Notice of Hearings

The Kansas Department of Transportation will conduct a series of public hearings to seek public input on lane miles that may be removed from the state highway system as a part of KDOT's System Enhancement Program. Under the program's guidelines, project sponsors may agree to take over responsibility for sections of highway as one way to receive "extra credit" points on their system enhancement project application. If the project is selected for system enhancement funding, the sections then lose their state route designation and are no longer the responsibility of KDOT. This happens only *after* the system enhancement project for which the miles were submitted is completed and open to traffic.

The hearings will focus solely on removing miles from the state highway system and not on the merits of the proposed system enhancement projects. KDOT personnel will not make any presentations. The purpose of the public hearings will be to listen to public input, both pro and con, regarding potential routes that may be removed from the state highway system as a result of the System Enhancement Program.

The times and locations for the hearings are as follows:

Note: Routes listed indicate where lane miles might be removed, not the System Enhancement Project.

State of Kansas

Office of the Governor

Message to the Senate of the State of Kansas:

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Substitute for Senate Bill No. 326 with my signature approving the bill, except for the item enumerated below.

Agricultural Remediation

Section 76 has been line-item vetoed in its entirety.

Although a provision of SB 501 created the Kansas Agricultural Remediation Board (KARB) to implement the Remediation Reimbursement Program, the bill did not specifically address whether the board would be a separate agency or operate under a current state agency. This board should be operated and budgeted through the Department of Agriculture. I do not wish to add to the bureaucracy of the state by adding an agency that could easily be absorbed by the current administration. I therefore find it necessary to veto this section that would make KARB a separate state agency, and I recommend that this appropriation be made instead with the Department of Agriculture.

Dated April 20, 2000.

Bill Graves
Governor
