**Department of Administration
Division of Architectural Services**

**Notice of Commencement of
Negotiations for Architectural Services**

Notice is hereby given of the commencement of negotiations for architectural services for the J Cellhouse Renovation at the Topeka Correctional Facility. The project will include the renovation of J Cellhouse and the MBA building. J Cellhouse is an existing three-story lock-down cellhouse that will be converted into open dormitory housing. The renovation will include new mechanical, electrical and plumbing systems. Windows, fire escapes and interior finishes also will be replaced.

The MBA building renovation may vary depending on the new use and space layout. The estimated construction cost of both buildings is \$1,473,000; construction is scheduled to start in March 2001.

For information regarding the scope of services, contact Mike Gaito, Director of Capital Improvements, Department of Corrections, (785) 296-0883.

If interested, an original and six copies (seven total) of the SF 255 form (plus relevant attachments of information regarding similar projects) should be submitted. These submittals should be concise, relevant to the project and follow the State Building Advisory Commission guidelines for submittal. Copies of the guidelines have previously been distributed to firms; if copies of the guidelines are required, contact Gary Grimes, Division of Architectural Services, 1020 S. Kansas Ave., Topeka, 66612-1311, (785) 296-8899. Submittals not complying with the guidelines will be returned without consideration.

Expressions of interest and the SF 255 submittals should be received by Gary Grimes before 5 p.m. June 2.

Attorney General

Notice of Available Grant Funding

Grant funds are available from the Federal Victims of Crime Act (VOCA) for the federal year of October 1, 2000 through September 30, 2001. The purpose of this grant program is to fund public and private not-for-profit agencies providing direct assistance to crime victims. For the purposes of this grant program, a crime victim is a person who has suffered physical, sexual and emotional harm as a result of the commission of a crime. Direct services are defined as efforts that (1) respond to the emotional and physical needs of crime victims; (2) assist primary and secondary victims of crime to stabilize their lives after a victimization; (3) assist victims to understand and participate in the criminal justice system; and (4) provide victims of crime with a measure of safety such as boarding up windows and replacing or repairing locks, etc.

Priority shall be given to victims of sexual assault, spousal abuse and child abuse; thus, a minimum of 10 percent of each federal fiscal year grant (30 percent total) will be allocated to each of these categories of crime victims. An additional 10 percent of each VOCA grant will be allocated to victims of violent crime (other than "priority" category victims) who were "previously underser-

ved." VOCA crime victim assistance grant funds can be used to enhance or expand services and cannot be used to supplant state and local funds that would otherwise be available for crime victim services.

There is a match requirement of a minimum of 20 percent cash or in-kind match of the total VOCA grant project (VOCA grant award plus match). The exception is the subgrantees that are Native American tribes/organizations located on reservations. Whether new or existing, their match requirement is 5 percent cash or in-kind match of the total VOCA grant project (VOCA grant award plus match).

Grant applications may be obtained by contacting the office of the Kansas Attorney General, 2nd Floor, Memorial Hall, 120 S.W. 10th Ave., Topeka, 66612-1597, (785) 368-7063 or (800) 828-9745. Applications also may be accessed via the Internet at www.ink.org/public/ksag. This is to obtain a printed copy only. Applications cannot be submitted on-line.

All grant applications are to be postmarked by Monday, June 26. No applications will be accepted after that date.

Carla J. Stovall

Notice of Commencement of
Negotiations for Architectural Services

Notice is hereby given of the commencement of negotiations for architectural services for the design and construction administration for a new laundry building at the Topeka Correctional Facility. The project will be the construction of a 16,000 square foot metal building. This contract will be for the building shell at this time. The building will need loading dock access, overhead doors, main doors and windows. Site utilities also will need to be extended to the building. The estimated construction cost is \$540,000.

For information regarding the scope of services, contact Mike Gaito, Director of Capital Improvements, Department of Corrections, (785) 296-0883.

If interested, an original and six copies (seven total) of the SF 255 form (plus relevant attachments of information regarding similar projects) should be submitted. These submittals should be concise, relevant to the project and follow the State Building Advisory Commission guidelines for submittal. Copies of the guidelines have previously been distributed to firms; if copies of the guidelines are required, contact Gary Grimes, Division of Architectural Services, 1020 S. Kansas Ave., Topeka, 66612-1311, (785) 296-8899. Submittals not complying with the guidelines will be returned without consideration.

Expressions of interest and the SF 255 submittals should be received by Gary Grimes before 5 p.m. June 2.

Advisory Committee on Trauma

Notice of Meeting

The Advisory Committee on Trauma will meet from 10 a.m. to 3 p.m. Wednesday, May 31, at the Kansas Medical Society, 623 S.W. 10th Ave., Topeka. The meeting will begin with an open meeting to provide opportunity for interested persons and organizations to comment on issues to be addressed in the State Trauma Plan being developed by the advisory committee and the Department of Health and Environment.

Persons who wish to present at the meeting are requested to notify Robin Evans at the number below and to provide a written copy of their comments at the meeting. Time for presentations will be limited depending on the number of persons requesting to present. It is anticipated that a one-hour lunch will take place beginning at noon. For further information, contact the KDHE Office of Local and Rural Health, (785) 296-1227.

State Corporation Commission

Notice of Hearing

The State Corporation Commission will conduct a public hearing at 10 a.m. Thursday, July 13, in the commission hearing room, 1500 S.W. Arrowhead Road, Topeka, to consider amendments to Paragraph 6D and E of Appendix B (order dated July 22, 1971) to the Panoma Council Grove basic proration order. The commission is seeking evidence and comment on amending said paragraphs to delete the requirement of cementing the casing through the Hugoton and Council Grove Formations presently required by Paragraph D. In its place, the commission is considering a requirement that drilling mud of sufficient weight to protect the formations be substituted and utilized.

Anyone wishing to testify at the hearing shall prefile testimony by June 23. The original and four copies shall be filed at the commission's Wichita office, Room 2078, Finney State Office Building, 130 S. Market, Wichita, 67202. Commission staff may prefile testimony by July 3.

Persons requiring special accommodations under the Americans With Disabilities Act needs to give notice to the commission at least 10 days prior to the scheduled hearing date.

Further information may be obtained by contacting John McCannon, Assistant General Counsel, at the address above, (316) 337-6200.

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:30 a.m. Wednesday, May 24, in the offices of the Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue not to exceed \$50,000,000 principal amount of Health Facilities Revenue Bonds, Series 2000, for the Sisters of Charity of Leavenworth Health Services Corporation, a Kansas not-for-profit corporation. The bonds will be issued in one or more series pursuant to K.S.A. 74-8901 *et seq.* as part of a plan of finance to provide the corporation with a portion of the funds necessary to (i) pay or reimburse the corporation for the payment of the "costs" of acquiring, constructing, renovating, remodeling and equipping a facility operated by Bethany Medical Center, a Kansas not-for-profit corporation, (ii) pay or reimburse the corporation, Bethany, Saint John Hospital, Inc., a Kansas not-for-profit corporation, St. Francis Hospital and Medical Center, Inc., a Kansas not-for-profit corporation, and Providence Medical Center, a Kansas not-for-profit corporation, with Bethany, St. Francis and Saint John (referred to herein as the institutions) for the payment of the "costs" of acquiring, constructing, renovating, remodeling and equipping certain hospital and other health care facilities owned by the corporation and the institutions, (iii) pay or reimburse the corporation or the institutions for the "costs" of acquiring, constructing, renovating, remodeling and equipping an information system center for use by the corporation, the institutions and certain other affiliated corporations in their hospital and health care activities, and (iv) pay certain expenses incurred in connection with the issuance of the bonds.

All of the improvements financed or refinanced by the bonds are owned, operated or managed by the corporation or the institutions, and are or will be located on land owned or leased by the corporation or the institutions, at the following locations:

(i) 1700 S.W. 7th; 708-710, 1511, 1925, 2001, 3500, 5800 S.W. 6th; 634, 701 S.W. Mulvane; 635 S.W. College Ave.; 631 S.W. Horne; 2835 S.W. Mission Woods Dr.; 6730 S.W. Mission View; 6730 S.W. 29th; and 3164 S.E. 6th, all located in Topeka, Shawnee County, Kansas;

(ii) 223 Maple St., Overbrook, Osage County, Kansas;

(iii) 7210 K-4 Hwy., Suite D, Meriden, Jefferson County, Kansas;

(iv) 403 Sycamore St., Valley Falls, Jefferson County, Kansas;

(v) 4th St. & Winchester St., Winchester, Jefferson County, Kansas;

(vi) 306 Lafayette, Nortonville, Jefferson County, Kansas;

(vii) 8909, 8919 and 8929 Parallel Parkway; 1350 N. 98th St.; Hwy. 7 & State Ave.; 5830-5834 Parallel Ave.; 155 S. 18th St.; 726 Minnesota Ave.; 728-730 Minnesota Ave.; 825 N. Seventh St.; and 516 N. Sixth St., all located in Kansas City, Wyandotte County, Kansas;

(viii) 3500 S. Fourth St., Leavenworth, Leavenworth County, Kansas;

(ix) 7255 Renner Road; and 15144 W. 65th St., Shawnee, Johnson County, Kansas;

(x) 2000-2026 Orchard St., Edwardsville, Wyandotte County, Kansas;

(xi) K-10 & Eudora Exit, Eudora, Douglas County, Kansas;

(xii) the Southwest corner of 87th St. & Renner Blvd.; 79th St. & Quivira Road; College Blvd. & Renner Blvd.; College Blvd. & Lackman Road; 9900 Renner Blvd.; 107th St. & Renner Blvd.; 95th St. & Renner Blvd.; 10730 W. 84th Terr.; 8455 Lenexa Dr.; 15405 College Blvd.; and 15200 Santa Fe Trail Dr., all located in Lenexa, Johnson County, Kansas;

(xiii) 111th St. & Greenwood St.; the Southwest corner of College Blvd. & K-7; K-10 & Cedar Creek Pkwy., all located in Olathe, Johnson County, Kansas;

(xiv) 143rd St. & Metcalf Ave.; the Southeast corner of Interstate 35 & College Blvd.; the Southeast corner of 107th St. & Nall Ave.; 130th St. & Metcalf Ave.; 119th St. & Indian Creek Pkwy.; 11225 College Blvd., 10881 Lowell Ave.; 10740 Nall Ave.; 7500 College Blvd.; 7450 W. 130th St.; 7200 132nd St.; 13220 Metcalf Ave.; 13200 Metcalf Ave.; and 12960 Foster, all located in Overland Park, Johnson County, Kansas;

(xv) Town Center & Nall Ave.; Interstate 435 & State Line Road; 8700 State Line Road; the Southwest Quadrant of Interstate 435 & State Line Road on Overbrook Road; and 11400 Tomahawk Creek Pkwy., all located in Leawood, Johnson County, Kansas; and

(xvi) 4210-4220 Shawnee Mission Pkwy., Fairway, Johnson County, Kansas.

The bonds, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bonds will be payable solely from amounts received from the corporation, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the project described above may be obtained by contacting the Authority.

Doc. No. 025204

State of Kansas

**Department of Health
and Environment****Notice of Review of Administrative Regulations**

As required by Executive Order 00-3, the Kansas Department of Health and Environment is conducting a comprehensive review of all of the agency's rules and regulations. The purpose of the review is to identify all rules and regulations that are outdated, redundant, overbroad, ineffective or otherwise undesirable, and to revoke or modify those rules and regulations. Each regulation will be evaluated according to the following criteria:

1. **Need.** Is the rule necessary to comply with the statutes that authorize it? Is the rule obsolete, duplicative or ambiguous to the point that it warrants repeal or revision? Is the rule broader than necessary to accomplish its purpose or objective?
2. **Clarity.** Is the rule written and organized in a clear and concise manner so it can be readily understood by those to whom it applies?
3. **Cost.** Do the benefits of the rule exceed the costs of the rule?
4. **Fairness.** Does the rule result in equitable treatment of those required to comply with it and those affected by the rule in other ways?
5. **Effectiveness.** Has the rule been effective in achieving the purpose for which it was established?

KDHE invites public participation in this review process. Any interested person may submit written comments regarding any KDHE regulation to Dennis Highberger, Agency Rules Administrator, Kansas Department of Health and Environment, Suite 200, Capitol Tower, 400 S.W. 8th Ave., Topeka, 66603-3930, or by e-mail to dhighber@kdhe.state.ks.us. Comments should be submitted not later than June 19, and each comment should indicate by number the regulation or regulations to which it pertains. Any questions about the review process should be directed to Dennis Highberger at the address above.

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Packaging Products Corporation has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 for installation and operation of a new printing press. Emissions of volatile organic compounds (VOCs) were evaluated during the permit review process.

Packaging Products Corporation owns and operates the stationary source located at 6800 W. 61st St., Mission, at which the printing press is to be installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the Johnson County Environmental Department, 11180 Thompson Ave., Lenexa. To obtain or review the proposed permit and supporting documentation, contact David A. Peter, (785) 296-1615, at the KDHE central office, or Mike Boothe, (913) 492-0402, at the Johnson County Environmental Department. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to David A. Peter, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business June 19.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business June 19 in order for the Secretary of Health and Environment to consider the request.

Doc. No. 025194

State of Kansas

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment has received and reviewed an application from John Levin for a construction/demolition (C/D) landfill permit in Shawnee County. The landfill would be located in the SW¼ of the NE¼, Section 36, Township 16S, Range 11E, east of Goodell Road and north of the confluence of the Kansas River and Shunganunga Creek. The landfill would only be used for disposal of C/D waste. The site area is approximately 3.69 acres, and the area used for disposal would be approximately 1 acre. KDHE is giving public notice of its intent to issue a C/D landfill permit to John Levin.

A copy of the administrative record, which includes the draft permit and all information regarding this permit action, is available for public review through June 20, during normal business hours, at the Kansas Department of Health and Environment, Bureau of Waste Management, Permits Section, Forbes Field, Building 740, Topeka, 66620, Contact: Phil Rosewicz, (785) 296-1594.

Anyone wishing to comment on the draft permit information should submit written statements postmarked not later than June 20 to Phil Rosewicz. An informational meeting and public hearing will be held in conjunction with the public comment period Monday, June 19, in Conference Room A at the Kansas Department of Health and Environment, Building 740, Forbes Field, Topeka. The informational meeting will begin at 3:30 p.m. At the informational meeting, individuals can ask KDHE personnel questions regarding the C/D landfill in an informal setting. At 4 p.m., immediately following the informational meeting, a public hearing will be held. The hearing provides a format for individuals to make formal comments, which will be recorded by KDHE. KDHE will subsequently respond in writing to all formal comments made at the hearing and to all written comments received during the public comment period.

All comments received during this public comment period shall become a part of the permit record and shall be considered in making a final decision on the proposed permit action. After consideration of all comments received, KDHE will make a final decision on whether to issue the proposed permit. Notice of the decision will be given to anyone who submitted written comments during the comment period and to those who requested notice of the final permit decision.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Hay & Forage Industries has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to install a new paint system. Emissions of volatile organic compounds (VOCs) and hazardous air pollutants (HAPs) were evaluated during the permit review process.

Hay & Forage Industries owns and operates the stationary source located at 420 W. Lincoln Blvd., Hesston, at which the two-part urethane paint system is to be installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE South Central District Office, 130 S. Market, sixth floor, Wichita. To obtain or review the proposed permit and supporting documentation, contact Rasha Allen, (785) 296-1693, at the KDHE central office, or Dave Butler, (316) 337-6020, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Rasha Allen, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business June 19.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business June 19 in order for the Secretary of Health and Environment to consider the request.

Public Notice

The U.S. Environmental Protection Agency—Region 7 and the Kansas Department of Health and Environment are announcing that they intend to approve a Class 3 Resource Conservation and Recovery Act (RCRA) permit modification requested by the Ash Grove Cement Company located in Chanute.

The facility initially obtained interim status in May 1986 as an existing marketer/burner that stored hazardous waste in tanks and was assigned the EPA identification number KSD031203318. Ash Grove later added a hazardous waste container storage area as allowed under 40 CFR 270.72, changes allowed during interim status. In August 1991, the facility obtained interim status for the existing cement kilns under the provisions of the Boiler and Industrial Furnace (BIF) Rule. On August 15, 1996, the EPA and KDHE jointly issued a permit addressing all of the hazardous waste activities at the facility.

On June 29, 1999, Ash Grove Cement Company requested a Class 3 permit modification to replace the existing cement kilns with a new pre-heater/pre-calciner cement kiln and to replace an existing container storage building in-kind with a new container storage building closer to the new cement kiln. In addition, the facility requested temporary authorization to begin construction of the new cement kiln and the new container storage building while the permit modification was under review. In accordance with the provisions of 40 CFR 270.42(e), on October 1, 1999, temporary authorization was granted by the EPA for construction of the new cement kiln and by KDHE for construction of the new container storage building. The temporary authorizations expired after 180 days and upon request by Ash Grove were reissued for a second 180-day period while the EPA and KDHE completed review of the permit modification documents. The final temporary authorizations will expire September 25, 2000.

The Boiler and Industrial Furnace Rule (BIF), promulgated under RCRA in 1991, imposed strict controls on facilities that use hazardous waste-derived fuel as an alternative energy source. The material burned at the facility includes ignitable, toxic, and listed liquid or solid hazardous wastes, which are fuel blended for use in firing the facility's cement kilns. Under the original 1996 permit, Ash Grove was authorized to burn hazardous waste subject to requirements, such as limitations on hazardous waste burning rates, burning temperatures and air pollution control device operation. Appeals of the final 1996 permit were filed by Ash Grove and a coalition of petitioners, including Rollins Environmental Services, Inc. Most issues presented in the appeals focused on the EPA's risk assessment. Petitioners challenged the risk assessment process and the region's decisions on permit conditions, based upon results of the risk assessment.

The permit appeals were reviewed by the EPA's Environmental Appeals Board, Washington, D.C. The board ordered a remand of the permit limits for mercury and

thallium and the permit conditions requiring environmental monitoring of those substances. Because of the board's action, the EPA is required to re-open and to re-propose those particular sections of the permit. EPA Region 7 was directed to re-open the permit proceedings to provide explanation of how the permit's mercury and thallium feed rate limits protect human health and the environment, and to provide explanation of authority to include environmental monitoring of mercury and thallium. Permit appeals and the board's ruling are included in the administrative record.

EPA Region 7 is reproposing permit conditions for annual average feed rate limits for mercury and thallium for the existing cement kilns. The requirement to conduct environmental monitoring is not proposed for inclusion in the permit. The EPA has re-evaluated the risks of mercury and thallium emissions for the most sensitive exposure pathways for these metals. The EPA's re-evaluation supports the decision originally made by Region 7 to require annual average feed rate control of mercury and thallium. Because risks from the emissions of these metals can be controlled using annual average feed rate limits, requirements for environmental monitoring are no longer necessary.

On September 29, 1999, the EPA promulgated additional standards for hazardous waste burning cement kilns under the Clean Air Act. These standards, known as the Hazardous Waste Combustor NESHAP, will be applicable to the new cement kiln upon startup. Many of the new Hazardous Waste Combustor NESHAP operating standards supercede the RCRA BIF requirements; therefore, the EPA's portion of the draft modified permit (Part II) includes changes, where applicable, for these new regulations.

With respect to hazardous waste storage requirements, the total storage capacity of the facility will not change. KDHE's portion (Part I) of the permit was updated to reflect changes made at the facility since the permit was issued in 1996, as well as revisions necessary to facilitate the transition of requirements from the Part B application for the 1996 permit to the revised Part B application submitted for the Class 3 permit modification. Ash Grove will continue to be allowed to store up to 232,000 gallons of hazardous waste in tanks and 202,356 gallons in containers. Each container and tank management unit has secondary containment and complies with 40 CFR Part 264 Subpart I/J requirements for container and tank storage units.

Documents supporting the conditions and requirements set forth in this draft modified permit have been incorporated into the administrative record developed for this permit modification. State and federal hazardous waste laws require that the public be given a comment period of at least 45 days to review the administrative record for the draft modified permit prior to the regulatory agencies taking a final action to issue or deny a modified permit. The purpose of having a public comment period is to ensure that interested parties have the opportunity to evaluate the conditions specified in the draft modified permit and to provide their input into the permit decision making process.

(continued)

A 45-day public comment period has been established for this permitting action, beginning May 18 and ending July 6. The administrative record includes the draft modified permit, fact sheet, revised Part A and B permit applications, and other relevant documents that the EPA and KDHE used in developing the draft modified permit. The administrative record is available for public review at the following locations:

Kansas Department of Health and Environment
Building 740, Forbes Field
Topeka, 66620-0001
Contact: Curtis Lesslie
(785) 296-6562
E-mail: clesslie@kdhe.state.ks.us

U.S. Environmental Protection Agency
Region 7 - Air, RCRA, and Toxics Division
901 N. 5th
Kansas City, KS 66101
Contact: Ken Herstowski
(913) 551-7631
E-mail: Herstowski.Ken@epa.gov

City of Chanute Public Library
111 N. Lincoln St.
Chanute, 66720
Contact: Susan Willis
(316) 431-3820

A formal public hearing will be held, in conjunction with the 45-day public comment period, at 7 p.m. June 20 at the Neosho County Community College, Sanders Hall Auditorium, 1000 S. Allen, Chanute. All interested and concerned citizens are invited to attend and participate in the public hearing. EPA and KDHE representatives will be available from 4 to 6 p.m. to informally discuss any questions or concerns related to the draft modified permit before the formal public hearing.

Anyone wishing to comment on the draft modified permit, revised Part B application or Trial Burn Plan & Comprehensive Performance Test Plan should submit written statements postmarked not later than July 6 to Curtis Lesslie (KDHE) or Ken Herstowski (EPA) at the addresses listed above.

At the end of the public comment period, the KDHE secretary and the EPA Region 7 director of Air, RCRA and Toxics Division shall make a final decision on the draft modified permit. In making the final decision, the KDHE secretary and the EPA director will take into consideration all written comments received during the public comment period, all verbal comments made at the public hearing, and all KDHE/EPA hazardous waste rules, regulations and hazardous waste permitting policies. Notice of the final decision will be sent to the applicant and to all who submitted written comments or requested notice of the final decision. If none of the comments received during the public comment period results in revision(s) to the draft modified permit, the permit will become effective immediately upon its issuance. If comments received during the public comment period result in revision(s), the draft modified permit will become effective 30 days after service of the notice of the final decision or at a later date, if a review is requested pursuant to 40 CFR 124.19.

Appeal of the EPA and KDHE decision to grant or deny the permit modification must be made within 30 days of issuance of the final decision. Any person who filed comments on the draft modified permit or participated in the public hearing may seek appeal of the permit decision. Any person who failed to file comments or failed to participate in the public hearing may appeal only to the extent of any changes from the draft to the final permit decision. Procedures for appealing the permit decision may be found in 40 CFR Part 124.

and Environment

Doc. No. 025207

State of Kansas

Department of Health and Environment

Notice of Meeting

A public meeting will be held by the Kansas Department of Health and Environment, as lead agency for Part C of the Individuals with Disabilities Education Act (IDEA). The purpose of this meeting is to receive comments from the public on the revisions to the May 1998 *Procedure Manual for Infant-Toddler Services in Kansas*. The manual has been revised to conform to new federal regulations regarding the administration of Part C of IDEA in Kansas.

The public meeting will be held from 10 a.m. to noon Friday, June 9, via ITV at the following locations: Kansas State-Salina Technology Center, Room TC113C, 2409 Scanlan Ave., Salina; Olathe South High School, Room 124, 1640 E. 151st St., Olathe; Saint Catherine's Hospital, Classroom One, 410 E. Walnut, Garden City; Northwest Kansas Area Health Education Center, 217 E. 32nd, Hays; Parsons State Hospital, KUAP Media Services, Videoconference Room, 2601 Gabriel, Parsons; Kansas State Board of Education, ITV/Board Room, 120 S.E. 10th Ave., Topeka; and University of Kansas School of Medicine, Women's Resource Center, Room 1310 - The Wichita Room, 1010 N. Kansas, Wichita.

Copies of the draft revision pages to the May 1998 procedure manual are available for review in public libraries in the following cities: Colby (Pioneer Memorial), Concordia (Frank Carlson), Dodge City, Emporia, Garden City, Great Bend, Hays, Hiawatha, Hutchinson, Kansas City, Kansas (main library), Lawrence, Leavenworth, Manhattan, Parsons, Salina, Topeka and Wichita (central library).

Public comments are welcome at the meeting or in writing by July 10. Written comments should be sent to Carolyn Nelson, Coordinator, Infant-Toddler Services, Kansas Department of Health and Environment, Room 1053, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1220.

Notice Concerning Kansas
Water Pollution Control Permits

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below.

The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Public Notice No. KS-AG-00-116/120
Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Milk Palace Dairy PO Box 1306 Syracuse, KS 67878	E/2 of Section 11 T26S, R43W, Hamilton County	Cimarron River Basin

Kansas Permit No. A-CIHM-D004 Federal Permit No. KS-0095702
This is a new facility for 5,000 head (7,000 animal units) of dairy cattle.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: Permeability tests shall be conducted on the earthen retention structures after the soil liner(s) have been compacted. Copies of the tests shall be submitted to the KDHE Southwest District office within 30 days of testing. The approved waste management plan shall be adhered to as a condition of the permit.

Dewatering equipment shall be obtained within three months after the issuance of the permit.

Name and Address of Applicant	Legal Description	Receiving Water
Doug Cossman Route 2, PO Box 52 Jetmore, KS 67854	SW/4 of Section 1 T23S, T24W, Hodgeman County	Upper Arkansas River Basin

Kansas Permit No. A-UAHG-B009

This is a new permit for an existing facility for 400 head (400 animal units) of cattle weighing more than 700 pounds and 400 head (200 animal units) of cattle weighing less than 700 pounds.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: The approved waste utilization and manure/waste management plans shall be adhered to as a condition of the permit. Permeability tests shall be conducted on the proposed lagoon after the soil liners have been compacted. Copies of the tests shall be submitted to the KDHE Southwest District office.

Name and Address of Applicant	Legal Description	Receiving Water
Hurtig Farm 1268 Cloud Road Delphos, KS 67436	SE/4 of Section 31 T8S, R3W, Cloud County	Solomon River Basin

Kansas Permit No. A-SOCD-B001

This is a permit renewal for an existing facility for a 400 head (400 animal units) of cattle.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: A livestock waste management plan for the facility shall be developed and submitted to the department for approval by August 1, 2000. Dewatering equipment shall be obtained by August 1, 2000, and written verification of the acquisition submitted to the department.

Name and Address of Applicant	Legal Description	Receiving Water
Robert Becker Route 1 Cawker City, KS 67430	NE/4 of Section 6 T8S, R10W, Mitchell County	Solomon River Basin

Kansas Permit No. A-SOMC-B008

This is a permit renewal of an existing facility for 400 head (200 animal units) of cattle.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: Existing controls meet KDHE requirements.

Name and Address of Applicant	Legal Description	Receiving Water
Wolf Brothers Farms Bruce Wolf 365 3rd Road Longford, KS 67458	SE/4 of Section 5 T11S, R1E, Dickinson County	Smoky Hill River Basin

Kansas Permit No. A-SHDK-SO15

This is a permit renewal for an existing facility for a maximum of 857 head (342.8 animal units) of swine weighing over 55 pounds and 440 head (44 animal units) of swine weighing less than 55 pounds.

Wastewater Control Facilities: Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided which meets or exceeds KDHE minimum requirements.

Compliance Schedule: A livestock waste management plan for the facility shall be developed and submitted to the department by September 1, 2000. By November 1, 2000, the open lots west and south of the finishing units shall be eliminated from use for confined ani-

(continued)

mal feeding purposes and planted in a suitable nitrogen consuming crop.

Public Notice No. KS-00-103/104

Name and Address of Applicant	Waterway	Type of Discharge
Clifton, City of P.O. Box 86 Clifton, KS 66937	Republican River	Treated Domestic Wastewater

Kansas Permit No. M-LR06-0001 Federal Permit No. KS0048437
Legal: NE 1/4, S1, T6S, R1E, Clay County

Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility treating primarily domestic wastewater. The proposed permit includes limits for biochemical oxygen demand, total suspended solids, fecal coliform and pH. Monitoring for ammonia also will be required. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water quality based.

Name and Address of Applicant	Waterway	Type of Discharge
Havensville, City of P.O. Box 212 Havensville, KS 66432	Vermillion River via Spring Creek via Straight Creek	Treated Domestic Wastewater

Kansas Permit No. M-KS22-0001 Federal Permit No. KS0081523
Legal: SW 1/4, S21, T6S, R12E, Pottawatomie Co.

Facility Description: The proposed action is to reissue an existing permit for the operation of an existing wastewater treatment facility treating primarily domestic wastewater. The proposed permit includes limits for biochemical oxygen demand, total suspended solids and pH. Monitoring for ammonia and fecal coliform will be required annually. Included in this permit is a schedule of compliance requiring the permittee to obtain the services of a KDHE-certified wastewater treatment plant operator. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are technology based.

Public Notice No. KS-EG-00-004

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for the use of the well(s) described below within the State of Kansas:

Name and Address of Applicant
IMC Salt Inc.
P. O. Box 498
Lyons, KS 67554

Well and Permit Number	Location
H-110 KS-03-159-243	2124 feet from south line and 617 feet from east line of Section 15-20-8W, Rice County, Kansas (NE NE SE)
H-111 KS-03-159-244	2134 feet from south line and 893 feet from east line of Section 15-20-8W, Rice County, Kansas (NW NE SE)
H-112 KS-03-159-245	2119 feet from south line and 1217 feet from east line of Section 15-20-8W, Rice County, Kansas (NW NE SE)
H-113 KS-03-159-246	2126 feet from south line and 1517 feet from east line of Section 15-20-8W, Rice County, Kansas (NE NW SE)
H-114 KS-03-159-247	2123 feet from south line and 1817 feet from east line of Section 15-20-8W, Rice County, Kansas (NE NW SE)
H-115 KS-03-159-248	2121 feet from south line and 2117 feet from east line of Section 15-20-8W, Rice County, Kansas (NW NW SE)

Facility Description: The facility is a salt production plant. The injection fluids will consist of fresh water and weak brine.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Dena Endsley for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, J Street and 2 North, Forbes Field, Building 283, Topeka, 66620.

All comments regarding the draft permit or application notice postmarked or received on or before June 17 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-00-116/120, KS-00-103/104, KS-EG-00-004) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Northwest District Office, 2301 E. 13th, Hays, 67601-2651, (785) 625-5664

North Central District Office, 2501 Market Place, Salina, 67401-7699, (785) 827-9639

Northeast District Office, 800 W. 24th, Lawrence, 66046-4417, (785) 842-4600

Southwest District Office, 302 W. McArtor Road, Dodge City, 67801-6098, (316) 225-0596

South Central District Office, 130 S. Market, 6th Floor, Wichita, 67202-3802, (316) 337-6020

Southeast District Office, 1500 W. 7th, Chanute, 66720, (316) 431-2390

Plans and documents for all new facilities and for expansions of existing swine facilities also may be reviewed on the Internet at www.kdhe.state.ks.us.

For all other proposed permits, the draft permit(s), including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information, are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water.

Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays. These documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

Clyde D. Graeber

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding two proposed air quality permits. A&M Products Manufacturing Company has applied for a construction permit in accordance with the provisions of K.A.R. 28-19-300 and a Class II operating permit in accordance with the provisions of K.A.R. 28-19-540. Emissions of particulate matter (PM) and particulate matter equal to or less than 10 microns in diameter (PM₁₀) were evaluated during the permit review process. The purpose of a Class II permit is to limit the potential-to-emit for these pollutants to below major source thresholds.

A&M Products Manufacturing Company is located at 705 N. Lincoln, Spring Hill, at which the A&M Products Manufacturing Company produces cat litter and intends to increase the facility's overall production capacity. Pre-sized bentonite clay is delivered to the facility by railcar. The bentonite is mixed with other minor ingredients to produce cat litter. A&M Products Manufacturing Company intends to add new equipment and modify some of the existing equipment in order to increase production capacity.

A copy of the proposed permits, permit applications, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the Johnson County Environmental Department, 11180 Thompson Ave., Lenexa. To obtain or review the proposed permits and supporting documentation, contact Herbert Buckland, (785) 296-6438, at the KDHE central office, or Mike Boothe, (913) 492-0402, at the Johnson County Environmental Department. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permits to Herbert Buckland, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating a final permit decision, written comments must be received by the close of business June 19.

A person may request a public hearing be held on the proposed permits. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business June 19 in order for the Secretary of Health and Environment to consider the request.

Clyde D. Graeber
Secretary of Health
and Environment

Doc. No. 025206

State of Kansas

Kansas Lottery

Temporary Administrative
Regulations

Article 2.—LOTTERY RETAILERS

111-2-111. Pull-tab retailer sales incentive. In addition to the compensation specified in K.A.R. 111-2-4 and K.A.R. 111-2-6, for the period from May 1, 2000, through June 2, 2000, all Kansas lottery retailers certified to sell Kansas lottery pull-tabs, who purchase four cartons of any current 50 cent pull-tab games, shall receive a carton of a \$1.00 pull-tab game selected by the lottery at no additional charge. All pull-tab orders must be actually received by the lottery no later than 3:00 p.m., June 2, 2000. The retailer will be charged full price for the carton of \$1.00 pull-tab games if any of the 50 cent pull-tab games are returned to the lottery. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

Article 4.—INSTANT GAME RULES

RULES FOR INSTANT GAME NO. 18
"LUCKY SPOT"

111-4-1686. Name of game. The Kansas lottery shall conduct an instant winner lottery game entitled "Lucky Spot" commencing on or after March 27, 2000. The specific rules for the "Lucky Spot" game are contained in K.A.R. 111-3-1 *et seq.* and 111-4-1686 through 111-4-1689. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-3-31-00, March 17, 2000; amended, T-111-4-28-00, April 14, 2000.)

111-4-1687. Definitions. The following definitions shall apply to the "Lucky Spot" instant lottery game:

(a) "Game symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the game symbols are printed in black ink with matching captions. A game symbol appears in each of seven play spots within the play area. Each game symbol for this instant game is one of the following: \$1.00 - \$2.00 - \$3.00 - \$4.00 - \$5.00 - \$6.00 - \$7.00 - 10.00 - 12.00 - 15.00 - 35.00 - 50.00 - \$100\$ - \$500\$ - \$1000 - GOOD LUCK - MAYBE NEXT TIME - WIN ALL AMOUNTS.

(b) "Game symbol captions" are the words or portions of words, letters or numbers printed beneath each game symbol in the play area and are used to repeat or explain the game symbol. The game symbol caption associated with each game symbol is as follows:

Game Symbol	Game Symbol Caption
\$1.00	ONES\$
\$2.00	TWOS\$
\$3.00	THRS\$
\$4.00	FOURS\$
\$5.00	FIVES\$
\$6.00	SIX\$
\$7.00	SEV\$

(continued)

10. ⁰⁰	TEN\$
12. ⁰⁰	TWELVE
15. ⁰⁰	FIFTEEN
35. ⁰⁰	THTYFIV
50. ⁰⁰	FIFTY
\$100\$	ONE-HUN
\$500\$	FIV-HUN
\$1000	ONETHOU

GOOD LUCK

MAYBE NEXT TIME

WIN ALL AMOUNTS

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is an 11-digit number which appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the back of each instant game ticket both above the information form and below the bar code.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a three-letter code printed and appearing in three of eight varying locations among the game symbols. The codes and their meanings are as follows: ONE = \$1.⁰⁰; TWO = \$2.⁰⁰; THR = \$3.⁰⁰; FOR = \$4.⁰⁰; FIV = \$5.⁰⁰; SIX = \$6.⁰⁰; SEV = \$7.⁰⁰; TWL = \$12.⁰⁰; THF = \$35.⁰⁰; FTY = \$50.⁰⁰; HUN = \$100.⁰⁰; FHN = \$500.⁰⁰.

(f) "Bar code" means the 16-digit bar-coded number appearing on the back of each ticket. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-3-31-00; March 17, 2000; amended, T-111-4-28-00, April 14, 2000.)

111-4-1688. Determination of instant prize winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the two play areas to reveal the seven game symbols and captions. This is a match three of six game with a bonus spot. If three of the six concealed dollar amounts match, the player wins that amount. If a prize amount is revealed in the "LUCKY SPOT," the player wins that prize automatically. If "WIN ALL AMOUNTS" is revealed under the "LUCKY SPOT," the player wins all six prizes automatically. A player can win up to six prizes on this ticket. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-3-31-00, March 17, 2000; amended, T-111-4-28-00, April 14, 2000.)

111-4-1689. Number and value of instant prizes.
(a) There will be approximately 1,500,000 tickets ordered

initially for this instant game. The expected number and value of the instant prizes are as follows:

Match	Prizes	Expected Number of Prizes in Game	Expected Value in Game
3 \$1.00's	\$1	92,500	\$92,500
\$1 LUCKY SPOT	\$1	92,500	92,500
3 \$2.00's	\$2	31,000	62,000
\$2 LUCKY SPOT	\$2	31,000	62,000
3 \$3.00's	\$3	6,000	18,000
3 \$1.00's + \$2 LUCKY SPOT	\$3	6,000	18,000
3 \$4.00's	\$4	5,000	20,000
3 \$2.00's + \$2 LUCKY SPOT	\$4	5,000	20,000
3 \$5.00's	\$5	5,000	25,000
\$5 LUCKY SPOT	\$5	6,000	30,000
3 \$6.00's	\$6	4,000	24,000
\$6 LUCKY SPOT	\$6	4,000	24,000
3 \$7.00's	\$7	4,000	28,000
3 \$5.00's + 2 LUCKY SPOT	\$7	4,000	28,000
3 \$12.00's	\$12	2,000	24,000
\$1+\$1+\$2+\$2+\$3+\$3			
WIN ALL AMOUNTS	\$12	1,750	21,000
3 \$35.00's	\$35	1,750	61,250
\$10+\$10+\$7+\$5+\$2+\$1			
WIN ALL AMOUNTS	\$35	1,750	61,250
3 \$50.00's	\$50	875	43,750
\$15+\$10+\$10+\$7+\$5+\$3			
WIN ALL AMOUNTS	\$50	875	43,750
3 \$100's	\$100	255	25,500
3 \$500's	\$500	35	17,500
3 \$1,000's	\$1,000	10	10,000
		<u>305,300</u>	<u>\$852,000</u>

(b) The executive director may terminate the sale of tickets prior to the complete sale of all tickets. In this event, the number and value of prizes will be approximately proportional to the number of tickets actually sold. The odds of winning a prize in this game are one in 4.91.

(c) All prizes are subject to deductions provided by law.

(d) Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets and the same odds as were contained in the initial ticket order. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-3-31-00, March 17, 2000; amended, T-111-4-28-00, April 14, 2000.)

RULES FOR INSTANT GAME NO. 19 "BONUS CROSSWORD"

111-4-1699. Name of game. The Kansas lottery shall conduct an instant winner lottery game entitled "Bonus Crossword" commencing on or after April 24, 2000. The specific rules for the "Bonus Crossword" game are contained in K.A.R. 111-3-1 *et seq.* and 111-4-1699 through 111-4-1703. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1700. Definitions. The following definitions shall apply to the "Bonus Crossword" instant lottery game:

(a) "Play symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the play symbols are printed in black ink. A play symbol appears in each of the 18 play spots within the "YOUR LETTERS" game play area and two play spots within the "BONUS" game play area. Each play symbol for this instant game is one

of the following: A - B - C - D - E - F - G - H - I - J - K - L - M - N - O - P - Q - R - S - T - U - V - W - X - Y - Z.

(b) "Play symbol captions" are the words or portions of words, letters or numbers printed beneath each game symbol in the play area and are used to repeat or explain the play symbol. There are no "play symbol captions" for the "play symbols" in "BONUS CROSSWORD."

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is an 11-digit number which appears below the game symbols under the latex covering in the play area on the front of each instant ticket.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 149. The book-ticket number is printed in black ink on the back of each instant game ticket both below the information form and below the bar code.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a three-letter code printed and appearing in three of eight varying locations among the play symbols in the play areas. The codes and their meanings are as follows: FRE = FREE TICKET; FIV = \$5.00; TEN = \$10.00; TWY = \$20.00; HUN = \$100.00; and FHN = \$500.00.

(f) "Bar code" means the 16-digit bar-coded number appearing on the back of each ticket. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1701. Cost of ticket. The price of "Bonus Crossword" instant tickets sold by a retailer shall be \$2.00 each. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1702. Determination of instant prize winners. "Bonus Crossword" consists of three play areas. In the upper part of the ticket there is a crossword puzzle grid that contains 11 spaces (height) by 11 spaces (width) covered by transparent latex. In the "YOUR LETTERS" play area, located in the lower part of the ticket, there are 18 letters located under opaque latex. Imaged around each of the 18 "YOUR LETTERS" there will be a four-sided box composed of solid lines. To the right of the "YOUR LETTERS" play area is the "BONUS" play area covered by opaque latex. A player will remove the latex from the "YOUR LETTERS" and "BONUS" play areas one letter at a time, and then for each matching letter in the crossword puzzle grid scratch off the transparent latex. Each letter revealed in the "YOUR LETTERS" and "BONUS" play areas may be used an unlimited number of times in the crossword puzzle grid. If a player reveals at least three complete words in the crossword puzzle grid, the player wins the corresponding prize in the prize legend. A player can win one time on a ticket.

The prize legend on the front of the ticket is as follows:

FIND	WIN
3 words	FREE TICKET
4 words	\$5
5 words	\$10
6 words	\$20
7 words	\$100
8 words	\$500
9 words	\$2,000
10 words	\$20,000

(Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-28-00, April 14, 2000.)

111-4-1703. Number and value of instant prizes.

(a) There will be approximately 1,200,000 tickets ordered initially for this instant game. The expected number and value of the instant prizes are as follows:

Match	Prizes	Expected Number of Prizes in Game	Expected Value in Game
FREE	FREE	200,000	\$0
\$5	\$5	48,000	240,000
\$10	\$10	25,600	256,000
\$20	\$20	9,200	184,000
\$100	\$100	1,200	120,000
\$500	\$500	200	100,000
\$2,000	\$2,000	60	120,000
\$20,000	\$20,000	8	160,000
TOTAL		<u>284,268</u>	<u>\$1,180,000</u>

(b) The executive director may terminate the sale of tickets prior to the complete sale of all tickets. In this event, the number and value of prizes will be approximately proportional to the number of tickets actually sold. The odds of winning a prize in this game are one in 4.22.

(c) All prizes are subject to deductions provided by law.

(d) Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets and the same odds as were contained in the initial ticket order. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-28-00, April 14, 2000.)

RULES FOR INSTANT GAME NO. 71
"SUPER LUCKY 7'S"

111-4-1704. Name of game. The Kansas lottery shall conduct an instant winner lottery game entitled "Super Lucky 7's" commencing on or after April 24, 2000. The specific rules for the "Super Lucky 7's" game are contained in K.A.R. 111-3-1 *et seq.* and 111-4-1704 through 111-4-1707. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1705. Definitions. The following definitions shall apply to the "Super Lucky 7's" instant lottery game:

(a) "Play symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the play symbols are printed in black ink in 15 point WGI font with matching captions in WGI Cap font. A play symbol appears in each

(continued)

of 12 play spots within the play area. Each play symbol for this instant game is one of the following: FREE - \$1.00 - \$2.00 - \$3.00 - \$4.00 - \$6.00 - \$8.00 - 12.00 - 25.00 - 50.00 - \$100\$ - \$500\$ - \$777\$ - \$1000 - \$1777 - symbol of an anchor - symbol of a 7 - symbol of a four leaf clover - symbol of a pot of gold - symbol of a star - symbol of a horseshoe - symbol of a bell - symbol of a cherry - symbol of a crown.

(b) "Play symbol captions" are the words or portions of words, letters or numbers printed beneath each play symbol in the play area and are used to repeat or explain the play symbol. The play symbol caption associated with each play symbol is as follows:

Play Symbol	Play Symbol Caption
FREE	TICKET
\$1.00	ONE\$
\$2.00	TWO\$
\$3.00	THR\$
\$4.00	FOUR\$
\$6.00	SIX\$
\$8.00	EGT\$
12.00	TWELVE
25.00	TWEN-FIV
50.00	FIFTY
\$100\$	ONE-HUN
\$500\$	FIVE-HUN
\$777\$	SVSVTSV
\$1000	ONETHOU
\$1,777	THOU777
Symbol of an anchor	ANCHOR
Symbol of a 7	SEVEN
Symbol of a four leaf clover	CLOVER
Symbol of a pot of gold	GOLD
Symbol of a star	STAR
Symbol of a horseshoe	HSHOE
Symbol of a bell	BELL
Symbol of a cherry	CHERRY
Symbol of a crown	CROWN

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is an 11-digit number which appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the back of each instant game ticket both above the information form and below the bar code.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a three-letter code printed and appearing in three of eight varying locations among the play symbols. The codes and their meanings are as follows: FRE = Free Ticket; ONE =

\$1.00; THR = \$3.00; SIX = \$6.00; TWL = \$12.00; TFO = \$24.00; FTY = \$50.00; HUN = \$100.00; and FHN = \$500.00.

(f) "Bar code" means the 16-digit bar-coded number appearing on the back of each ticket. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1706. Determination of instant prize winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering three separate games. If a player matches three like symbols in the same game, the player wins the corresponding prize. A player can win three times in this game. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-28-00, April 14, 2000.)

111-4-1707. Number and value of instant prizes. (a) There will be approximately 1,500,000 tickets ordered initially for this instant game. The expected number and value of the instant prizes are as follows:

Match	Prizes	Expected Number of Prizes in Game	Expected Value in Game
FREE TICKET	FREE	130,000	0
\$1	\$1	50,000	50,000
\$1 + \$1 + \$1	\$3	42,500	127,500
\$2 + \$1	\$3	31,000	93,000
\$3	\$3	15,000	45,000
\$2 + \$2 + \$2	\$6	9,000	54,000
\$2 + \$4	\$6	9,000	54,000
\$6	\$6	9,000	54,000
\$4 + \$4 + \$4	\$12	5,000	60,000
\$6 + \$6	\$12	5,000	60,000
\$12	\$12	5,000	60,000
\$8 + \$8 + \$8	\$24	1,000	24,000
\$25 + \$25	\$50	350	17,500
\$50	\$50	350	17,500
\$50 + \$50	\$100	100	10,000
\$100	\$100	100	10,000
\$500	\$500	20	10,000
\$777 + \$1,000	\$1,777	10	17,770
\$1,777	\$1,777	10	17,770
Total		<u>312,440</u>	<u>\$782,040</u>

(b) The executive director may terminate the sale of tickets prior to the complete sale of all tickets. In this event, the number and value of prizes will be approximately proportional to the number of tickets actually sold. The odds of winning a prize in this game are one in 4.80.

(c) All prizes are subject to deductions provided by law.

(d) Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets and the same odds as were contained in the initial ticket order. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-28-00, April 14, 2000.)

RULES FOR INSTANT GAME NO. 77 "9'S IN A LINE"

111-4-1708. Name of game. The Kansas lottery shall conduct an instant winner lottery game entitled "9's In A Line" commencing on or after April 24, 2000. The specific rules for the "9's In A Line" game are contained in K.A.R. 111-3-1 *et seq.* and 111-4-1708 through 111-4-

1711. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1709. Definitions. The following definitions shall apply to the "9's In A Line" instant lottery game:

(a) "Game symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the game symbols are printed in black ink with matching captions. A game symbol appears in each of 10 play spots within the play area. Each game symbol for this instant game is one of the following: FREE - \$2.⁰⁰ - \$4.⁰⁰ - \$9.⁰⁰ - \$19.⁰⁰ - 90.⁰⁰ - \$999\$ - 9 - X.

(b) "Game symbol captions" are the words or portions of words, letters or numbers printed beneath each game symbol in the play area and are used to repeat or explain the game symbol. The game symbol caption associated with each game symbol is as follows:

Game Symbol	Game Symbol Caption
FREE	TICKET
\$2. ⁰⁰	TWO\$
\$4. ⁰⁰	FOUR\$
\$9. ⁰⁰	NINES\$
\$19. ⁰⁰	NINETEEN
90. ⁰⁰	NINETY
\$999\$	NINTYNIN
9	NIN
X	XXX

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is an 11-digit number which appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the back of each instant game ticket both above the information form and below the bar code.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a three-letter code printed and appearing in three of eight varying locations among the game symbols. The codes and their meanings are as follows: FRE = FREE TICKET; TWO = \$2.⁰⁰; FOR = \$4.⁰⁰; NIN = \$9.⁰⁰; NTN = \$19.⁰⁰; NTY = \$90.⁰⁰.

(f) "Bar code" means the 16-digit bar-coded number appearing on the back of each ticket. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

111-4-1710. Determination of instant prize winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal nine play symbols and one prize symbol. If three

"9's" appear in a row, column or diagonal, the player wins the prize in the prize box. A player can win one time in this game. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-28-00, April 14, 2000.)

111-4-1711. Number and value of instant prizes. (a) There will be approximately 1,500,000 tickets ordered initially for this instant game. The expected number and value of the instant prizes are as follows:

Prizes	Expected Number of Prizes in Game	Expected Value in Game
FREE TICKET	177,500	\$0
\$2	55,000	110,000
\$4	31,500	126,000
\$9	10,750	96,750
\$19	5,000	95,000
\$90	2,740	246,600
\$999	80	79,920
	<u>282,570</u>	<u>\$754,270</u>

(b) The executive director may terminate the sale of tickets prior to the complete sale of all tickets. In this event, the number and value of prizes will be approximately proportional to the number of tickets actually sold. The odds of winning a prize in this game are one in 5.31.

(c) All prizes are subject to deductions provided by law.

(d) Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets and the same odds as were contained in the initial ticket order. (Authorized by K.S.A. 1999 Supp. 74-8710; implementing K.S.A. 1999 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-28-00, April 14, 2000.)

Article 5.—ON-LINE GAMES

111-5-78. Country Stampede admission promotion. Starting at 5:00 a.m. on May 8, 2000, and ending at the close of business on May 20, 2000, as defined in subsection (p) of K.A.R. 111-6-1, for every single Powerball ticket purchase of \$5.00 or more, a player will receive a coupon authorizing \$20.00 off the purchase price of a weekend admission ticket or \$10.00 off the purchase price of a one-day admission ticket for the Country Stampede on June 23, 24, and 25, 2000, at Tuttle Creek State Park, Manhattan, Kansas. Both discount options shall be printed on each coupon, along with the address to where the orders should be sent and payment options. Lottery terminals will automatically dispense a coupon starting at 5:00 a.m., May 8, 2000, for every single \$5.00 Powerball ticket purchase, whether for a single draw or multiple draws, during the time frame defined above.

If the production or dispensing of coupons hinders the ability of the lottery or its retailers to sell Kansas lottery tickets in a timely fashion, the promotion may be terminated at the sole discretion of the executive director. (Authorized by and implementing K.S.A. 1999 Supp. 74-8710; effective, T-111-4-28-00, April 14, 2000.)

Gregory P. Ziemak
Executive Director

Dec. No. 025172

State of Kansas

Department of Human Resources

Notice of Secretary's Decision

Pursuant to K.S.A. 44-759, the Department of Human Resources is publishing the following secretary's decision. The text of a decision that conceals the identity of the parties is available by written request to the Chief of Contributions, Department of Human Resources, 401 S.W. Topeka Blvd., Topeka, 66603-3182.

Secretary's Decision 99-C-05

Dated April 15, 2000

Personal care workers hired by the individual receiving the care were ruled to be employees.

Richard E. Beyer
Secretary of Human Resources

Doc. No. 025196

State of Kansas

Department of Agriculture
Division of Water ResourcesNotice of Hearings on Proposed
Administrative Regulations

A public hearing will be conducted at the dates, times and places listed below to consider the adoption of proposed changes to existing regulations and the adoption of new regulations of the Division of Water Resources, Kansas Department of Agriculture.

Date	Time	Location
July 18	9 a.m.	Plaza Inn 1911 E. Kansas Ave. Garden City
July 19	9 a.m.	Holiday Inn 3017 W. 10th St. Great Bend
July 20	9 a.m.	Docking State Office Building Basement Auditorium 915 S.W. Harrison Topeka

This 60-day notice of the public hearings shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, 109 S.W. 9th, 2nd Floor, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Denise Rolfs at (785) 296-3710.

Most of these regulations have been drafted to implement the provisions of House Substitute for Senate Bill 287 (K.S.A. 1999 Supp. 82a-1903) that required the chief engineer to convert all standards, policies and orders of general application into rules and regulations. Some of the regulations, such as those for the groundwater management districts and K.A.R. 5-3-11, were already under consideration before the legislative mandate was given, but are included in this set of regulations for convenience in adoption.

The original drafts of these regulations were sent out for written comments during the latter half of 1999, and were the subject of four public informational meetings held across the state in early December 1999. They also were informally reviewed by the Joint Legislative Committee on Rules and Regulations on January 5, 2000. All written and oral comments on those earlier draft regulations were considered and the regulations were amended as appropriate based on those comments.

These regulations are proposed for adoption on a permanent basis. A brief summary of these regulations is set forth below. For a complete understanding of each regulation, it is necessary to review the full text.

Most of these regulations continue existing practices and, compared to existing practices, there is little or no economic impact. If there is no significant economic impact compared to existing practices, there is no statement about economic impact following the summary of the regulation. If there are economic impacts compared to existing practices, those economic impacts are summarized below. If you desire to see the full economic impact of the regulation as compared to no existing practice, please consult the full detailed economic impact statement for that regulation.

Proposed Regulations for the Kansas Water
Appropriation Act

K.A.R. 5-1-1. Definitions. Six changes have been made to existing definitions and 30 new definitions added.

K.A.R. 5-1-3. Permitting requirements of the Kansas water appropriation act. Permits are not required to drill a test hole, observation well or water quality sampling well, if no water will be diverted for beneficial use.

K.A.R. 5-1-4. Water flowmeter specifications. A water flowmeter, as manufactured, must be accurate within 2 percent. Existing meters must be accurate within 6 percent in the field or be repaired or replaced. New meters must be installed in a factory tube with manufacturer designed and constructed straightening vanes, or the tube must have an inspection port.

K.A.R. 5-1-5. Variances from water flowmeter specifications. Allows a variance to be granted when a water flowmeter meeting the specifications is not satisfactory for the installation, but the alternative must be accurate. Variances can be granted only in site-specific cases. Variances can be granted to allow testing of new technology.

K.A.R. 5-1-6. Water flowmeter installation specifications. Water flowmeter installation must meet or exceed the manufacturer's specifications and be suitable for the existing operating conditions. Installation must ensure that a full pipe flow is maintained. A water flowmeter must have five diameters of straight pipe upstream and two diameters of straight pipe downstream of meter.

K.A.R. 5-1-7. Requirement to install a water flowmeter or other suitable water-measuring device. Water flowmeters will be required (1) for approval of a new appropriation, (2) for a change in the point of diversion and some other changes to an existing water right, (3) when a conservation plan is required, and (4) as needed for administration of water rights.

K.A.R. 5-1-8. Water flowmeter maintenance. Required flowmeters must be installed in operating condition any time water diversions can reasonably be expected.

K.A.R. 5-1-9. Criteria to determine when a water flowmeter is out of compliance. If field accuracy is not within 6 percent of the actual flow, the manufacturer's or chief engineer's seal is broken, the register is unreadable, or the installation criteria are not met, the water flowmeter is out of compliance.

K.A.R. 5-1-10. Duties of water right owner when a water flowmeter is out of compliance. The owner/operator must notify the division of any water flowmeter required by the chief engineer that is out of compliance. Within 30 days of repair or replacement the owner/operator must notify the division. Owner/operator must provide alternative water use information while the water flowmeter is not operational.

K.A.R. 5-1-11. Water flowmeter testing by a non-agency person. Nonagency persons are authorized to conduct water flowmeter testing if the chief engineer determines that the tester has the training, skill and experience to conduct the testing, and that the tester uses accurate equipment.

K.A.R. 5-1-12. List of water flowmeters certified by the manufacturer to meet the specifications of the chief engineer. Specifies information a manufacturer must submit to have a water flowmeter placed on the list of acceptable water flowmeters. The list will be made available to the public upon request. Sets criteria for removing a water flowmeter from the acceptable list.

K.A.R. 5-1-4 through 5-1-12. Compared to existing practices, these draft regulations will impose a total of approximately \$60,000 per year in additional costs on water users who are required to have water flowmeters in the future. About 600 water flowmeters are required each year. It costs approximately \$100 per meter to install flow straightening vanes and a measurement tube. This results in the total annual cost to all persons required to have water flowmeters of \$60,000.

K.A.R. 5-2-3. Battery of wells. Allows for a change in point of diversion from a single well to a battery of wells if (a) the time to construct the diversion works has not expired and it meets the definition of a battery of wells, or (b) the time to construct the diversion works has expired, water is available at the geocenter of the proposed battery, and it meets the definition of a battery of wells. An exception is allowed if a different regulation governing this subject has been adopted for a specific groundwater management district.

K.A.R. 5-3-1a. Application for a basin term permit. Allows a term permit for use of water to be used for construction projects, and drilling oil and gas wells, in all or part of stream reach. Valid for a one-year time period. It is renewable for a period not to exceed five years.

K.A.R. 5-3-4b. Deadlines for return of documents. Specifies when a document must be returned to the chief engineer after it has been returned to a person for additional information. Allows three working days after the designated return day. Allows for a legible postmark date to be used as a valid return date.

K.A.R. 5-3-4c. Retaining new applications. An application that cannot be approved due to requirements on spacing, safe yield or allowable appropriation may be retained by the chief engineer for a reasonable amount of time, not to exceed one year, to allow pending actions on other certificates, abandonments, etc. to be processed. If it cannot be approved within one year because it still does not comply with regulatory or statutory requirements, it will be dismissed.

K.A.R. 5-3-4d. Stratigraphic log requirements. An applicant shall submit a stratigraphic log for a test hole located within 300 feet of the proposed well or replacement well. A log is not required for domestic use, a temporary permit, or a term permit for less than five years. A copy of the completed stratigraphic log required by the Kansas Department of Health and Environment must be submitted to the division. If there is sufficient information to determine the groundwater source formation, then a log may not be required.

K.A.R. 5-3-4e. Groundwater source formation codes. Designates groundwater source formation codes for the sole purpose of determining the groundwater source formations used by the chief engineer in administering the provisions of the Kansas Water Appropriation Act.

K.A.R. 5-3-5d. Persons required to install a water level measurement tube. New wells authorized to divert 100 gallons per minute or more (except domestic use, temporary permits and term permits) are required to have a water level measurement tube.

K.A.R. 5-3-5e. Meters and other water-measuring devices; reporting readings; maintenance, and replacement. Amending this regulation clarifies procedures for reporting of water flowmeter information. If an hour meter or a water flowmeter has been required, readings shall be submitted on annual water use reports. The regulation requires that if a water flowmeter has been required, the following information must be reported on the annual water use report: the beginning and ending meter readings, and the total annual diversion of water in the same units that the meter registers.

K.A.R. 5-3-5g. Designation of a water use correspondent. This regulation continues the existing practice that allows an owner of a water right to designate another person to receive and submit the annual water use reports; however, the owner still remains the person legally accountable for filing a complete, timely and accurate water use report.

K.A.R. 5-3-5h. Water conservation plans. Plans are required to be submitted on a form prescribed by the chief engineer.

K.A.R. 5-3-5i. Time limit to implement a water conservation plan. Permittees shall be given at least one full calendar year to implement a water conservation plan for municipal and industrial use. Irrigation permittees shall

(continued)

be given at least one full growing season after approval of the plan to implement a water conservation plan.

K.A.R. 5-3-5j. Maintenance of a water conservation plan. The owner is required to maintain each component of a water conservation plan.

K.A.R. 5-3-5k. Review of a water conservation plan. A water conservation plan must be consistent with current KWO guidelines.

K.A.R. 5-3-5l. Changes in a water conservation plan. Changes to a water conservation plan must be approved by the chief engineer.

K.A.R. 5-3-5m. Limited power of attorney. This regulation allows the owners of water rights to authorize other people to take action on behalf of the owners of the approval of application or water right. A limited power of attorney must be signed by all owners of the approval of application or water right to authorize a person to act on behalf of all of the owners.

K.A.R. 5-3-5n. Authorized place of use. In general, an approval of application must approve a place of use that authorizes (1) no land that is authorized by any other approval of application or water right as a place of use, or (2) land that is exactly the same land authorized as a place of use by another approval of application or water right.

An incomplete overlap in the authorized place of use is allowed for a municipality, an irrigation district, an irrigation ditch company, and a rural water district.

K.A.R. 5-3-11. Availability of water for appropriation - safe yield; unconfined groundwater aquifers. This amends the regulation concerning the safe yield requirement that applies everywhere except in areas closed to new appropriations, under special management or within groundwater management districts. This amendment adopts safe yield values in South Central Kansas for 25 new hydrologic units and amends the values for two existing units.

K.A.R. 5-3-16. Safe yield; exemptions for up to 15 acre-feet of groundwater. Amends existing regulation by deleting section (b), which had allowed an additional 15 acre-foot exemption for evaporative loss by sand and gravel operations for one year. Section (b) had expired by its own terms.

K.A.R. 5-3-19. Maximum reasonable annual quantity of water for irrigation use.

K.A.R. 5-3-20. Maximum reasonable annual quantity of water approvable for a new appropriation of water for irrigation use.

K.A.R. 5-3-24. Reasonable quantity for irrigation use. For water rights with a priority date before these regulations, the annual quantity reasonably necessary to meet irrigation crop demands is:

- 1 ac-ft/ac for range 6 east to the eastern border.
- 1.5 ac-ft/ac between range 7 east and range 20 west.
- 2 ac-ft/ac for range 21 west to the western border.

Maximum annual quantity authorized for irrigation is also limited by:

- (a) Safe yield or allowable appropriation criteria; and
- (b) physical limitations on water available from the source of water supply.

For applications filed after the date of these regulations, reasonable quantities of water for irrigation vary by

county. (See K.A.R. 5-3-24) The maximum quantity may be exceeded under unique conditions or for specialty crops as authorized by the chief engineer.

K.A.R. 5-3-21. Perfection of a water right for irrigation use. For applications with a priority date before this regulation, the maximum quantity perfectable for irrigation shall not exceed that actually applied in any year within terms of approval during the perfection period and shall not exceed the quantity of water necessary to irrigate crops in that area of the state as set forth in K.A.R. 5-3-19(a). For applications with a priority date on or after this regulation, same as above, except the maximum annual quantity varies by county based on K.A.R. 5-3-19(b).

K.A.R. 5-3-22. Maximum reasonable quantity of water for livestock and poultry. Sets limits on reasonable quantities for confined livestock. Maximum quantity is tabulated by animal type and includes:

- Drinking water (animal use) based on herd size.
- Servicing/flushing water (facilities) based on facility capacity.

K.A.R. 5-3-23. Maximum reasonable annual quantity approvable for irrigation use for an application for change in place of use and a request to reduce a water right. Applications for change in place of use for irrigation shall be limited to a reasonable quantity. The "reasonable quantity" approvable is based on the standard under which the water right was perfected.

K.A.R. 5-3-25. Conditions on permits and certificates. All terms, conditions, and limitations on permits remain in full force and effect unless they are expressly modified or removed by an order of the chief engineer.

K.A.R. 5-3-26. Availability of water for appropriation from portions of the Pawnee sub-basin in Ness and Hodgeman counties. Except for domestic, temporary, or term permits, new applications in portions of the Pawnee sub-basin will continue to be held until the sub-basin water resources management program makes its recommendation concerning treatment of those applications, or July 1, 2002, whichever comes first.

K.A.R. 5-3-27. Equus Beds special groundwater quality area. New applications to appropriate water within a salt water pollution area in northeast Harvey, south central McPherson and northeast Reno counties will be denied if data demonstrate unreasonable deterioration of the water quality or negative effects on the movement of the saltwater pollution plume.

K.A.R. 5-3-28. Lyons special groundwater quality area. Applications to appropriate water within a 37 square mile saltwater pollution area in central Rice County will be denied if data demonstrate unreasonable deterioration of the water quality or negative effects on the movement and cleanup of the saltwater pollution plume.

K.A.R. 5-4-5. Approval of application for additional rate only. A new application for an increase in the rate of diversion with no increase in quantity can be approved if:

- (a) The rate increase is 15 percent or less and there is no enlargement of well capacity;
- (b) the rate increase is more than 15 percent and either the application is filed within the perfection period of the existing approval of application and the increase in rate

does not exceed the capability of the original diversion works under present aquifer conditions; or

(c) there will be no impairment of other water rights, the approval will not prejudicially or unreasonably affect public interest, no increase in depletion will occur, no increase in consumptive use will occur, and the application meets the requirements of the applicable Groundwater Management District or Intensive Groundwater Use Control Area.

K.A.R. 5-4-8. Custodial care of the state. The following criteria shall be met by the chief engineer in order to place a water right in the custodial care of the state:

- The water shall not be re-appropriated.
- It shall continue to be included in any analysis for water administration purposes.
- It shall not be abandoned for nonuse.
- It shall not be dismissed.

A portion of a water right may be placed in this program if it is divided and each portion administered as a separate water right.

K.A.R. 5-5-1. Filing an application for change. An application for change must be made on a prescribed form and include whatever information is necessary to understand the request. The regulation specifies that the application for change must be signed by all of the owners of the water right before it can be approved.

K.A.R. 5-5-6. Failure to construct diversion works at authorized location. Prescribes procedure to approve improperly located points of diversion at places where new applications cannot be approved under current regulations.

K.A.R. 5-5-13. Relocation of alluvial wells. An alluvial well in a fully appropriated or closed area may not be replaced with another well that would decrease the distance to the centerline of a stream from the original well location by more than 10 percent.

K.A.R. 5-5-14. Duties of owners of approvals of applications and water rights. All owners of water rights shall be responsible for taking all legally required actions necessary to maintaining the validity of the water right. All owners of the authorized place of use shall be considered the owners of the water right with several exceptions.

K.A.R. 5-5-16. Additional wells. This regulation sets criteria for adding an additional well under the same priority to an existing water right.

K.A.R. 5-6-3. Potential net evaporation. This regulation adopts values for determining the average annual net evaporation from a free water surface, by township.

K.A.R. 5-6-4. Determination of potential annual runoff. This regulation defines the procedure to determine runoff from watersheds when other, more site specific, data are not available.

K.A.R. 5-6-5. Maximum reasonable annual quantity for storage of water for beneficial use in a reservoir. This regulation provides guidelines for permitting the maximum reasonable annual quantity for storage of water for beneficial use in a reservoir.

K.A.R. 5-6-6. Initial filling and refilling of a reservoir. This regulation requires a term permit for the initial filling and refilling of a reservoir which has a capacity that exceeds the maximum annual quantity authorized.

K.A.R. 5-6-7. Determination of average annual potential net evaporation loss. This regulation sets criteria to determine the net average annual evaporation from a reservoir.

K.A.R. 5-6-8. Determination of average annual seepage loss. This regulation allows the applicant the opportunity to provide information relative to potential seepage loss to be included in the requested quantity when processing an application for permit to appropriate water for a reservoir. If no information is supplied by the applicant, the chief engineer will assume there is no seepage loss.

K.A.R. 5-6-9. Administration of surface water stored in a reservoir. This regulation provides guidelines for administration of water rights relative to runoff collected and stored in a reservoir.

K.A.R. 5-6-10. Authorized place of use for stored surface water. The authorized place of use for storage rights in a reservoir is defined in this regulation.

K.A.R. 5-6-11. Reasonable rate of diversion for storage of surface water in a reservoir. An approval of application shall limit the rate of diversion for surface water in a reservoir to all natural flows not needed for senior appropriations and minimum desirable streamflows from the stream.

K.A.R. 5-6-12. Average annual precipitation. This regulation updates and standardizes average annual precipitation data for use in situations where it is relevant. It also provides the applicant with the opportunity to provide site specific data.

K.A.R. 5-6-13. Water level measurement tube specifications. This regulation adopts specifications for water level measurement tubes and their installation.

K.A.R. 5-6-14. Irrigation with effluent from a confined feeding facility lagoon. If more than 15 acre-feet of average annual runoff is generated from outside a confined feeding facility enters its lagoon or retention pit and is used for irrigation, an approval of application or a water right is required.

K.A.R. 5-6-15. Drainage basin boundaries. This regulation establishes boundaries for 62 drainage basins in Kansas.

K.A.R. 5-7-4. Water rights conservation program. Enrollment in the Water Rights Conservation Program (WRCP) is a due and sufficient cause for nonuse for the period of enrollment. Sets conditions for water right to qualify for WRCP participation. A water right must be divided for partial enrollment. Sets obligations, responsibilities and aspects of enrollment for DWR and water right owner(s).

K.A.R. 5-7-4a. Conservation reserve program. Conservation Reserve Program (CRP) participation is not considered good cause to extend the time allowed to construct diversion works. An appropriator can request an extension of the perfection period, if it has not already expired, for the time the place of use is in CRP.

K.A.R. 5-7-5. Reduction of an existing water right. A request to reduce a water right can be filed to reduce quantity of water, rate of diversion, place of use, points of diversion and uses made of water.

(continued)

K.A.R. 5-8-3. Perfection; multiple water rights. The total annual quantity of water that may be perfected by two or more water rights authorized to divert water to the same place of use is limited to the total maximum quantity of water actually and legally applied by all water rights during any one year of the perfection period of the water right being certified.

K.A.R. 5-8-4. Construction of diversion works. The time period for construction of diversion works shall not be less than one full year after approval of application. Extensions of time may be granted if good cause is shown and the filing fee is paid. The applicant must file a notice of completion and a notice of flowmeter installation (if required), and pay the required field inspection fee not later than March 1 following the deadline to construct the diversion works. The permit will be dismissed if the applicant fails to demonstrate that diversion works were completed or fails to timely pay the required field inspection fee.

K.A.R. 5-8-6. Perfection of a water right. This regulation establishes a minimum reasonable time to perfect a water right of not less than four calendar years following deadline for construction of the diversion works. For municipal use, the time period shall be not fewer than 20 years. Municipal users shall submit a progress report after 10 years that compares actual water use to original projected use and documents compliance with conservation plan, if one was required. Extensions of time for perfecting a municipal water right may be granted for good cause for a total time not to exceed 40 years. If no water was put to beneficial use within the time allowed, the permit shall be dismissed and the priority forfeited.

K.A.R. 5-8-7. Extensions of time to perfect a water right. This regulation sets criteria for extending the time to perfect a water right.

K.A.R. 5-8-8. Owner required to allow chief engineer to conduct timely field inspection for certification. Requires owners to allow division employees to have access to property to verify facts and obtain other information from the owner related to issuing a certificate including (1) operating the diversion works under normal conditions so that an accurate rate test can be made, (2) inspecting the diversion works and place of use, and (3) obtaining other accurate information as needed to complete a certificate.

K.A.R. 5-9-11. Documentation of access to source of water supply for temporary permit. Applicants must document that they have permission of owner(s) of property where the proposed diversion works will be located to have access to the property. This is required for applications for temporary permits.

K.A.R. 5-12-1. Definitions.

K.A.R. 5-12-2. Aquifer storage and recovery permitting.

K.A.R. 5-12-3. Aquifer storage and recovery accounting.

K.A.R. 5-12-4. Hearings.

K.A.R. 5-12-5. Aquifer storage and recovery systems⁴ in a groundwater management district. K.A.R. 5-12-1 through 5-12-5 are new regulations that set forth the permitting requirements for artificially recharging water into an aquifer and withdrawing it later for beneficial use. The

regulations address the requirements for accounting for the water recharged into a defined portion of the aquifer and determining how much water can be withdrawn later without impairing other water right owners in the area. K.A.R. 5-12-4 provides for hearings by the chief engineer in the general area where the storage and recovery will take place before approving the project. K.A.R. 5-12-5 allows a groundwater management district to recommend rules and regulations pertaining to monitoring and accounting requirements for any portion of the basin storage area that falls within the district's boundaries.

No person is required to have an aquifer storage and recovery program, therefore no costs are mandated on the public. These regulations merely set forth procedures and criteria for any entity desiring to operate such a program. The costs to the agency to permit and monitor such a program also will vary considerably with the size and complexity of the program. The filing fees to be paid by the applicant would vary depending on the scope of the program. For an example of the costs that would be incurred for a large aquifer storage and recovery project, see the full fiscal impact statement for these regulations.

K.A.R. 5-13-1. Notice of intent to open or expand a sand and gravel pit operation.

K.A.R. 5-13-2. Determination of "substantially adverse impact on the area groundwater supply."

K.A.R. 5-13-3. Determination of when groundwater evaporation is a beneficial use.

K.A.R. 5-13-4. Exemption.

K.A.R. 5-13-5. Approval of pit operations that are opened or expanded after the effective date of this regulation.

K.A.R. 5-13-6. Determination of the maximum rate of diversion and annual quantity of water.

K.A.R. 5-13-7. Offsets for evaporation of groundwater.

K.A.R. 5-13-8. Offset calculations.

K.A.R. 5-13-9. Easements and covenants.

K.A.R. 5-13-10. Time to construct the diversion works for a sand and gravel pit operation.

K.A.R. 5-13-11. Time to perfect a water right for evaporation of groundwater.

K.A.R. 5-13-1 through 5-13-11 implement the provisions of K.S.A. 82a-734 concerning when a permit under the Kansas Water Appropriations Act is required before a sand and gravel pit operation is opened or expanded that will expose the groundwater table to evaporation. These regulations set forth the requirements that must be included on the Notice of Intent to Open or Expand the Sand and Gravel Operation, define the term "substantially adverse impact on the area groundwater supply," and determine when groundwater evaporation is a beneficial use. These regulations also exempt existing legitimate sand and gravel operations, as of December 31, 1999, from meeting the safe yield or allowable appropriation requirements to the extent that they had acquired legal control over proven reserves. The regulations also set forth methods of determining the annual quantity of water that must be appropriated to offset evaporation and how those offset calculations will be done. They also define the time to construct the diversion works and the time allowed to perfect a water right for evaporation.

It is estimated that approximately 30 applications to appropriate water will have to be filed by the industry prior to December 31, 2001. The total application fee cost to the industry for that period of time is estimated to be approximately \$4,500, plus the cost to prepare and submit the applications. After that time, it is estimated that approximately five applications will be filed each year at a total fee cost to the industry of \$750. The cost to the industry of acquiring any necessary water offsets is site specific and cannot be estimated.

K.A.R. 5-14-1. Enforcement.

K.A.R. 5-14-2. Request for conference hearing.

K.A.R. 5-14-3. Administrative appeal to the secretary of agriculture.

K.A.R. 5-14-4. Appeal of the failure of the chief engineer to timely issue a certificate of appropriation.

K.A.R. 5-14-5. Request for a conference hearing.

K.A.R. 5-14-6. Informal settlement.

K.A.R. 5-14-7. Conversion of a conference hearing.

K.A.R. 5-14-1 through 5-14-7 prescribe the administrative hearing and appeal procedures that will be utilized within the agency for enforcement actions taken by the chief engineer and actions subject to review by the secretary of agriculture, or an administrative law judge, pursuant to House Substitute for Senate Bill 287 (K.S.A. 1999 Supp. 82a-1901).

It is estimated that these regulations will result in approximately 80 conference hearings being held each year at a cost of \$1,020 per hearing. This will cost the chief engineer approximately \$81,050 in staff and travel costs. Applicants are not required to request hearings, therefore no hearing costs for applicants are required by these regulations. The costs of applicants to prepare for, and participate in, conference hearings will vary greatly and cannot be estimated.

Proposed Regulations for the Western Kansas Groundwater Management District No. 1

K.A.R. 5-21-4. Safe yield. K.A.R. 5-21-8. Percent change of saturated thickness. K.A.R. 5-21-9. Saturated thickness. These regulations close areas of the Ogallala Aquifer in Western Kansas Groundwater Management District No. 1 (GMD #1) to new appropriations that have depletions of 15 percent or more since 1950, or have less than 40 feet of saturated thickness. Areas not closed to new appropriation will be subject to safe yield criteria. They provide for a 15 acre-foot exception to the safe yield requirement with certain limitations.

K.A.R. 5-21-5. Battery of wells. To change a single well to a battery of wells in GMD #1, the proposed points of diversion must meet the definition of battery of wells under K.A.R. 5-1-1(f). The well battery also will be limited to the maximum rate and quantity of water diverted in the last three years. The proposed wells also must meet the criteria for new applications, except for well spacing requirements.

Proposed Regulations for the Southwest Kansas Groundwater Management District No. 3

K.A.R. 5-23-1. Definitions. Defines the words and phrases used in the regulations adopted for the Southwest Kansas Groundwater Management District No. 3 (GMD #3).

K.A.R. 5-23-3. Minimum well spacing requirements: high plains aquifer. Sets minimum well spacing requirements for High Plains Aquifer wells in GMD #3.

K.A.R. 5-23-3a. Minimum well spacing requirements: confined aquifers. Sets minimum well spacing requirements for confined aquifer wells in GMD #3.

K.A.R. 5-23-4. Allowable annual appropriation: high plains aquifer. Sets allowable annual appropriation amount for the High Plains Aquifer in GMD #3.

K.A.R. 5-23-4a. Criteria for closing townships to new appropriations. Sets criteria for closing townships to new appropriations in GMD #3.

K.A.R. 5-23-4b. Township closures. Specifies the townships closed to new appropriations in GMD #3 under the criteria in K.A.R. 5-23-4a.

K.A.R. 5-23-14. Dakota aquifer. Adopts a Kansas Geological Survey map to determine the extent of the confined and unconfined Dakota Aquifer in GMD #3.

K.A.R. 5-23-15. Saturated thickness of the high plains aquifer. Prescribes the data used for all evaluations in GMD #3 of the saturated thickness of the High Plains Aquifer.

Proposed Regulation for the Big Bend Groundwater Management District No. 5

K.A.R. 5-25-4. Sustainable yield. All drainage basins within Big Bend Groundwater Management District No. 5 have been fully appropriated to sustainable yield, therefore the remainder of the district will be closed to further appropriations of surface water or groundwater as of December 17, 1998. Exemptions to closure include domestic use, temporary permits, standby wells, permits for 15 acre-feet or less, term permits and permits to appropriate water from a bedrock aquifer or Dakota aquifer.

Proposed Regulations for Water Structures Laws

K.A.R. 5-40-1. Definitions. Definitions pertaining to the Stream Obstructions Act. A "stream" is defined as any water course that has a well-defined bed and banks and has a drainage area above point in question that exceeds 240, 320 or 640 acres depending upon the location in the state. Because the definition of "stream" has been narrowed, the agency will be exercising jurisdiction over fewer minor projects. It is estimated this will save the agency approximately \$12,000 per year in staff costs and save the regulated community approximately \$20,000 per year in costs to prepare applications.

K.A.R. 5-40-4. Preparer of maps, plans, profiles, and specifications. Designers of dams and stream obstructions shall be competent in designing that type of project and shall meet the requirements of the Kansas Board of Technical Professions.

K.A.R. 5-40-11. Alternative requirements for approval to construct a dam. Specifies that even if the proposed design of a dam does not meet the requirements of Engineering Guide I and Engineering Guide II, the project can be approved if the applicant demonstrates that the design of the dam will not endanger life, property or public safety, based on sound hydrologic and engineering principles.

K.A.R. 5-40-14. Testing a principal spillway pipe installation in a dam; applicability.

(continued)

K.A.R. 5-40-15. Testing a principal spillway pipe installation in a dam; general procedures.

K.A.R. 5-40-16. Testing a principal spillway pipe installation in a dam; allowable leakage rate, test methods.

K.A.R. 5-40-14 through 5-40-16 set standards for testing corrugated metal principal spillway pipes in dams for water tightness.

K.A.R. 5-41-1. Channel changes; plans and specifications. Grassed waterways constructed to convey runoff without causing erosion or flooding are exempted from the requirement to have a permanent benchmark.

K.A.R. 5-41-6. Channel changes; vegetative strips on new channels. Grassed waterways constructed to convey runoff without causing erosion or flooding are exempted from the requirement to have a 50-foot vegetative strip on both sides of the channel.

K.A.R. 5-42-3. Stream obstruction; pipeline crossing. Revoked and replaced by K.A.R. 5-46-4.

K.A.R. 5-42-4. Stream obstruction; temporary structure. A temporary structure shall not require a stream obstruction permit if the structure meets certain criteria.

K.A.R. 5-45-1. Levees and floodplain fills; definitions. Definition of "stream" determines when state approval is needed. A "stream" is defined as any watercourse that has a well-defined bed and banks and the drainage area above point in question exceeds 240, 320 or 640 acres, depending upon the location in the state. The definition of a "stream" has been narrowed, therefore decreasing the number of minor levee and floodplain fill projects that the chief engineer has jurisdiction over. It is estimated that this will save the department approximately \$12,000 a year in processing costs and save the regulated community approximately \$20,000 in the cost of preparation of plans for approval. The definition of "floodway" has been amended to conform to the definition used under the National Flood Insurance Act.

K.A.R. 5-45-4. Levees and floodplain fills; preparer of maps, plans, profiles, and specifications. Designers of levees and floodplain fills shall be competent in the design of that type of project and shall meet the requirements of the Kansas Board of Technical Professions.

K.A.R. 5-45-13. Levees; floodplain fills; unreasonable effect. This regulation provides that a levee or floodplain fill cannot be constructed if it has an unreasonable effect on another. The regulation defines "unreasonable effect," but allows for two exceptions.

K.A.R. 5-45-14. Levees and floodplain fills; hydrologic and hydraulic analysis. This regulation has been amended to specify the types of hydrologic and hydraulic analysis that must be done to apply for approval for levee projects and floodplain fill projects.

K.A.R. 5-45-18. Floodplain fills; incidental to bridge and culvert replacement projects. Floodplain fills, incidental to such bridge and culvert replacement projects, that are approved under the Stream Obstruction Act, K.S.A. 82a-301 *et seq.*, will be deemed to satisfy the requirements of the Levee/Floodplain Fills Law (K.S.A. 24-126).

Because the regulated community will only have to file one application instead of two, it will save the department approximately \$18,000 in processing costs and save

the applicants approximately \$18,000 in application preparation costs.

K.A.R. 5-46-1. General permits; bridge and culvert replacement projects. Sets criteria for issuing general permits for minor bridge and culvert replacements.

K.A.R. 5-46-3. General permits; sand and gravel removal operations. Sets criteria for granting general permits for sand and gravel removal operations with less than 50 square miles of drainage and removal of less than 100 cubic yards of material per year.

K.A.R. 5-46-4. General permits; pipeline crossings. Sets criteria for issuing general permits for certain pipeline or buried cable crossings of streams. This regulation replaces K.A.R. 5-42-3, which is being revoked.

Copies of these proposed rules and regulations and their economic impact statements may be obtained from Denise Rolfs, Department of Agriculture, 109 S.W. 9th, 2nd Floor, Topeka, 66612, (785) 296-3710. The full text of the hearing notice (which includes a brief summary of the regulations and the economic impact statements), the revised draft regulations and the economic impact statements can be found on the Department of Agriculture's web site: <http://www.ink.org/public/kda> (click on the button on this page entitled "DWR proposed regulations").

Secretary of State

(Published in the Kansas Register May 18, 2000.)

HOUSE BILL No. 2780

AN ACT concerning long-term care; establishing a task force on long-term care services to study services provided by the public and private sector to citizens of the state and laws and rules and regulations relating to such services; concerning long-term care staff.

WHEREAS, The legislature is vitally interested in the welfare of the citizens of this state who are consumers of long-term care services; and

WHEREAS, Services provided for citizens who are consumers of long-term care by state agencies and private vendors should be provided efficiently, economically and sensitively in a supportive state regulatory environment that partners with long-term care providers to promote continuous quality improvement; and

WHEREAS, Over the past several legislative sessions major statutory changes have been enacted relating to adult care homes and the responsibility for the administration of long-term care programs: Now, therefore,

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) A task force on long-term care services is hereby established to study state and federal laws and rules and regulations which impact on the services provided by government and the private sector to citizens who are consumers of long-term care services, the financing of these services, both public and private, the effectiveness of partnering

activities between state agencies and long-term care providers and such other matters relating thereto as the task force deems appropriate.

(b) The task force shall consist of 20 members appointed as follows:

(1) Seven members appointed by the legislative coordinating council, three of whom shall be consumers of long-term care services, three of whom shall be providers of long-term care services and one of whom shall be a trustee or board member of a long-term care facility;

(2) two members appointed by the president of the senate and the speaker of the house of representatives, one of whom shall be a member of the senate committee on ways and means and one of whom shall be a member of the house committee on appropriations and both of whom shall be from different political parties;

(3) two members appointed by the president of the senate, one of whom shall be a member of the senate committee on public health and welfare and one of whom shall be a member of the senate committee on financial institutions and insurance;

(4) two members appointed by the minority leader of the senate, one of whom shall be a member of the senate committee on public health and welfare and one of whom shall be a member of the senate committee on financial institutions and insurance;

(5) two members appointed by the speaker of the house of representatives, one of whom shall be a member of the house committee on health and human services and one of whom shall be a member of the house committee on insurance;

(6) two members appointed by the minority leader of the house of representatives, one of whom shall be a member of the house committee on health and human services and one of whom shall be a member of the house committee on insurance. Of the seven members appointed by the legislative coordinating council, no more than two members shall reside in any one congressional district;

(7) one member shall be the secretary of social and rehabilitation services or the secretary's designee;

(8) one member shall be the secretary of health and environment or the secretary's designee; and

(9) one member shall be the secretary of aging or the secretary's designee.

(c) The legislative coordinating council shall appoint the chairperson and vice-chairperson from among the membership of the task force, the chairperson to be appointed from among the legislator members of the task force. Staffing for the task force shall be available from the legislative research department, the revisor of statutes office and the division of legislative administrative services if authorized by the legislative coordinating council.

(d) The members of the task force shall receive reimbursement for attending meetings of the task force as authorized by the legislative coordinating council consistent with the provisions of K.S.A. 46-1209 and amendments thereto.

(e) The task force shall prepare and submit a report and recommendations to the governor and to the legislature on or before the second Monday of January each year through 2005. In developing such recommendations the task force shall give consideration to creative, common sense solutions and approaches to problems which do not necessarily require additional expenditures of money.

(f) As used in this section, the term "long-term care" includes a broad spectrum of supports, ranging from skilled nursing services to assistance with activities of daily living or help with instrumental activities of daily living.

(g) The provisions of this section shall expire on July 1, 2005.

Sec. 2. Notwithstanding the provisions of 2000 Senate Concurrent Resolution No. 1606 to the contrary, the governor shall make the report on the findings of the examination of the various secretaries of the executive branch concerning statutes and rules and regulations and the identification of funds available for training, retraining and continuing education of long-term care staff of adult care homes as provided in such resolution to the board of adult care home administrators, the secretary of health and environment and the legislature during the 2001 legislative session rather than the 2000 legislative session.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

(Published in the Kansas Register May 18, 2000.)

HOUSE BILL No. 2570

AN ACT concerning organization of public safety agencies; establishing the task force on consolidation of public safety agencies.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) There is hereby established a task force on consolidation of public safety agencies. The task force shall be composed of the following members:

(1) One member of the house of representatives committee on appropriations appointed by the speaker of the house of representatives;

(2) one member of the house of representatives committee on judiciary appointed by the speaker of the house of representatives;

(3) one member of the house of representatives appointed by the minority leader of the house of representatives;

(4) one member of the senate committee on ways and means appointed by the president of the senate;

(5) one member of the senate committee on judiciary appointed by the president of the senate;

(6) one member of the senate appointed by the minority leader of the senate;

(7) two representatives of local law enforcement, appointed by the governor; and

(8) three persons appointed by the governor, except that no current member of the legislature of the state of Kansas shall be eligible for appointment pursuant to this subparagraph (a)(8).

(b) The member of the task force appointed by the speaker of the house of representatives from the house committee on appropriations shall call and preside at the first meeting of the task force. At such meeting the members of the task force shall elect a chairperson and vice-chairperson. The task force shall meet on the call of the chairperson. The task force shall meet at least quarterly and at other times necessary to perform its functions. If a vacancy occurs on the task force, the vacancy shall be filled in the same manner as the original appointment.

(c) Members of the task force on consolidation of public safety agencies shall receive compensation and travel expenses and subsistence expenses or allowances as provided in subsection (e) of K.S.A. 75-3223 and amendments thereto, when attending meetings of such task force.

(d) The task force on consolidation of public safety agencies may meet at any time and at any place within the state on the call of the chairperson.

(e) It shall be the duty of the task force to review the feasibility and efficiencies that would be achieved by consolidating all public safety functions of agencies including, but not limited to, the highway patrol, the office of state fire marshal, the ombudsman of corrections, the juvenile justice authority, the parole board, the Kansas bureau of investigation, the board of emergency medical services, the division of emergency management of the office of adjutant general, the department of corrections, the Kansas sentencing commission, and the alcohol beverage control program of the department of revenue into a cabinet level department.

(f) If the task force recommends consolidation of some or all of the state agencies, or functions of state agencies specified in subsection (e), is feasible and would create efficiencies, the task force shall present recommendations on the proposed organization and budgetary ramifications of consolidating such agencies or functions of agencies into a cabinet level department.

(g) The staff of the office of revisor of statutes, the legislative research department and the division of legislative administrative services shall provide such assistance as may be requested by the task force.

(h) The task force shall submit a final report of its findings and recommendations to the legislative budget committee, the joint committee on corrections and juvenile justice and to the governor on or before January 1, 2001.

Sec. 2. This act shall take effect and be in force from and after its publication in the Kansas register.

(Published in the Kansas Register May 18, 2000.)

SENATE BILL No. 555

AN ACT concerning health care data; relating to the health care data governing board; voting status of governmental members; collection of data; amending K.S.A. 1999 Supp. 65-6801, 65-6803 and 65-6804 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1999 Supp. 65-6803 is hereby amended to read as follows: 65-6803. (a) There is hereby created a health care data governing board:

(b) The board shall consist of ~~nine~~ *twelve* members appointed as follows: One member shall be appointed by the Kansas medical society, one member shall be appointed by the Kansas hospital association, one member shall be appointed by the executive vice chancellor of the university of Kansas school of medicine, one member who is a licensed professional nurse appointed by the Kansas state nurses association, one member representing health care insurers or other commercial payors shall be appointed by the governor, one member representing adult care homes shall be appointed by the governor, one member representing the Kansas health institute, one member appointed by the state board of regents representing the health services research community and one member representing consumers of health care shall be appointed by the governor. The secretary of health and environment, or the designee of the secretary, ~~shall be a nonvoting member who shall serve as chairperson of the board. The and along with the~~ secretary of social and rehabilitation services and the insurance commissioner, or their designees, shall be ~~nonvoting~~ *voting* members of the board. Board members and task force members shall not be paid compensation, subsistence allowances, mileage or other expenses as otherwise may be authorized by law for attending meetings, or subcommittee meetings, of the board. The members appointed to the board shall serve for three-year terms, or until their successors are appointed and qualified.

(c) The chairperson of the health care data governing board may appoint a task force or task forces of interested citizens and providers of health care for the purpose of studying technical issues relating to the collection of health care data. At least one member of the health care data governing board shall be a member of any task force appointed under this subsection.

(d) The board shall meet at least quarterly and at such other times deemed necessary by the chairperson.

(e) The board shall develop policy regarding the collection of health care data and procedures for ensuring the confidentiality and security of these data.

Sec. 2. K.S.A. 1999 Supp. 65-6801 is hereby amended to read as follows: 65-6801. (a) The legislature recognizes the urgent need to provide health care consumers, third-party payors, providers and health care planners with information regarding the trends in use and cost of health care services in this state for improved decision-making. This is to be accomplished by compiling a uniform set of data and establishing mechanisms through which the data will be disseminated.

(b) It is the intent of the legislature to require that the information necessary for a review and comparison of utilization patterns, cost, quality and quantity of health care services be supplied to the health care database by all providers of health care services and third-party payors to the extent required by K.S.A. 1999 Supp. 65-6805 and amendments thereto

and this section and amendments thereto. *The secretary of health and environment at the direction of the health care data governing board shall specify by rule and regulation the types of information which shall be submitted and the method of submission.*

(c) The information is to be compiled and made available in a form prescribed by the governing board to improve the decision-making processes regarding access, identified needs, patterns of medical care, price and use of health care services.

Sec. 3. K.S.A. 1999 Supp. 65-6804 is hereby amended to read as follows: 65-6804. (a) The secretary of health and environment shall administer the health care database. In administering the health care database, the secretary shall receive health care data from those entities identified in K.S.A. 1999 Supp. 65-6805 and amendments thereto and provide for the dissemination of such data as directed by the board.

(b) As directed by the board, the secretary of health and environment may contract with an organization experienced in health care data collection to collect the data from the health care facilities as described in subsection (h) of K.S.A. 65-425 and amendments thereto, build and maintain the database. *The secretary of health and environment may accept data submitted by associations or related organizations on behalf of health care providers by entering into binding agreements negotiated with such associations or related organizations to obtain data required pursuant to this section.*

(c) The secretary of health and environment shall adopt rules and regulations approved by the board governing the acquisition, compilation and dissemination of all data collected pursuant to this act. The rules and regulations shall provide at a minimum that:

(1) Measures have been taken to provide system security for all data and information acquired under this act;

(2) data will be collected in the most efficient and cost-effective manner for both the department and providers of data;

(3) procedures will be developed to assure the confidentiality of patient records. Patient names, addresses and other personal identifiers will be omitted from the database;

(4) users may be charged for data preparation or information that is beyond the routine data disseminated and that the secretary shall establish by the adoption of such rules and regulations a system of fees for such data preparation or dissemination; and

(5) the secretary of health and environment will ensure that the health care database will be kept current, accurate and accessible as prescribed by rules and regulations.

(d) Data and other information collected pursuant to this act shall be confidential, shall be disseminated only for statistical purposes pursuant to rules and regulations adopted by the secretary of health and environment and approved by the board and shall not be disclosed or made public in any manner which would identify individuals. A violation of this subsection (d) is a class C misdemeanor.

(e) In addition to such criminal penalty under subsection (d), any individual whose identity is revealed in violation of subsection (d) may bring a civil action against the responsible person or persons for any damages to such individual caused by such violation.

Sec. 4. K.S.A. 1999 Supp. 65-6801, 65-6803 and 65-6804 are hereby repealed.

Sec. 5. This act shall take effect and be in force from and after its publication in the Kansas register.

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the index to the 1997 Volumes of the *Kansas Administrative Regulations* and the 1999 Supplement to the *Kansas Administrative Regulations*.

Social and Rehabilitation Services	261
Request for proposals	261

Custom-made Kansas Register binders are now available. These binders will attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. They are high quality, durable casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binders feature dark blue supported vinyl covering and gold imprinting.

\$12 each, includes shipping and handling.

(Kansas residents must include an additional \$.82 state and local sales tax.)

Clip and mail

Please send _____
