Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 2 p.m. Tuesday, September 30, in Room C of the Kansas National Education Association (KNEA) Building, 715 S.W. 10th, Topeka, to consider the adoption of proposed changes in existing rules and regulations and proposed new rules and regulations of the Kansas Department on Aging.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Aging, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Michelle Sweeney at (785) 296-5544 or (785) 291-3167 (TDD). Handicapped parking is located on the north and west sides of the KNEA building, closest to the north entrance. The north entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statements may be obtained from the Department on Aging, Policy and Planning Section, Lower Level, 235 S. Kansas Ave., Topeka, 66612; (785) 296-5544.

These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows.

K.A.R. 26-1-7 identifies entities subject to confidentiality requirements, describes what information is confidential, and prescribes a hearing and sanctions for disclosure violations.

K.A.R. 26-3-4 identifies an area agency's responsibilities for subgrants and contract services. The proposed regulation deletes the requirement of submitting a copy of the contract to the department.

K.A.R. 26-3-7 is revoked.

K.A.R. 26-4-1 requires the secretary to give 10 day's notice prior to implementing a proposed action in non-Medicaid programs. Actions to avoid or prevent public harm are authorized without notice. This regulation provides the right and procedure for an appeal of such action.

K.A.R. 26-4-2, 26-4-3 and 26-4-4 are revoked.

K.A.R. 26-4-5 defines terms used in Article 4 of these regulations.

K.A.R. 26-4-6 provides a party with the right to voluntarily participate in informal negotiations aimed at settling disputes. Formal appeal rights are not affected by informal negotiations.

K.A.R. 26-4-7 requires a hearing request be mailed to the respondent, appointment of a hearing officer by the secretary, a written summary by respondent, and notice of the hearing to a party.

K.A.R. 26-4-8 allows communication, compromise and notice of settlement among the parties prior to a hearing. It prohibits evidence of negotiations from being presented at a hearing. It also allows for notice of settlement, dismissal or withdrawal of appeals by agreement.

K.A.R. 26-4-9 requires the department to review actions of the secretary when appealed. If the action is changed in review, the affected party is notified of the change. An aggrieved party may continue the appeal after notice of the change.

K.A.R. 26-4-10 provides for the appointment of a hearing officer or panel and hearing procedure.

K.A.R. 26-4-11 requires a record of hearings and conferences, and provides for transcripts and payment of transcript costs.

K.A.R. 26-4-12 prescribes the time for a written decision, designates minimum contents of the decision, and when the decision becomes final.

K.A.R. 26-4-13 provides for the secretary's review of a decision, modification of the decision by the secretary, and states when the secretary's decision is final.

K.A.R. 26-4-14 allows customer appeals to be heard in their service area. All other hearings shall be in Topeka.

K.A.R. 26-4-15 allows hearings by telephone.

K.A.R. 26-4a-1 requires Medicaid appeals to be administered through the Department of Social and Rehabilitation Services and designates the place for notice of appeal.

K.A.R. 26-5-3 provides the conditions for termination of in-home nutrition contracts and a party's right to appeal.

K.A.R. 26-5-6 defines eligibility for in-home nutrition programs and provides for periodic assessment of recipients.

K.A.R. 26-8-8 changes the time for notice of termination for senior care services from 30 days to 10 days.

K.A.R. 26-8-9 allows appeals for senior care clients aggrieved by a decision and requires the filing of a written notice of the appeal within the time prescribed in **K.A.R. 26-4-1 et seq.**

K.A.R. 26-8-10 and 26-8-11 are revoked.

K.A.R. 26-10-1 requires the Department on Aging to comply with federal and Department of Social and Rehabilitation Services regulations regarding Medicaid programs administered by the Department on Aging.

36-1-36. Common requirements. Each applicant moving an oversize or overweight load that is nondivisible may be issued a permit by the secretary to travel on highways under the jurisdiction of the secretary. If the secretary determines that a person has been granted a permit and has not complied with any provision of these regulations, the permit may be canceled, or the issuance of future permits to the applicant may be denied by the secretary, in accordance with the Kansas administrative procedures act.

(continued)

(a) Application information. The application for any permit shall be filed only by the individual or company that is doing the actual transporting or by an authorized permit service. Individuals and companies shown on the face of a permit shall be the only parties authorized to use that permit. Transferring permits to parties other than those to whom the permits were issued shall not be permitted. Permits shall be required in order for the individual or company to cross any portion of the state highway system.

(b) Bridge restrictions. Oversize loads shall not obstruct or impede traffic on any bridge for longer than five minutes.

(c) Carrier responsibility. Any applicant who accepts a permit issued by the secretary shall be deemed to have agreed to the following conditions:

(1) to be knowledgeable of the laws contained in K.S.A. 1996 Supp. 8-1911, as amended, and these regulations;

(2) to hold the secretary harmless, and to indemnify the secretary as immune from all suits, claims or damages arising from the movement of vehicles; and

(3) to pay the secretary for damages to state property caused by the permitted vehicle.

(d) Convoy information. Vehicles and loads traveling in convoy shall not have more than 1,000 feet between each transporting vehicle. A maximum of two permitted loads may travel in a convoy.

(e) Enforcement. Each holder of a permit shall make the permit or an authorized permit number readily available upon request to any law enforcement official or employee of the department.

(f) Escort information. When escorting loads or convoys more than 14 feet wide, the following conditions shall apply.

(1) On highways of fewer than four lanes, front and rear escorts shall be required. Except for superloads and large structures, the rear escort may be eliminated if a warning light is attached to the top of the towing vehicle and to the rear of each load and is mounted no less than two feet or more than eight feet above the surface of the road.

(2) On highways consisting of four lanes or more, a rear escort shall be required for superloads and large structures. All other types of loads shall not require escorting.

(3) When moving an oversize or overweight load, the driver of each escort vehicle and the person driving the permitted vehicle shall have the ability to communicate verbally with each other, using two-way equipment.

(4) Unless conditions dictate a different following distance, escorting vehicles shall travel at a distance not to exceed 300 feet in front or 300 feet to the rear of the load.

(g) Flagging. Movers of oversize loads shall attach warning flags to each side of the widest part of all over-width loads and to the rear of all overlength loads.

(h) Implement dealers or manufacturer provisions. Implement dealers and manufacturers transporting farm machinery or farm machinery used in farming operations shall not be required to possess a permit if traveling within 100 miles of the implement dealer's or manufacturer's place of business. The mileage limitation shall ap-

ply only to Kansas miles. This exception shall not apply to interstate highways.

(i) Insurance information. The following insurance requirements apply to movers of oversize or overweight loads.

(1) Vehicles and loads traveling under the authority of any permit authorized by the secretary shall have in effect all motor vehicle liability insurance coverage as required by federal, state, and local law for the type of vehicle for which the permit is sought.

(2) All insurance requirements shall be in force as of the date when the permit is requested and shall be maintained for the duration of the permit.

(3) As a minimum prerequisite to obtaining any permit, the applicant shall obtain general liability insurance in the amount of \$500,000 and auto liability insurance in the amount of \$500,000 to cover bodily injury that occurs to any person and property damage liability that occurs to any structure or roadway on which the permitted vehicle and load travel. The insuring company shall be duly authorized to conduct business in Kansas.

(4) Except for vehicles registered by the Kansas corporation commission (KCC), each permittee shall keep proof of insurance in the permitted vehicle at all times and shall present this proof to any employee of the department or law enforcement personnel upon request. At a minimum, proof of insurance shall include the date the insurance was purchased, the amount of the insurance, the expiration date of the insurance, the name of the insuring company, and the signature of the person authorized to issue the insurance.

(j) Loading restrictions. These loading restrictions shall apply to all oversize or overweight loads.

(1) When any permit is granted, it shall be for the maximum dimension and weight of the component being transported. Identical components may be transported, provided that no additional dimension is exceeded.

(2) Multiple-item loads shall not exceed legal axle or gross weights as stated in K.S.A. 8-1908 and K.S.A. 8-1909.

(3) Except as provided in K.A.R. 36-1-28 through 36-1-34, articles transported beside each other shall not be permitted if more than one article makes the load over-width or overlength.

(4) Every article or unit shall be loaded with the smallest dimension as its width.

(5) Vehicles shall be loaded in a manner that does not exceed the manufacturer's recommended weight-carrying capacity rating of any axle, trailer, or other equipment when transporting oversize or overweight loads under an authorized oversize or overweight permit.

(k) Manufactured homes. Movement of manufactured homes or modular sections of buildings shall be halted when the ground wind exceeds a sustained velocity of 30 miles per hour, as measured and reported by the nearest weather reporting facility.

(l) Size limitations. These general size limitations apply to all oversize or overweight loads.

(1) Overheight permits shall allow a height that is limited only by the constraints existing on the route to be traveled.

(2) Carriers of loads more than 17 feet high shall notify all appropriate utilities before moving the load.

(3) Carriers of overweight loads shall abide by all restrictions on posted bridges and shall not enter the structure if the weight of any group of axles or the gross vehicle weight exceeds the posted limit.

(4) Carriers transporting structural items including poles, pipe, bridge girders, or double derricks used in oil or gas drilling operations not to exceed 140 feet in length may be issued permits.

(m) Time restrictions. The following restrictions shall apply to all types of permits.

(1) Night movements shall be allowed for loads that are only overweight.

(2) Permits for overdimensional loads shall be restricted to daylight movement unless the secretary finds that an emergency exists, in which case a permit for nighttime movement may be issued for the special condition, as the secretary deems advisable. Special conditions shall be noted on the permit.

(3) Carriers transporting oversize or overweight loads may move every day of the year, including holidays.

(n) Transporting requirements. The following transporting requirements shall apply to oversize or overweight loads.

(1) Loads in excess of one-half of the width of the traveled portion of the highway shall be transported in a manner so that no part of the load extends across the centerline of the road, except when necessary to avoid a collision with objects located near the edge of the road.

(2) Farm tractors shall not be used to tow oversize or overweight loads, except in rare circumstances where the secretary or an appointed designee finds that an emergency exists, in which case, a permit for the emergency move may be issued to the customer. Special conditions shall be noted on the permit.

(3) All permitted loads shall be secured according to provisions established by the federal motor carrier safety regulations, part 393, "parts and accessories necessary for safe operation," subpart I, section 393.100 through 393.106, including all charts, figures and appendices regarding these sections, as in effect on August 1996, which are adopted by reference.

(4) Transporting vehicles operating under the authorization of a permit shall follow no closer than 300 hundred feet behind another vehicle, except when attempting to overtake and pass another vehicle.

(5) Except for incidental movements, all oversize or overweight construction machinery or equipment shall be transported on a truck-tractor trailer, truck-tractor semitrailer, or truck combination. Incidental driving of construction machinery on state highways shall be allowed, provided that the section of highway to be used is adjacent to or entirely within the project limits or the distance traveled is less than or equal to one mile and no bridge structures are being crossed.

(6) Derricks used in oil or gas drilling that, when erected, stand more than two connected joints of rotary tubular pipe shall be dismantled before being transported on state highways.

(o) Validity. All movements of oversize or overweight loads are subject to the requirements set forth on the per-

mit. Once a permit has been approved, it shall not be altered.

(p) Visibility. Oversize or overweight loads shall not be transported when visibility is less than one-half mile, or when conditions of moderate to heavy rain, sleet, snow, fog, or smoke exist, or when highway surfaces are slippery due to ice, packed snow, or rain.

(q) Warning flags. Each warning flag shall be a piece of red or orange material that is not less than 12 inches square and is clean and free of lettering.

(r) Warning lights. Warning lights shall be installed on the top of each escort vehicle. Each warning light shall be in good operating condition, emit a rotating or flashing amber light, be mounted on top of the towing vehicle, and be readily visible at a distance of not less than 1,000 feet.

(s) Warning signs. A warning sign shall be used by movers of oversize or overweight loads in the following manner and circumstances.

(1) Each vehicle transporting oversize manufactured houses or modular sections of buildings shall have an oversize warning sign attached to the rear of the manufactured home or modular section being transported.

(2) Oversize and overweight loads shall have attached to the front of the transporting vehicle and to the rear of the load an oversize warning sign.

(3) Warning signs shall be readily visible from a distance of 500 feet from one-half hour before sunrise to one-half hour after sunset and shall be removed from the vehicle when the load being transported does not exceed legal dimensions.

(4) An escort warning sign or oversize warning sign shall be attached to the front or to the top of each vehicle preceding the load being transported, and a similar sign shall be attached to the top or to the rear of the vehicle trailing the load being transported. (Authorized by and implementing K.S.A. 1996 Supp. 8-1911; effective Aug. 15, 1997.)

(Authorized by K.S.A. 1996 Supp. 8-1911; implementing K.S.A. 1996 Supp. 8-1904, 8-1908, 8-1909; effective Aug. 15, 1997.)

36-1-38. Types of permits. (a) Annual permits. This permit allows for continuous movement of oversize or overweight loads, special mobile equipment, manufactured houses, or modular sections of buildings during daylight hours.

(1) The annual permit shall be assigned to a specific power unit.

(2) This permit shall be valid for a period of one year, beginning and ending as specified on the permit.

(3) The annual permit shall not be transferable to any other company or vehicle.

(4) Movers operating with an annual permit may deviate from the routes approved by the secretary only at the origin and destination of their trip. Such a deviation shall be limited to using the safest, shortest, and most direct roadways.

(b) Standard permits. This permit allows for single-trip movements in those circumstances where another permit is not appropriate.

(1) Standard permits may be issued for the movement of oversize or overweight vehicles and loads on a multiple-trip or single-trip basis if implementation of another type of permit is not appropriate.

(2) Each standard permit shall be good for a period of seven days.

(3) Standard permits shall be issued only from point of origin to final destination on routes designated by the secretary.

(4) Movers of oversize or overweight loads may make multiple trips, provided that the mover uses the same route and hauls similar loads, trips can be made within the original period of validity, and the information on the standard permit does not change.

(c) Superload permits. These permits shall allow movement of overweight loads that exceed 150,000 pounds of gross weight.

(1) Movers of superloads shall pay for all damages caused by the movement of the superload.

(continued)

(2) Movers of superloads shall have a valid superload permit that includes a bridge analysis, which must be completed by the department before traveling on any highway within Kansas.

(3) Superload permits shall be issued only for single-trip movements.

(4) Before escorting superloads within Kansas, escorting companies shall obtain certification in a manner approved by the secretary.

(d) Large structure permits. This permit shall allow for movement of oversize loads that exceed the size limitations of the standard permit.

(1) Large structure permits shall be valid for a period of 30 calendar days.

(2) When alternate routes are available, movers of large structures shall reduce the use of state highways to a minimum. Movers of large structures shall contact all appropriate departmental personnel before moving.

(3) Large structure permits shall not be granted to transport loads on interstate highways, except in extreme circumstances. In such cases, prior approval shall be obtained from the secretary, and local enforcement authorities shall accompany the movement to provide traffic control. The transporting vehicle shall be the only vehicle traveling on the applicable section of the interstate.

(4) Movers of large structures shall not park any transporting vehicle on any part of the traveled portion of the highway. Vehicles having to be parked on the right-of-way shall have at least 30 feet of clearance from the traveled portion of the highway.

(5) Movers of large structures shall notify all appropriate utilities and railroads before moving any large structure.

(6) Movers of large structures shall contact all appropriate district engineers before any trees are cut or trimmed.

(7) Movers of large structures shall also make arrangements with the district engineer before removing or relocating signs, hazard markers, or other property of the department.

(8) The final decision with regard to the movement of the large structure, the time of day, date, and the routes to be used shall be approved by a departmental employee of the district in whose area the load travels or by an appointed representative.

(9) An escort vehicle shall be stationed at side road intersections during the movement of large structures in order to hold all vehicles at those intersections until the structure has been moved through the section of road being blocked.

(10) Drivers of escorting vehicles shall not allow large structures to cross a bridge or critical location until all traffic has been stopped at both sides of bridges or before and after a critical location. (Authorized by and implementing K.S.A. 1996 Supp. 8-1911; effective Aug. 15, 1997.)
