Request for Comments

The Kansas Association of Wheat Growers and Crop Quest, Inc. have requested, on behalf of Kansas wheat growers, a special local need (SLN) registration for use of Tilt® on wheat for control of leaf and glume blotch disease. Pursuant to 7 U.S.C. 136v, Novartis Crop Protection, Inc. has filed with the Kansas Department of Agriculture (KDA) an application for the requested registration action so that Tile® can be applied to later stages of crop development than is currently allowed by the existing U.S. Environmental Protection Agency federal registration. The SLN criteria for this action is defined by the increased likelihood of damaging levels of the leaf and glume blotch disease due to favorable weather conditions and the possibility of declining resistance by some of the most commonly grown wheat varieties in Kansas. No other effective control options exist for management of this disease during later stages of crop development when the need for control measures are most likely to become apparent. This proposed SLN registration is both economically and environmentally beneficial by providing greater efficacy and more flexibility when deciding if and/or when treatment is needed.

The current federal registration for Tile® provides for treatment of wheat up to Feekes Growth Stage 8. A request to amend the registration of the fungicide to allow application through Feekes Growth Stage 10.5 is pending EPA action. All required residue data and risk assessment information for the requested label amendment has been submitted and is under review by the EPA. Efficacy data has been provided to the KDA in support of the SLN registration.

Information submitted by the applicant is on file with the KDA. Written comments, data or other evidence in support of or in opposition to the proposed SLN registration may be submitted by April 20. Prepared documents or data should be addressed to John K. Stamer, Department of Agriculture, Pesticide Section, RE: SLN for Tile®, 901 S. Kansas Ave., 7th Floor, Topeka, 66612-1281.

K.A.R. 102-1-1. Definitions. The definitions in this regulation relate to licensed psychologists. The revisions serve to update the language and to transfer language from the definition section to the education and renewal regulations. New sections to define dual relationship, academic semester hours and direct psychological services have been added.

K.A.R. 102-1-8. Renewal and reinstatement. This regulation is being amended to incorporate language to set forth procedures to reinstate an expired psychology license.

K.A.R. 102-1-12. Educational requirements. This regulation is amended to update the educational requirements by reflecting the current APA accreditation standards.

Economic Impact: The revisions of these three regulations should have minimal economic impact on licensed psychologists, the health care industry or the Behavioral Sciences Regulatory Board. Except for some minimal content changes, most of the revisions are for clarity to assist potential applicants and licensed psychologists.

A copy of these regulations and the economic impact statement can be obtained from the Behavioral Sciences Regulatory Board.

Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, April 23, at the Friendship Center, 746 Comanche, Salina, to consider the approval and adoption of two proposed exempt regulations of the Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. April 23 at the same location. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. April 24 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Cindy Baugh,

commission secretary, at (316) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-25-5. This proposed exempt regulation establishes hunting unit boundaries, bag limits, application periods and season dates for the 1998 fall firearm and archery wild turkey season. The proposed regulation makes no substantive changes from the 1997 fall turkey seasons.

Economic Impact Summary: It is anticipated that a total of 3,880 fall turkey hunting permits of all types will be issued, which would create \$72,400 in revenue. The department estimates more than 20,000 days of hunting activity would occur, thus providing economic benefit to businesses providing goods and services.

K.A.R. 115-25-9. This proposed exempt regulation establishes hunting bag limits, application periods and season dates for the 1998 firearm and archery deer seasons. The regulation has already been approved once by the commission in the 1998 calendar year. The proposed new changes to the regulation would involve modifications to the regular firearms deer season, with corresponding changes in the archery and muzzleloader seasons. Other proposed new changes to the regulation would allow the department to comply with proposed legislative changes in the allocation of nonresident deer permits and game tags.

Economic Impact Summary: No new economic impacts from the proposed changes to the regulation are expected. It is anticipated that 112,500 deer hunting permits will be authorized, with estimated revenue of \$2,500,000. Approximately 800,000 days of hunting activity by 85,000 hunters are anticipated, which, based on survey estimates, may generate \$40 million of economic benefit to businesses providing goods and services.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.

(j) In determining whether or not to grant access to a system, factors including the following may be considered by the commission:

(1) whether or not the natural gas can be reasonably carried by a gatherer;

(2) whether or not construction of a new system would be feasible;

(3) whether or not a material extension or expansion of facilities would be required;

(4) whether or not there is another gatherer of natural gas who is willing to gather or can more conveniently gather gas;

(5) whether or not the gathering of gas can reasonably be expected to have a materially adverse effect on safety or on service to existing customers or on the operation of or recovery of any processing facility;

(6) whether or not the gas satisfies minimum standards for quality, energy or recoverable hydrocarbon content consistently applied by the gatherer of that system;

(7) whether or not the gas gatherer is gathering gas from an affiliated marketer or producer;

(8) the fiscal impact to all parties; or

(9) any other matters that the commission determines to be relevant.

(k) In evaluating or establishing a fee, term, or practice for a gathering service, whether or not the fee, term, or practice is a just, reasonable, not unjustly discriminatory, and not unduly preferential fee that would result from good faith negotiations in a competitive market shall be determined by the commission. In evaluating or establishing a fee, term, or practice, all economically relevant factors including the following may be considered by the commission:

(1) the fees or terms that the gatherer receives from other shippers;

(2) the fees or terms charged by other gatherers within a relevant area determined by the commission;

(3) the financial risks of installing a gathering system;

(4) the financial risks of operating a gathering system;

(5) the capital, operating and maintenance costs of a gathering system;

(6) the existing gas contract or contracts;

(7) the fiscal impact to all parties;

(8) the fees, terms, or practices that the gas gatherer offers to an affiliated producer or marketer; or

(9) other factors that the commission determines to be relevant, provided that a fee shall not be required to be computed on a utility rate-of-return basis. (Authorized by and implementing L. 1997, Ch. 132, § 24 and L. 1997, Ch. 132, § 25; effective April 3, 1998.)

82-3-803. Abuse of complaint procedure. No person shall abuse the complaint process in any manner, including causing a delay in the proceedings that may damage a party's ability to pursue or defend the complaint. Any action deemed necessary to protect the rights of a party against abuse of the complaint process may be taken by the commission. (Authorized by and implementing L. 1997, Ch. 132, § 25; effective April 3, 1998.)

82-3-804. Notice of termination. A public utility providing service from a gas-gathering system shall provide written notice to the executive director of the commission at its Topeka office and to the person receiving service, not later than November 1 preceding the calendar year of service, that it cannot serve the needs of the person receiving service. The utility shall explain in detail any reasons it is unable to perform the service. Investigation of the proposed termination and reporting to the com-

(continued)

mission shall be made by the utilities division with the assistance of the conservation division of the commission. Any further action taken by the commission shall be conducted under chapter 66. (Authorized by and implementing L. 1997, Ch. 132, § 30; effective April 3, 1998.)

After examination of the animal, the market veterinarian has sole discretion to determine whether the animal will be sold, removed from the livestock market, or euthanized in accordance with K.S.A. 1996 Supp. 47-1008, and amendments thereto.

A copy of the statute and its regulations is available at the market office or from the Kansas Animal Health Department, 708 S.W. Jackson, Topeka, Kansas 66603. The statute and regulations are enforced by the Kansas Livestock Commissioner and not the livestock market.

(d) If the market veterinarian determines that a disease or injury identified in K.A.R. 9-10-36 or K.A.R. 9-10-37 exists, the market veterinarian shall make a reasonable effort to contact the owner by phone or in person to discuss the disposition of the animal.

(e) Within 12 hours after notification, the owner may remove from the livestock market any animal identified by the market veterinarian pursuant to K.A.R. 9-10-36 and K.A.R. 9-10-37 or may direct the market veterinarian to euthanize this animal.

(f) Animals deemed not fit for sale and removed live from the market shall be accompanied by a United States department of agriculture VS1-27 form.

(g) If the market veterinarian is unsuccessful in contacting the owner, the market veterinarian shall have sole discretion in determining whether or not the animal identified pursuant to K.A.R. 9-10-36 and K.A.R. 9-10-37 should be euthanized to prevent further pain or suffering.

(h) Any animal identified by the market veterinarian pursuant to K.A.R. 9-10-36 and K.A.R. 9-10-37 that is not removed from the livestock market 14 hours after the initial veterinary inspection may be euthanized, at the sole discretion of the market veterinarian.

(i) All costs associated with removal or euthanasia of the animal shall be paid by the owner. (Authorized by and implementing K.S.A. 1996 Supp. 47-1008, as amended by L. 1997, Ch. 129, Sec. 2; effective April 3, 1998.)

9-10-36. Diseases or conditions that shall render livestock unfit for sale at public livestock markets. The following diseases or conditions shall render an animal unfit for sale at a public livestock market:

(a) Ocular neoplasia, which is commonly known as "cancer eye," unless the neoplastic lesions show no signs of metastasis and have not destroyed the eye or the eyelid. Livestock with cancer eye will be deemed unfit for sale if any of these conditions is met:

(1) the neoplastic lesions affect the eye, eyelids, or both and have destroyed the affected organ to the point that the affected area cannot be surgically removed;

(2) the neoplastic lesions show signs of local metastatic invasion from the primary site to the bone of the orbit; or

(3) there are marked signs of swelling, discoloration, draining necrotic lesions, deformation of tissue, or odor;

(b) any animal displaying other forms of neoplasia, regardless of tissue origin, which exhibit significant involvement, including swelling, discoloration, draining necrotic lesions, tissue deformation, or odor;

(c) any disease process, including actinomycosis, pneumonia, and urinary calculi, that, in the judgment of the market veterinarian, is unlikely to respond to treatment and has resulted in emaciation of the animal; and

(d) any disease process that has resulted in the presentation of a nonambulatory animal. (Authorized by and implementing K.S.A. 1996 Supp. 47-1008, as amended by L. 1997, Ch. 129, Sec. 2; effective April 3, 1998.)

9-10-37. Injuries that shall render livestock unfit for sale at public livestock markets. Injuries rendering livestock unfit for sale at public markets shall include any of the following:

(a) A fracture of the long bone, open fractures, or other fractures or dislocations of a joint that render the animal unable to bear weight on the affected limb without that limb collapsing;

(b) any injury that has not responded to treatment and has resulted in emaciation of the animal; or

(c) any injury resulting in the presentation of a nonambulatory animal. (Authorized by and implementing K.S.A. 1996 Supp. 47-1008, as amended by L. 1997, Ch. 129, Sec. 2; effective April 3, 1998.)

9-10-38. Euthanasia. (a) Euthanasia shall be accomplished by or under the direction of the public market veterinarian.

(b) The cost of the euthanasia shall be posted at the livestock market and the commissioner notified of the cost at each market. The cost of euthanasia shall be paid by the owner.

(c) For each animal euthanized in accordance with K.A.R. 9-10-34 through K.A.R. 9-10-38, the market veterinarian shall provide written notice to the owner of the animal, indicating the reason for the euthanasia and the cost of the euthanasia. A copy of this notice shall be sent to the commissioner. (Authorized by and implementing K.S.A. 1996 Supp. 47-1008, as amended by L. 1997, Ch. 129, Sec. 2; effective April 3, 1998.)

9-10-39. Disposal of euthanized carcasses. (a) The owner may request the return of the carcass and may retrieve the carcass within six hours after euthanasia occurs.

(b) If the owner does not retrieve the carcass within six hours after euthanasia, the carcass shall be disposed of pursuant to K.S.A. 1996 Supp. 47-1219, and amendments thereto. Any disposal fee shall be paid by the owner. (Authorized by and implementing K.S.A. 1996 Supp. 47-1008, as amended by L. 1997, Ch. 129, Sec. 2; effective April 3, 1998.)

HOUSE BILL No. 2637

AN ACT concerning the changing of the domicile of foreign insurance companies; amending K.S.A. 1997 Supp. 40-2,162 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1997 Supp. 40-2,162 is hereby amended to read as follows: 40-2,162. (a) An insurer organized under the laws of any other state and admitted to do business in this state for the purpose of writing insurance may become a domestic insurer by complying with all of the requirements of law relative to the organization and licensing of a domestic insurer of the same type and by designating the insurer's principal place of business at a place in this state. The domestic insurer will be entitled to like certificates and licenses to transact business in this state, and shall be subject to the authority and jurisdiction of this state.

(b) A domestic insurer, upon the approval of the commissioner of insurance, may transfer the insurer's domicile to any other state in which it is admitted to transact the business of insurance, and upon such a transfer shall cease to be a domestic insurer, and shall be admitted to this state if qualified as a foreign insurer. (c) The certificate of authority, agents' appointments and licenses, rates and other items which the commissioner allows, in the commissioner's discretion, that are in existence at the time an insurer licensed to transact the business of insurance in this state transfers the insurer's corporate domicile to this or any other state by merger, consolidation or any other lawful method shall continue in full force and effect upon transfer if the insurer remains duly qualified to transact the business of insurance in this state. *For purposes of existing authorizations and all other corporate purposes, the insurer is deemed the same entity as it was prior to the transfer of its domicile.* All outstanding policies of a transferring insurer shall remain in full force and effect and need not be endorsed as to the new name of the company or the company's new location unless so ordered by the commissioner. A transferring insurer shall file new policy forms with the commissioner on or before the effective date of the transfer, but may use existing policy forms with appropriate endorsements if allowed by, and under such conditions as approved by, the commissioner. However, every transferring insurer shall notify the commissioner of the details of the proposed transfer and shall file promptly any resulting amendments to corporate documents filed or required to be filed with the commissioner.

(d) The commissioner may promulgate rules and regulations to carry out the purposes of this act.

An insurer who has transferred to this state prior to the effective date of this subsection, with the approval of the insurance commissioner pursuant to this act, shall be deemed in compliance with the provisions of this act.
