Request for Prequalification Statements

Prequalification statements are being received by the DOAS from interested general contractors for the Kansas State University Football Stadium Expansion Project. Selected, prequalified general contractors will be invited to bid the general construction project. In order to expedite the project, the steel fabrication and precast concrete fabrication are being contracted for under a separate contract, to be assigned to the general contractor. Steel and precast erection subcontractors are being prequalified for bidding to preselected general contractors.

The project will include a new steel and precast concrete stadium structure with a capacity of approximately

9,500 seats including spectator suites. Other features of the project include parking lot reconstruction, sanitary sewer extension, concession and restroom structures, and miscellaneous sitework. General construction is to commence on or about November 23, 1998, with an August 31, 1999, completion date.

Prequalification forms may be obtained by contacting Gary Grimes, Division of Architectural Services, 625 Polk, Topeka, 66603, (785) 233-9367.

Prequalification statements should be received by Gary Grimes before 2 p.m. August 28.

Department of Transportation

Request for Comments

In accordance with Federal Highway Administration and Federal Transit Administration requirements, the Kansas Department of Transportation requests comments on the draft Statewide Transportation Improvement Program (STIP).

The STIP is a project-specific document that includes a list of all highway and transit projects in the state for a three-year period (October 1, 1998 to September 30, 2001). The STIP has been categorized into three general sections. The sections are:

1. All street and highway projects administered by KDOT.
2. Statewide public transit projects.
3. Federal Lands Highway Program projects.

The comprehensive list of programmed projects provided under category 1 above includes all projects, regardless of funding source, to be administered by KDOT. This list includes projects for counties, cities and in metropolitan planning organization (MPO) areas, as well as projects on the state highway system. This approach allows currently scheduled projects to be converted to federal aid, if necessary, without undue delay and revision to the STIP.

To receive a copy of the draft STIP or to comment on the contents of the document, contact the Kansas Department of Transportation, Office of Engineering Support, Room 761-S, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568, (785) 296-7916, fax (785) 296-0723.

A draft copy is available for review at the following locations:

Metropolitan Planning Organization Offices:

- Mid-America Regional Council (MARC), 300 Rivergate Center, 600 Broadway, Kansas City, Missouri
- Wichita-Sedgwick County Metropolitan Area Planning Department, 455 N. Main, 10th Floor, Wichita
- Topeka-Shawnee County Metropolitan Planning Commission, 515 S. Kansas Ave., Suite 404, Topeka
- Lawrence-Douglas County Planning Office, 6th and Massachusetts, Lawrence

KDOT District Offices:

- District One: 121 W. 21st, Topeka
- District Two: 1006 N. 3rd, Salina
- District Three: 312 S. 2nd, Norton
- District Four: 411 W. 14th, Chanute
- District Five: 500 N. Henricks, Hutchinson
- District Six: Campus Drive and U.S. 50, Garden City

This information is available in alternative accessible formats. To obtain an alternative format, contact the KDOT Office of Public and Employee Information, (785) 296-3585 (Voice/TTY).

The comment period regarding the draft STIP will conclude September 21.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 9 a.m. Thursday, October 22, in Room 254-E, State Capitol, 300 S.W. 10th Ave., Topeka, to consider new Kansas Administrative Regulation 7-39-1, which pertains to filing and copy fees under the uniform partnership act. This regulation is proposed for adoption on a permanent basis. Also considered will be the repeal of K.A.R. 7-34-1, which has become obsolete.

K.A.R. 7-39-1 establishes the fees for documents filed or copies requested of partnership documents filed pursuant to the uniform partnership act. K.A.R. 7-34-1 sets the fee for confidential annual reports, which is no longer necessary following the enactment of SB 227 (L. 1997, Ch. 106).

These regulations are expected to have minimal economic impact on governmental agencies and the general public.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. Comments may be submitted prior to the hearing to Melissa A. Wangemann, Legal Counsel, Office of the Secretary of State, 2nd Floor, State Capitol, 300 S.W. 10th Ave., Topeka, 66612.

All interested parties will be given a reasonable opportunity at the hearing to present their views. It may be necessary to request each participant to limit any oral presentation to five minutes. Any person requiring visual or communication aid or assistance, building access assistance or other similar assistance should contact the Secretary of State's office so appropriate arrangements can be made.

Copies of the regulation and the economic impact statement may be obtained at the address above or by calling (785) 296-2114.

Notice to Contractors

Note: This Notice to Contractors is to inform potential bidders that the letting date for **Project No. 106 K 7319-01** has been changed to August 25. The previous letting date advertised was August 18.

Sealed proposals for the construction and installation of a fiber optic infrastructure system for improvement of state highway right-of-way in the State of Kansas, **Project No. 106 K 7319-01**, will be received at the office of Chief of Construction and Maintenance, KDOT, 8th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, until 1 p.m. August 25. The net length of the project to be constructed or improved is approximately 550 miles. This project is not funded.

Project specifications are on file and may be examined at the Kansas Department of Transportation's Topeka offices or in the county clerk's office of the following Kansas counties: Douglas, Jefferson, Shawnee, Riley, Geary, Dickinson, Saline, Ellsworth, Lincoln, Russell, Ellis, Trego, Gove, Thomas, Sherman, McPherson, Harvey, Sedgwick and Sumner.

Proposals and standard specifications may be obtained from the Kansas Department of Transportation at Topeka until the close of business August 24. The engineer must approve any deviation from this.

The Secretary of Transportation reserves the right to reject any and all proposals and to waive any or all technicalities.

E. Dean Carlson
Secretary of Transportation

Department of Agriculture**

**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 9 a.m. Monday, October 26, in the first floor conference room, Kansas Department of Agriculture, 901 S. Kansas Ave., Topeka, to consider the adoption of regulation 25-5-1 on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to David J. Benson, Kansas Department of Agriculture, 901 S. Kansas Ave., 1st Floor, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting David J. Benson at (785) 296-4701 or by calling the Kansas Relay Center at (800) 766-3777.

A copy of the full text of the regulation and the economic impact statement may be obtained by contacting David J. Benson. A summary of the proposed regulation and its economic impact follows.

K.A.R. 25-5-1. Transfer of grain between public warehouses. This is a new regulation that will allow the transfer of receipted grain from Kansas-licensed warehouses that lack sufficient space to state- or federally-licensed warehouses with capacity to store the transferred grain, provided the shipping warehouses notify the secretary before transferring grain; provide written notice to all depositors who hold receipts that the warehouse may forward grain deposited on a commingled basis; promptly obtain and retain non-negotiable warehouse receipts from the receiving warehouse for all transferred grain; increase their bond to consider the addition of the transferred grain to the licensed capacity of the warehouse; and retain all storage, insurance and delivery obligations to the owners of all grain deposited in the warehouse whether forwarded or retained. In addition, the proposed regulation will allow warehouses lacking sufficient space to transfer stored grain for which receipts have not been issued to state- or federally-licensed warehouses with capacity to store the transferred grain, provided the shipping warehouses retain all storage, insurance and delivery obligations to the owners of all grain deposited in the warehouse whether forwarded or retained.

Economic Impact

The Department of Agriculture will furnish non-negotiable warehouse receipt forms to warehouses and

(continued)

charge the warehouses with the cost of the forms. Warehouses that choose to transfer grain in accordance with the regulation may need to increase their bond to consider the addition of the transferred grain to the licensed capacity of the warehouse. No adverse economic impact on warehouses, depositors of grain, other governmental agencies or the general public are expected because grain transfers under the regulation are not mandatory and will actually provide warehouses with greater flexibility when preparing for unusually large crops.

Alice A. Devine
Secretary of Agriculture

Doc. No. 022792

State of Kansas

Department of Administration

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:30 a.m. Tuesday, October 20, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Office of Administrative Hearings, Department of Administration, on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, 300 S.W. 10th Ave., Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and their economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (785) 296-6000 or (785) 296-4798 (TTY). Handicapped parking is located at the south end of Landon State Office Building, and the north entrance to the building is accessible.

Summaries of the proposed regulations and their economic impact follow.

Four new regulations relating to the Office of Administrative Hearings are proposed to implement the provisions of K.S.A. 75-37,121. The newly established Office of Administrative Hearings is responsible for providing administrative law judges to conduct adjudicative proceedings of the Department of Social and Rehabilitation Services (SRS). The Office of Administrative Hearings also may furnish administrative law judges on a contract basis to any governmental entity to conduct any proceeding that is neither subject to KAPA nor listed in K.S.A. 77-551.

K.A.R. 1-39-1, Definitions, refers to words and phrases defined in KAPA and defines three terms used in subsequent regulations. Under **K.A.R. 1-39-2, Administrative law judges**, the civil service regulations that cover all classified employees are applied to administrative law judges employed by the Office of Administrative Hearings. The proposed regulation provides that the civil service regulations will control the following areas: (1) qualifications for administrative law judges; (2) the procedures by which candidates for an administrative law judge position will be considered for employment; (3) the manner in which public notice of vacancies will be given; and (4) the standards and procedures for the evaluation, training, promotion and discipline of administrative law judges. **K.A.R. 1-39-3, Assignment of administrative law judges**, provides standards to be used in assigning administrative law judges. These standards will include relative experience, caseloads and expertise, as well as potential conflicts, time frames and other relevant resources and factors. **K.A.R. 1-39-4, Conduct of proceedings**, provides that SRS hearings are to be conducted in accordance with KAPA and any other applicable statutes and regulations and that non-KAPA hearings from other governmental entities are to be conducted in accordance with statutes, regulations and ordinances governing those proceedings. The format for pleadings and orders is to be approved by the director.

In general, these regulations are not anticipated to have any economic impact on the Department of Administration, SRS, other state agencies or governmental entities, parties to administrative proceedings handled by the Office, or the general public. K.S.A. 75-37,121 requires that the Department of Administration adopt personnel regulations for the office's administrative law judges and further provides that the administrative law judges are to be in the classified service. K.A.R. 1-39-2 applies the personnel regulations for all classified employees to administrative law judges. This approach avoids the increased costs that would be associated with establishing a different personnel system for a very small group of classified employees.

K.A.R. 1-39-3, relating to the assignment of administrative law judges, permits the director of the Office of Administrative Hearings to balance caseloads, avoid conflicts of interest, assess the complexity of each proceeding, and evaluate the appropriate level of expertise or experience required to handle each case appropriately and efficiently. K.A.R. 1-39-4 permits the director to establish standards for the format of pleadings and orders, as well as the number of copies that are to be filed. The flexibility in both of these regulations permits the director to manage the office in an efficient manner and to maximize available personnel resources while providing cost-effective services of high quality for all parties to proceedings conducted by the office.

Copies of the proposed regulations and the associated economic impact statements may be obtained from the Office of Administrative Hearings, (785) 296-2433.

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Boeing has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to replace the old hand-spray maskant system with a new system. Emissions of oxides of nitrogen, carbon monoxide, volatile organic compounds, hazardous air pollutants and particulate matter were evaluated during the permit review process.

Boeing, Wichita, owns and operates the stationary source located at 3801 S. Oliver, Wichita, at which the hand-spray maskant system is to be installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the Wichita-Sedgwick County Department of Community Health, 1900 E. 9th, Wichita. To obtain or review the proposed permit and supporting documentation, contact Daizy Dandass, (785) 296-6427, at the KDHE central office, or Randy Owen, (316) 268-8448, at the Wichita-Sedgwick County Department of Community Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Daizy Dandass, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business September 21.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business September 21 in order for the Secretary of Health and Environment to consider the request.

**Department of Health
and Environment****Notice Concerning Variance Request
from Hazardous Waste Regulations**

The Kansas Department of Health and Environment is providing public notice that on May 21, 1998, the School Service Center—U.S.D. 259, 3850 N. Hydraulic, Wichita, submitted a request for a variance from specific hazardous waste regulations in accordance with K.A.R. 28-31-13(a). The variance is requested from K.A.R. 28-31-4(j)(1), which limits the accumulation of not more than 55 gallons of each type of hazardous waste in not more than one satellite container at or near each point of generation where waste initially accumulates, and which is under the control of the operator of the process generating the waste.

The U.S.D. 259 variance request would allow two containers to collect waste at the sand blasting station. Since the station is equipped with a double hopper collection system, the integrity of the collection process will be preserved with the use of two collection containers.

KDHE has reviewed the variance request and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice was provided of the tentative decision to grant the variance. A public comment period to receive comments about this tentative decision was established between June 18 and July 17, 1998. No comments were received.

Therefore, in accordance with K.A.R. 28-31-13(b), KDHE announces its decision to approve this request for a variance with no special conditions. The variance became effective July 31, 1998, and shall remain in effect until July 31, 2005.

Gary R. Mitchell
Secretary of Health
and Environment

Doc. No. 022795

State of Kansas

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is seeking public comments on the Class 3 modification request by Safety-Kleen (Aragonite) Inc. (formerly known as Laidlaw Environmental Service, Inc. [LES] and Aptus Inc.) for additional storage in connection with bringing approximately 12,700 tons of dioxin-contaminated soil for subsequent treatment by incineration at its incineration facility located in Coffeyville.

Safety-Kleen (Aragonite), Inc. has been permitted to operate a commercial hazardous waste storage and incineration facility at the Coffeyville industrial park since July 1991. The incinerator is capable of treating hazardous waste in the form of pumpable and containerized liquids, solids and sludges, and bulk solids. The permit allows Safety-Kleen (SK) to accept hazardous waste, including dioxin wastes, from off-site sources for storage and incineration. It is the only facility permitted in the United States to accept dioxin waste for treatment through combustion.

Due to the difficulties faced by the facility to operate in a cost-effective and profitable manner, LES requested permission in December 1997 to idle the facility and delay closure for a period of one year. This request to KDHE was submitted in accordance with 40 CFR 264.113. LES stopped receiving waste in December 1997, ceased incineration in February 1998 and submitted a detailed idling plan for KDHE's review in February 1998. On June 26, 1998, LES requested KDHE to suspend the review of the idling plan. This request was based on the EPA's recent proposal to incinerate dioxin-contaminated soil from McDonnell Park and LeMar Drive Superfund sites in Missouri. Incineration is proposed, since it is the most effective method of treatment for this dioxin-contaminated soil. Approximately 12,700 tons of contaminated soil are proposed for shipment followed by treatment in the incinerator.

The facility's current bulk contaminated soil storage capacity is limited to 675 yd³ in the containment building. In addition, the facility is permitted to treat 8,728 lbs/hr of solids. Since these constraints will severely restrain the Superfund cleanup actions at the above sites, SK is requesting additional storage for contaminated soil at this site. The proposed increase will involve currently available storage areas at the facility for PCB (TSCA waste) waste storage and handling in addition to a building originally designed and built for storing similar wastes, which is not currently being used. Many of the areas currently meet RCRA storage requirements; however, these areas are subject to approval by KDHE before SK can bring and store dioxin-contaminated soil. The proposed 12,700 tons of dioxin-contaminated soil will be brought into the facility in 2 yd³ Marino-type bags, prepacked at the generation site. This is expected to improve storage and handling of the waste soil considerably.

The proposed procedure to handle the contaminated soil requires a Class 3 modification of SK's permit in ac-

cordance with 40 CFR 270.42. Should KDHE find SK's request to be adequate, it may provide SK with a temporary authorization not to exceed 180 days in accordance with 40 CFR 270.42(e). This will allow SK to initiate any required physical construction/changes and prepare the facility for the incoming waste. Once the facility is ready, it will be able to begin storage of the dioxin waste derived from the Superfund cleanup actions.

KDHE is inviting members of the public to attend a public availability session from 2 to 5 p.m. followed by a public meeting from 7 to 9 p.m. Wednesday, September 9, at the Coffeyville Recreation Commission Office, 508 Park St., Coffeyville.

The availability session and the meeting are expected to fulfill the facility's public participation requirements in completing the Class 3 modification request for additional storage in accordance with 40 CFR 270.42.

Contact for Technical Questions

Questions and/or comments related to the above issues, including the Class 3 modification request, should be forwarded to:

Department of Health and Environment

Notice Concerning Variance Request from Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on September 2, 1997, Burlington Northern Santa Fe Railway (BNSF), 1001 N.E. Atchison, Topeka, submitted a request for a variance from specific hazardous waste regulations in accordance with K.A.R. 28-31-13(a). The variance is requested from K.A.R. 28-31-4(j)(1), which allows a generator to accumulate as much as 55 gallons of each type of hazardous waste in not more than one container at or near the point of generation where waste initially accumulates, and which is under the control of the operator of the process generating the waste.

The BNSF variance request would allow a specific satellite storage area to serve several generation points that create the same waste. The request indicates that by granting this variance, both the number of satellite storage sites as well as the number of hazardous waste storage drums at the facility will be reduced. BNSF estimates that the number of drums used to store hazardous waste each year at the facility will be reduced from thirty-six to six. The variance request indicates that the risk associated with moving these drums is minimal as the waste is fiberglass batting used as paint filters and contains no free liquid. The variance would allow a single satellite drum to be moved to a paint booth, then to a compactor, and then back to the satellite storage area.

KDHE has reviewed the variance request and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice was provided of the tentative decision to grant the variance. A public comment period to receive comments about this tentative decision was established between June 18 and July 17, 1998. No comments were received.

Therefore, in accordance with K.A.R. 28-31-13(b), KDHE announces its decision to approve this request for a variance with no special conditions. The variance became effective July 31, 1998, and shall remain in effect until July 31, 2005.

Doc. No. 022803

State of Kansas

Department of Health
and EnvironmentNotice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Wednesday, October 21, in the MTAA conference room in the Air Terminal at Forbes Field, 6700 S. Topeka Blvd., Topeka, to consider the adoption of new and amended regulations related to composting.

The new and amended regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations with their regulatory impact and environmental benefit follows.

K.A.R. 28-29-3. Definitions. Definitions of the following terms are proposed for addition to this regulation to clarify terms used in the proposed composting regulations: backyard composting, composting area, leachate, source-separated organic waste, vegetative food waste, and yard waste. The definition of monofill has been added to clarify which industrial wastes will be subject to the state solid waste tonnage fee.

The following definitions are proposed to be deleted from the regulation because they are defined in statute: construction and demolition waste, construction and demolition landfill, disposal, industrial solid waste, and transfer station.

The definitions of incompatible waste and open dump are proposed to be deleted since they are used neither in solid waste regulations nor statutes.

The proposed amendments will have no economic impact and no impact on human health and the environment.

Composting of various wastes on a large scale has become an increasingly common practice in Kansas. The Department of Health and Environment has identified a need for developing regulations that will ensure composting is done in a manner that does not pose a risk to human health and the environment, yet will not be so restrictive as to discourage composting activities. In addition, L. 1998, HB 2950 directs the department to adopt regulations governing the composting of livestock.

The composting regulations listed below prescribe registration requirements for facilities with a composting area of one-half acre or less and permitting requirements

for facilities with a composting area of more than one-half acre. Standards are set for facility design, operation and closure.

K.A.R. 28-29-25a. Small yard waste composting sites. This regulation applies to yard waste composting operations with a composting area of one-half acre or less.

K.A.R. 28-29-25b. Yard waste composting facilities. This regulation applies to yard waste composting operations with a composting area of more than one-half acre.

K.A.R. 28-29-25c. Manure composting. This regulation applies to each facility that composts manure.

K.A.R. 28-29-25d. Dead animal composting. This regulation applies to each facility that composts dead animals.

K.A.R. 28-29-25e. Source-separated organic waste composting. This regulation applies to each facility that composts newspapers, food wastes, sewage sludge and similar organic wastes.

K.A.R. 28-29-25f. Solid waste composting. This regulation applies to facilities that compost types of solid waste not covered in the other regulations; for example, municipal solid waste.

The proposed regulations will protect the quality of surface waters and groundwater in Kansas and control odors from composting operations.

Some existing composting facilities may have to improve access roads, make improvements to the composting area, and provide run-on and run-off control in order to comply with the proposed regulations. Costs will depend on the current facility design.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit comments prior to the hearing to Christine Mennicke, Department of Health and Environment, Bureau of Waste Management, Forbes Field, Building 740, Topeka, 66620. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and regulatory impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Christine Mennicke at (785) 296-0724, fax (785) 296-8909.

Complete copies of the regulations and the corresponding regulatory impact statement may be obtained by contacting the Bureau of Waste Management, (785) 296-0724.

Secretary of Health
and Environment

Doc. No. 022813

State of Kansas

Department of Health
and EnvironmentNotice Concerning Variance Request
from Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on March 13, 1998, Plastic Packaging Corporation (PPC), 750 S. 65th, Kansas City, Kansas, submitted a request for a variance from specific hazardous waste regulations in accordance with K.A.R. 28-31-13(a). The variance is requested from K.A.R. 28-31-4(l) and 40 CFR 264.176, which require a generator to store ignitable or reactive wastes more than 50 feet from the facility's property line.

The PPC variance request would allow storage of ignitable wastes within 50 feet of its property line. KDHE has reviewed the variance request and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice was provided of the tentative decision to grant the variance. A public comment period to receive comments about this tentative decision was established between June 18 and July 17, 1998. No comments were received.

Therefore, in accordance with K.A.R. 28-31-13(b), KDHE announces its decision to approve this request for a variance with no special conditions. The variance became effective July 31, 1998, and shall remain in effect until July 31, 2005.

Department of Agriculture

Temporary Administrative
RegulationsArticle 5.—TRANSFER OF GRAIN BETWEEN
PUBLIC WAREHOUSES

25-5-1. Transfer of grain between public warehouses. (a) A public warehouseman, as defined by K.S.A. 34-223(l) and amendments thereto, who lacks sufficient space and desires to transfer grain for which valid receipts have been issued may do so either by physical movement of the grain or by other methods accepted by the secretary as standard industry practice, subject to the following terms and conditions:

(1) The shipping public warehouse shall immediately notify the secretary before the transfer of receipted grain. Notice to the secretary shall include the location where the grain will be transferred for storage. The shipping public warehouseman shall also provide written notice to all depositors who hold receipts for grain that the shipping public warehouseman may forward grain deposited on a commingled basis.

(2) For purposes of this regulation, a licensed public warehouse means a warehouse operated by a public warehouseman who holds an unsuspended, unrevoked

license under the U.S. warehouse act for grain, or a public warehouse operated by a public warehouseman who holds an effective warehouse license for the public storage of grain, rice, or both issued by a state that has financial, bonding, and examination requirements for the benefit of all depositors.

(3) The shipping public warehouseman shall promptly obtain nonnegotiable warehouse receipts from the receiving public warehouseman for all transferred grain. The receipts shall be on forms furnished by the secretary pursuant to K.S.A. 34-238(c) and amendments thereto. Receipts shall not be used in any other manner except as expressly provided by Kansas statutes. The receipts shall be retained by the shipping public warehouseman to be presented to and used by department examiners in lieu of an on-site inventory. The grain covered by these receipts shall not be the property of either the receiving or shipping public warehouseman but shall be held in trust by both parties solely for the benefit of the depositors whose bailed grain was transferred individually or collectively, and the depositor or the depositor's transferee shall retain title to it.

(4) The shipping public warehouseman's bond shall be increased to consider the addition of the transferred grain to the licensed capacity of the public warehouse with the net worth requirements based on the total of the licensed capacity and the forwarded grain. The bond amount shall not be required to be more than \$500,000 unless necessary to cover a deficiency in net worth to meet the requirements of K.S.A. 34-228(c) and amendments thereto.

(5) The shipping public warehouseman shall continue to retain that individual's obligations to the owners for all grain deposited in the public warehouse for storage, whether forwarded or retained, and shall redeliver the grain upon demand to the depositor or the depositor's transferee at the public warehouse where the grain was first deposited for storage.

(6) Nothing in this regulation shall in any way diminish the right of the owner of the grain to receive on delivery, or the obligation of the public warehouseman of a licensed public warehouse from which the product is transferred to deliver, to the owner, grain in the amount and of the kind, quality, and grade called for by the warehouse receipts or other evidence of storage.

(7) If it is the shipping public warehouseman's obligation by terms of the warehouse receipt or otherwise to insure the grain subject to the transfer, that individual shall in accordance with K.S.A. 34-236, and amendments thereto, keep this grain insured in that individual's own name or transfer the grain only to a public warehouse where the grain is fully insured.

(b) A shipping public warehouseman may transfer stored grain, as defined by K.S.A. 34-227 and amendments thereto, by complying with the provisions of paragraphs (a)(2), (5), (6), and (7) of this regulation. (Authorized by K.S.A. 1997 Supp. 34-102; implementing K.S.A. 34-241; effective, T-25-8-13-98, Aug. 13, 1998).

State Corporation Commission

Notice of Motor Carrier Hearings

The following motor carriers have filed various applications and are scheduled for hearing at 9:30 a.m. September 8 before the commission at its offices, 1500 S.W. Arrowhead Road, Topeka, as indicated below. All applications listed herein are for statewide authority, unless otherwise stated. This list does not include cases which have been continued from earlier assigned hearing dates for which parties of record have received notice.

Requests to inspect and copy the notices provided to the parties and questions in regard to these hearings should be addressed to the State Corporation Commission, Transportation Division, 1500 S.W. Arrowhead Road, Topeka, 66604-4027, (785) 271-3225 or 271-3151. The presiding officer for these matters is Paula Lentz, Assistant General Counsel, (785) 271-3279. Anyone needing special accommodations should give notice to the commission 10 days prior to the scheduled hearing date.

Attention should be directed to Kansas Administrative Regulation 82-1-228, "Rules of Practice and Procedure Before the Commission."

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 3, in the conference room in the offices of Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

Project No. 000387, Maximum Principal Amount: \$170,000. Owner/Operator: Deters Dairy Farm Partnership. Description: Acquisition of 134 acres of agricultural land and related improvements in Marshall County, Kansas; and the acquisition of 37 acres of agricultural land and related improvements and the construction of a new dairy barn and dairy equipment in Nemaha County, Kansas, to be used by the owner/operator for farming purposes. The project is located at the Northwest Quarter of Section 8, Township 2, Range 10, Murray Township, Marshall County, Kansas; approximately 4 miles west of Axtell and 1½ miles north by gravel road; and the Southeast Quarter of the Northeast Quarter of Section 15, Township 2, Range 11, less 2.65 acres, Marion Township, Nemaha County, Kansas; approximately 1 mile east of Baileyville on Highway 36, north 2½ miles by gravel road.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue the bond for the purpose of financing the project, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Any individual affected by the above-described project may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 3, in the conference room in the offices of Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bonds for the projects numbered below, in the respective maximum principal amount. Each bond will be issued to assist the respective borrower named below (who will be the owner and operator of the respective project) to finance the cost in the amount of the bond of acquiring the respective projects or for the purpose of refunding a bond previously issued to finance the respective project. Each project shall be located as shown:

Project No. 000390, Maximum Principal Amount: \$30,000. Owner/Operator: Albert J. Giefer. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the South Half of the Northwest Quarter and that portion of the Southwest Quarter lying north of the railroad right-of-way all in Section 15, Township 32 South, Range 1 East, Avon Township, Sumner County, Kansas; approximately 3 miles east of Wellington on Highway 160, then ½ mile south.

Project No. 000391, Maximum Principal Amount: \$68,000. Owner/Operator: Jacob R. and Catherine M. Giefer. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the Northwest Quarter of Section 22, Township 32 South, Range 1 East, Avon Township, Sumner County, Kansas; approximately 4 miles east and 1 mile south of Wellington.

Project No. 000392, Maximum Principal Amount: \$47,400. Owner/Operator: Todd and Karen Herrington. Description: Acquisition of 140 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the Southwest Quarter of Section 22, Township 32 South, Range 1 East, Avon Township, Sumner County, Kansas; approximately 5 miles east of Wellington and 1 mile south of Highway 160.

Each bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. Each bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on each bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue any specific bond for the purpose of financing the respective project, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding any of the projects described above may be obtained by contacting the Authority.

Any individual affected by any of the above-described projects may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 3, in the conference room of the Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue approximately \$9,500,000 principal amount of Housing Development Revenue Bonds for The Bluffs at Olathe Limited Partnership (the developer). The bonds will be issued, pursuant to K.S.A. 74-8901 *et seq.*, to finance costs of construction and development of a multifamily housing facility to be operated as The Bluffs at Olathe to be used for public housing purposes (the project). The Bluffs at Olathe will consist of a 232-unit multifamily community to be located at Arapahoe Drive and Boughan Drive, Olathe, Johnson County, Kansas.

The bonds, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bonds will be payable solely from amounts received from the developer, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue the bonds for the purpose of financing the project, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Kenneth Frahm
President

Doc. No. 022804

State of Kansas

Secretary of State

Notice of Corporations Forfeited

In accordance with K.S.A. 17-7510, the articles of incorporation of the following corporations organized under the laws of Kansas were forfeited during the month of July 1998 for failure to timely file an annual report and pay the annual franchise tax as required by the Kansas general corporation code:

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. This cumulative index supplements the index to the 1997 Volumes of the *Kansas Administrative Regulations*.

AGENCY 1: DEPARTMENT OF ADMINISTRATION

Reg. No.	Action	Register
1-2-8	Amended	V. 16, p. 1178
1-2-14	Amended	V. 16, p. 1178
1-2-35	Amended	V. 16, p. 1178
1-2-68	Revoked	V. 16, p. 1178
1-5-7	Amended	V. 16, p. 1665
1-5-8	Amended	V. 16, p. 1665
1-5-12	Revoked	V. 16, p. 1666
1-5-13	Amended	V. 16, p. 1666
1-5-19c	Amended	V. 16, p. 1666
1-6-2	Amended	V. 16, p. 1178
1-6-8	Amended	V. 16, p. 1179
1-6-21	Amended	V. 16, p. 1179
1-6-22	Revoked	V. 16, p. 1179
1-6-27	Amended	V. 16, p. 1179
1-6-29	Amended	V. 16, p. 1666
1-6-33	Amended	V. 16, p. 973
1-7-11	Amended	V. 16, p. 1667
1-9-2	Amended	V. 16, p. 973
1-9-7b	Amended	V. 16, p. 1668
1-9-7c	Amended	V. 16, p. 974
1-9-13	Amended	V. 16, p. 974
1-9-17	Revoked	V. 16, p. 975
1-9-26	Amended	V. 16, p. 975
1-9-27	Amended	V. 16, p. 976
1-10-7	Amended	V. 16, p. 1667
1-13-1a	Amended	V. 16, p. 977
1-14-12a	New	V. 16, p. 170
1-16-2a	Amended	V. 16, p. 1210
1-16-2b	Amended	V. 16, p. 1210
1-16-2d	Revoked	V. 16, p. 1211
1-16-2e	Amended	V. 16, p. 1211
1-16-18	Amended	V. 17, p. 945
1-16-18a	Amended	V. 17, p. 945
1-18-1a	Amended	V. 17, p. 947
1-63-2	Amended	V. 16, p. 978

AGENCY 4: DEPARTMENT OF AGRICULTURE

Reg. No.	Action	Register
4-7-213	New	V. 17, p. 171
4-7-213a	New	V. 17, p. 171
