services.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Director, Room 304-N, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Persons wishing to provide written testimony are asked to limit their correspondence to no more than three typewritten letter-size pages for each regulation. Written testimony should be received in the office of the director no later than Friday, July 5.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the director at (913) 296-4505.

The regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows.

K.A.R. 105-3-2. Eligibility to serve. Amendments to this regulation assist the board in implementing a capital defense system which will ensure that only prequalified death penalty attorneys are appointed to represent capital defendants. New language in the regulation requires that the capital coordinator screen or prequalify all attorneys desiring to be included in the capital appointments panel. The regulation also states that the court may waive all eligibility requirements (except those for capital and other homicide cases) if the attorney selected by the judge has sufficient training, resources (new language) and experience to undertake the case in question. There is no appreciable or measurable fiscal impact on any person, agency, governmental unit or group of persons.

K.A.R. 105-3-12. Appointments in capital cases. This new regulation implements the system for ensuring quality representation of capital defendants. Under the proposed regulation, the court is required to appoint counsel who have been screened by the capital coordinator. All such appointments shall be made after notice to the capital coordinator. This appointment process covers capital and all homicide cases filed pursuant to K.S.A. 21-3401, 21-3402 or 21-3403. The court is required, under this regulation, to appoint the state appellate defender to appeals from conviction of capital and homicide cases. There is no fiscal impact attached to this new regulation.

K.A.R. 105-4-2. Definition of terms. Changes to this regulation are intended to give the board more flexibility in revising the table of reasonable and necessary living expenses, which is the table used in the formula for determination of indigency. Currently, the table of reasonable and necessary living expenses represents 125 percent of the federal poverty income guideline. The board, although having to approve this table in conjunction with any change in the federal guideline, did not perceive the guideline to be indicative of the current "living expenses" as it is defined in the indigency formula.

There is no immediate or perceived fiscal impact since the board has not revised its table of reasonable and necessary living expenses. The potential exists, by changing this regulation, that the board will incur additional costs by loosening the threshold definition of indigency or, by the same token, the board could save state dollars by tightening the definition of indigency by revising the table of living expenses downward. Either of these scenarios is possible but the impact would be minimal and incremental.

K.A.R. 105-5-4. Multiple attorneys. Changes in this regulation allow the board to compensate more than one attorney when the court determines that co-counsel is necessary for an effective defense. This regulation is especially critical in implementing the capital defense system, since the ABA Guidelines require the appointment of two attorneys to represent capital defendants.

The fiscal impact of co-counsel in capital cases is estimated to be approximately \$300,000 annually. The board does not have other options available; however, the appointment of salaried staff attorneys will be made whenever possible in order to reduce the reliance on private counsel.

111-2-46. "Ask for the sale" promotion. (a) During the period beginning May 1, 1996, and ending May 31, 1996, in addition to compensation provided for in K.A.R. 111-2-4, the Kansas lottery also offers all participating Pump Mart stores located in Kansas an opportunity to participate in a bonus retailer "ask for the sale" incentive promotion of lottery tickets.

(b) On each Wednesday, May 1, 8, 15, 22, and 29, 1996, from 6:00 a.m. to 2:00 p.m., all Pump Mart store personnel selling Kansas lottery tickets will ask every adult customer making a purchase if the customer would like to purchase a lottery ticket. If the employee fails to ask adult customers for the purchase of a lottery ticket and the customer brings it to the clerk's attention before leaving the premises, the retailer shall give the adult customer one \$1.00 instant ticket at no charge.

(c) All retailer employees at each location shall wear promotional buttons and display special point-of-sale materials provided by the lottery each Wednesday from 6:00 a.m. to 2:00 p.m. during the promotion announcing the promotion to its customers. These promotional materials consist of:

(1) A tent card to be displayed at the point where tickets are sold.

(2) A window/monitor banner to be displayed at the front entrance of the business and/or below the lottery information display system monitor.

These materials must be on display during all hours of the promotion at the times and dates established in subsections (b) and (c) for a store to be eligible for a prize.

(d) The Kansas lottery will provide each location with a credit of \$25 to its account at the beginning of the promotion. If a store increases its instant ticket sales over its predetermined base by 15 percent or more, an additional \$10 will be credited to its account.

(e) Any tickets given away above the \$25 allowance representing 25 tickets or the \$35 allowance representing 35 tickets per location will be the responsibility of the Hurlbut Corporation.

(f) Each retail location shall maintain a ticket log form to be completed every time an instant ticket is given away. The log will be picked up by the Kansas lottery district manager servicing the retailer location at the end of the promotion.

(g) At the end of the promotion, the Pump Mart stores with a 15 percent or more increase in instant ticket sales for the 31 day period from May 1, 1996, through May 31, 1996, over an average based upon a 62 day period from February 4, 1996, through April 5, 1996, will be entered into a random drawing for a chance to win a portable compact disc player and will receive 10 additional tickets. The first, second, and third place stores, based on their percentage increases in instant ticket sales, will receive promotional items provided by the lottery. (Authorized by K.S.A. 1995 Supp. 74-8710, implementing K.S.A. 74-

That portion of Section 127(b) which reads as follows has been line-item vetoed:

"Economic development initiatives grant fund \$134,025

Provided, That expenditures may be made from the economic development initiatives grant fund for state operations: *Provided further*, That expenditures from this fund for state operations shall not exceed \$13,400: *Provided further*, That expenditures from this fund, other than expenditures for state operations, shall be made only for the purpose of matching an equal or greater amount of federal grant moneys or local grant moneys, or both, for arts programming: *And provided further*, That expenditures from this fund shall be made in a manner to benefit the maximum number of Kansas communities in the development of Kansas art and talent."

Section 127(c) has been line-item vetoed in its entirety.

That portion of Section 130(b) which reads as follows has been line-item vetoed:

"EDIF other operating expenditure fund \$43,648
EDIF Kansas humanities council fund 25,000."

Sections 130 (c) and (d) have been line-item vetoed in their entirety.

That portion of Section 140(a) which reads as follows has been line-item vetoed:

"Economic development fund \$115,000"

(continued)

Section 140(b) has been line-item vetoed in its entirety.

All of the line-item vetoes enumerated above related to expenditures from the Economic Development Initiatives Fund do not directly relate to my vision of an economic development infrastructure for Kansas. These items include arts programming, operation of historical sites, a grant to the Kansas Humanities Council, operation of the State Fair and capital outlay for public broadcasting. I included the amount for operations of the State Fair from the State General Fund in my initial budget recommendations and encourage the Legislature to restore the financing as I have recommended. All other items enumerated above represent increases to the amount I recommended for these areas. Although I believe that my initial recommendations were adequate for these areas, I am submitting a Governor's Budget Amendment to finance all of the above items from the State General Fund. This is in recognition of the priority of the Legislature to fund these items and my priority to finance only items directly related to economic development from the Economic Development Initiatives Fund. I encourage the Legislature to adopt this budget amendment.

Section 16 has been line-item vetoed in its entirety.

The item noted above relates to the reimbursement of legal costs requested by a former bank examiner following employment litigation between the examiner and the Office of the State Bank Commissioner. The former state employee was rightfully dismissed after pleading guilty to the charge of aiding and abetting a violation of a fed-

eral law prohibiting certain loan activities between banks and bank examiners. The former employee's claim was added to the claims bill only as the result of a floor amendment. I support the conclusion of the agency, the Kansas Attorney General, and the 1995 Joint Committee on Special Claims against the State. The taxpayers of Kansas and the Office of the State Bank Commissioner bear no legal liability to pay for this wrongful claim.

Section 73 has been line-item vetoed in its entirety.

That portion of Section 74 which reads as follows has been line-item vetoed:

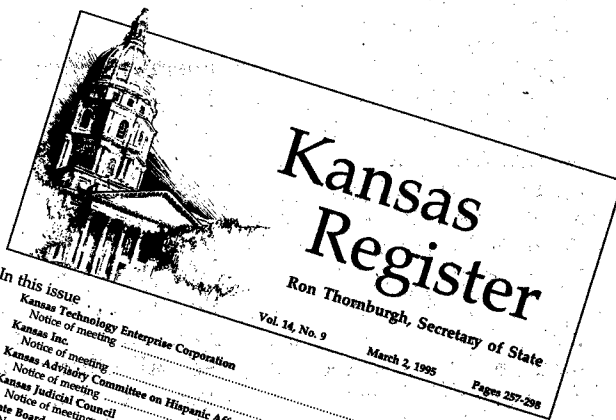

"Ombudsman of Corrections 4.0"

The line-item vetoes above relate to the FY 1997 appropriation made by the Legislature to the Ombudsman of Corrections, an agency created to address complaints and legal concerns of inmates. Since inmate concerns can be addressed by more efficient means, I do not recommend an appropriation for the continuation of the Ombudsman of Corrections agency or its related positions. Instead, I recommend \$85,000 from the State General Fund for the Board of Indigents' Defense Services to increase the grant amount awarded to Legal Services for Prisoners, Inc. (LSP). This increased grant amount will allow LSP to provide comprehensive legal assistance and complaint resolution services to inmates in addition to inmate complaint resolution services already provided by the Department of Corrections.
