## Interim Committee Schedule

The following committee meetings have been scheduled during the period of November 30 through December 13:

Date	Room	Time	Committee	Agenda
November 30	123-S	10:00 a.m.	Special Committee on Financial Institutions/Insurance	Complete hearings on bank tax, issue; review bill drafts and committee reports on all proposals.
November 30	<b>Canceled</b>		Special Committee on Assessment and Taxation	Canceled.
December 1	<b>Canceled</b>			
November 30	522-S	1:30 p.m.	Joint Committee on Information Technology	Agenda not available.
December 1	522-S	9:00 a.m.		
December 1	526-S	10:00 a.m.	Special Committee on Federal and State Affairs	Agenda not available.
December 2	526-S	9:00 a.m.		
December 3	526-S	10:00 a.m.	Joint Committee on Corrections and Juvenile Justice Oversight	Committee report.
December 9	519-S	10:00 a.m.	Task Force on the Providers of Mental Health Services	Review and final approval of interim report and recommended legislation.

Jeff Russell  
Director of Legislative  
Administrative Services

**Department of Health  
and Environment**

**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Owens Corning has applied for a construction permit in accordance with the provisions of K.A.R. 28-19-300 to install a new unbonded loose fill manufacturing process at its Kansas City plant. Emissions of nitrogen oxides (NO<sub>x</sub>), carbon monoxide (CO), sulfur oxides (SO<sub>x</sub>), volatile organic compounds (VOCs), particulate matter (PM) and particulate matter with a diameter of 10 micrometers or less (PM<sub>10</sub>) were evaluated as part of the permit process.

Owens Corning owns and operates the stationary source located at 300 Sunshine Road, Kansas City, Kansas.

A copy of the proposed permit, permit application, all supporting nonconfidential documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the Department of Air Quality, Wyandotte County/Kansas City, Kansas Health Department, 619 Ann Ave., Kansas City, Kansas, and at the Bureau of Air and Radiation, Kansas Department of Health and Environment, Building 283, Forbes Field, Topeka. To obtain or review the proposed permit and supporting documentation, contact Roylene A. Cunningham at the Wyandotte County Health Department, (913) 573-6700, or Connie Carreno at the Kansas Department of Health and Environment, (785) 296-6422. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Roylene A. Cunningham, Department of Air Quality, Wyandotte County/Kansas City, Kansas Health Department, 619 Ann Ave., Kansas City, KS 66101. Written comments must be received by the

close of business December 28 in order to be considered in formulating a final permit decision.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, Kansas Department of Health and Environment, Building 283, Forbes Field, Topeka, 66620, not later than the close of business December 28 in order for the Secretary of Health and Environment to consider the request.

**Department of Health  
and Environment**

**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Titan Trailer Mfg., Inc. has applied for a Class II operating permit in accordance with the provisions of K.A.R. 28-19-540. Emissions of volatile organic compounds (VOCs) and hazardous air pollutants (HAPs) were evaluated during the permit review process. The purpose of a Class II permit is to limit the potential-to-emit for these pollutants to below major source thresholds.

Titan Trailer Mfg., Inc. owns and operates a truck trailer manufacturing facility located at 2306 Highway 77, Waterville.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE northeast district office, 800 W. 24th, Lawrence. To obtain or review the proposed permit and supporting documentation, contact Rasha Allen, (785) 296-1693, at the KDHE central office, or Pat Simpson, (785) 842-4600, at the KDHE northeast district office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Rasha Allen, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 28.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business December 28 in order for the Secretary of Health and Environment to consider the request.

## State of Kansas

**Department of Health  
and Environment**

**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Saint Mary's College (Sisters of Charity of Leavenworth) has applied for a Class II operating permit in accordance with the provisions of K.A.R. 28-19-540. Emissions of sulfur oxide (SOx) were evaluated during the permit review process. The purpose of a Class II permit is to limit the potential-to-emit for these pollutants to below major source thresholds.

Saint Mary's College (Sisters of Charity of Leavenworth), Leavenworth, owns and operates a series of boilers, a generator and an incinerator located at 4200 S. 4th St., Leavenworth.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE northeast district office, 800 W. 24th, Lawrence. To obtain or review the proposed permit and supporting documentation, contact Cheryl Evans, (785) 296-6438, at the KDHE central office, or Pat Simpson, (785) 842-4600, at the KDHE northeast district office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Cheryl Evans, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 28.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business December 28 in order for the Secretary of Health and Environment to consider the request.

## State of Kansas

Department of Health  
and EnvironmentNotice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Wednesday, January 27, in the MTAA conference room in the Air Terminal at Forbes Field, 6700 S. Topeka Blvd., Topeka, to consider the adoption of new regulations and proposed amendments to existing regulations of the Division of Environment.

The new and amended regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their environmental and economic impact follows.

Summary of Proposed Amendments  
and New Regulations

The federal law that regulates hazardous waste is Subtitle C of the Resource Conservation and Recovery Act (RCRA). RCRA, an amendment to the Solid Waste Disposal Act, was enacted in 1976.

The State of Kansas first passed legislation regarding hazardous waste management in 1977. The Kansas laws have been amended and added to on several occasions since then. In October 1985, the Kansas Department of Health and Environment obtained authorization from the U.S. Environmental Protection Agency to administer the hazardous waste management program. With a few exceptions, KDHE has adopted the federal regulations by reference.

There are two purposes for the regulatory changes proposed in this package. The first is to incorporate new regulations and changes to existing regulations that have been promulgated by EPA between July 1, 1992, the date of the last KDHE adoption of federal requirements, and July 1, 1996. The second reason for proposed changes concerns state specific program requirements that make regulatory changes necessary.

The proposed amendments are primarily needed to maintain KDHE authorization from the EPA to conduct the federal hazardous waste management program in lieu of EPA. It is mandated by federal regulations that states periodically update their regulations to remain authorized. These proposed hazardous waste management regulations are intended to adopt by reference federal hazardous waste regulations contained in 40 CFR Parts 124, 260, 261, 262, 263, 264, 265, 266, 268, 270, 273 and 279, as in effect on July 1, 1996, and 49 CFR Parts 172, 173, 178 and 179, as in effect on October 1, 1996.

**K.A.R. 28-29-26. Used oil.** This solid waste regulation is proposed to be revoked because proposed new regulation K.A.R. 28-31-16 will adopt the federal used oil regulations at 40 CFR 279, except section 279.10(b)(3), by reference. Standards for used oil transporters will be cited in 28-31-6. Parts of the regulation are proposed to be incorporated into K.A.R. 29-31-6 and K.A.R. 28-31-16. The net result of the proposed revocations, amendments and adoptions are as follows:

- reclaimed oil used beneficially is not subject to used oil regulations;

- used oil that is burned for energy recovery is not subject to used oil regulations;
- farmers generating not more than 300 gallons per year, households and vessels are not subject to used oil generator requirements;
- used oil collection centers could accept more than 5 gallons per person per day;
- used oil collection centers would not be required to record the source and disposition of used oil; and
- used oil collection centers accepting more than 10,000 gallons per year only from households would not have to register with the department.

**K.A.R. 28-31-1. General provisions.** Subsections (a) and (b) are proposed to be amended to include 40 CFR Parts 273 and 279. These proposed amendments have been made to reflect the proposed adoption of 40 CFR Part 273 (universal waste) in 28-31-15 and the proposed adoption of 40 CFR Part 279 (used oil) in 28-31-16. References to federal regulations have been updated from 1992 to 1996.

**K.A.R. 28-31-2. Definitions.** This regulation is proposed to be amended to update the adoption of federal regulations from July 1, 1992 to July 1, 1996. Paragraph (c), new paragraph (e) and new paragraph (f) have been expanded and rearranged to improve the organization and clarity of the definitions. The definition of hazardous waste transfer station has been added in new paragraph (d) in response to proposed new regulation 28-31-6a (repacking of waste at hazardous waste transfer facilities).

**K.A.R. 28-31-3. Identification of characteristics and listing of hazardous waste.** This regulation is proposed to be amended to update the adoption of federal regulations from July 1, 1992 to July 1, 1996.

**K.A.R. 28-31-4. Standards for generators of hazardous waste.** This regulation is proposed to be amended to update the adoption of federal regulations from July 1, 1992 to July 1, 1996.

Subsection (b)(4) adds a reference to 40 CFR 273, which is proposed for adoption in 28-31-15.

Subsection (c)(1) is proposed to be amended by replacing "a form supplied by the department" with "KDHE form 8700-12" to further clarify this requirement.

Paragraph (g)(1)(D) adds containment buildings as acceptable short-term storage areas for hazardous waste. This is proposed to maintain consistency with federal regulations.

Paragraph (h)(1)(B)(i) and (ii) have been changed to exclude federal regulations that reference 40 CFR 265 Subpart CC, since Kansas is not adopting Subpart CC at this time.

Subsection (k) is proposed to be amended by adding "daily inspection of tanks" and a reference to 40 CFR 265.195 in order to maintain consistency with federal regulations. This will require Kansas generators to spend additional time inspecting their tanks, but will reduce the amount of time a leak could remain undetected. Small quantity generators will have to spend additional time marking and dating their tanks.

(continued)

Subsection (m)(2)(B) is proposed to be amended by adding "and tank" to the dating and marking requirements in order to maintain consistency with federal regulations.

The following wording is proposed to be added to subsection (n) for clarification: "in any single calendar month," "or more" and "of hazardous waste."

Subsection (p)(3)(A) is proposed to be amended by deleting "40 CFR 266 subpart E" from the regulation because this federal regulation has been recodified to 40 CFR Part 279. "K.A.R. 28-31-16," which adopts 40 CFR Part 279, is proposed to be added to this regulation. The words "used oil" are struck from paragraph (p)(4), since this mixture would be regulated as used oil under the proposed regulations.

**K.A.R. 28-31-6. Standards for transporters of hazardous waste.** New language has been added to the beginning of the regulation to exclude small quantity generators transporting waste to household hazardous waste facilities permitted to handle this waste. This eases the regulatory burden on small quantity generators.

It also is proposed that the regulation be amended to specifically mention used oil transporters that are currently required to comply with this regulation through a reference in K.A.R. 28-29-26 (used oil). K.A.R. 28-29-26 is proposed to be revoked. Used oil transporters have been required to comply with K.A.R. 28-31-6 since May 1, 1984.

Subsection (a), which incorporates federal regulations, is proposed to be amended by excluding 263.10(a) since the first paragraph of this regulation already describes who this regulation will apply to. Proposed subsection (g) has been added to clarify the requirements for hazardous waste transfer facilities. These requirements are currently adopted by reference in 40 CFR 263.12, which is proposed to be excluded from incorporation.

**K.A.R. 28-31-6a. Repacking of hazardous waste at hazardous waste transfer facilities.** This proposed new regulation will allow identification of locations where hazardous wastes are put into different containers during shipment to a TSD and sets minimum standards for this activity. Identification of these facilities will enable hazardous waste inspectors to determine if hazardous wastes are being handled in a responsible manner.

The proposed new regulation would regulate hazardous waste repacking stations more stringently than the federal regulations require. Hazardous waste transfer facilities that repack or recontainerize hazardous waste will have to apply to the department for approval. They will have to meet fire prevention and record keeping standards not required by federal law, and repacking facilities storing hazardous waste for 10 days or less will have to meet containment, fire prevention, equipment, training and record keeping requirements that are not required by federal law.

It will cost each hazardous waste transfer facility that chooses to repack or recontainerize hazardous waste approximately \$20,000 to comply with the requirements of this regulation. At the present time there are no transfer facilities that are repacking hazardous waste, but this situation has occurred in the past in Kansas.

**K.A.R. 28-31-8. Standards for hazardous waste storage, treatment, and disposal facilities.** This regulation is proposed to be amended to update the adoption of federal regulations from July 1, 1992 to July 1, 1996, with the exception of 40 CFR 264 subparts S and CC, and 40 CFR 265 subpart CC. 40 CFR 264 subparts S and CC, and 40 CFR 265 subpart CC, are not proposed for adoption since July 1, 1996, versions are in contradiction to the July 1, 1997, versions of the federal regulations.

Subsection (b) is proposed to be amended by adding "(2) and," which incorporates the dating requirement of 28-31-4(g)(2). This will help inspectors determine accumulation times.

The words "the owner or tenant, and" are proposed to be added to new paragraph (d)(1)(D), ensuring that the department has the continuous right to approve certain land-use activities at waste disposal sites.

Subsection (f) is proposed to be amended by changing the title from "groundwater monitoring" to "environmental monitoring" and by adding "and G" to the first sentence. This addition clarifies the existing requirements that all groundwater monitoring samples be analyzed in a laboratory that is certified by the department, and expands laboratory certification requirements to soil, sludge, sediment, surface water and other environmental samples.

Subsection (g) has been added to require that KDHE certified laboratories be used for analyses performed to comply with permit conditions. This will allow the department to monitor data quality objectives relevant to the analyses and compliance with applicable permit conditions, thus ensuring the integrity of the composition of the hazardous waste stream prior to incineration.

The requirement for owners or tenants to obtain departmental approval for certain land uses at disposal sites in paragraph (d)(1)(E) and the laboratory certification requirements of subsections (f) and (g) exceed the requirements of federal law.

There are currently two facilities that are not participating in the departmental certification program. The maximum cost for each of these facilities to be certified by the department would be \$1750/year for application fees and performance evaluation samples.

**K.A.R. 28-31-8b. Standards for the management of specific hazardous wastes and specific types of hazardous waste management facilities.** This regulation is proposed to be amended to adopt 40 CFR Part 266 subpart H, which regulates hazardous waste burned in boilers and industrial furnaces (BIF). The BIF regulations became effective August 21, 1991, and brought all facilities burning hazardous waste under full regulation for the first time. Owners and operators of these facilities are subject to stringent permitting standards. BIF regulations require the control of emissions of toxic compounds, toxic metals, hydrogen chloride, chlorine gas, particulate matter and products of incomplete combustion.

This regulation also is proposed to be amended to exclude a previously adopted federal regulation (40 CFR Part 266, subpart E) that dealt with used oil but which has been replaced by new federal regulations in 40 CFR Part 279.

**K.A.R. 28-31-9. Hazardous waste storage, treatment, and disposal facility permits.** Subsection (b) of this regulation is proposed to be deleted since the Bureau of Water reviews these permits and the annual review is already required by 28-46-10(c).

**K.A.R. 28-31-10. Hazardous waste monitoring fees.** The phrase "to the department" is proposed to be added in several places for clarification. Subsection (d) is proposed to be amended by adding "as in effect on July 1, 1996" to the federal regulations citation to define exactly what the state is adopting.

**K.A.R. 28-31-12. Inspections.** Subsection (a)(7) is proposed to be amended by adding "or video tape" after the word photograph to clarify the type of photographic media that may be used during an inspection.

**K.A.R. 28-31-13. Variances.** Subsection (b) is proposed to be amended to include "of the application" for clarification.

**K.A.R. 28-31-15. Universal waste.** This proposed new regulation would adopt by reference 40 CFR Part 273. It establishes new streamlined regulations governing the collection and management of universal wastes (batteries, pesticides, thermostats, and household and conditionally exempt small quantity generator waste). It also includes a petition process by which additional wastes can be added to the universal waste rule.

The universal waste rule took effect at the federal level on May 11, 1995. Adoption of this regulation will ease the regulatory burden on retail stores and others who generate or collect these wastes. It will facilitate the environmentally-sound collection of these wastes, increase the recycling of these wastes, and reduce the quantity of these wastes disposed of in landfills.

**K.A.R. 28-31-16. Used oil.** 40 CFR Part 279, the used oil rule, took effect March 4, 1994. These regulations address management standards and potentially unsafe practices associated with improper storage of used oil, road oiling, and contamination of used oil from hazardous waste.

This proposed new regulation would adopt by reference the federal used oil regulations contained in 40 CFR Part 279, except Section 279.10(b)(3). The state equivalent of the exemption given in this section of the federal regulations is set forth in subsection (b) of this regulation.

This proposed new regulation would replace K.A.R. 28-29-26, the solid waste regulation that currently regulates used oil, and the section of K.A.R. 28-31-8b that adopts by reference 40 CFR 266 Subpart E (revoked), which regulates used oil that is burned for energy recovery. Standards in this proposed regulation effectively control risks while promoting used oil recycling.

The net results of the proposed revocations, amendments and adoptions are listed under K.A.R. 28-29-26 above.

The following two requirements of K.A.R. 28-31-16 exceed the requirements of applicable federal law.

The federal regulations state that mixtures of used oil and hazardous waste (HW) from conditionally exempt small quantity generators (a federal term for persons that generate less than 100 kg of HW per month) are regulated as used oil. Subsection (b) limits this exemption to small

quantity generators (a Kansas term for persons that generate less than 25 kg of HW per month).

Subsection (c) of the proposed regulation includes the language now contained in K.A.R. 28-29-26(f), which requires marketers that sell more than 500 gallons of oil and lubrication products per year to display signs with information concerning used oil disposal and recycling.

KDHE would have the primary responsibility for implementing and enforcing the new proposed regulations, K.A.R. 28-31-6a, K.A.R. 28-31-15 and K.A.R. 28-31-16, and the new federal regulations adopted by reference through the amendments. The increased amount of paperwork should be minimal and there should be no increased cost to the agency.

There are no additional costs to other agencies associated with these proposed changes to the regulations.

Failure to adopt the amendments to these regulations could result in the loss of the federal authorization of the Kansas Hazardous Waste Management Program. The federal funding allocation for the Kansas Hazardous Waste Program for federal fiscal year 1998 was \$1,150,000.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Christine Mennicke, Department of Health and Environment, Bureau of Waste Management, Forbes Field, Building 740, Topeka, 66620-0001. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and regulatory impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Christine Mennicke at (785) 296-0724, fax (785) 296-8909.

Complete copies of the proposed regulations and the corresponding regulatory impact statement may be obtained through the Internet at <http://www.kdhe.state.ks.us/waste/> or by contacting the Bureau of Waste Management, Forbes Field, Building 740, Topeka, 66620-0001, (785) 296-0724.

Department of Health and Environment

Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63, 28-18-1 through 4, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for discharges to the waters of the United States and the State of Kansas for the class of dischargers described below. The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization subject to certain conditions.

Public Notice No. KS-AG-98-151/152

Name and Address of Applicant	Legal Description	Receiving Water
The Landings Cattle & Land Co. c/o Bill C. Johnson, Jr. 1392 Thomas Road Ottawa, KS 66067	NW/4 of Sec. 26, and NW/4, NE/4 of Sec. 26, T15S, R18E, Franklin County	Marais des Cygnes River Basin

Kansas Permit No. A-MCFR-M003

This is an existing facility for 500 head (700 animal units) of dairy cattle.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: The waste management plan developed by the designer and approved by the department shall be adhered to as a condition of this permit. The plan calls for nutrient analysis of both liquids and solids with applications to meet crop nutrient needs. If wastes are not analyzed for nutrient content, wastewater shall not be applied at rates greater than 6 acre-inches per acre per year and solids shall not be applied at rates greater than 20 dry tons per acre per year.

Name and Address of Applicant	Legal Description	Receiving Water
Stanley Pfizenmaier, Jr. 762 18th Road Clay Center, KS 67432	NE/4 of Section 7, T8S, R2E, Clay County	Republican River

Kansas Permit No. A-LRCY-S044

This is an existing facility for 640 head (148 animal units) of swine and 175 head (125 animal units) of cattle.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: A livestock waste management plan for the facility shall be developed. The plan shall cover, but not be limited to, the following items: handling and disposal equipment for both solid and liquid wastes, land application practices used to protect against runoff and leaching, waste application rates based on crop nutrient utilization, and identification of adequate land areas for application of all wastes. Detailed guidance and requirements will be provided by the department. A plan shall be submitted to the department within six months following receipt of detailed requirements. The approved plan will become part of this permit.

Public Notice No. KS-98-143/150

Name and Address of Applicant	Waterway	Type of Discharge
City of Basehor P.O. Box 406 Basehor, KS 66007-0406	Stranger Creek via Hog Creek	Treated domestic wastewater

Kansas Permit No. M-KS04-0004

Federal Permit No. KS0094382

Legal: SE¼, S34, T10S, R22E, Leavenworth County

Facility Description: The proposed action is to issue a new permit for the operation of a new wastewater treatment facility treating primarily domestic wastewater. This new facility replaces the two separate aerated lagoon facilities. The proposed permit contains a schedule of compliance requiring the facility to provide KDHE the name of an operator candidate to begin the process to become a KDHE-certified wastewater treatment plant operator. The permit requirements are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

Name and Address of Applicant	Waterway	Type of Discharge
Auburn-Washburn U.S.D. No. 437 5928 S.W. 53rd Topeka, KS 66610	Wakarusa River via Six Mile Creek	Treated domestic wastewater

Facility name: Jay Shideler Elementary

Kansas Permit No. M-KS72-0011

Federal Permit No. KS0078921

Legal: SW¼, S28, T12S, R15E, Shawnee County

Facility Description: The proposed action is to reissue a permit for the operation of an existing three-cell wastewater treatment facility treating primarily domestic wastewater. Monitoring of ammonia, phosphorus and total residual chlorine will be required. The permit requirements are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

Legal: (001) SE¼, S15, T26S, R5E  
 (002) SE¼, S10, T26S, R5E, Butler County

Facility Description: The proposed action is to reissue a permit for the operation of an existing wastewater treatment facility treating primarily treated process wastewater. This is petroleum refinery that produces motor fuels, distillates, propane, heavy fuel oils, residuals, sulfur, aviation gasoline and chemicals, including phenol, acetone and toluene. The proposed permit contains a schedule of compliance requiring the facility to investigate the cause of effluent toxicity and also to reduce the concentrations of sulfides and fluorides in the discharge. The permit requirements are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

Kansas Permit No. P-MC31-0001

Facility Description: The proposed action is to reissue an existing pretreatment permit for the above-named facility. This facility manufactures terminal spotting tractors. Steel is welded, fabricated and phosphated prior to being painted. Wastewater from the phosphating operation is discharged on a batch basis or is hauled off-site for treatment if the permit limits cannot be met. The permit limits are pursuant to state and federal pretreatment requirements.

**Name and Address of Applicant**  
 Titan Manufacturing, Inc.  
 2306 Highway 77 South

 wastewater

Facility name: Titan Manf. Plant #1

Kansas Permit No. P-BB22-0001

Facility Description: The proposed action is to reissue an existing pretreatment permit for the above-named facility. This facility manufactures steel livestock trailers. The steel is sprayed with a conversion coating (phosphating) chemical before the paint is applied. The permit limits are pursuant to state and federal pretreatment requirements.

Written comments on the draft permits must be submitted to the attention of Dorothy Geisler for agricultural permits or to the permit clerk for all other permits, Kansas Department of Health and Environment, Division of Environment, Bureau of Water, J Street and 2 North, Forbes Field, Building 283, Topeka, 66620. All comments postmarked or received on or before December 26 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate public notice number (KS-AG-98-151/152, KS-98-143/150, KS-PT-98-016/017) and the name of applicant as listed when preparing comments.

If no objections are received during the public notice period, the Secretary of Health and Environment will issue the final determination. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

The applications, proposed permits, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Kansas Department of Health and Environment, Building 283, Forbes Field, Topeka, from 8 a.m. to 5 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

## State of Kansas

## Kansas Development Finance Authority

## Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, December 10, in the conference room in the offices of the Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

**Project No. 00401, Maximum Principal Amount: \$60,000.** Owner/Operator: Justin Wayne and Deborah E. Shepard. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the north half of the Southwest Quarter of Section 32, Township 23, Range 16 of the 6th P.M., in Woodson County, Kansas; approximately 8 miles north of Yates Center on Highway 75, 3 miles east on 190th Road, and 1/8 mile north on Prairie Road.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue the bond for the purpose of financing the project, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Any individual affected by the above-described project may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

## Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. KN Gas Gathering, Inc. has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to operate two natural gas compressor engines. Emissions of oxides of nitrogen, carbon monoxide and volatile organic compounds were evaluated during the permit review process.

KN Gas Gathering, Inc., Lakewood, Colorado, owns and operates the stationary source located at SS-T34S-R39W, Morton County, Kansas, at which the engines are installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE southwest district office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Daizy Dandass, (785) 296-6427, at the KDHE central office, or Wayne Neese, (316) 225-0596, at the KDHE southwest district office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Daizy Dandass, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 28.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business December 28 in order for the Secretary of Health and Environment to consider the request.

**Kansas Development Finance Authority**

**Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, December 10, in the Kansas Development Finance Authority conference room, tenth floor, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for K DFA to issue approximately \$18,000,000 principal amount of Multifamily Housing Refunding Revenue Bonds for First Kansas State Partnership, L.P., a Delaware limited partnership. The proceeds of the bonds will be issued pursuant to K.S.A. 74-8901 *et seq.* to provide funds to refund and redeem the K DFA Multifamily Housing Revenue Bonds, Series 1995 (First Kansas State Partnership, L.P.), in the outstanding principal amount of \$18,000,000, the proceeds of which were used to acquire and rehabilitate three noncontiguous multifamily apartment projects, as follows: Sedona Apartments, 358 units, 6527 Reeder, Shawnee, Kansas; Evergreen Apartments, 105 units, 9209 W. 79th St., Overland Park, Kansas; and Antioch Woods Apartments, 90 units, 8710 W. 106th Terrace, #2, Overland Park, Kansas.

The bonds, when issued, will be limited obligations of K DFA and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision of the State of Kansas. The bonds will be payable solely from amounts received from the partnership or its affiliates.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue bonds for the purposes stated herein, and all written comments filed with K DFA at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the bonds may be obtained by contacting K DFA.

(Published in the Kansas Register November 26, 1998.)

**Summary Notice of Bond Sale  
City of Winfield, Kansas  
\$600,000**

**General Obligation Sales Tax Bonds, Series 1998-B  
(General obligation sales tax bonds payable  
from unlimited ad valorem taxes)**

**Sealed Bids**

Subject to the notice of bond sale dated November 16, 1998, sealed bids will be received by the clerk of the City of Winfield, Kansas (the issuer), on behalf of the governing body at 200 E. 9th, Winfield, KS 67156-0646, until 2 p.m. December 7, 1998, for the purchase of \$600,000 principal amount of General Obligation Sales Tax Bonds, Series 1998-B. No bid of less than 100 percent of the principal amount of the bonds and accrued interest thereon to the date of delivery will be considered.

**Bond Details**

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated December 1, 1998, and will become due on September 1 in the years as follows:

Year	Principal Amount
1999	\$55,000
2000	50,000
2001	55,000
2002	55,000
2003	55,000
2004	60,000
2005	65,000
2006	65,000
2007	70,000
2008	70,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning September 1, 1999.

**Book-Entry-Only System**

Bonds will be registered under a book-entry-only system administered through DTC.

**Paying Agent and Bond Registrar**

Kansas State Treasurer, Topeka, Kansas.

(continued)

**Good Faith Deposit**

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$12,000 (2 percent of the principal amount of the bonds).

**Delivery**

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or about December 30, 1998, at DTC for the account of the successful bidder.

**Assessed Valuation and Indebtedness**

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1998 is \$55,302,988. The total general obligation indebtedness of the issuer as of the date of delivery of the bonds, including the bonds being sold and a general obligation water pollution control revolving fund loan, is \$14,639,091.

**Approval of Bonds**

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder when the bonds are delivered.

**Additional Information**

Additional information regarding the bonds may be obtained from the clerk, (316) 221-5500, fax (316) 221-5593, or from the financial advisor, George K. Baum & Company, 120 W. 12th, Kansas City, MO 64105, Attention: David G. Arteberry, (800) 821-7195.

Doc. No. 023166

(Published in the Kansas Register November 26, 1998.)

**Summary Notice of Bond Sale  
Barber County, Kansas  
\$510,000  
General Obligation Bonds, Series 1998  
(General obligation bonds payable from  
unlimited ad valorem taxes)**

**Bond Sale Particulars**

Subject to the terms and conditions of the complete official notice of bond sale dated November 24, 1998, of Barber County, Kansas, in connection with the issuance of the county's General Obligation Bonds, Series 1998, as hereinafter described, sealed, written bids will be received at the office of the county clerk at the Barber County Courthouse, 120 E. Washington, Medicine Lodge, KS 67104, until 10 a.m. Monday, December 7, 1998, for the purchase of the bonds. All bids will be publicly opened, read aloud and tabulated on said date and at said time and will thereafter be immediately considered and acted upon by the governing body of the county.

No oral or auction bids for the bonds will be considered, and no bids for less than the entire series of bonds will be considered.

Bids will be accepted only on the official bid form that has been prepared for the public bidding on these bonds, which may be obtained from the county clerk. Bids may be submitted by mail or delivered in person, and must be received at the place and not later than the date and time herein specified. Each bid must be accompanied by a good faith deposit in the form of a qualified financial surety bond or certified or cashier's check drawn on a bank located within the United States, each made payable to the order of the county and in an amount equal to 2 percent of the principal amount of the bonds.

**Details of the Bonds**

The aggregate principal amount of the bonds is \$510,000. The bonds will be dated as of December 1, 1998, and will be issued as fully registered bonds in the denomination of \$5,000 or integral multiples in excess thereof not exceeding the principal amount of bonds maturing in any year. The bonds will bear interest, payable as hereinafter set forth, at the rates specified by the successful bidder for the bonds. Certain of the bonds are subject to redemption prior to their maturities as provided in the complete official notice of bond sale.

Interest on the bonds will be payable semiannually on April 1 and October 1 in each year, commencing April 1, 2000, and the bonds will mature serially on October 1 in each of the years and principal amounts as follows:

Principal Amount	Maturity Date
\$55,000	2000
55,000	2001
50,000	2002

**Payment of Principal and Interest**

The Kansas State Treasurer will serve as the bond registrar and paying agent for the bonds, and the principal of the bonds will be payable upon surrender at the paying agent's principal office in the City of Topeka, Kansas. Interest will be paid by the mailing of a check or draft of the paying agent to the registered owners of the bonds.

**Security for the Bonds**

The bonds and the interest thereon will constitute general obligations of the county, and the full faith, credit and resources of the county will be pledged to the payment thereof. The county is obligated to levy ad valorem taxes without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the county for the purpose of paying the bonds and the interest thereon.

**Delivery of the Bonds**

The bonds, duly printed, executed and registered, will be furnished and delivered at the expense of the county to the successful bidder, or at its direction, on or before December 22, 1998, at such bank or trust company or other qualified depository in the State of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. Delivery elsewhere will be made at the expense of the successful bidder.

**Legal Opinion**

The bonds will be sold subject to the legal opinion of Jonathan P. Small, Chartered, Topeka, Kansas, bond counsel, whose fees will be paid by the county. Bond counsel's approving legal opinion as to the validity of the bonds will be printed on the bonds and delivered to the successful bidder upon delivery of the bonds. (Reference is made to the official notice of bond sale for a discussion of tax exemption and other legal matters.)

**Financial Matters**

The county's 1998 equalized assessed tangible valuation for computation of bonded debt limitations is \$53,534,542. The county does not have any outstanding general obligation bonded indebtedness as of the date hereof, but will have upon issuance of the bonds an amount of \$510,000.

**Additional Information**

For additional information regarding the county, the bonds and the public sale, interested parties are invited to request copies of the complete official notice of bond sale and the official bid form, all of which may be obtained from the county clerk at the address and telephone number shown below.

Dated November 23, 1998.

**Notice of Bond Sale Cancellation  
Unified School District No. 501  
Shawnee County, Kansas (Topeka)  
\$30,000,000  
General Obligation Bonds  
Series 1998-B**

Unified School District No. 501, Shawnee County, Kansas (Topeka), is canceling its December 3, 1998, sale of general obligations as advertised in the November 19, 1998, issue of the Kansas Register. The district expects to reschedule the sale of the general obligation bonds to occur during January 1999.

Additional information regarding this matter may be obtained from the district's financial advisor, Piper Jaffray Inc., 4600 Madison Ave., Suite 1200, Kansas City, MO 64112, (800) 829-5377.

Dated November 19, 1998.

(Published in the Kansas Register November 26, 1998.)

**Summary Notice of Bond Sale  
City of Mulvane, Kansas  
\$172,333.46  
General Obligation Bonds, Series 1998-3  
(General obligation bonds payable from  
unlimited ad valorem taxes)**

**Sealed Bids**

Subject to the notice of bond sale dated November 16, 1998, sealed bids will be received on behalf of the governing body of the City of Mulvane, Kansas (the issuer), by the issuer's clerk at City Hall, 211 N. 2nd, Mulvane, KS 67110, or by the issuer's financial advisor, Ranson Municipal Consultants, L.L.C., 120 S. Market, Suite 200, Wichita, KS 67202, Attention: John Haas, until 5 p.m. December 7, 1998, for the purchase of \$172,333.46 principal amount of General Obligation Bonds, Series 1998-3. No bid of less than 100 percent of the principal amount of the bonds and accrued interest thereon to the date of delivery will be considered.

**Bond Details**

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof, except one bond in the denomination of \$2,333.46 (or such amount added to \$5,000 or integral multiple thereof). The bonds will be dated December 1, 1998, and will become due on September 1 in the years as follows:

Year	Principal Amount
2000	\$2,333.46
2001	10,000.00

2002	10,000.00
2003	10,000.00
2004	10,000.00
2005	10,000.00
2006	15,000.00
2007	15,000.00
2008	15,000.00
2009	15,000.00
2010	15,000.00
2011	15,000.00
2012	15,000.00
2013	15,000.00

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning March 1, 2000.

**Paying Agent and Bond Registrar**

Kansas State Treasurer, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$3,446.67 (2 percent of the principal amount of the bonds).

**Delivery**

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before December 30, 1998, at DTC for the account of the successful bidder or at such bank or trust company in the contiguous United States as may be specified by the successful bidder.

**Assessed Valuation and Indebtedness**

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1998 is \$22,733,039. The total general obligation indebtedness of the issuer as of the date of delivery of the bonds, including the bonds being sold but excluding temporary notes to be retired in conjunction therewith, is \$3,876,333.46.

**Approval of Bonds**

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder when the bonds are delivered.

**Additional Information**

Additional information regarding the bonds may be obtained from the city clerk, (316) 777-1143, fax (316) 777-4081, or from the financial advisor, (316) 269-2231.

Dated November 16, 1998.

# Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made Kansas Register binders are now available. These binders will attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. They are high quality, durable casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binders feature dark blue supported vinyl covering and gold imprinting.

**\$12 each, includes shipping and handling.**

(Kansas residents must include an additional \$.74 state and local sales tax.)
