Opinion 2000-45

Elections—Advance Voting; Unlawful Acts and Penalties; Applications; Distribution and Delivery. Senator Anthony Hensley, 19th District, Topeka; Representative Jim Garner, 11th District, Coffeyville, September 18, 2000.

An advance voting ballot application must be forwarded by any person or group engaged in the distribution of such applications to the county election officer within 48 hours of the date set forth on the signature date line of the application. The Legislature has not obligated the person or group engaged in distributing the applications to guarantee that the applications are received by the county election officer within 48 hours of signing by the applicants. The obligation of the person or group ends when the applications are mailed or faxed to the county election officer. State Departments; Public Officers and Employees—Social and Rehabilitation Services—Community Mental Health Centers.

Mentally Ill, Incapacitated and Dependent Persons; Social Welfare—Mental Health Reform—Mental Health Centers; Authority to Contract with Providers of Mental Health Services. Janet Schalansky, Secretary, Kansas Department of Social and Rehabilitation Services, Topeka, September 18, 2000.

The Wichita Child Guidance Center does not meet the definition of a "community mental health center" and thus cannot be licensed as such unless the center is affiliated with a licensed community mental health center. Moreover, under the Mental Health Reform Act, the Kansas Department of Social and Rehabilitation Services cannot contract directly with a provider of mental health services unless the provider is a "mental health center" as defined at K.S.A. 1999 Supp. 39-1602(c). Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, October 26, in the offices of the Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the respective project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

Project No. 000460, Maximum Principal Amount: \$60,000. Owner/Operator: Gregory S. and Kamla A. Crow.
Description: Acquisition of 100 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the west 100 acres of the Northwest Quarter of Section 17, Township 23 South, Range 2 West, Harvey County, Kansas, approximately 1 mile north of Halstead on Highway 89, 4 miles west on U.S. Highway 50, and 1.5 miles north on Golden Prairie Road.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Any individual affected by the project may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a

bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Notice of Public Auction

The Kansas Secretary of Transportation will offer for sale and removal at public auction at 10 a.m. November 21 (at site) the following improvement located in Shawnee County, Kansas, described as follows:

Tr. 3 - 4740 N.W. Pottawatomie Road, Topeka, Kansas (located west of Highway 75 and north of 46th Street on Pottawatomie). 1,200 sq. ft. ranch-style house with living room, dining room, kitchen, 2-3 bedrooms and 1.5 bath on full basement. 12' x 24' raised wood deck attached to the rear of the home.

An inspection of property will be from 9 to 10 a.m. November 14 and 30 minutes prior to the sale.

Terms of Sale

A cashier's check for the purchase price must be paid on the day of the sale, payable to the Kansas Department of Transportation. The successful bidder will receive a bill of sale upon payment.

The successful bidder will be required to remove the structure from the right of way on or before April 1, 2001. A \$4,000 performance bond must be posted on the day of the sale, by cashier's check, as guarantee of removal of the structure. Any item not removed from the right of way on or before the specified date shall revert to and become the property of the Kansas Department of Transportation. The purchaser shall have no right, title, interest or claim to or lien upon said remaining items or part thereof, nor any claim against the Kansas Department of Transportation for the sale price paid and performance bond amount after said date.

The purchaser shall not permit use or occupancy of said structure pending removal from the highway right of way. The purchaser shall, during the interim period of moving the improvement and filling in the basement, mark the area with tape, ribbon or fencing, warning the public of the opening.

The seller reserves the right to reject any and all bids and is not responsible for accidents. For additional information, contact the Bureau of Right of Way at (877) 461-6817.

The Kansas Department of Transportation ensures the acceptance of any bid pursuant to this notice will be without discrimination on the grounds of sex, race, color, religion, physical handicap or national origin.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed modification to an air quality operating permit. John Zink Company, LLC has applied for a Class II operating permit modification in accordance with the provisions of K.A.R. 28-19-544. Emissions of oxides of nitrogen, oxides of sulfur and hazardous air pollutants were evaluated during the permit review process. The purpose of a Class II permit is to limit the potential-to-emit for these pollutants to below major source thresholds.

John Zink Company, LLC, Tulsa, Oklahoma, owns and operates a burner research facility located at Strother Field Industrial Park, Winfield, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE South Central District Office, 130 S. Notice of Hearing

The Kansas Department of Health and Environment has prepared a proposed Kansas Water Pollution Control Permit, A-NEMR-C002, for Hinchman Ranch located near Council Grove. Hinchman Ranch proposes an expansion of the existing facility for the confined feeding of 3,000 head (3,000 animal units) of cattle weighing greater than 700 pounds each, and 1,000 head (500 animal units) of cattle weighing less than 700 pounds each. This capacity represents an addition of 1,500 animal units of cattle. The facility location is in the Southeast Quarter of Section 27 and the North Half of Section 34, Township 17 South, Range 9 East, Morris County. The proposed permit for Hinchman Ranch was placed on Public Notice in the Kansas Register under Notice No. KS-AG-00-261.

A public hearing on KDHE's intention to issue the proposed permit has been scheduled at 6 p.m. Wednesday, November 15, at the Morris County Fairgrounds, 4-H Building, located 1.5 miles east of Council Grove on U.S. Highway 56. The public hearing has been scheduled in conformance with Kansas Administrative Regulation 28-16-61.

Copies of the permit application prepared by Hinchman Ranch, the draft permit and other pertinent documents may be requested by contacting Dena Endsley, Kansas Department of Health and Environment, Bureau of Water, Livestock Waste Management Section, Forbes Field, Building 283, Topeka, 66620, (785) 296-6432 or fax (785) 296-5509. Appropriate copying charges will be assessed for each request.

Persons wishing to comment on the proposed permit may do so at the public hearing or may submit written statements to the address above by November 13. It is recommended that persons wishing to present oral testimony at the public hearing supply the hearing officer with a written copy of the testimony.

Any individual with a disability may request accommodation in order to participate in the public hearing process and may request the proposed permit in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting KDHE at the above address.

The Secretary of Health and Environment will make a final permit decision after consideration of all requirements of state statutes and regulations and comments received during the public notice and public hearing process.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit and amending previously-issued construction permits. Equilon Pipeline Company, LLC has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 *et seq.* The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance. Notice is also given that certain requirements were found to no longer be appropriate in the construction permit dated April 11, 1979. These requirements are being modified by an applicability determination.

Equilon Pipeline Company, Tulsa, Oklahoma, owns and operates a crude petroleum pipeline station located at Section 8-Township 26S-Range 5E, Butler County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, all information relied upon during the permit application review process, and a copy of the applicability determination are available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE South Central District Office, 130 S. Market, sixth floor, Wichita. To obtain or review either document, contact Rasha Allen, (785) 296-1693, at the KDHE central office, or David Butler, (316) 337-6020, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the documents to Rasha Allen, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. In order to be considered in formulating final document decisions, written comments must be received by the close of business November 13.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business November 13 in order for the Secretary of Health and Environment to consider the request.

The United States Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the

30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice of Final Medicaid State Plan Amendment

The public comment period has expired for the proposed ICF/MR cost center limitations. An amendment to the Kansas Medicaid State Plan, attachment 4.19D, will be submitted to the federal Department of Health and Human Services, Health Care Financing Administration, changing some of the cost center limitations for intermediate care facilities for the mentally retarded (ICFs/MR). The Department of Social and Rehabilitation Services, through the Division of Health Care Policy, Community Supports and Services (SRS/HCP/CSS), proposes to increase selected cost center limitations for ICFs/MR effective October 1, 2000. The approved Kansas Medicaid State Plan requires that ICF/MR cost center limitations be reviewed annually before October 1 and, if less than 75 percent of all ICFs/MR are reimbursed less than 95 percent of their reported allowable Medicaid costs, cost center limits must be adjusted.

SRS/HCP/CSS staff compared the reported allowable costs of all ICFs/MR with the current cost center limitations for habilitation and administration, the two cost centers with caps, and determined that adjustments in certain cost center limitations were justified. The cost-center limitation adjustments and justifications are as follows:

Habilitation Cost Center Limitations

Large facilities with more than 16 beds:

There are three facilities with more than 16 beds: two level 2 facilities and one level 3 facility. The level 2 facilities meet the 75 percent threshold for reimbursement. The level 3 facility reported costs that exceeded the established limitation and did not meet the threshold. There-

fore, the cost center limitation for level 3 large ICFs/MR will be increased from \$98.66 to \$100.

Medium facilities with 9 to 16 beds:

There are eight facilities in this category. The subgroup comparative cost analysis of the facilities based on their level of care did meet the threshold of 75 percent receiving 95 percent of their reported costs. However, as a group, only 50 percent of the facilities had 95 percent of their reported costs reimbursed. Therefore, the following increases will be made in habilitation cost centers:

Level 1 from \$135.00 to \$137.50

Level 3 from \$123.00 to \$127.00

Level 4 from \$109.00 to \$112.00

Small facilities with 4 to 8 beds:

This is the largest group of ICF/MR facilities. There are 24 small ICFs/MR: 19 are level 1, three are level 2, and two are level 3. Only 50 percent of the level 1 facilities meet the threshold of 95 percent reimbursement of their reported costs. Level 2 facilities meet the threshold. Level 3 facilities did not meet the threshold: 50 percent of their facilities did not receive 95 percent reimbursement of their reported costs. Therefore, the following increases will be made in habilitation cost centers for the small ICF/MR facilities:

Level 1 from \$163.00 to \$170.00

Level 3 from \$129.05 to \$140.50

Administrative Cost Center Limitations

The reported allowable administrative costs for all ICFs/MR did not meet the threshold of 75 percent receiving reimbursement for 95 percent of their costs. The medium ICFs/MR, levels 1, 3 and 4, and the small ICFs/MR, level 1 facilities, were the subgroups that did not meet the threshold. Therefore, the following increases will be made in administrative cost centers:

Medium ICFs/MR

Levels 1,3,4 from \$18.00 to \$19.00

Small ICFs/MR from \$25.50 to \$25.75

Inflation Factor

The annual percentage rate for estimated inflation is computed using a projection based on economic forecasts and predictions of reputable and prominent national publications. The projected inflation percentage that will be used to recalculate ICF/MR rates for October 1, 2000, is 3 percent.

Financial Impact

It is estimated that the increases in ICF/MR cost center limits outlined above will result in budget expenditures of \$375,245.40. The state general fund portion of this increase is \$150,661.03.

Copies of this notice will be sent to all licensed and Medicaid-certified ICFs/MR.

4-8-28. Adoption of johnsongrass control program.

(a) The control practices contained in the "official johnsongrass control program," published by the Kansas department of agriculture on June 1, 2000, are hereby adopted by reference and shall apply to the control and eradication of johnsongrass in the state of Kansas.

(b) Copies of this publication shall be available from the Kansas department of agriculture, in the Topeka, Kansas office. (Authorized by and implementing K.S.A. 2-1315; effective May 1, 1988; amended Jan. 25, 1993; amended Sept. 27, 1993; amended Oct. 27, 2000.)

4-8-29. Adoption of field bindweed control program.

(a) The control practices contained in the "official field bindweed control program," published by the Kansas department of agriculture on June 1, 2000, are hereby adopted by reference and shall apply to the control and eradication of field bindweed in the state of Kansas.

(b) Copies of this publication shall be available from the Kansas department of agriculture, in the Topeka, Kansas office. (Authorized by and implementing K.S.A. 2-1315; effective May 1, 1988; amended Oct. 27, 2000.)

4-8-32. Adoption of bur ragweed (bursage) control program.

(a) The control practices contained in the "official bur ragweed (bursage) control program," published by the Kansas department of agriculture on June 1, 2000, are hereby adopted by reference and shall apply to the control and eradication of bur ragweed in the state of Kansas.

(b) Copies of this publication shall be available from the Kansas department of agriculture, in the Topeka, Kansas office. (Authorized by and implementing K.S.A. 2-1315; effective May 1, 1988; amended Sept. 27, 1993; amended Oct. 27, 2000.)

4-8-34. Adoption of leafy spurge control program.

(a) The control practices contained in the "official leafy spurge control program," published by the Kansas department of agriculture on June 1, 2000, are hereby adopted by reference and shall apply to the control and eradication of leafy spurge in the state of Kansas.

(b) Copies of this publication shall be available from the Kansas department of agriculture, in the Topeka, Kansas office. (Authorized by and implementing K.S.A. 2-1315; effective May 1, 1988; amended Oct. 29, 1990; amended Oct. 27, 2000.)

4-8-41. Biological control plan.

(a) No person shall use any predator, parasite, disease-causing organism, or any other substance or method to provide biological control of musk thistle without first having prepared a bio-

logical control plan that meets the requirements of this regulation. Each biological control plan shall state the area where biological controls are proposed. No person shall implement any part of a biological control plan unless that person first obtains both the written recommendation of the county noxious weed director for the area described in the plan and the written approval of the secretary. The location of a biological control area may be limited to specific areas where the application of herbicides would be difficult or inappropriate.

(b) No organism shall be used for the biological control of musk thistle except *Rhinocyllus conicus*, *Trichosiocalus horridus*, or any other organism approved by the Kansas department of agriculture as being effective for this purpose.

(c) A continuous musk thistle-free border shall be maintained around each site where biological control methods are used. This border zone shall be maintained free of musk thistle by either the application of approved chemicals or the use of approved cultural practices.

(d) Based upon the criteria set forth in subsection (e) below, the width of the border shall be specified by the county noxious weed director of the county in which the proposed biological control site is located. The width of the border shall not be less than 150 feet.

(e) The width of the border shall reflect the county noxious weed director's consideration of the following factors:

- (1) The direction of the prevailing wind during the months of June and July;
- (2) the presence of any shelter belts or hedgerows;
- (3) the direction of the slope of the terrain;
- (4) the density of the musk thistle population; and
- (5) the density of the population of the organism to be used.

(f) Each approved biological control area plan shall meet all of the following requirements:

(1) Herbicide treatments for the control of musk thistle, when necessary, shall be made only during the periods from October 1st through April 15th.

(2) Hay shall not be moved from within the biological control area unless the biological control area has been inspected and certified as musk thistle-free by the county noxious weed director within the seven days preceding the harvesting of the hay.

(3) The appropriate noxious weed control program shall be used to control any other noxious weed located within the biological control area.

(g) Failure to comply with any provision of an approved biological control plan or any provision of the Kansas noxious weed law or any rule and regulation promulgated thereunder shall constitute grounds for revocation of the biological control plan by the secretary. No approved biological control plan shall be revoked before the applicant has been given an opportunity to appear before the secretary or the secretary's designee regarding the proposed revocation. (Authorized by and implementing K.S.A. 2-1315; effective June 1, 1992; amended Oct. 27, 2000.)

4-8-42. Adoption of bull thistle control program.

(a) The control practices contained in the "official bull

thistle control program," published by the Kansas department of agriculture on June 1, 2000, are hereby adopted by reference and shall apply to the control and eradication of bull thistle in the state of Kansas.

(b) Copies of this publication shall be available from the Kansas department of agriculture, in the Topeka, Kansas office. (Authorized by and implementing K.S.A. 2-1315; effective Oct. 27, 2000.)

Article 1.—CERTIFICATION OF PSYCHOLOGISTS

102-1-3. (Authorized by K.S.A. 74-7507, as amended by L. 1986, Ch. 299, Sec. 42; implementing K.S.A. 74-5314, and K.S.A. 74-5317, as amended by L. 1986, Ch. 299, Sec. 19; effective May 1, 1982; amended May 1, 1984; amended, T-85-35, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; revoked Oct. 27, 2000.)

102-1-3a. Application for licensure by examination; application for temporary license. (a)(1) A person who has completed the required education and postgraduate supervised experience may apply for a license to practice psychology and for approval to take the psychology licensure examination. This person may also apply for a temporary license to practice psychology under supervision as specified in K.A.R. 102-1-5a, pending satisfactory passage of the psychology licensure examination, as specified in K.A.R. 102-1-4.

(2) A person who has completed only the educational requirements may apply for a temporary license to practice psychology while attaining the required postdoctoral supervised experience.

(b) Each applicant shall request the license application forms from the executive director of the board and at the time of application shall meet the following requirements:

(1) Submit the following:

(A) The completed application form;

(B) the full payment of the license application fee specified in K.A.R. 102-1-13; and

(C) references on board-approved forms in accordance with subsections (c) and (d); and

(2) arrange for the applicant's transcripts covering all applicable graduate college or university coursework to be sent directly from each academic institution to the board office. Each applicant who graduated from a college or university outside the United States shall additionally arrange for all official transcripts, supporting documentation, and, if applicable, the doctoral dissertation, to be translated and evaluated for degree equivalency by a source and in a manner that are acceptable to the board.

(c) Each applicant who is currently licensed or certified in another state or jurisdiction may seek licensure by endorsement as provided in K.S.A. 74-5315, and amendments thereto, if the licensure or certification requirements are substantially equivalent to those requirements set forth in K.S.A. 74-5310, and amendments thereto, and regulations adopted thereunder. This applicant shall submit the following forms:

(1) An endorsement questionnaire completed by the jurisdiction's equivalent licensing board;

(2) a completed application form for licensure by endorsement; and

(3) the full payment of the licensure application fee specified in K.A.R. 102-1-13.

(continued)

(d) Predoctoral supervised experience. If the applicant seeks credit for one year of predoctoral supervised experience, the applicant shall submit a completed, board-approved reference form from an officially designated director or chair of the predoctoral supervised experience program who has access to the applicant's supervisory records and can verify the applicant's supervised experience, supervision hours, and satisfactory completion of the predoctoral supervised experience program. Supervised experience for which an applicant received an unsatisfactory rating from the applicant's supervisor and that has not been adequately remediated to provide the applicant with a final satisfactory rating at the time of completion of the supervised experience may, at the board's discretion, be credited toward the supervised experience requirement.

(e) Postdoctoral supervised experience. An applicant who has completed the postdoctoral supervised experience requirement shall submit the name of each person who provided postdoctoral supervision and who can address the applicant's professional conduct, competence, postdoctoral supervised experience, and moral character. Additionally, the applicant shall submit a completed, board-approved reference from each person who provided postgraduate supervision to enable the board to verify and evaluate the extent and quality of the applicant's supervised postgraduate work experience. Supervised experience for which an applicant received an unsatisfactory rating from the applicant's supervisor and that has not been adequately remediated to provide the applicant with a final satisfactory rating at the time of completion of the supervised experience shall not be credited toward the supervised experience requirement.

(f) Temporary license procedure. An applicant who has neither completed the postdoctoral supervised experience requirement nor passed the required psychology licensure examination shall submit the following in addition to complying with subsection (b) and, if applicable, subsection (c):

- (1) A completed temporary license request form;
- (2) verification of the setting in which the applicant intends to work towards completion of the postdoctoral supervised experience;
- (3) the name and qualifications of the supervisor or supervisors providing supervision while under temporary license;
- (4) upon receipt of notification of board approval for a temporary license, the temporary license fee specified in K.A.R. 102-1-13; and
- (5) upon completion of the postgraduate supervised experience, the name of each licensed psychologist who provided postgraduate supervision and the applicable supervisory references specified in subsection (d).

(g) If the applicant qualifies for and obtains a temporary license, the applicant's application shall remain active until the temporary license or the renewed temporary license expires. If the applicant does not qualify for a renewal of the temporary license or if a qualifying applicant fails to apply for and obtain a renewal of the temporary license, the application shall expire when the original temporary license expires. Upon expiration, the applicant

may submit a new application, the required fee, and all supporting documents.

(h) A temporary license granted to an applicant for purposes of completing the supervised postgraduate work experience requirements may be renewed for one additional two-year period under an existing application. In order to qualify for a renewal of the temporary license, the applicant shall perform the following:

- (1) Submit a written request for renewal of the temporary license;
- (2) submit payment of the temporary license fee as specified in K.A.R. 102-2-13; and
- (3) provide documentation on board-approved forms that demonstrates satisfactory progress toward the completion of the supervised postgraduate work experience requirements specified in K.A.R. 102-1-5.

(i) In order to demonstrate satisfactory progress toward the completion of the supervised postgraduate work experience requirements set forth in K.S.A. 74-5316, and amendments thereto, and thus to qualify for renewal of the temporary license, each applicant shall have satisfactorily completed the following requirements within the preceding two years, as applicable:

- (1) An applicant seeking to attain one year of postgraduate supervised experience (1,800 hours) shall have completed no fewer than 900 clock hours of qualifying postgraduate supervised experience.
- (2) An applicant seeking to attain two years of postgraduate supervised experience (3,600 hours) shall have completed no fewer than 1,800 clock hours of qualifying postgraduate supervised experience.

(3) An applicant who has not completed postdoctoral supervised experience hours at the rate shown in paragraph (i)(1) or (2) due to exigent circumstances may submit to the board a written request for an extension. An exigent circumstance shall mean any condition caused by events beyond the person's control that are sufficiently extreme in nature to result in either of the following:

- (A) The applicant's inability to complete the postgraduate supervised experience at the rate normally required; or
- (B) the inadvisability of the applicant's completion of the postgraduate supervised experience at the rate normally required.

(j) Each applicant for a license to practice psychology shall be required to satisfactorily pass a nationally administered, standardized written examination approved by the board, as specified in K.A.R. 102-1-4.

(k) An applicant shall not be given a judgment on the applicant's eligibility for a temporary license or license until all application materials are received and all application procedures are completed.

(l) Upon receipt of notification from the board that all licensure eligibility requirements have been satisfied, the applicant shall submit the fee specified in K.A.R. 102-1-13 for the original period of licensure.

(m) If the applicant fails to obtain licensure or a temporary license, the applicant's application may remain active for up to one year. If the applicant has not met the qualifications or has not completed the application process by the end of one year, the application shall expire. Upon expiration, the applicant may submit a new appli-

ation, the required fee, and all supporting documents. (Authorized by K.S.A. 74-5314, K.S.A. 1999 Supp. 74-5316, and K.S.A. 1999 Supp. 74-7507; implementing K.S.A. 1999 Supp. 74-5310, K.S.A. 74-5314, K.S.A. 74-5315, K.S.A. 1999 Supp. 74-5316, and K.S.A. 74-5317; effective Oct. 27, 2000.)

102-1-5. (Authorized by K.S.A. 74-5314; implementing K.S.A. 74-5314 and K.S.A. 74-5317; effective May 1, 1982; amended May 1, 1984; amended, T-85-35, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1987; amended May 30, 1995; revoked Oct. 27, 2000.)

102-1-5a. Supervised experience and supervisor qualifications. (a) Each applicant for licensure as a psychologist shall demonstrate satisfactory completion of two years of supervised experience in the practice of psychology, one year of which may be predoctoral supervised experience and at least one year of which shall be postdoctoral supervised experience.

(b) Predoctoral supervised experience. In order for a year of predoctoral supervised experience to qualify towards meeting the supervised experience requirement, the supervisee's predoctoral program shall include training that meets the internship requirements specified in K.A.R. 102-1-12(a)(10).

(c) Postdoctoral supervised experience. In order for postdoctoral supervised experience to qualify towards meeting the supervised experience requirement, the applicant's experience shall meet the following requirements:

(1) The supervised experience shall be attained, in a public or private setting, institution, or organization that provided the supervisee with contact with other disciplines, the opportunity to utilize a variety of theories, and the opportunity to work with a broad range of populations and techniques.

(2) At least 900 hours per year of supervised experience shall be spent providing clinical psychological services.

(3) At least 180 hours per year of supervised experience shall be spent providing general or nonclinical psychological services.

(4) The supervised clinical experience shall be consistent with the supervisee's educational background and with the area of emphasis in which the applicant intends to offer services to the public. At least half of the supervisee's general training experience shall be relevant to the supervisee's emphasis area, including clinical and counseling psychology, school psychology, industrial psychology, and organizational psychology.

(d) Supervisor qualifications. To qualify as a supervisor of person who is obtaining the supervised experience required to become licensed as a psychologist, each supervisor shall meet the following criteria:

(1) If providing general training supervision, be a licensed or certified provider of a health-related service at the time the supervision occurred or, if the experience occurs in a state or jurisdiction without a provision for licensing or certifying that health-related profession, have attained the appropriate degree or training in the topic area in which supervision is provided;

(2) if providing predoctoral individual supervision, be licensed at the doctoral level in psychology;

(3) if providing postdoctoral individual clinical supervision, have at least two years of experience that includes the clinical practice of psychology after the date of licensure at the doctoral level in psychology;

(4)(i) Be a staff member of the practice setting or have an understanding of the practice setting's organization and administrative policies and procedures; or

(ii) be vested by the agency with authority over the supervisee's professional contacts with each of the supervisee's clients or patients. This authority shall be focused on the supervisee's skills as well as the welfare of those clients or patients whose treatment the supervisor is reviewing;

(5) if the supervisor is not employed by the public or private institution or agency that employs the supervisee, ensure that the scope of the supervisor's own responsibility and authority in that practice setting has been clearly and expressly defined;

(6) not have a familial or harmful dual relationship with the supervisee;

(7) not be under sanction from a disciplinary proceeding, unless this prohibition is waived by the board for good cause shown by the proposed supervisor;

(8) maintain documentation of the supervision that details each type of services and procedures in which the supervisee engages and the supervisee's competence in each; and

(9) use forms supplied by the board and submit information that is sufficiently detailed regarding the supervisee's application for psychology licensure to enable the board to evaluate the extent and quality of the supervisee's supervised experience.

(e) Supervised experience requirements.

(1) For predoctoral psychology experience settings, the supervisor shall provide one hour of individual clinical supervision for every 10 hours of the supervisee's direct patient or client contact.

(2) For postdoctoral psychology experience settings, the supervisor shall provide one hour of individual clinical supervision for every 20 hours of the supervisee's direct patient or client contact.

(3) The supervisor, in addition to meeting the requirements listed in subsection (d), shall perform the following:

(A) Provide individual supervision by meeting in person with the supervisee. When meeting in person is not practical due to an emergency, geographic distance, or other exigent circumstances, the supervisor may meet with the supervisee by interactive video or other electronic or telephonic means of communication. The supervisor and supervisee may use any electronic or telephonic means of communication that protects the confidentiality of their supervision. The use of these means of communication shall not exceed one out of every four supervisory sessions;

(B) be available to the supervisee at the points of decision making regarding the diagnosis and treatment of clients or patients;

(continued)

(C) conduct supervision as a process that is distinct from providing personal therapy, didactic instruction, or consultation;

(D) in conjunction with the supervisee, review and evaluate the psychological services delivered and procedures used;

(E) ensure that each client or patient knows that the supervisee is practicing psychology under supervision;

(F) be available to the supervisee for emergency consultation and intervention; and

(G) maintain documentation of supervision that details each type of psychological services and procedures in which the supervisee engages and the supervisee's competence in each.

(f) Supervisee requirements. Each person attaining the supervised experience necessary for licensure as a psychologist shall meet the following criteria:

(1) Fully participate in the supervisory process in a responsible manner; and

(2) inform, in writing, each client or patient for whom the supervisee is practicing psychology of the name of and the means to contact the supervisor. (Authorized by K.S.A. 74-5314, K.S.A. 1999 Supp. 74-5316, and K.S.A. 1999 Supp. 74-7507; implementing K.S.A. 1999 Supp. 74-5310, K.S.A. 74-5314, K.S.A. 1999 Supp. 74-5316, and K.S.A. 74-5317; effective Oct. 27, 2000.)

102-1-12. Educational requirements. (a) A graduate applicant for psychology licensure shall be deemed to have received a doctoral degree based on a program of studies in content primarily psychological as set forth in K.S.A. 74-5310 and amendments thereto, or the substantial equivalent of this program, in both subject matter and extent of training if this doctoral degree program is or was accredited by the American psychological association at the time the applicant graduated. If not so accredited, the doctoral degree program from which the applicant was granted the degree shall meet all of the following criteria:

(1) The doctoral program is offered by an institution of higher education that is regionally accredited by an accrediting agency substantially equivalent to those agencies that accredit the universities in Kansas.

(2) The program offers doctoral education and training in psychology, one goal of which is to prepare students for the practice of psychology.

(3) The program stands as a recognized, coherent organizational entity within a university or college.

(4) There is a clear administrative authority with primary responsibility within the program for the substantive content areas as set forth below in paragraph (a)(12), and in the emphasis areas of psychology.

(5) The program is an organized sequence of study designed to provide an integrated educational experience.

(6) There is an identifiable full-time faculty, and the person responsible for the program is licensed or academically eligible at the doctoral level to engage in the practice of psychology.

(7) The student's major advisor is a member of the psychology faculty.

(8) The program has an identifiable body of students who are matriculated in the program for a degree.

(9) The program publicly states an explicit philosophy of training by which it intends to prepare students for the practice of psychology. The program's philosophy, educational model, and curriculum plan are substantially consistent with the mission and goals of the program's sponsor institution and are consistent with the following principles of the discipline:

(A) Psychological practice is based on the science of psychology, which, in turn, is influenced by the professional practice of psychology.

(B) Training for practice is sequential, cumulative, graded in complexity, and designed to prepare students for further organized training.

(10) The program, except for industrial and organizational programs, requires an internship that meets the following requirements:

(A) Consists of at least 1,800 hours over one year of full-time training or two consecutive years of half-time training;

(B) accepts as interns only applicants enrolled in a doctoral program as defined above in subsection (a);

(C) has a clearly designated doctoral-level staff psychologist who is responsible for the integrity and quality of the training program. This person shall be licensed, certified, or registered in the jurisdiction in which the program exists to engage in the practice of psychology and shall be present at the training facility for a minimum of 20 hours per week;

(D) provides training and supervision in a wide range of professional activities including diagnosis, remediation techniques, interdisciplinary relationships, consultation, and experience with a population of clients or patients presenting a diverse set of problems and backgrounds;

(E) is taken after the completion of graduate courses, except those designated for writing the dissertation, and practice coursework in the area of emphasis or after completion of program preinternship training requirements;

(F) provides the intern or resident with a minimum of four hours of general training supervision for every 40 hours of training experience. At least one hour of individual clinical supervision shall be provided for every 10 hours of the supervisee's direct patient or client contact;

(G) provides the majority of supervision by licensed, doctoral-level psychologists;

(H) exists as a distinct and organized program clearly recognizable within an institution or agency, as well as in pertinent public, official documents issued by the institution or agency, and as a training program for psychologists;

(I) identifies interns as being in training and not as staff;

(J) has a training staff that consists of at least two full-time equivalent doctoral-level psychologists who serve as individual clinical supervisors and who are licensed, certified, or registered as psychologists in the jurisdiction in which the program exists;

(K) is an integrated and formally organized training experience, not an after-the-fact tabulation of experience; and

(L) provides at least two hours per week in didactic activities, including case conferences, seminars, in-service training, and grand rounds.

(11) The program requires each student to complete a minimum of three full-time academic years of graduate study, or the equivalent, and to complete an internship before awarding the doctoral degree. At least two of the three academic training years, or the equivalent, shall be completed at the institution from which the doctoral degree is granted, and at least one year shall be in full-time residence, or the equivalent, at the same institution. The program's coursework shall also include the skill courses appropriate for the applicant's major or area of emphasis.

(12) The program has and implements a clear and coherent curriculum plan that provides the means whereby all students can acquire and demonstrate substantial understanding of and competency in the current body of knowledge in the following three substantive areas:

(A) The breadth of scientific psychology, its history of thought and development, its research methods, and its applications. Each student shall have completed in one semester a three credit-hour semester course, or the equivalent quarter or trimester credit hours, in each of the following six areas:

(i) Biological aspects of behavior, including clinical neuropsychology and the biological foundations of psychopathology;

(ii) cognitive and affective aspects of behavior, including theories of perception, human learning and memory, cognitive development, and theories and research in human learning;

(iii) social aspects of behavior, including social psychology, advanced social psychology, theories, research, and clinical applications;

(iv) the history and systems of psychology, including the history of psychology and theories of personality;

(v) psychological measurement, including an introduction to mathematical methods in psychology, educational measurement methods in psychological research, and research methods in clinical psychology; and

(vi) research methodology and techniques of data analysis, including statistical methods in psychology, research design in education, multivariate analysis, and multivariate statistical methods.

(B) The scientific, methodological, and theoretical foundations of practice. Each student shall have completed in one semester a three credit-hour semester course, or the equivalent quarter or trimester credit hours, in each of the following four areas:

(i) Individual differences in behavior, including the basis and nature of individuality, intelligence and cognition, and cross-cultural counseling;

(ii) human development, including advanced child behavior and development, behavioral analysis of child development, psychology of adult personality, gerontology, and counseling with adults;

(iii) dysfunctional behavior or psychopathology, including advanced psychopathology; and

(iv) professional, ethical, legal, and quality assurance principles and standards, including professional and ethical problems in clinical psychology, and legal, ethical, and professional issues in counseling.

(C) Methods of diagnosing or defining problems through psychological assessment, measurement, strategies, and techniques of therapeutic intervention or re-

mediation. A minimum of 24 semester credit hours or the equivalent quarter or trimester credit hours shall be required, distributed between the following two areas:

(i) Nine semester credit hours or the equivalent quarter or trimester credit hours in assessment. Assessment hours shall include theories and methods of assessment and diagnosis, including intelligence testing, behavioral and personality assessment in children, theory and construction of personality tests and techniques, and psychodiagnostic assessment; and

(ii) fifteen semester credit hours or the equivalent quarter or trimester credit hours in techniques of therapeutic interventions, effective therapeutic intervention, consultation, and supervision, including counseling and interviewing skills, theories of group counseling, psychological clinic, clinical psychotherapy, group therapeutic techniques, and psychotherapy with families.

(13) The program requires at least 90 semester credit hours or the equivalent quarter or trimester credit hours of formal graduate study in the psychology program, of which at least 60 semester credit hours or the equivalent quarter or trimester credit hours are distributed among the content areas specified in paragraph (a) (12).

(14) At least 60 semester credit hours or the equivalent quarter or trimester hours of the coursework for the doctoral program are clearly designated on the transcript as graduate-level courses in the program, exclusive of practicum, internship, and dissertation credits. The number of program extension credits shall not exceed 10 semester credit hours or the equivalent quarter or trimester credit hours. The number of postdoctoral credit hours from a regionally accredited university or college to meet licensure requirements shall not exceed 10 semester credit hours or the equivalent quarter or trimester credit hours.

(15) When the program has an applied emphasis, including clinical psychology, counseling psychology, or school psychology, the training shall also include a minimum of at least two semesters of a coordinated practicum. The practicum in the application of skills related to areas of emphasis shall be performed in an organized setting necessary to qualify for professional experiences as required by K.A.R. 102-1-5a.

(16) The program advertises in official documents, including course catalogues and announcements of program standards and descriptions, admission requirements that are in part or in full based on objective, standardized achievement tests and measures.

(17) The program includes ongoing, objective review and evaluation of student learning and progress, and reports this evaluation in the official transcript.

(18) The program includes a comprehensive examination, or the equivalent as identified by the program, and requires that the applicant pass this requirement before awarding the doctoral degree.

(19) Each student is required to initiate, prepare, conduct, and report original research or an equivalent project as determined by the program and as part of the graduation requirements.

(20) The institution offering the graduate program has equipment and resources available, including suitable scientific and practicum facilities, and a library, all of

(continued)

which are adequate for the size of the student body and the scope of the program offered.

(b) An applicant may obtain from the board office a list of approved doctoral education programs in psychology. (Authorized by K.S.A. 1999 Supp. 74-7507; implementing K.S.A. 1999 Supp. 74-5310; effective May 1, 1982; amended May 1, 1984; amended, T-85-35, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended Dec. 18, 1998; amended Oct. 27, 2000.)

102-1-15. Continuing education. (a) Applicants for renewal of licensure shall have earned 100 continuing education hours in the two years preceding an application for renewal. The required number of continuing education hours shall be prorated for periods of renewal that are less than the full two years, using the ratio of one-third of the continuing education hours for each six months since the date of licensure or most recent renewal. Each continuing education category as defined below in subsection (c) shall be prorated accordingly for those persons whose periods of renewal are less than the full two years. Each person who is licensed within six months of the current expiration period shall be exempt from the continuing education requirement for that person's first renewal period.

(b) One academic semester credit hour shall be equivalent to 15 continuing education hours.

(c) Each licensed psychologist shall complete at least three contact hours of training on professional ethics. The licensed psychologist shall choose from one of the following:

(1) Satisfactory completion of a self-study program in professional ethics sanctioned by a professional organization related to the milieu or practice of the psychologist. This program shall include a competency assessment; or

(2) satisfactory completion of a program of professional ethics that is sanctioned by a professional organization related to the milieu or practice of the psychologist.

(d) Each licensed psychologist shall complete at least six contact hours of training on the diagnosis and treatment of mental disorders.

(e) Continuing education credits counting toward the required 100 hours may be obtained in category one or may be distributed among the following three categories of activities, with a maximum of 75 hours in category two and a maximum of 50 hours in category three. The continuing education categories shall be the following:

(1) Category one. This category shall consist of workshops, seminars, presentations, and publications. This category shall also include activities that are sponsored, accredited, or conducted by educational institutions, professional associations, or private institutions that are nationally or regionally accredited for training or activities conducted by agencies and groups that do not meet the requirements of national or regional accreditation, if the content is clearly related to the enhancement of psychology skills and knowledge. Actual contact hours, excluding breaks and lunch, shall be credited.

(2) Category two. This category shall consist of either of the following types of activities:

(A) The presentation of courses, workshops, supervision, or other formal training activities, when the content

is clearly related to the enhancement of psychology practice, values, skills, or knowledge. Continuing education credit shall be allowed for the time associated with the preparation and delivery of only the initial presentation. A maximum of 25 continuing education hours shall be allowed for providing supervision. A maximum of 25 continuing education hours shall be allowed for receiving supervision; or

(B) publications and professional presentations. Fifteen hours may be claimed for each publication or book chapter authored by the applicant, and 15 hours may be claimed for each scientific or professional paper presented.

(3) Category three. This category shall consist of non-supervised, self-programmed activities. These activities shall include the following:

(A) Self-instruction. A maximum of 25 continuing education hours shall be allowed in this subcategory;

(B) preparation by the applicant for a specialty board examination. A maximum of 25 continuing education hours shall be allowed only for the applicant's initial preparation for this examination;

(C) participation in quality care, client or patient diagnosis review conferences, treatment utilization reviews, peer review, case consultation with another licensed psychologist, or other quality assurance committees or activities. A maximum of 25 continuing education hours shall be allowed in this subcategory;

(D) participation in professional organizations, if the organization's activities are clearly related to the enhancement of psychology or mental health practice, values, skills, or knowledge. Participation in this subcategory may include holding office or serving on committees of the organization. A maximum of 25 continuing education hours shall be allowed in this subcategory; and

(E) receiving personal psychotherapy that is provided by a licensed or certified mental health provider and is a part of a designated training program. A maximum of 25 continuing education hours shall be allowed for personal therapy that is part of the training program.

(f) Each licensed psychologist shall be responsible for maintaining personal continuing education records. Each licensee shall record the licensee's continuing education activities on forms provided or approved by the board, which the licensee shall use for reporting continuing education activities. Each licensee shall submit to the board the licensee's personal records of participation in continuing education activities at a time or times the board specifies but not later than 60 days before the date the current license expires.

(g) In determining whether or not a claimed continuing education activity will be allowed, the licensed psychologist may be required by the board to demonstrate that the content was clearly related to psychology, or to verify that psychologist's participation in any claimed or reported activity. If a psychologist fails to comply with this requirement, the claimed credit may be disallowed by the board.

(h) Any applicant who submits continuing education documentation that fails to meet the required 100 continuing education hours may request an extension from the board. The request shall include the applicant's plan out-

lining the manner in which the applicant intends to complete the continuing education requirements. The applicant may be granted an extension, which shall not exceed six months. (Authorized by and implementing K.S.A. 1999 Supp. 74-7507; effective May 1, 1984; amended, T-85-35, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended July 24, 1989; amended Oct. 27, 2000.)

102-1-17. Licensee consult with physician when determining symptoms of mental disorders. (a) "Consult," as used in K.S.A. 74-5302 and amendments thereto, shall be defined as contact made by the licensee with the appropriate medical professional indicated in subsection (b), for the purpose of promoting a collaborative approach to the client's care. This contact may or may not be intended to accomplish confirmation of diagnosis. The timing of this action by the licensee shall be managed in a way that enhances the progress of assessment, diagnosis, and treatment. This consult may or may not be completed in the initial session of service delivery.

(b) The consult with a client's physician or psychiatrist may occur through documented face-to-face contact, documented telephonic contact, or other documented communication by the licensee with the physician, the physician's assistant, or designated nursing staff. When initiating this contact, the licensee shall not be responsible for the medical professional's response or for the client's compliance with any related intervention made by the medical professional.

(c) If a licensee is practicing in a setting or contract arrangement that involves a person licensed to practice medicine and surgery for review of mental health treatment, a physician consult may be completed through medical involvement completed in accordance with the established procedure of the setting or contract arrangement.

(d) If a licensee is practicing in a licensed community mental health center or its affiliate, or other agency of the state or licensed by the state for providing mental health, rehabilitative, or correctional services, a physician consult shall not be required beyond the procedures for medical involvement as established by the qualifying agency.

(e) In order to maintain patient confidentiality and informed consent, the licensee shall obtain either a written consent to consult with the patient's physician or a written waiver declining the consultation.

(f) Independent diagnosis may be achieved by the licensee consulting with another mental health practitioner in order to establish a diagnosis. (Authorized by K.S.A. 1999 Supp. 74-7507; implementing K.S.A. 74-5302, as amended by L. 1999, Ch. 117, Sec. 25; effective Oct. 27, 2000.)

102-1-18. Designation of referral source for use in the diagnosis and treatment of mental disorder. The "diagnostic and statistical manual of mental disorders," fourth edition, copyrighted in 1994 and published by the American psychiatric association, is hereby adopted by reference. (Authorized by K.S.A. 1999 Supp. 74-7507 and K.S.A. 74-5302, as amended by L. 1999, Ch. 117, Sec. 25; implementing K.S.A. 74-5302, as amended by L. 1999, Ch. 117, Sec. 25; effective Oct. 27, 2000.)

Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made Kansas Register binders are now available. These binders will attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. They are high quality, durable casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binders feature dark blue supported vinyl covering and gold imprinting.

\$12 each, includes shipping and handling.
