Executive Order 00-05

Establishing the Lewis & Clark
Bicentennial Commission

WHEREAS, Meriwether Lewis and William Clark led their "Corps of Discovery" in search of a direct water passageway through Kansas and across the continent beginning on May 14, 1804; and

WHEREAS, the exploration of the Lewis and Clark Expedition was critical to the development of the western two-thirds of our Nation; and

WHEREAS, the Lewis and Clark Expedition traveled 8,000 miles and explored land that would eventually become eleven states; and

WHEREAS, the Lewis and Clark Expedition established at least eleven campsites in Kansas during their travels to and from the Northwest in 1804 and 1806; and

WHEREAS, one of the campsites, now in Atchison County, was the site of the first celebration of Independence Day in the new American West on July 4, 1804; and

WHEREAS, Doniphan, Leavenworth, and Wyandotte counties contain additional sites that mark the progress of this history-changing venture; and

WHEREAS, Kansas wants to participate with the Nation in recognizing the great achievements of Meriwether Lewis and William Clark and the Corps of Discovery;

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby establish the Kansas Lewis and Clark Bicentennial Commission. Members and a chairperson will be appointed by the Governor. The Commission will meet upon the call of the chairperson.

The Commission will review the travels of the Lewis and Clark Expedition through Kansas and the role the Expedition played in expanding our Nation. The Commission will make recommendations to the Governor on ways the State can pay tribute to Lewis and Clark and participate in the National Lewis and Clark Bicentennial Celebration. Public awareness campaigns, inclusion of recognition in education curricula, cooperation with national events, and enhancement of the Lewis and Clark Trail sites in Atchison, Doniphan, Leavenworth, and Wyandotte counties are appropriate roles to be considered by the Commission.

The provisions of Executive Order 00-05 shall expire no later than January 1, 2007.

This document shall be filed with the Secretary of State as Executive Order No. 00-05 and shall become effective immediately.

Dated March 28, 2000.

Behavioral Sciences Regulatory Board

Notice of Hearing on Proposed
Administrative Regulations

The Behavioral Sciences Regulatory Board will conduct a public hearing from 9 to 11 a.m. Tuesday, June 6, in the board conference room at 712 S. Kansas Ave., Topeka, to consider the adoption of proposed amended and new permanent rules and regulations for licensed master social workers (LMSW), licensed specialist clinical social workers (LSCSW), licensed professional counselors (LPC), licensed master's level psychologists (LMLP), and licensed marriage and family therapists (LMFT).

This 60-day notice of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Phyllis Gilmore, Executive Director, Behavioral Sciences Regulatory Board, 712 S. Kansas Ave., Topeka, 66603-3817. All interested parties will be given a reasonable opportunity to present their views orally during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Phyllis Gilmore at (785) 296-3240 or the Kansas Relay Center at 1-800-766-3777. There is designated accessible parking on Kansas

Ave., and the front entrance of the board office also is accessible.

A copy of the full text of each regulation and the economic impact statement may be reviewed or obtained at the board office. The board does not have a less costly or less intrusive method for achieving the stated purpose of each regulation, and there should be minimal or no fiscal impact to the agency or general public. A summary of the proposed regulations and their economic impact follows.

Social Work

In K.A.R. 102-2-1a, definitions are being amended to reflect statutory changes in the SW act.

Economic Impact: There is no economic impact from these amendments on the public, licensees or governmental entities.

In K.A.R. 102-2-2a, the application procedure for social workers has some technical changes.

Economic Impact: Because of changes in expiration dates and fee structure (not amounts) for social work applicants, there might be some negative economic impact for applicants.

In K.A.R. 102-2-3, there are some structural changes to the fees.

Economic Impact: There is some negative economic impact to social work licensees because of the structural changes. There is no increase in fees. There is no economic impact to the public or to governmental entities.

In K.A.R. 102-2-4a, continuing education units for social workers are being amended, to reflect statutory changes in the SW act.

Economic Impact: There is no negative economic impact from these amendments on the public, licensees or governmental entities. There could be a positive economic impact for licensees due to some of the changes not requiring attendance at seminars.

In K.A.R. 102-2-5, the documentation process related to reporting of continuing education units is simplified.

Economic Impact: There is no negative economic impact from these amendments on the public, licensees or governmental entities.

In K.A.R. 102-2-7, the unprofessional conduct code for social workers is modified and clarified.

Economic Impact: There is no negative economic impact from these amendments on the public, licensees or governmental entities.

In K.A.R. 102-2-8, supervision policies are being amended to reflect statutory changes in the SW act.

Economic Impact: There is no economic impact from these amendments on the public, licensees or governmental entities.

In K.A.R. 102-2-11, renewal and reinstatement policies are being amended for clarification.

Economic Impact: There is no economic impact from these amendments on the public, licensees or governmental entities.

In K.A.R. 102-2-12, clinical social work licensure requirements are being amended to reflect statutory changes in the SW act.

Economic Impact: Because of the statutory changes to the already existing postgraduate supervised experience

(continued)

requirements, applicants or their employing governmental or private agencies, there may be increased costs associated with a more rigorous period of supervision.

K.A.R. 102-2-13 is a new regulation related to a new statute requiring a licensee to consult with a physician when determining symptoms of mental disorders.

Economic Impact: The negative economic impact of this requirement could be considerable to either the patient, insurance, public or private, or other governmental agencies such as community mental health centers, and is unknown. This regulation is an effort to minimize the cost to the aforementioned entities.

K.A.R. 102-2-14 is a new regulation to define the referral source for use in the diagnosis and treatment of mental disorders as required by the 1999 Legislature.

Economic Impact: There is no economic impact from this regulation on the public, licensees or governmental entities.

Professional Counseling

In **K.A.R. 102-3-1a**, definitions are being amended to reflect statutory changes in the PC act.

Economic Impact: There is no economic impact from these amendments on the public, licensees or governmental entities.

In **K.A.R. 102-3-2**, there are some structural changes to the fees and the introduction of new fees related to the statutory introduction of a new clinical licensure level.

Economic Impact: There is some negative economic impact to professional counseling licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

In **K.A.R. 102-3-4a**, the application process for professional counselors is being amended to reflect statutory changes in the PC act.

Economic Impact: There is some negative economic impact to professional counseling licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

In **K.A.R. 102-3-5a**, changes are made related to examinations to reflect statutory changes in the PC act.

Economic Impact: There is some negative economic impact to professional counseling licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

In **K.A.R. 102-3-7a**, supervision policies are being amended to reflect statutory changes in the PC act.

Economic Impact: There is some negative economic impact to professional counseling licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

K.A.R. 102-3-14 is a new regulation related to a new statute requiring a licensee to consult with a physician when determining symptoms of mental disorders.

Economic Impact: The negative economic impact of this requirement could be considerable to either the patient, insurance, public or private, or other governmental

agencies such as community mental health centers, and is unknown. This regulation is an effort to minimize the cost to the aforementioned entities.

K.A.R. 102-3-15 is a new regulation to define the referral source for use in the diagnosis and treatment of mental disorders as required by the 1999 Legislature.

Economic Impact: There is no economic impact from this regulation on the public, licensees, or governmental entities.

Master's Level Psychology

In **K.A.R. 102-4-1a**, definitions are being amended to reflect statutory changes in the MLP act.

Economic Impact: There is no economic impact from these amendments on the public, licensees or governmental entities.

In **K.A.R. 102-4-2**, there are some structural changes to the fees and the introduction of new fees related to the statutory introduction of a new clinical licensure level.

Economic Impact: There is some negative economic impact to master level psychology licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

In **K.A.R. 102-4-4a**, the application process for master level psychologists is being amended to reflect statutory changes in the MLP act.

Economic Impact: There is some negative economic impact to master level psychology licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

In **K.A.R. 102-4-5a**, changes are made related to examinations to reflect statutory changes in the MLP act.

Economic Impact: There is some negative economic impact to master level psychology licensees because of these changes. However, it is anticipated that the increased viability of the upgraded credential will offset any direct out-of-pocket expenses.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, April 20, in the conference room in the offices of Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

Project No. 000447, Maximum Principal Amount: \$108,000. Owner/Operator: Leland and Jennifer Davidson. Description: Acquisition of 204 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the South Half of Section 33, Township 9 South, Range 1 East of the 6th P.M., except for a 40-acre tract, Clay County, Kansas, approximately .5 mile east of Oak Hill on 9th Road, then 1.75 miles south on Cherokee Road.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Any individual affected by the above-described project may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Request for Proposals

The Kansas Department of Transportation is seeking qualified firms or agencies for the research project listed below. Kansas is the lead state for a FHWA regional pooled fund consisting of 12 states and two industry representatives and will administer the contract. A signed cover letter with appropriate items addressed and 20 single bound copies of the proposal should be mailed to Richard L. McReynolds, P.E., Engineer of Research, KDOT, 2300 S.W. Van Buren, Topeka, 66611-1195. Responses must be received in Room 107 at the address above by 2 p.m. May 1 for the firm/agency to be considered.

From the satisfactory proposals received, the Technical Committee and the KDOT Consultant Selection Committee will select three to five of the most qualified firms. The KDOT Consultant Negotiating Committee, appointed by the Secretary of Transportation, will review their recommendation and select the firm or agency to perform the professional services required for completing the advertised project. After this selection, the remaining firms/agencies will be notified by letter of the outcome.

Please direct any questions about the project to Richard L. McReynolds at (785) 291-3841 or fax (785) 296-2526, or dick@ksdot.org.

Kansas Department of Transportation Slurry/Micro-Surface Mix Design Procedure Request for Proposal

The current procedures for slurry seal mix design and micro-surfacing all have their origins in the 1980s before the widespread use of micro-surfacing and the use of polymer modified emulsions in slurry seals. To date, these test methods and design procedures have been used because no newer test methods or mix design methods have been developed. Recent studies documented the problems associated with using the existing methods for micro-surfacing and suggest that comprehensive mix design and analysis procedures need to be developed.

The new procedures should establish the level of components in the mixture and the tests run must predict performance. The mix design(s) will establish emulsified asphalt residue ranges, total liquids and control additives necessary to achieve the parameters defined by the Technical Committee. Mineral filler content will be determined to achieve proper flow characteristics as well as setting and curing properties. Proper gradation of aggregates should address performance, traffic and thickness requirements.

Required Tasks:

Task 1. Perform a literature search to determine recent micro-surface mix design research and current research in progress worldwide, but especially in Europe and the United States. Contact industry associations and selected agencies to obtain test methods and procedures currently in use.

Task 2. Perform a feasibility study to define results needed and assess ability of existing tests to meet them. Determine the best test methods and procedures and

(continued)

whether research and development is needed to meet the needs as expected. Explore interrelationships between various components of a new mix design related to performance (individual and interactive). Prepare a work plan to accomplish research and procedural development. Include what test methods are available, which are valid, which need to be enhanced and which need to be developed and proven to obtain performance features.

Task 3. Implement the work plan by performing the research required to design equipment and test methods, and develop new or revised mix design procedures that were defined in Task 2 to predict performance.

Task 4. Submit an interim report that documents the entire research effort and plan and budget to accomplish tasks 5, 6 and 7. The report will provide the framework of the mix design process and preparation of draft test methods and procedures in AASHTO and ASTM formats.

Task 5. Plan and complete ruggedness testing of test equipment and procedures using accepted ASTM and AASHTO standards. Develop an implementation plan.

Task 6. Validate the mix design by designing and conducting round robins and identify pilot projects to conduct a field-testing program to evaluate test methods and procedures across a wide variety of materials and environmental conditions and locations.

Task 7. Prepare workshop and training materials. Submit a final report that documents work done in all tasks.

(Note: Tasks 1 and 2 results will be approved prior to notice to proceed on Tasks 3 and 4. Tasks 5, 6 and 7 are optional. Continuation will depend on findings from previous tasks and identification of additional funding.)

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality Class I operating permit. The Iola Municipal Power Plant #1 (City of Iola) has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 *et seq.* The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

The Iola Municipal Power Plant #1 (City of Iola) owns and operates a municipal power plant located at 54 West and River, Iola.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE Southeast District Office, 1500 W. 7th, Chanute, for a period of 45 days from the date of publication of this notice. To obtain or review the proposed permit and supporting documentation, contact Alan Brooks, (785) 296-6281, at the KDHE central office, or Lynelle Stranghoner, (316) 431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Alan Brooks, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received not later than the close of business May 22.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business May 22 in order for the Secretary of Health and Environment to consider the request.

The United States Environmental Protection Agency has a 45-day review period, until May 22, within which to object to the proposed Class I operating permit. If the

EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA within 60 days after the expiration of the 45-day review period to review the permit. Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th, Kansas City, KS 66101, (913) 551-7097, to determine when the 60-day petition period commences.

**Department of Commerce
and Housing****Notice Concerning the Comprehensive
Development Project Application Process**

For federal fiscal year 2000, the State of Kansas may award funds to one or more comprehensive development projects. Comprehensive development projects must be consistent with the United States Department of Housing and Urban Development (HUD) guidelines for a consolidated plan.

The Kansas Department of Commerce and Housing has established an open round to receive proposals for comprehensive projects. Technical assistance packages for FFY 2000 comprehensive development projects will be available at the Community Development Division workshops April 11 in Hays and April 13 in Emporia; at the Housing Development Division workshops June 6 in Parsons, June 13 in Salina and June 14 in Garden City; and thereafter. A public announcement will appear in the Kansas Register listing the exact times and locations, as well as who to contact for accommodations, regarding all listed workshops.

Application packages for comprehensive development projects will be available following technical assistance sessions with applicants. The application packages will include the application form (required narrative, budget, etc.) and other information to guide the applicants.

Comprehensive development projects will be awarded funds between July 1, 2000 and May 31, 2001, subject to the availability of funds.

If special accommodations are needed, contact the Kansas Department of Commerce and Housing at least five business days in advance of the meeting at (785) 296-2994, fax (785) 296-3665, or TTY (hearing impaired) (785) 296-3487.

Notice of Hearing

The Kansas Department of Health and Environment has prepared a draft Kansas Water Pollution Control Permit, M-AR94-0003, for a new wastewater treatment facility for the City of Wichita. The proposed permit also is public-noticed in this edition of the Kansas Register (Public Notice No. KS-00-078). Based upon significant public interest already shown concerning this project, a public hearing is being scheduled in conjunction with the public notice of the draft permit.

A public hearing on KDHE's intention to issue the draft permit has been scheduled for Wednesday, May 10, in the 4H Hall 'A' at the Sedgwick County Extension Education Center, 7001 W. 21st St. North, Wichita. The public hearing will start at 7 p.m. for the purpose of receiving comments from the public and will continue until all comments are received and the hearing is closed by the hearing officer. Comments may be provided in oral and/or written form. All interested parties will be given a reasonable opportunity to present their views orally during the hearing. If necessary, the hearing officer may place a time limit on oral presentations to assure all parties have an opportunity to be heard.

The proposed permit is based upon an average discharge flow of 2.0 MGD to the Cowskin Creek. This proposed wastewater treatment facility, the Northwest Sewage Treatment Plant No. 3, is a mechanical treatment plant. This plant will include an influent pump station, mechanical bar screen, mechanical grit removal, extended aeration-activated sludge treatment capable of biological nutrient removal, secondary clarification, tertiary filtration, ultraviolet disinfection and cascade re-aeration. The proposed wastewater treatment plant will discharge directly to Cowskin Creek or to a detention pond with subsequent discharge to Cowskin Creek. This proposed permit imposes water-quality based effluent limitations for biochemical oxygen demand, ammonia, chronic whole effluent toxicity and minimum dissolved oxygen. The limitations for total suspended solids and pH are based on standard secondary wastewater treatment requirements. The permit also requires monitoring for total phosphorus, total nitrogen, chlorides, heavy metals, priority pollutants and discharge flow. The chronic whole effluent toxicity and heavy metals testing will be required annually. A priority pollutant scan will be required to be performed at least once during the life of the permit.

Persons wishing to comment on the draft permit must submit written statements to the address below by May 10 or provide oral and/or written statements at the hearing. Comments provided to KDHE by May 10 or such later date as set by the hearing officer at the hearing will be considered by the Secretary of Health and Environment in making a final decision concerning this permit issuance.

Additional information can be obtained by contacting the permit clerk, Kansas Department of Health and Environment, Bureau of Water-TSS, Forbes Field, Building 283, Topeka, 66620, (785) 296-5519 or fax (785) 296-5509.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the draft permit in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the permit clerk.

Request for Comments

The Kansas Department of Health and Environment has received and reviewed an application for a construction/demolition (C/D) waste landfill permit from APAC-Kansas, Inc.—Shears Division. The C/D landfill is an existing landfill that was formerly permitted to Gladden Excavating. The legal description of the landfill is the NW¼, Section 1, Township 27 South, Range 25 West, Ford County. The total site area is approximately 10 acres with 6 acres for C/D waste disposal. At estimated disposal rates, the landfill is expected to operate for nine years. KDHE is providing public notice of its intent to issue a permit to APAC-Kansas, Inc.—Shears Division for the operation a C/D landfill.

A copy of the administrative record, which includes the draft permit and all information regarding this permit action, is available for public review until May 8 during normal business hours at the following locations:

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business May 22 in order for the Secretary of Health and Environment to consider the request.

The United States Environmental Protection Agency has a 45-day review period, until May 22, within which to object to the proposed Class I operating permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA within 60 days after the expiration of the 45-day review period to review the permit. Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, EPA, Region VII, Air Per-

mitting and Compliance Branch, 901 N. 5th, Kansas City, KS 66101, (913) 551-7097, to determine when the 60-day petition period commences.

State of Kansas

State Corporation Commission

Notice of Hearing on Proposed
Administrative Regulations

A public hearing on various administrative regulation adoptions will be conducted at 10 a.m. Friday, June 16, in the first floor hearing room of the State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka. Three of the regulations under consideration concern proposed revisions of the Kansas Gas Pipeline Safety Regulations, K.A.R. 82-11-4, 82-11-8 and 82-11-10.

The proposed changes to these regulations are comprised largely of technical corrections, clarification and updates of adoptions of federal regulations, including the drug and alcohol testing requirements of 49 C.F.R. Part 199 and the Minimum Federal Pipeline Safety Standards found in 49 C.F.R. Part 192. In particular, the adoption by reference of 49 C.F.R. Part 192 has been updated to the current 1999 federal regulation. One significant change to the regulations is the adoption of 49 C.F.R. Part 192 Subpart N. This federal regulation, promulgated in August 1999, requires operators of natural gas systems to establish a qualification program for their employees that perform certain tasks dealing with operations and maintenance functions.

Since compliance with the significant revisions in the regulations is already mandated by federal law, state adoption of the proposed regulations will not have a significant impact on any other governmental agency, private entity including natural gas companies, any private citizen or consumer of natural gas.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing, to Paula Lentz, Assistant General Counsel, State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, 66604. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Copies of the regulations and the economic impact statement may be obtained by contacting Ruth Moses at (785) 271-3165.

Any person requiring accommodations under the Americans With Disabilities Act should give notice to the Commission at least 10 days prior to the hearing date.

State Corporation Commission

Notice of Hearing on Proposed
Administrative Regulations

A public hearing on various administrative regulation adoptions will be conducted at 10 a.m. Friday, June 16, in the first floor hearing room of the State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka. One of the regulations under consideration concerns proposed revisions of the Kansas Motor Carrier Regulation, K.A.R. 82-4-3.

The proposed revisions to K.A.R. 82-4-3 are being simultaneously proposed on a temporary and a permanent basis. The public hearing will address only the permanent version of this regulation. The proposed revisions will revise the definitions that limit the scope of application of the previously adopted federal regulation regarding hours of service exemptions for agricultural transport by motor carriers during planting and harvest seasons. The revisions will allow motor carriers to transport fertilizer, animal waste used as fertilizer, anhydrous ammonia and pesticides under the hours of service exemption. The revisions also expand the defined planting and harvest seasons to year-round application. The revisions further remove the misstated term "viticulture" from the definition of "agricultural commodities." Finally, the revisions remove "federal highway administration" and "office of motor carriers" from the regulation, since all pertinent federal motor carrier regulations are now ultimately under the control of the United States Department of Transportation.

No significant economic impact on other governmental agencies is anticipated.

Regarding the economic impact on private entities or individuals, a positive economic impact is anticipated for new motor carriers falling within the broadened exemption for two principal reasons: First, they will not face attorneys fees or penalty assessments for commission actions with regard to violations; and second, they will be able to run more loads within the exemption, increasing revenues without fear of reprimand.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Paula Lentz, Assistant General Counsel, State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, 66604. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

Copies of the regulation and the economic impact statement may be obtained by contacting Vicki Berg at (785) 271-3225.

Any person requiring accommodations under the Americans With Disabilities Act should give notice to the commission at least 10 days prior to the hearing date.

Department of Health
and EnvironmentNotice Concerning Kansas
Water Pollution Control Permits

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below. The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Regulations

Article 6.—CONTINUING EDUCATION

117-6-3. Education; obtaining course approval. (a)

To request board approval of a course to meet any education requirement of the act or portion of it, for each course the sponsor shall perform the following:

(1) Appoint a coordinator, who shall monitor the course and assure compliance with the appropriate statutes and regulations;

(2) submit all information required by the board for course approval at least 60 days before the first scheduled class session, including the following:

(A) A completed application for course registration on a form prescribed by the board;

(B) the procedure for maintaining attendance records;

(C) the proposed dates and times of the course offering;

(D) the total amount of the attendance fee;

(E) the total number of class sessions and the length of time per session;

(F) the total hours in the course and the number of credit hours requested;

(G) if approval of the course is requested pursuant to K.A.R. 117-2-1, 117-3-1, or 117-4-1, the amount of time allotted to the required examination;

(H) a course syllabus, including a detailed course outline and course objectives;

(I) an instructor resume, demonstrating that the instructor meets the qualifications in relation to knowledge of the subject matter and ability to teach;

(J) the methods of instruction or teaching techniques to be used in the course;

(K) a copy of any textbook or manual that will be used;

(L) a copy of all handout materials that will be used; and

(M) the course approval fee prescribed by K.A.R. 117-7-1.

(b) For continuing education purposes, each instructor shall demonstrate knowledge of the subject matter as demonstrated by either of the following:

(1) A college degree in an academic area related to the course; or

(2) at least three years of experience in the subject area directly related to the course.

(c) For prelicensing education or qualifying education purposes, pursuant to 117-2-1, 117-3-1, and 117-4-1, each instructor shall demonstrate knowledge of the subject matter as indicated by the following:

(1) Possessing a current appraiser license or certification pursuant to K.S.A. 58-4109(a)(1), (2), or (3), and amendments thereto; or

(2) holding a current appraiser's license or certification issued by another state; or

(3)(A) Providing evidence of completion of all the required courses pursuant to 117-2-1, 117-3-1, or 117-4-1 within the past five years; and

(B) providing an appraisal log sheet that shows the equivalent of two years of appraiser experience within the past five calendar years in the subject area related to the course. One thousand hours shall constitute one year of appraisal experience.

(d) For purposes of continuing education or prelicensing education on the "uniform standards of professional appraisal practice," the only course that will be accepted by the board for either prelicensing or continuing education shall be the national "uniform standards of professional appraisal practice" course that has been developed by the appraisal foundation. Each instructor shall demonstrate knowledge of the subject matter as indicated by the following:

(1) Attending and passing a 15-classroom-hour, board-approved "uniform standards of professional appraisal practice" course within the previous three years; and

(2)(A) Possessing a current appraiser license or certification issued pursuant to K.S.A. 58-4109(a)(1), (2), or (3), and amendments thereto, or by another state; or

(B) providing evidence of completion of all the required courses pursuant to 117-2-1, 117-3-1, or 117-4-1 within the past five calendar years.

(e) For prelicensing education or qualifying education purposes, pursuant to 117-2-1, 117-3-1, and 117-4-1, the ability to teach effectively shall be demonstrated by one of the following:

(1) Within the preceding two years, completing a board-approved program for instructors that is designed to develop the ability to communicate;

(2) holding a current teaching certificate issued by any state department of education or an equivalent agency;

(3) holding a four-year undergraduate degree in education; or

(4) having experience teaching in schools, seminars, or in an equivalent setting.

(f) Each instructor shall perform the following:

(1) Comply with all laws and regulations pertaining to appraiser continuing education;

(2) provide students with the most current and accurate information. For the "uniform standards of professional appraisal practice" course and "updates of uniform standards of professional appraisal practice" courses, the instructor shall permanently furnish each student with the current edition of the uniform standards of professional appraisal practice as promulgated by the appraisal standards board of the appraisal foundation;

(3) maintain an atmosphere conducive to learning in a classroom; and

(4) provide assistance to the students and respond to questions relating to course material.

(g) Course approvals shall expire on June 30 of each year. By May 1 a notification that includes the necessary forms shall be sent by the board informing each sponsor that an application for renewal is necessary. Course renewal applications and necessary forms shall be received by the board before October 1, or the course approvals shall not be renewed.

(h) The sponsor shall not advertise a course as approved unless written approval has been granted by the board.

(i) The sponsor shall conduct each course in a classroom or other facility that is adequate to comfortably accommodate the number of students enrolled.

(j) Each sponsor shall maintain, for at least five years, accurate records relating to course offerings, instructors, and student attendance. If a sponsor ceases operations, the coordinator appointed under paragraph (a)(1) above shall be responsible for maintaining the records or providing a custodian acceptable to the board.

(k) Each sponsor shall provide each student with a certificate of completion on a form prescribed by the board within seven days of the date the student completes the course. The sponsor may require payment of course tuition as a condition for completing the course. (Authorized by and implementing K.S.A. 58-4105; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 3, 1996; amended Jan. 9, 1998; amended Nov. 30, 1998; amended April 21, 2000.)

Article 8.—UNIFORM STANDARDS OF PROFESSIONAL APPRAISAL PRACTICE

117-8-1. Uniform standards of professional appraisal practice. The 2000 edition of the uniform standards of professional appraisal practice, as promulgated by the appraisal standards board of the appraisal foundation, copyrighted and in effect on January 1, 2000, is hereby adopted by reference. (Authorized by K.S.A. 58-4105; implementing K.S.A. 58-4105 and K.S.A. 58-4121; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended May 24, 1993; amended Feb. 6, 1995; amended May 3, 1996; amended Jan. 9, 1998; amended, T-117-3-6-98, March 6, 1998; amended Aug. 14, 1998; amended July 16, 1999; amended April 21, 2000.)

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$6,100 (2 percent of the principal amount of the bonds).

Delivery

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or about May 15, 2000, to DTC for the account of the successful bidder or at such bank or trust company in the contiguous United States as may be specified by the successful bidder, or elsewhere at the expense of the successful bidder.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1999 is \$7,893,244. The total general obligation indebtedness of the issuer as of the date of delivery of the bonds, including the bonds being sold, is \$1,010,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the clerk, (785) 434-2841, fax (785) 434-4727.

Summary Notice of Bond Sale

City of McCracken, Kansas

\$160,000

General Obligation Water System Bonds

(General obligation bonds payable from unlimited ad valorem taxes)

Details of the Sale

Subject to the terms and conditions of the complete official notice of bond sale dated as of April 6, 2000, of the City of McCracken, Kansas, in connection with the city's General Obligation Water System Bonds, Series 2000, hereinafter described, sealed, written bids shall be received at the office of the city clerk at City Hall, P.O. Box 5, McCracken, KS 67556, until 7 p.m. Monday, April 17, 2000, for the purchase of the bonds. All bids shall be publicly opened, read aloud and tabulated on said date and at said time and shall thereafter be immediately considered and acted upon by the city.

No oral or auction bids for the bonds shall be considered, and no bids for less than the entire amount of the bonds shall be considered.

Bids shall be accepted only on the official bid form that has been prepared for the public bidding on these bonds, which may be obtained from the city clerk or the city's financial advisor. Bids may be submitted by mail or delivered in person, and must be received at the place and not later than the date and time hereinbefore specified. Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check drawn on a bank located within the United States and made payable to the order of the city, or in the form of a financial surety bond payable to the order of the city and meeting requirements therefor as set forth in the official notice of bond sale, and shall be in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds to be sold are in the aggregate principal amount of \$160,000, and shall bear a dated date of May 1, 2000. The bonds shall be issued as fully registered bonds in the denomination of \$5,000, or any integral multiple thereof not exceeding the principal amount of the bonds maturing in any year. The bonds shall bear interest, payable as hereinafter set forth, at the rates specified by the successful bidder for the bonds. Certain of the bonds are subject to redemption prior to their respective maturities as set forth in the official notice of bond sale.

Interest on the bonds shall be payable semiannually on May 1 and November of each year, commencing May 1, 2001 and the bonds shall mature serially on November 1 in each of the years and principal amounts as follows:

Redemption of Bonds

Certain of the bonds are subject to optional redemption prior to their maturities as set forth in the official notice of bond sale. (Reference is made to the official notice of bond sale for complete details regarding redemption of the bonds.)

Payment of Principal and Interest

The Kansas State Treasurer shall serve as the bond registrar and paying agent for the bonds; and the principal of the bonds shall be paid upon surrender at the paying agent's principal offices in the City of Topeka, Kansas. Interest shall be paid by the mailing of a check or draft of the paying agent to the registered owners of the bonds.

Security for the Bonds

The bonds and the interest thereon constitute general obligations of the city, and the full faith, credit and resources of the city will be pledged to the payment thereof. The bonds shall be payable as to both the principal of and the interest thereon from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city.

Delivery of the Bonds

The bonds, duly printed, executed and registered, shall be furnished and delivered at the expense of the city to the successful bidder, or at its direction, on or before May 11, 2000, at such bank or trust company or other qualified depository in the State of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. Delivery elsewhere shall be made at the expense of the successful bidder.

Legal Opinion

The bonds will be sold subject to the legal opinion of Hinkle Elkouri Law Firm L.L.C., Wichita, Kansas, bond counsel, whose fees will be paid by the city. Bond counsel's approving legal opinion as to the validity of the bonds will be printed on the bonds and delivered to the successful bidder upon delivery of the bonds. (Reference

is made to the official notice of bond sale for a discussion of tax exemption and other legal matters.)

Financial Matters

The city's current equalized assessed tangible valuation is as follows:

Assessed Valuation of Taxable Tangible Property	\$513,214
Taxable Value of Motor Vehicles	146,323
Assessed Tangible Valuation for Computation of Bonded Debt Limitations	\$659,537

K.S.A. 10-308 provides that the authorized and outstanding bonded indebtedness of any city shall not exceed 30 percent of the assessed valuation of the city. As of May 1, 2000, the city's gross outstanding debt is \$160,000. The total indebtedness, after statutory adjustments, as of May 1, 2000 is \$ -0-, which is 0.00 percent of the assessed valuation of the city.

Official Statement

The city has prepared a preliminary official statement relating to the bonds, copies of which may be obtained from the city or the city's financial advisor. The preliminary official statement is in a form "deemed final" by the city for the purpose of Securities and Exchange Commission Rule 15c2-12(b)(1), but is subject to revision, amendment and completion in the final official statement. Upon the sale of the bonds, the city shall furnish the successful bidder with a reasonable number of copies of the final official statement, without additional cost, upon request. Copies of the final official statement in excess of a reasonable number may be ordered by the successful bidder at its expense.

Continuing Disclosure

Securities and Exchange Commission Rule 15c2-12, as amended effective July 3, 1995, provides that brokers, dealers and municipal securities dealers must comply with certain requirements before acting as an underwriter in a primary offering of municipal securities with an aggregate principal amount of \$1,000,000 or more.

The bonds described herein will be offered in a primary offering with an aggregate principal amount of less than \$1,000,000. Accordingly, in the opinion of bond counsel, the offering and sale of the bonds described herein does not constitute an offering as defined by the rule, and the requirements of the rule do not apply to brokers, dealers and municipal securities dealers acting as underwriters in connection with the bonds described herein.

Additional Information

For additional information regarding the city, the bonds and the public sale, interested parties are invited to request copies of the complete official notice of bond sale and the official bid form and the city's preliminary official statement for the bonds, all of which may be obtained from the city clerk at the address and telephone number shown below or from the city's financial advisor, Jerry Rayl, J. I, Ron Thornburgh, Secretary of State of the State of Kansas, do hereby certify that each of the following bills is a correct copy of the original enrolled bill now on file in my office.

Ron Thornburgh
Secretary of State

(Published in the Kansas Register April 6, 2000.)

SENATE BILL No. 472

AN ACT concerning crimes and punishment; relating to violations of condition of release by conviction of new misdemeanor; amending K.S.A. 1999 Supp. 75-5217 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1999 Supp. 75-5217 is hereby amended to read as follows: 75-5217. (a) At any time during release on parole, conditional release or postrelease supervision, the secretary of corrections may issue a warrant for the arrest of a released inmate for violation of any of the conditions of release, or a notice to appear to answer to a charge of violation. Such notice shall be served personally upon the released inmate. The warrant shall authorize any law enforcement officer to arrest and deliver the released inmate to a place as provided by subsection (4) (g). Any parole officer may arrest such released inmate without a warrant, or may deputize any other officer with power of arrest to do so by giving such officer a written arrest and detain order setting forth that the released inmate, in the judgment of the parole officer, has violated the conditions of the inmate's release. The written arrest and detain order delivered with the released inmate by the arresting officer to the official in charge of the institution or place to which the released inmate is brought for detention shall be sufficient warrant for detaining the inmate. After making an arrest the parole officer shall present to the detaining authorities a similar arrest and detain order and statement of the circumstances of violation. Pending a hearing, as provided in this section, upon any charge of violation the released inmate shall remain incarcerated in the institution or place to which the inmate is taken for detention.

(b) Upon such arrest and detention, the parole officer shall notify the secretary of corrections, or the secretary's designee, within five days and shall submit in writing a report showing in what manner the released inmate had violated the conditions of release. After such notification is given to the secretary of corrections, or upon an arrest by warrant as herein provided, and the finding of probable cause pursuant to procedures established by the secretary of a violation of the released inmate's conditions of release, the secretary shall cause the released inmate to be brought before the Kansas parole board, its designee or designees, for a hearing on the violation charged, under such rules and regulations as the board may adopt. It is within the discretion of the Kansas parole board whether such hearing requires the released inmate to appear personally before the board when such inmate's violation results from a conviction for a new felony or misdemeanor. An offender under determinative sentencing whose violation does not result from a conviction of a new felony or misdemeanor may waive the right to a final revocation hearing before the Kansas parole board under such conditions and terms as may be prescribed by rules and regulations promulgated by the Kansas parole board. Relevant written statements made under oath shall be admitted and considered by the Kansas parole board, its designee or designees, along with other evidence presented at the hearing. If the violation is established to the satisfaction of the Kansas parole board, the board may continue or revoke the parole or conditional release, or enter such other order as the board may see fit. The revocation of release of inmates who are on a specified period of postrelease supervision shall be for a six-month period of confinement from the date of the revocation hearing before the board or the effective date of waiver of such hearing by the offender pursuant to rules and regulations promulgated by the Kansas parole board, if the violation does not result from a conviction for a new felony or misdemeanor. Such period of confinement may be reduced by not more than three months based on the inmate's conduct, work and

program participating during the incarceration period. The reduction in the incarceration period shall be on an earned basis pursuant to rules and regulations adopted by the secretary of corrections.

(c) If the violation ~~does result~~ results from a conviction for a new felony or misdemeanor, upon revocation, the inmate shall serve the entire remaining balance of the period of postrelease supervision even if the new conviction did not result in the imposition of a new term of imprisonment.

(d) *If the violation results from a conviction for a new misdemeanor, upon revocation, the inmate shall serve a period of confinement, to be determined by the Kansas parole board, which shall not exceed the remaining balance of the period of postrelease supervision.*

(e) In the event the released inmate reaches conditional release date as provided by K.S.A. 22-3718 and amendments thereto after a finding of probable cause, pursuant to procedures established by the secretary of corrections of a violation of the released inmate's conditions of release, but prior to a hearing before the Kansas parole board, the secretary of corrections shall be authorized to detain the inmate until the hearing by the Kansas parole board. The secretary shall then enforce the order issued by the Kansas parole board.

(~~e~~) (f) If the secretary of corrections issues a warrant for the arrest of a released inmate for violation of any of the conditions of release and the released inmate is subsequently arrested in the state of Kansas, either pursuant to the warrant issued by the secretary of corrections or for any other reason, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the secretary's warrant to the date of the released inmate's arrest.

If a released inmate for whom a warrant has been issued by the secretary of corrections for violation of the conditions of release is subsequently arrested in another state, and the released inmate has been authorized as a condition of such inmate's release to reside in or travel to the state in which the released inmate was arrested, and the released inmate has not absconded from supervision, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the warrant to the date of the released inmate's arrest. If the released inmate for whom a warrant has been issued by the secretary of corrections for violation of the conditions of release is subsequently arrested in another state for reasons other than the secretary's warrant and the released inmate does not have authorization to be in the other state or if authorized to be in the other state has been charged by the secretary with having absconded from supervision, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the warrant by the secretary to the date the released inmate is first available to be returned to the state of Kansas. If the released inmate for whom a warrant has been issued by the secretary of corrections for violation of a condition of release is subsequently arrested in another state pursuant only to the secretary's warrant, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the secretary's warrant to the date of the released inmate's arrest, regardless of whether the released inmate's presence in the other state was authorized or the released inmate had absconded from supervision.

The secretary may issue a warrant for the arrest of a released inmate for violation of any of the conditions of release and may direct that all reasonable means to serve the warrant and detain such released inmate be employed including but not limited to notifying the federal bureau of investigation of such violation and issuance of warrant and requesting from the federal bureau of investigation any pertinent information it may possess concerning the whereabouts of the released inmate.

(~~f~~) (g) Law enforcement officers shall execute warrants issued by the secretary of corrections pursuant to subsection (a) or (~~d~~) (e), and shall deliver the inmate named in the warrant to the jail used by the county where the inmate is arrested unless some other place is designated by the secretary, in the same manner as for the execution of any arrest warrant.

(~~g~~) (h) For the purposes of this section, an inmate or released inmate is an individual under the supervision of the secretary of corrections, including, but not limited to, an individual on parole, conditional release, postrelease supervision, probation granted by another state or an individual supervised under any interstate compact in accordance with the provisions of the uniform act for out-of-state parolee supervision, K.S.A. 22-4101 et seq. and amendments thereto.

Sec. 2. K.S.A. 1999 Supp. 75-5217 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

SENATE BILL No. 426

AN ACT relating to apportioned fleet registration; concerning permanent registration of utility trailers; amending K.S.A. 8-1,119 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 8-1,119 is hereby amended to read as follows: 8-1,119. The division shall provide for the registration of *and the issuance of license plates for utility trailers for periods of five (5) years, but in accordance with the provisions of this section. License plates issued under this section shall be permanent in nature and designed in such a manner as to remain with the utility trailer for the duration of the life span of the trailer or until the trailer is deleted from the owner's fleet. Such license plates shall be distinctive and there shall be no year date thereon. Trailers registered under the provisions of this section shall be issued a permanent registration cab card for the duration of the life span of the trailer or until the trailer is deleted from the owner's fleet. License plates issued under this section shall not be transferable to any other utility trailer. The division shall require the payment of all fees imposed pursuant to this act as though such trailers were registered annually. Every application for the registration of utility trailers shall be accompanied by a total fee payment equal to the amount obtained by applying the proportion of such trailers operated in this state to the total trailers in the fleet, to the fees which would otherwise be required for total fleet registration in this state plus the amount of fees required by this act for the issuance of identification devices for the vehicles in the fleet. The director shall require every owner of utility trailers registered pursuant to this act to file an annual statement each year during the period of registration, providing such information as the director deems necessary to determine the amount of fees owed for such year. If, in any year subsequent to the first year of a registration period, the number of trailers operated within this state increases, the director shall require the owner thereof to register such additional trailers for the remainder of the registration period. The director may at any time cancel the registration of any or all of the vehicles within a fleet of utility trailers for nonpayment of fees or for failure to file or provide information required pursuant to this act.*

Sec. 2. K.S.A. 8-1,119 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the index to the 1997 Volumes of the *Kansas Administrative Regulations* and the 1999 Supplement to the *Kansas Administrative Regulations*.

Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made Kansas Register binders are now available. These binders will attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. They are high quality, durable casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binders feature dark blue supported vinyl covering and gold imprinting.

\$12 each, includes shipping and handling.

(Kansas residents must include an additional \$.82 state and local sales tax.)
