**Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 1 p.m. Friday, October 3, in Hearing Room 2 in the lower lobby of the U.S. Bank Building, 800 S.W. Jackson, Topeka, to consider the adoption of proposed changes to an existing rule and regulation of the Division of Workers Compensation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the director of the Division of Workers Compensation, 800 S.W. Jackson, Suite 600, Topeka, 66612-1227. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to 10 minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Paula Greathouse at (785) 296-4000. Parking for individuals with disabilities is located on the second level of the U.S. Bank Building's enclosed parking. Also, the west entrance of the U.S. Bank Building is accessible to individuals with disabilities.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

**51-9-7.** K.S.A. 44-510i requires the director to adopt rules and regulations to establish a schedule of maximum medical fees, and to revise the schedule at least every two years to ensure that it is current, reasonable and fair. The proposed amendment to K.A.R. 51-9-7 will remove reference to the December 1, 2001, Department of Human Resources' "workers compensation schedule of medical fees" and replace it with reference to the December 1, 2003, schedule.

The December 1, 2003, schedule will essentially remain flat because of fee decreases offsetting fee increases. The new schedule, however, will result in the workers compensation premiums being decreased by approximately 0.7 percent.

Copies of the regulation and its economic impact statement may be obtained by contacting the Division of Workers Compensation at the address and phone number given above.

## Office of the State Bank Commissioner

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at 10 a.m. Wednesday, September 17, in the conference room of the Office of the State Bank Commissioner, Division of Consumer and Mortgage Lending (OSBC), Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of proposed regulation K.A.R. 17-24-4. This regulation is proposed for adoption on a permanent basis. This regulation is proposed pursuant to the Kansas Mortgage Business Act at K.S.A. 9-2201 et seq.

**K.A.R. 17-24-4** is a regulation that defines what the OSBC considers to be the minimum mortgage loan documents licensees are required to maintain in their mortgage loan files to permit adequate examination by the OSBC and protect consumers. The proposed regulation specifies the retention period licensees should retain the required mortgage loan documents in their mortgage loan files. The proposed regulation also codifies the minimum general business activity documentation licensees must maintain and the retention period for these documents. Because the defined minimum document and general business record requirements are currently generated by licensees during the regular course of mortgage business, the OSBC concludes minimal or no economic impact will be incurred by governmental agencies or units, licensees, consumers or the general public by the adoption of this proposed regulation.

A copy of the proposed regulation and the economic impact statement may be obtained by contacting Brenda Block, Office of the State Bank Commissioner, Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603-3796, (785) 296-2266, fax (785) 296-0168, or the Kansas Relay Center at 1-800-766-3777. The standard departmental cost will be assessed for any copies requested.

This 60-day notice of hearing shall constitute a public comment period for the purpose of receiving public comments on the proposed regulation. Written comments should be submitted prior to the hearing to Kevin Glendenning, Deputy Commissioner, Division of Consumer and Mortgage Lending, at the address listed above. Interested persons will be given reasonable opportunity at the hearing to present their views and arguments on the adoption of the proposed regulation. However, presentations should be in writing whenever possible.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days before the hearing by contacting Brenda Block. An accessible entrance is on the west side of the building, and accessible parking is available on the Jackson Street side of the OSBC's office street address.

The proposed regulation also codifies the minimum general business activity documentation licensees for supervised loans must maintain and the retention period for these documents. ## Opinion 2003-10

**Publications, Bibliography and Calendar—Legal Publications—Newspapers in Which Legal Publications May Be Made.** Susan C. Robson, Marion County Attorney, Marion, March 27, 2003.

K.S.A. 2002 Supp. 64-101(b)(3) does not require a specific percentage of county residents to have paid subscriptions in order for a newspaper to qualify for designation as the "official county newspaper." The term "general paid circulation," as used in K.S.A. 2002 Supp. 64-101(b)(3), means that the newspaper in question has some paid subscribers and to which the general public will resort in order to be informed of the news and intelligence of the day. **Elections—Election Campaign Finance; General—Failure to File Certain Reports; Civil Penalties; Violations of Campaign Finance Act; Civil Fine.** Senator David Haley, 4th District, Kansas City, March 28, 2003.

Administrative agencies, such as the Governmental Ethics Commission, may be legally authorized to impose civil fines by two separate statutory provisions that could apply to the same behavior or conduct. Unless otherwise provided or in direct conflict with one another, the two penalty provisions should be read together, and may be used cumulatively or in the alternative. A single occurrence or set of facts may give rise to more than one civil fine being imposed if the circumstances warrant. **Taxation—Mortgage Registration and Intangibles; Mortgage Registration—Fee; Ability to Use Affidavit to Limit Amount of Indebtedness.** Rebecca E. Davis, Johnson County Register of Deeds, Olathe, March 28, 2003.

For purposes of assessing the mortgage registration tax, unless incorporated by reference or otherwise made a part of the mortgage itself, an affidavit is insufficient to alter the provision in the mortgage stating the amount of debt or obligation being secured thereby. **State Boards, Commissions and Authorities—Kansas Highway Patrol—Patrol Created; Appointment and Salary of Superintendent and Assistant Superintendent; Qualifications of Officers and Troopers; Secondary Employment of Troopers.** Allsyon Christman, Legal Counsel, Kansas Highway Patrol, Topeka, March 28, 2003.

Given the legislative history of the statute, the prohibitive language of the statute, and the long practice of the Kansas Highway Patrol banning troopers from accepting second jobs with other commissioned law enforcement

agencies, it is our opinion that while K.S.A. 74-2113(d) does permit certain secondary employment, it prohibits a Kansas Highway Patrol trooper from holding a second commissioned law enforcement position. Cited herein: K.S.A. 74-2113. TMN

**Insurance—Regulation of Certain Trade Practices—Unfair Methods of Competition or Unfair and Deceptive Acts or Practices; Disclosure of Nonpublic Personal Information; Rules and Regulations; Controlled Business.** Representative Doug Patterson, 28th District, Leawood, April 7, 2003.

K.S.A. 2002 Supp. 40-2404(14)(f), the Kansas controlled business law, prohibits title insurers and title agents in certain areas of the state from deriving 20% or more of their operating revenue (calculated within the last six months) from customers referred to them by producers of title business, or their associates, having a financial interest in the title insurer or title agent. The prohibition does not apply to federal depository institutions or affiliates that engage in title insurance business due to application of federal law that preempts this portion of the state statute. Although, as a result of this preemption, the prohibition applies to a smaller class than originally intended by the Kansas Legislature, the classification so established does not violate the equal protection clause of the United States Constitution because the classification continues to be reasonably related to the state's objective to stimulate competition and prevent vertical integration in the real estate industry. Further, it is our opinion that the federal Real Estate Settlement Procedures Act does not preempt operation of K.S.A. 2002 Supp. 40-2404(14)(f). **Counties and County Officers—Sheriff—Deputies and Undersheriffs; Duties; Budget; Limitations; Personnel Salaries. Counties and County Officers—County Commissioners—Powers and Duties; Control Over Salaries of Employees of County Sheriff.** Edward S. Dunn, Jackson County Counselor, Holton, May 12, 2003.

A board of county commissioners has the authority to adopt a budget for all county offices, including the county sheriff's office, but once that budget is adopted the sheriff may expend the funds in that budget for the purposes for which the moneys were budgeted without further oversight by the county commissioners. A board of county commissioners also has the authority to adopt a county-wide pay plan that may include the allowable pay scale for employees hired by the sheriff. However, a board of county commissioners does not have the authority to hire, fire, demote or promote individual employees within the sheriff's office. If a pay plan specifically targets an individual employee in the sheriff's office and is intended to improperly affect the employment status of that particular employee, it would exceed the county commission's authority. **Public Health—Solid and Hazardous Wastes—Solid Waste Tonnage Fees Authorized to be Imposed by Counties; Exceptions; Collection and Disposition of Proceeds; County Authority to Require all County Generated Waste to go to the County Owned and Operated Disposal Facility.** Karen L. Griffiths, Norton City Attorney, Norton; R. Douglas Sebelius, Norton County Attorney, Norton, June 9, 2003.

K.S.A. 65-3401 *et seq.* do not authorize a city to unilaterally exempt itself from a properly adopted and approved county-wide solid waste disposal plan. Any alternative city plan providing for disposal of municipally generated solid waste requires approval by the Kansas Department of Health and Environment.

When a county acts as a “market participant” rather than a “market regulator,” it does not violate the commerce clause by requiring intra-county municipalities to use the county-owned and operated waste disposal facilities. **Opinion 2003-17**

**Minors—Kansas Code for Care of Children—Reporting of Certain Abuse or Neglect of Children; Persons Reporting; Injury as a Result of Sexual Abuse.** Senator Mark S. Gilstrap, 5th District, Kansas City, June 18, 2003.

The act of committing a rape of a child injures that child as a matter of law. The long held policy of the State of Kansas is that sexual intercourse, consensual or non-consensual, with a child of a specific age or younger is harmful to the child and that such conduct should be prohibited. This policy is of such weight that the state prescribes strong penalties for violators of this prohibition. This action reflects the state’s interest in justice, protecting children, deterring future wrongful conduct and the belief that sexual intercourse, in any fashion, with children is inherently harmful to the child. The state’s position is supported by extensive empirical data and the long-term nature of the policy.

These state interests are furthered by the mandatory reporting requirement found in K.S.A. 38-1522. Pursuant to this statute, certain persons are required to report to appropriate authorities of the state if they have “reason to suspect that a child has been injured as a result of sexual abuse.” The legislative intent behind such a requirement is to extend services to the victim and implement necessary legal steps to protect the victim from further harm, including the possibility of legal prosecution against the perpetrator.

A child under the age of 16 who is seeking an abortion is a child who has had sexual relations (leaving aside the remote possibility of artificial insemination). Under Kansas law, such relations are unlawful and constitute either rape, aggravated indecent liberties with a child or unlawful voluntary sexual relations. Kansas law clearly provides that those who fall under the scope of the reporting requirement must report any reasonable suspicion that a child has been injured as a result of sexual abuse, which

would be any time a child under the age of 16 has become pregnant. As a matter of law such child has been the victim of rape or one of the other sexual abuse crimes and such crimes are inherently injurious.

Accordingly, K.S.A. 38-1522 requires that abortion providers have a mandatory duty to report to appropriate authorities as evidence of sexual abuse circumstances of a minor child under the age of 16 seeking abortion services to terminate a pregnancy. **Cities and Municipalities—Planning and Zoning; Planning, Zoning and Subdivision Regulations in Cities and Counties—Planning and Zoning in Cities and Counties; Zoning; Downzoning or Rezoning, Amendments and Revisions; Procedure; Protest Petition; Requirements; Signatures; Notarization.**

**Elections—Sufficiency of Petitions—Application to Both State and Local Elections; Petition Documents; Contents; Signatures; Notarization. Representative Paul Davis, 46th District, Lawrence, June 25, 2003.**

Signatures on a protest petition submitted pursuant to K.S.A. 12-757, other than the circulator’s signature on the recital, do not need to be verified upon oath or affirmation before a notarial officer or otherwise notarized. **Opinion 2003-19**

**Criminal Procedure; Kansas Code of Criminal Procedure—Aid to Indigent Defendants—State Board of Indigents’ Defense Services; Prohibition on Interfering with Professional Duties of Counsel.** Senator Jim Barone, 13th District, Frontenac, July 1, 2003.

The determination regarding *whether* expert services are necessary to an adequate defense is a matter left to the sound discretion of the trial court. However, the amount of money that may be expended for such services from state funds is subject to compliance with the Board of Indigents’ Defense Services’ regulations expressing standards and guidelines for compensation of appointed counsel and investigative, expert and other services within the limits of appropriations. The board’s compliance with its statutory charge regarding efficiency and economy in establishing standards and guidelines for compensation of appointed counsel, investigative, expert or other services does not constitute a decision regarding the handling of cases nor interference with appointed counsel in carrying out their professional duties. **Department on Aging**

**Permanent Administrative  
Regulations**

**Article 2.—GRANTS AND CONTRACTS**

**26-2-3. Reporting and unearned funds requirements.** (a) General reporting requirements.

(1) Each grantee and contractee of the department shall submit program and financial reports to comply with federal and state program requirements. Each grantee and each contractee shall be responsible for the following:

(A) Gathering accurate information necessary to complete its reports;

(B) completing reports on forms or in a format prescribed by the secretary, including entering data in the management information system; and

(C) submitting reports or data to the secretary or designee on or before the due dates.

(2) Each grantee and each contractee shall be solely responsible for obtaining and reporting necessary information from subgrantees, contractors, and subcontractors with whom the grantee or contractee has subgrants, contracts, or subcontracts.

(3) A waiver of deadline for submitting a report shall not be granted unless a state or federal statute, a regula-

tion other than this regulation, or other authority applicable to the program for which the report is required specifically authorizes the secretary to waive the reporting deadline. A waiver shall be granted only if the grantee or contractee meets the following requirements:

(A) Submits a written waiver request that is received by the secretary at least eight business days before the due date for the report for which the waiver is being requested;

(B) identifies in the written waiver request the statute, the regulation other than this regulation, or other authority pertaining to the program for which the report is required that specifically authorizes the secretary to waive a reporting deadline; and

(C) certifies and documents that all conditions or prerequisites for the waiver contained in the statute, regulation, or other authority have been met.

(4) Within five business days after receipt of the written waiver request, a written notice of denial or approval of the request shall be issued by the secretary. The deadline for submitting a program or financial report shall not be deemed changed merely because the grantee or contractee submitted a written waiver request for an extension of the report's due date.

(5) Failure to submit complete and accurate program or financial reports by the due dates, even if a waiver is granted, may be remedied by departmental action, including one or more of the following:

(A) Termination or suspension of the grant or contract;

(B) termination or suspension of grant or contract payments;

(C) withholding of all administrative funds;

(D) reducing a percentage of administrative funds;

(E) exclusion from consideration for future grants or contracts; and

(F) exclusion from participation in the redistribution of the older Americans act carryover or unearned funds, as specified in the state plan on aging.

(b) Final financial report requirements for older Americans act (OAA) title III.

(1) Before submitting the final financial report, the area agency shall liquidate all obligations for all goods and services for the report period.

(2) The area agency shall submit a consolidated final financial report for each program component and shall include a report for each subgrantee, contractor, and subcontractor that supports the area agency's final financial report.

(3) An accurate final financial report shall be due at the department on or before December 15 after the end of the grant period, which ends on September 30.

(4) An area agency may submit a revised final financial report if the report is accompanied by the supporting final financial report for each of the area agency's OAA title III subgrantees, contractors, and subcontractors and if either of the following conditions is met:

(A) The revised report is received either on or before December 31 after the end of the grant period.

(B) The revised report is received after December 31 following the end of the grant period, but on or before April 15, and the report is delivered simultaneously with the audit report performed in accordance with K.A.R. 26-

2-9 confirming that the revised report is an accurate report.

(c) Older Americans act unearned funds requirements.

(1) Unearned funds shall be those funds that have been awarded to a grantee or contractor either that have not been expended by the grantee or contractor or that have been expended for an unallowable cost due to the grantee's or contractor's failure to comply with specific policies, regulations, or grant or contract conditions governing the award or contract.

(2) Each area agency's unearned funds calculation shall be based on the area agency's final or revised financial report submitted on or before December 31. The area agency shall be notified by the department of the amount of unearned funds by issuance of a revised notification of grant awards.

(3) Unearned older Americans act funds that have been calculated and issued shall be adjusted only if the revised final financial report accompanied by an audit report is received by the department before April 15 and if the revised calculated unearned funds increased by .5% or more. If an area agency has an increase in older Americans act unearned funds of .5% or more, the area agency shall perform one of the following adjustments:

(A) Submit a check payable to the Kansas department on aging for the amount of the increased unearned funds;

(B) submit a written request to the department for a reduction in its allocation for the next grant year in an amount equal to the amount of the increased unearned funds; or

(C) make arrangements approved by the secretary in writing to pay the increased unearned funds to the department in two or more installments.

(d) Final report requirements for all programs except older Americans act title III programs.

(1) Each recipient of state or federal funds for aging program grants or contracts not identified in subsection (b) shall annually submit an accurate and complete final financial report in the format prescribed by the secretary for each program for which the recipient has received funds.

(2) The complete final financial report shall be received by the department no later than the deadline stated in the notification of grant award or contract.

(3) If a recipient's unearned funds increase, the recipient shall perform one of the following adjustments:

(A) Submit a check payable to the department for the amount of the unearned funds; or

(B) make arrangements approved by the secretary in writing to pay the unearned funds to the department in two or more installments. Any altered dog, cat, puppy, or kitten may be adopted directly from the foster home shelter only after all final adoption paperwork has been processed through the sponsoring shelter.

(i) Each animal placed with a foster home shelter shall be evaluated every 180 days by the sponsoring shelter to determine whether it should be returned to the shelter or should remain in the care of the foster home shelter. The records of both the sponsoring shelter and the foster home shelter shall reflect the date on which the animal was evaluated, the reason for the animal to remain in a foster home shelter, and the name of the person at the sponsoring shelter who made the decision.

(j) An animal shall not remain in the care of one or more foster home shelters for more than 12 months without written permission from the commissioner. Any sponsoring shelter wishing to maintain an animal in the care of its foster home shelters beyond 12 months shall send a written request to the commissioner stating the reasons for the request.

(k) In addition to meeting the provisions of this regulation, each foster home shelter licensee shall comply with the statutory provisions of the act and with K.A.R. 9-22-

**9-25-2. Indoor housing facilities.** (a) Definition. "Indoor housing facility" means any structure or building with environmental controls that houses or is intended to house animals and that is constructed in the following manner:

(1) The building or structure is constructed so that the temperature within the building or structure can be controlled within the limits set forth for that species of animal, humidity levels of 30 to 70 percent can be maintained, and odors can be eliminated rapidly from within the building.

(2) The building or structure is an enclosure created by the continuous connection of a roof, floor, and walls. A shed or barn set on top of the ground shall not be considered to have a continuous connection between the walls and the ground unless a foundation and floor are provided.

(3) The building or structure has at least one door for entry and exit that can be opened and closed.

(4) Any windows or openings that provide a natural light are covered with a transparent material, which may include glass or hard plastic.

(b) Heating, cooling, and temperature. Each retail breeder licensee operating an indoor housing facility for dogs and cats shall ensure that the indoor housing facility is sufficiently heated and cooled when necessary to protect the dogs and cats from temperature or humidity extremes and to provide for their health and well-being.

(1) Except as approved by the attending veterinarian, a licensee operating an indoor housing facility shall not permit the ambient temperature in the facility to fall below 50° F or 10° C when any of the following dogs or cats is present:

(A) Any dog or cat that is not acclimated to lower temperatures;

(3) protection from temperature extremes at all times.

A sheltered housing facility may consist of runs or pens that are totally enclosed in a barn or building, or outside runs or pens connecting with the inside pens in a totally enclosed building.

(b) Heating, cooling, and temperature. Each retail breeder licensee operating a sheltered housing facility for dogs and cats shall ensure that the sheltered portion of the facility is sufficiently heated and cooled when necessary to protect the dogs and cats from temperature or humidity extremes and to provide for their health and well-being.

(1) Except as approved by the attending veterinarian, the licensee shall not permit the ambient temperature in the sheltered portion of the facility to fall below 50° F or 10° C when any of the following dogs or cats are present:

(A) Any dog or cat that is not acclimated to lower temperatures;

(B) any dog or cat of a breed that cannot tolerate lower temperatures without stress and discomfort, including short-haired breeds; or

(C) any dog or cat that is sick, aged, young, or infirm.

(2) Each licensee shall provide dry bedding, solid resting boards, or other methods of conserving body heat when the ambient temperature inside the sheltered portion of the facility is below 50° F or 10° C.

(3) Each licensee shall ensure that, when dogs or cats are present, the ambient temperature in the sheltered por-

(c) Ventilation. Each licensee shall ensure that, when dogs or cats are present, the enclosed or sheltered portion of each housing facility is sufficiently ventilated at all times to provide for their health and well-being and to minimize odors, drafts, ammonia levels, and moisture condensation. Ventilation shall be provided by windows, doors, vents, fans, or air-conditioning units. The licensee shall provide auxiliary ventilation when the ambient temperature is 85° F or 29.5° C or higher. Auxiliary ventilation may include fans, blowers, and air-conditioning units.

(d) Lighting. Each licensee shall provide enough lighting for each sheltered housing facility for dogs and cats to permit routine inspection and cleaning of the facility and observation of the dogs and cats. Each animal area shall be provided with a regular diurnal lighting cycle of either natural or artificial light. Lighting shall be uniformly diffused throughout the animal facilities and shall provide sufficient illumination to aid in maintaining good housekeeping practices, adequate cleaning, adequate inspection of animals, and the well-being of the animals. Each primary enclosure shall be placed in a manner that protects the dogs and cats from excessive light.

(e) Shelter from the elements. Each licensee shall provide one or more shelter structures that adequately shelter the dogs or cats from the elements at all times to protect their health and well-being. The shelter structure or structures shall be large enough to allow each animal to sit, stand, and lie in a normal manner and to turn about freely.

(f) Surfaces.

(1) The following areas in sheltered housing facilities shall be impervious to moisture:

(A) Indoor floor areas in contact with the animals;

(B) outdoor floor areas in contact with the animals, when the floor areas are not exposed to the direct sun, or are made of a hard material, including wire, wood, metal, and concrete; and

(C) all walls, boxes, houses, dens, and other surfaces in contact with the animals.

(2) Outside floor areas in contact with the animals and exposed to the direct sun may consist of compacted earth, absorbent bedding, sand, gravel, or grass. (Authorized by and implementing K.S.A. 47-1712; effective, T-9-7-1-96, July 1, 1996; effective Nov. 15, 1996; amended, T-9-7-1-03, July 1, 2003.)

**9-25-5. Primary enclosures.** Each primary enclosure for dogs and cats shall meet the following minimum requirements.

(a) Definition. "Primary enclosure" means any structure or device used to restrict an animal or animals to a limited amount of space, including a room, pen, run, cage, compartment, hutch, and tether. In the case of animals restrained by a tether, primary enclosure shall include the shelter structure and the area within reach of the tether.

(b) General requirements.

(1) Each primary enclosure shall be designed and constructed of suitable materials so that it is structurally

sound. Each retail breeder licensee shall keep the primary enclosure in good repair.

(2) Each primary enclosure shall be constructed and maintained so that the enclosure meets the following conditions:

(A) Has no sharp points or edges that could injure the dogs and cats;

(B) protects the dogs and cats from injury;

(C) contains the dogs and cats securely;

(D) keeps other animals from entering the enclosure;

(E) enables the dogs and cats to remain dry and clean;

(F) provides shelter and protection to all the dogs and cats from extreme temperatures and weather conditions that may be uncomfortable or hazardous;

(G) provides sufficient shade to shelter simultaneously all the dogs and cats housed in the primary enclosure;

(H) provides all the dogs and cats with easy and convenient access to clean food and water;

(I) enables all surfaces in contact with dogs and cats to be readily cleaned and sanitized in accordance with K.A.R. 9-25-6(b), or to be replaced when worn or soiled;

(J) has floors that are constructed in a manner that protect the dogs' and cats' feet and legs from injury. If the floor is constructed of mesh or with slats, the floor shall not allow the dogs' and cats' feet to pass through any openings in the floor. Any metal strands used to construct a suspended floor for the primary enclosure shall be nine-gauge wire or wire that is greater than 1/8 of an inch in diameter or shall be coated with plastic, fiberglass, or a comparable material. Any suspended floor used in a primary enclosure shall be strong enough that the floor does not sag or bend between structural supports; and

(K) provides sufficient space to allow each dog and cat to turn about freely, to stand, sit, and lie in a comfortable, normal position, and to walk in a normal manner.

(c) Additional requirements for cats.

(1) Space. The licensee shall provide the following minimum vertical space and floor space for each cat that is housed in the primary enclosure, including any weaned kitten.

(A) Each primary enclosure housing cats shall be at least 24 inches or 60.96 cm. high.

(B) Each cat with a weight up to and including 8.8 lbs. or 4 kg. shall be provided with at least 3.0 sq. ft. or 0.28 m<sup>2</sup> of floor space.

(C) Each cat with a weight over 8.8 lbs. or 4 kg. shall be provided with at least 4.0 sq. ft. or 0.37 m<sup>2</sup> of floor space.

(D) Each queen with nursing kittens shall be provided with an additional amount of floor space, based on her breed and behavioral characteristics, and in accordance with generally accepted husbandry practices. If the additional amount of floor space available for each nursing kitten is less than five percent of the minimum requirement for the queen, the housing shall first be approved by the livestock commissioner, in writing, if the commissioner determines that, under the circumstances, the space is adequate to provide for the health and well-being of the queen and her kittens.

(E) The minimum floor space required by this regulation shall not include any space occupied by food or wa-

(continued)

ter pans. The litter pan may be considered part of the floor space if the pan is properly cleaned and sanitized.

(2) Litter. The licensee shall provide a receptacle in each primary enclosure that contains sufficient clean litter to contain excreta and other body wastes.

(3) Resting surfaces. Each primary enclosure housing cats shall contain one or more resting surfaces that, in the aggregate, are large enough to hold simultaneously all the occupants of the primary enclosure comfortably. Each resting surface shall be elevated, impervious to moisture, and easily cleaned and sanitized or easily replaced when soiled or worn. Low resting surfaces that do not allow the space under them to be comfortably occupied by the animal shall be counted as part of the floor space.

(d) Additional requirements for dogs.

(1) Space.

(A) The licensee shall provide a minimum amount of floor space for each dog housed in the primary enclosure, including each weaned puppy, which shall be calculated as follows:

(i) Find the result of the following formula: (the length of the dog in inches + 6 inches)<sup>2</sup> = required floor space in square inches; and

(ii) convert the result of the formula to square feet as follows: Required floor space in square inches/144= required floor space in square feet. The length of the dog shall be measured from the tip of the dog's nose to the base of the dog's tail.

(B) The licensee shall provide each bitch that has nursing puppies with an additional amount of floor space, based upon the dog's breed and behavioral characteristics, and in accordance with generally accepted husbandry practices, as determined by the attending veterinarian. The additional amount of floor space for each nursing puppy shall not be less than five percent of the minimum requirement for the bitch, unless the livestock commissioner first approves the housing based on a written determination that, under the circumstances, the space is adequate to provide for the health and well-being of the bitch and her puppies.

(C) The interior height of a primary enclosure shall be at least six inches higher than the head of the tallest dog in the enclosure in a normal standing position.

(2) Prohibited types of primary enclosures for dogs. The tethering of dogs shall be prohibited for use as a permanent primary enclosure. The tethering of dogs on a temporary basis shall be prohibited for use as a primary enclosure, unless the livestock commissioner determines that tethering for a limited, specified period of time will not adversely affect the health and well-being of the dog.

(e) Innovative primary enclosures. Any licensee may use an innovative primary enclosure not precisely meeting the floor area and height requirements provided in this regulation, if the livestock commissioner determines that the primary enclosure will provide the dogs or cats with a sufficient volume of space and the opportunity to express species-typical behavior. (Authorized by and implementing K.S.A. 47-1712; effective, T-9-7-1-96, July 1, 1996; effective Nov. 15, 1996; amended, T-9-7-1-03, July 1, 2003.)

**9-25-6. Cleaning, sanitization, housekeeping, and pest control.** (a) Cleaning of primary enclosures.

(1) Each retail breeder licensee shall remove excreta and food waste from the inside of each primary enclosure daily and from under primary enclosures as often as necessary to prevent an excessive accumulation of feces and food waste, to prevent the soiling of the dogs or cats contained in the primary enclosures, and to reduce disease hazards, insects, pets, and odors.

(2) When steam or water is used to clean the primary enclosure, whether by hosing, flushing, or other methods, the licensee shall remove the dogs and cats, unless the enclosure is large enough to ensure that the animals would not be harmed, wetted, or distressed in the process. The licensee shall remove all standing water from the primary enclosure, and shall protect animals in other primary enclosures from contamination with water and other wastes during the cleaning.

(3) The licensee shall clean the pans under each primary enclosure with a grill-type floor and the ground area under each raised run with a wire, mesh, or slatted floor as often as necessary to prevent accumulation of feces and food waste and to reduce disease hazards, pests, insects, and odors.

(b) Sanitization of primary enclosures and food and water receptacles.

(1) Each licensee shall clean and sanitize each used primary enclosure and each used food and water receptacle using one of the methods prescribed in paragraph (b)(3) before the primary enclosure or food and water receptacle is used to house, feed, or water another dog, cat, or social grouping of dogs or cats.

(2) The licensee shall sanitize all used primary enclosures and food and water receptacles for dogs and cats at least once every two weeks using one of the methods prescribed in paragraph (b)(3), and more often if necessary to prevent an accumulation of dirt, debris, food waste, excreta, and other disease hazards.

(3) Each licensee shall sanitize hard surfaces of primary enclosures and food and water receptacles using one of the following methods:

(A) Spraying all surfaces with live steam under pressure;

(B) washing all surfaces with hot water that is at least 180° F or 82.2° C and with soap or detergent, using a mechanical cage washer or similar device; or

(C)(i) Washing all soiled surfaces with appropriate detergent solutions and disinfectants, or with a product that is a combination of a detergent and a disinfectant that accomplishes the same purpose;

(ii) thoroughly cleaning the surfaces to remove all organic material and mineral buildup and to provide sanitization; and

(iii) rinsing with clean water.

(4) Each licensee shall sanitize all pens, runs, and outdoor housing areas containing material that cannot be sanitized using the methods provided in paragraph (b)(3), including gravel, sand, grass, earth, or absorbent bedding, by removing the contaminated material as necessary to prevent odors, diseases, pests, insects, and vermin infestation.

(c) Housekeeping for premises. Each licensee shall keep the premises where the housing facilities are located, including buildings and surrounding grounds, clean and

in good repair to protect the animals from injury, to facilitate the husbandry practices required in this article, and to reduce or eliminate breeding and living areas for rodents and other pests and vermin. The licensee shall keep the premises free of accumulations of trash, junk, waste products, and discarded matter. The licensee shall control weeds, grasses, and bushes so as to facilitate cleaning of the premises and pest control, and to protect the health and well-being of the animals.

(d) Pest control. Each licensee shall establish and maintain an effective program for the control of insects, external parasites affecting dogs and cats, and birds and mammals that are pests so as to promote the health and well-being of the animals and reduce contamination by pests in animal areas. (Authorized by and implementing K.S.A. 47-1712; effective, T-9-7-1-96, July 1, 1996; effective Nov. 15, 1996; amended, T-9-7-1-03, July 1, 2003.)

**9-25-12. Age of animal.** A retail breeder licensee shall not sell, offer, or exchange any dog or cat unless the dog or cat is at least eight weeks of age and has been weaned. "Weaned" means that an animal has become accustomed to taking solid food and has done so, without nursing, for a period of at least five days. (Authorized by and implementing K.S.A. 47-1712; effective, T-9-7-1-96, July 1, 1996; effective Nov. 15, 1996; amended, T-9-7-1-03, July 1, 2003.)

#### Article 26.—EUTHANASIA

**9-26-1. Euthanasia methods.** (a) Adoption by reference. The report entitled "2000 Report of the AVMA Panel on Euthanasia," in the journal of the American veterinary medical association (JAVMA), Vol. 218, No. 5, pages 669-696, including all tables, references, and appendices, as published on March 1, 2001, is adopted by reference.

(b) Acceptable methods of euthanasia. Each licensee shall use only those methods of euthanasia identified in the "2000 Report of the AVMA Panel of Euthanasia" as "acceptable" forms of euthanasia for the species of animal that is to be euthanized.

(c) Proper handling of animals during euthanasia procedure. Each licensee and permit holder who euthanizes animals shall follow the recommendations and guidelines for the handling and care of animals during the euthanasia process, as set out in the "2000 Report of the AVMA Panel on Euthanasia." (Authorized by K.S.A. 47-1712; implementing K.S.A. 47-1718; effective Nov. 15, 1996; amended, T-9-7-1-03, July 1, 2003.)

(l) If the applicant fails to obtain licensure or a temporary license, the applicant's application may remain active for up to one year. (D) either verification that the standards for licensure, certification, or registration as a marriage and family therapist in that jurisdiction are substantially equivalent to the standards in Kansas or verification that the applicant has earned a master's degree in marriage and family therapy, the date on which the applicant earned the degree, and the name of the university or college granting the degree.

The completed form shall be returned to the board by the licensing agency and shall not be forwarded to the applicant.

(3) If the applicant is seeking licensure based on reciprocity under the provisions of paragraph (a)(2) of K.S.A. 65-6406, and amendments thereto, rather than on the basis that the standards for licensure, registration, or certification are substantially equivalent to the standards for licensure as a marriage and family therapist in Kansas, the applicant shall ensure that following additional documentation is submitted:

(A) An attestation by the applicant that the applicant engaged in the professional practice of marriage and family therapy an average of at least 15 hours per week for nine months during each of the five years immediately preceding the date of application for licensure based on reciprocity; and

(B) if the licensing agency does not provide verification that the applicant holds a master's degree in marriage and family therapy, an original transcript sent directly from the university or college granting the degree that identifies all applicable graduate coursework and the date on which the applicant was granted a master's degree in marriage and family therapy.

(c) In addition to complying with the requirements of subsection (b), each applicant for licensure as a clinical marriage and family therapist shall demonstrate competence to diagnose and treat mental disorders by submitting at least two of the following three forms of documentation:

(1)(A) A transcript sent directly from a regionally accredited university or college documenting satisfactory completion of 15 graduate credit hours supporting diagnosis or treatment of mental disorders using the diagnostic and statistical manual of mental disorders as specified

(continued)

in K.A.R. 102-5-14. Three of the 15 credit hours shall consist of a discrete academic course with the primary and explicit focus of psychopathology and the diagnosis and treatment of mental disorders as classified in the diagnostic and statistical manual of mental disorders. The remaining 12 graduate credit hours shall consist of academic courses with the primary and explicit focus of diagnostic assessment, interdisciplinary referral and collaboration, treatment approaches, and professional ethics, or coursework that specifically contains identifiable, equivalent instruction; or

(B) verification from either the licensing agency or the testing service that the applicant passed a national clinical examination approved by the board, including the applicant's score on the exam and the passing score established for the exam;

(2) one or both of the following types of documentation, which shall cover periods of time totaling at least three years:

(A) An attestation by a supervisor or other designated representative of the applicant's employer that the applicant has at least three years of clinical practice, including at least eight hours of client contact per week during nine months or more of each year, in a community mental health center or its affiliate, a state mental hospital, or another employment setting in which the applicant en-

gaged in clinical practice that included diagnosis or treatment of mental disorders; or

(B) an attestation by the applicant that the applicant engaged in a minimum of three years of independent clinical practice that included diagnosis or treatment of mental disorders, as well as supporting documentation in the form of a published job description, a description of the applicant's practice in a public information brochure, a description of services in an informed consent document, or other similar published statements demonstrating that the applicant has engaged in independent clinical practice for a minimum of three years; or

(3) an attestation that the applicant has demonstrated competence in diagnosis or treatment of mental disorders and that is signed by a professional licensed to practice medicine and surgery, or by a professional licensed psychologist, a licensed specialist clinical social worker, or another professional licensed to diagnose and treat mental disorders in independent practice.
