# Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Monday, June 16, in the Attorney General's second floor conference room, Kansas Judicial Center, 301 S.W. 10th Ave., Topeka, to consider adoption of a proposed regulation of the At-

torney General.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. Interested parties may submit written comments prior to the hearing to the Court Debt and Restitution Collection Program, Office of Attorney General, 300 S.W. 10th Ave., Topeka, 66612. Interested parties will be given reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. A complete copy of the economic impact statement may be received by requesting it at the above address. While the hearing location meets ADA requirements, individuals with disabilities may request special accommodation to enable participation by writing the above address or contacting (913) 296-2215 or (913) 291-3767 (TTY) at least five days prior to the hearing

K.S.A. 1996 Supp. 75-719 authorizes the Attorney General to enter into contracts with contracting agents to collect debts owed the Kansas district courts and restitution owed to beneficiaries of orders of restitution. As a part of the "cost of collection," subsection (b)(3) authorizes the Attorney General to prescribe administrative costs pursuant to rules and regulations. The entire proposed regulation and a summary of its economic impact follows.

16-9-1. Administrative costs. Each contracting agent who collects debts owed to district courts or restitution pursuant to K.S.A. 1996 Supp. 75-719 shall pay monthly to the attorney general an amount for administrative costs as established by contract, which shall not exceed one percent of the amount collected by that contracting agent that month. As needed, each contract shall specify other terms and conditions appropriate to facilitate collections and to ensure that these contracts for collection can be monitored statewide. (Authorized by and implementing K.S.A. 1996 Supp. 75-719; effective P-\_\_\_\_\_)

Data provided by the district courts reveal that the amount of debt owed the district courts and restitution owed statewide is approximately \$100 million. If 10 per-

cent of the total is collected over a two-year period, total collections would be \$10 million. The amount payable to the Attorney General as administrative costs would be \$100,000 over the two-year period. If the collection rate for the debts is 10 percent, as projected above, sufficient revenue will be generated to pay the costs of monitoring the program. If the rate is greater than that, the Attorney General maintains the option, through contracts, of charging a lower administrative cost rate than 1 percent.

Through sampling data provided by the district courts, it was determined the average account for collection would be \$946. If such an account would be paid in full, the Attorney General could receive no more than \$9.46 for establishing the program to collect this debt and for monitoring collections. Analysis of data also disclosed that 67 percent of the outstanding debt reported by district courts was restitution owed to crime victims and 33 percent was debt owed to the courts.

# Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Friday, June 27, in Hearing Room A, Suite 451, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of proposed changes in administrative regulations of the Board of Tax Appeals, K.A.R. 94-2-1

through 94-2-18 and 94-3-1 and 94-3-2.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the chairman of the Board of Tax Appeals, Docking State Office Building, Suite 451, 915 S.W. Harrison, Topeka, 66612-1505. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Speech/hearing disabled Kansans may access the Kansas Relay Center by calling 1-800-766-3777. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Roberta Allen at (913) 296-2388. Handicapped parking is located at the north end of state parking lot No. 2, which is located immediately south of the Docking Building. The north end of the building has a drive-through drop-off ramp which is accessible to individuals with disabilities, and both the south and east entrances to the building are accessible.

These regulations represent all regulations which govern and control the tax appeals procedures of the Board of Tax Appeals and are proposed for adoption on a permanent basis. In brief summary, these proposed amendments are intended to simplify and streamline the tax appeals process, be more informative, achieve consistency with applicable state statutes, and more clearly define the board's position and direction on administrative and pol-

icy issues.

There is no estimated economic impact on governmental agencies or units with the exception of a slight increase in funds generated by the board by increasing the filing fee which must accompany the filing of an information statement for the issuance of economic development revenue bonds. This fee is ultimately paid through the proceeds of the bonds. The board foresees no other economic impact to other persons subject to these proposed regulations nor to the general public.

Copies of the regulations and their economic impact statement may be obtained by contacting the Board of Tax Appeals at the address and phone number listed above.

Constitution of the State of Kansas-Miscellaneous-Intoxicating Liquors; Requirement for Licensure; Application to Facility Owned and Operated by Federally Recognized Tribe on Indian Land.

Intoxicating Liquors and Beverages-Licensure and Regulation of Sale of Liquor by the Drink—Drinking Establishment Licenses; Application to Facility Owned and Operated by Federally Recognized Tribe on Indian Land. Kevin Hill, Brown County Attorney, Hiawatha, March 17, 1997.

18 U.S.C. § 1161 and Section 26(C) of the Indian Gaming Compact between the State of Kansas and the Sac and Fox Nation of Missouri in Kansas and Nebraska each provide for regulation of tribal liquor sales in accordance with state law. The United States Supreme Court in Rice v. Rehner held that 18 U.S.C. § 1161 confers concurrent jurisdiction on the states and the tribes over liquor transactions in Indian country. This grant of authority has been held to include regulatory as well as substantive law. Thus, the Sac and Fox Nation will be required to obtain a state license before beginning liquor sales at the tribal casino. Because the casino is located in Brown County, which has not opted to allow drinking establishments within the county in accordance with Article 15, Section 10 of the Kansas Constitution and K.S.A. 1996 Supp. 41-2646, the tribe may not operate a drinking establishment

at the casino. The tribe may, however, apply for a Class B club license. Cited herein: K.S.A. 1996 Supp. 41-2601; K.S.A. 41-2634; K.S.A. 1996 Supp. 41-2641; 41-2642; K.S.A. 41-2646; Kan. Const., art. 15, § 10; 18 U.S.C. §§ 1151, 1154, 1156, 1161; 3113, 3488, 3669. JLM

The term "gambling" as used in K.S.A. 1996 Supp. 41-2708(a)(7) refers to illegal gambling, not gaming, which is lawful and has been excluded from the definition of gambling found in K.S.A. 21-4303 and K.S.A. 1996 Supp. 21-4302. A county is a "local authority" within the context of the Uniform Act Regulating Traffic and therefore has the responsibility to erect and maintain traffic control signs within its jurisdiction in accordance with the manual and specifications adopted by the Secretary of Transportation. A township does not fall within the definition of "local authority" and therefore has no authority to erect or maintain traffic control signs. Whether there is a duty to place signs and whether the decision to place signs is an exercise of discretion excepted from liability under the Kansas Tort Claims Act are questions of fact for the court to determine based on the totality of the circumstances. Publication requirements for a county resolution permitting corporate swine production facilities under K.S.A. 17-5908 must be complied with in order for the resolution to become effective. Because the statute does not prescribe a specified time within which publication must be made, the lapse of more than two years between the approval of Hodgeman County Resolution No. 94-6 and proper publication thereof does not prohibit enactment of the resolution; however, the resolution does not become effective until 60 days after its proper publication and an opportunity for any protest to be resolved. Labor and Industries—Kansas Acts Against Discrimination—Unlawful Employment Practices; Legality of Questions Posed to Applicants for Appellate Court Positions. Carol G. Green, Clerk, Kansas Supreme Court, Topeka, March 27, 1997.

(continued)

The Supreme Court Nominating Commission is subject to the Kansas Acts Against Discrimination, the Kansas Age Discrimination in Employment Act and the Americans With Disabilities Act. A question regarding the age of the judicial applicant is appropriate in order to ensure that a judicial candidate is legally qualified to apply; however, the question should be narrowly tailored to avoid the appearance of age discrimination. A question regarding the candidate's marital status and family situation is inappropriate in the absence of a legally justifiable basis for the inquiry. A question which requests the religious affiliation of the candidate violates the First Amendment to the United States Constitution, Section 7 of the Kansas Bill of Rights and the Kansas Acts Against Discrimination. Finally, the mental health related questions, although appropriate under Title II of the Americans With Disabilities Act because they are reasonably related to job performance and are subject to reasonable time limitations, are not permissible under Title I of the ADA and the Kansas Acts Against Discrimination. Cities and Municipalities—Consolidation of Municipalities—Consolidation of Kansas City, Kansas, and Wyandotte County. Senator Chris Steineger, 6th District, Kansas City, March 27, 1997.

Under the Kansas City, Kansas/Wyandotte County consolidation plan submitted January 13, 1997, the members elected to the Unified Board of Commissioners are considered county commissioners for the purpose of Section 2 of Article 4 of the Kansas Constitution. Should the plan for consolidation be approved by the electorate, neither the plan nor any other law would require members of the Unified Board of Commissioners to be residents of the area served by the Unified Board of Commissioners. The locally elected boards of education for unified school districts located within the area served by the Unified Board of Commissioners remain governmental entities separate and distinct from the consolidated city-county. Any consolidation of unified school districts located in the area served by the Unified Board of Commissioners must follow the procedure set forth in K.S.A. 72-8701 et seq. Each entity comprising the consolidated government would remain solely responsible for any bond debt it had incurred prior to consolidation. The 30 percent debt limit established in K.S.A. 1996 Supp. 12-345 for the consolidated government includes all previous bonded indebtedness of the two separate entities comprising the consolidated government. Because K.S.A. 1996 Supp. 79-2101 is nonuniform and the suggested changes would not trigger any of the other limitations imposed by K.S.A. 1996 Supp. 19-101a, Ellis County may enact a charter resolution containing deadlines different from those stated in the statute. # Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Friday, June 27, in the conference room of the Kansas Racing and Gaming Commission office, 3400 Van Buren, Topeka, to consider adoption of proposed permanent regulations of the Kansas Racing and Gaming Commission. This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Kansas Racing and Gaming Commission, 3400 Van Buren, Topeka, 66611-2228, (913) 296-5800.

A copy of the full text of the regulations and the economic impact statement may be reviewed or obtained at the commission office. The following is a summary of the proposed amendments:

K.A.R. 112-3-21, Race date fees, payment. This is a new regulation which sets up a procedure for the organization licensee to pay daily race date fees in advance at least monthly before the 25th day of the month preceding the month for which such fees are assessed.

Economic Impact: There are no costs anticipated as a result of this new regulation.

K.A.R. 112-4-1, Occupation licenses. The amendment to this regulation deletes the license category of conditional appointments. In the past, licensees were allowed to go to work conditionally before backgrounds were completed. This amendment complies with the agency's current policy.

In addition, the language in subsection (j) was amended to reflect that an ARCI computer check or substantially similar check of license records from other racing jurisdictions be run annually on licensees. This amendment was necessary in the event that the commission would no longer be a member of ARCI.

Economic Impact: The Racing Commission bears the expense of running an Association of Racing Commissioners' International (ARCI) computer check or substantially similar check of license records from other racing jurisdictions on each licensee, which is done on an annual basis. The commission pays \$13,000 per year for membership dues into the ARCI services. An additional monthly fee is based on the number of licensees processed through the service each month and, therefore, is not a set monthly fee. The commission also bears the expense of administrative processing of licenses, validation forms and validation stickers, as well as administrative costs for processing fingerprint cards. Administrative costs cannot be calculated.

Each licensee will bear the expense of purchasing an occupation license, which ranges from \$3 to \$75. The licensee also pays a \$41 fee for one set of fingerprint cards.

K.A.R. 112-4-26, Denial of an occupation license. This new regulation, as requested by the commission, allows the commission to deny a license based on moral character and reputation adverse to the integrity of racing and also on drug and alcohol addiction.

Economic Impact: There are no costs anticipated as a result of this new regulation.

K.A.R. 112-18-3, Application form for simulcasting applicant. This regulation amendment gives the commission authority to settle disputes regarding simulcast application disagreements pursuant to K.S.A. 74-8836(k).

Economic Impact: Because the parties involved would be corporations, they must be represented by legal counsel. The legal costs incurred would have to be paid by the parties.

These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows.

K.A.R. 74-1-5. Credit for examination fees not used. This regulation is revoked for the reason that the entity administering the CPA examination does not allow for fee credits for future exams. There is no economic impact to governmental agencies, the general public or exam candidates as a result of this revocation.

K.A.R. 74-1-6. Refund of examination fees not used. This new regulation will allow for refunds of examination fees if a candidate is unable to sit, for acceptable reasons determined by the board. Governmental units, the general public and exam candidates will not be affected by this regulation.

K.A.R. 74-2-1. Filing date for applications. Amendments to this regulation allow for the examination administering entity to accept applications to sit for the CPA examinations and to change the deadline dates for filing said applications. Governmental units, the general public and exam candidates will not be affected by the changes in this regulation.

K.A.R. 74-12-1. Fees. Changes in this regulation set fees for: (1) refunds of examination application fees, when approved; (2) issuance of duplicate certificates and duplicate permits; and (3) initial and reinstated permits. There is no economic impact to governmental agencies or the general public. This change will result in an increase of

permit fees to certified public accountants, which will result in an increase of receipts to the Board of Accountancy.

Copies of the regulations and their economic impact statements may be obtained by contacting the Board of Accountancy at the address and phone number listed above.

### Notice of Job Training Plan Modification

The Job Training Partnership Act (JTPA) provides funds to states to establish programs which prepare youth and adults for entry into the labor force. Under the JTPA, each state is divided into service delivery areas (SDAs). Within each SDA, a governing structure is established between local elected officials and private and public sector representatives who are appointed to a Private Industry Council (PIC). This governing structure is responsible for policy, program development and oversight of programs generated within the SDA. The PIC of SDA IV, which comprises Butler, Cowley, Harper, Kingman, Sedgwick and Sumner counties in south central Kansas, has selected the City of Wichita to be the grant recipient and program administrator for Title II-A, II-B and II-C Programs in SDA IV. The PIC of SDA IV also has selected the Kansas Department of Human Resources (KDHR) to be the grant recipient and program administrator for Title III Programs in SDA IV.

Section 104(a) of the JTPA specifies that no funds appropriated under Title II for any fiscal year may be provided to any SDA under this act, except pursuant to an approved job training plan. Section 105(a)(2) of the act mandates publishing any proposed modification of that job training plan or summary thereof. Section 161(b) of the act allows funds obligated for any program year to be spent during that program year and the two succeed-

ing program years.

In accordance with Sections 104 and 105 of the JIPA, the Private Industry Council of Service Delivery Area IV, Inc. hereby gives public notice of its intention to modify its current Job Training Plan to incorporate the 1997 program year (PY). The proposed plan modification will revise the Title II-A, Title II-B, Title II-C, Title III and the local Wagner-Peyser job training programs. Summaries of each follow.

#### **Title II-A Plan Subpart Summary**

The purpose of the Title II-A Job Training Program is to prepare adults (age 22 or older) who are economically disadvantaged or face serious barriers to employment for participation in the labor force by increasing their occupational and educational skills, resulting in improved long-term employability, increased employment and earnings, and reduced welfare dependency.

The PY 1997 Title II-A Program begins July 1, 1997. The PY 1997 SDA IV allocation is \$695,541, and an estimated 286 adults will be served in SDA IV with those funds. Program activities may include on-the-job training, academic enrichment training, classroom occupational training, work experience, supportive services, counseling and inter-agency coordination of services.

#### Title II-B Plan Subpart Summary

The purpose of the Title II-B Job Training Program, which comprises the Summer Youth Employment and Training Programs (SYETP), is to enhance the basic educational skills of youth, encourage school completion or

enrollment in supplementary or alternative school programs, and provide eligible youth with exposure to the world of work.

The PY 1997 SYETP Program began October 1, 1996. The PY 1997 SDA IV allocation is \$827,443, which will serve an estimated 374 youth in SDA IV during the 1997 calendar year. Program activities may include work experience, classroom academic enrichment, generic employability training and supportive services.

#### Title II-C Plan Subpart Summary

The purpose of the Title II-C Job Training Program is to improve the long-term employability of youth (age 14 through 21) who are economically disadvantaged or face serious barriers to employment; enhance the educational, occupational and citizenship skills of youth; encourage school completion or enrollment in alternative school programs; increase the employment and earnings of youth; reduce welfare dependency; and assist youth in addressing problems that impair their ability to make successful transitions from school to work, apprenticeship, the military or postsecondary education and training.

The PY 1997 Title II-C Program begins July 1, 1997. The PY 1997 SDA IV allocation is \$106,062, and an estimated 74 youth will be served in SDA IV with those funds. Program activities may include on-the-job training, academic enrichment training, classroom occupational training, work experience, supportive services, counseling and inter-agency coordination of services.

Copies of the Title II-A, II-B and II-C Plan Subpart modifications are available for review from 8 a.m. to 5 p.m. Monday through Friday at the Human Services Department, second floor, City Hall, 455 N. Main, Wichita, 67202, (316) 268-4691. Written comments and/or questions regarding the Title II-A, II-B and II-C Plan Subpart revisions should be directed to Mike Reichenberger, Planning and Administration Director, at the above location.

#### Title III Plan Subpart Summary

The purpose of SDA IV's Title III Economic Dislocation and Worker Adjustment Assistance Act (EDWAA) Plan Subpart is to provide services to those individuals affected, through no fault of their own, by economic conditions such as reductions in the work force. The EDWAA Plan Subpart also allows for services to be provided to dislocated area farmers and ranchers. The EDWAA Plan Subpart states the service emphasis will be on retraining.

The PY 1997 Title III EDWAA Program begins July 1, 1997. The PY 1997 SDA IV allocation is \$1,058,345, and an estimated 315 program participants will be served in SDA IV with those funds. A request for a waiver to reduce the 50 percent minimum retraining cost limitation to 40 percent, for PY 1997 funds, is included in the modification.

#### Wagner-Peyser Plan Subpart

The Wagner-Peyser Plan Subpart describes activities to be performed by local employment and training offices. The SDA IV Wagner-Peyser Plan Subpart also identifies the state mission of the Kansas Job Service and the location of SDA IV Job Service offices. The PY 1997 Wagner-

Peyser Program begins July 1, 1997, with \$917,403 available for program operation in SDA IV.

Copies of the EDWAA and Wagner-Peyser Plan Subpart modifications are available for review from 8 a.m. to 5 p.m. Monday through Friday at the KDHR Wichita office, 402 E. 2nd, P.O. Box 877, Wichita, 67201-0877, (316) 266-8613. Written comments and/or questions regarding the EDWAA and Wagner-Peyser Plan Subpart modifications should be directed to Fred Johnson, SDA IV Area Supervisor, at the above location.

### **Notice of Hearing**

The Kansas Department of Health and Environment, Bureau of Air and Radiation, will conduct a public hearing at 10 a.m. Tuesday, May 20, in Rooms A, B and C of the Johnson County Northeast Offices, 6000 Lamar, Mission, to receive public comments on proposed changes to the Kansas State Air Quality Implementation Plan (SIP). The SIP implements the state's air quality program under the federal Clean Air Act to assure and maintain the ambient air quality in the state in compliance with the national ambient air quality standards. That portion of the SIP being revised is the Ozone Maintenance Plan for the Kansas segment of the Kansas City metropolitan area's ozone planning area, consisting of Johnson and Wyandotte counties in Kansas.

Under the federal Clean Air Act, national ambient air quality standards for certain pollutants have been promulgated by the federal U.S. Environmental Protection Agency. One of the specific pollutants for which a standard was promulgated is ozone. Kansas City has experienced problems with ozone levels that have approached and occasionally exceeded the national standard. These past problems have resulted in the state being required to submit specific revisions to the Kansas State Implementation Plan to address the ozone problem. These SIP revisions describe the state strategies for maintaining air quality in compliance with the national ozone standard.

Most recently, in 1995, the Kansas City metropolitan area experienced a violation of the ozone standard that triggered the requirement to implement additional control measures and to revise the SIP. The proposed changes to the SIP include an update of data for the Kansas City metropolitan area, contingency measures for implementation in the event of additional violations of the standard, and measures to be implemented in Kansas City in response to the exceedances of the ozone standard during the summer of 1995.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed SIP revisions. All interested parties may submit written comments prior to the hearing to Ralph J. Kieffer, Kansas Department of Health and Environment, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. All interested parties will be given a reasonable opportunity to present their views orally on the proposed SIP changes during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentations to five minutes.

Copies of the proposed SIP revisions may be reviewed during normal business hours at the Kansas Department of Health and Environment, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, or at any of the following offices:

- (E) shall cause the hearing to be recorded at the state agency's expense. The state agency shall not be required, at its expense, to prepare a transcript, unless required to do so by any other provision of law. Each party, at the party's expense and subject to such reasonable conditions as the state agency may establish, may cause a person other than the state agency to prepare a transcript from the state agency's record, or cause additional recordings to be made during the hearing; and

(A) A presiding officer shall not be bound by the statutory rules of evidence, but shall give the parties reasonable opportunity to be heard and to present evidence, and the presiding officer shall act reasonably without partiality. The presiding officer shall give effect to the rules of privilege recognized by law. Evidence may not be excluded solely because it is hearsay.

(B) All testimony of parties and witnesses shall be made under oath or affirmation, and the presiding officer shall have the power to administer an oath or affirmation for that purpose.

(C) Statements presented by nonparties in accordance with subsection (d)(10)(C) of this regulation shall be re-

ceived as evidence.

(D) Any part of the evidence may be received in written form if doing so will expedite the hearing without substantial prejudice to the interests of any party.

(E) Documentary evidence shall be received in the form of a copy or excerpt. Upon request, parties shall be given an opportunity to compare the copy with the original, if available.

(F) Official notice shall be taken of the following:

- (i) any matter that could be judicially noticed in the courts of this state;
- (ii) the record of other proceedings before the state agency;

(iii) technical or scientific matters within the state

agency's specialized knowledge; and

- (iv) codes of standards that have been adopted by an agency of the United States, of this state or of another state, or by a nationally recognized organization or association. Each party shall be notified before or during the hearing, or before the issuance of any initial or final order that is based in whole or in part on matters or material noticed, of the specific matters or material noticed and the source, including any staff memoranda and data. Each party shall be afforded an opportunity to contest and rebut the matters or material so noticed.
  - (13) Orders, initial and final.

(A) If the presiding officer is the agency head, the presiding officer shall render a final order.

(B) If the presiding officer is not the agency head, the presiding officer shall render an initial order, which shall become a final order unless reviewed in accordance with

subsection (d)(14) of this regulation.

- (C) A final order or initial order shall include, separately stated, findings of fact, conclusions of law, and policy reasons for the decision if it is an exercise of the state agency's discretion, for all aspects of the order, including the remedy prescribed and, if applicable, the action taken on a petition for stay of effectiveness. Findings of fact, if set forth in language that is no more than mere repetition or paraphrase of the relevant provision of law, shall be accompanied by a concise and explicit statement of the underlying facts of record to support the findings. The order shall also include a statement of the available procedures and time limits for seeking reconsideration, administrative review, or other administrative relief. An initial order shall include a statement of any circumstances under which the initial order, without further notice, may become a final order.
- (D) Findings of fact shall be based exclusively upon the evidence of record in the adjudicative proceeding and on matters officially noticed in that proceeding.
- (E) If a substitute presiding officer is appointed, the substitute presiding officer may use any existing record and may conduct any further proceedings appropriate in the interests of justice.

(continued)

- (F) The presiding officer shall allow the parties to a proceeding to have an opportunity to submit proposed findings of fact and conclusions of law together with a supporting brief at a time designated by the presiding officer.
- (G) A final order or initial order pursuant to this section shall be rendered in writing and served within 30 days after conclusion of the hearing or after submission of proposed findings in accordance with paragraph (d)(13)(F) of this regulation, unless this period is waived or extended with the written consent of all parties or for good cause shown.

(H) The presiding officer shall cause copies of the order to be served on each party and, if the order is an initial order, the agency head in the manner prescribed by sub-

section (d)(18) of this regulation.

(14) Review of initial order; exceptions to reviewability.

(A) The secretary or secretary's designee, upon the secretary or secretary's designee's own motion may, and upon petition by any party or when required by law shall, review an initial order, except to the extent that these conditions apply:

(i) a provision of law precludes or limits review of the

initial order; or

(ii) the secretary or secretary's designee determines to review some but not all issues, or not to exercise any review, or delegates its authority to review the initial order to one or more persons, unless such delegation is expressly prohibited by law, or authorizes one or more persons to review the initial order, subject to further review

by the secretary or secretary's designee.

(B) A petition for review of an initial order shall be filed with the secretary or secretary's designee, or with any person designated for this purpose by regulation of the department, within 15 days after service of the initial order. If the secretary or secretary's designee on the secretary or secretary's designee's own motion decides to review an initial order, the secretary or secretary's designee shall give written notice of the secretary or secretary's designee's intention to review the initial order within 15 days after the initial order is issued. If the secretary or secretary's designee determines not to review an initial order in response to a petition for review, the secretary or secretary's designee shall, within 20 days after filing of the petition for review, serve on each party an order stating that review will not be exercised.

(C) The petition for review shall state its basis. If the secretary or secretary's designee on the secretary or secretary's designee's own motion gives notice of its intent to review an initial order, the secretary or secretary's designee shall identify the issues that it intends to review.

(D) In reviewing an initial order, the secretary or secretary's designee shall exercise all the decision-making power that the secretary or secretary's designee would have had to render a final order had the secretary presided over the hearing, except to the extent that the issues subject to review are limited by a provision of law or by the secretary or secretary's designee upon notice to all parties.

(E) The secretary or secretary's designee shall afford each party an opportunity to present briefs and shall afford each party an opportunity to present oral argument.

(F) The secretary or secretary's designee shall render a final order disposing of the proceeding or remand the matter for further proceedings with instructions to the presiding officer who rendered the initial order. Upon remanding a matter, the secretary or secretary's designee shall order any temporary relief that is authorized and appropriate.

(G) A final order or an order remanding the matter for further proceedings shall be rendered in writing and served within 30 days after receipt of briefs and oral argument, unless that period is waived or extended with written consent of all parties or for good cause shown.

(H) A final order or an order remanding the matter for further proceedings under this section shall identify any difference between this order and the initial order and shall include, or incorporate by express reference to the initial order, all the matters required by paragraph (d)(13)(C) of this regulation.

(I) The secretary or secretary's designee shall cause copies of the final order or order remanding the matter for further proceedings to be served on each party in the manner prescribed by subsection (d)(18) of this regula-

tion

(15) Stay. A party may submit to the presiding officer or secretary or secretary's designee a petition for stay of effectiveness of an initial or final order until the time at which a petition for judicial review would no longer be timely, unless otherwise provided by statute or stated in the initial or final order. The presiding officer or secretary or secretary's designee may take action on the petition for stay, either before or after the effective date of the initial or final order.

(16) Reconsideration.

- (A) Each party, within 15 days after service of a final order, may file a petition for reconsideration with the secretary or secretary's designee, stating the specific grounds upon which relief is requested. The filing of the petition shall not be a prerequisite for seeking administrative or judicial review.
- (B) The secretary shall render a written order denying the petition, granting the petition and dissolving or modifying the final order, or granting the petition and setting the matter for further proceedings. The petition may be granted, in whole or in part, only if the secretary states, in the written order, findings of fact, conclusions of law, and policy reasons for the decision if it is an exercise of the department's discretion, to justify the order. The petition shall be deemed to have been denied if the secretary does not dispose of it within 20 days after the filing of the petition.
- (C) An order under this section shall be served on the parties in the manner prescribed by subsection (d)(18) of this regulation.

(17) Orders, when effective.

- (A) Unless a later date is stated in a final order or a stay is granted, a final order shall be effective upon service
- (B) Unless a later date in an initial order or a stay is granted, an initial order shall become effective and shall become the final order under these circumstances:
- (i) when the initial order is served, if administrative review is unavailable;

- (ii) when the secretary serves an order stating, after a petition for review has been filed, that review will not be exercised: or
- (iii) when, 30 days after service if no party has filed a petition for review by the secretary and the secretary has not given written notice of its intent to exercise review, and review by the secretary is not otherwise required by law.
- (18) Service of order. Service of an order or notice shall be made upon the party and the party's attorney of record, if any, by delivering a copy of the order or notice to the person to be served or by mailing a copy of the order or notice to the person at the person's last known address. Delivery of a copy of an order or notice means handing the order or notice to the person or leaving the order or notice at the person's principal place of business or residence and with a person of suitable age and discretion who works or resides therein. Service shall be presumed if the presiding officer, or a person directed to make service by the presiding officer, makes a written certificate of service. Service by mail shall be complete upon mailing. Whenever a party has the right or is required to do some act or file a petition within a prescribed period after service of a notice or order and the notice or order is served by mail, three days shall be added to the prescribed period.
  - (19) Record.
- (A) The department shall maintain an official record of each formal hearing.
  - (B) The record shall consist only of these items:
  - (i) notices of all proceedings;

- (ix) any final order, initial order, or order on reconsideration; and
- (x) staff memoranda or data submitted to the presiding officer.
- (C) Except to the extent that these regulations or another statute provides otherwise, the department's record, excluding matters under subsection (d)(19)(B)(x) of this regulation, shall constitute the exclusive basis for the department's action in formal hearings and for judicial review of the department's action. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-405, 49-407, and 49-416a; effective Feb. 11, 1991; amended May 2, 1997.)

shall be served on the party or person against whom discovery is sought. The presiding officer may specify the times during which the parties may pursue discovery and respond to discovery requests. The presiding officer may issue subpoenas, discovery orders, and protective orders in accordance with the rules of civil procedure.

(b) Subpoenas issued by the presiding officer shall be served by a person designated by the presiding officer or any other person who is not a party and is not less than 18 years of age. Service shall be in person and at the expense of the requesting party. Proof of service shall be

shown by affidavit.

(c) Subpoenas and orders issued by the presiding officer shall be enforced pursuant to the provisions of the act for judicial review and civil enforcement of agency actions pursuant to K.S.A. 77-601 et seq., as amended.

by one or more of the following methods:

- (1) depositions upon oral examination or upon written interrogatories;
  - (2) written interrogatories;
- (3) production of documents or items, or permission to enter upon land or other property for inspection and other purposes; and

(4) requests for admission.

(e) Time for discovery. Following the initiation of a proceeding, the parties may initiate discovery at any time so long as it does not interfere with the conduct of the hearing.

(f) Scope of discovery.

- (1) Unless otherwise limited by order of the presiding officer in accordance with these regulations, the parties may obtain discovery regarding any matter, not privileged, that is relevant to the subject matter involved in the proceeding, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible items, and the identity and location of persons having knowledge of any discoverable matter.
- (2) It shall not be grounds for objection that information sought will not be admissible at the hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence.
- (3) A party may obtain discovery of documents and tangible items otherwise discoverable under subsection (f)(1) of this regulation and prepared in anticipation of or for the hearing by or for another party's representative, including a party's attorney, consultant, surety, indemnitor, insurer, or agent. This discovery shall occur only upon a showing that the party seeking discovery has substantial need of the materials for the preparation of a party's case and that the party is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the presiding officer shall protect against disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney or other representative of a party concerning the proceeding.
- (g) Protective order. Upon motion by a party or the person from whom discovery is sought, and for good

(1) the discovery not be had;

(4) certain matters not relevant may not be inquired into, or the scope of discovery be limited to certain matters;

(5) discovery be conducted with no one present except persons designated by the presiding officer; or

(6) a trade secret or other confidential research, development, or commercial information may not be disclosed

or may be disclosed only in a designated way.

(h) Sequence and timing of discovery. Unless the presiding officer upon motion, for the convenience of parties and witnesses and in the interests of justice, orders otherwise, methods of discovery may be used in any sequence. The fact that a party is conducting discovery, whether by deposition or otherwise, shall not operate to delay any other party's discovery.

(i) Supplementation of responses. A party who has responded to a request for discovery with a response that was complete when made is under no duty to supplement the party's response to include information there-

after acquired, except as follows.

(1) A party shall be under a duty to timely supplement the party's response with respect to any question directly addressed to the following:

(A) the identity and location of persons having knowl-

edge of discoverable matters; or

- (B) the identity of each person expected to be called as an expert witness at the hearing, the subject matter on which the expert witness is expected to testify, and the substance of the expert's testimony.
- (2) A party shall timely amend a prior response if the party later obtains information upon the basis of which either condition applies:
- (A) the party knows the response was incorrect when made; or
- (B) the party knows that the response, though correct when made, is no longer true, and the circumstances are such that a failure to amend the response is in substance a knowing concealment.
- (3) A duty to supplement responses may be imposed by order of the presiding officer or agreement of the parties.

(j) Motion to compel discovery.

(1) If a deponent fails to answer a question propounded, or if a party upon whom a request is made pursuant to subsection (d)(3) of this regulation or a party upon whom answers to interrogatories are served fails to adequately respond or objects to the request, or any part thereof, or fails to permit inspection as requested, the discovering party may move the presiding officer for an order compelling a response or inspection in accordance with the request.

- (2) The motion shall set forth the following:
- (A) the nature of the questions or request;
- (B) the response or objection of the party upon whom the request was served; and

(C) arguments in support of the motion.

(3) For purposes of this section, an evasive answer or an incomplete answer or response shall be treated as a failure to answer or respond.

(4) In ruling on a motion made pursuant to this section, the presiding officer may make such protective orders as the presiding officer is authorized to make on a motion

made pursuant to K.A.R. 47-4-15(g).

(k) Failure to comply with orders compelling discovery. If a party or an officer, director, or other agent of a party fails to obey an order to provide or permit discovery, the presiding officer before whom the action is pending may make such orders in regard to the failure as are just, including the following:

(1) an order that the matters sought to be discovered or any other designated facts shall be taken to be established for the purposes of the action in accordance with

the claim of the party obtaining the order;

(2) an order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting the party from introducing designated matters into evidence; or

- (3) an order striking out pleadings or parts of pleadings, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part of the action or proceeding, or rendering a judgment by default against the disobedient party.
- (1) Depositions upon oral examination or upon written questions.
- (1) Any party desiring to take the testimony of any other party or other person by deposition upon oral examination or written questions shall, without leave of the presiding officer, give reasonable notice in writing to every other party, to the person to be examined and to the presiding officer, of the following:

(A) the proposed time and place of taking the depo-

sition;

(B) the name and address of each person to be examined, if known, or if the name is not known, a general description sufficient to identify the person or the particular group or class to which the person belongs;

(C) the matter upon which each person will be exam-

ined; and

- (D) the name or descriptive title and address of the officer before whom the deposition is to be taken.
- (2) A deposition may be taken before any officer authorized to administer oaths by the laws of the United States or by those of the place where the examination is held.
- (3) The actual taking of the deposition shall proceed as follows.

(A) The deposition shall be on the record.

- (B) The officer before whom the deposition is to be taken shall put the witness under oath or affirmation.
- (C) Examination and cross-examination shall proceed as at a hearing.
- (D) Each objection made at the time of the examination shall be noted by the officer.

(E) The officer shall not rule on objections to the evidence, but evidence objected to shall be taken subject to the objections.

(4) When the testimony is fully transcribed, the deposition shall be submitted to the deponent for examination and signature, unless examination and signature are waived by the deponent. The officer shall certify the deposition or, if the deposition is not signed by the deponent, shall certify the research for the feiture to the deponent.

shall certify the reasons for the failure to sign.

(5) When the deposition is to be taken on written questions, the party taking the deposition shall serve a copy of the questions, showing each question separately and consecutively numbered, on every other party with a notice stating the name and address of the person who is to answer the questions, and the name, description, title, and address of the officer before whom the questions are to be taken. Within 30 days after service, any other party may serve cross-questions. The questions, cross-questions, and answers shall be recorded and signed, and the deposition certified, as in the case of a deposition on oral examination.

(6) A deposition shall not become a part of the record in the hearing unless received in evidence. If only part of a deposition is offered in evidence by a party, any other

party may introduce any other parts.

(7) A deponent whose deposition is taken and the officer taking a deposition shall be entitled to the same fees as are paid for like services in the district courts of the United States, to be paid by the party at whose request the deposition is taken.

(8) The deponent may be accompanied, represented,

and advised by legal counsel.

- (m) Use of depositions. At the hearing, any part or all of a deposition, so far as admissible, may be used against any party who was present or represented at the taking of the deposition, or who had reasonable notice of the deposition, in accordance with any of the following provisions.
- (1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of a deponent as a witness.
- (2) The deposition of a party or of anyone who at the time of taking the deposition was an officer, director, or managing agent or a person designated to testify on behalf of a public or private corporation, partnership, or association or governmental agency that is a party may be used by an adverse party for any purpose.

(3) The deposition of a witness, whether or not a party, may be used by a party for any purpose if the presiding

officer finds that any of these conditions occur:

(A) the witness is dead;

(B) the witness is at a distance greater than 100 miles from the place of hearing, or is outside the United States, unless it appears that the absence of the witness was procured by the party offering the deposition;

(C) the witness is unable to attend or testify because of

age, illness, infirmity, or imprisonment;

(D) the party offering the deposition has been unable to procure the attendance of the witness by subpoena; or

(E) such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to

the importance of presenting the testimony of witnesses orally at the hearing, to allow the deposition to be used.

(n) Written interrogatories to parties.

(1) Any party may serve upon any other party written interrogatories to be answered in writing by the party served, or if the party served is a public or private corporation or a partnership or association or governmental agency, by any officer or agent, who shall furnish the requested information that is available to the party. A copy of the interrogatories, answers, and all related pleadings shall be served on the presiding officer and upon all parties to the proceeding.

(2) Each interrogatory shall be answered separately and fully in writing under oath or affirmation, unless it is objected to, in which event the reasons for objection shall be stated in lieu of an answer. The answer and objections shall be signed by the person making them. The party upon whom the interrogatories were served shall serve a copy of the answers and objections upon all parties to the proceeding within 30 days after service of the interrogatories, or within a shorter or longer period that

the presiding officer may allow.

(3) Interrogatories may relate to any matters that can be inquired into under subsection (f) of this regulation. An interrogatory otherwise proper is not necessarily objectionable merely because an answer to the interrogatory involves an opinion or contention that relates to fact or the application of law to fact. However, the presiding officer may order that such an interrogatory need not be answered until after the completion of designated discovery or until a prehearing conference or other later time.

(o) Production of documents and items, and entry

upon land for inspection and other purposes.

(1) Any party may serve on any other party a request

to perform the following:

- (A) produce and permit the party making the request, or a person acting on the party's behalf, to inspect and copy any designated document, or to inspect and copy, test, or sample any tangible items within the scope of subsection (f) above of this regulation, that are in the possession, custody, or control of the party upon whom the request is served; or
- (B) permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, photographing, testing, or sampling the property, including the air, water, and soil, or any designated object or operation on the land, within the scope of subsection (f) of this regulation.

(2) The request may be served on any party without

leave of the presiding officer.

(3) The request shall fulfill these requirements:

(A) set forth the items to be inspected either by individual item or by category;

(B) describe each item or category with reasonable particularity; and

(C) specify a reasonable time, place, and manner of making the inspection and performing the related acts.

(4) The party upon whom the request is served shall serve a written response on the party submitting the request within 30 days after service of the request.

(5) The response shall state the following, with respect to each item or category:

(A) that inspection and related activities will be permitted as requested; or

- (B) that objection is made in whole or in part, in which case the reasons for objection shall be stated.
  - (p) Request for admissions.
- (1) A party may serve upon any other party a written request for the admission, for purposes of the pending action only, of the genuineness and authenticity of any relevant document described in or attached to the request, or for the admission of the truth of any specified relevant matter of fact.
- (2) Each matter of which an admission is requested shall be admitted unless, within 30 days after service of the request or shorter or longer time that the presiding officer may allow, the party to whom the request is directed serves on the requesting party the following:

(A) a sworn statement denying specifically the relevant matters of which an admission is requested;

- (B) a sworn statement setting forth in detail the reasons why the party can neither truthfully admit nor deny the matters; or
- (C) written objections on the grounds that some or all of the matters involved are privileged or irrelevant or that the request is otherwise improper in whole or in part.
- (3) An answering party shall not give lack of information or knowledge as a reason for failure to admit or deny unless the party states that the party has made reasonable inquiry and that the information known or readily obtainable by the party is insufficient to enable the

party to admit or deny.

- (4) The party who has requested the admissions may move to determine the sufficiency of the answers or objections. Unless the presiding officer determines that an objection is justified, the presiding officer shall order that an answer be served. If the presiding officer determines that an answer does not comply with the requirements of this section, the presiding officer may order either that the matter is admitted or that an amended answer be served. The presiding officer may, in lieu of these orders, determine that final disposition of the request be made at a prehearing conference or at a designated time before hearing.
- (5) Any matter admitted under this section shall be conclusively established unless the presiding officer on motion permits withdrawal or amendment of the admission.
- (6) Any admission made by a party under this section shall be for the purpose of the pending action only and shall not be an admission by the party for any other purpose. The admission shall not be used against the party in any other proceeding. (Authorized by K.S.A. 49-405; and implementing K.S.A. 49-405, 49-407, and 49-416a; effective, E-81-30, Oct. 8, 1980; effective May 1, 1981; amended May 1, 1986; amended Feb. 11, 1991; amended May 2, 1997.)
- **47-4-16.** Interim orders for temporary relief. (a) An interim order for temporary relief may be issued by the department or a presiding officer, on its own initiative or on written request, when there has been a showing of

good cause. An interim order shall not be granted in permit application cases in which the relief sought is issuance of a permit that has been denied in whole or in part by the department.

(b) Unless otherwise specified by statute, an interim order for temporary relief shall be effective for 30 days at most if a hearing is not held on the merits of the issues. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-405, 49-407, and 49-416a; effective, E-81-30, Oct. 8, 1980; effective May 1, 1981; amended Feb. 11, 1991; amended May 2, 1997.)

47-4-17. Administrative hearings; award of costs and expenses. (a) Any person may file a petition for award of costs and expenses, including attorney fees, reasonably incurred as a result of that person's participation in any administrative proceeding under the state act which results in a final order being issued by the department or its presiding officer. The petition shall be filed within 45 days of receipt of the order. Failure to make a timely filing of the petition may constitute a waiver of the right to an award.

(b) A petition filed under this section shall include the name of the person from whom costs and expenses are sought, and the following shall be submitted in support

of the petition:

(1) an affidavit detailing all costs and expenses, including attorney fees, incurred as a result of participation in the proceeding;

(2) receipts or other evidence of the costs and expenses;

and

- (3) where attorney fees are claimed, the hours expended on the case, the customary commercial rate of payment for services in the locality, and evidence of the experience, reputation, and ability of the attorney or attorneys.
- (c) Any person served with the petition shall have 30 days after the date of service to file an answer.

(d) Appropriate costs and expenses, including attorney fees, may be awarded as follows:

- (1) from the permittee, if the person initiates any administrative proceedings, or participates in the proceedings, upon a finding that a violation of the state act, of these regulations, or of the permit has occurred, or that an imminent hazard existed, or to any person who participates in an enforcement proceeding in which such a finding is made if the department or its presiding officer determines that the person made a substantial contribution to the full and fair determination of the issues;
- (2) from the department to anyone other than the permittee or permittee's representative, if the person initiates or participates in any proceeding under the act upon a finding that the person made a substantial contribution to a full and fair determination of the issues;
- (3) from the department to the permittee when the permittee demonstrates that the department issued an order of cessation, a notice of violation or an order to show cause why a permit should not be suspended or revoked, in bad faith and for the purpose of harassing or embarrassing the permittee;
- (4) to a permittee from any person when the permittee demonstrates that the person initiated a proceeding or

participated in such a proceeding in bad faith for the purpose of harassing or embarrassing the permittee; or

(5) to the department when it demonstrates that any person applied for review or participated in an administrative proceeding in bad faith and for the purpose of harassing or embarrassing the department or any person employed by the department.

(e) An award may include all costs and expenses, including attorney fees and expert witness fees, reasonably incurred as a result of initiation of or participation in a proceeding under the state act. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-405, 49-407 and 49-416a; effective, E-81-30, Oct. 8, 1980; effective May 1, 1981; amended Feb. 11, 1991; amended May 2, 1997.)

  - (1) Time for filing petition.
- (A) A petition for review of a proposed assessment of a civil penalty shall be filed within 30 days of receipt of the proposed assessment; or
- (B) if a timely request for a conference has been made pursuant to subsection (a)(8) of this regulation, a petition for review shall be filed within 15 days after service of notice by the presiding officer that the conference is completed.
- (C) No extension of time shall be granted for filing a petition for review of a proposed assessment of a civil penalty as required by paragraph (c)(1)(A) or (B). If a petition for review is not filed within the time period provided in paragraph (c)(1)(A) or (B), the appropriateness of the amount of the penalty, and the fact of the violation if there is no proceeding pending under K.S.A. 49-416a(a) to review the notice of violation or cessation order involved, shall be admitted, the petition shall be dismissed, and the civil penalty assessed shall become a final order of the secretary.

(2) Contents of petition; payment required.

(A) The petition shall include the following:

(i) a short and plain statement indicating the reasons why either the amount of the penalty or the fact of the

violation is being contested;

- (ii) on the face of the payment an identification by number of the violations for which payment is being tendered.
- (C) As required by K.S.A. 49-405c(c), failure to make timely payment of the proposed assessment in full shall result in a waiver of all legal rights to contest the violation

or the amount of the penalty.

- (D) No extension of time shall be granted for full payment of the proposed assessment. If payment is not made within the time period provided in paragraph (c)(1) (A) or (B), the appropriateness of the amount of the penalty, the fact of the violation, and if there is no review proceeding, the notice of violation or cessation order involved shall be deemed admitted; the petition shall be dismissed; and the civil penalty assessed shall become a final order of the secretary.
- (3) Answer. The department shall have 30 days from receipt of a copy of the petition within which to file an

(B) The motion shall contain a statement indicating all alleged facts relevant to the granting or denial of a

- (D) If the presiding officer finds that the section abused its discretion in granting or denying the waiver, the presiding officer shall hold a hearing on the petition for review of the proposed assessment and make a determination pursuant to paragraph (c)(7) of this regulation.

(5) Burden of proof in civil penalty proceedings. In civil penalty proceedings, the department shall have the

burden of going forward to establish a prima facie case as to the fact of the violation, the amount of the civil penalty, and the ultimate burden of persuasion as to the amount of the civil penalty. The person who petitioned for review shall have the ultimate burden of persuasion as to the fact of the violation.

(6) Summary disposition.

(A) In a civil penalty proceeding in which the person against whom the proposed civil penalty is assessed fails to comply on time with any prehearing order of a presiding officer, the presiding officer shall issue an order to show cause for the following conditions:

(i) that person should not be deemed to have waived

the person's right to a hearing; and

(ii) the proceedings should not be dismissed and the assessment become final.

(B) If the order to show cause is not satisfied as required, the presiding officer shall order the proceedings

summarily dismissed and issue a final order.

(C) When the person against whom the proposed civil penalty is assessed fails to appear at a hearing, that person will be deemed to have waived the person's right to a hearing, and the presiding officer may assume for purposes of the assessment the following:

(i) the occurrence of each violation listed in the notice

of violation; and

(ii) the truth of any facts alleged in such notice or order.

(D) In order to issue an initial order assessing the appropriate penalty when the person against whom the proposed civil penalty is assessed fails to appear at the hearing, a presiding officer shall either conduct an exparte hearing or require the department to furnish proposed findings of fact and conclusions of law.

(E) Nothing in this section shall be construed to deprive the person against whom the penalty is assessed of the person's opportunity to have the surface mining section prove the violations charged in open hearing with confrontation and cross-examination of witnesses, except when that person fails to comply with a prehearing order or fails to appear at the scheduled hearing.

(7) Initial order of the presiding officer.

(A) The presiding officer shall incorporate in the presiding officer's decision concerning the civil penalty, findings of fact on each of the four criteria set forth in K.A.R.

47-5-5a(a)(3) and conclusions of law.

(B)(i) If the presiding officer finds that a violation occurred or that the fact of violation is uncontested, the presiding officer shall establish the amount of the penalty, but in so doing, the presiding officer shall adhere to the point system and conversion table contained in 30 CFR 845.13 and 845.14 adopted by reference in K.A.R. 47-5-5a(a)(3) and (4), except that the presiding officer may waive the use of such point system where the presiding officer determines that a waiver would further abatement of violations of the state act. However, the presiding officer shall not waive the use of the point system and reduce the proposed assessment on the basis of an argument that a reduction in the proposed assessment could be used to abate other violations of the act.

(ii) If the presiding officer finds that no violation occurred, the presiding officer shall issue an order that the proposed assessment be returned to the petitioner. (C) If the presiding officer finds that no violation occurred or reduces the amount of the civil penalty below the proposed assessment and if a timely petition for review of the presiding officer's decision is not filed with the secretary or if the secretary refuses to grant the petition, the presiding officer shall order the department to remit the appropriate amount to the person who made the payment within 30 days of receipt of the order finding no violation or reducing the penalty paid.

(D) If the presiding officer increases the amount of the civil penalty above that of the proposed assessment, the presiding officer shall order payment of the appropriate amount within 15 days after the order increasing the civil

penalty is mailed.

(8) Appeals.
(A) Any party may petition the secretary to review and reconsider the initial order of a presiding officer concerning an assessment pursuant to K.A.R. 47-4-14a(d) (14) and

(16), respectively.

- (B) Any party may appeal the final order of the secretary pursuant to the Kansas judicial review act, K.S.A. 77-601 et seq. and amendments thereto. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-405, 49-405c, 49-416a; effective May 1, 1985; amended Feb. 11, 1991; amended May 2, 1997.)
- **47-5-16.** Civil penalties; final assessment and payment of civil penalty. (a) If any person to whom a notice of violation or cessation order is issued fails to request a hearing, the proposed assessment shall become a final order of the secretary. The assessment contained in the final order shall be due and payable upon expiration of the time allowed to request a hearing.

(b) If any party requests judicial review of a final order of the secretary, the proposed civil penalty assessment shall be held in escrow until completion of the review. Otherwise, subject to subsection (c) of this regulation, the escrowed funds shall be transferred to the department in payment of the civil penalty, and the escrow shall end.

(c) If the final decision in the administrative and judicial review results in an order reducing or eliminating the proposed civil penalty under these regulations, all or part of the escrowed amount shall be refunded to the person assessed within 30 days of receipt of the order and shall include any interest that has accrued from the date of payment into escrow to the date of the refund.

(d) If the review results in an order increasing the penalty, the person to whom the notice or order was issued shall pay the difference to the department within 15 days after the order is mailed to that person. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-405c; effective May 1, 1984; amended May 1, 1985; amended Feb. 11, 1991; amended May 2, 1997.)

#### Article 6.—PERMIT REVIEW

**47-6-1.** Permit review. Each permit issued and outstanding during the term of the permit shall be reviewed by the secretary or secretary's designee not later than the middle of that term. A copy of the order and the written findings shall be sent to the

operator. The order shall be subject to provisions of K.S.A. 49-407(d) and 49-422a. (Authorized by K.S.A. 49-405, 49-410; implementing K.S.A. 49-406 and 490-410; effective May 1, 1980; amended Feb. 11, 1991; amended May 2, 1997.)

**47-6-2. Permit revision.** (a) An application made by an operator to amend or revise an existing permit shall be submitted at least 60 days before the date on which the operator desires to have the approval of the secretary.

(b) If the application for permit revision contains significant alterations or departures from the method of mining or reclamation operations covered by the original permit, all permit application information, requirements, and procedures shall be met. Whether or not a significant alteration or departure is involved shall be determined by the secretary or secretary's designee on a case-by-case basis upon review, unless a determination is requested in writing by the operator upon or before filing the application. On receiving this request, the operator shall be advised by the secretary or secretary's designee if a significant alteration or departure is involved for the purpose of submitting an application.

(c) Each application for permit revision shall be accompanied by a map, when it is required, that meets the general map requirements of these regulations. The proposed amendment shall be described in detail and supported by the technical data necessary to establish its impact and consequences on the surface coal mining and reclamation operation, the environment, and the public health and safety. (b) A notice of violation or cessation order shall not be

vacated because of inability to comply.

(c) Inability to comply shall not be considered in determining whether or not a pattern of violation exists.

- (d) Unless caused by lack of diligence, inability to comply may be considered only in mitigation of the amount of the civil penalty and the duration of the suspension of a permit. - 47-15-7. State inspections. ### **Article 16.—RECLAMATION**

47-16-1. Eligible lands and water. (a) Coal mined lands and associated waters shall be eligible for reclamation activities if these conditions are met:

(1) they were mined or affected by mining processes;

(2) they were mined before August 3, 1977, and were left or abandoned in an unreclaimed or inadequately reclaimed condition; and

- (3) there is no continuing responsibility for reclamation by the operator, permittee, or agent of the permittee under statutes of the state or federal government or a result of bond forfeiture. Bond forfeiture shall render lands or water ineligible only if the amount forfeited is sufficient to pay the total cost of the necessary reclamation.
- (b) Lands and water that were mined or affected by mining for minerals and materials other than coal shall be eligible for reclamation activities if all reclamation with respect to abandoned coal mine land and water has been accomplished within the state.

(c) "Left or abandoned in an unreclaimed or inadequately reclaimed condition" means land and water that meet the following conditions:

(1) were mined or affected by such mining, wastebanks, processing, or other mining processes before August 3, 1977, and on which all mining has ceased;

(2) continue, in their present condition, to substantially degrade the quality of the environment, prevent or damage the beneficial use of land or water resources, or endanger the health and safety of the public; and

(3) are not subject to any continuing reclamation responsibility under state or federal laws. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)

47-16-2. Reclamation project evaluation. Proposed reclamation projects and completed reclamation work shall be evaluated using the factors stated in this section to determine whether or not proposed reclamation will be undertaken and to assign priorities to proposals intended to meet the objectives of K.S.A. 49-428. Completed reclamation shall be evaluated using the following factors to identify conditions that should be avoided, corrected, or improved in plans for future reclamation work:

(a) the need for reclamation work to accomplish one or more specific objectives stated in K.S.A. 49-428;

(b) the availability of technology to accomplish the reclamation work with reasonable assurance of success. In the case of research and demonstration projects, the research capability and plans shall provide reasonable assurance of beneficial results without residual adverse impacts;

(c) the specific benefits of the reclamation work for the area including the following:

(1) protection of human life, health, or safety;

(2) protection of the environment, including air and water quality, fish and wildlife, plant habitat, visual beauty, historic, cultural or recreation resources, and abatement of erosion sedimentation;

(3) protection of public or private property;

- (4) improvement of environmental conditions that may be considered to generally enhance the quality of human life;
  - (5) improvement of natural resource use, including:
  - (A) increasing productivity capability of the land:
- (B) enhancing the use of surrounding lands consistent with existing land use plans;
- (C) providing for construction or enhancement of public facilities; and
- (D) providing for residential, commercial, or industrial developments consistent with the needs and plans of the community in which the site is located; and
- (6) technologies that can be used to reclaim areas disturbed by mining;
- (d) any additional adverse impacts to people or the environment during or after reclamation and of uncorrected conditions, if any, that will continue to exist after reclamation;
- (e) the costs of reclamation. Consideration shall be given to both the economy and efficiency of the reclamation work and to the results obtained or expected as a result of reclamation;
- (f) any additional coal or other mineral or material resources within the project area when either of the following conditions exists:
- (1) a reasonable probability that the desired reclamation could be accomplished in conjunction with future mining; or
- (2) a need to assure that the resource is not lost as a result of reclamation and the benefits of reclamation are not negated by subsequent, essential resource recovery operations;
- (g) compatability of post-reclamation land uses with the following:
  - (1) land uses in the surrounding area;
- (2) applicable state, regional, and local land use plans and laws; and
- (3) the needs and desires of the community where the project is located; and
- (h) the probability that post-reclamation management, maintenance and control of the area will be consistent with the reclamation completed. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- **47-16-3.** Consent to entry. (a) All reasonable actions that are necessary to obtain prior written consent from the owner of record of the land or property to be entered shall be taken by the secretary or secretary's designee.
- (b) The consent shall consist of a signed statement by the owner or the owner's authorized agent that shall include the following:

- (1) a legal description of the land to be entered;
- (2) the nature of work to be performed on the lands; and
  - (3) any special conditions for entry.
- (c) This statement shall not include any commitment by the secretary to perform reclamation work or compensate the owner for entry. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-432; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- **47-16-4.** Entry for study or exploration. (a) Any property may be entered by the secretary or secretary's designee for the purpose of conducting studies or exploratory work to determine the following:

(1) the existence of adverse effects of past coal mining

practices; and

(2) the feasibility of restoration, reclamation, abatement, control, or prevention of adverse effects.

- (b) If the owner will not give consent to entry, notice shall be given to the owner in writing of the secretary's intent to enter for purposes of study and exploration to determine the existence of adverse effects of past coal mining practices that may be harmful to the public health, safety, or general welfare. The notice shall be provided by mail, return receipt requested, to the owner, if known, and shall include a statement of the reasons why entry is believed necessary. If the owner is not known, or the current mailing address of the owner is not known, or if the owner is not readily available, the notice shall be posted in one or more places on the property to be entered where it is readily visible to the public. In addition, the notice shall be published once in a newspaper of general circulation in the locality in which the land is located. Notice shall be given at least 30 days before entry. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-432; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- 47-16-5. Entry and consent to reclaim. (a) Notice shall be given of the secretary's intent to enter for purposes of conducting reclamation at least 30 days before entry upon the property. The notice shall be in writing and shall be mailed, return receipt requested, to the owner, if known, with a copy of the findings required by K.S.A. 49-432. If the owner is not known, or if the current mailing address of the owner is not known, notice shall be posted in one or more places on the property to be entered where it is readily visible to the public. In addition, the notice shall be published once in a newspaper of general circulation in the locality in which the land is located. The notice shall include a statement of where the findings required by K.S.A. 49-432 may be inspected or obtained.
- (b) Any land where an emergency exists and on any other land necessary to gain access to the land where an emergency exists may be entered by the secretary to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices and to do all things necessary to protect the public health, safety, or general welfare.
- (1) Before entry a written finding shall be made by the secretary with reasons supporting the following conclusions:

(A) an emergency exists constituting a danger to the public health, safety, or general welfare; and

(B) no other person or agency will act expeditiously to restore, reclaim, abate, control, or prevent the adverse ef-

fects of coal mining practices.

- (2) Notice to the owner shall not be required before entry for emergency reclamation. Reasonable efforts to notify the owner and obtain prior consent shall be made by the secretary. These efforts shall be consistent with the existing emergency conditions. Proper written notice shall be given to the owner as soon after entry as practical. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-432; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- **47-16-6.** Liens. (a) A lien shall be placed by the secretary on land reclaimed if the reclamation results in a significant increase in the fair market value based on the pre- and post-reclamation appraisals, except that the lien may be waived by the secretary or the secretary's designee if these conditions are met:
- (1) the lien amount would be less than the cost of filing the lien;
- (2) the reclamation work primarily increases the health, safety, or environment of the community or area affected; or
- (3) the reclamation is necessitated by an unforeseen occurrence, and the work performed to restore the land will not significantly increase the market value of the land as it existed immediately before the occurrence.
- (b) A lien shall not be placed against land reclaimed if the current owner of the property acquired title before May 2, 1977 and did not consent to, participate in, or exercise control over the mining operation that caused or contributed to the unreclaimed conditions.
- (c) If a lien is to be filed, within six months after completion of the reclamation work, a statement shall be filed by the secretary in the office having responsibility under applicable law for recording judgments and placing liens against land. The statement shall include the following:
- (1) an account of monies expended for the reclamation work; and

(2) a notarized summary of the appraisal report.

- (d) The increase in the appraised value of the property shall constitute the amount of the lien recorded and shall have priority second only to a real estate tax lien. The landowner shall be afforded the following:
- (1) notified before the time of filing the lien of the

amount of the proposed lien; and

- (2) allowed a reasonable time to pay that amount in lieu of filing the lien. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- **47-16-7.** Appraisals, (a) In order for a lien to be filed under K.A.R. 47-16-6, the following procedures shall be followed. (a) A notarized appraisal of the fair market value of the land shall be obtained from an independent, professional appraiser before any reclamation activities are started.
- (b) A second, notarized appraisal of the fair market value of the land shall be obtained after all reclamation activities have been completed.

- (c) The landowner shall receive a statement of any increase in market value, an itemized statement of reclamation expenses, and a notice that a lien will be filed against the property. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- 47-16-8. Satisfaction of liens. (a) A lien shall be satisfied to the extent of the value of the consideration received, at the time of transfer of ownership. Any unsatisfied portion shall remain as a lien on the property and shall be satisfied in accordance with this subsection.

(b) Liens shall be maintained or renewed by the sec-

retary from time to time as may be required.

- (c) Monies derived from the satisfaction of liens established under this subsection shall be deposited in the state abandoned mined-land fund. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May 1, 1983; amended Feb. 11, 1991; amended May 2, 1997.)
- 47-16-9. Contractor responsibility. (a) Each successful bidder for an abandoned mine land reclamation project contract shall be eligible under 30 CFR 773.15(b)(1), as adopted by reference in K.A.R. 47-3-42(a)(44), at the time of contract award to receive a permit or conditional permit to conduct surface coal mining operations.

(b) For any contract to be awarded, bidder eligibility shall be confirmed by the office of surface mining's automated application violator system. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May

2, 1997.)

**47-16-10.** Exclusion of certain noncoal reclamation sites. (a) Money from the abandoned mine land funds shall not be used for the following:

- (1) the reclamation of sites and areas designated for remedial action pursuant to the uranium mill tailings radiation control act of 1978, 42 U.S.C. 7901 et seq. and amendments thereto; or
- (2) sites listed for remedial action pursuant to the comprehensive environmental response compensation and liability act of 1980, 42 U.S.C. 9601 et seq. and amendments thereto.
- (b)(1) Each successful bidder for an abandoned mine land contract for noncoal reclamation shall be eligible under 30 CFR 773.15(b)(1), as adopted by reference in K.A.R. 47-3-42(a)(44), at the time of contract award to receive a permit or conditional permit to conduct surface coal mining operations.
- (2) Bidder eligibility shall be confirmed by the office of surface mining's automated applicant violator system for each contract to be awarded. (Authorized by K.S.A. 49-405; implementing K.S.A. 49-428; effective May 2, 1997.)
- 47-16-11. Reports. (a) For each grant, cooperative agreement, or both, the agency shall semiannually submit to the office of surface mining reclamation and enforcement the following reports prepared according to the office of management and budget circular no. A-102, attachment h and i:
