Notice of Available Grant Funding

Grant funds are available from the Governor's Discretionary Portion of the Federal Safe and Drug-Free Schools and Communities Act for federal year October 1, 2002 through September 30, 2003. The purpose of the Federal Safe and Drug-Free Schools and Communities Act (SDFSC) is to support programs that prevent violence in and around schools; that prevent the illegal use of alcohol, tobacco and drugs; that involve parents and communities; and that are coordinated with related federal, state, school and community efforts and resources to foster a safe and drug free learning environment that supports student academic achievement.

Priority will be given to programs and activities that prevent illegal drug use and violence for the following:

1. Children and youth who are not normally served by the state educational agencies or local educational agencies; or

2. Populations that need special services or additional resources, such as youth in juvenile detention facilities, runaway or homeless children and youth, pregnant and parenting teenagers and suspended or expelled students.

Special consideration will be given to applicants that pursue a comprehensive approach to drug and violence prevention that includes providing and incorporating mental health services related to drug and violence prevention in their program.

Grant applications can be obtained by contacting the office of the Kansas Attorney General, 2nd Floor, Me-

morial Hall, 120 S.W. 10th Ave., Topeka, 66612-1597, (785) 368-7063 or 1-800-828-9745. Applications also may be accessed via the Internet at www.ink.org/public/ksag. This is to obtain a printed copy only. Applications cannot be submitted online.

All grant applications are to be postmarked by Friday, August 30. No applications will be accepted after that date.

Board of Healing Arts

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, October 10, at the office of the Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, to consider the adoption of three proposed amended rules and regulations and one new regulation dealing with the athletic trainer profession.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the above referenced rules and regulations. All interested parties may submit comments prior to the hearing to the Board of Healing Arts at the address above. All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the amendment of the regulations during the hearing. In order to give all persons an opportunity to present their views, it may be necessary to request each participant to limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations being considered and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Tammy Duenas at (785) 296-8558. Handicapped parking is located at the west end of the Hutton Building, and the northwest entrance to the building is accessible.

A summary of the proposed amended rules and regulations to be considered at the hearing follows:

K.A.R. 100-69-3. Examination. This regulation indicates the examination necessary to be registered as an athletic trainer and the qualifications that must be met to be registered if an applicant has not been in active practice.

K.A.R. 100-69-9. Practice protocols. This regulation indicates what information shall be filed with the board as a condition of providing services as an athletic trainer in Kansas.

K.A.R. 100-69-10. Registration renewal; continuing education. This regulation specifies the continuing education requirements that shall be submitted with a registration renewal.

K.A.R. 100-69-11. Reinstatement; canceled and revoked registrations. This regulation defines the continuing education requirements necessary for reinstatement of a canceled or revoked athletic trainer registration.

Copies of the proposed regulations and the associated economic impact statement may be obtained by contacting Betty Johnson, Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, 66603, (785) 296-3680, or by visiting the board's Web site at www.ksbha.org/public.html.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

State of Kansas

Office of the Governor

Executive Order No. 2002-04
Establishing the State Energy Resources
Coordination Council

WHEREAS, Article 1 §3 of the Constitution of the State of Kansas vests the supreme executive power of the state in the Governor; and

WHEREAS, Energy production is one of the core foundations of our state's economy; and

WHEREAS, The production of energy benefits the long term economic and employment health of the state; and

WHEREAS, The formation of public policy is dependent upon accurate and timely information being made available to Kansas policy makers; and

WHEREAS, Improved coordination of the State's energy resources is an essential element in improving the quality of services provided to the people of Kansas;

NOW THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby establish the State Energy Resources Coordination Council.

(1) The State Energy Resources Coordination Council shall:

(a) Collect and compile information pertaining to the availability, production and use of energy in the state;

(b) Based on such data, formulate an initial comprehensive state plan for the coordination of the management, conservation, and development of energy resources;

(c) Such a state plan shall include sections corresponding with:

(i) Estimates of energy consumption by Kansas residents for the next 12, 36 and 60 months by energy category;

(ii) Estimates of energy production by energy source for the next 12, 36 and 60 months by energy category;

(iii) Estimates of energy purchased by retail marketers in excess of domestic production for the next 12, 36 and 60 months by energy category;

(d) The Council shall annually review and modify as necessary the state energy plan;

(e) The Council shall advise of trends identified in relation to energy production, consumption and any tax or revenue implications;

(f) The Council shall recommend:

(i) Appropriate means to increase the productive life of Kansas energy resources;

(ii) Appropriate means to increase the state's self reliance on its own energy sources through:

- Increased efficiency in the use of its resources;
- Identification of potential energy resources; and
- Identification of policy and tax issues that adversely impact self-reliance;

(iii) Ways to avoid loss of tax revenues and employment opportunities related to energy resource management;

(iv) Policies to increase the export of energy from Kansas; and

(v) Other policies or actions related to energy resource management as they may evolve.

(g) The Council shall annually report their findings and recommendations. The first annual report of the Council shall be provided to the Kansas Corporation Commission, the Governor and the Legislature by January 13, 2003.

(2) The Council shall consist of 13 members as follows:

(a) The State Geologist, or designee;

(b) The Chairperson of the Kansas Corporation Commission, or designee;

(c) The Consumer Counsel of the Citizens' Utility Ratepayer Board, or designee;

(d) 10 members appointed by the Governor including:

(i) An energy economist serving on the faculty of a state educational institution;

(ii) An individual knowledgeable in tax and revenue issues related to energy use or production;

(iii) A representative of oil producers;

(iv) A representative of natural gas producers;

(v) A representative of investor-owned generators of electricity;

(vi) A representative of rural electric cooperative;

(vii) A representative of municipally owned or operated electric utilities;

(viii) A representative of generators of electricity from renewable energy resources;

(ix) A representative of refiners of petroleum products;

(x) A representative of marketers of petroleum products.

(e) Of the members first appointed by the Governor subsequent to this Executive Order, four shall serve terms of four years, four shall serve terms of three years, and two shall serve terms of two years, and thereafter terms shall be for four years.

(f) All other members shall serve terms consistent with their terms of office, employment or appointment.

(3) The Governor shall annually select a Chairperson and Vice-Chairperson from among the members. The Council may elect other officers among its members and may establish any committees deemed necessary to discharge its responsibilities.

(4) The Council shall meet as frequently as necessary to discharge its responsibilities.

(5) Members of the Council shall not receive compensation, subsistence allowance, mileage or associated expenses. Officers or employees of state agencies who are appointed to the Council shall be authorized to participate on the Council as part of their duties and may claim subsistence allowance, mileage or associated expenses as permitted by law.

This document shall be filed with the Secretary of State as Executive Order No. 2002-04 and shall become effective immediately.

Dated July 1, 2002.

Notice of Meetings

The Kansas Department of Health and Environment, Division of Environment, will conduct a series of three public meetings to consider comments on the proposed listing of water quality impaired streams, lakes and wetlands, requiring the development of total maximum daily loads. The listing and subsequent TMDL requirements are pursuant to Section 303(d) of the Federal Clean Water Act and accompanying regulations (40 CFR Part 130.7)

Water quality limited water bodies are identified where it is known that water quality does not meet applicable water quality standards and/or is not expected to meet applicable water quality standards, even after the application of the technology-based effluent limitations, more stringent effluent limitations and other pollution control measures, such as best management practices.

Once water quality limited water bodies are listed, KDHE is required to develop a total maximum daily load for those bodies and their impairing pollutants. TMDLs identify the amount of pollutant that could enter the water body without causing violation of the applicable water quality standards. TMDLs characterize the current condition of impairment and the necessary amount of pollutant reduction required to achieve the water quality standards, and allocate the resulting pollutant loads among point sources, needing a NPDES wastewater permit, and nonpoint sources of pollution.

Kansas is currently within the fourth year of a court decree mandating the development of TMDLs for impaired water bodies within each of the 12 river basins of the state, as identified on the 1998 Section 303(d) lists and subsequently developed lists. The proposed list that is the subject of the series of public meetings announced within this notice will replace the existing 1998 list. Although federal regulations require development and submission of these lists every two years, the Environmental Protection Agency has adopted regulations relieving states of submitting a list in 2000 and extending the deadline for submitting the 2002 list to October 1, 2002.

The public meetings will be held as follows:

Tuesday, August 13, 2 p.m.

Kansas Department of Health and Environment
1000 S.W. Jackson, Suite 30, Topeka

Wednesday, August 14, 7 p.m.

Sunflower Room, Wichita 4-H Building
7001 W. 21st St. North, Wichita

Thursday, August 15, 7 p.m.

Engel Education Center, Sternberg Museum
3000 Sternberg Drive, Hays

The meetings will provide a briefing on the methodology of listing the waters as water quality limited, followed by public comment and questions. Consideration of public comments requesting modification of the list, including addition and removal of waters from the list, will be made for all comments submitted to KDHE by September 3. The proposed list will be finalized after Sep-

tember 3 and submitted to Region 7 of the U.S. Environmental Protection Agency on October 1.

The methodology in PDF format and proposed list in Excel format are available on KDHE's homepage at <http://www.kdhe.state.ks.us/tmdl/>. Written comments may be submitted after the public meetings to Thomas Stiles, Kansas Department of Health and Environment, Watershed Planning Section, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367. Questions or comments on the methodology and content of the proposed list may be directed to Chris Gnau at (785) 296-8878 or to Bonnie Liscek at (785) 296-8791.

Any individual with a disability may request accommodation in order to participate in the public meetings and may request the proposed list in an accessible format. Requests for accommodation should be made at least five working days in advance of the meetings by contacting Thomas Stiles.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed modification to an air quality operating permit. EOTT Energy Pipeline Limited Partnership has applied for a Class II operating permit modification in accordance with the provisions of K.A.R. 28-19-544. Emissions of volatile organic compounds (VOCs) were evaluated during the permit review process. The purpose of a Class II permit is to limit the potential-to-emit for these pollutants to below major source thresholds.

EOTT Energy Pipeline Limited Partnership, Houston, Texas, owns a crude oil storage facility, and Enron Transportation Services, Houston, Texas, operates the crude oil storage facility, located at Section 34, Township 33 South, Range 21 West, Clark County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Ann L. Spitz, (785) 291-3271, at the KDHE central office; or David Butler, (316) 337-6020, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Ann L. Spitz, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a

final permit decision, written comments must be received by the close of business September 2.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business September 2 in order for the Secretary of Health and Environment to consider the request.

Notice Concerning Kansas
Water Pollution Control Permits

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below.

The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility treating primarily process wastewater. This is a gas-fired peaking steam electric generating power plant. Also, throughout the year it supplies steam, cooling water, service water and electricity to National Helium. Boiler blowdown, demineralizer regenerate and backwash, cooling tower blowdown, floor drains and stormwater runoff is discharged into an earthen ditch leading to a series of earthen process wastewater retention ponds. The wastewater generated ranges from 30-80 gpm. Sampling for calcium, chloride, iron, manganese, sodium, sulfate, bromide, electrical conductivity, nitrate, phosphorus, total dissolved solids and pH shall be required quarterly. Discharge of wastewater from this treatment facility to surface waters of the State of Kansas is prohibited by this permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f).

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits,

at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before August 31 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-02-184/191, KS-02-119/123, KS-ND-02-030/032) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Governmental Ethics Commission

Opinion No. 2002-16

Written June 20, 2002, to Jim Bowen, Chairman, Rural Water District No. 5, Douglas County, Overbrook.

This opinion is in response to your letter of June 10, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the local level conflict of interest laws (K.S.A. 75- 4301 *et seq.*). We note at the outset that the Commission’s jurisdiction is limited to the application of K.S.A. 75-4301 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the chairman for the Douglas County Rural Water District No. 5 (Water District). You have informed us that the operations manager (Manager) of the Water District recently accepted a part-time position as a sales representative for an incorporated Kansas Company (the Company). The Company is owned by the wife of an engineer from an engineering firm (the Firm) which has contracts with the Water District. You have explained that the engineer and the Manager have a close working relationship at the Water District and that the engineer has a financial interest in his wife’s Company.

Question

May the operations manager of a water district accept a position with a company owned by the wife of a person who works for a business the Water District contracts with, without violating the local level conflict of interest laws?

Opinion

In his capacity as a Water District employee, the Manager is governed by the local level conflict of interest laws (K.S.A. 75-4301 *et seq.*). K.S.A. 75-4304 prohibits a local employee from participating, in his official capacity, in

the making of contracts in which that employee has a substantial interest. This statute states in pertinent part:

(a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

Pursuant to this statute, the Manager would be prohibited from being substantially involved in the making of a contract with a business in which he was employed or in which he had a substantial interest. In the present case, the Manager does not have a substantial interest in the Firm, and, therefore, would not be prohibited from being involved in the making of a contract with that firm. He is employed by the incorporated Company, however, and would be prohibited from becoming involved in the making of any contracts with the Company in his capacity as the Water District Manager. Without such involvement in the making of a contract, however, his employment with the Company would not violate the local level conflict of interest provisions.

Opinion No. 2002-17

Written June 20, 2002, to the Honorable Paul Feleciano, Jr., State Senator, 28th District, Wichita.

This opinion is in response to your letter of May 31, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46- 215 *et seq.*). We note at the outset that the Commission’s jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as a State Senator for the 28th District in Sedgwick County. You have explained that you have accepted a position performing consulting work for a company and that you may need to represent this company before state agencies in order to obtain tax credits for certain projects.

Question

May a state senator accept a position as a consultant for a California company and represent that company before state agencies without violating the state’s conflict of interest laws?

Opinion

Two statutes apply to the question you have raised: K.S.A. 46-233(b), which regulates a legislator’s ability to be interested pecuniarily in a contract with the state, and K.S.A. 46-239, requiring state employees to file representation case disclosure forms.

K.S.A. 46-233(b) provides:

No individual shall, while a legislator or within one year after the expiration of a term as legislator, be interested pecuniarily, either directly or indirectly, in any contract with the state, which contract is funded in whole or in

(continued)

part by any appropriation or is authorized by any law passed during such term, except that the prohibition of this subsection (b) shall not apply to any contract interest in relation to which a disclosure statement is filed as provided by K.S.A. 46-239, and amendments thereto.

Pursuant to this statute, a legislator is prohibited from having a direct or indirect monetary interest in any contract with the state which is funded by any appropriation unless the legislator files a representation case disclosure form pursuant to K.S.A. 46-239. The Commission's previous opinions indicate that holding a position with a business or holding the status of employee or consultant with a business may constitute an indirect monetary interest. (See e.g. Opinions 1988-08, 1990-29, 1991-07, 1991-28, 1991-40, 1993-33, and 1996-37.) Therefore, before representing this business before a state agency with respect to any contract which will be funded in whole or in part by any appropriation, you would need to file a representation case disclosure form pursuant to K.S.A. 46-239.

In addition, K.S.A. 46-239 itself requires that you file a representation case disclosure form. It states in pertinent part:

(a) No state officer or employee shall accept employment in any representation case, unless such officer or employee has properly filed the disclosure statement prescribed by this section.

(b) Any state officer or employee who is employed in any representation case shall, not later than 10 days after the acceptance of employment for such case or on the first appearance before the state agency involved (whichever occurs first), file on a form prescribed and provided by the Commission a disclosure statement as provided in this section.

K.S.A. 46-226 defines a representation case as:

[T]he representation of any person, client, principal, or third person, with compensation, in any matter before any state agency where the action or non-action of the state agency involves the exercise of substantial discretion; but representation case does not mean or include (a) any communication initiated by a legislator on behalf of a constituent or other member of the public for which no compensation is received or to be received, or (b) preparation and filing of tax returns or other governmental forms, or (c) participation in tax audit negotiations, or (d) any activity of a state officer or employee in carrying out the duties of his or her office or employment, or (e) a preliminary inquiry by any person into a matter before a state agency.

Pursuant to these statutes, you would be required to file a representation disclosure form if you represent this company before a state agency if the agency exercises substantial discretion. It should be noted that you may always file a representation disclosure form even if one is not technically required of you.

Opinion No. 2002-18

Written June 20, 2002, to Cindy Martinez, Wichita.

This opinion is in response to your letter of June 20, 2002, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the local conflict of interest law (K.S.A. 75-4301 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-

4301 *et seq.* Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you are requesting this opinion because you are considering accepting the position of Vice President of Research and Development with Smart Security and Investigations Inc. (Smart) in Wichita, Kansas. You have explained that you would be a board member and shareholder of Smart and, therefore, you would have a substantial interest in this business.

Your husband is a police officer employed by the City of Wichita (the City). You have informed us that his primary duty is patrol and he does not have any involvement in the making of contracts for the City or the police department.

Smart intends to become involved with municipal, county, state and federal contracts and is currently attempting to get a contract with the City for security guards at the public library, the transit authority, and for bailiffs in the municipal court.

Questions

I. May a corporation in which you hold a substantial interest become involved with a contract with the City of Wichita, without violating the local level conflict of interest laws?

II. May your husband retain his position as a city police officer if Smart were to become involved with such a contract?

III. Because police officers are prohibited by state and municipal law from being employed with or having a direct interest in a private security, private investigation or bail bonding company, is the spouse of a police officer prohibited from having a direct interest in such a company?

Opinion

Your husband, in his capacity as a police officer for the City, is governed by the local level conflict of interest laws found in K.S.A. 75-4301 *et seq.* Pursuant to K.S.A. 75-4301a, your husband has a substantial interest in the businesses in which you hold a substantial interest. The statute states in pertinent part:

(a) "Substantial interest" means any of the following:

...

(4) If an individual or an individual's spouse holds the position of officer, director, associate, partner or proprietor of any business, other than an organization exempt from federal taxation of corporations under section 501(c)(3), (4), (6), (7), (8), (10) or (19) of chapter 26 of the United States code, the individual has a substantial interest in that business, irrespective of the amount of compensation received by the individual or individual's spouse.

Because you will hold the position as an officer of Smart, your husband will have a substantial interest in Smart for the purposes of the local level conflict of interest laws.

With regard to your first question, K.S.A. 75-4304, which prohibits a local official from participating in his official capacity in the making of contracts with busi-

nesses in which that official has a substantial interest, applies. It states in pertinent part:

(a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

(b) No person or business shall enter into any contract where any local governmental officer or employee, acting in that capacity, is a signatory to or a participant in the making of the contract and is employed by or has a substantial interest in the person or business.

(c) A local governmental officer or employee does not make or participate in the making of a contract if the officer or employee abstains from any action in regard to the contract.

(d) This section shall not apply to the following:

(1) Contracts let after competitive bidding has been advertised for by published notice.

Because your husband has a substantial interest in Smart, both he and Smart would be prohibited from becoming involved in a contract in which your husband participated in his official capacity. Pursuant to subsection (c), however, if your husband did not participate in the making of such a contract, there would be no violation of the local level conflict of interest laws. Therefore, Smart could contract with the City without violating the local level conflict of interest laws, as long as your husband abstained from any participation in the making of such a contract. Finally, pursuant to subsection (d), if the contract at issue is let after a competitive bid procedure, both your husband and Smart could participate without violating this statute.

With regard to your second question, there are no provisions of the local level conflict of interest laws which would preclude your husband from retaining his position as a City police officer if Smart were to become involved with such a contract.

With respect to your third question, the laws prohibiting a police officer from being employed by or having a direct interest in a private security, private investigation or bail bonding company, are outside the jurisdiction of this Commission. Therefore we are unable to render an opinion as to whether the spouse of a police officer would be prohibited from having a direct interest in such a company pursuant to those laws.

In conclusion, pursuant to the local level conflict of interest laws, Smart could contract with the City without violating the local level conflict of interest laws, as long as your husband abstains from any participation in the making of such a contract, and these laws would not prohibit your husband from retaining his position as a city police officer if Smart were to become involved with such a contract.

The following appraisal directive is adopted by the director of property valuation pursuant to K.S.A. 79-505:

Subject: Special Assessments

This directive is adopted pursuant to the provisions of K.S.A. 79-505, and amendments thereto, and shall be in force and effect from and after the Director's approval date.

A question has arisen as to how to determine the fair market value of a property that is sold when the buyer assumes a substantial balance of special assessments to pay for public improvements that provide a direct benefit to the property. Such public improvements may include a sewer system, water service, streets, etc. The cash given for the property under these circumstances may be significantly less than the cash given for similar properties that were sold unencumbered by special assessments. In the latter instances, the developer would have paid for the public improvements benefiting the properties and passed these costs on to the buyers. This directive will address all types of property subject to special assessments.

The county appraiser shall presume that the cash given for a property subject to special assessments represents its sales price, and thus should be given substantial weight for purposes of determining the property's fair market value. An arms-length sale may be given substantial weight, but it is not the sole criteria of fair market value for ad valorem tax purposes. Other factors in K.S.A. 79-503a are important as well. *Wolf Creek Golf Links, Inc. v. Johnson Board of Co. Comm'rs*, 18 Kan.App.2d 263, 266, 853 P.2d 62 (1993); *Board of County Commr's v. Brookover*, 198 Kan. 71, 77, 422 P.2d 906 (1967).

The presumption that the cash given for the property subject to special assessments is reflective of its fair market value may be rebutted if the county appraiser has evidence to the contrary, including evidence that:

- (1) A well informed buyer knowingly assumed the obligation to pay a substantial balance of special assessments;
- (2) The cash given for the property subject to special assessments is considerably less than the cash given for similar properties unencumbered by special assessments in open market transactions without any undue influences; or
- (3) The market has demonstrated that the public improvements underlying the special assessment add value to private property in the market place.

The county appraiser must be able to demonstrate that the cash given for the property does not fully reflect its fair market value, because part of the consideration given for the property was in the form of assuming the obligation to pay special assessments. That being the case, the cash given alone would not reflect the *total* amount in terms of money given in exchange for the property. Still further, the cash given would not be viewed as the *total* arms-length sales price that is entitled to substantial weight for purposes of determining fair market value.

A county appraiser shall not as a matter of standard practice value a property subject to special assessments

(continued)

by adding the special assessment balance to the cash sales price. Even when this technique is employed recognizing the present worth of future payments, it may result in valuing the property inappropriately. See, e.g., Directive 92-029, 92-035 (Added costs do not necessarily equate to added value.)

The technique of adding the balance of special assessments to the cash given for a property in order to determine its total sales price may not reliably reflect the actual value added to the private property by public improvements. The courts do not require a local governing body to assess the total cost of public improvements based upon the exact benefit to each affected property. Furthermore, the cost of an improvement does not necessarily equate to value in the market place. Finally, the market must demonstrate what portion of the public improvement actually enhances the value of private property and is therefore taxable.

Property subject to special assessments may be valued based upon arms-length sales of similar properties benefited by similar public improvements that have sold unencumbered by special assessments. Under this method, the market defines how much actual value is added to the private property by the public improvement. The parties to such sales recognize that only the private property is being acquired, not the public property. Thus, only the enhanced value of the private property is captured for tax purposes.

Article 4.—ACCIDENT AND HEALTH INSURANCE

40-4-37k. (a) Long-term care insurance; minimum loss ratios. Long-term care insurance policies shall return the following to policyholders in the form of aggregate benefits under the policy:

(1) At least 65 percent of the aggregate amount of premiums earned in the case of group policies; and

(2) at least 60 percent of the aggregate amount of premiums earned in the case of individual policies.

(b) Subsection (a) of this regulation shall not apply to the following policies:

(1) Any long-term care policy or certificate issued in this state on or after January 1, 2003; and

(2) certificates issued on or after January 1, 2003 under group long-term care insurance policy as defined in K.S.A. 40-2227(e), and amendments thereto, if the policy was in force at the time this amended regulation became effective. Subsection (a) of this regulation shall not apply to the policy anniversary following 12 months after January 1, 2003.

(c) Insurers shall determine aggregate benefits returned under the policy on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed, in accordance with accepted actuarial principles and practices.

(d) Long-term care benefits provided through the acceleration of the death benefit under a life insurance policy or annuity, if the payment of the long-term care benefits does not result in the decrease of the total amount of benefits payable under the policy, shall be subject to the following requirements in lieu of subsection (a), (b) or (c) of this regulation:

(1) The separately identifiable charge for the acceleration benefit shall not be excessive and shall meet either of the following criteria:

(A) Be a permanent and guaranteed charge; or

(B) have a guaranteed maximum cost that can never be increased.

(2) At the time of policy form filing, the insurer shall file a cost disclosure illustration with the insurance department.

(A) The cost disclosure illustration shall state separately the charges for the life insurance policy and for the accelerated death benefit provision provided for either in the policy or by rider, and the method of application of those charges.

(B) If the separately identifiable charge is illustrated as a percentage, the value or policy feature against which the percentage is to be applied shall also be disclosed.

(C) The cost disclosure illustration shall clearly state whether the accelerated death benefit provision is offered either as a permanent and guaranteed charge or with a guaranteed maximum cost. In policies offering a guaranteed maximum cost, the exact figure of the guaranteed maximum cost shall be clearly and unambiguously disclosed.

(3) At the time of delivery of the outline of coverage, a cost disclosure illustration identical to or substantially similar to that filed with the insurance department shall be delivered to the prospective applicant for review. The cost disclosure illustration shall include all the information required to be filed with the insurance department as set out in paragraphs (2)(A) and (B) of this subsection.

(4) The provisions of paragraphs (1)(A) and (B) shall not apply to and shall have no effect upon the underlying mortality costs and calculations that make up the basic premium for the life insurance policy itself.

(5) In the case of a single premium life insurance policy or annuity providing long-term care benefits via acceleration of the death benefit, the loss ratio requirements of this regulation shall be satisfied if the following conditions are met:

(A) Long-term care benefits are not separately terminated.

(B) At the time of policy form filing, the insurer files a benefit-to-premium illustration, relating cash values to premiums over a 15-year period of time, that is certified as appropriate by a member of the American academy of actuaries using the following assumptions:

(i) Mortality costs according to the appropriate percentage of the 1975-80 select and ultimate mortality tables as annually determined by the society of actuaries;

(ii) cash values calculated using minimum guaranteed interest and maximum total mortality and morbidity charges;

(iii) minimum reserves; and

(iv) lapses as follows:

1st year	20%
2nd year.....	15%
3rd year	13%
4th year.....	10%
5th year.....	8%
6th year through 14th year.....	7%
15th year.....	100%

The resulting benefit-to-premium ratio shall, in the aggregate, not be less than 75% when based upon an expected distribution of insureds for the age range for which the policy is issued.

(6) At the time of delivery of the single premium life policy or annuity, the insurer shall provide the policyholder with a cost disclosure setting out the year-by-year cash value increases on both a guaranteed and projected

basis using current assumptions, for at least 20 years if any, and the total gross premium. The illustration shall include the following, clearly and unambiguously:

(A) A statement that specifies that the long-term care accelerated death benefit is an integral part of the policy or annuity and shall not be separately terminated;

(B) a statement of the maximum total charge for mortality and long-term care accelerated death benefit and the method of application of that charge; and

(C) a statement that the maximum total charge includes a charge for a long-term care accelerated death benefit. (Authorized by K.S.A. 40-103, K.S.A. 40-2228; implementing K.S.A. 40-2228; effective Jan. 4, 1993; amended Aug. 16, 2002.)

40-4-37q. Initial filing requirements. (a) This regulation shall apply as follows:

(1) To any long-term care policy issued in this state on or after January 1, 2003; or

(2) for certificates issued on or after January 1, 2003 under a group long-term care insurance policy as defined in K.S.A. 40-2227(e), and amendments thereto, which policy was in force at the time this regulation became effective, on the policy anniversary following 12 months after January 1, 2003.

(b)(1) Each insurer shall provide the following information and, as required, the information specified in paragraph (b)(2)(A), (B), or (C) to the commissioner 30 days before making a long-term care insurance form available for sale:

(A) A copy of the disclosure documents required in K.A.R. 40-4-37s; and

(B) an actuarial certification containing the following:

(i) A statement that the initial premium rate schedule is sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated;

(ii) a statement that the policy design and coverage provided have been reviewed and taken into consideration;

(iii) a statement that the underwriting and claims adjudication processes have been reviewed and taken into consideration; and

(iv) a statement that the premium rate schedule is not less than the premium rate schedule for existing similar policy forms also available from the insurer except for reasonable differences attributable to benefits or a comparison of the premium schedules for similar policy forms that are currently available from the insurer with an explanation of the differences.

(2) In addition to providing the information specified in paragraph (b)(1), each insurer shall also furnish information that provides a complete description of the basis for contract reserves that are anticipated to be held under the form, which shall include the information specified in paragraph (b)(2)(A), (B), or (C):

(A)(i) Sufficient detail or sample calculations provided so as to have a complete depiction of the reserve amounts to be held;

(ii) a statement that the assumptions used for reserves contain reasonable margins for adverse experience;

(iii) a statement that the net valuation premium for renewal years does not increase, except for attained-age rating where permitted; and

(iv) a statement that the difference between the gross premium and the net valuation premium for renewal years is sufficient to cover expected renewal expenses or, if such a statement cannot be made, a complete description of the situations in which this does not occur;

(B) if the insurer does not provide the statement required in paragraph (b)(2)(A)(iv), an aggregate distribution of anticipated issues, if the underlying gross premiums maintain a reasonably consistent relationship; or

(C) if the insurer does not provide the information required in either paragraph (b)(2)(A)(iv) or paragraph (b)(2)(B), and if the gross premiums for certain age groups appear to be inconsistent with this requirement, a demonstration under subsection (c) of this regulation, based on standard age distribution as may be requested by the commissioner.

(c) An actuarial demonstration that benefits are reasonable in relation to premiums and that shall include one of the following, or both, may be requested by the commissioner:

(1) Premium and claim experience on similar policy forms, adjusted for any premium or benefit differences; or

(2) relevant and credible data from other studies.

(d) If the commissioner asks for additional information under subsection (c) of this regulation, the time period specified in subsection (a) of this regulation shall not include the period during which the insurer is preparing the requested information. (Authorized by K.S.A. 40-103 and K.S.A. 40-2228; implementing K.S.A. 40-2228; effective Aug. 16, 2002.)

40-4-37t. Premium rate schedule increases. (a) This regulation shall apply as follows:

(1) Except as provided in paragraph (a)(2) of this regulation, to any long-term care policy or certificate issued in this state on or after January 1, 2003; or

(2) for certificates issued on or after January 1, 2003 under a group long-term care insurance policy as defined in K.S.A. 40-2227(e) and amendments thereto, which policy was in force when this regulation became effective, on the policy anniversary following 12 months after January 1, 2003.

(b) Each insurer shall provide notice of a pending premium rate schedule increase, including an exceptional increase, to the commissioner at least 30 days before the notice to the policyholders and shall include the following:

(1) Information required by K.A.R. 40-4-37s;

(2) certification of both of the following by a qualified actuary:

(A) If the premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated; and

(B) the premium rate filing is in compliance with the provisions of this regulation;

(3) an actuarial memorandum justifying the rate schedule change request that includes the following:

(continued)

(A) Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase and the method and assumptions used in determining the projected values, including reflection of any assumptions that deviate from those used for pricing other forms currently available for sale:

(i) Annual values for the five years preceding and the three years following the valuation date shall be provided separately;

(ii) the projections shall include the development of the lifetime loss ratio, unless the rate increase is an exceptional increase;

(iii) the projections shall demonstrate compliance with subsection (c); and

(iv) for exceptional increases, the projected experience shall be limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase. If the commissioner determines as provided in K.A.R. 40-4-37(c)(11) that offsets may exist, the insurer shall use appropriate net projected experience;

(B) disclosure of how reserves have been incorporated in this rate increase whenever the rate increase will trigger contingent benefit upon lapse;

(C) disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and what other actions taken by the company have been relied on by the actuary;

(D) a statement that policy design, underwriting, and claims adjudication practices may have been taken into consideration; and

(E) if it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase, composite rates filed by the insurer reflecting projections of new certificates;

(4) a statement that renewal premium rate schedules are not greater than new business premium rate schedules except for differences attributable to benefits, unless sufficient justification is provided to the commissioner; and

(5) sufficient information for review before use of the premium rate schedule increase by the commissioner.

(c) All premium rate schedules shall be determined in accordance with the following requirements:

(1) Exceptional increases shall provide that 70 percent of the present value of projected additional premiums from the exceptional increase will be returned to policyholders in benefits.

(2) Premium rate schedule increases shall be calculated so that the sum of the accumulated value of incurred claims without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, will not be less than the sum of the following:

(A) The accumulated value of the initial earned premium times 58 percent;

(B) 85 percent of the accumulated value of prior premium rate schedule increases on an earned basis;

(C) the present value of future projected initial earned premiums times 58 percent; and

(D) 85 percent of the present value of future projected premiums not included in paragraph (c)(2)(C) of this regulation on an earned basis;

(3) If a policy form has both exceptional and other increases, the values in paragraphs (c)(2)(B) and (D) of this regulation shall also include 70 percent for exceptional rate increase amounts.

(4) All present and accumulated values used to determine rate increases shall use the maximum valuation interest rate for contract reserves as specified in K.S.A. 40-409, and amendments thereto. The actuary shall disclose as part of the actuarial memorandum the use of any appropriate averages.

(d) For each rate increase that is implemented, the insurer shall file before use for review by the commissioner updated projections, as defined in paragraph (b)(3)(A) of this regulation, annually for the next three years and shall include a comparison of actual results to projected values. The period may be extended by the commissioner to greater than three years if actual results are not consistent with projected values for prior projections. For group insurance policies that meet the conditions in subsection (k) of this regulation, the projections required by subsection (d) shall be provided to the policyholder in lieu of filing with the commissioner.

(e) If any premium rate in the revised premium rate schedule is greater than 200 percent of the comparable rate in the initial premium schedule, lifetime projections, as defined in paragraph (b)(3)(A) of this regulation, shall be filed for review by the commissioner before use every five years following the end of the required period in subsection (d) of this regulation. For group insurance policies that meet the conditions in subsection (k) of this regulation, the projections required by subsection (e) shall be provided to the policyholder in lieu of filing with the commissioner.

(f)(1) If the commissioner has determined that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed the proportions of premiums specified in subsection (c) of this regulation, the insurer may be required by the commissioner to implement either of the following:

(A) Premium rate schedule adjustments; or

(B) other measures to reduce the difference between the projected and actual experience.

(2) In determining whether the actual experience adequately matches the projected experience, consideration shall be given to paragraph (b)(3)(E) of this regulation, if applicable.

(g) If the majority of the policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse, the insurer shall file the following:

(1) A plan, subject to commissioner approval, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form requiring further premium rate increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in effect. If this plan fails to eliminate the potential for further deterioration of the policy form, the conditions in subsection (h) of this regulation may be imposed by the commissioner; and

(2) the original anticipated lifetime loss ratio and the premium rate schedule increase that would have been calculated according to subsection (c) of this regulation if the greater of the original anticipated lifetime loss ratio or 58 percent had been used in the calculations described in paragraphs (c)(2)(A) and (C) of this regulation.

(h)(1) For a rate increase filing and all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase shall be reviewed by the commissioner to determine if a significant adverse lapsation has occurred or is anticipated and meets the following criteria:

(A) The rate increase is not the first rate increase requested for the specific policy form or forms;

(B) the rate increase is not an exceptional increase; and

(C) the majority of the policies or certificates to which the increase is applicable are eligible for the contingent benefits upon lapse.

(2) If a significant adverse lapsation has occurred, is anticipated in the filing, or is evidenced in the actual results as presented in the updated projections provided by the insurer following the requested rate increase, a determination that a rate spiral exists may be made by the commissioner. Following the determination that a rate spiral exists, the insurer may be required by the commissioner to offer, without underwriting, to all insureds subject to the rate increase the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates.

(A) The offer shall meet the following conditions:

(i) Be subject to the approval of the commissioner;

(ii) be based on actuarially sound principles, but not be based on attained age; and

(iii) provide that maximum benefits under any new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy.

(B) The insurer shall maintain the experience of all the replacement insureds separate from the experience of insureds originally issued the policy forms. In the event of a request for a rate increase on the policy form, the rate increase shall be limited to the lesser of the following:

(i) The maximum rate increase determined based on the combined experience; or

(ii) the maximum rate increase determined based only on the experience of the insureds originally issued the form plus 10 percent.

(i) If the commissioner determines that the insurer has exhibited a persistent practice of filing inadequate initial premium rates for long-term care insurance, in addition to the provisions of subsection (h) of this regulation, the insurer may be prohibited by the commissioner from either of the following:

(1) Filing and marketing comparable coverage for a period of up to five years; or

(2) offering all other similar coverage and limiting marketing of new applications to the products subject to recent premium rate schedule increases.

(j) Subsections (a) through (i) of this regulation shall not apply to policies with the long-term care benefits provided by the policy age incidental as defined in K.A.R. 40-4-37 (c)(12), if the policy complies with all of the following provisions:

(1) The interest credited internally to determine cash value accumulations, including long-term care, if any, is guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy.

(2) The portion of the policy that provides insurance benefits other than long-term care coverage meets the nonforfeiture requirement as applicable in any of the following:

(A) K.S.A. 40-428, and amendments thereto;

(B) K.S.A. 40-428a, and amendments thereto; and

(C) K.A.R. 40-15-1.

(3) The policy meets the disclosure requirements of K.S.A. 40-2228(g), and amendments thereto, and K.A.R. 40-2-25.

(4) The portion of the policy that provides insurance benefits other than long-term care coverage meets the requirements, as applicable, in the following:

(A) Policy illustrations as required by K.A.R. 40-2-25;

(B) disclosure requirements in K.A.R. 40-2-25; and

(C) disclosure requirements in K.A.R. 40-15-1.

(5) An actuarial memorandum is filed with the insurance department that includes the following:

(A) A description of the basis on which the long-term care rates were determined;

(B) a description of the basis for the reserves;

(C) a summary of the type of policy, benefits, renewability, general marketing method, and limits on ages of issuance;

(D) a description and a table of each actuarial assumption used. For expenses, each insurer shall include the percent of premium dollars per policy and dollars per unit of benefits, if any;

(E) a description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;

(F) the estimated average premium per policy and the average issue age;

(G) a statement as to whether underwriting is performed at the time of application. The statement shall indicate whether underwriting is used, and if used, the statement shall include a description of the type or types of underwriting used, including medical underwriting and functional assessment underwriting. Concerning a group policy, the statement shall indicate whether the enrollee or any dependent will be underwritten and when underwriting will occur; and

(H) a description of the effect of the long-term care policy provisions on the required premiums, nonforfeiture values, and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.

(k) Subsections (f) and (h) of this regulation shall not apply to group insurance policies as defined in K.S.A. 40-2209(f)(l) through (6), and amendments thereto, if either of the following conditions is met:

(1) The policies insure 250 or more persons, and the policyholder has 5,000 or more eligible employees of a single employer.

(2) The policyholder, and not the certificate holder, pays a material portion of the premium, which shall not

(continued)

be less than 20 percent of the total premium for the group in the calendar year before the year a rate increase is filed. (Authorized by K.S.A. 40-103 and K.S.A. 40-2228; implementing K.S.A. 40-2228; effective Aug. 16, 2002.)

(g) "Kansas Speedway" is a ticket with five different games featuring six distinct play areas.

Game 1 is "Tire Change." If a player matches "YOUR NUMBER" to any "NUMBER" in the same wheel, the player wins the prize shown below that number. A player can win five times over the two play areas.

Game 2 is "Bank Roll." A player will remove the scratch-off material covering the play area to reveal four "ROLLS," "ROLL 1," "ROLL 2," "ROLL 3," and ROLL 4." If the dice total in a single "ROLL" adds up to seven or 11, the player wins the prize for that "ROLL." A player can win four times in this game.

Game 3 is "Straight Away." A player will remove the scratch-off to reveal four "YOUR CARDS," one "PRIZE," and a "DEALER'S CARD." If any of the "YOUR CARDS" is higher than the "DEALER'S CARD," the player wins

the prize shown. From lowest to highest, the cards are ranked as follows: 2, 3, 4, 5, 6, 7, 8, 9, 10, J, Q, K, A. A player can win four times in this game.

Game 4 is "Pit Pass." A player will remove the scratch-off material covering the play area. If a prize is revealed, the player wins that prize instantly. A player can win once in this game.

Game 5 is "Winner's Circle." A player will remove the scratch-off to reveal nine play symbols and one "WINNER'S CIRCLE" prize symbol. If a player reveals three "CARS" in any one row, column, or diagonal, the player wins the prize shown in the "WINNER'S CIRCLE" box. A player can win once in this game.

(h) Each ticket in this game may win up to 15 times.

(i) Approximately 600,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets, and the same odds as were contained in the initial ticket order.

(j) The expected number and value of instant prizes in this game shall be as follows:

	Game 1	Game 2	Game 3	Game 4	Game 5	Prizes	Expected Number of Prizes in Game	Expected Value in Game

(k) The odds of winning a prize in this game are approximately one in 4.23. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-4-17-02, Feb. 20, 2002; amended, T-111-7-15-02, May 15, 2002.)

Article 5.—MULTI-STATE SPECIFIC ONLINE GAME RULES

111-5-79. Name of the game; rules and regulations. The Kansas lottery shall conduct a multi-state lotto game in conjunction with one or more other party lotteries, entitled "2by2" beginning June 2, 2002, at 5:00 a.m.

The rules and regulations for "2by2" game are contained in K.A.R. 111-5-79 through 111-5-91, and applicable generic rules are contained in K.A.R. 111-6-1 *et seq.* (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)

111-5-80. Definitions. The following definitions shall apply to the "2by2" game:

(a) "Cash prize" means all set prizes other than free ticket prizes.

(b) "Computer pick" or "quick pick" means the random selection of two-digit numbers by the computer system, which appear on a ticket and are played by a player in the game.

(c) "Drawing" means the formal process of selecting winning numbers which determine the number of winners for each prize level of the game.

(d) "Free ticket" means a free quick pick single-board "2by2" ticket for the next upcoming "2by2" drawing.

(e) "Game board" or "boards" means that area of the play slip which contains two sets of numbered squares to be marked by the player, each set containing 26 squares, number one through 26, with the first set of numbers designated as the "red" numbers, and the second set of numbers designated as the "white" numbers.

(f) "Game ticket" or "ticket" means a computer generated ticket issued by a terminal to a person as a receipt for the combination a person has selected.

(g) "MUSL" means the Multi-State Lottery Association, a government-benefit association wholly owned and operated by the party lotteries.

(h) "MUSL Board" means the governing body of the MUSL which is comprised of the chief executive officer of each party lottery.

(i) "Online lottery game" means a lottery game connected by telephone lines or other similar communication methodology, owned or controlled by the lottery, to a central computer in which each player selects numbers out of a larger predetermined set or sets of numbers.

(j) "Party Lottery" means a state lottery which has joined the MUSL and, in the context of "2by2" product group rules, has joined in selling the "2by2" game.

(k) "Product group" means the group of lotteries which has joined together to offer a product pursuant to the terms of the multi-state lottery agreement and the group's own rules.

(l) "Play" means the four numbers, the first two from a field of 26 "red" numbers, and the second two from a second field of 26 "white" numbers that appear on a

ticket as a single lettered selection and are to be played by a player in the game.

(m) "Play slip" means a card used in marking a player's game plays and containing one or more boards.

(n) "Retailer" or "agent" means a person or entity authorized by the Kansas lottery to sell lottery tickets.

(o) "Set prize" means all prizes except the grand prize that are advertised to be paid by a single cash payment, and except in rare instances outlined in these rules, will be equal to the prize amount established by the product group for the prize level.

(p) "Terminal" means a device authorized by a party lottery to function in an online, interactive mode with the lottery's computer system for the purpose of issuing lottery tickets and entering, receiving, and processing lottery transactions, including purchases, validating tickets, and transmitting reports.

(q) "Validation" or "validate" means the process of determining whether a ticket presented for a prize is a winning ticket.

(r) "Winning numbers" means the four numbers, the first two from a field of 26 "red" numbers and the second two from a second field of 26 "white" numbers, randomly selected at each drawing which shall be used to determine winning plays contained on a game ticket. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)

111-5-81. Game description; retail sale of tickets.

(a) The "2by2" game is a two out of 26 "red" numbers plus two out of 26 "white" numbers online lottery game which pays each grand prize in a cash lump sum payment of \$20,000, except that said grand prize may become pari-mutuel as set forth in these rules. Except as provided in these rules, all other prizes are paid on a set cash basis. To play "2by2," a player shall select two different "red" numbers between one through 26, and two additional "white" numbers between one through 26 for input into a terminal. Each set of numbers is from one through 26. One or both numbers chosen from one set may be the same as the other set.

(b) A "2by2" game ticket shall sell for one dollar.

(c) Tickets shall not be sold to any person under the age of 18 years. Each retailer may require a person purchasing tickets to produce proof of age.

(d) Each ticket shall be purchased from a terminal operated by a retailer. The player may select four numbers by:

(1) communicating the four numbers to the retailer;

(2) marking four numbered squares on any one game board on a play slip and submitting the play slip to the retailer; or

(3) requesting a "quick pick" from the retailer.

The retailer shall then issue a ticket from the terminal containing the selected sets of numbers, each of which constitutes a game play.

(e) A validated ticket shall be the only proof of a game play or plays. The only method of claiming a prize or prizes shall be the submission of the winning ticket to and receipt of the ticket by the lottery or its authorized agent. A play slip shall have no pecuniary or prize value and shall not be used as evidence of a ticket purchase or of numbers selected.

(f) A ticket shall not be voided or cancelled by returning the ticket to the selling retailer, including tickets that are printed in error.

(g) Ticket sales will end at approximately 8:59 p.m. central time on Mondays, Wednesdays, and Saturdays and will resume at approximately 9:05 p.m.

(h) Drawings will be conducted three times a week on Mondays, Wednesdays, and Saturdays at approximately 9:30 p.m. central time (CT), after the game is closed at approximately 8:59 p.m. central time (CT) and the external auditor has verified that the game is closed, under conditions and procedures promulgated by the executive director of the lottery.

(i) Each player shall be responsible for verifying the accuracy of the game play or plays and other data printed on the ticket. The placing of plays is done at the player's own risk through the online retailer who is deemed to be acting on behalf of the player in entering the play or plays. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and 74-8718; effective, T-111-7-15-02, May 15, 2002.)

111-5-82. Prize pool; reserve account. (a) The prize pool for all prize categories shall consist of 50 percent of each drawing period's sales after the prize reserve account or accounts are funded to the amounts set by the product group. Any amount remaining in the prize pool at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the product group.

(b) One and thirty-two one hundredths percent (1.32%) of sales shall be placed in trust in one or more prize reserve accounts until the prize reserve accounts reach the amount designated by the product group. When the prize reserve accounts exceed the designated amount, the excess shall become part of the prize pool. Any amount remaining in prize reserve accounts at the end of this game shall be carried forward to a replacement prize reserve account or expended in a manner as directed by the product group. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and K.S.A. 2001 Supp. 74-8731; effective, T-111-7-15-02, May 15, 2002.)

111-5-83. Expected prize payout. (a) Each grand prize shall be paid on a lump-sum basis of \$20,000, except that if a total of more than five plays sold by the party lotteries are entitled to a grand prize, all grand prize winners shall be paid a total of \$100,000 on a pari-mutuel basis. Except as provided in these rules, all other prizes awarded shall be paid as set cash prizes with the following expected prize payout percentages (these percentages assume the prize reserve account or accounts established by K.A.R. 111-5-82(b) have been fully funded):

Number of Matches Per Play*	Prize Payment	Prize Pool Percentage Allocated to Prize
Two (2) of first set plus two (2) of second set	\$20,000	38.8976%
	Grand Prize	
Two (2) of first set plus any one (1) of second set	\$100	9.3354%
Any one (1) of first set plus two (2) of second set	\$100	9.3354%
Two (2) of first set plus none of second set	\$3	1.6104%
None of first set plus two (2) of second set	\$3	1.6104%
Any one (1) of first set plus any one (1) of second set	\$3	13.4444%
Any one (1) of first set plus none of second set	Free Ticket	12.8829%
None of first set plus any one (1) of second set	Free Ticket	12.8829%

* The first set of numbers is the "red" set of numbers; the second set of numbers is the "white" set of numbers.

(b) The prize pool percentage allocated to the set prizes (the cash prizes of less than \$20,000) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw. If the total of the set prizes awarded to party lotteries in a drawing exceeds the percentage of the prize pool allocated to the set prizes, then the amount needed to fund the set prizes awarded shall be obtained from the following sources, in the following order: (1) the amount allocated to the set prizes and carried forward from previous draws, if any; (2) an amount from the prize reserve account or accounts, if available, not to exceed the balance of the accounts; (3) an amount from the lottery's unreserved account held by MUSL; or, (4) from the lottery's general funds based on the percent of sales by lottery for that drawing as compared to the sales of all other party lotteries. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)

111-5-84. Probability of winning. (a) The following table sets forth the probability of winning and the probable distribution of winners in and among each prize category based upon the total number of possible combinations in "2by2":

Number of Matches Per Ticket*	Distribution Probability	Combined Distribution Probability	Set Prize Amount
Two (2) of first set plus two (2) of second set	1:105,625	1:105,625	\$20,000
Two (2) of first set plus any one (1) of second set	1:2,200.5	1:1,100 (3 matches)	\$100
Any one (1) of first set plus two (2) of second set	1:2,200.5		\$100
Two (2) of first set plus none of second set	1:382.7		1:37 (2 matches)
None of first set plus two (2) of second set	1:382.7	\$3	
Any one (1) of first set plus any one (1) of second set	1:45.8	1:4 (1 match)	\$3
Any one (1) of first set plus none of second set	1:8.0		Free Ticket
None of first set plus any one (1) of second set	1:8.0		Free Ticket
Overall odds	1:3.59		

* The first set of numbers is the "red" set of numbers; the second set of numbers is the "white" set of numbers.

(Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)

111-5-85. Prize payments. (a) Grand prizes shall be paid in a single lump-sum cash payment after receiving authorization from the MUSL central office.

(b) All set prizes, which are all prizes except the grand prize, shall be paid in cash through the party lottery which sold the winning ticket(s). A party lottery may begin paying set prizes after receiving authorization to pay from the MUSL central office.

(c) Prizes which become pari-mutuel may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

(d) The holder of a winning ticket may win only one prize per board in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

(continued)

(e) All prizes must be claimed within 365 days of the day of the drawing in which the prize was won. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and K.S.A. 2001 Supp. 74-8731; effective, T-111-7-15-02, May 15, 2002.)

111-5-86. Ticket validation requirements. To be a valid "2by2" ticket and eligible to receive a prize, a ticket shall satisfy all the requirements established by the Kansas lottery for validation of winning tickets sold through its on-line system and any other validation requirements established by the product group and published as the confidential MUSL minimum games security standards. The MUSL and the Kansas lottery shall not be responsible for tickets which are altered in any manner. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)

111-5-87. Claiming prizes; procedure and time period. (a) Prior to the payment of any prize, each ticket shall be validated by the retailer or lottery office pursuant to this act.

(b) The procedures for payment of a "2by2" prize on any single game ticket of \$599 or less, except for a grand prize, are as follows:

(1) The claimant of a ticket purchased in Kansas may present the ticket to any Kansas lottery on-line retailer. Upon validation of the ticket, the retailer shall immediately make payment for the prize to the claimant. If the retailer cannot validate the ticket, the claimant shall fill out a claim form provided by the retailer and personally present or mail the completed form together with the ticket to any office of the Kansas lottery. If the ticket is validated, then payment shall be made to the claimant by mail.

(2) The claimant may bring the ticket to any office of the Kansas lottery during the hours that the office is open to the public for business. Upon validation of the ticket, and completion of a claim form, payment shall be processed for the claimant.

(3) The claimant may mail the ticket with a completed claim form in any envelope to any office of the Kansas lottery. Claim forms may be obtained from any lottery retailer or any office of the Kansas lottery. Upon receipt of the ticket and completed claim form and validation of the ticket, payment shall be processed for the claimant.

If any evidence of alteration, mutilation, tear, or other ambiguity appears on the ticket, the retailer shall not make direct payment of a prize. The claimant shall submit a claim form with the ticket to the lottery.

(c) The procedure for the payment of a "2by2" prize on any single game ticket which totals \$600.00 or more shall be as follows:

(1) The claimant may bring the signed ticket to any office of the Kansas lottery during the hours that the office is open to the public for business. Upon validation of the ticket and completion of a claim form, payment shall be processed for the claimant.

(2) The claimant may mail the ticket with a completed claim form to any office of the Kansas lottery. Claim forms may be obtained from any lottery retailer or any office of the Kansas lottery. Upon receipt of the ticket and

completed claim form and validation of the ticket, payment shall be processed for the claimant.

(d) Although tickets and claim forms may be presented or mailed to any Kansas lottery office, such prizes may only be paid by lottery headquarters.

(e) All prizes shall be claimed within 365 days of the drawing in which the prize was won. Any prize or prizes not claimed within the time specified shall be forfeited. If a prize is claimed by mail, the ticket and claim form must actually be received by the lottery within the claim period. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and 74-8720; effective, T-111-7-15-02, May 15, 2002.)

111-5-88. Ticket responsibility. (a) Until such time as a signature, mark or name is placed on the back of a ticket in the area designated for a signature, mark or name, a ticket shall be owned by the holder of the ticket. When a signature, mark or name is placed on a ticket in the place designated, the person whose signature, mark or name appears in that area shall be the owner of the ticket and shall be entitled to any prize attributable thereto.

(b) If the signature of more than one person appears on the back of the ticket in the designated place, the lottery shall make payment to the person presenting the ticket whose signature appears on both the ticket and the winner claim form. If all persons whose signatures appear in the appropriate space cannot identify one person to whom payment should be made, the lottery shall keep the prize until a determination of entitlement is made by the parties. In no event shall more than one person be entitled to a particular prize.

(c) The product group, the MUSL and Kansas lottery shall not be responsible for lost or stolen tickets. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and 74-8720; effective, T-111-7-15-02, May 15, 2002.)

111-5-89. Ineligible players. In addition to the provisions of K.S.A. 74-8718 and K.S.A. 74-8719, and amendments thereto, a "2by2" ticket or share issued by the MUSL or any of its party lotteries shall not be purchased by, and a prize won by any such ticket or share shall not be paid to:

(1) a MUSL employee, officer or director,
 (2) a contractor or consultant under agreement with the MUSL to review the MUSL audit and security procedures, or

(3) an immediate family member of an individual described in subsections (1) and (2) and residing in the same household. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8718 and 74-8719; effective, T-111-7-15-02, May 15, 2002.)

111-5-90. Multi-Draw. (a) In addition to a single play for each \$1.00, a player may also have his or her selections entered in multiple drawings. Multi-draw tickets must be purchased for consecutive drawings beginning with the next drawing. This is done by marking one of the multi-draw boxes designated by 2, 3, 6, 9, 12, or 15 on the play slip. The additional draw period(s) for which the ticket is valid will then appear on the computer generated ticket given to the player by the retailer.

(b) A player must pay an additional \$1.00 per play for each additional drawing in which he or she wishes to play.

(c) Unless one of the multi-draw boxes is marked and the additional amount paid, the play will only be eligible for the current drawing up to 8:59 p.m. the day of the drawing.

(d) A player may purchase only the same numbers on the same boards for multiple drawings. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)

111-5-91. Entry of plays. Plays may only be entered manually using the lottery terminal keypad or touch

screen or by means of a play slip provided by the lottery and hand-marked by the player or by such other means approved by the lottery. Retailers shall not permit the use of facsimiles of play slips, copies of play slips, or other materials that are inserted into the terminal's play slip reader that are not printed or approved by the lottery. Retailers shall not permit any device to be connected to a lottery terminal to enter plays, except as approved by the lottery. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-7-15-02, May 15, 2002.)
