Wildlife and Parks Commission

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, April 24, at the Ramada Inn & Tower, 6th Street and I-70, Topeka, to consider the approval and adoption of four proposed exempt regulations of the Department of Wildlife and Parks. The public notice for six additional department regulations to be considered at that time was published in the Kansas Register February 20, 1997.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. April 24 at the same location. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. April 25 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Cindy Baugh, commission secretary, at (316) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed exempt regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting, in addition to those whose notice has been previously published, are as follows:

K.A.R. 115-25-5. Turkey; fall season, bag limit and permits. This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 1997 fall firearm and archery wild turkey seasons. A proposed amendment to the regulation would clarify that a person may purchase a permit for both the firearm season and the archery season for wild turkey. A second proposed change in the regu-

lation would set the bag limit for hunt-on-your-own-land permits at two turkeys of either sex.

Economic Impact Summary: The estimated revenue if all available permits are issued would be \$72,400. The department estimates over 20,000 days of hunting activity will occur, thus providing economic benefit to businesses providing goods and services.

K.A.R. 115-25-7. Antelope; open season, bag limit and permits. This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 1997 firearm and archery antelope seasons. A proposed change in the regulation would combine the two archery units into one single unit for the fall archery season.

Economic Impact Summary: Estimated revenue if all available permits are issued would be \$12,780. Approximately 750 days of hunting activity will occur. Based on a federal survey estimate of the average expenditures of big game hunters, the season may generate \$170,640 in economic benefit to businesses providing goods and services.

K.A.R. 115-25-8. Elk; open season, bag limit and permits. This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 1997 muzzleloader, archery and firearm seasons for elk. A proposed change in the regulation would create a 12-county unit in addition to the Fort Riley unit.

Economic Impact Summary: It is anticipated that 13 elk permits will be authorized. Approximately 75 days of hunting activity may occur, thus providing economic benefit to businesses providing goods and services.

K.A.R. 115-25-9. Deer; open season, bag limit and permits. This proposed exempt regulation establishes hunting bag limits, application periods and season dates for the 1997 firearm and archery deer seasons. A proposed amendment to this regulation would specify that hunt-on-your-own-land permits for units 17 and 18 would be for white-tailed deer and antlered mule deer. Another change in the regulation would allow firearm deer hunters participating in the competitive draw to also obtain a statewide archery permit.

Economic Impact Summary: It is anticipated that 108,000 deer hunting permits of all types will be authorized, including firearm, archery and hunt-on-your-own-land permits. Estimated revenue if all permits are issued would be \$2,400,000. Approximately 800,000 days of hunting activity by 85,000 hunters are anticipated. Based on a federal survey estimate of the average expenditures of big game hunters, the season may generate \$40 million worth of economic benefit to businesses providing big game goods and services.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by contacting the chairman of the commission at the address above or by calling (913) 296-2281.

Behavioral Sciences Regulatory Board

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 9 a.m. Monday, June 9, in the conference room of the Behavioral Sciences Regulatory Board office, 712 S. Kansas Ave., Topeka, to consider the adoption of proposed changes in each of the existing social work regulations and in the fee regulations for licensed psychologists, professional counselors, master's level psychologists and marriage and family therapists.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Mary Ann Gabel, Behavioral Sciences Regulatory Board, 712 S. Kansas Ave., Topeka, 66603-3817. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

A summary of each of the proposed regulations and their economic impact follows.

K.A.R. 102-2-1a. Definitions. The proposed amendments to this regulation further clarify clinical social work practice, direction, social work supervision, the formal professional relationship between the supervisor and supervisee, academic practicum, continuing education, termination of a client relationship, dual relationship, misfeasance, nonfeasance, malfeasance, merits the public trust, undue influence, and practice setting. The regulation should have minimal financial impact on licensed social workers.

K.A.R. 102-2-2a. Application for licensure. The proposed amendments to this regulation further clarify the social work licensure application process. The proposed amendments in the regulation should have minimal financial impact on licensure applicants.

K.A.R. 102-2-3. Fees. The proposed amendments to this regulation establish a new fee for filing an application and establish new fees for sponsors of board-approved continuing education programs. The amendments do not change the existing fee structure for either original issuance or renewal of licensure. The proposed amendments require licensure applicants to pay a separate application fee and require sponsors of board-approved CE programs to pay an application fee. The fees are necessary to offset the costs the agency incurs in processing these applications.

K.A.R. 102-2-4a. Continuing education for licensees. The proposed amendment to this regulation establishes the requirement that effective January 1, 1998, as part of the requisite 60 hours of continuing education prior to renewal of licensure, each licensee shall complete a minimum of a three-hour program that focuses on ethical issues of the social work profession. Additional amendments include the addition of the following educational modes as acceptable forms of continuing education, with concurrent defined maximum credit hours: computerized interactive learning modules; telecasts; audiotapes or vid-

eotapes; and additional cross-disciplinary offerings in related areas. The proposed amendments should have minimal financial impact on licensees. The changes will benefit licensees by providing more opportunities for acceptable forms of continuing education.

K.A.R. 102-2-4b. Continuing education approval for sponsors. The proposed amendments in this regulation incorporate currently accepted grammar and order, as well as incorporate the wording for required fees for sponsors of board-approved continuing education programs. The proposed amendments will have a financial impact on sponsors of board-approved continuing education because they will now be required to reimburse the board, by paying an application fee, for the costs the board incurs to process CE sponsor applications.

K.A.R. 102-2-5. Documentation for continuing education. The proposed amendments in this regulation incorporate currently accepted grammar and order, as well as incorporate the wording to include the expanded approved forms of continuing education. Licensees should have little, if no, financial impact resulting from these proposed amendments.

K.A.R. 102-2-6. Program approval. The proposed amendments in this regulation incorporate currently accepted grammar and order, as well as incorporate the amended definition of academic practicum. Licensees should have little, if no, financial impact resulting from these proposed amendments.

K.A.R. 102-2-7. Unprofessional conduct. The proposed amendments in this regulation incorporate currently accepted grammar and order, as well as further clarify the existing acts of unprofessional conduct. Licensees should have little, if no, financial impact resulting from these proposed amendments.

K.A.R. 102-2-8. Supervision. The proposed amendments in this regulation incorporate currently accepted grammar and order, as well as further clarify what constitutes acceptable supervision and the relationship between a supervisor and a supervisee. Licensees and agencies utilizing social service designees that have been compliant with the explicit wording and board interpretation of the historical regulations will incur no financial impact. A small proportion of licensees and agencies that have relied upon wording ambiguities and lack of specificity will incur increased supervision costs in order to comply with the prescribed requirements.

K.A.R. 102-2-9. Examinations. The proposed amendments in this regulation incorporate currently accepted grammar and order. Changes reflected herein are procedural and updating; thus, licensees should experience no negative financial impact.

K.A.R. 102-2-10. Licenses. The proposed amendments in this regulation incorporate currently accepted grammar and order. Licensees should experience no economic impact because of these proposed amendments.

K.A.R. 102-2-11. Renewal and reinstatement. The proposed amendments in this regulation incorporate currently accepted grammar and order, as well as further clarify the information or material an applicant is required to provide to enable the board to make a determination as to whether to reinstate an expired or a revoked social work license. Most licensees will experience

no financial impact. The very small proportion of licensees who have experienced licensure revocation may incur a small financial expense accessing the documentation required by the amended regulations.

K.A.R. 102-2-12. Licensed specialist clinical social work. The proposed amendments in this regulation establish and define the following: (1) educational requirements; (2) post-graduate supervision requirements; and (3) supervisory contract. Licensees who have either received weekly clinical supervision, as historically required, in an individual format or whose employers provide clinical supervision will incur no additional expenses. Licensees who purchase supervision and who have utilized group format supervision to offset their supervision costs will incur additional expense because of the proposal to limit group supervision to 25 percent of the total. Increased earning potential upon receipt of the LSCSW credential will presumably allow such individuals to recover (and exceed) any negative fiscal impact they might incur.

K.A.R. 102-1-13. Fees. The proposed amendment in this psychology licensure regulation establishes a separate application fee in the amount of \$75. The financial impact of the proposed amendment requires licensure applicants to pay a separate application fee. The fee is necessary to offset the expense the agency incurs in processing each application.

K.A.R. 102-3-2. Fees. The proposed amendments in this professional counselor regulation establish a separate application fee in the amount of \$75 and a temporary license fee in the amount of \$150. The amendments further increase original and renewal license fees from \$100 to \$150. The financial impact of the proposed amendment requires licensure applicants to pay a separate application fee and increased original and renewal licensure fees. The application fee, as well as the other fee increases, are necessary to offset the expense the agency incurs in processing each application and in administering this credentialing program.

K.A.R. 102-4-2. Fees. The proposed amendments in this master's level psychology regulation establish a separate application fee in the amount of \$75 and examination fee in the amount of \$325. The amendments further decrease the temporary permit and renewal of temporary permit fee from \$200 to \$100, and increase the original, reinstatement and renewal licensure fees from \$100 to \$175. The financial impact of the proposed amendments requires licensure applicants to pay a separate application and a new examination fee, and a decreased temporary permit fee. The amendments further increase licensees' licensure fees. The application fee, as well as the other fee increases, are necessary to offset the expense the agency incurs in processing each application, in purchasing each examination, and in administering this credentialing program. The addition of an examination fee is necessary because of 1996 statutory amendments that now require LMLP applicants to satisfactorily complete an examination.

K.A.R. 102-5-2. Fees. The proposed amendments in this marriage and family therapy regulation establish a separate application fee in the amount of \$75 and a temporary permit fee in the amount of \$150. The proposed amendments further set a cap of \$150 for late renewal fees. The financial impact of the proposed amendment

requires licensure applicants to pay a separate application fee. The new application and temporary permit fees are necessary to offset the costs the agency incurs in processing each application and in administering this credentialing program.

A copy of the full text for each of the regulations and the economic impact statement may be obtained by writing to the Behavioral Sciences Regulatory Board.

Any individual with a disability may request accommodation in order to participate in the public hearing. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Mary Ann Gabel at (913) 296-3207.

Request for Comments on Proposed
Special Local Need Registration

Notice is hereby given that pursuant to 7 U.S.C. 136v, Novartis Crop Protection has filed an application for a special local need registration for late season application as needed of Duel II herbicide on corn up to 40 inches in height using center pivot irrigation (chemigation). This herbicide treatment option is needed in situations where heavy weed populations are expected to become established after corn development prohibits the use of other control methods. Given certain growing conditions such as course textured soils, no other weed control options have been identified that will provide necessary control and prevent unacceptable crop damage.

The purpose of the proposed special local need registration is to specifically allow growing season use of a pre-emergence herbicide that will effectively prevent weed development in corn as it matures without damaging the corn. At present, Duel II herbicide is registered and commonly applied by chemigation to corn. With irrigated light soils and severe weed pressure, an additional application of Dual II is sometimes needed to provide the length of weed suppression necessary to avoid harvesting problems and excessive weed seed production.

Information submitted by the applicant is on file with the Kansas Department of Agriculture. Written comments, data, or other evidence in support of or in opposition to the proposed special local need registration may be submitted by April 18 to Gary E. Boutz, Plant Health Division, Kansas Department of Agriculture, 901 S. Kansas Ave., 7th Floor, Topeka, 66612-1281.

Economic Impact: This change is not expected to have any discernable economic impact.

30-4-110. Income. This regulation is being amended to eliminate reference to the child support disregard in the 185 percent standard determination, as this disregard has been eliminated per K.A.R. 30-4-113.

Economic Impact: See the economic impact statement for K.A.R. 30-4-113.

30-4-111. Applicable income. This regulation is being amended to implement a new earned income disregard which shall be 40 percent of the remaining income after the deduction of \$90 for each employed person. The disregard shall not be time-limited. Other technical changes have been made to support this change.

Economic Impact: This change is expected to result in increased expenditures of approximately \$1.2 million (\$783,000 state general funds).

Bearer of Cost: The taxpayers of the State of Kansas will bear the additional costs of this change through appropriated state and federal funds.

Affected Parties:

 2. This change will benefit over 3,600 employed persons by allowing additional wages to be retained by the individual without affecting the grant.
- Other Methods: The agency considered other methods for achieving the purpose of these rules and regulations. However, this methodology was decided upon as a means to better support employment, including job retention. With federal welfare reform, the emphasis will be on finding and retaining employment as well as transitioning to self-sufficiency based on the time limited nature of assistance. This change in the earnings disregard is seen as an important facet to this effort.

(continued)

30-4-113. Income exempt as applicable income. This regulation is being amended to delete the \$50 child support exemption. Other technical changes also have been made.

Economic Impact: This change will result in a decrease in expenditures of approximately \$61,000 (\$25,000 state general funds) on an annual basis.

Bearer of Cost: None.

Affected Parties:

1. This change will have minimal administrative impact on SRS staff.
2. This change will adversely affect about 70 persons whose full child support must now be considered in determining eligibility each month.

Other Methods: The agency considered other methods for achieving the purpose of these rules and regulations. As this disregard was intended to support the \$50 pass through of assigned support given the consumer each month and as that pass through was eliminated by PRWORA, it is no longer considered as a valid disregard for purposes of eligibility.

Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REIMBURSEMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM

30-5-58. Definition. This regulation change is administrative only. Certain home- and community-based services definitions have been removed from this regulation and added to regulation 30-5-300.

Economic Impact: There is no cost or savings.

Bearer of Cost: There is no cost or savings.

Affected Parties:

1. Medicaid recipients, HCBS providers enrolled in the Kansas Medicaid program and administrative staff of the Kansas Department of SRS are affected by this change.

Other Methods: No other method was appropriate for the desired outcome.

30-5-64. Prior authorization. This regulation is being amended to clarify drug prior authorization. The current regulation is incomplete in its attempt to identify drugs for PA. The revised regulation will identify PA drugs by generic name, not by brand name. This provides more complete coverage. Some PA additions were made.

Economic Impact: There will be a cost savings of approximately \$475,000 (\$191,377 state general funds) as a result of this regulation change. The above savings are broken out as follows: Klonopin: \$165,012; H2 Antagonists: \$253,576; Retin-A: \$1,838; and Proton Pump Inhibitors: \$54,040.

Bearer of Cost: These savings will accrue to the State of Kansas.

Affected Parties: This regulation will affect providers and consumers of the products added to prior authorization under the specific related criteria. The administrative and medical staff of SRS Adult and Medical Services Commission and the Medicaid fiscal agent also will be affected.

Other Methods: There were no other appropriate methods that would yield the same outcome.

30-5-71. Co-payment requirements. This regulation is being amended to delete the references to the TransMed transitional assistance program.

Economic Impact: This regulation change is administrative only. All references to the TransMed transitional medical assistance program are deleted. The TransMed program was never finalized, and has now been deleted because of welfare reform changes. There is no fiscal impact to this change.

Bearer of Cost: Not applicable.

Affected Parties:

1. Administrative staff of the Kansas Department of SRS.

Other Methods: No other methods were appropriate for the desired outcome.

30-5-80. Scope and reimbursement for Medicaid home- and community-based services (HCBS). This regulation is being revoked. HCBS scope and reimbursement is now found in K.A.R. 30-5-309.

Economic Impact: There is no fiscal impact to this change.

Bearer of Cost: None.

Affected Parties:

1. Administrative staff of the Kansas Department of SRS and the Kansas Department on Aging are affected by this change.

Other Methods: No other methods were appropriate for the desired outcome.

30-5-101. Scope of chiropractic services. This regulation is being amended to formalize the current administrative chiropractic coverage limitations.

Economic Impact: There is no fiscal impact to this change.

Bearer of Cost: None.

Affected Parties:

1. Chiropractic services providers enrolled in the Kansas Medicaid program and administrative staff of the Kansas Department of SRS are affected by this change.

Other Methods: No other method was appropriated for the desired outcome.

30-5-109. Scope of services in free-standing inpatient psychiatric facilities. This regulation is being amended to remove limitations of only state or community mental health center facilities.

Economic Impact: Although this regulation change permits reimbursement to a wider base of providers, there is no fiscal impact based on the following reasons:

1. All Medicaid fee for service admissions will continue to require prior authorization and the PA criteria remains unchanged. The rate per admission under fee for service will continue to be paid under the DRG system.
2. A growing percentage of the potential admissions will be covered under managed care programs or contractual arrangements (adoption or foster care). The costs for these admissions are included in the established rates for managed care programs and contractual arrangements.

Bearer of Cost: None.

Affected Parties:

1. Medicaid consumers, free standing inpatient psychiatric facilities and administrative staff of the Kansas Department of SRS are affected by this change.

30-5-118a. Reimbursement for federally-qualified health center services.

Economic Impact: This regulation revision will provide a cost savings of an estimated \$77,000 total funds (\$31,000 state general funds) to the State of Kansas.

Bearer of Cost: These savings will accrue to the State of Kansas.

Affected Parties:

1. Federally qualified health centers and administrative staff of the Kansas Department of SRS are affected by this change.

Other Methods: No other method was appropriate for the desired outcome.

30-5-300. Definitions. This regulation is being amended by adding HCBS-related definitions previously found in K.A.R. 30-5-58. The "300" series will contain all HCBS-related regulations and definitions previously found elsewhere in Article 5 regulations. In addition, the definition of "technology assisted child" is increased from 15 years of age to 17 years of age.

Economic Impact: There will be an additional cost of \$43,000 (\$17,600 state general funds) as a result of this regulation change. The maximum number of Medicaid eligible children served by this waived program is capped at 33. This will not change with the increase in the maximum age of eligibility from 15 years old to 17 years old. However, the waiver is currently serving 25 children. With the increase of the maximum eligibility age, the number of children served will grow to approximately 27 children. This is the reason for the additional cost.

Bearer of Cost: The State of Kansas through the SRS budget and the federal government through the Title XIX Program.

Affected Parties: Medicaid recipients, HCBS providers enrolled in the Kansas Medicaid program and administrative staff of the Kansas Department of SRS and Kansas Department on Aging are affected by this change.

Other Methods: No other method was appropriate for the desired outcome.

30-5-307. Family reimbursement restriction. This regulation is being amended to add four exception categories. The categories identify the circumstances that must be present in order for a family member of an HCBS consumer to be paid for providing HCBS services to the consumer. The categories were established to permit HCBS consumers in very isolated areas or circumstances to receive HCBS services.

Economic Impact: This regulation revision will result in savings for the state by making an exception for family caregivers when the extraordinary criteria are met. Without the exception, an HCBS consumer may require placement in a nursing facility at significantly increased cost. Total estimated savings to the state is approximately \$50,000.

Bearer of Cost: The HCBS waivers are funded by state and federal dollars. Savings will accrue to the state when nursing facility placement is avoided by using family members when no other HCBS exist.

Affected Parties:

1. Consumers of home- and community-based services and field and administrative staff of the Kansas Department of SRS are affected by this change.

Other Methods: No other method was appropriate for the desired outcome.

30-5-309. Scope of and reimbursement for Medicaid home- and community-based services (HCBS). This new regulation, scope of and reimbursement for Medicaid home- and community-based services, replaces K.A.R. 30-5-80, which is being revoked. All HCBS regulations will be found at the K.A.R. 30-5-300s section. This is to group regulations according to program.

Economic Impact: This regulation change is administrative only, moving the regulation from 30-5-80, which will be revoked, and being renumbered as 30-5-309. There is no fiscal impact to this change.

Bearer of Cost: None.

Affected Parties:

1. Administrative staff of the Kansas Department of SRS and the Kansas Department on Aging are affected by this change.

Other Methods: No other methods were appropriate for the desired outcome.

Article 6.—MEDICAL ASSISTANCE PROGRAM—CLIENT'S ELIGIBILITY FOR PARTICIPATION

30-6-35. Application process. This regulation is being amended to incorporate guidelines concerning addition of a family member following approval for assistance. If assistance is requested for such a member after assistance has been approved for other family members, the month of application for the member shall be the month following the month the request is made unless necessary verification is not timely received.

Economic Impact: This change is not expected to have any discernable economic impact.

30-6-65. Automatic eligibles. This regulation is being amended to delete reference to providing automatic eligibility to persons eligible for public assistance based on prospective budgeting but ineligible due to retrospective budgeting.

Economic Impact: This change is not expected to have any discernable economic impact.

30-6-113. Income exempt as applicable income. This regulation is being amended to delete the \$50 child support exemption in the non-SSI programs. Other technical changes have been made.

Economic Impact: See the economic impact statement for K.A.R. 30-4-113.

HOUSE BILL No. 2080

AN ACT concerning the Riley county law enforcement agency; relating to membership therein and the financing thereof; amending K.S.A. 19-4427 and 19-4443 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 19-4427 is hereby amended to read as follows: 19-4427. (a) Subject to the provisions of subsection (b), there is hereby established in all counties adopting the provisions of this act a county law enforcement agency which shall be known as the "

(name of county)

county law enforcement agency."

(1) Except as provided in paragraph (2), each agency shall have seven members who shall be selected in the following manner:

(A) One member shall be a member of the board of county commissioners of the county, selected by such board of commissioners;

(B) one member shall be a resident of the county, to be selected by the board of county commissioners;

(C) one member shall be a member of the governing body of the largest city located within the county, selected by such governing body;

(D) two members shall be residents of the largest city located within the county, to be selected by the governing body of such city;

(E) one member shall be the mayor of the next largest city located within such county, or a member of the governing body of such city, designated by such mayor; and

(F) one member shall be the county attorney of such county.

(2) The Riley county law enforcement agency shall have seven members who shall be selected in the following manner:

(A) One member shall be a member of the board of county commissioners of the county, selected by such board of commissioners;

(B) one member shall be a resident of the county, to be selected by the board of county commissioners;

(C) one member shall be a member of the governing body of the city of Manhattan, to be selected by such governing body;

(D) two members shall be residents of the city of Manhattan, to be selected by the governing body of such city;

(E) one member shall be the county attorney of such county; and

(F) one member appointed, on alternating terms, by the governing body of the city of Manhattan and the board of county commissioners of Riley county which member shall be a member of the governing body of the appointing authority.

The board of county commissioners of the county and the governing body of the two largest cities located within such county shall each meet on the second Monday in January next following the adoption of the provisions of this act and each two years thereafter and shall select and designate the members of their respective bodies and the other appointive members as members of the agency. Appointive members of the agency shall serve for a term of two years, and other members of the agency who are members by virtue of their county or city office shall remain eligible to serve as such only while holding such county or city office. All members of such agency shall take and subscribe to an oath as other county officials, and all vacancies occurring in the membership of the agency shall be filled for the remainder of the unexpired term of the member creating such vacancy in like manner as that provided for the appointment of such member. Members of the agency shall not receive compensation, but shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties.

(b) Whenever there shall be presented to the county election officer of any such county a petition, signed by qualified electors of such county equal in number to not less than 10% of the electors of the county who voted for the office of secretary of state at the last preceding general election, requesting a special election on the proposition of electing the members of the law enforcement agency of such county to be held at the time of the next primary election in August of an even-numbered year, such special election shall be held at the next such primary election which occurs not less than 60 days after the date the petition is filed, and the question submitted at such special election shall be as follows:

"Shall the law enforcement agency of _____ be composed of seven elected members?"
(Name of county)

If a majority of the electors voting at such election vote in favor of such proposition, such county's law enforcement agency shall be elected at a special election which shall be held at the time of the next succeeding general election as follows: One member shall be elected from each of the county commissioner districts in such county and the remaining members shall be elected from the county at large, together with that portion of any city within the county which is located in an adjacent county. Any person seeking election to any such position shall file a declaration of candidacy for the appropriate position with the county election officer within 30 days after the special election at which the proposition for electing members of the county law enforcement agency is adopted. The county election officer shall give notice of the special election to elect members of the agency by publication once in a newspaper having general circulation within the county. Such publication notice shall be made not more than 14 nor less than seven days prior to the date of the special election. If a portion of any city within such county is located in an adjacent county, the county election officer also shall give written notice of such special election to the county election officer of such adjacent county as soon as the results of the special election on the proposition to elect members of the agency are known.

Ballots for the special election to elect members of the agency shall be prepared by the county election officer of the county to which this act applies, including ballots for that portion of any city within such county which is located in an adjacent county which ballots for the portion of such city shall include only the names of the persons having declared themselves to be candidates for the at large positions. All ballots for the at large positions shall be prepared in such manner that each elector is instructed to vote for the same number of candidates as the number of positions to be filled. So far as the same may be made applicable, the laws governing the election of county commissioners shall govern the election of such members to be elected within county commissioner districts, and the laws governing the election of other county officers shall govern the election of the members from the county at large, except that the election of members of the law enforcement agency shall be nonpartisan and in each instance the candidate receiving the greatest number of votes shall be elected. Where electors of an adjacent county residing in a city which is partly in such adjacent county and partly in a county to which this act applies are to vote on candidates for the at large positions, the county election officer of such adjacent county shall conduct the election and the board of canvassers of such adjacent county shall canvass the ballots cast at such special election by electors of such adjacent county who reside in such city. The board of canvassers of such adjacent county shall certify the results of the special election in the adjacent county to the board of canvassers of the county to which this act applies.

On the second Monday in January next following such general election, the member positions of the law enforcement agency established pursuant to subsection (a) shall be abolished and the members elected pursuant to this subsection shall commence upon the duties of their office. Members elected hereunder shall serve for terms of two years and, except for the provisions relating to selection of members, the provisions of subsection (a) shall be applicable to such members.

Sec. 2. K.S.A. 19-4443 is hereby amended to read as follows: 19-4443. (a) Subject to the provisions of subsection (c) and (d), any county adopting the provisions of this act and each incorporated city within such county shall share in the cost, exclusive of medical expenses of prisoners, of operating the law enforcement agency and department in the same proportion as the budget of each such political subdivision for the operation of the sheriff's department or the police department, as the case may be, in the fiscal year in which this act is adopted bears to the total of all such budgets in said fiscal year.

(b) On or before the first Monday in July of each year the agency shall prepare and submit to the board of county commissioners of the county and to the governing body of each incorporated city within such county a budget of expenditures for the operation of such agency and the department for the next budget year, itemizing the expenses and amounts and the purpose, and shall certify the proportionate liability of each such political subdivision therefor. *An amount not to exceed 15% of any annual budget may be allocated to a special accruing emergency reserve fund. In making the budget, any amounts credited to, and the amounts on hand in, such reserve fund and the amounts expended therefrom shall be shown for the information of the taxpayers of the county.* Not less than 10 days prior to submitting such budget, the agency shall hold a hearing thereon in accordance with the provisions of K.S.A. 79-2929, and amendments thereto. The annual budget of expenditures of the agency shall not exceed 110% of the annual budget of expenditures for the preceding fiscal year except that all expenditures incurred by the agency or department for motor fuels, lubricants and other transportation-related products shall be exempt from the budgetary limitation to the extent that the cost of such expenditures exceeds 110% of the preceding fiscal year's budget for the same such expenditures. The board of county commissioners of said county shall levy a tax upon all assessed taxable tangible property of such county sufficient to raise the amount of the budget for which said county is liable and to pay a portion of the principal and interest on bonds issued under the authority of K.S.A. 12-1774, and amendments thereto, by cities located in the county, and the governing body of each of the cities shall levy a tax upon all assessed taxable tangible property of such city sufficient to raise the amount of the budget for which the city is liable and to pay a portion of the principal and interest on bonds issued by such city under the authority of K.S.A. 12-1774, and amendments thereto. The moneys derived from all levies, except for amounts to pay a portion of the principal and interest on bonds issued under the authority of K.S.A. 12-1774, and amendments thereto, by cities located in the county, made hereunder shall be deposited in the county treasury and credited to a separate fund to be expended for the operation of the county law enforcement agency and department.

(c) In any county where only two cities and the county levy a tax as provided in subsection (b) and one such city is a city of the first class and the other city is a city of the third class, each such city and the county shall levy a tax for the costs of the law enforcement agency and department commencing with the levy for 1979, in an amount computed as follows:

(1) When the budget for the law enforcement agency and department is established for the next year, the levy for the city of the first class shall be computed in accordance with subsection (a);

(2) the levy for the city of the third class then shall be fixed at a rate higher or lower than its previous mill levy for such purpose, by an amount equal to the net increase or decrease in the mill levy rate that the levy of the city of the first class bears to that of its levy for the previous year;

(3) the county then shall levy a tax at a mill rate sufficient to pay the remaining portion of the budget of the law enforcement agency and department.

(d) *When the budget for the Riley county law enforcement agency and department is established for 1998, the city of Manhattan shall levy a tax at a mill rate sufficient to fund 80% of the budget of the law enforcement agency and department and the county shall levy a tax at a mill rate sufficient to fund 20% of the budget of the law enforcement agency and department. Thereafter, the governing body of the city of Manhattan and the board of county commissioners of Riley county shall determine annually, by adoption of a joint resolution, the portion which the city and county shall pay to fund the budget of the law enforcement agency and department. If a joint resolution is not adopted by the second Monday in June each year, the funding formula adopted the previous year shall continue in effect.*

Sec. 3. K.S.A. 19-4427 and 19-4443 are hereby repealed.

Sec. 4. This act shall take effect and be in force from and after its publication in the Kansas register.
