Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, November 8, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

Project No. 000512—Maximum Principal Amount: \$40,609.14. Owner/Operator: Denton and Jennifer Rich. Acquisition of 5 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at Section 22, Township 28, Range 18, Kiowa County, Kansas, approximately 1 block south of Greensburg on Highway 54.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the Authority at its offices at Suite 202, 555 S. Kansas Ave., Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Any individual affected by the above-described project may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. NESIKA Energy, LLC has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 for a 21 million gal/yr ethanol plant. Emissions of particulate matter (PM), particulate matter equal to or less than 10 microns in diameter (PM₁₀), volatile organic compounds (VOCs), oxides of nitrogen (NO_x), sulfur dioxide (SO₂) and carbon monoxide (CO) were evaluated during the permit review process.

NESIKA Energy, LLC, Courtland, owns and operates the stationary source located at the SE 1/4 of Section 13, Township 3 South, Range 5 West, Scandia, Republic County, at which the ethanol plant is to be constructed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE North Central District Office, 2501 Market Place, Salina. To obtain or review the proposed permit and supporting documentation, contact Dana Morris, (785) 296-1578, at the KDHE central office, or Joan Ratzlaff, (785) 827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Dana Morris, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business November 26.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business November 26 in order for the Secretary of Health and Environment to consider the request.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Cargill, Incorporated - Oilseeds Division has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to replace an existing desolventizing toaster-dryer cooler and a stand-alone cooler unit with a stand-alone desolventizing toaster and a four-deck dryer-cooler unit and to replace the primary and secondary oil stripper with one stripper of a similar design. Emissions of volatile organic compounds (VOCs), particulate matter (PM) and particulate matter with an aerodynamic diameter equal to or less than 10 microns (PM₁₀) were evaluated during the permit review process.

Cargill, Incorporated - Oilseeds Division, Wichita, owns and operates the stationary source located at 1425 N. Mosley, Wichita, at which the soybean processing equipment is to be installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, and at the Wichita-Sedgwick County Department of Community Health, 1900 E. 9th, Wichita. To obtain or review the proposed permit and supporting documentation, contact David A. Peter, (785) 296-1615, at the KDHE central office, or Randy Owen, (316) 268-8449, at the Wichita-Sedgwick County Department of Community Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to David A. Peter, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business November 26.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. Request for Comments

The Kansas Department of Health and Environment is announcing its intent to issue an air quality construction permit to Duke Energy Leavenworth, LLC (Duke) for installation of a proposed electrical generation facility. The proposed facility is to be located 7 miles southwest of Leavenworth. The proposed construction permit authorizes Duke to install and operate two natural gas-fired combined cycle combustion turbine generators, two heat recovery steam generators with duct burners, mechanical chillers for inlet air cooling, one reheat condensing steam turbine generator, one natural gas-fired low NO_x auxiliary boiler, one back-up diesel firewater pump, one multiple-cell cooling tower and necessary ancillary equipment. The proposed plant is to have a nominal electric generating capacity of 640 megawatts.

The proposed permit is to be issued in accordance with the provisions of K.A.R. 28-19-17, Prevention of Significant Deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or is better than the national ambient air quality standards (NAAQS).

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to effect the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the proposed Duke facility indicates that the emission rate of nitrogen oxides, sulfur dioxide, carbon monoxide, volatile organic compounds and particulate matter all exceed the significance levels. Duke conducted the required BACT analyses. The department has reviewed Duke's BACT analyses and concurs with its findings that selective catalytic reduction is the BACT for these turbines as add-on pollution control devices.

The PSD regulations also require an evaluation of the impacts, if any, that emissions from the proposed modifications may have on the ambient air quality, visibility, vegetation and soils. Duke has conducted the required analyses in accordance with methods approved by the United States Environmental Protection Agency. The results of the analyses conclude that there should be no significant impacts on the ambient air quality, visibility, local vegetation or soils.

A public comment period has been established through November 26 to allow citizens the opportunity to express any concerns or comments they may have about this permitting action. All comments should be submitted in writing to Connie Carreno, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. A pub-

lic hearing may be requested on this permitting action. The request for a public hearing should be submitted in writing and should identify the reasons why a public hearing is being requested.

A copy of the proposed permit, the permit application and the information relied upon during the permit application review process is available for public review during normal business hours (8 a.m. to 5 p.m.) at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE Northeast District Office, 800 W. 24th, Lawrence. Questions about the draft permit should be directed to Harish Agarwal at (785) 296-1572 or to John Ramsey at (785) 296-1992. To review the proposed permit and supporting documentation, or to obtain copies, contact Connie Carreno, (785) 296-6422, at the KDHE central office, or Pat Simpson, (785) 842-4600, at the KDHE Northeast District Office. The standard departmental cost will be assessed for any copies requested.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Excel Corporation has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to add the capability of burning alternative fuel (tallow) along with natural gas and fuel oil. Emissions of oxides of nitrogen (NOx), carbon monoxide (CO), volatile organic compounds (VOCs), oxides of sulfur (Sox) and particulate matter equal to or less than 10 microns in diameter were evaluated during the permit review process.

Excel Corporation, Dodge City, owns and operates the stationary source located at Section 4, Township 27 South, Range 24 West, Dodge City, where the capability of burning tallow is to be included.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Daizy Dandass, (785) 296-6427, at the KDHE central office, or David Butler, (620) 225-0596, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

**Notice Concerning Kansas
Water Pollution Control Permits**

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below.

The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Facility Description: The proposed action is to issue a new permit for the operation of a new wastewater treatment facility treating primarily domestic wastewater. This facility has a one-cell wastewater stabilization lagoon. Included in this permit is a schedule of compliance requiring the permittee to obtain the services of a KDHE-certified wastewater treatment plant operator to achieve compliance with its NPDES permit. Discharge of wastewater from this treatment facility to the surface waters of the State of Kansas is prohibited by this permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f).

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Shonda Domme for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before November 24 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-01-344/349, KS-01-148/149, KS-ND-01-025) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

**Summary Notice of Bond Sale
Unified School District No. 457
Finney County, Kansas (Garden City)
\$6,855,000**

**General Obligation Bonds
(General obligation bonds payable from
unlimited ad valorem taxes)**

Details of the Sale

Subject to the terms and conditions of the complete official notice of bond sale dated as of October 15, 2001, of Unified School District No. 457, Finney County, Kansas (Garden City), sealed, facsimile and electronic bids for the purchase of the bonds shall be received at the office of the school district's chief financial officer at 1205 Fleming St., Garden City, Kansas, until 4:30 p.m. Monday, November 5, 2001, for the purchase of the school district's General Obligation Refunding Bonds, Series 2001, which are hereinafter described. All bids shall be publicly opened and read aloud by school district staff on said date and at said time and shall thereafter be considered and acted upon by the school district at a meeting to begin at 7:30 p.m. No oral or auction bids for the bonds shall be considered, and no bids for less than the entire amount of the bonds shall be considered.

Sealed and facsimile bids will be accepted only on the official bid form that has been prepared for these bonds, which may be obtained from the clerk of the school district or the school district's financial advisors. Bids may be submitted by mail or delivered in person, or may be submitted by telefacsimile at (316) 276-5220, or may be electronically bid through Thomson Financial Municipals Group BiDCOMP/PARITY Electronic Bid Submission System (PARITY). To the extent any instruction or directions set forth in PARITY conflict with the official notice of sale, the terms of the official notice of sale shall control. The school district shall not be responsible for any failure, misdirection or error in the means of transmission selected by any bidder. For further information about the electronic bidding services of PARITY, potential bidders may contact Dalcomp at 395 Hudson St., New York, NY 10014, (212) 806-8304. All bids must be received at the place and not later than the date and time herein specified. Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check drawn on a bank located within the United States and made payable to the order of the school district, or in the form of a financial surety bond payable to the order of the school district and meeting requirements therefor as set forth in the official notice of bond sale, and shall be in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds to be sold are in the aggregate principal amount of \$6,855,000. The bonds shall be issued as fully registered bonds in the denomination of \$5,000, or any integral multiple thereof not exceeding the principal amount of bonds maturing in any year. The bonds shall bear a dated date of November 1, 2001. The bonds shall bear interest, payable as hereinafter set forth, at the rates specified by the successful bidder for the bonds.

Interest on the bonds shall be payable semiannually on April 1 and October 1 of each year, commencing April 1, 2002, and the bonds shall mature serially on October 1 in each of the years and principal amounts as follows:

\$ 1,895,000	2005

Security for the Bonds

The bonds and the interest thereon constitute general obligations of the school district, and the full faith, credit and resources of the school district will be pledged to the payment thereof. The school district will be obligated to levy ad valorem taxes without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the school district for the purpose of paying the bonds and the interest thereon.

Form of Bonds

The bonds will be issued in book-entry-only form.

**Paying Agent and Bond Registrar;
Payment of Principal and Interest**

The Kansas State Treasurer, Topeka, Kansas, has been designated as paying agent and bond registrar for the bonds (hereinafter called the paying agent). The principal amount of and the interest on the bonds shall be paid by the paying agent from funds made available by the school district by wire transfer of same day funds to Cede & Co. nominee for the Depository Trust Company, New York, New York. The transfer of principal and interest payments to the participants of DTC will be the responsibility of DTC, and the transfer of principal and interest payments to beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. Reference is made to the official notice of bond sale for additional information regarding payment of principal and interest to owners of the bonds.

Delivery

The bonds shall be delivered at the expense of the school district on or about December 4, 2001. As a condition to delivery, the successful bidders shall be required to deposit the bonds with DTC. (Reference is made to the official notice of bond sale for additional information regarding delivery.)

Legal Opinion

The bonds will be sold subject to the legal opinion of Hinkle Elkouri Law Firm L.L.C., Wichita, Kansas, bond counsel, whose fees will be paid by the school district. Bond counsel's approving legal opinion as to the validity of the bonds will be printed on the bonds and delivered to the successful bidder upon delivery of the bonds. (Reference is made to the official notice of bond sale for a discussion of legal matters.)

Ratings

The school district has applied at its expense for an independent rating on the bonds herein offered for sale. Such application and ratings are further described in the preliminary official statement, hereinafter described.

Financial Matters

The school district's equalized assessed tangible valuation for computation of bonded debt limitations is \$261,881,698. Including the bonds described herein, on November 1, 2001, the school district's outstanding bonded indebtedness will be \$13,085,000.

Official Statement

The school district has prepared a preliminary official statement relating to the bonds, copies of which may be obtained from the school district or the school district's financial advisors. The preliminary official statement is in a form "deemed final" by the school district for the purpose of Securities Exchange Commission Rule 15c2-12(b)(1), but is subject to revision, amendment and completion in the final official statement. The school district will provide the purchaser of the bonds or its designated agent, within seven business days after the date of the sale, copies of the school district's final official statement, in sufficient quantity to comply with the rules of the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The school district will deliver to the purchaser of the bonds, at the time of delivery of the bonds, a certificate of its authorized officials to the effect that, to the best of their knowledge, in said official notice of bond sale and preliminary official statement and in the official statement, the school district has not made an untrue statement of a material fact or omitted to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. Authorization is hereby given to redistribute this official notice of bond sale and the preliminary official statement, but this entire official notice of bond sale and the entire preliminary official statement, and not portions thereof, must be redistributed.

Continuing Disclosure

The school district will adopt a resolution establishing an undertaking to provide ongoing disclosure concerning the school district in connection with its general obligation bonds for the benefit of owners of the bonds, as required under Section (b)(5)(i) of Securities and Exchange Commission Rule 15c2-12. A copy of that resolution is included as an appendix to the official statement.

Additional Information

For additional information regarding the school district, the bonds and the sale, interested parties are invited to request copies of the complete official notice of bond sale and the school district's preliminary official statement and official bid form for the bonds, all of which may be obtained from the undersigned or from the school district's financial advisors by contacting Ranson and Associates, Inc., 250 N. Rock Road, Suite 150, Wichita, KS 67206, (316) 681-3123.

Regulations****Article 9.—INSTRUCTOR-COORDINATOR**

109-9-1. Instructor-coordinator certification. (a) Each applicant for certification as an I-C shall apply to the administrator using forms provided by the administrator and shall meet the following requirements:

(1) Current certification or licensure as an EMT, EMT-I, EMT-D, MICT, physician, or professional nurse;

(2) successful completion of an approved I-C initial course of instruction, except as specified in subsection (b);

(3) attainment of a score of 70% or higher on an I-C certification examination approved by the board; and

(4) verification of successful completion of an assistant teaching experience in one EMT-basic initial course of instruction or one first responder initial course of instruction. The assistant teaching experience shall have been

(continued)

directly supervised and evaluated by a certified I-C approved by either the administrator or any other person so authorized by any state or United States territory and shall be verified on forms approved by the administrator. The I-C candidate shall receive a satisfactory rating by either the certified I-C or authorized person in organizing, scheduling, implementing, and evaluating educational experiences in the classroom, lab, clinical, and field environments.

(b) Notwithstanding paragraph (a)(2), an applicant shall not be required to take the department of transportation national highway traffic safety administration "emergency medical services instructor training program: national standard curriculum" if the applicant can establish one of the following:

(1) Successful completion of a United States department of transportation EMS instructor training program national standard curriculum;

(2) successful completion of a fire service instructor course approved by the national board on fire service professional qualifications or the international fire service accreditation;

(3) successful completion of any United States military instructor trainer course that is substantially equivalent to the United States department of transportation national highway traffic safety administration "emergency medical services instructor training program: national standard curriculum," as identified in K.A.R. 109-10-1; or

(4) attainment of a bachelor's, master's, or doctoral degree that focuses on the philosophy, scope, and nature of educating adults. This degree shall have been conferred by an accredited postsecondary education institution.

(c) Each I-C requesting endorsement by the board to be the primary instructor of EMT-I initial courses of instruction shall meet the following requirements:

(1) Verify current certification or licensure and verify having been certified or licensed for at least one year as an MICT, a physician, a professional nurse, or an EMT-I;

(2) verify that the I-C has performed as an EMS functional crew member on at least 50 ambulance dispatches in the capacity of an EMT-I, an MICT, a physician, or a professional nurse;

(3) verify that ambulance dispatches to which the applicant responded as a functional crew member within the last year have been with an ambulance service that conducts quality assurance;

(4) submit a letter of appraisal of performance prepared by the director of the ambulance service for which the applicant functioned as an EMT-I, an MICT, a physician, or a professional nurse on at least 50 ambulance dispatches;

(5) submit a letter of appraisal concerning the applicant's instructor potential that was prepared by the medical advisor of the ambulance service for which the applicant functioned as an EMT-I, an MICT, a physician, or a professional nurse on at least 50 ambulance dispatches;

(6) verify that the I-C has been the primary instructor of two EMS initial courses of instruction for certification, except as specified in subsection (d). At least one of the two initial courses of instruction shall have been an EMT-basic course;

(7) verify successful completion of an assistant teaching experience as described in paragraph (a)(4), except that the assistant teaching experience shall have been in an initial course of instruction at the EMT-I level or in an initial course of instruction at the MICT level; and

(8) verify successful completion of an EMT-I I-C endorsement course approved by the board.

(d) An I-C may establish compliance with paragraph (c)(6) if the I-C has been approved in any state or United States territory to be a primary instructor of an EMT-intermediate initial course of instruction and the I-C has functioned as the primary instructor of a least two initial courses of instruction, of which at least one is at the EMT-intermediate level.

(e) Each I-C requesting endorsement by the board to be the primary instructor of MICT initial courses of instruction shall meet the following requirements:

(1) Verify that the I-C has at least two years of field experience as a functional MICT, physician, or professional nurse;

(2) verify that the I-C has performed as an EMS functional crew member on at least 200 ambulance dispatches in the capacity of an MICT, a physician, or a professional nurse;

(3) verify that ambulance dispatches to which the applicant responded as a functional crew member within the last year have been with an ambulance service that conducts quality assurance;

(4) submit a letter of appraisal of performance prepared by the director of the ambulance service for which the applicant performed as an MICT, a physician, or a professional nurse on at least 200 ambulance dispatches;

(5) submit a letter of appraisal concerning the applicant's instructor potential prepared by the medical advisor of the ambulance service for which the applicant performed as an MICT, a physician, or a professional nurse on at least 200 ambulance dispatches;

(6) verify that the I-C has been the primary instructor of two EMS initial courses of instruction for certification, except as specified in subsection (f). At least one of the two initial courses of instruction shall have been an EMT-basic course;

(7) verify that the I-C has a minimum of an earned associate of applied science degree conferred by an accredited postsecondary educational institution;

(8) verify current approval as an American heart association advanced cardiac life support instructor;

(9) verify successful completion of an assistant teaching experience as described in paragraph (a)(4), except that the assistant teaching experience shall have been in an initial course of instruction at the MICT level;

(10) verify successful completion of an MICT I-C endorsement course approved by the board; and

(11) verify that the I-C is currently actively involved in the delivery of emergency care.

(f) An I-C may establish compliance with paragraph (e)(6) if the I-C has been approved in any state or United States territory to be a primary instructor of an EMT-paramedic initial course of instruction and the I-C has functioned as the primary instructor of at least two initial courses of instruction, of which at least one is at the EMT-paramedic level.

(g) If within two years after the date of expiration of an I-C's certificate, this person applies for renewal of the certificate, the certificate may be granted by the board if the applicant completes 40 contact hours in adult education theory and methodology approved by the board and successfully completes an I-C workshop approved by the board. (Authorized by and implementing K.S.A. 2000 Supp. 65-6110, 65-6111, and 65-6129b; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Aug. 27, 1990; amended Feb. 3, 1992; amended Nov. 12, 1999; amended Nov. 9, 2001.)

109-9-4. Requirements for acceptance into an instructor-coordinator initial course of instruction.

(a) Each applicant for initial training as an I-C shall apply to the administrator using forms provided by the administrator. Only a complete application shall be accepted. A complete application shall include the following documentation:

(1) Proof that the applicant is currently certified or licensed and the applicant has been certified or licensed for at least one year as any of the following:

- (A) An EMT, EMT-I, EMT-D, or MICT;
- (B) a physician; or
- (C) a professional nurse;

(2) proof that the applicant has at least one year of field experience with an ambulance service;

(3) a letter from a certified I-C verifying the I-C's commitment to supervise and evaluate the applicant on the competencies of the assistant teaching experience defined in K.A.R. 109-9-1;

(4) proof that the applicant has met the following requirements:

(A) Has current approval as a cardiopulmonary resuscitation instructor at the professional rescuer level. This approval shall be by the American heart association, the American red cross, or the national safety council;

(B) has instructed at least 15 hours of material; and

(C) possesses a current teaching certificate granted by the Kansas state board of education, or is currently certified as a training officer II; and

(5) six letters of recommendation, of which three shall be professional references and three shall be character references. These letters of recommendation shall not be from any member of the applicant's family. All letters of recommendation shall be verified by board staff with a form letter soliciting feedback from the individuals who wrote the letters of recommendation.

(b) If an applicant does not meet the requirement of paragraph (a)(4)(C), the applicant may satisfy the requirement by establishing that the applicant possesses both of the following:

(1) Authorization by any state or territory of the United States to be a primary instructor of EMT-basic, EMT-intermediate, or EMT-paramedic initial courses of instruction; and

(2)(A) A baccalaureate, master's, or doctorate in education conferred by an accredited postsecondary education institution;

(B) certification as a fire service instructor by the national board on fire service professional qualifications or the international fire service accreditation; or

(C) certification by any United States military organization verifying successful completion of any United States military instructor trainer course that is substantially equivalent to the United States department of transportation national highway traffic safety administration "emergency medical services instructor training program: national standard curriculum," as identified in K.A.R. 109-10-1.

(c) Each applicant who meets the requirements in subsection (a) and, if applicable, subsection (b) shall successfully complete an evaluation of knowledge and skills as follows:

(1) A written medical knowledge examination at the EMT level; and

(2) a practical skills examination at the EMT level.

(d) An applicant meeting the requirements in subsection (a) and, if applicable, subsection (b) may be approved by the administrator for training based upon the following criteria:

(1) A minimum score of 80% on the written medical knowledge examination described in paragraph (c)(1); and

(2) a passing score for each practical skill station described in paragraph (c)(2). (Authorized by and implementing K.S.A. 2000 Supp. 65-6110, 65-6111, and 65-6129b; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Feb. 3, 1992; amended Jan. 31, 1994; amended Nov. 12, 1999; amended Nov. 9, 2001.)

Effective on and after January 1, 2001, MICT initial courses of instruction may teach the United States department of transportation national highway traffic safety administration "EMT-paramedic national standard curriculum," DOT HS 808 862, March 1999.

(6) The approved curriculum for I-C initial courses of instruction for a first responder and emergency medical technician endorsement shall be the United States department of transportation national highway traffic safety administration "emergency medical services instructor training program: national standard curriculum," HS 808 376, March 1996, as modified by the board as follows.

(A) Each approved I-C initial course of instruction shall teach and have the students practice EMS practical skills at the basic life support level in accordance with the curriculum described in paragraph (a) (2) of this regulation.

(B) Each approved I-C initial course of instruction shall teach the course approval process curriculum, as approved by the board.

(C) Each approved I-C initial course of instruction shall teach the state examination process curriculum as approved by the board.

(D) Each approved I-C initial course of instruction shall teach the "quality assurance of training programs" curriculum, as approved by the board.

(E) Each approved I-C initial course of instruction shall teach the "risk management concerns for training programs" curriculum, as approved by the board.

(F) Each approved I-C initial course of instruction shall teach the "planning and implementing training programs" curriculum, as approved by the board.

(G) Each approved I-C initial course of instruction shall teach the "teaching and evaluating the affective domain" curriculum, as approved by the board.

(H) Each approved I-C initial course of instruction shall teach the "ethics in the educational process" curriculum, as approved by the board.

(I) Each approved I-C initial course of instruction shall assure the provision of effectively evaluated assistant teaching experiences as described in K.A.R. 109-11-7 for each student.

(b) The approved curriculum for EMT-D initial courses of instruction shall be the emergency medical training program approved by the board.

(c) The approved curriculum for I-C initial courses of instruction for EMT-I, EMT-D, and MICT endorsements shall be the curriculum approved by the board.

(d) The approved curriculum for training officer I initial courses of instruction shall be the curriculum approved by the board.

(e) The approved curriculum for training officer II initial courses of instruction shall be the curriculum approved by the board.

(f) The approved curriculum for the certified I-C and approved training officer initial courses of instruction for interactive television endorsement shall be the curriculum approved by the board.

(g) In the event of proposed curricula or proposed curricula revisions, a maximum of three initial courses of

instruction to field-test the proposed curricula or curricula revisions for the purpose of considering permanent adoption of the proposed curricula or proposed curricula revisions may be approved by the board. Students of each approved field-test course shall, upon successful completion of an approved field-test course, be eligible to take the board examination for certification at the attendant level for which the approved field-test curriculum is intended. All examination regulations shall be applicable to students successfully completing an approved field-test curriculum. (Authorized by and implementing K.S.A. 1999 Supp. 65-6110 and 65-6111; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Aug. 27, 1990; amended April 10, 1995; amended Sept. 22, 1995; amended Nov. 1, 1996; amended Nov. 12, 1999; amended Nov. 13, 2000; amended Nov. 9, 2001.)

Article 11.—COURSE APPROVALS

109-11-10. Emergency medical technician-basic bridge course approval. (a) Initial courses of instruction to bridge from first responder to EMT-basic training may be approved by the administrator or the administrator's designee to be conducted only by providers of training as defined in K.S.A. 65-6112 and amendments thereto.

(b) Each provider requesting approval to conduct initial courses of instruction to bridge from first responder to EMT-basic shall submit an application to the administrator that includes the following information:

- (1) The name, address, and telephone number of the training program coordinator;
- (2) the location of the course;
- (3) the name of the certified I-C who will be the primary instructor of the course;
- (4) the names and credentials of all lab assistants;
- (5) the name, address, and telephone number of the training program's medical advisor;
- (6) the dates on which the course will begin and end;
- (7) the times and duration of scheduled classes;
- (8) the number of students anticipated;
- (9) a course syllabus as described in K.A.R. 109-10-2;
- (10) a description of the clinical and field training rotation;
- (11) a course agenda schedule that identifies the following:
 - (A) The date of each class session;
 - (B) the times each class session is to start and end;
 - (C) the title of the subject matter of each class session as described in K.A.R. 109-10-2; and
 - (D) the instructor of each class session;
- (12) letters from the training program medical advisor, the director of the ambulance service providing ambulance service to the community in which the course is taught, the director of the ambulance service that will provide field training to the students, if applicable, and the administrator, or the administrator's designee, of the hospital in which the clinical rotation is provided, indicating their commitment to provide the support as defined in the curriculum; and
- (13) a complete application form approved by the administrator and signed by the training program coordi-

nator, the training program medical advisor, and the course primary instructor.

(c) Each application shall be received in the board office not later than 15 calendar days before the first scheduled class. Only a complete application shall be accepted.

(d) Each approved initial course of instruction to bridge from first responder to EMT-basic training shall meet the following conditions;

(1) Meet or exceed the first responder to EMT-basic training bridge course curriculum as described in K.A.R. 109-10-1;

(2) require that each student perform at least one randomly selected, competently performed, objectively graded medical emergency simulation and at least one randomly selected, competently performed, objectively graded trauma emergency simulation as part of the requirements to successfully complete the course;

(3) participation in hospital clinical training and ambulance field training that provide the following:

(A) An orientation to the hospital and ambulance service; and

(B) supervised participation in patient care and assessment, including the performance of a complete patient assessment on at least one patient. In the absence of participatory clinical or field training, contrived experiences may be substituted;

(4) meet or exceed the requirements outlined in the curriculum; and

(5) meet or exceed the required training equipment and supplies necessary to conduct an EMT-basic initial course of instruction as described in K.A.R. 109-10-6.

(e) The primary instructor shall provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student within 10 days of the first class session.

(f) Each provider shall provide any program documentation requested by the administrator and shall maintain, for a period of not less than three years, the course records specified in K.A.R. 109-10-2(d)(15)(C)-(J), (L), and (M).

(g) Any approved class may be monitored by the administrator or the administrator's designee.

(h) Course approval may be withdrawn by the board if the provider violates any regulation or if a quality course is not maintained. (Authorized by K.S.A. 2000 Supp. 65-6110, 65-6111; implementing K.S.A. 2000 Supp. 65-6111; effective Nov. 9, 2001.)
