Department of Agriculture Notice of Hearing on Permanent Quarantine

The Kansas Department of Agriculture will conduct a public hearing at 2 p.m. Friday, January 21, to determine whether a Permanent Quarantine Order should be established prohibiting the movement of all plants, plant products and nursery stock, as defined by K.S.A. 2-2113 (d) and (e), from property located at 21650 Mission Road, Bucyrus, Kansas, the actual legal description of which is: The North one-half (N½) of the South 106.66 acres of the Northeast Quarter (NE¼) of Section 21, Township 15, Range 25, Miami County, Kansas, containing 53½ acres, more or less.

Any person who moves plants, plant products or nursery stock from the property would be in violation of the Permanent Quarantine Order, if established.

A nursery business known as Ridgeview Turf and Tree Farm, also known as Mission Road Sod Farm, is operated on this property. The plants, plant products and nursery stock on this property have been found to be infested with field bindweed; quackgrass, musk thistle, and Johnson grass, all of which are weeds that injure plants and plant products. The hearing will determine whether the infestation warrants a Permanent Quarantine Order. If established, the Permanent Quarantine Order would be in effect until such time as the plant pests have been adequately treated.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, March 16, at the Holiday Inn Express, 420 Parkview Drive, Pittsburg, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. March 16 at the location listed above. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. March 17 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for ac-

commodation should be made at least five working days in advance of the hearing by contacting Cindy Baugh, commission secretary, at (316) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regula-

tions.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The administrative regulations that will be heard during the regulatory hearing portion of the meeting are as

follows:

K.A.R. 115-4-6. This regulation establishes deer management units within the State of Kansas. The proposed amendments would rename the boundaries of two units, due to recent highway redesignations, and would eliminate sub-unit 12A, as it is no longer used as a sub-unit.

Economic Impact Summary: The proposed amendments are not anticipated to have any economic impact on the department, other agencies, or the public.

K.A.R. 115-18-16. This proposed new administrative regulation would provide authority to harvest light geese (defined as snow geese and Ross' geese) outside of regular hunting seasons, so long as the individual has all licenses and permits that would be required during a regular hunting season. The regulation allows the state to implement the Conservation Order of the U.S. Fish and Wildlife Service, intended to reduce the populations of light geese.

Economic Impact Summary: The proposed regulation, because it requires licenses and permits, may create some additional revenue for the department, although the sales of additional licenses and permits is expected to be minimal. The regulation may have some indirect, long-term positive economic impact on agricultural producers who experience crop depredation by light geese.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.
