**Department of Administration
Division of Personnel Services**

**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Tuesday, April 30, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Department of Administration, Division of Personnel Services, on a permanent basis.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, 1000 S.W. Jackson, Suite 500, Topeka, 66612-1300. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (785) 296-6000 or TTY (785) 296-4798. The north entrance to the Landon State Office Building is accessible. Handicapped parking is located at the south end of building, across the street from the north entrance to the building, and on Ninth Street just around the corner from the north entrance.

Summaries of the proposed regulations follow. Except as noted below, the proposed regulations are not expected to have any significant economic impact on the Department of Administration, other state agencies, state employees or the general public.

K.A.R. 1-2-31. Demotion. The proposed amendment will clarify that the demotion of an employee is either a disciplinary action taken under K.A.R. 1-10-6 or a voluntary action agreed to by the employee. The proposed

language is consistent with existing application of the regulation.

K.A.R. 1-2-42. Exempt employee; K.A.R. 1-2-42a. Non-exempt employee. The amendments proposed to these regulations will partially decentralize the authority to determine the exempt or nonexempt status of positions by allowing an appointing authority with delegated authority under K.S.A. 75-2938 to make these Fair Labor Standards Act determinations for positions in that agency.

K.A.R. 1-2-48. Limited term position; K.A.R. 1-6-26a. Limited term position. K.A.R. 1-2-48 is being revoked, and the content of the regulation is being relocated to a new regulation in Article 6 because that article relates to recruiting and staffing.

K.A.R. 1-5-22. Payment for two or more positions. The proposed amendment to subsection (b) clarifies that only regular positions are considered when determining benefit eligibility for employees holding multiple part-time positions. The proposed amendment to subsection (c) is a clarification that classified exempt employees may hold one or more additional unclassified exempt positions teaching or conducting research at a state educational institution without limit on total pay. Currently the regulation does not specify that both the classified and unclassified positions must be exempt. This clarification may have an economic impact on any employee in a classified, nonexempt position who might have been considered for an unclassified teaching or research position.

K.A.R. 1-5-29. Longevity bonus pay. This regulation is being amended to coincide with K.S.A. 75-5541, which does not require 12 months of satisfactory service as a condition for longevity bonuses. This amendment could have an economic impact on state agencies and a limited number of state employees if it increases the number of employees who are eligible to receive a longevity bonus.

K.A.R. 1-6-3. Filling vacancies. The proposed amendment to subsection (b) of this regulation will allow applicants who expect to complete a degree requirement for a class or position by the end of the current academic term to be certified to the pool of eligible candidates for the class or position and be extended a conditional offer of employment. The degree requirement must be met at the time of hire. Currently, to be certified to the pool of eligible candidates, the applicant must already meet the degree requirement, and therefore, there may be a positive economic impact on those applicants who are close to completing their degree requirements.

K.A.R. 1-6-21. Candidate pools for regular positions. Proposed amendments to this regulation allow the same pool of candidates to be used for two vacant positions that are in the same class and have substantially the same duties. The applicant for the second position must be hired within 30 days of the establishment of the eligible list for the first position. This amendment should have a positive economic impact on state agencies and applicants for vacant positions as it provides a more efficient hiring process.

K.A.R. 1-9-4. Vacations. The proposed amendment to subsection (a)(2) will allow for up to 40 hours of any accrued vacation leave over the maximum accumulation of hours at the end of the last payroll period paid in each fiscal year to be converted to sick leave. This provision

will have a positive economic impact on employees who accrue additional sick leave in this fashion. Because employees are paid for a portion of accumulated sick leave upon retiring, this amendment also may have a positive economic impact on retiring state employees and an economic impact on the sick leave reserve fund to the extent that employees do not use the additional sick leave accrued due to the conversion of vacation leave.

K.A.R. 1-9-5. Sick leave. The proposed amendment to subsection (d) partially decentralizes the authority to require a medical examination of an employee as a condition for approval of use of sick leave. Under the existing regulation, the director of Personnel Services must approve each instance in which a medical examination is required for this purpose. Under the proposed amendment, those appointing authorities with delegated authority under K.S.A. 75-2938 would be authorized to require such a medical examination for that agency's employees without obtaining the approval of the director.

K.A.R. 1-9-7b. Military leave; voluntary or involuntary service with reserve component of the armed forces. The proposed amendment to subsection (a)(1) will allow the director of Personnel Services to grant certain exceptions to the maximum of 12 working days of leave with pay per calendar year granted for military leave with pay for active duty for training purposes. For the good of state service, an employee may be granted more than 12 working days of leave with pay due to any conflict created because the 12 days of leave are based on the calendar year while active duty for training purposes is based on the federal fiscal year. This exception may provide more paid leave to certain employees under limited circumstances, and the employing agency will bear any associated costs.

K.A.R. 1-11-1. Resignation. The amendment to subsection (c) of this regulation partially decentralizes the process for terminating an employee based on a presumed resignation. Those appointing authorities who have delegated authority under K.S.A. 75-2938 would no longer be required to submit to the director of Personnel Services a summary of steps taken to obtain an explanation from the employee regarding the employee's unauthorized absence.

K.A.R. 1-14-12a. Special provisions for employees affected by institution closings; global notice of layoff; right of first refusal, eligible pools, and interview procedures; accrued sick leave payout; health care coverage; extended death benefit coverage; and severance pay. This regulation is being revoked. The provisions of this regulation were designed specifically for the closure of Topeka State Hospital and Winfield State Hospital.

Copies of the proposed regulations and the associated economic impact statement may be obtained from the Division of Personnel Services, Room 951-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-4863, or from the Internet at <http://da.state.ks.us/ps/documents/regs/proposed.htm>.

Permanent Administrative Regulations

Article 7.—MOVEMENT OF LIVESTOCK INTO OR THROUGH KANSAS

9-7-19. Equine passport. (a)(1) For the purposes of these regulations, the term "equidae" shall have the meaning in K.A.R. 9-7-14.

(2) "Equine passport" means a document issued by a veterinarian licensed and accredited in the state of origin and written on a form approved by and bearing a certificate number issued by the animal health regulatory agency in the state of origin. This passport shall individually identify an equidae, show the date of a negative EIA test conducted on that equidae at an approved laboratory within the preceding six months, and provide the information specified below in subsections (b) and (c).

(3) "EIA test" means an equine infectious anemia test.

(b) Each equidae entering Kansas on an equine passport shall be identified by name and shall be further identified on the passport by the designation of one of the following:

- (1) A description of any brands;
- (2) a description of a lip tattoo;
- (3) a statement that a microchip is present, with the brand name and location of the microchip written on the passport; or
- (4) any alternate method of designation approved by the livestock commissioner.

(c) The following information shall appear on the equine passport:

- (1) A description of the equidae that includes its age, breed, color, and sex, as well as any marks that help identify the equidae;
- (2) the date of the EIA test used for validation;
- (3) the type of test utilized;
- (4) the test results;
- (5) the name of the testing laboratory; and
- (6) the laboratory accession number.

(d) Each equine passport shall be accompanied by a valid, completed "equine infectious anemia laboratory test" report on USDA veterinary services form VS 10-11T. The equidae shall be identified on the report in the same manner as on the equine passport.

(e) In order for an equidae passport to be valid in Kansas, the veterinarian who issued the equidae passport in another state shall have verified the following:

(1) That the equidae listed on the VS 10-11T form is the same equidae listed on the equine passport, based on one of the methods of identification described in subsection (b); and

(2) that the equidae listed on the equine passport was examined on the date of issuance and found to be free from evidence of contagious, infectious, or communicable disease.

(f)(1) Each inspecting veterinarian who determines that an equidae originating in Kansas is eligible for an equine passport shall complete the passport form, including the EIA test results. The inspecting veterinarian then shall contact the department to obtain a passport certification number, validation date, and expiration date, which shall be recorded by the veterinarian on the equine passport.

(2) The white copy of the completed equine passport form and the related EIA test information for equidae originating from Kansas shall be submitted to the department within 48 hours of issuance of the passport certification number and validation date.

(3) The equidae owner shall be provided by the inspecting veterinarian with itinerary forms at the time the equine passport is issued. The itinerary forms shall be completed and returned to the department with the next application for an equine passport for that equidae. Additional equine passports shall not be issued for the identified equidae until the completed itinerary forms have been received by the department.

(g)(1) Except as provided in paragraph (g)(2), each equine passport shall remain in effect for six months from the date of the EIA test listed on the passport.

(2) Any equine passport issued in the state of Kansas may be suspended or revoked at any time due to a disease outbreak or another similar factor by the livestock commissioner. Any equidae with an equine passport issued in another state may be prohibited by the livestock commissioner from entering the state if the livestock commissioner determines that a disease outbreak or similar factor in the equidae's state of origin warrants such an action.

(h) Equine passports shall not apply to equidae imported into the state of Kansas for the purpose of pari-mutuel racing. (Authorized by K.S.A. 47-607, K.S.A. 47-607d, and K.S.A. 47-610; implementing K.S.A. 47-607 and K.S.A. 47-610; effective, T-9-5-31-01, May 31, 2001; effective March 15, 2002.)

All bids must be received at the place and not later than the date and time hereinbefore specified. Neither the city, its bond counsel, the city attorney, nor any officer or employee of the city shall be deemed to have any liability whatsoever in connection with the failure of any electronic or telefacsimile equipment or any other occurrence resulting in disqualification or failure by the city to receive a bid. Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check drawn on a bank located within the United States and made payable to the order of the city, or in the form of a financial surety bond payable to the order of the city and meeting requirements therefor as set forth in the official notice of bond sale, and shall be in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds to be sold are in the aggregate principal amount of \$745,000, and shall bear a dated date of April 1, 2002. The bonds shall be issued as fully registered bonds in the denomination of \$5,000, or any integral multiple thereof not exceeding the principal amount of the bonds maturing in any year. The bonds shall bear interest, payable as hereinafter set forth, at the rates specified in even multiples of 1/8th or 1/20th of 1 percent by the successful bidder for the bonds. The difference between the highest and lowest interest rate shall not exceed 3.00 percent. Certain of the bonds are subject to redemption prior to their respective maturities as set forth in the official notice of bond sale.

Interest on the bonds shall be payable semiannually on April 1 and October 1 of each year, commencing April 1, 2003, and the bonds shall mature serially on October 1 in each of the years and principal amounts as follows:

Maturity Schedule

Principal Amount	Maturity Date
\$45,000	2003
65,000	2004
70,000	2005
70,000	2006
75,000	2007
80,000	2008
85,000	2009
85,000	2010
85,000	2011
90,000	2012

Redemption of Bonds

Certain of the bonds are subject to optional redemption prior to their maturities as set forth in the official notice of bond sale. Additionally, a bidder may elect to have all or a portion of the bonds shown in the above maturity schedule issued as term bonds, which would be subject to mandatory redemption requirements. (Reference is made to the official notice of bond sale for complete details regarding redemption of the bonds.)

Payment of Principal and Interest

The Kansas State Treasurer shall serve as the bond registrar and paying agent for the bonds, and the principal of the bonds shall be paid upon surrender at the paying agent's principal offices in the City of Topeka, Kansas.

Interest shall be paid by the mailing of a check or draft of the paying agent to the registered owners of the bonds.

Book-Entry Option

The successful bidder may elect to have the bonds registered under a book-entry-only system administered through the Depository Trust Company, New York, New York (DTC).

Bond Insurance

The city has not applied for any municipal bond insurance with respect to the bonds, and will not pay the premium in connection with any policy of municipal bond insurance desired by the successful bidder. In the event a bidder desires to purchase and pay all costs associated with the issuance of a policy of municipal bond insurance in connection with the bonds, a commitment from the selected insurer must be attached to such bidder's official bid form, which commitment shall specify all terms and conditions to which the city will be required to agree in connection with the issuance of such insurance policy. The governing body of the city specifically reserves the right to reject any bid specifying municipal bond insurance, even though such bid may result in the lowest net interest cost to the city.

Security for the Bonds

The bonds and the interest thereon constitute general obligations of the city, and the full faith, credit and resources of the city will be pledged to the payment thereof. The bonds shall be payable as to both the principal of and the interest thereon from ad valorem taxes levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city for the purpose of paying the bonds and the interest thereon.

Delivery of the Bonds

The bonds, duly printed, executed and registered, shall be furnished and delivered at the expense of the city to the successful bidder, or at its direction, on or about April 3, 2002, at such bank or trust company or other qualified depository in the contiguous United States, as may be specified by the successful bidder. Delivery elsewhere shall be made at the expense of the successful bidder.

Legal Opinion

The bonds will be sold subject to the legal opinion of Triplett, Woolf & Garretson, LLC, Wichita, Kansas, bond counsel, whose fees will be paid by the city. Bond counsel's approving legal opinion as to the validity of the bonds will be printed on the bonds and delivered to the successful bidder upon delivery of the bonds. (Reference is made to the official notice of bond sale for a discussion of tax exemption and other legal matters.)

Financial Matters

The city's current equalized assessed tangible valuation is as follows:

Assessed Tangible Valuation of Taxable Tangible Property	\$12,101,807
Taxable Value of Motor Vehicles	3,308,455
Assessed Tangible Valuation for Debt Limit Computation	<u>\$15,410,262</u>

K.S.A. 10-308 provides that the authorized and outstanding bonded indebtedness of any city shall not exceed 30 percent of the assessed valuation of the city. As of April 1, 2002, the city's gross outstanding debt, including the bonds, will be \$1,065,000. The city's total indebtedness subject to debt limitation, as of April 1, 2002, will be \$970,000, which is 6.29 percent of the assessed valuation of the city.

Official Statement

The city has prepared a preliminary official statement relating to the bonds, copies of which may be obtained from the city or the city attorney. The preliminary official statement is in a form "deemed final" by the city for the purpose of Securities and Exchange Commission Rule 15c2-12(b)(1), but is subject to revision, amendment and completion in the final official statement. Upon the sale of the bonds, the city shall furnish the successful bidder with a reasonable number of copies of the final official statement, without additional cost, upon request. Copies of the final official statement in excess of a reasonable number may be ordered by the successful bidder at its expense.

Continuing Disclosure

Securities and Exchange Commission Rule 15c2-12 provides that brokers, dealers and municipal securities dealers must comply with certain requirements before acting as an underwriter in a primary offering of municipal securities with an aggregate principal amount of \$1,000,000 or more.

The bonds described herein will be offered in a primary offering with an aggregate principal amount of less than \$1,000,000. Accordingly, in the opinion of bond counsel, the offering and sale of the bonds described herein does not constitute an offering as defined by the rule, and the requirements of the rule do not apply to brokers, dealers and municipal securities dealers acting as underwriters in connection with the bonds described herein.
