A summary of the proposed regulations and the economic impact follows.

**Article 26.—STATE PSYCHIATRIC HOSPITAL;  
CATCHMENT AREAS; ASSISTANCE TO COUNTIES;  
PATIENT FUNDS; AND MEDICAL INFORMATION**

**30-26-1a. State hospital catchment areas.** This regulation replaces K.A.R. 30-26-1 and 30-26-2. It realigns the state psychiatric hospital catchment areas to eliminate the Topeka State Hospital district necessitated by the closure of that facility.

**30-26-1. State hospital districts.** This regulation is being revoked in favor of new 30-26-1a.

**30-26-2. Admission to state hospitals.** This regulation is being revoked in favor of new 30-26-1a.

**30-26-4. Duties of district offices.** This regulation is being revoked because it is no longer necessary or needed. K.A.R. 30-26-4 addressed certain information the district (now area) offices were charged to obtain and provide to the state psychiatric hospitals. This information is now obtained by social worker staff at the hospitals.

**30-26-7. Change in patient status, placement, or leave.** This regulation is being revoked because it is no longer necessary or needed. K.A.R. 30-26-7 permitted the superintendent at the state psychiatric hospitals to place patients on partial and out-patient status. These treatment statuses are no longer utilized.

**Economic Impact:** None, or is offset by the shift of resources to community-based care pursuant to the mental health reform program.

## State of Kansas

## Kansas Commission on Governmental Standards and Conduct

## Advisory Opinion No. 97-5

Written February 25, 1997, to Philip E. Winter, Lyon County Counselor, Emporia.

This opinion is in response to your letter of February 10, 1997, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the local level conflict of interest laws (K.S.A. 75-4301a *et seq.*). We note at the outset that the commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301a *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

**Factual Statement**

We understand you request this opinion in your capacity as Lyon County counselor. You advise us that in the last general election Peggy Torrens was elected as Lyon County commissioner. Ms. Torrens' son, Russell Torrens, is employed as a noxious weed supervisor for Lyon County.

**Question**

Is it a violation of the local level conflict of interest laws for an individual to be elected county commissioner when that individual's son is employed by the county?

**Opinion**

We have reviewed the local level conflict of interest laws (K.S.A. 75-4301a *et seq.*) in their entirety, and nothing in those laws applies to your question. Therefore, the situation you describe would not be a violation of those laws.

## Advisory Opinion No. 97-6

Written February 25, 1997, to Robert L. Earnest, City Attorney, Russell.

This opinion is in response to your letter of February 3, 1997, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the application of the local level conflict of interest laws (K.S.A. 75-4301a *et seq.*). We note at the outset that the commission's jurisdiction is limited to the application of K.S.A. 75-4301a *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

**Factual Statement**

We understand you request this opinion in your capacity as city attorney for the City of Russell. You advise us that the position of city treasurer is currently open. One of the applicants for the position is the spouse of a certified public accountant whose firm has a contract with the city. This contract calls for the firm to conduct audits of the city, including the treasurer's office. The contract is for three years, and was entered into by the city two years ago.

**Question**

Is it a violation of the local level conflict of interest laws for a governmental officer or employee to be audited by his or her spouse's accounting firm?

**Opinion**

We have reviewed the local level conflict of interest laws in their entirety, and K.S.A. 75-4304(a) is the only section that may apply to your situation. That subsection states:

No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

We first note that the applicant would have a "substantial interest" in the firm by virtue of the spouse's employment (see K.S.A. 75-4301a). However, so long as the applicant, once in office, did not personally participate at all in the making of a contract between the city and the accounting firm, this section would not apply and there would not be a violation of the law.

**Advisory Opinion No. 97-7**

Written February 25, 1997, to Daniel Eric Stonecipher, Department of Revenue, Topeka.

This opinion is in response to your letter of February 10, 1997, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the application of the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

**Factual Statement**

We understand you request this opinion in your capacity as a manager in the Collections Division of the Kansas Department of Revenue (KDOR). You advise us that KDOR had a contractual relationship with GC Services concerning debt collection, and that this contract existed prior to you joining the Collections Division.

You further advise us that in July of 1995, KDOR awarded a contract to American Management Systems (AMS). AMS then contracted with GC Services to provide supplemental collection services. In July of 1996, KDOR and AMS began negotiations for an additional contract. You were not part of these negotiations. The resulting

contract between KDOR and AMS contemplated a renewal of the AMS-GC Services subcontract. KDOR would eventually be assigned the AMS rights to the subcontract.

You did review this proposed contract language and offered your opinion on whether the technical language of the contract reflected the intent of the parties. The subcontract itself was negotiated by an AMS representative with an agent of GC Services. You offered some technical language which KDOR management incorporated into the final document. However, this language did not relate to any material provision of the agreement.

You did not participate in the selection of GC Services as the subcontractor, nor did you participate in the negotiation of the contract. You also did not participate in the KDOR and AMS decision to renew GC's subcontract, or negotiate any material terms with GC Services.

The contract between AMS and GC Services has not been executed, nor has the assignment of the contract from AMS to KDOR taken place. GC Services has contacted you about going to work for them after terminating state employment.

**Question**

Based on the factual scenario you describe, we understand you ask the following questions:

1. Since GC Services is a subcontractor, and KDOR has yet to take assignment of that contract from AMS, do the provisions of K.S.A. 46-233 apply?
2. If K.S.A. 46-233 does apply, does your role in reviewing the draft contract document negotiated between AMS and GC Services constitute "participation" and thus bar you from accepting employment with GC Services for one year after terminating state employment?

**Opinion**

K.S.A. 46-233(a) may apply to your situation. That subsection in pertinent part states:

... Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee.

We first note that although KDOR has not undertaken assignment of the AMS-GC Services subcontract, this subsection could still apply since the KDOR-AMS contract involved the AMS-GC Services subcontract.

The issue becomes whether or not your review of the contract and subcontract constitutes "participation" such that you could not accept employment with GC Services for one year. The commission believes that you did "participate" by virtue of reviewing, giving approval to and amending the KDOR-AMS contract, which included the AMS-GC Services subcontract.

Therefore, it is our opinion that you have "participated in the making of a contract" between KDOR and GC Services. Thus, you could not accept employment with GC Services for one year following termination of your employment with KDOR.
