### Wildlife and Parks Commission

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, October 28, at Perkins Restaurant, 2920 10th St., Great Bend, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. October 28 at the location listed above. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. October 29 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and

may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Cindy Baugh, commission secretary, at (316) 672-5911. Persons with a hearing impairment may call the TDD service at (800) 766-3777 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The administrative regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

**K.A.R. 115-5-2.** This regulation establishes requirements and general provisions concerning the possession and disposal of furbearers and coyotes. The proposed amendment would extend the time period for obtaining a tag allowing the sale or export of a bobcat or swift fox pelt from 48 hours to seven days.

**Economic Impact Summary:** The proposed amendment would provide more flexibility for furharvesters who wish to sell or export bobcat or swift fox pelts, and therefore may have some indirect positive economic impact for these individuals. Otherwise, no economic impact on the department, the public, or other agencies is anticipated.

**K.A.R. 115-8-6.** This regulation establishes certain fishing restrictions on department lands and waters. Currently, trot lines and set lines are prohibited at all state fishing lakes, as well as Crawford, Meade and Scott state parks. The primary amendment would prohibit the use of this equipment on all department-managed waters under 500 surface acres.

**Economic Impact Summary:** The proposed amendments would clarify law concerning the use of certain fishing equipment, and would not be anticipated to have an appreciable economic impact on the department, the public, or other agencies.

**K.A.R. 115-15-1.** This regulation designates species classified as threatened or endangered in Kansas. The proposed amendments would add the mucket (mussel) as an endangered species, downlist the bald eagle from endangered to threatened, and add the sharp hornsnail and the Topeka shiner as threatened species.

**Economic Impact Summary:** The economic impact of these proposed amendments is expected to be minimal due to a number of factors, including the current existence of other species in the same habitat that are already listed as threatened or endangered (concerning the mucket and sharp hornsnail), the fact that the listing ac-

tion would downlist the species from endangered to threatened (concerning the bald eagle), or the current listing status under federal law (concerning the Topeka shiner, which is now listed as a federally endangered species). To the extent the proposed amendments would lead to additional review of projects that would impact one of these species or its habitat, the economic impact would be anticipated to be small. State law requires a permit of such a project only if publicly funded or if a state or federal permit is already required. Of approximately 1000 to 1500 projects reviewed annually, only 20-30 require a permit, and less than 5 percent are required to perform additional mitigation. The proposed amendments would impose some cost on the department for the development and implementation of recovery plans for each listed species. However, the plans would be developed based on a priority list of all listed species. No other economic impact on the public or other state agencies is anticipated.

**K.A.R. 115-15-2.** This regulation designates species classified as species in need of conservation in Kansas (SINC species). SINC species do not receive the same level of protection as threatened or endangered species. The proposed amendments would add the Neosho midget crayfish and remove the Topeka shiner from the list of SINC species. (The Topeka shiner is also proposed to be listed as a threatened species in K.A.R. 115-15-1.)

**Economic Impact Summary:** Listing as a SINC species provides no special protection or permit requirements other than a prohibition on the intentional taking of such species. Therefore, the proposed amendments would not be anticipated to have an economic impact on the public or other state agencies. Adding a new SINC species would create some cost to the department for the development of a recovery plan for that species.

**K.A.R. 115-25-14.** This regulation establishes statewide limits and open seasons for fishing in Kansas, including a list of waters requiring a trout permit for specific seasons. The proposed amendment would add to that list the Solomon River between Webster Reservoir Rooks County #2 Road.

**Economic Impact Summary:** The proposed amendment may create some additional revenue to the department through the sale of additional trout permits, but such revenue is anticipated to be very small, and is difficult to estimate. No other economic impact on the public, the department, or other agencies is anticipated.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at 9 a.m. Friday, November 5, in the French Quarter meeting room at the Holiday Inn-West, 605 S.W. Fairlawn Road, Topeka, to consider the adoption of proposed changes in one existing rule and regulation of the Kansas Dental Board.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed changes to the rule and regulation. All parties may submit written comments prior to the hearing to the administrative director of the Kansas Dental Board, 3601 S.W. 29th, Suite 134, Topeka, 66614. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed changes to the rule and regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed changes to the regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Kansas Dental Board at (785) 273-0780. Handicapped parking is located in the front of the building, and the front entrance to the building is accessible to individuals with disabilities.

This amended regulation is proposed for adoption on a permanent basis. A summary of the regulation and its economic impact follows. Copies of the regulation and its economic impact statement may be obtained by contacting the Dental Board.

**K.A.R. 71-1-18.** This is an amendment to an existing regulation that changes the requirement for biological spore testing of sterilization units from weekly to after each six days of use, but not less than each month. This will permit dentists who have offices that are not open every week to reduce their cost for biological spore testing while maintaining an appropriate level of protection.

The amendment also identifies certain instruments and devices that must be bagged for sterilization and maintained in such bags until use. This requirement will assist in maintaining the sterilized condition of the instruments and devices during storage before use.

This regulation is not mandated by federal law as a requirement for participating in or implementing a federally subsidized or assisted program. This is not an environmental regulation.

system shall commence with the first day the employee commences work with the employer in a covered position as defined by K.S.A. 74-4902(13), and amendments thereto. (Authorized by K.S.A. 1997 Supp. 74-4909, as amended by L. 1998, ch. 64, §27; implementing K.S.A. 1997 Supp. 74-4911, as amended by L. 1998, ch. 201, §15; effective Jan. 1, 1966; amended Sept. 10, 1999.)

**80-1-2. Year of service before entry date; service defined.** For the purpose of determining membership in the system under K.S.A. 74-4911 (1) of the act, and amendments thereto, for an employee in employment on the employer's entry date, these definitions shall apply. (a) The word "service" as used in the "year of service" requirements shall mean all service for that employer before the employer's entry date; this service need not be continuous.

(b) After the entry date of the employer, "service" for this employee shall mean service in a covered position as defined by K.S.A. 74-4902(13), and amendments thereto, for that employer; this service shall be continuous.

However, when this employee becomes a member, the provisions of the act relating to the crediting of prior service and participating service shall apply. In the case of any employee whose combined public employment and military service does not equal one year at the time of the employee's return to employment, the date of membership shall be the first day of the payroll period coinciding with or following the completion of one combined (public employment and military service) year of service.

(b) Employees who enter the military service from their employment after the employer's entry date, who are eligible for crediting of military service pursuant to K.S.A. 74-4913(1)(b), and amendments thereto, and who have not completed one year of service at the time of their entry into the military service shall not become members of the retirement system until they return to the employment of a participating employer. (a) A certified public accountant may pay or accept a commission for the sale of services or products recommended or sold by the CPA to a client if the conditions of both paragraphs (a)(1) and (2) are met:

(1) The CPA or the CPA's firm does not perform any of the following for the client:

This prohibition shall apply during the period covered by any historical financial statement involved in the services listed in subsection (a).

(2) The certified public accountant who receives the commission complies with paragraph (a) (1) above and informs the client in writing, at the time the sale or recommendation is made, of the amount and reason for the commission.

This regulation shall not be construed to prohibit or require disclosure to clients concerning the sale of computer hardware or software.

(b) A certified public accountant may accept or pay a referral fee for the sale of services or products to a client if the following conditions are met:

(1) The CPA or the CPA's firm does not perform any of the following for the client:

(A) An audit or review of a financial statement;

(B) a compilation of a financial statement when the CPA expects, or reasonably might expect, that a third party will use the financial statement and the CPA's compilation report does not disclose a lack of independence;

(C) an examination of prospective financial information;

(D) services performed under the statement on standards for attestation engagements issued by the American institute of certified public accountants in the AICPA professional standards, as adopted by reference in K.A.R. 74-11-6;

This prohibition shall apply during the period in which the CPA or the CPA's firm is engaged to perform any of the services listed above and during the period covered by any historical financial statement involved in any of these listed services.

(2) The certified public accountant who receives the referral fee complies with paragraph (b) (1) above and informs the client in writing at the time the sale or recommendation is made of the amount and reason for the referral fee.

(3) The CPA who pays the referral fee complies with paragraph (b) (1) above and discloses to the client, in writing, within 30 days after the referral is made, the amount of and reason for the referral fee.

(c) This regulation shall not prohibit payments for the purchase of all, or a material part, of an accounting practice, or retirement payments to personnel formerly engaged in the practice of public accountancy, or payments to the heirs or estates of these persons.

(d) In the case of commissions or referral fees associated with transactions regulated by the investment advisor's act of 1940, state or federal agencies may require other additional registration or licensing. (Authorized by and implementing K.S.A. 1998 Supp. 1-202(c)(1); effective May 1, 1978; amended July 13, 1992; amended Jan. 12, 1996; amended Jan. 8, 1999; amended Sept. 10, 1999.)

**74-5-104. Contingent fees.** (a) A certified public accountant shall not offer or perform any professional services for a contingent fee, or receive a contingent fee from a client for whom the CPA or the CPA's firm performs or prepares any of the following:

(1) An audit or review of a financial statement;

(2) a compilation of a financial statement when the CPA expects, or reasonably might expect, that a third party will use the financial statement and the CPA's compilation report does not disclose a lack of independence;

(3) an examination of prospective financial information;

(4) services performed under the statement on standards for attestation engagements issued by the American institute of certified public accountants in the AICPA

professional standards, as adopted by reference in K.A.R. 74-11-6;

(5) any agreed-upon procedures, as defined by the AICPA professional standards, as adopted by reference in K.A.R. 74-11-6;

(6) preparation of an original or amended tax return or claim for a tax refund. Preparation of an original or amended tax return or claim for a tax refund shall include giving advice on events that have occurred at the time the advice is given if the advice is directly relevant to determining the existence, character, or amount of a schedule, entry, or other portion of a return or claim for refund.

(b) The prohibition in subsection (a) shall apply during the period covered by any historical financial statements involved in the services listed in subsection (a).

(c) A fee shall be considered to be determined based on the findings of governmental agencies if the CPA can demonstrate a reasonable expectation, at the time of a fee arrangement, of substantive consideration by an agency with respect to the CPA's client. This expectation shall be deemed not reasonable in the case of preparation of original tax returns.

(d) A fee shall not be considered contingent, and the work may be performed if any of the following conditions is met:

(1) A CPA represents a client in an examination by a revenue agent of the client's federal or state income tax return.

(2) A CPA files an amended federal or state income tax return claiming a tax refund based on a tax issue either that is the subject of a test case involving a different taxpayer or on which the taxing authority is developing a position.

(3) A CPA files an amended federal or state income tax return, or refund claim, claiming a tax refund in an amount greater than the threshold for review by the joint committee on internal revenue taxation, which was \$1 million in March 1991, or state taxing authority.

(4) A CPA requests a refund of either overpayments of interest or penalties charged to a client's account or deposits of taxes improperly accounted for by the federal or state taxing authority in circumstances in which the taxing authority has established procedures for the substantive review of these refund requests.

(5) A CPA requests, by means of "protest" or similar document, consideration by the state or local taxing authority of a reduction in the "assessed value" of property under an established taxing authority review process for hearing all taxpayer arguments relating to assessed value.

(6) A CPA represents a client in connection with obtaining a private letter ruling or influencing the drafting of a regulation or statute.

(e) A contingent fee shall not be permitted if a CPA prepares an amended federal or state income tax return for a client claiming a refund of taxes because a deduction was inadvertently omitted, rather than there being a question as to the propriety of the deduction, from the return originally filed.

(f) A CPA's fees may vary depending on the complexity of services rendered. (Authorized by and implementing K.S.A. 1998 Supp. 1-202(c)(1); effective May 1, 1978;

amended July 13, 1992; amended Jan. 8, 1999; amended Sept. 10, 1999.)

**74-5-202. Auditing standards.** A certified public accountant or a licensed municipal public accountant shall not permit the accountant's name to be associated with financial statements in such a way as to imply that the accountant is acting as an independent certified public accountant or licensed municipal public accountant with respect to the financial statements unless the accountant has complied with applicable, generally accepted auditing standards as interpreted by statements on auditing standards issued by the American institute of certified public accountants in the AICPA professional standards, as adopted by reference in K.A.R. 74-11-6, and the 1999 revised Kansas municipal audit guide prescribed by the municipal accounting section of the division of accounts and reports, department of administration. Any accountant who does not conform to those standards shall provide justification for this departure. (Authorized by and implementing K.S.A. 1998 Supp. 1-202(c)(1) and K.S.A. 75-1119(a); effective Jan. 1, 1966; amended Jan. 1, 1972; amended Jan. 1, 1974; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended May 22, 1989; amended Jan. 7, 1991; amended July 13, 1992; amended Aug. 23, 1993; amended Sept. 26, 1994; amended Jan. 12, 1996; amended Sept. 25, 1998; amended Sept. 10, 1999.)

**74-5-203. Accounting principles.** (a) Except as provided in subsection (b), a certified public accountant or a licensed municipal public accountant shall not express an opinion that financial statements are presented in conformity with generally accepted accounting principles if the financial statements depart from those accounting principles in any way that materially affects the financial statements as a whole.

(b) Any certified public accountant or licensed municipal public accountant may express an opinion described in subsection (a) if the accountant demonstrates that, due to unusual circumstances, the financial statement would otherwise be misleading. In such a case, the accountant's report shall describe the following:

(1) The departure;

(2) the approximate effects, if practicable; and

(3) the reasons why compliance with the principle would result in a misleading statement.

(c) For purposes of this regulation, "generally accepted accounting principles" shall be considered to be pronouncements issued by the financial accounting standards board in its general and industry standards publications as in effect June 1, 1999. (Authorized by and implementing K.S.A. 1998 Supp. 1-202(c)(1) and K.S.A. 75-1119(a); effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended May 22, 1989; amended Jan. 7, 1991; amended July 13, 1992; amended Aug. 23, 1993; amended Sept. 26, 1994; amended Jan. 12, 1996; amended Sept. 25, 1998; amended Sept. 10, 1999.)
