Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, November 3, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed rules and regulations.

The 60-day notice of the public hearing shall constitute a public comment period for purposes of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to JaLynn Copp, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

A complete copy of the regulations and their economic impact statement may be obtained by contacting the department. A summary of the proposed regulations and their economic impact follows.

**K.A.R. 40-2-25. Life insurance illustrations.** This regulation establishes rules to ensure that illustrations do not mislead purchasers of life insurance and to make those illustrations more understandable. The economic impact, after an initial transition period, should not be significant to the department.

**K.A.R. 40-2-26. Valuation of life insurance policies.** This regulation establishes rules setting forth minimum standards for the valuation of life insurance plans with nonlevel premiums or benefits. The economic impact should not be significant to the department.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting JaLynn Copp at (785) 296-7809.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Asphalt Sales Company, Inc. has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to install a new batch hot-mix asphalt plant. Emissions of oxides of nitrogen, oxides of sulfur, carbon monoxide, total organic compounds, particulate matter and particulate matter less than 10 microns in size were evaluated during the permit review process.

Asphalt Sales Company, Kansas City, Kansas, owns and operates the stationary source located 23200 W. 159th, Olathe, at which the batch hot-mix asphalt plant is to be installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the Johnson County Environmental Department, 11180 Thompson Ave., Lenexa. To obtain or review the proposed permit and supporting documentation, contact Daizy Dandass, (785) 296-6427, at the KDHE central office, or Mike Boothe, (913) 492-0402, at the Johnson County Environmental Department. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Daizy Dandass, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business September 22.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business September 22 in order for the Secretary of Health and Environment to consider the request.

**Department of Transportation****Notice to Consulting Engineers**

The Kansas Department of Transportation is seeking qualified consulting engineering firms for projects listed below. Responses must be received by 5 p.m. September 4 for the consulting engineering firm to be considered. Seven signed copies of the response should be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Room 1084-West, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568. Responses shall be limited to four pages.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three, not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conference. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

**Project No. 106 K-6861-01**  
**Statewide**

The scope of services is to provide for the inspection and recommendation for future inspection cycles on approximately 1500 traffic signal poles and approximately 850 sign structures, statewide.

**Project No. 135-40 K-6392-01**  
**Harvey County**

The scope of services is to develop construction plans for 12.9 km of pavement and shoulder reconstruction on I-135 from 0.5 km north of K-15, northwest to the Harvey-McPherson county line. The project includes various rehabilitation work on 10 bridges (numbers 033 through 042). Estimated construction cost is \$26,300,000.

**Project No. 135-40 K-5634-01**  
**Harvey County**

The scope of services is to develop construction plans for 8.69 km of pavement and shoulder reconstruction on I-135 from 0.48 km south of the south junction of K-15, north to 0.48 km north of the north junction of K-15. The project will include reconstruction of the First Street and Broadway interchanges and will include various rehabilitation work on 11 bridges (numbers 016, 017, 018, 023, 024, 026, 027, 028, 029, 030 and 062). Estimated construction cost is \$30,000,000.

**Project No. 70-85 K-6778-01**  
**Saline County**

The scope of services is to provide construction plans for 15.1 km of pavement and shoulder reconstruction on I-70 from 0.6 km west of US-81, east to 0.5 km west of RS 1050. The project includes various rehabilitation on nine bridges (numbers 060, 061, 062, 064, 065, 066, 067, 068 and 069). The estimated construction cost is \$33,000,000.

**Project No. 70-85 K-6779-01**  
**Saline County**

The scope of services is to provide for 10.0 km of pavement and shoulder reconstruction on I-70 from 0.5 km west of RS 1050, east to the Saline-Dickinson county line. No bridge rehabilitation work is planned at this time; however, guard fence at the bridges will be replaced. The estimated construction cost is \$18,500,000.

**Project No. 39-67 K-6417-01**  
**Neosho County**

The scope of services is to develop construction plans for the replacement of the Neosho River Bridge (024), 2.9 km east of US-169. The construction estimate is \$1,600,000.

**Project No. 147-98 K-6367-01**  
**Trego County**

The scope of services is to provide for the replacement of the Big Creek Bridge (046), 7.90 km south of I-70. The construction estimate is \$942,000.

**Project No. 96-78 K-6769-01**  
**Reno County**

The scope of services is to provide for the replacement of bridge (062) over the SSW Railroad and Avenue D, and bridge (063) over Avenue F on K-96 in Hutchinson. The construction estimate is \$1,900,000.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. workload of firm; and
5. firm's performance record.

## Request for Comments

In accordance with Federal Highway Administration and Federal Transit Administration requirements, the Kansas Department of Transportation requests comments on the draft Statewide Transportation Improvement Program (STIP).

The STIP is a project-specific document that includes a list of all highway and transit projects in the state for a three-year period (October 1, 1997 to September 30, 2000). The STIP has been categorized into three general sections:

1. All streets and highway projects administered by KDOT;
2. Statewide public transit projects; and
3. Federal Lands Highway Program projects.

The comprehensive list of programmed projects provided under category one includes *all* projects, regardless of funding source, to be administered by KDOT. This list includes projects for counties, cities and metropolitan planning organization (MPO) areas, as well as projects on the state highway system. This approach allows currently scheduled projects to be converted to federal aid, if necessary, without undue delay and revision to the STIP.

To receive a copy of the draft STIP or to comment on the contents of the document, contact the Kansas Department of Transportation, Office of Engineering Support, 7th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568, (785) 296-7916, fax (785) 296-0723. A draft copy is available for review at the following locations:

Kansas Permit No. I-AR94-PO13      Federal Permit No. KS0000621  
Location: Murray Gill Stream Electric Station, 6100 W. 55th St. South,  
Wichita, KS 67214

**Facility Description:** The proposed action is to re-issue an existing permit for discharge of process wastewater from an electric generating station. This facility is a peaking electric power plant which generates electricity with high pressure steam produced by fossil fuel combustion. Boiler blowdown from four boilers (Outfall 001b) is either discharged to two concrete treatment basins or to two of three earthen collection basins. Cooling tower blowdown, demineralizer regenerate and floor drains are routed to the three earthen collection basins. Each boiler is cleaned every four years, with one boiler cleaned per year. The boiler cleaning chemical wastewater is directed to two concrete treatment basins (Outfall 001d). Stormwater runoff from oil storage area (Outfall 001c) and the earthen and concrete basins overflows are directed to an oil skimmer. Oil skimmer discharge (001a) and the field runoff are discharged to Cowskin Creek (Outfall 001). Design discharge, excluding stormwater runoff, is about 1.42 million gallons per day. The permit requirements are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

Written comments on the draft permits must be submitted to the attention of Lisa Duncan for agricultural permits or to the permit clerk for all other permits at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, J Street and 2 North, Forbes Field, Building 283, Topeka, 66620.

All comments postmarked or received on or before September 19 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate public notice number (KS-97-124/130) and the name of applicant as listed when preparing comments.

If no objections are received during the public notice period, the Secretary of Health and Environment will issue the final determination. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

The applications, proposed permits, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Kansas Department of Health and Environment offices, Building 283, Forbes Field, Topeka, from 8 a.m. to 5 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

**Facility Name:** Eaton Corporation Hydraulics Division (f.k.a. Cessna Aircraft Co. - Eaton Site), 3401 E. 4th Ave., Hutchinson, KS 67504

**Facility Description:** The proposed action is to re-issue an existing permit for a discharge of treated groundwater from a groundwater remediation project. This facility is engaged in a groundwater cleanup from recovery wells numbers RW1, RW2 and RW3. Treatment consists of counterflow air stripping to remove volatile organic chemicals (VOC's). A mineral deposit antifoulant chemical additive is added to the groundwater before treatment. The air stripper discharge pipe is directed to an earthen canal leading to the Arkansas River via Cow Creek. Total design discharge is about 2.9 million gallons per day. The permit requirements are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

**Permit Owner:** KDHE - BER - State Trust Fund, Topeka, KS 66620

**Facility Description:** The proposed action is to issue a new permit for a discharge of treated groundwater from a groundwater remediation project. Diesel contaminated groundwater is pumped from several recovery wells. Free product is separated and the groundwater is treated using a low-profile air stripper and carbon filters. The treated effluent is discharged to White Clay Creek. The design flow is 28,800 gallons/day. The permit requirements are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

## Requests for Comments

The Kansas Department of Health and Environment is soliciting comments regarding issuance of authorizations to operate under the general Class I air quality operating permit for natural gas compressor stations. Authorizations to operate under the general Class I operating permit have been issued in accordance with the provisions of K.A.R. 28-19-400 *et seq.*

A copy of each permit application, authorization and all supporting nonconfidential documentation is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka. Information also is available at the KDHE district office indicated for each facility. To obtain or review the permit, authorization and supporting documentation, contact Connie Carreno, (785) 296-6422, at the KDHE central office, or the indicated district representative. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding an authorization to Connie Carreno, Bureau of Air and Radiation, KDHE, Building 283, Forbes Field, Topeka, 66620.

A list of all major sources within the state authorized to operate under the terms of the general Class I operating permit will be maintained at the Topeka KDHE offices.

Authorizations issued during the week of  
August 11, 1997:

Permanent Administrative  
Regulations

Article 1.—DISEASES

**28-1-6. Requirements for isolation and quarantine of specific infectious and contagious diseases.** (a) **Amebiasis:** Food handlers shall be excluded from their occupation until three negative stools have been obtained at least 48 hours apart.

(b) **Anthrax:** Infected persons shall be isolated until all lesions are healed.

(c) **Chickenpox:** Infected persons shall be isolated for six days after onset of first crop of vesicles.

(d) **Cholera:** Enteric precautions shall be followed until three negative stools are obtained. Contacts shall be quarantined for five days from date of last exposure, and until two negative stools are obtained at least 48 hours apart.

(e) **Diphtheria:** Infected persons shall be isolated until two consecutive negative pairs of nose and throat cultures are obtained at least 24 hours apart or for 14 days. Household and intimate contacts shall be quarantined for five days from time of last contact or until nose and throat cultures are negative. Healthy carriers shall be treated.

(f) **Epidemic diarrhea of the newborn in hospitals:** Two or more concurrent cases of diarrhea requiring treatment for these symptoms in a nursery or among those recently discharged are defined as an outbreak and shall be re-

ported according to K.A.R. 28-1-2. Standard control measures, as defined by the Kansas department of health and environment, shall be followed.

(g) **Gonorrhea ophthalmia neonatorum:** Infected persons shall be isolated for 48 hours following initiation of treatment with antibiotics or until two negative cultures are obtained.

(h) **Malaria:** Blood precautions shall be followed for the duration of hospitalization.

(i) **Meningitis, meningococcal:** Respiratory isolation shall be instituted for 48 hours after initiation of antibiotic therapy.

(j) **Meningitis, aseptic and other:** Infected persons shall be isolated until end of febrile period.

(k) **Mumps:** Respiratory isolation shall be instituted for 10 days.

(l) **Pediculosis:** Students infested with lice shall be excluded from school or child care facilities until treated with an antiparasitic drug and until all nits have been removed.

(m) **Pertussis (whooping cough):** Respiratory isolation shall be instituted for three weeks if untreated, or for one week following antibiotic therapy.

(n) **Plague (pneumonic):** Infected persons shall be isolated for the duration of the illness. Close contacts who do not receive chemoprophylaxis shall be quarantined for six days.

(o) **Poliomyelitis:** Infected persons shall be isolated for 10 days from onset; enteric precautions shall be followed for six weeks.

(p) **Psittacosis:** Respiratory isolation shall be instituted until afebrile.

(q) **Rubeola (measles):** Respiratory isolation shall be instituted for four days after onset of rash.

(r) **Rubella (German measles):** Respiratory isolation shall be followed for seven days after onset of rash.

(s) **Salmonellosis (nontyphoidal):** Enteric precautions shall be followed for duration of acute symptoms. Infected persons with diarrhea shall be excluded from food handling, patient care, or occupations involving care of young children and the elderly until no longer symptomatic. Asymptomatic and convalescent infected persons without diarrhea may be excluded from, and return to, such work by the order of the health officer or the Kansas department of health and environment.

(t) **Scabies:** Children or students infected with scabies shall be excluded from school or child care facilities until treated with an antiparasitic drug.

(u) **Shigellosis:** Enteric precautions shall be followed for duration of acute symptoms. Infected persons shall be excluded from food handling, patient care, or occupations involving care of young children and the elderly until two negative stool cultures are obtained at least 24 hours apart and no sooner than 48 hours following discontinuation of antibiotics.

(v) **Staphylococcal disease:** Food handlers shall be excluded from their occupation until purulent lesions are healed.

(w) **Streptococcal disease, hemolytic (including erysipelas, scarlet fever, streptococcal sore throat):** Infected persons shall be isolated for 10 days if untreated or for 24 hours following antibiotic therapy.

(x) Taeniasis and cysticercosis (beef or pork tapeworm): Enteric precautions shall be followed until treated.

(y) Tinea capitis and corporis (ringworm): Children or students shall be excluded from school until under treatment by a physician. The physician shall certify that the child or student is under continuing medical care at two-week intervals until cure has been effected.

(z) Tuberculosis: Respiratory isolation shall be instituted until three sputa obtained on consecutive days are negative by microscopic examination.

(aa) Typhoid fever: Enteric precautions shall be followed for duration of acute symptoms. Infected persons shall be restricted from food handling, patient care, or occupations involving care of young children and the elderly until three negative stool cultures, and urine cultures in patients with schistosomiasis, have been obtained at least 24 hours apart, no sooner than 48 hours following discontinuation of antibiotics, and not earlier than one month after onset. If any one of these tests is positive, cultures shall be repeated monthly until three consecutive negative cultures are obtained.

(bb) Sexually transmitted diseases (including syphilis, gonorrhea, chlamydia, and other diseases associated with sexual transmission): Isolation or quarantine measures shall be established by the local health officer for persons who are confirmed or suspected of being infected with a sexually transmitted disease if these persons are recalcitrant to proper treatment.

(cc) Viral hepatitis type A (infectious): Blood and enteric precautions shall be followed for two weeks after onset of symptoms. Infected persons shall be restricted from food handling, patient care, or occupations involving care of young children and the elderly until two weeks after the onset of illness.

(dd) Viral hepatitis type B (serum): Blood precautions shall be followed until specific serologic tests for the disease agent are negative. (Authorized by K.S.A. 65-128, K.S.A. 65-101; implementing K.S.A. 65-101; effective May 1, 1982; amended May 1, 1986; amended Sept. 5, 1997.)

**28-1-8.** (Authorized by K.S.A. 1981 Supp. 65-101, K.S.A. 65-128; implementing K.S.A. 1981 Supp. 65-101; effective May 1, 1982; revoked Sept. 5, 1997.)

#### Article 5.—SEWAGE AND EXCRETA DISPOSAL

**28-5-2. Location of wastewater disposal systems.** No person, company, corporation, association, or institution shall construct, maintain, use, or permit to be constructed or maintained any wastewater disposal system into which domestic wastewater is drained, within 50 feet of any water well or spring; nor shall any such wastewater disposal system be drained or permitted to drain into any stream, ditch, or the ground surface. (Authorized by and implementing K.S.A. 1996 Supp. 65-171d; effective Jan. 1, 1966; amended, E-72-11, March 17, 1972; amended Jan. 1, 1973; amended Sept. 5, 1997.)

**28-5-6. Discharge of domestic wastes.** All domestic wastes from sanitary fixtures located in any dwelling, shop, school, or other building used as a home or meeting place for humans shall be discharged into a public sewer system approved by the Kansas department of health and

environment, or into a private sewer system approved by the Kansas department of health and environment or the appropriate local authority. (Authorized by and implementing K.S.A. 1996 Supp. 65-171d; effective, E-72-11, March 17, 1972; effective Jan. 1, 1973; amended Sept. 5, 1997.)

**28-5-7. Private sewer systems.** All private sewer systems shall be located, designed, and operated in accordance with standards set forth in county sanitary codes approved by the Kansas department of health and environment before July 1, 1997, or in the absence of such codes, with standards set forth in the Kansas department of health and environment bulletin 4-2, "Minimum Design Standards for Onsite Wastewater Systems," revised March, 1997. (Authorized by and implementing K.S.A. 1996 Supp. 65-171d; effective, E-72-11, March 17, 1972; effective Jan. 1, 1973; amended Sept. 5, 1997.)

**28-5-9. Variance.** (a) (1) In counties with no locally adopted sanitary code, a variance from requirements of K.A.R. 28-5-2 through K.A.R. 28-5-7 may be granted by the Kansas department of health and environment, if the following conditions are met.

(A) The features of the site for which the variance is requested are not compatible with requirements of the regulations.

(B) Alternate methods are available that will attain the objectives of the regulations.

(C) The variation from the regulations will not adversely affect public health or the environment.

(2) Any person requesting a variance from these regulations shall provide the Kansas department of health and environment with a written request for a variance. This request shall include a description of the proposed wastewater treatment system, information on the treatment effectiveness of the proposed system, and any other information that the Kansas department of health and environment deems necessary to determine the effectiveness and reliability of the proposed system. No such proposed system shall be constructed without the written approval of the Kansas department of health and environment.

(b) In counties with adopted sanitary codes containing a variance clause, the local administrative agency has the authority to grant variances from requirements of the local code.

(c) Before construction of any facility for receipt of sewage, an application for variance shall be filed with and approved by either the Kansas department of health and environment or the appropriate local authority in accordance with provisions of this regulation. (Authorized by and implementing K.S.A. 1996 Supp. 65-171d; effective Jan. 1, 1973; amended Sept. 5, 1997.)

## State of Kansas

## State Employees Health Care Commission

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, October 20, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of a proposed rule and regulation of the Kansas State Employees Health Care Commission.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Terry Bernatis, Health Benefits Administrator, Room 951-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (785) 296-6000 or (785) 296-4798 (TTY). Handicapped parking is located on the south end of Landon State Office Building, and the north entrance to the building is accessible.

A summary of the proposed regulation and its economic impact follows.

K.A.R. 108-1-2 is a proposed new regulation that would provide for a student health care benefits component of the state health care benefits program. Under the provisions of K.A.R. 108-1-1, students at Regents institutions, including student employees, are not eligible for coverage under the existing health care benefits program. The proposed student health care benefits component would provide an optional health care benefits plan for eligible students, tailored to the needs of this population. The regulation further provides that eligible students who enroll in the student health care benefits component may also enroll a spouse and eligible dependent children under the same terms and conditions. Such participants would pay the costs of the coverage on a direct bill basis, unless the commission provides for periodic payroll deductions for students employed by the Regents institution in which they are enrolled.

Currently, each Regents institution provides its own student health insurance plan. The statewide plan would not replace the existing institution plans, and students could select between them. Because the plan would be optional, it is not possible to project the actual number of students and dependents who are likely to enroll in such a plan. However, negotiation of a statewide plan would offer an opportunity to provide greater benefit levels, lower premiums, or both, when compared to plans ne-

gotiated individually by each Regents institution. Except as noted below, the students would bear the costs of the insurance premiums for such a plan.

Once premium costs are established through negotiation of a student health benefits component of the state health care benefits program, consideration will be given to providing employer contributions toward the cost of such coverage for students who are in a graduate teaching assistant (GTA) or graduate research assistant (GRA) position that is at least half-time, or a combination of such positions, if the total numbers of hours required by the position(s) is not less than 750 hours over two consecutive semesters. It is not possible to calculate the cost of such contributions per student employee prior to the negotiation of premiums. If an employer contribution is provided, the cost would be paid by the Regents institutions, based on the participation rate at each institution.

In order to implement payroll deductions for premiums paid under the student health benefits program, some minor modifications to SHARP would be necessary. It is estimated that the modifications to the central SHARP system would range from \$5,200 to \$7,200. This does not include any modifications to the payroll systems of the Regents institutions that may be necessary. No information is available to provide an estimate of any economic impact associated with modification of Regents payroll systems. There would be some minor increase in the administrative resources required in order to negotiate and administer a new plan. It is not possible to estimate the economic impact of providing those additional resources, but the impact is not expected to be measurable. No economic impact on the general public is anticipated.

Copies of the proposed regulation and the associated economic impact statement may be obtained from the Kansas State Employees Health Care Commission, (785) 296-6280.

**Details of Sale**

Subject to the terms and conditions of the official notice of bond sale dated as of August 11, 1997, and the preliminary official statement dated as of August 11, 1997, in connection with the bonds hereinafter described, sealed, written bids for the purchase of the General Obligation Water System Bonds, Series 1997, of the city shall be received by the governing body of the City of Bronson, Bourbon County, Kansas, at the office of the city clerk, City Hall, 505 Clay, Bronson, KS 66716, until 7 p.m. Tuesday, September 2, 1997, on which date and at which time all bids shall be presented to the governing body of the city at its regular meeting place at City Hall. All bids shall be publicly opened, read aloud, and considered on said date and at said time and shall be immediately thereafter acted upon by the governing body of the city.

The bonds to be sold are in the aggregate principal amount of \$145,000. No oral or auction bid for the bonds shall be considered, and no bid for less than the entire amount of the bonds shall be considered.

Bids shall be accepted only on the official bid form that has been prepared for the public bidding on these bonds, which may be obtained from the city clerk. Bids may be submitted by mail or may be delivered in person and must be received at the place and not later than the date and time hereinbefore specified. Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check drawn on a bank located within the United States, shall be made payable to the order of the city, and shall be in an amount equal to 2 percent of the principal amount of the bonds.

**Details of the Bonds**

The bonds shall be issued as fully registered bonds in the denomination of \$5,000 or any integral multiple thereof, not exceeding the principal amount of bonds maturing in any year. The bonds shall bear a dated date of September 1, 1997. The bonds shall bear interest, payable as hereinafter set forth, at the rates specified by the successful bidder for the bonds.

Interest on the bonds shall be payable semiannually on March 1 and September 1 of each year commencing March 1, 1998, and the bonds shall mature serially on September 1 in each of the years and principal amounts as follows:

Principal Amount	Maturity Date
\$ 5,000	9/01/1998
\$ 5,000	9/01/1999
\$ 5,000	9/01/2000
\$10,000	9/01/2001
\$10,000	9/01/2002
\$10,000	9/01/2003

**Redemption**

Certain of the bonds are subject to redemption as set forth in the official notice of bond sale.

**Payment of Principal and Interest**

The Kansas State Treasurer shall serve as the bond registrar and paying agent for the bonds, and the principal of the bonds shall be payable upon surrender at the paying agent's principal offices in the City of Topeka, Kansas. Interest shall be paid by the mailing of a check or draft of the paying agent to the registered owners of the bonds.

**Security for the Bonds**

The bonds and the interest thereon shall constitute general obligations of the city, and the full faith, credit and resources of the city shall be pledged to the payment thereof. The city shall be obligated to levy ad valorem taxes without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city for the purpose of paying the bonds and the interest thereon.

**Delivery of the Bonds**

The bonds, duly printed, executed and registered, shall be furnished and delivered at the expense of the city to the successful bidder, or at its direction, on or about Tuesday, September 23, 1997, at such bank or trust company in the State of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. Delivery elsewhere shall be made at the expense of the successful bidder.

**Legal Opinion**

The bonds will be sold subject to the legal opinion of Bonwell, Foster, Borniger & Ellis, Wichita, Kansas, bond counsel, whose fees will be paid by the city. Bond counsel's approving legal opinion as to the validity of the bonds will be printed on the bonds and will be delivered to the successful bidder upon delivery of the bonds. (Reference is made to the official notice of bond sale for a discussion of tax exemption and other legal matters.)

**Financial Matters**

The equalized assessed valuation of the city for computation of bonded debt limitations for the year 1996 is \$742,960. The total general obligation indebtedness of the city as of the date of the bonds, including the bonds being sold, is \$145,000.

**Official Statement**

The city has prepared a preliminary official statement dated as of August 11, 1997, relating to the bonds. The preliminary official statement is in a form "deemed final" by the city for the purpose of the Securities and Exchange Commission Rule 15c2-12(b)(1), but is subject to revision, amendment and completion in the final official statement.

*(continued)*

Upon the sale of the bonds, the city shall furnish the successful bidder with a reasonable number of copies of the final official statement, without additional cost, upon request. Copies of the final official statement in excess of a reasonable number may be ordered at the successful bidder's expense.

#### Additional Information

For additional information regarding the city, the bonds and the sale, interested parties are invited to request copies of the complete official notice of bond sale and official bid form and the city's preliminary official statement for the bonds, all of which may be obtained from the city clerk, 505 Clay, Bronson, KS 66716, (316) 939-4578; or from the city's financial advisors, Cooper Malone McClain, 100 N.
