## Executive Order 01-01

WHEREAS, the Kansas Bureau of Investigation and the Brown County Sheriff's Department are investigating the death of Jodie L. Bordeaux, and

WHEREAS, on November 21, 1997, at approximately 12:42 a.m., the Brown County Sheriff's Department received a 911 phone call from Shawn Bordeaux stating his wife had been shot in the head. Officers from the Brown County Sheriff's Department responded to the scene and subsequently called the Kansas Bureau of Investigation, and

WHEREAS, during the initial interview of Mr. Bordeaux, he informed a Brown County Undersheriff that prior to his wife being shot, they were sitting in the living room discussing bills and watching television when they heard several loud pops. He initially assumed the light bulb in the floor lamp behind his chair had exploded but then saw dust and debris in the air. He got out of his chair, ran towards the kitchen, and saw Jodie get up from the couch and run toward the bedroom where he later found her on the floor with a gunshot wound to the head, and

WHEREAS, Mr. Bordeaux stated he had not heard anything except the loud pops initially, but while at his wife's side trying to stop the bleeding, he heard a vehicle, and

WHEREAS, numerous shell casings were found at the scene that correspond with the bullet entry holes into the house. Examination of the scene determined that bullets entered the house in several locations. No firearms were located on or near the scene.

WHEREAS, the investigation has identified several individuals who may have knowledge or involvement in the murder of Jodie Bordeaux, but at this time law enforcement has not received or discovered the needed evidence to proceed with the arrest and/or prosecution of the individual(s) responsible for Ms. Bordeaux's death.

WHEREAS, due to the passage of time since the homicide and the current status of the investigation, the offer of a reward may enhance the efforts of the Brown County Sheriff's Department and the Kansas Bureau of Investigation in the investigation in this crime;

NOW, THEREFORE, by virtue of authority vested in me by K.S.A. 75-113, I, Bill Graves, Governor of the State of Kansas, do hereby offer a reward of five thousand dollars (\$5,000) for information leading to the arrest and conviction of the individual or individuals who committed the murder of Jodie Bordeaux.

This document shall be filed with the Secretary of State as Executive Order 01-01, and shall become effective immediately.

## State of Kansas

## Governmental Ethics Commission

## Opinion No. 2001-01

Written January 18, 2001, to David Metzenthin, Procurement Officer, Department of Administration, Division of Purchases, Topeka.

This opinion is in response to your letter of December 22, 2000, in which you request an opinion from the Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

## Factual Statement

We understand you request this opinion in your capacity as the procurement officer for the Department of Administration, Division of Purchases. You have explained that you were approached by the GartnerGroup and asked to participate in a study they were conducting on negotiation practices for computer contracts. You were asked to discuss your expertise in negotiating technology contracts. You have explained that you gained this expertise in your position with the state of Kansas. On your personal time, you performed an hour-long interview for the GartnerGroup. The GartnerGroup has offered to pay you \$200.00 for this service.

## Questions

I. May you accept the payment for the interview without violating any governmental ethics laws?

II. If you may not accept the payment, may you accept the payment on behalf of a charity and submit the contribution to the charity personally?

## Opinion

With respect to your first question, K.S.A. 46-235, which involves restrictions on the compensation of state employees, applies to this question. It states:

No state officer or employee shall accept compensation for performance of official duties, other than that to which such person is entitled for such performance. No person shall pay or offer to pay any state officer or employee any compensation for performance of official duties, except a state officer or employee performing official duties in making payments to state officers and employees. The receipt of wages or salary from an individual's non-state employer during a period of service as a state officer or employee shall not be construed as compensation for performance of official duties.

Compensation is defined by K.S.A. 46-216 as "any money, thing of value, or economic benefit conferred on, or received by, any person in return for services rendered. . . ."

Clearly, the offered payment constitutes "compensation" under the above definition. The question then becomes whether you were acting in your official capacity when you performed the interview. You have informed a member of our staff, in a telephone conversation, that it is not a part of your job duties to perform these type of

services, that the State of Kansas received no benefit from this interview and that your agency would not have authorized you to perform this service on state time. You also stated that you performed this interview on your personal time. Because it was not a part of your official duties to provide this interview, and because you were acting in your personal capacity when you performed this service, K.S.A. 46-235 would not prohibit you from accepting payment for the interview.

The answer to your first question makes it unnecessary for us to address your second question.

## Opinion No. 2001-02

Written January 18, 2001, to Steve Kelly, Director, Business Development Division, Kansas Department of Commerce and Housing, Topeka.

This opinion is in response to your letter of January 4, 2001, in which you request an opinion from the Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

## Factual Statement

We understand you request this opinion in your capacity as Director of the Business Development Division of the Kansas Department of Commerce and Housing (KDOC&H). You have explained that the Kansas Speedway Corporation (KSC) has offered to provide the KDOC&H with a hospitality tent at the Kansas Speedway to use for economic development and promotional purposes. A goal of your department is to encourage economic development, travel and tourism in Kansas. If your agency were to accept the use of the hospitality tent, it would envision using it to host business prospects and site location consultants, conduct "familiarization" tours for travel operators, and related activities. You have advised a member of our staff in a telephone conversation that these activities will be held during racing or other events held at the Kansas Speedway. In addition, the use of the hospitality tent would include a certain number of seats to the events, and attendees could either view the races from the tent or utilize the seats.

In addition, you have explained that in order to host these activities, it will be necessary for employees of the agency to attend the events. These employees would accompany business prospects and other guests as guides or hosts, and would be acting at the request of the agency. You have stated that the number of state employees at any particular event would be commensurate with the number of guests in attendance.

## Questions

I. May the Kansas Department of Commerce and Housing accept the hospitality tent?

II. May employees of the Kansas Department of Commerce and Housing, acting in their official capacity, attend the events held in the hospitality tent?

(continued)

Opinion

K.S.A. 46-237a, which involves the acceptance of gifts, applies to this question. It states in pertinent part:

(b) No person subject to the provisions of this section shall solicit or accept any gift, economic opportunity, loan, gratuity, special discount or service provided because of such person's official position, except:

- (1) A gift having an aggregate value of less than \$40 given at a ceremony or public function where the person is accepting the gift in such person's official capacity; or
- (2) gifts from relatives or gifts from personal friends when it is obvious to the person that the gift is not being given because of the person's official position; or
- (3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state; or
- (4) contributions solicited on behalf of a nonprofit organization which is exempt from taxation under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1986, as amended.

Pursuant to this statute, state employees are entirely prohibited from accepting gifts unless one of the enumerated exceptions applies. If a state employee were to accept the use of the hospitality tent on behalf of the state, and this gift was to become the property of the state, then the exception in subparagraph (3) would apply, and the employee could accept the hospitality tent on behalf of the state agency.

K.S.A. 46-237(c), which affects the ability of entities to provide gifts to state agencies, should also be addressed. It states:

No person licensed, inspected or regulated by a state agency shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year to such agency or any state officer or employee, candidate for state office or state officer elect of that agency.

Because the KSC is not licensed, inspected or regulated by the KDOC&H, it would not be prohibited from providing the agency with the hospitality tent. Therefore, there are no prohibitions in the Kansas governmental ethics laws which would prevent the agency from accepting this gift.

Utilization of this hospitality tent, however, will require state employees to host the events held in the hospitality tent. As a practical matter, this will provide those state employees with free access to the racing events held at the Kansas Speedway. Therefore, we must address K.S.A. 46-237a(e), which states:

No person subject to the provisions of this section shall solicit or accept free or special discount tickets or access to entertainment or sporting events or activities such as plays, concerts, games, golf, exclusive swimming, hunting or fishing or other recreational activities when the free or special discount tickets or access are provided because of the person's official position. The provisions of this subsection shall not apply to persons whose official position requires or obliges them to be present at such events or activities.

Pursuant to this statute, state employees are entirely prohibited from accepting free or special discounted access to entertainment events provided because of their

official position, unless they are required to be present at such events. In the case at hand, the state employees must be present to host the event held in the hospitality tent, and, therefore, their official position requires them to be present. Consequently, they may attend the events without violating the governmental ethics laws.

In conclusion, the KDOC&H may accept the hospitality tent provided by the KSC, and the state employees whose presence is required to host the event may attend the event without violating the state level governmental ethics laws.

Article 5.—COMPENSATION

1-5-8. Beginning pay. (a) Each new hire and each rehire not based on a reemployment or reinstatement shall be paid at the minimum step of the pay grade for the class.

(b) New hires and rehires not based on a reemployment or a reinstatement may be paid at higher steps in the pay grade only under the following circumstances:

(1) If an agency has an eligible candidate with exceptional qualifications directly related to the vacant position and the agency cannot employ the person at the minimum step, the appointing authority may approve beginning pay for the individual at a higher step in the pay grade. Exceptional qualifications shall be based on the candidate's education, training, experience, skills, and other qualifications.

(2) If there is a lack of candidates for a class of positions available for employment at the minimum step, one or more appointing authorities may request that the director establish some higher step in the pay grade as the beginning pay for new hires and for rehires not based on a reemployment or a reinstatement in the class. Authorization for the higher beginning pay may be given to a designated agency or agencies, to all agencies, or for a particular geographical area. Unless an earlier expiration date is specified, the authorization shall expire on the last day of the last payroll period chargeable to the fiscal year during which the authorization was granted.

(A) When an agency uses an authorization granted under paragraph (b)(2), the agency shall, except as provided below, raise the pay of each incumbent in the class who is being paid at a lower step to the higher beginning pay.

(B) If the authorization granted under paragraph (b)(2) is only for a particular geographical area, the agency shall not raise the pay of incumbents in other geographical areas.

(C) Each agency that has positions in the class or geographical area authorized for a higher beginning pay shall be notified of the authorization by the director. Each increase to a higher step given to an incumbent because the agency uses a higher beginning pay under paragraph (b)(2) shall be effective at the beginning of the next pay period. The length of time that the incumbent has spent on the previous step of the pay grade shall count toward the time-on-step requirement for the new step.

(3) An appointing authority may pay a temporary employee at a higher step in the pay grade if the candidate has exceptional qualifications directly related to the position or has former permanent status in the same class or another class at the same or higher pay grade.

(c) In a manner prescribed by the director, the appointing authority shall report to the director each hire above the minimum step made by the appointing authority as provided in this regulation.

(continued)

(d) The beginning pay for any unclassified employee hired into a position in the classified service shall be determined in accordance with the provisions of this regulation.

(e) This regulation shall take effect on and after February 4, 2001. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2938 and K.S.A. 75-3746; effective May 1, 1979; amended, E-81-14, June 12, 1980; amended May 1, 1981; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended Dec. 17, 1995; amended Oct. 24, 1997; amended, T-1-1-30-01, Feb. 4, 2001.)

**1-5-9. Pay of temporary employee.** (a) Except as provided in subsection (b), the pay of each temporary employee shall be the minimum step of the pay grade to which the classification is assigned.

(b) At the option of the appointing authority, any temporary employee may be hired at a step higher than the minimum step as provided in K.A.R. 1-5-8.

(c) Nothing in this regulation shall prevent the appointing authority from hiring the candidate at a step in the pay grade lower than that permitted by subsection (b).

(d) No person hired on a temporary basis shall be eligible for any step increase during the period of temporary employment.

(e) This regulation shall take effect on and after February 4, 2001. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2938 and K.S.A. 75-2945; effective May 1, 1979; amended, E-81-14, June 12, 1980; amended May 1, 1981; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended, T-1-7-27-89, July 27, 1989; amended Nov. 20, 1989; amended Dec. 17, 1995; amended Sept. 18, 1998; amended, T-1-1-30-01, Feb. 4, 2001.)

**1-5-19b. Individual pay step increases.** (a) Each employee whose latest performance review rating in the preceding 12-month period is at least satisfactory shall receive a pay step increase as provided by subsections (b) and (c) of this regulation, except as otherwise ordered by the governor.

(b) Each employee who is on the minimum step or the second step of a pay grade shall receive a one-step pay increase after six full months on that step of the pay grade.

(c) Each employee who is on the third step of a pay grade or any higher step, except the maximum step, shall receive a one-step pay increase after 12 full months on that step of the pay grade.

(d) This regulation shall take effect on and after February 4, 2001. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2938; effective May 1, 1983; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended, T-1-7-27-89, July 27, 1989; amended Nov. 20, 1989; amended Dec. 17, 1995; amended, T-1-1-30-01, Feb. 4, 2001.)

**1-5-19c. Effect of pay grade changes on pay.** (a) If the governor has assigned a class of positions to a higher pay grade, each employee in that class shall be placed on the step of the higher pay grade that is the same rate, in dollar amount, as the current rate paid to the employee.

(b) If the employee is being paid a dollar amount below the minimum step of the higher pay grade, an increase shall be made to the minimum step.

(c) In all cases, the length of time that the employee has spent on the step of the previous pay grade shall count toward the time-on-step requirement for computing the next pay increase date. If the number of months accumulated is greater than the number of months required for a step increase, the employee shall be granted one or more step increases, and any unused months shall count toward the next pay increase.

(d) This regulation shall take effect on and after February 4, 2001. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2938 and K.S.A. 75-2938a; effective May 1, 1983; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended, T-1-7-27-89, July 27, 1989; amended Nov. 20, 1989; amended Dec. 17, 1995; amended Oct. 24, 1997; amended, T-1-1-30-01, Feb. 4, 2001.)

**1-5-20. Individual pay decreases.** (a)(1) The appointing authority may reduce the pay of any employee one step by reason of a less than satisfactory rating according to a current performance review. Such a decrease shall not result in a pay rate below the minimum step of the pay grade. Approval of the director shall be required for more than one of these reductions in any 12-month period.

(2) Following a pay decrease, the employee's pay increase date shall be governed by the time-on-step requirement of the new step, except that the pay may be increased to the step from which it was reduced in any later payroll period, if the employee's subsequent rating is satisfactory.

(b) If the governor has assigned a class of positions to a lower pay grade, each employee in the class shall continue to be paid at the same pay rate, in dollar amount, as the current rate paid to the employee. The length of time the employee has spent on the step of the previous pay grade shall count toward the time-on-step requirement for computing the pay increase date. If the employee's current salary is above the new pay grade, the employee shall not receive a salary increase until the time that an increase may be made within the new pay grade.

(c) This regulation shall take effect on and after February 4, 2001. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2938, K.S.A. 75-2938a, and K.S.A. 75-3746; effective May 1, 1979; amended, E-81-14, June 12, 1980; amended May 1, 1981; amended May 1, 1982; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended Dec. 17, 1995; amended, T-1-1-30-01, Feb. 4, 2001.)

## State of Kansas

Department of Commerce  
and HousingPermanent Administrative  
RegulationsArticle 6.—HIGH PERFORMANCE  
INCENTIVE PROGRAM

110-6-1. **Clarification of selected criteria for designation of a “qualified firm.”** (a) For any firm seeking to qualify a “qualified business facility,” as defined in K.S.A. 79-32,154 and amendments thereto, for the high performance incentive program (HPIP), the qualified business facility shall satisfy one of the following conditions:

(1) The standard industrial classification (SIC) code assigned to the facility shall be under a major category of one of the SIC codes, or shall be an appropriate North American industry classification system (NAICS) designation, as specified in K.S.A. 74-50,131 and amendments thereto.

(2) The SIC code assigned to the facility may be under any major SIC code or NAICS designation, if the facility is a headquarters or back-office operation of a national or multi-national business.

(b) An SIC designation shall be assigned by the secretary of commerce and housing to a qualified business facility, using the SIC code or NAICS designation specified for that facility by the Kansas department of human resources when appropriate. The basis for the SIC code or NAICS designation shall be the codes as set forth in K.S.A. 74-50,131 and amendments thereto.

(c)(1) The “measurement period” shall be the four-calendar-quarter interval during which the qualifying criteria in authorizing statutes and related regulations are satisfied. Any workforce training tax credit that is earned, as authorized in K.S.A. 74-50,132, and amendments thereto, shall be based on activities occurring during the measurement period.

(2) The “certification period” shall be the interval during which the qualified firm is eligible to perform the following activities:

(A) Apply to the Kansas department of revenue for a sales tax exemption certificate in connection with “qualified business facility investment,” as defined in K.S.A. 79-32,154 and amendments thereto;

(B) capture “qualified business facility investment,” in accordance with Kansas department of revenue determinations of eligibility for calculating the investment tax credit authorized in K.S.A. 79-32,160e and amendments thereto;

(C) incur the consulting costs that may be matched on a reimbursement basis from available monies in the “high performance incentive fund,” as authorized in K.S.A. 74-50,133 and amendments thereto; and

(D) receive priority consideration for other business assistance programs as authorized in K.S.A. 74-50,133 and amendments thereto.

(3)(A) Except as provided in paragraph c(4) of this regulation, the qualifying firm shall apply for a certification

period after establishment of the measurement period. There shall be the following two kinds of certification periods, depending on the nature of the workforce at the qualified business facility.

(i) For a qualified business facility with a significant history of operations that precede the measurement period, a 12-month certification period shall begin at the option of the qualified firm anytime during the calendar quarter following the end of the measurement period.

(ii) For a qualified business facility with no significant operating history before the start of the measurement period, the certification period shall begin at the onset of investment to establish the qualified business facility and shall continue for 12 months after the end of the measurement period.

(B) Except for investment projects that have already begun before the effective date of this regulation, and on which commerce and housing personnel have been working with a business over a substantial period of time, a business that is planning investment in a qualified business facility shall, before committing to the investment, demonstrate knowledge of the HPIP program by submitting a certificate of intent to invest, also known as a capital investment project description, that describes the anticipated capital investment project, on a form specified by the secretary. This project description form shall include estimated investment amounts, a projected starting and ending date, information about the current employment level and anticipated net new job creation and job retention, and a statement indicating the HPIP’s level of importance in facilitating this investment.

Certification of the qualified business facility shall be contingent on documentation submitted by the business that it has met statutory criteria during the measurement period. Only the investment to which the business committed after submittal to the secretary of the capital investment project description form on which that investment is identified shall be eligible for the HPIP investment tax credit, if all other investment eligibility requirements have been satisfied.

Certification of a business not planning capital investment shall occur after both of the following conditions have been met:

(i) The other program requirements are satisfied.

(ii) The business demonstrates prior knowledge of the program by submitting the form used for description of a capital investment project, completed except for capital investment information.

A business seeking certification in order to utilize a high performance incentive program investment tax credit that has been carried forward shall not be required to comply with paragraph (c)(3)(B)(ii).

(4) A determination may be made by the secretary of the department of commerce and housing that it is in the best economic interests of the state to allow certification based on a promise of future performance, rather than historical accomplishments, if justified by the magnitude of potential job creation and investment and by other considerations deemed appropriate in the judgement of the secretary.

(continued)

(d) All records and documentation used to support a firm's status as qualified shall be subject to audit by the Kansas department of commerce and housing. (Authorized by and implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001.)

110-6-1a. **Training and education requirement.** After the "qualified business facility," as defined in K.S.A. 79-32,154 and amendments thereto, of a firm has been "qualified" by meeting the criteria outlined in K.A.R. 110-6-1, that facility shall satisfy a training and education requirement during a measurement period, as defined in K.A.R. 110-6-1(c)(1), before gaining access to program benefits. The training and education requirement shall be met by performance of one of the following activities:

(a) The facility shall participate in the Kansas industrial training, Kansas industrial retraining, or the training segment of the state of Kansas investments in lifelong learning workforce training program, in which the state provides funding to help offset the firm's costs of employee training. Participation in the workforce training program shall be ongoing before the start of the certification period, or, if participation has been terminated, that participation shall have occurred during at least three months of the measurement period.

(b) The firm shall spend at least two percent of its total payroll costs for employee training and education at the facility, exclusive of compensation paid an employee during the receipt of on-the-job training or self-training as defined in K.A.R. 110-6-3. (Authorized by K.S.A. 1999 Supp. 74-50,115, as amended by L. 2000, ch. 157, sec. 6 and K.S.A. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; implementing K.S.A. 1999 Supp. 74-50,115, as amended by L. 2000, ch. 157, sec. 6, K.S.A. 74-50,131, as amended by L. 2000, ch. 157, sec. 8, and K.S.A. 1999 Supp. 74-50,132; effective, T-110-4-25-00, April 25, 2000; effective Feb. 23, 2001.)

110-6-2. **Authority for designating a qualified firm.** Each firm designated as a qualified firm in compliance with K.A.R. 110-6-1 shall be certified annually to the department of revenue by the secretary of commerce and housing. (Authorized by and implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001.)

110-6-3. **Definitions.** (a) A firm's "average wage for a qualified business facility" shall be computed by dividing total FTE's, as determined under subsection (g) of this regulation, into total payroll costs as defined under subsection (p) of this regulation, which total payroll costs have been paid over the same "measurement period" used under subsection (g) of this regulation to determine the FTE count. Any firm that is seeking to qualify under the alternative wage standard set out in K.S.A. 74-50,131 and amendments thereto, shall exclude from the total payroll costs any wage compensation that is paid to anyone at the qualified business facility who has a direct or

indirect equity interest in the business enterprise of five percent or more.

(b) "Back-office operation" means a worksite at which the dominant business activities are ancillary processing functions that support and may improve operating efficiencies of the primary focus of the business, but that are not of themselves integral and necessary to performing the primary business activities. Each back-office operation shall also meet the "back-office" criteria specified on the HPIP form titled "qualifying as a headquarters or back-office operation of a national or multi-national corporation" and revised on 12/15/00, which form is hereby adopted by reference.

(c)(1) "Cash investment" means actual cash outlays to pay for training and education. The definition shall include any expenditure that is eligible under the Kansas industrial training, Kansas industrial retraining, or the state of Kansas investment in lifelong learning workforce training programs. In addition, this definition shall include the wages of employees who are receiving training in a classroom-type setting, but who are not producing marketable product. This definition shall include expenditures for the following:

(A) Instructors' salaries;

(B) travel expenses;

(C) training manuals and textbooks;

(D) supplies, materials, and other expenses related to curriculum planning, development, and implementation;

(E) the wages of any regular employee during the time the employee spends training other employees; and

(F) reimbursement of tuition and other education and training-related expenses to employees for relevant outside coursework.

(2) Compensation paid an employee who is receiving on-the-job training shall be specifically excluded from eligibility as cash investment in training and education. Also, costs of self-training during an actual production activity shall be excluded.

(3) Final authority for determining which expenditures constitute a "cash investment" in training and education shall rest with the secretary of the Kansas department of commerce and housing.

(4) Training and education costs covered by monies or grants obtained from state, federal, or other government sponsored workforce training programs shall not be included as a cash investment by the business.

(d) "Certification period" is defined in K.A.R. 110-6-1.

(e) "Commercial customer" means any customer that does not satisfy the definition of "governmental customer" under subsection (h) of this regulation and that has been assigned a federal employer identification number (FEIN).

(f) A "commitment to invest" means a written agreement concerning an investment that is signed by the company making the investment and another party and that provides that party with legally enforceable remedies if the company making the investment fails to carry out the agreement.

(g) "Full-time-equivalent employees (FTE's)" shall be computed as follows:

(1) For the "measurement period," the number of hours worked by employees who normally work fewer

than 40 hours per week shall be totaled and then divided by 2,080 hours.

(2) The result shall be added to the average number of employees who normally worked 40 or more hours per week during the "measurement period."

(3) Calculation of FTE's shall include "leased employees" as defined in subsection (k) of this regulation.

(h) "Governmental customer" means a customer that is categorized in major standard industrial classification (SIC) groups 91 through 97 or the appropriate North American industry classification system (NAICS) designation, or a customer that is categorized in major SIC groups 82 through 84 or the appropriate NAICS designation, and is funded primarily with tax dollars and is not a for-profit organization.

(i) "Gross revenues," as used in K.S.A. 74-50,131 and amendments thereto, means the same as the common usage for that term in financial and accounting applications under generally accepted accounting principles (GAAP) financial reporting standards.

(j) "Headquarters" means a worksite where principal officers of the business are housed and from which direction, management, or administrative support of transactions is provided for a business or a division of a business. Each headquarters shall also meet the "headquarters" criteria specified on the HPIP form which is adopted by reference in subsection (b).

(k) "Leased employees," as defined in this regulation, shall be considered employees of the qualifying business for purposes of measuring employee training and determining the number of full-time-equivalent employees at a qualified business facility, in order to calculate an average wage for that worksite.

Leased employees are those employees leased by the qualifying business from another company, or those employees who are engaged by the qualifying business under a personnel services agreement entered into with another company, regardless of whether the companies are related taxpayers as defined in K.S.A. 79-32,154 and amendments thereto.

Leased employees shall mean employees who fill positions that are one year or longer in duration and whose work duties are directed by the business for which they are producing work product, regardless of the relationship between the business for which they are working and the business from which their wages or salary is issued. If the employee is engaged by the qualifying business through a personnel services agreement with a related taxpayer, work activities may be directed by the qualifying business or the related taxpayer.

(l) "Measurement period" is defined in K.A.R. 110-6-1.

(m) Whether a business qualifies as a "multi-national corporation" shall be determined by the secretary, when a qualified business facility is attempting to qualify as a headquarters or back-office operation. However, except in unusual circumstances, a multi-national corporation means a legal entity with at least one permanent worksite in the United States and one or more additional permanent worksites established in one or more other countries, with attendant personnel and owned or leased facilities, equipment, and infrastructure, and does not mean just

one or a few worksites in this country that make some international sales. Each multi-national corporation shall also meet the "multi-national corporation" criteria specified on the HPIP form which is adopted by reference in subsection (b).

(n) Whether a business qualifies as a "national corporation" shall be determined by the secretary, when a qualified business facility is attempting to qualify as a headquarters or back-office operation. Each national corporation shall also meet the "national corporation" criteria specified on the HPIP form which is adopted by reference in subsection (b).

(o) Each reference to codes used by the "standard industrial classification" (SIC) system in K.A.R. 110-6-1, K.A.R. 110-6-1a, K.A.R. 110-6-2, K.A.R. 110-6-3, K.A.R. 110-6-4, and K.A.R. 110-6-5 shall also refer to the codes that are used by the North American industry classification system (NAICS).

(p) "Total payroll costs" means the amount reported to the Kansas department of human resources for a qualified business facility as "total wages paid this quarter" on the "employer's quarterly wage report and contribution return" or the "multiple worksite report" for the appropriate "measurement period." Total payroll costs shall include overtime, bonuses, vacation and sick pay, and severance pay and shall be used for purposes of calculating the average wage for a particular qualified business facility.

(q) "Training and education" means an activity for which an employee either is paid to participate or is reimbursed for expenses incurred, or both, and from which the firm expects to derive increased productivity or quality, or both.

(r) "Wage standard" means a derivative of the average wage information developed for the Kansas department of commerce and housing for each major two-digit SIC category, or for the appropriate NAICS designation, using all firms located within a geographical wage area that are required to provide the Kansas department of human resources with an "employer's quarterly wage report and contribution return" or a "multiple worksite report." (Authorized by K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8 and K.S.A. 1999 Supp. 74-50,132; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001.)

110-6-4. **Eligibility and application procedures for the high performance incentive fund.** (a) Each firm that meets the eligibility requirements to be a qualified firm under the high performance incentive program and that meets the program's training requirement shall also be eligible for the high performance incentive fund.

(continued)

(b) To apply for funds from the high performance incentive fund, each firm shall submit the following information:

(1) The firm name, address, telephone number, and designated contact person;

(2) the name of the consultant and a brief description of the consultant's qualifications;

(3) a short description of how this particular consultant was selected;

(4) disclosure of any financial or legal relationship between the consultant and the company or its principals;

(5) a brief description of the scope of the proposed consulting service, the manner in which appropriate limits for the consulting service were decided upon, the goals that have been targeted, and the benefits that are expected from the consulting activity;

(6) a timetable for completion of consulting services and a date by which realization of the benefits is anticipated; and

(7) a statement of the total cost of the consulting services, the amount of financial assistance being requested from this program, specifics of any funding assistance for consulting or training being received from other state programs, and documentation supporting the requested amount of assistance for spending that occurred during a certification period, as defined in K.A.R. 110-6-1.

(c) Each qualified firm shall submit a request for funding from the high performance incentive fund within one year of the end of the certification period in which the eligible expenditures were made, and only for certification periods ending in state fiscal years in which funding for this benefit was appropriated by the legislature. In order to allow encumbrance of funding, the qualified firm with a certification period that ends within the state's July 1 through June 30 fiscal year, that has not already submitted a request for funding, shall submit a written notice by May 1 in that fiscal year that the qualified firm intends to submit a request for funding for reimbursement associated with the certification period that ended in that fiscal year.

(d) Funding requests shall be processed in the order received, and reimbursement shall be provided to the extent that funding has been made available to the program through legislative appropriations. In no case shall reimbursement exceed 50% of the eligible expenditures, and an upper limit on the dollar amount of reimbursement for each certification shall be established by the secretary for any state fiscal year in which funding has been appropriated by the legislature.

(e) Records supporting monetary requests shall be subject to audit by the Kansas department of commerce and housing. 110-6-5. **Approval guidelines for private consultants.** Each qualified firm that has satisfied the training requirement shall obtain approval from the secretary of commerce and housing for the consultant used to accelerate the qualified firm's growth. Approval shall be de-

termined by examining materials required to be submitted under subsection (b) of K.A.R. 110-6-4. (Authorized by and implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001.)
