Kansas Development Finance Authority Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, March 13, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

Project No. 000559—Maximum Principal Amount: \$73,000. Owner/Operator: Luke P. Pfizenmaier. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at Section 17, Blaine Township, Clay County, Kansas, approximately 5 miles west of Clay Center on Hwy. 24 and 1 mile south on Hackberry Road.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the Authority at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the Authority.

Any individual affected by the above-described project may, at or prior to the hearing, file a written request with the Authority that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Department of Health and Environment

Notice Concerning Kansas Water Pollution Control Permits

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below.

The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility treating primarily noncontact cooling water. This facility manufactures agricultural tillage and seeding equipment and a line of trash management equipment. Gray and ductile iron castings are produced in a gray iron foundry. Raw steel bars, sheets, flats, rounds and tubing are sawed, punched, drilled, formed, welded, assembled and painted to make the finished products. On-site well water used for noncontact cooling of a compressor is discharged to a drainage ditch next to the plant. City water can be used as an alternative to the onsite well supply. No cooling water additives are utilized. Domestic wastewater and metal finishing process wastewater is discharged to the sanitary sewer. Discharge $\bar{\text{flow}}$ for the noncontact cooling water is about 0.032 million gallons per day. The proposed permit includes a requirement for monitoring chlorides, temperature, BTEX, total residual chlorine, pH and flow. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before March 29 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-03-018/022, KS-PT-03-008) and name of applicant/application as listed when preparing comments. If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Request for Comments

The Kansas Department of Health and Environment has reviewed an application from The Tire Cutters, Inc. to establish and operate a new waste tire monofill (a land-fill exclusively for processed waste tires). The proposed monofill site is located in the Southeast Quarter of Section 18, Township 5 South, Range 12 East in Nemaha County. From the City of Corning, the proposed facility will be located 3 miles south on Highway 63, then 4-1/8 miles east on the county road, then north on property owned by Donald Bonjour. The proposed landfill will cover approximately 13 acres on the 585-acre property, which is currently undeveloped.

In 2002, a permit was issued to Tire Cutters to operate a waste tire processing facility at the proposed monofill site. The proposed monofill is designed with approximately 491,200 cubic yards of capacity for processed waste tires and intermediate cover material. Based on an estimated daily average disposal rate of 40 cubic yards, the period of active monofill operation is projected to be approximately 47 years. The monofill is proposed to partially fill-in two existing ravines. The bottom of the monofill is proposed at the existing surface of the ground in the bottom of the ravines, at elevations ranging from approximately 1,275 feet to 1,330 feet, with approximately 85 feet to 100 feet of lateral excavation in each direction from the centerline of the ravine bottom. The completed surface of the monofill (including the final cover) is proposed at elevations ranging from approximately 1,280 feet to 1,340 feet, representing fill depths of approximately 5 feet to 25 feet, and resulting in broad trapezoidal drainage ways in place of the current V-shaped ravine bottoms. The final cover on the monofill is proposed to consist of at least 30 inches of soil with native grasses established on the surface.

Nemaha County has certified that the application described herein is consistent with the local solid waste management plan and compatible with the surrounding land use. KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulations.

KDHE is providing public notice of its intent to issue a permit to Tire Cutters for the proposed monofill described herein. A copy of the administrative record, which includes the permit application, engineering drawings, draft permit and other information with respect to this permit action, will be available for public review March 3-April 25, during normal business hours, at the following locations:

Kansas Department of Health and Environment Bureau of Waste Management 1000 S.W. Jackson, Suite 320 Topeka, 66612-1366 Contact: Paul Graves (785) 296-1596

Nemaha County Clerk's Office Nemaha County Courthouse 607 Nemaha St. Seneca, 66538 Contact: Leann Jones (785) 336-2170

Additionally, the application form is available for public viewing via the Internet at http://www.kdhe.state.ks.us/ waste/bwm_sw_public_notices.html. Anyone wishing to comment on the proposed facility should submit written statements postmarked not later than April 25 to Paul Graves of KDHE (at the address listed above). In addition, an informational meeting and public hearing will be held in conjunction with the public comment period. The informational meeting will be at 6 p.m. Tuesday, April 15, in the American Legion building near the intersection of 4th and Washington, Corning. At the informational meeting, KDHE staff will be present in an informal setting to respond to questions from interested individuals. Immediately following the informational meeting, a public hearing will be held at 7 p.m. in the same location. The public hearing will provide a format for individuals to make formal comments, which will be recorded by KDHE. KDHE will subsequently issue written responses to all formal comments, including written comments received through the end of the public comment period and verbal comments recorded during the public hearing.

After consideration of all formal comments as described above, KDHE will make a final decision on whether to issue the permit. Notice of the decision will be given to the applicant, to anyone who submitted formal comments, and to those who requested notice of the final permit decision.

- (15) beverage machines and snack or cigarette machines;
- (16) amusement and entertainment devices or machines; or
 - (17) any other goods or services.
- (c) Each applicant shall apply for the license in the following category that best fits the services or goods that the applicant is providing:
- (1) Each applicant who proposes to have an annual ontrack sales revenue for goods or services totalling \$100,000 or more at a non-county fair race meet shall apply for a class 1 concessionaire license.
- (2) Each applicant who proposes to have an annual ontrack sales revenue for goods or services totalling less than \$100,000 at a non-county fair race meet shall apply for a class 2 concessionaire license.
- (3) Each applicant who proposes to sell goods or services at a county fair association race meeting that is held for a total of not more than 21 race days per calendar year shall apply for a class 3 concessionaire license.
- (4) Each applicant who proposes to provide any coinoperated device that dispenses goods, entertainment, or amusement shall apply for a class 4 concessionaire license.
- (5) Each applicant who proposes to provide any professional service or service requiring special training shall apply for a class 5 concessionaire license. This license cat-

egory shall include physicians, veterinarians, masseuses, and farriers.

- (6) Each applicant who proposes to sell goods or services for an event that lasts three days or less shall apply for a class 6 concessionaire license.
- (d) The organization licensee or facility manager licensee shall notify the commission of all entities providing goods and services to third parties at the racetrack facility and shall be subject to the penalties provided in K.A.R. 112-3-17 for failure to notify the commission.
- (e) Each applicant shall complete a concessionaire license application form furnished by the commission, which shall include the following:
- (1) The applicant's name, address, and telephone number;
 - (2) Kansas tax identification number;
 - (3) federal tax identification number;
- (4) the name of each individual employed by applicant and working at the racetrack facility;
- (5) proof of workers compensation if liable under the workers compensation act in Kansas; and
- (6) the name, address, and telephone number of each partner, owner, officer, director, board member, policy-making manager, and any other person or entity having control or a voting interest in the business of the applicant, and the percentage of voting interest for each person or entity.
- (f) Each applicant may be required to provide, on a quarterly basis, a financial report of on-track sales revenue
- (g) The applicant shall not knowingly provide false information on any concessionaire application or fail to disclose any material fact on the concessionaire application form.
- (h) Each applicant shall obtain and provide, with the application, written authorization from the organization licensee or facility manager licensee to sell goods or services at the racetrack facility.
- (i) Each owner, officer, board member, or other entity with a voting interest or ownership of three percent or more may be required to submit to a background investigation to be conducted by either of the following:
- (1) The commission's director of security or the director's designee; or
 - (2) the Kansas bureau of investigation.
- (j) Each applicant for a concessionaire license shall pay the appropriate application and license fees as designated by the commission.
- (k) Each applicant shall pay any additional fees for background and fingerprint processing, as needed to pay the actual, reasonable expenses of processing the application and investigating the applicant's qualifications for licensure.
- (l) Each applicant for a concessionaire license may be required to provide copies of income tax returns for each of the five years immediately preceding the application or all tax returns if the applicant has been organized for fewer than five years.
- (m) The applicant shall not sell goods or services at the racetrack facility before being licensed by the commission.

- (n) Each licensee or applicant for a license shall report immediately and in writing any change in license or application information to the commission.
- (o) A licensed concessionaire may be permitted to sell veterinary prescription drugs or medications if the individual meets the following criteria:
- (1) Is registered pursuant to K.S.A. 65-1601 et seq., and amendments thereto;
- (2) has a valid written prescription from a licensed veterinarian for each prescription drug or medication; and
- (3) maintains a copy of each written prescription for inspection purposes.
- (p) Before the expiration of a concessionaire license, the concessionaire licensee may apply to the commission for renewal of this license on a form furnished by the commission. The renewal shall be granted by the commission if the licensee meets all of the qualifications required for an initial license. A fee may be charged by the commission for processing the renewal application. This fee shall not exceed the application fee authorized for an initial license. (Authorized by K.S.A. 2001 Supp. 74-8804; implementing K.S.A. 2001 Supp. 74-8817; effective March 14, 2003.)
- 112-4-1b. Racing or wagering equipment or services. (a) No organization licensee or facility manager licensee shall permit any business not owned and operated by that licensee to provide integral racing or wagering equipment or services, as designated in subsection (b), to that licensee unless the business has been issued a racing or wagering equipment or services license by the commission pursuant to K.S.A. 74-8837 and amendments thereto.
- (b) "Integral racing and wagering equipment and services" shall mean those services and equipment that are provided on-site at the racetrack facility. This term shall include the following:

- (c) Before providing integral racing or wagering equipment or services at a racetrack facility, each individual or entity shall pay the required fee and secure the appropriate license or licenses from the commission.
- (d) The organization licensee and facility manager licensee shall notify the commission of all racing or wagering equipment or services being provided at the racetrack facility pursuant to K.A.R. 112-3-17.
- (e) Each applicant shall complete a racing or wagering equipment or services application form furnished by the commission, which shall include the following:
- (1) The applicant's name, address, and telephone number;
- (2) the names of all individuals employed by the applicant and working at the racetrack facility;
- (3) proof of workers compensation if liable under the workers compensation act in Kansas; and

- (4) the name, address, and telephone number of each partner, owner, officer, director, board member, policymaking manager, and any other person or entity having control or a voting interest in the business of the applicant, and the percentage of voting interest for each person or entity.
- (f) The applicant shall not knowingly provide false information on any racing and wagering equipment or services application or fail to disclose any material fact on the racing and wagering equipment or services appli-
- (g) Each applicant shall provide a copy of the contract entered into with the facility manager licensee or organization licensee, or both.
- (h) Each partner, owner, officer, director, board member, policy-making manager, or other entity with a voting interest or ownership of three percent or more may be required to submit to a background investigation to be conducted by either of the following:
- (1) The commission's director of security or the director's designee; or
 - (2) the Kansas bureau of investigation.
- (i) Each applicant for a racing or wagering equipment or services license shall pay the appropriate application and license fees as designated by the commission.
- (j) Each applicant shall pay any additional fees for background and fingerprint processing, as required to pay the actual, reasonable expenses of processing the application and investigating the applicant's qualifications for licensure.
- (k) Each applicant for a racing or wagering equipment or services license may be required to provide copies of income tax returns for each of the five years immediately preceding the application or all tax returns if the applicant has been organized for fewer than five years.
- (l) Each licensee or applicant for a license shall report immediately and in writing any change in license or application information to the commission.
- (m) Before the expiration of a racing or wagering equipment or services license, the licensee may apply to the commission for renewal of this license on a form furnished by the commission. The renewal shall be granted by the commission if the licensee meets all of the qualifications required for an initial license. A fee may be charged by the commission for processing the renewal applications. This fee shall not exceed the application fee authorized for an initial license. (Authorized by K.S.A. 2001 Supp. 74-8804; implementing K.S.A. 2001 Supp. 74-8837; effective March 14, 2003.)

Article 9.—PARIMUTUEL WAGERING

112-9-44. Place pick (N) pools. (a) The place pick (N) shall require selection of the first-place or secondplace finisher in each of a designated number of contests. Each licensee shall secure written approval from the commission concerning the scheduling of place pick (N) contests, the designation of one of the methods stated in subsection (b) of this regulation, the distinctive name identifying the pool, and the amount of any cap to be set on the carryover pool. Each change to the approved place

- pick (N) format shall be approved by the commission before that change is implemented.
- (b) Each place pick (N) pool shall be apportioned using one of the following methods:
- (1) For a place pick (N) with carryover pool, each net place pick (N) pool and carryover pool, if any, shall be distributed as a single-price pool to those who select the first-place or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single-price pool to those who select the first-place or second-place finisher in the greatest number of place pick (N) contests, and the remainder shall be added to the carryover pool.
- (2) For a place pick (N) with a minor pool and a carryover pool, the major share of the net place pick (N) pool and the carryover pool, if any, shall be distributed to those who select the first-place or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first-place or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the firstplace or second-place finisher of all place pick (N) contests, the minor share of the net place pick (N) pool shall be distributed as a single-price pool to those who select the first-place or second-place finisher in the greatest number of place pick (N) contests, and the major share shall be added to the carryover pool.
- (3) For the place pick (N) with no minor pool and no carryover pool, each net place pick (N) pool shall be distributed as a single-price pool to those who select the first-place or second-place finisher in the greatest number of place pick (N) contests, based upon the official order of finish. If there are no winning wagers, the pool shall be refunded.
- (4) For a place pick (N) with a minor pool and no carryover pool, the major share of the net place pick (N) pool shall be distributed to those who select the first-place or second-place finisher in the greatest number of place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first-place or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first-place or second-place finisher in a second greatest number of place pick (N) contests, the minor share of the net place pick (N) pool shall be combined with the major share for distribution as a single-price pool to those who select the first-place or second-place finisher in the greatest number of place pick (N) contests. If the greatest number of first-place or second-place finishers selected is one, the major and minor shares shall be combined for distribution as a single-price pool. If there are no winning wagers, the pool shall be refunded.
- (5) For a place pick (N) with a minor pool and no carryover pool, the major share of the net place pick (N) pool shall be distributed to those who select the first-place or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. The minor

- share of the net place pick (N) pool shall be distributed to those who select the first-place or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first-place or second-place finisher in all place pick (N) contests, the entire net place pick (N) pool shall be distributed as a single-price pool to those who select the first-place or second-place finisher in the greatest number of place pick (N) contests. If there are no wagers selecting the first-place or second-place finisher in a second greatest number of place pick (N) contests, the minor share of the net place pick (N) pool shall be combined with the major share for distribution as a single-price pool to those who select the first-place or second-place finisher in each of the place pick (N) contests. If there are no winning wagers, the pool shall be re-
- (c)(1) If there is a dead heat for first place in any of the place pick (N) contests involving contestants representing the same betting interest, the place pick (N) pool shall be distributed as if no dead heat had occurred.
- (2) If there is a dead heat for first place in any of the place pick (N) contests involving contestants representing two or more betting interests, the place pick (N) pool shall be distributed as a single-price pool with a winning wager, including each betting interest participating in the dead heat.
- (d)(1) If there is a dead heat for second place in any of the place pick (N) contests involving contestants representing the same betting interest, the place pick (N) pool shall be distributed as if no dead heat had occurred.
- (2) If there is a dead heat for second place in any of the place pick (N) contests involving contestants representing two or more betting interests, the place pick (N) pool shall be distributed as a single-price pool with a winning wager including the betting interest that finished first or any betting interest involved in the dead heat for second.
- (e) If a betting interest in any of the place pick (N) contests is scratched, the actual favorite, as determined by total amounts wagered in the win pool at the host track for the contest at the close of wagering on the contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. If the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests that become winners as a result of the substitution, in addition to the normal winning combination.
- (f) The place pick (N) pool shall be canceled and all place pick (N) wagers for the individual performance shall be refunded if any of the following occurs:
- (1) At least two contests included as part of a place pick 3 are canceled or declared "no contest."
- (2) At least three contests included as part of a place pick 4, place pick 5, or place pick 6 are canceled or declared "no contest."
- (3) At least four contests included as part of a place pick 7, place pick 8, or place pick 9 are canceled or declared "no contest."

- (4) At least five contests included as part of a place pick 10 are canceled or declared "no contest."
- (g) If at least one contest included as part of a place pick (N) is canceled or declared "no contest," but not more than the number specified in subsection (f) of this regulation, the net pool shall be distributed as a single-price pool to those whose selections finish first or second in the greatest number of place pick (N) contests for the performance. Each distribution shall include the portion ordinarily retained for the place pick (N) carryover pool but not the carryover pool from previous performances.
- (h) The place pick (N) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the place pick (N) carryover pool equals or exceeds the designated cap, the place pick (N) carryover shall be frozen until it is won or distributed in accordance with this regulation. After the place pick (N) carryover pool is frozen, 100 percent of the net pool, part of which ordinarily would be added to the place pick (N) carryover pool, shall be distributed to those whose selection finishes first or second in the greatest number of place pick (N) contests for the performance.
- (i) A written request for permission to distribute the place pick (N) carryover pool on a specific performance may be submitted to the commission. Each request shall contain a statement of justification for the distribution, the benefit to be derived, and the intended date and performance for the distribution.
- (j) If the place pick (N) carryover pool is designated for distribution on a specified date and performance in which there are no wagers selecting the first-place or second-place finisher in each of the place pick (N) contests, the entire pool shall be distributed as a single-price pool to those whose selection finishes first or second in the greatest number of place pick (N) contests. The place pick (N) carryover pool shall be designated for distribution on a specified date and performance in the event of any of the following:
- (1) Upon written approval from the commission as provided in subsection (i) of this regulation;
- (2) upon written approval from the commission if there is a change in the carryover pool cap or a change from one type of place pick (N) wagering to another, or if the place pick (N) is discontinued;
- (3) on the closing performance of the race meeting or split meeting; or
- (4) upon the written approval of the commission that, if the organization licensee fails to pay out the carryover pool according to paragraph (j)(3) and the commission determines that it would not be feasible for the track to run another race, the total carryover pool remaining will be distributed to charitable organizations that have met the requirements of K.S.A. 74-8813(d), and amendments thereto, and meet the organization's approved charitable distribution guidelines.
- (k) If the place pick (N) carryover pool is carried over to the corresponding place pick (N) pool of a subsequent race meeting, the carryover pool shall be deposited in an interest-bearing account approved by the commission. Each place pick (N) carryover pool plus accrued interest

- then shall be added to the net place pick (N) pool on the date and performance designated by the commission.
- (l) With the written approval of the commission, the licensee may contribute to the place pick (N) carryover a sum of money up to the amount of any designated cap.
- (m) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining shall be strictly prohibited. This subsection shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.
- (n) Åny organization licensee may suspend previously approved place pick (N) wagering with the prior approval of the commission. Any carryover pool shall be maintained until the suspended place pick (N) wagering is reinstated. Any organization licensee may request approval of a place pick (N) wager or separate wagering pool for specific performances. (Authorized by K.S.A. 2001 Supp. 74-8804; implementing K.S.A. 74-8819; effective, T-112-11-9-92, Nov. 9, 1992; effective, T-112-3-1-93, March 1, 1993; effective May 3, 1993; amended March 14, 2003.)

Article 11.—SECURITY AND SAFETY

- **112-11-20.** Greyhound racetrack facility safety standards; specifications; prohibition of chemical use on track surface. (a) Each greyhound racetrack shall have the following:
- (1) A minimum width of 20 feet with inside and outside fixed curbs at a specified slope in the outside curb;
- (2) a first turn radius of 128 feet, with a second turn radius of 118 feet, and straightaways of 279.6 feet;
- (3) a graduated minimum bank of $1\frac{1}{2}$ inches to each 12 inches on each turn;
 - (4) the 5/16 mile starting box set back in a chute;
- (5) a water pumping system providing adequate volume and pressure to uniformly hand water the entire racing surface, as needed. Automatic sprinkling systems may be used to complement, but shall not replace, the hand watering system;
- (6) automatic openers with a manual backup for each starting box;
- (7) one curtain placed at least 50 feet before the escape and one curtain placed 25 feet beyond the escape and placed so as not to distract greyhounds while they are racing;
 - (8) an inside lure with an extendible arm;
- (9) a commission-approved track base that is nonabrasive to a greyhound's feet and that has adequate track drainage and proper resiliency;
- (10) unless otherwise approved by the commission, a closed-fluid winterization system extending from the starting boxes to the entire width and length of the track; and
- (11) a video monitoring system with a monitor in the judges' room and trainers' lounge that permits the racing judges and trainers to view the activities in the lockout kennel, the movement of the lead outs and greyhounds from the lockout kennel to the starting boxes, and the activities at the starting boxes.

- (b) Unless otherwise approved in advance by the commission, chemicals shall not be applied to the racing surface of a greyhound racetrack.
 - (c) Each lockout kennel shall have the following:
- (1) Soundproofing, including masonry construction, that prevents the greyhounds from being disturbed by outside noises;
- (2) crates located at floor level, unless otherwise approved by the commission;
- (3) crates of molded fiberglass or metal with the following:
 - (A) Removable wooden floors;
- (B) minimum inside dimensions of 36 inches wide, 42 inches deep, and 36 inches high;
- (C) closed crate doors that leave one inch of clearance at top, bottom, and latching sides that protect the grey-hound's tail and feet from injury; and
- (D) drop latches or comparable latches that prevent hazard to the greyhounds;
- (4) a design providing for partitions to separate each crate if this is desired by the majority of the kennels booked at that meet;
- (5) a sufficient number of crates to house the greyhounds required to schedule 13 races. A second weigh-in shall be held as soon as crates are available during performances with more than 13 races;
- (6) a climate control system that can maintain a temperature between 68 and 75 degrees Fahrenheit; and
- (7) an area equipped with heating and air-conditioning where greyhounds and trainers may wait to weigh in.
- (d) Each organization licensee shall provide a cool-out area that shall have a minimum of four water faucets with hoses and a dipping vat through which greyhounds may be walked to quickly cool them after racing. Each organization licensee shall change the water in the vat at least daily and prevent muddy residue from accumulating around it.
- (e) Each organization licensee shall provide the following:
- (1) A covered walkway from the parking area to the lockout kennel; and
- (2) a covered walkway from the cool-out area to the parking area.
- (f) Each kennel compound area shall have the following:
- (1) Separate kennel buildings of masonry construction for each contract kennel;
- (2) a location far enough away from the grandstand and racing areas that kenneled dogs are not disturbed by racetrack noises; and
- (3) 24-hour security for the compound enclosure provided by the organization licensee during the official racing season.
 - (g) Each kennel building shall have the following:
 - (1) A partitioned kitchen area and crate area;
 - (2) minimum dimensions of 20 feet by 62 feet;
- (3) at least two adjoining turnout pens meeting the following specifications for each kennel building:
 - (A) Is free of obstructions;
 - (B) measures at least 30 feet by 40 feet each;
 - (C) is equipped with interconnecting gates;
- (D) is equipped with drainage and a water faucet in each;

- (E) is lighted by at least two halogen lights of at least 300 watts each in each turnout pen, one at each end; and
- (F) is surrounded by a chain link fence that is at least six feet high;
- (4) a 20-foot overhang that extends the length of the building;
- (5) at least 12 inches of sand in turnout pens, which shall be removed and replaced by the organization licensee with new sand at least once every 12 months of racing;
- (6) a gate in each turnout pen through which a vehicle may be driven to remove the sand and deposit new sand;
- (7) a fenced safety pen eight feet wide, located between the parking area and turnout pens and equipped with gates, to facilitate the moving of greyhounds directly between the parking area and the turnout pens;
- (8) a maximum of 60 crates or, with the prior approval of the animal health officer, a maximum of 72 crates;
- (9) metal crates with compartments that are at least 36 inches wide, 42 inches deep, and 36 inches high and equipped with drop latches and casters;
- (10) not more than 72 greyhounds housed in each kennel building with not more than one greyhound in each crate, unless the racing judges have approved a specific request otherwise;
- (11) a kitchen area equipped with a hot water heater with a minimum capacity of 20 gallons, a deep sink of durable construction with a drain board, adequate shelving and cabinet space, and a shower and commode in an enclosed area;
- (12) one floor drain in each crate area and one floor drain in each kitchen area;
- (13) a climate control system that is capable of maintaining a temperature between 68 and 75 degrees Fahrenheit;
- (14) smoke and temperature alarms in each kennel area connected to the compound security office and capable of alerting security of emergency conditions;
- (15) emergency backup power adequate to provide continuous ventilation that will protect the greyhounds if a power failure occurs at any time during a racing season scheduled in the months of May through September;
- (16) a fresh air ventilation system or at least four windows of approximately four square feet each that are equipped with screens and can be opened;
- (17) lighting to adequately illuminate all areas inside the kennel;
- (18) adequate space within the kennel building for each contract kennel to place a dog-walking machine and adequate floor space within the crate area for a hydrotherapy vat; and
- (19) an on-line hookup for a telephone and a video monitoring system that permits the trainers to watch the races.
- (h) Unless otherwise approved by the commission, each organization licensee shall provide sprint paths as follows:
- (1) One sprint path measuring at least 16 feet by 350 feet, equipped with a common center fence, and heated by a closed-fluid winterization system extending the length and width of the sprint path;
- (2) two open sprint paths measuring at least 20 feet by 500 feet;

(3) one all-weather surface road sufficient to operate a vehicle adjacent to each sprint path; and

(4) a sprint path surface, to which chemicals shall not

be applied.

(i) Each sprint path shall be located so that sprint activity does not disturb the greyhounds in the kennel compound area. Each sprint path shall be available for use at all times, except during racing hours, and shall be equipped with side gates through which greyhounds can enter the path and a gate through which a kennel vehicle can be driven.
