**Notice of Commencement of Negotiations for
Architectural/Engineering Services**

Notice is hereby given of the commencement of negotiations for architectural/engineering services for Fort Hays State University. Two firms are anticipated being retained for the following projects:

- McMIndes Hall renovation. This is a six-story residential life facility, with 290 rooms, constructed in 1965. Scope of work includes complete renovation of 12 restrooms, renovation of central dining facility, new life safety systems and resident room renovations including HVAC. Construction is scheduled to begin in May 2003. The project budget is \$2.98 million.
- Wooster Place I and II renovation. Wooster I was constructed in 1961; Wooster II was built in 1964. These are residential life facilities consisting of 84 one- and two-bedroom apartments in two- and three-story configurations. The scope of work includes complete interior finish improvements, new exterior door and windows, HVAC improvements and sanitary sewer replacement. Construction is

scheduled to begin in May 2003. The project budget is \$2.08 million. Ancillary to this project, the university will be doing roof repairs, stone cleaning and sealing and telecommunications improvements.

For information regarding the scope of services, contact Dana Cunningham, Director of Facilities Planning, Fort Hays State University, (785) 628-4424.

If interested, an original and six copies (seven total) of the SF 255 form (plus relevant attachments of information regarding similar projects) should be submitted. These submittals should be concise, relevant to the project and follow the State Building Advisory Commission guidelines for submittal. Copies of the guidelines have previously been distributed to firms; if copies of the guidelines are required, contact Gary Grimes, Division of Facilities Management, Room 152, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 368-7471. Submittals not complying with the guidelines will be returned without consideration. Please indicate your interest in one or both of the projects.

Expressions of interest and the SF 255 submittals should be received by Gary Grimes before 5 p.m. June 14.

City of Wichita, Kansas

Notice to Bidders

The City of Wichita will receive bids at the Purchasing Office, 455 N. Main, 12th Floor, Wichita, 67201, until 10 a.m. Friday, June 28, for the following project:

KDOT Project No. 87 N-0202-01/472-83401 (715684)
(OCA Code 715864)
Paving

53rd Street North Bridge at Little Arkansas River
(53rd Street North between Arkansas and Meridian)

Requests for the bid documents and plans should be directed to City Blue Print, (316) 265-6224, or to Sandra Loggins, (316) 268-4488. Other questions should be directed to the respective design engineer at (316) 268-4501.

All bids received will thereafter be publicly opened, read aloud and considered by the Board of Bids and Contracts. All work is to be done under the direction and supervision of the city manager and according to plans and specifications on file in the office of the city engineer. Bidders are required to enclose a bid bond in the amount of 5 percent with each bid as a guarantee of good faith. The Wichita City Council reserves the right to reject any and all bids.

The successful bidder may contact Pam Plank at (316) 268-4499 or Sandra Loggins at (316) 268-4488 for extra sets of plans and specifications.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, August 5, in the Board of Regents' conference room, 1000 S.W. Jackson, Suite 520, Topeka, to consider the proposed adoption and revocation of regulations dealing with eligibility criteria for those applying to take a GED test in Kansas.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Robin Kempf, State Board of Regents, 1000 S.W. Jackson, Suite 520, Topeka, 66612-1368. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Shery Smith at (785) 296-3689.

Copies of the regulations and the economic impact may be obtained by contacting Shery Smith. A summary of the proposed regulations and the economic impact follows:

Proposed K.A.R. 88-24-1. This regulation would establish eligibility criteria for all people applying to take a GED test in Kansas. Under the proposed regulation, applicants must be Kansas residents, not currently enrolled or graduated from high school, and at least 16 years of age. Applicants who have not reached the age of 18 must meet some additional criteria.

The proposed regulation is intended to update K.A.R. 91-10-1a, the previous GED eligibility regulation, by making eligibility consistent with the state's compulsory attendance law, K.S.A. 72-1111. It also simplifies the regulatory language and makes eligibility requirements more consistent with current practice.

Proposed K.A.R. 88-24-2. This regulation would establish minimal GED test scores that must be achieved to pass the GED and receive a state high school diploma. This regulation updates K.A.R. 91-10-2, and adjusts to new scoring requirements at the federal level.

Revocation of K.A.R. 91-10-1a and 91-10-2. These regulations are being revoked to change the K.A.R. chapter and section because oversight of GED testing was switched from the Department of Education to the Kansas Board of Regents in 1999 with the passage of the Higher Education Coordination Act, 1999 Senate Bill 345. The regulations will be replaced with proposed 88-24-1 and 88-24-2. This also will allow the Board of Regents to update the eligibility criteria for those applying to take a GED test in Kansas and update the minimal GED test scores that must be achieved to pass the GED and receive a state high school diploma.

Economic Impact: The Board of Regents will have minimal economic impact in creating a new application consistent with new regulatory requirements. The proposed regulations would result in no economic impact on other governmental agencies or units. There may be minimal economic impact on GED applicants and Kansas GED Testing Center staff in adjusting to the requirements of a new application. The revoked regulations would result in no economic impact on the board, other governmental agencies and units, GED applicants or the Kansas GED Testing Center staff because the proposed updated regulations will replace them.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, August 1, in the Board of Regents' conference room, 1000 S.W. Jackson, Suite 520, Topeka, to consider the revocation of regulations dealing with traffic, parking and bicycle rules at the University of Kansas.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed revocations. All interested parties may submit written comments prior to the hearing to Robin Kempf, State Board of Regents, 1000 S.W. Jackson, Suite 520, Topeka, 66612-1368. All interested parties will be given a reasonable opportunity to present their views orally on the revocations of the regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed revocations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Shery Smith at (785) 296-3689.

Copies of the regulations and the economic impact may be obtained by contacting Shery Smith. A summary of the proposed revocations and the economic impact follows:

Revocation of K.A.R. 88-5-1 through 88-5-4. These regulations define rules set forth for the University of Kansas students, employees and patrons regarding traffic and parking. These regulations are no longer effective and need to be revoked.

Revocation of K.A.R. 88-6-1 through 88-6-3. These regulations define rules regarding bicycles at the University of Kansas. These regulations also are no longer effective and need to be revoked.

Economic Impact: The revocation of these regulations would not result in any economic impact on the Board of Regents, other governmental agencies, or the students, employees and patrons of the university.

**Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Board of Emergency Medical Services will conduct a public hearing at 2 p.m. Tuesday, July 30, at Stormont-Vail Regional Medical Center, Pozez Education Center, 1505 S.W. 8th Ave., Topeka, to consider the adoption of new regulations. Parking and building access for the disabled are available directly north of the education center.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Joe Moreland, Certification Coordinator, Kansas Board of Emergency Medical Services, 109 S.W. 6th Ave., Topeka, 66603-3826. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the certification coordinator.

A summary of the proposed regulations and the economic impact statement follows:

K.A.R. 109-6-3 changes the time period of initial certification from the current year plus one full year to the current year plus two full years without changing the examination and initial certification fee.

K.A.R. 109-5-1 eliminates the language related to the continuing education requirements for attendants certified less than 24 months. This language would be unnecessary with adoption of K.A.R. 109-6-3.

The economic impact would save each attendant \$10 to \$25 depending upon certification level. Based upon 2001

data, the combined savings to attendants would be \$18,085.

Copies of the regulations and the economic impact statement may be obtained by contacting the Board of Emergency Medical Services at the address above, (785) 296-7296, fax (785) 296-6212, TDD (785) 296-6237.

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the project listed below. The firm must be proficient in roundabout design, operation and construction. A response may be submitted by e-mail to Neil@ksdot.org, or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Room 1084-West, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568. Responses shall be limited to four pages. Responses must be received in Room 1084-West by 5 p.m. June 13 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three, not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

106 K-8685-01, Statewide

The scope of services is to provide, on an as-needed basis, conceptual review, design review, operational analysis, report writing and assistance in the development of a KDOT Roundabout Design Guide.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. Experience of staff;
3. Location of firm with respect to proposed project;
4. Work load of firm; and
5. Firm's performance record.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. LaForge & Budd Construction Company, Inc. has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to install and operate a portable concrete batch plant. Emissions of total particulate matter (PM) and PM equal to or less than 10 microns in diameter (PM₁₀) were evaluated during the permit review process.

LaForge & Budd Construction Company, Inc., Parsons, owns and operates the portable concrete batch plant.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE Southeast District Office, 1500 W. 7th, Chanute. To obtain or review the proposed permit and supporting documentation, contact Ralph E. Walden, (785) 296-1583, at the KDHE central office; or Lynelle Stranghoner, (620) 431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Ralph E. Walden, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business July 1.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business July 1 in order for the Secretary of Health and Environment to consider the request.

Board of Nursing

Permanent Administrative
RegulationsArticle 2.—REQUIREMENTS FOR ACCREDITED
NURSING PROGRAMS**60-2-101. Requirements for initial approval.** (a)

Each hospital and agency providing facilities for clinical experience shall be licensed or approved by the appropriate groups.

(b) Administration and organization.

(1) The nursing education program or the institution of which it is a part shall be a legally constituted body. The controlling body shall be responsible for general policy and shall provide for the financial support of the nursing education program.

(2) Authority and responsibility for administering the nursing education program shall be vested in the nurse administrator of the nursing education program.

(c) Each new or converted nursing education program shall submit an initial application 60 days before a scheduled board meeting. The application shall include the following:

- (1) The course of study and credential to be conferred;
- (2) the rationale for the establishment of the program;
- (3) the potential effect on other nursing programs in the area;
- (4) the name and title of the administrator of the nursing education program;
- (5) the name of the controlling body;
- (6) the name and title of the administrator of the controlling body;
- (7) all sources of financial support;
- (8) a proposed curriculum with the total number of hours of both theoretical and clinical instruction;
- (9) the number, qualifications, and assignments of faculty members;
- (10) a proposed date of initial admission of students to the program;
- (11) the number of admissions each year and the number of students per admission;
- (12) the admission requirements;
- (13) a description of clinical facilities and census; and
- (14) copies of the current school bulletin or catalog.

(d) Each nursing education program shall be surveyed for approval by the board.

(1) During a survey, the nurse administrator of the program shall make available the following:

- (A) Administrators, prospective faculty and students, clinical facility representatives, and support services personnel to discuss the nursing education program;
 - (B) minutes of faculty meetings;
 - (C) faculty and student handbooks;
 - (D) policies and procedures;
 - (E) curriculum materials;
 - (F) a copy of the nursing education program's budget;
- and
- (G) affiliating agency contractual agreements.

(2) The nurse administrator of the nursing education program or designated personnel shall take the survey team to inspect the nursing educational facilities, including satellite program facilities and library facilities.

(3) Upon completion of the survey, the nurse administrator shall be asked to correct any inaccurate statements contained in the survey report, limiting comments to errors, unclear statements, or omissions.

(e) If a nursing education program fails to meet the requirements of the board within a designated period of time, the program shall be notified by the board's designee of the board's intent to deny approval. This notification shall be made pursuant to K.S.A. 77-512, and amendments thereto, of the Kansas administrative procedures act and shall inform the program of its right to a hearing pursuant to the act. (Authorized by K.S.A. 65-1129; implementing K.S.A. 2001 Supp. 65-1119; effective Jan. 1, 1966; amended Jan. 1, 1968; amended Jan. 1, 1972; amended Jan. 1, 1973; amended, E-74-29, July 1, 1974; modified L. 1975, Ch. 302, Sec. 2; modified, L. 1975, Ch. 396, Sec. 1, May 1, 1975; amended May 1, 1987; amended April 4, 1997; amended June 14, 2002.)

Article 3.—REQUIREMENTS FOR LICENSURE
AND STANDARDS OF PRACTICE

60-3-106. Licensure qualifications. (a) As part of the application process, each individual applying for licensure in Kansas who is a graduate of a foreign nursing school shall submit that individual's education and licensure credentials for evaluation to the commission on graduates of foreign nursing schools (CGFNS) or some other credentialing agency approved by the board.

(b) Any individual applying for licensure in Kansas who is a graduate of a foreign nursing school in which instruction was not in English may be granted a license if that individual meets all other requirements for licensure in effect at the time of application and shows proof of proficiency in English by passing any of the following:

- (1) The commission on graduates of foreign nursing school's examination of English;
- (2) the test of English as a foreign language and the test of spoken English; or
- (3) similar examinations, as approved by the board.

(c) If an individual fails to pass the licensure examination or does not take the licensure examination within 24 months after graduation, the individual shall petition the board in writing before being allowed to take or retake the licensure examination. The petition shall be submitted on a form provided by the board and shall contain the following, as applicable:

- (1) The name of the school of graduation;
- (2) the date of graduation;
- (3) the number of months or years since graduation;
- (4) the number of times that the individual has taken the licensure examination;
- (5) the dates of the licensure examinations;
- (6) areas of deficiency identified on the diagnostic profile for each examination;
- (7) copies of all diagnostic profiles;
- (8) any study completed since the last attempt of taking the licensure examination;

(9) any work experience in the last two years; and
 (10) a sworn statement by the petitioner that the facts contained in the petition are true to the best of that person's knowledge and belief.

(d) An individual shall be allowed by the board to retake the licensure examination after 24 months from graduation only upon demonstrating to the board's satisfaction that the individual has identified and addressed the reasons for prior failure and that there is a reasonable probability that the individual will pass the examination. A plan of study may be required by the board before the individual retakes the licensure examination.

(e) If the board requires a plan of study before retaking the licensure examination, the plan shall contain the following:

(1) A list of all the low performance areas of the test plan identified by the diagnostic profile from each examination;

(2) a specific content outline for all of the areas of low performance on the diagnostic profile;

(3) methods of study, including the following:

(A) Self-study;

(B) study groups;

(C) tutors; or

(D) any other methods approved by the board;

(4) a schedule for study that meets the following requirements:

(A) 30 hours per each low performance area;

(B) a start date; and

(C) completion in six months or the petition shall be considered abandoned;

(5) learning resources identified to be used in the study that meet these requirements:

(A) A written bibliography in a standard documentation format, with resources no more than five years old; and

(B) four types for each low performance area selected from the list as follows:

(i) Textbooks;

(ii) journals;

(iii) review books;

(iv) audiovisuals;

(v) computer-assisted instruction; or

(vi) computer review programs.

(f) A registered professional nurse shall provide written verification that the individual has completed the study plan.

(g) Academic nursing courses, clinical observations, or other learning activities to meet study requirements may also be prescribed by the board. (Authorized by K.S.A. 65-1129; implementing K.S.A. 2001 Supp. 65-1115 and K.S.A. 2001 Supp. 65-1116; effective Feb. 15, 1977; amended Sept. 2, 1991; amended May 9, 1994; amended April 4, 1997; amended Jan. 29, 1999; amended June 14, 2002.)

Article 4.—FEES

60-4-103. Fees and travel expenses for school approval and approval of continuing education providers.

(a) The fees for school approval and approval of continuing nursing education providers shall be the following:

Article 16.—INTRAVENOUS FLUID THERAPY FOR LICENSED PRACTICAL NURSE

60-16-101. Definitions. (a) "Administration of intravenous fluid therapy" means utilization of the nursing process to deliver the therapeutic infusion or injection of substances through the venous system.

(b) "Admixing" means the addition of a diluent to a medication or a medication to an intravenous solution.

(c) "Calculating" means the mathematical determination of the flow rate and medication dosages.

(d) "Competency examination" means a written examination and demonstration of mastery of clinical components of intravenous fluid therapy.

(e) "Discontinuing" means stopping the intravenous flow or removing the intravenous access device, or both, based on an authorized order or nursing assessment.

(f) "Evaluating" means ongoing analysis of the monitored patient response to the prescribed intravenous therapy for determination of the appropriate patient outcomes.

(g) "Initiating" means the starting of intravenous therapy based on an authorized order by a licensed individual. Initiating shall include the following:

(1) The patient assessment;

(2) selection and preparation of materials;

(3) calculation; and

(4) insertion and stabilization of the cannula.

(h) "Intravenous push" means direct injection of medication into the venous circulation.

(i) "Maintaining" means adjusting the control device for continuance of the prescribed intravenous therapy administration rate.

(j) "Monitoring" means the ongoing assessment, observation, and communication of each patient's response to prescribed intravenous therapy. The infusion equipment, site, and flow rate shall be included in the monitoring process.

(k) "Titration of medication" means an adjustment of the dosage of a medication to the amount required to bring about a given reaction in the individual receiving the medication. (Authorized by and implementing K.S.A. 2001 Supp. 65-1136; effective Nov. 21, 1994; amended

(continued)

June 12, 1998; amended Oct. 29, 1999; amended June 14, 2002.)

60-16-103. Course approval procedure. (a) Each person desiring to obtain approval for an intravenous (IV) fluid therapy course shall submit a proposal to the board.

(b) The proposal shall contain the following:

- (1) The name and qualifications of the coordinator;
- (2) the name and qualifications of each faculty member of the course;
- (3) the mechanism through which the provider will determine that each licensed practical nurse seeking to take the course meets the admission requirements;
- (4) a description of the educational and clinical facilities that will be utilized;
- (5) the outline of the classroom and clinical curricula, including time segments;
- (6) the methods of student evaluation that will be used, including a copy of the competency examination; and
- (7) if applicable, a request for continuing education approval meeting the following criteria:

(A) For each long-term provider, the IV therapy course provider number shall be printed on the certificates and the course roster, along with the long-term provider number.

(B) For each single program provider, the single program application shall be completed. There shall be no cost to this provider for the initial single offering providership.

(c) Continuing education providers shall award 42 contact hours to each LPN who completes the course. Continuing education providers may award 20 contact hours, one time only, to each RN who completes the course.

(d) After initial approval, any change in the course shall be provided to the board for approval before the change is implemented.

(e) Renewal of IV fluid therapy course approval.

(1) All IV fluid therapy course providers shall submit to the board an annual report for the period of July 1 through June 30 of the respective year that includes the total number of licensees taking the intravenous fluid therapy course, the number passing the course, and the number of courses held.

(2) The single program providership shall be effective for two years and may be renewed by submitting the single offering provider application and by paying the fee specified in K.A.R. 60-4-103(a)(5). Single program providers who choose not to renew the providership shall notify the board in writing of the location at which the rosters and course materials will be accessible to the board for three years.

(3) Long-term providers shall submit the materials outlined in K.A.R. 60-16-103(b) with their five-year long-term provider renewal.

(f) If a course does not meet or continue to meet the criteria for approval established by the board, or if there is a material misrepresentation of any fact with the information submitted to the board by a provider, approval may be withheld, made conditional, limited, or withdrawn by the board after giving the provider notice and

an opportunity to be heard. (Authorized by and implementing K.S.A. 2001 Supp. 65-1136; effective Nov. 21, 1994; amended June 14, 2002.)

60-16-104. Standards for course; competency examination; recordkeeping. (a) The purpose of the intravenous fluid therapy course shall be to prepare licensed practical nurses to perform safely and competently the activities as defined in K.A.R. 60-16-102. The course shall be based on the nursing process and current intravenous nursing standards of practice.

(b) The course shall meet all of these conditions:

- (1) Consist of at least 40 classroom hours of instruction;
- (2) require a minimum of eight hours of clinical practice, not to include testing time; and
- (3) take place in a laboratory and clinical setting with patients under the supervision of faculty.

(c) To be eligible to enroll in an intravenous fluid therapy course, the individual shall be a nurse with a current license.

(d) Course coordinator qualifications. The intravenous therapy course coordinator shall meet the following conditions:

- (1) Be licensed as a registered professional nurse;
- (2) be responsible for the development and implementation of the intravenous fluid therapy course; and
- (3) have experience in intravenous fluid therapy and knowledge of the intravenous therapy standards.

(e) Faculty qualifications.

(1) Each primary faculty member shall meet the following conditions:

(A) Be currently licensed to practice as a registered professional nurse in Kansas;

(B) have clinical experience within the past five years that includes intravenous fluid therapy; and

(C) maintain competency in intravenous fluid therapy.

(2) Each guest lecturer shall have professional preparation and qualifications for the specific subject area in which that individual instructs.

(f) Clinical facility.

(1) Each classroom shall contain sufficient space, equipment, and teaching aids to meet the course objectives.

(2) The facility in which clinical practice and the competency examination are conducted shall allow students and faculty access to the intravenous fluid therapy equipment and intravenous fluid therapy recipients, and to the pertinent records for the purpose of documentation.

(3) There shall be a signed written agreement between the provider and a cooperating health care facility that specifies the roles, responsibilities, and liabilities of each party. This written agreement shall not be required if the only health care facility to be used is also the provider.

(g) Each intravenous fluid therapy curriculum shall include the following information:

(1) The Kansas nurse practice act, including current regulations;

(2) the intravenous fluid therapy policies and procedures of the clinical agency where clinical instruction is given;

(3) the structure of the circulatory system, including the site and function of the veins used for venipuncture;

(4) the relationship between intravenous fluid treatment administration and the body's homeostatic and regulatory functions, with attention to the clinical manifestations of fluid and electrolyte imbalance and cellular physiology;

(5) the principles of infection control in intravenous fluid therapy administration;

(6) the various types of equipment used in intravenous fluid therapy administration, with content related to criteria for the use of each piece of equipment and means of troubleshooting for malfunctions;

(7) the principles of compatibility and incompatibility of drugs and solutions;

(8) the nursing management of special intravenous fluid therapy administration procedures that are commonly used in the clinical setting;

(9) the procedures for venipuncture, including the following:

(A) Psychological preparation;

(B) site selections;

(C) skin preparation;

(D) initiating;

(E) stabilization; and

(F) documentation;

(10) maintenance of an intravenous fluid therapy administration system, which shall include the following:

(A) Discontinuing intravenous fluid therapy administration;

(B) monitoring infusion;

(C) changing administration sets and intravenous solution containers; and

(D) care of the site;

(11) nursing management of the patient receiving the drug therapy identified in K.A.R. 60-16-102, which shall include the following:

(A) Actions;

(B) interactions;

(C) adverse reactions;

(D) methods of administration; and

(E) admixing;

(12) the signs and symptoms of local and systemic complications in the delivery of fluids and medications and the preventive and treatment measures for those complications; and

(13) calculation of intravenous flow rate and medication dosage.

(h) Competency examination standards.

(1) The written examination shall be constructed based on the board-approved test plan that shall contain the components as listed in subsection (g) of this regulation.

(2) The test plan shall be reviewed by the advisory committee and approved by the board.

(3) The final written competency examination shall require a passing grade of 80 percent or above.

(4) The final clinical competency examination shall require a passing score of 100 percent.

(i) Records.

(1) The faculty shall complete the final record sheet, which shall include competencies and scores.

(2) The intravenous fluid therapy course coordinator shall perform the following:

(A) Award a certificate to each licensed nurse documenting successful completion;

(B) submit to the board, within 60 days, a typed, alphabetized roster listing the name and license number of each individual who has successfully completed the course and the date of completion. The coordinator shall ensure that each roster meets the following requirements:

(i) RN and LPN participants shall be listed on separate rosters; and

(ii) the roster shall include the provider name and address, single or long-term provider number, the IV therapy course provider number, and the signature of the coordinator; and

(C) maintain the records of each individual who has successfully completed the course for a period of at least five years. (Authorized by and implementing K.S.A. 2001 Supp. 65-1136; effective Nov. 21, 1994; amended Dec. 13, 1996; amended Oct. 29, 1999; amended April 20, 2001; amended June 14, 2002.)

Governmental Ethics Commission

Opinion No. 2002-10

Written May 7, 2002, to H. Philip Elwood, Goodell Stratton Edmonds & Palmer, LLP, Topeka.

This opinion is in response to your letter of March 26, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the attorney for Information Network of Kansas, Inc. (INK). You have explained that Mr. Don Heiman served as the Director of the Division of Information Systems and Communications (DISC) until he recently retired from state service in 2001. Mr. Heiman is now contemplating taking employment with INK as a consultant.

You noted that while Mr. Heiman was Director of DISC, he negotiated and signed a contract for services between DISC and INK. This contract provided a specified rate for DISC's services from February 27, 1995 through March 1, 1996. Thereafter, the rate was to be reviewed on a fiscal year basis and determined by the DISC Cost Allocation Model (CAM) on file with the federal government's Department of Health and Human Services, Division of Cost Allocation. You have informed a member of our staff that the CAM was developed by Mr. Heiman and that it contained all of the pricing structures that DISC used for its established services to all agencies. In addition, you noted that the CAM was based upon

(continued)

guidelines set by the federal government in OMB Circular A87 which is a directive used for setting fees by a state government where federal reimbursement of costs may be available. In addition, you have stated that there have been no individual negotiations between DISC and INK regarding this contract since it was first enacted in 1995. Finally, you have indicated that you believe this contract was for a specified term with yearly renewals.

Question

May Mr. Heiman accept an independent contractor position as a consultant with INK without violating K.S.A. 46-233?

Opinion

K.S.A. 46-233 involves a state employee's participation in the making of contracts. It states in pertinent part:

(2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner.

Pursuant to this statute, the initial question that must be answered is whether Mr. Heiman was substantially involved in the making of a contract between DISK and INK. It is clear that he was substantially involved in the making of the original contract by virtue of his negotiating and signing that contract. Because that contract was completed on March 1, 1996, under the current wording of the statute, Mr. Heiman could have taken employment with INK on March 1, 1998.

You have informed us, however, that this contract has been renewed each year. The question then becomes whether Mr. Heiman's participation in establishing the CAM was substantial participation in the making of the renewal contracts. The Commission now determines that because the CAM was based upon the OMB Circular A87 and was not specifically designed for this particular contract, Mr. Heiman's participation in developing the CAM did not constitute substantial participation in the making of the renewal contracts between DISC and INK. Therefore, he would not be prohibited from accepting employment with INK at this time.

Opinion No. 2002-11

Written May 7, 2002, to Kristian D. Van Meteren, Treasurer, Kansas Republican Victory Fund, Topeka.

This opinion is in response to your letter of March 20, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the Campaign Finance Act (K.S.A. 25-4142 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 25-4142 *et seq.* Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the Treasurer for the Kansas Republican Vic-

tory Fund. You are interested in obtaining information about the use of voter registration lists for fund-raising purposes and the applicability of K.S.A. 25-2320a.

Question

May a political organization raise funds by soliciting contributions from registered voter lists pursuant to K.S.A. 25-2320a?

Opinion

As you note, K.S.A. 25-2320a addresses this question. This Commission is not in a position to address this issue, as K.S.A. 25-2320a is not a statute within the purview of our jurisdiction. We suggest that you contact the Secretary of State's Office or Attorney General's Office to see if they may be of assistance to you.

Opinion No. 2002-12

Written May 7, 2002, to David E. Frey, Administrator, Kansas Wheat Commission, Manhattan.

This opinion is in response to your letter of April 26, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission (GEC) concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.* Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the Administrator for the Kansas Wheat Commission (Wheat Commission). You have explained that the members of the Wheat Commission are state employees. Three of the members of the Wheat Commission also serve on the Board of Directors of the Kansas Association of Wheat Growers (Association), which is a private non-profit association. This Association has historically applied for grants from the Wheat Commission. You question whether the three members of the Wheat Commission who are also on the Board of Directors for the Association may participate and vote on these contracts.

Question

May a Wheat Commissioner who serves on the Board of Directors of the Kansas Association of Wheat Growers participate in the award of a contract to that Association?

Opinion

Two sections of the state conflict of interest laws must be reviewed to answer your question: K.S.A. 46-233, which involves participation in the making of contracts, and K.S.A. 46-229, which defines the term "substantial interest."

K.S.A. 46-233 states in pertinent part:

(a) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee or any member of such officer's or employee's immediate family has a substantial interest....

Pursuant to this statute, a Wheat Commissioner would be prohibited, as a state employee, from being substantially involved in the preparation of or from participating in the making of a contract with a business in which he holds a substantial interest. K.S.A. 46-229 provides the definition of a substantial interest. It states in pertinent part:

(d) If an individual or an individual's spouse holds the position of officer, director, associate, partner or proprietor of any business, the individual has a substantial interest in that business, irrespective of the amount of compensation received by the individual or individual's spouse.

Pursuant to this subsection, it is clear that a Wheat Commissioner will have a substantial interest in the Association if he holds a position on the Board of Directors. Therefore, a Wheat Commissioner would be prohibited, as a state employee, from being substantially involved with any contracts between his agency and the Association.

Opinion No. 2002-13

Written May 7, 2002, to Conchita Reyes, Kansas Arts Commission, Topeka.

This opinion is in response to your letter of April 5, 2002, in which you request an advisory opinion from the Kansas Governmental Ethics Commission concerning the application of the governmental ethics laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as a Program Consultant II with the Kansas Arts Commission (KAC). In this position, you provide technical assistance to arts organizations regarding the grant applications submitted to KAC, as well as providing technical assistance and resource information for alternative resources which may be available from sources outside your agency. When you retire on July 1, 2002, you would like to continue to provide technical assistance and prepare grant applications for arts organizations that might need such assistance.

You have explained that, in your capacity as a state employee, the type of contracts with which you are involved fall into three categories. In the first category, you review the grant application to identify any incomplete information. You do not make suggestions or recommendations or determine who receives these grants. The grants are awarded based upon a formula which is determined upon the amount of money available and the number of grant applications. You have informed us that you do not determine this formula. When one of these grants is awarded, you check the contract for accuracy and initial it before it is sent to the Executive Director for his signature.

The second category consists of grants which are awarded through a public panel process. Your role with regard to these grants is to again check the application

for incomplete information and to prepare all relevant information for the panelists. You do not give your opinion or make any recommendations with regard to these grants. You again check the final awarded contract for accuracy and initial it before it is sent to the Executive Director.

The third and final category of grants involves Grass-roots Multi-cultural and Technical Assistance grants. With these grants, you usually provide a summary of the grant request along with a recommendation regarding the amount of the grant you believe should be awarded.

Question

May you operate a consulting business in which you assist arts organizations with grant applications without violating K.S.A. 46-233?

Opinion

K.S.A. 46-233 involves a state employee's participation in the making of contracts. It states in pertinent part:

(a)(2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner.

...

(e) When used in this section:

...

(2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract.

In Opinion 1995-19, the Commission stated:

It is our opinion that for the "participation" language to be triggered, the "participation" must generally include discretionary determinations which assist in the selection of the person to be contracted with, or with significant terms of the agreement, or with providing significant factual or specific information concerning a proposed contract. In other words, mere ministerial actions would not constitute "participation" leading to the prohibition of later accepting employment.

In the first two categories of contracts with which you are involved, you have stated that you do not make suggestions or recommendations with regard to the negotiated terms of the contracts and that your actions are ministerial in nature. Therefore, you do not materially participate in the making of those contracts and would not be prohibited from consulting for any organizations which have applied for and received these type of grants from your agency.

In the third category, however, you have stated that you make recommendations as to the amount of money the applicant receives. This constitutes substantial participation in the making of a contract. Therefore, you would be prohibited from performing consulting services for any organization with which you had participated in

(continued)

such a contract for two years after the completion of the contract, or for two years after you leave state employment, whichever comes first.

Opinion No. 2002-14

Written May 7, 2002, to Mary D. Prewitt, General Counsel, Kansas Board of Regents, Topeka.

This opinion is in response to your letter of April 30, 2002, in which you request an advisory opinion from the Kansas Governmental Ethics Commission concerning the application of the governmental ethics laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as the General Counsel for the Kansas Board of Regents. You have explained that until recently Ken Hales was employed by the Kansas Juvenile Justice Authority (JJA) as a Deputy Commissioner. While Mr. Hales was so employed, the JJA entered into two contracts with Wichita State University (WSU). WSU would now like to hire Mr. Hales. Mr. Hales has explained that he signed a cover sheet acknowledging that he knew of the contract, but that his signature was not required for the contract to proceed. In addition, Mr. Hales has explained that he had no involvement in determining the vendors, the fees, or any of the terms of the contracts. He has also explained that he did not read the contracts and that he did not make any revisions, suggestions, or recommendations with regard to the negotiated terms of the contracts.

Question

May Mr. Hales accept employment with WSU without violating K.S.A. 46-233?

Opinion

K.S.A. 46-233 involves a state employee's participation in the making of contracts. It states in pertinent part:

(a)(2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner.

...

(e) When used in this section:

...

(2) "Substantially involved in the preparation or participate in the making of a contract" means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract.

In Opinion 1995-19 the Commission stated:

It is our opinion that for the "participation" language to be triggered, the "participation" must generally include discretionary determinations which assist in the selection of the person to be contracted with, or with significant terms of the agreement, or with providing significant factual or specific information concerning a proposed con-

tract. In other words, mere ministerial actions would not constitute "participation" leading to the prohibition of later accepting employment.

Based upon Mr. Hales' assertions that he did not read the contracts, did not sign the actual contracts, did not make any revisions, suggestions, or recommendations with regard to the negotiated terms of the contracts, and did not materially participate in the making of the contracts, he would not be prohibited from accepting employment with WSU.

Opinion No. 2002-15

Written May 7, 2002, to Margie Phelps, Topeka.

This opinion is in response to your letter of April 22, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as a private attorney and as the Director of Release Planning for the Kansas Department of Corrections (KDOC). You have explained that in your private capacity you are contemplating representing your brother-in-law before the Civil Service Board and wonder about the application of the state's nepotism laws.

Question

May you represent your brother-in-law before the Civil Service Board without violating the state's nepotism laws?

Opinion

K.S.A. 46-246a proscribes certain actions involving family members. It states in pertinent part:

- (a) From and after the effective date of this act, no state officer or employee shall advocate or cause the employment, appointment, promotion, transfer or advancement to any office or position of the state, of a member of such officer's or employee's household or a family member.
- (b) No state officer or employee shall participate in an action relating to the employment or discipline of a member of the officer's or employee's household or a family member.

K.A.R. 19-40-4 defines the term "family member" as follows:

- (b)(1) As used in this regulation, "family member" means:
 - ... (G) parent, child or sibling related by marriage as denoted by the suffix of "in-law."

Pursuant to K.A.R. 19-40-4, your brother-in-law is a member of your family and the prohibitions listed in K.S.A. 46-246a apply. As an attorney who represents a family member before a state agency with regard to that family member's employment, however, you are not "participating" in an action relating to that family member's discipline or employment. In such a situation, you are merely standing in the shoes of your family member. Because you are not participating in your official capacity in a discretionary role or taking any official action, you may represent your brother-in-law before the Civil Service Board without violating K.S.A. 46-246a.
