Notice of Available Federal Funding
for Adult Basic Education

Pursuant to assurances as set out in the amended Kansas State Plan for Adult Basic Education, notification of available federal funding for three programs is announced. These funds are authorized by Section 322 and 353 of the Adult Education Act (P.L. 100-297).

Section 322 of the Adult Education Act provides federal financial assistance to states to assist and expand existing programs and to develop new programs for adults whose lack of basic skills:

- (a) renders them unemployable;
- (b) keeps them, whether employed or unemployed, from functioning independently in society; and
- (c) severely reduces their ability to have a positive effect on the literacy of their children.

The Basic Program Grant provides eligible entities direct and equitable access to federal funds provided under Section 322. Eligible entities include local education agencies, public or private nonprofit agencies, community-based organizations, correctional education agencies, postsecondary educational institutions, and institutions which serve educationally disadvantaged adults. Applications will be accepted until May 10 for grants under this section.

Two grant programs are available under Section 353. Staff Development Grant applications are a necessary

companion to the applications for a Section 322 Basic Grant Program. No Section 322 Basic Grant Program will be approved without an approved Section 353 Staff Development Grant application. Staff Development Grants must address the following priorities established by the Adult Education Act:

- (a) training for full-time professional adult educators;
- (b) training for minority educators;
- (c) training for educators of adults with limited English proficiency; and
- (d) training teachers to recognize and more effectively serve illiterate individuals with learning disabilities and individuals who have a reading ability below the fifth grade level.

Applications will be accepted until May 12 for grants under this program.

In addition, mini-grants of up to \$500 are available under Section 353 for research and special demonstration projects. Proposals for these projects should address the federal and state staff developmental priorities. Applications will be accepted until December 30 for grants under this program.

For further information and applications, contact Janet Stotts, Adult Education Consultant, Kansas State Department of Education, 120 S.E. 10th Ave., Topeka, 66612-1182, (913) 296-3192.

Notice of Hearing on Proposed Traffic Regulations

A public hearing will be conducted at 2:30 p.m. Thursday, May 8, in the College Center, dining room, Kansas State University—Salina, concerning the adoption by the Board of Regents of regulations governing traffic and parking on the roads, streets, driveways and parking facilities at Kansas State University—Salina. The following is a summary of the substance of the rules and proposed changes.

The traffic and parking regulations for the Salina campus are similar to those at Kansas State University in Manhattan. There are some minor differences because of the unique environment of the Salina campus. One of the most notable differences is that the vehicle parking permit fees are less than half of those on the Manhattan campus.

The changes affecting most individuals are in **Section II. B, Fee Schedule**. Student and part-time faculty vehicle parking permits will be increased from \$17 to \$28 annually. Residence halls parking permits will be increased from \$17 to \$28 annually. Faculty and staff parking permits will be increased from \$28 to \$42 annually. Motorcycle parking permits will be increased from \$7 to \$10 annually.

Other changes affecting those who violate the regulations are in **Section VII. B, Misuse Fees**. The following increases in misuse fees coincide with the penalties assessed on the Manhattan campus. The misuse fee for parking in a physically disabled stall is increased from \$25 to \$100. The misuse fee for parking in a visitor's stall is increased from \$50 to \$60. The misuse fee for illegal registration is raised from \$50 to \$60. Fees equal to those on the Manhattan campus are added for temporary permits.

Department of Administration
Division of Personnel ServicesNotice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Tuesday, May 6, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Department of Administration, Division of Personnel Services.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, 300 S.W. 10th Ave., Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (913) 296-6000 or (913) 296-4798 (TTY). Handicapped parking is located on the south end of Landon State Office Building, and the north entrance to the building is accessible.

Summaries of the proposed regulations and their economic impact follow.

K.A.R. 1-6-33, Candidate alcohol and controlled substances test for commercial driver positions; and K.A.R. 1-9-26, Pre-duty controlled substances testing for employees in positions assigned commercial driver functions. K.A.R. 1-6-33 and 1-9-26 are being revised to delete "alcohol" from required pre-employment and pre-duty testing in accordance with changes to federal regulations relating to commercial licenses. The United States Department of Transportation suspended regulatory requirements for pre-employment alcohol testing of applicants for positions in which a commercial driver's license is required. There is no economic impact on the Department of Administration, on other state agencies, or on state employees resulting from these changes because the state has not administered pre-employment or pre-duty alcohol tests since May of 1995. There is no economic impact on the general public.

K.A.R. 1-9-2, Holidays. K.A.R. 1-9-2 is being revised to grant flexibility to agencies to determine whether exempt employees will be paid holiday pay, either in the form of compensatory time off or pay, at a rate determined by the agency. Currently, holiday pay is required at a time and a half rate for all state employees who work on a holiday regardless of exempt or non-exempt status under the Fair Labor Standards Act. There could be an undeterminable economic impact on exempt state employees and their

agencies based on the agencies' decisions to pay or not to pay holiday pay to these employees and the rate of pay selected. No economic impact on the general public is anticipated.

K.A.R. 1-9-7c, Military leave; state duty with Kansas national guard or state guard when organized. K.A.R. 1-9-7c is being revised to comply with K.S.A. 1996 Supp. 48-517, which requires that state employees called to active duty by the Kansas National Guard will be returned to a comparable job upon completion of that duty. There would be no economic impact on the Department of Administration, on other state agencies, on state employees, or on the general public resulting from this change.

K.A.R. 1-9-13, Payment for accumulated vacation leave and compensatory time credits upon separation. K.A.R. 1-9-13 is being revised to eliminate confusing language about when a separating employee is to be paid out for the employee's accumulated vacation leave and compensatory time credits. There would be no economic impact on the Department of Administration, on other state agencies, on state employees, or on the general public resulting from this change.

K.A.R. 1-9-17, Personnel communications; official bulletin boards. K.A.R. 1-9-17 is being revoked because it is repetitious of other regulation language. Changes that were made to K.A.R. 1-1-1 in May 1996 outline the duties of the Director of Personnel Services, including those outlined in the current 1-9-17. There would be no economic impact on the Department of Administration, on other state agencies, on state employees, or on the general public resulting from this change.

K.A.R. 1-9-27, Family and medical leave act of 1993 (FMLA). K.A.R. 1-9-27 is being revised to clarify that, under federal regulations, the employee is responsible for the expense of the first certification containing evidence necessary to establish that the employee is entitled to leave under FMLA. The agency would still be responsible for the expense of the second certification. There could be an undeterminable economic savings to the state based on the number of first certifications that are currently being paid for by the state that would now be the responsibility of the employee. No economic impact on the general public is anticipated.

K.A.R. 1-13-1a, Content and disclosure of information in employees' official personnel records. K.A.R. 1-13-1a is being revised to clarify that an employee's official personnel record will be transferred if an employee transfers to another state agency. There is no economic impact on the Department of Administration, on other state agencies, on state employees, or on the general public resulting from this change.

K.A.R. 1-63-2, Quality initiative leadership. K.A.R. 1-63-2 is being revised to reflect statutory changes to K.S.A. 1996 Supp. 75-37,115 that eliminate the state quality program planning and guidance committee. Quality management materials and programs will now be approved by the comprehensive management education and training strategy committee. There is no economic impact on the Department of Administration, on other state agencies, on state employees, or on the general public resulting from this change.

Copies of the proposed regulations and the associated economic impact statements may be obtained from the Division of Personnel Services, Room 951-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1251, (913) 296-4278.

Absent any limitation in the appropriation therefore, public funds may be expended for the purpose of educating the electorate on the issue to be presented to it by the Consolidation Study Commission, or for encouraging members of the electorate to vote on the issue, but may not be expended for the purposes of advocating a particular position. The proposed elimination of elective offices does not violate state statute. The present configuration of unified commission districts does not appear violative of the Voting Rights Act. A public hearing will be conducted at 10 a.m. Wednesday, May 14, at the Kansas Department of Human Resources, third floor conference room, 401 S. Topeka Blvd., Topeka, to consider the adoption of proposed regulations of the Kansas Department of Human Resources. This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and the economic impact statement in an accessible format. Requests for accommodation should be made at least 10 working days in advance of the hearing by contacting Merrill J. Hicklin Befort, Staff Attorney, Kansas Department of Human Resources, 401 S. Topeka Blvd., Topeka, 66603, (913) 296-4902.

A copy of the full text of the regulations and the economic impact statement may be reviewed or obtained by contacting Merrill J. Hicklin Befort. The following is a summary of the proposed regulations and their economic impact.

K.A.R. 50-2-25a through 50-2-25e—In accordance with K.S.A. 75-443, the Secretary of Human Resources is adopting regulations for the purpose of authorizing the electronic filing of reports, certificates or other documents which businesses may be required to file with the Kansas Department of Human Resources. These proposed regulations are intended to benefit employers who may want to file their Employment Security Registration Form electronically. **K.A.R. 50-2-25a** is the definition section and defines all key terms. **K.A.R. 50-2-25b** describes who may be authorized to use electronic filings and the conditions placed upon the users. **K.A.R. 50-2-25c** describes the information required to be included in the electronic transfer. **K.A.R. 50-2-25d** and **K.A.R. 50-2-25e** provide that employers will have identification numbers and that all transmitted documents will have confirmation numbers.

Economic Impact: The electronic filing is an alternative option that may potentially be less costly and less intrusive to employers or the employer's representative.
