Request for Comments

The Kansas Department of Transportation requests comments on the amendment of the Statewide Transportation Improvement Program (STIP) for fiscal years 2003-2005 by adding the following project:

Project U-1947-01—Intersection improvement at Crawford and Front Street in the City of Salina

The amendment of the STIP requires a 30-day public comment period. To receive more information on any of these projects or to make comments on the STIP amendment, contact the Kansas Department of Transportation, Office of Engineering Support, 7th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568, (785) 296-7916, fax (785) 296-0723.

To obtain an alternative format, contact the KDOT Bureau of Transportation Information, (785) 296-3585 (Voice/TTY).

The comment period regarding the STIP amendment will conclude September 29.

Public Notice

As a result of the Governor's recommendation and the Legislature's decision to make the Secretary of State's office a fee funded agency, the Secretary of State's office will increase fees effective September 1, 2003.

Historically, the Secretary of State's office operated on a split-funding basis. That funding was cut by 50 percent this year, and starting in fiscal year 2005, the office will receive no state general fund money.

The Secretary of State's office has spent the past six months doing a comprehensive review of transactions and fees. In every case, the new fee charged reflects the statutory requirement of the law, as well as the lowest fee possible to perform the duties of the agency.

For specific legislative details on the fee increase, refer to 2003 Senate Bill 239. The new fee schedule is available on the Secretary of State's Web site, www.kssos.org. For more information, contact the Secretary of State's office at (785) 296-4564.

Office of the Governor**Executive Order No. 03-17****Approving an Operations Plan for the Governor's Drought Response Team**

WHEREAS, the Kansas Emergency Management Act (K.S.A. 48-901 et seq.) states that the Governor shall be responsible for meeting the dangers to the state and people presented by disasters, including drought; and

WHEREAS, the Kansas Water Office is charged by statute (K.S.A. 74-2608) with advising the Governor when drought conditions exist within the state and with recommending assembly of the Governor's Drought Response Team; and

WHEREAS, the Kansas Emergency Management Act authorizes the Governor, when advised that drought conditions exist within the state, to declare by proclamation that a state of drought exists; and

WHEREAS, there is no statutory or regulatory guidance regarding the operations of the Governor's Drought Response Team; and

WHEREAS, such guidance is needed to ensure that the State of Kansas responds in a timely and appropriate manner to the impacts of drought upon its people, resources and the environment;

NOW THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby:

1. approve the Operations Plan for the Governor's Drought Response Team, and
2. order implementation of this Operations Plan by the various state agency members of the Governor's Drought Response Team as stated in the Operations Plan.

This document shall be filed with the Secretary of State as Executive Order No. 03-17 and shall become effective immediately.

**Department of Human Resources
Division of Workers Compensation****Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 1 p.m. Monday, November 3, in Hearing Room 2 in the lower lobby of the US Bank Building, 800 S.W. Jackson, Topeka, to consider the adoption of a proposed rule and regulation of the Division of Workers Compensation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the director of the Division of Workers Compensation, 800 S.W. Jackson, Suite 600, Topeka, 66612-1227. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentation to 10 minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Request for accommodation should be made at least five working days in advance of the hearing by contacting Paula Greathouse at (785) 296-4000. Parking for individuals with disabilities is located on the second level of the US Bank Building's enclosed parking. Also, the west entrance of the US Bank Building is accessible to individuals with disabilities.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

K.A.R. 51-9-17 is a new regulation mandated by K.S.A. 44-557a. It allows entities that must report accidents within 28 days presently using the KWC 1101-A paper form to substitute the IAIABC EDI First Report of Injury once they are approved as an EDI trading partner and deemed in compliance with K.S.A. 44-557a. The regulation adopts by reference an implementation guide for claim reporting by electronic data interchange to a data collection agent and has provisions limiting the public availability of claim information in accordance with the Workers Compensation Act. The regulation provides that entities choosing to submit by electronic data interchange complete a trading partner profile and notify the Director of Workers Compensation of changes to the profile.

Since the proposed regulation is voluntary, the economic impact will depend on what method those entities choose to report and the type of network the entity chooses to transmit the reports. Through the end of calendar year 2004, the division will pay \$137,000 for a private vendor to create a system to receive claim information via electronic data.

Copies of the regulation and its economic impact statement may be obtained by contacting the Division of Workers Compensation, 7th Floor, US Bank Building, 800 S.W. Jackson, Topeka, 66612-1227, (785) 296-4000.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Friday, October 31, in the Department of Commerce's main conference room, Suite 100, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the department regulating certified capital formation companies.

This 60-day notice of the public hearing shall constitute a public comment period for receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments before the hearing to John Moore, Secretary of Commerce, Suite 100, Curtis State Office Building, 1000 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Ron Smith at (785) 296-3004. Handicapped parking is not available around the Curtis Office Building; however, all persons in a vehicle with a handicapped license plate may park in any metered space around the building and there is no charge for parking. The curbs and all the entrances on Jackson, 10th Street and Kansas Avenue to the Curtis Office Building are accessible to individuals with disabilities.

The regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows:

K.A.R. 110-8-1. Eligibility. This regulation defines which entities may desire to become authorized capital formation companies, and that such persons apply to the Secretary of Commerce. Such entities must invest at least half of their cash in qualified Kansas businesses for the investors to realize a tax credit. Investors in such companies with a Kansas tax liability can receive credits equal to 50 percent of their investment.

K.A.R. 110-8-2. Application for authorization. The application for authorization requires submission of certain documents and information about the company. Those documents and the required information are listed in this regulation. An application fee is required pursuant to statute. The secretary has 60 days to authorize or deny the application, and the regulation describes what happens if the application is denied. By law, companies have 365 days following notification that the applicant is an authorized company to raise its venture capital.

K.A.R. 110-8-3. Presentations to certified capital investors. Each authorized capital formation company

must prepare written offerings for potential investors. This regulation describes what minimum information must be in the offering. Investors in the authorized CFC also must provide certain information for the company to determine if the investor is eligible for tax credits, and the company must retain such information. The term "primary residence" is defined.

K.A.R. 110-8-4. Certification of capital formation companies. No certified CFC can take investments exceeding the aggregate tax credit limit by law. CFCs investing in nonmetropolitan areas must meet certain maximum certified capital investment amounts negotiated between the CFC and the Secretary of Commerce. Alternative means of authorizing CFCs is set forth if the CFCs fail to reach their maximum certified capital investments. "Other capital contribution" is defined.

K.A.R. 110-8-5. Investment by certified CFCs in qualified Kansas businesses. CFCs may invest proceeds from prior investments in qualified Kansas businesses, and such proceeds are credited toward an individual investor's accrual of tax credits.

K.A.R. 110-8-6. Accrual and payment of tax credits. Certified CFCs that make a capital commitment to a qualified Kansas business allow each certified investor in the CFC to accrue a tax credit proportional to the investor's share of the cumulative certified capital raised by the CFC. Certified investors, as defined, apply for tax credits according to this regulation.

K.A.R. 110-8-7. This regulation is reserved.

K.A.R. 110-8-8. Annual report and recertification. On or before March 1 of each year, certified CFCs must submit annual reports to the secretary covering statutorily required information and activities during the previous year's operation ending December 31.

K.A.R. 110-8-9. Reporting material changes in operation. Certified CFCs must report material changes in operation of their company within 30 days of the change. The phrase "material change of operation" is defined. False information provided in such reports may result in revocation of certification.

K.A.R. 110-8-10. Decertification. Certified CFCs may be decertified pursuant to K.S.A. 74-8226. Companies desiring to be eligible for recertification must continue to provide annual reports and make certain payments to the state treasurer, as required by law, but need not pay annual renewal or recertification fees.

K.A.R. 110-8-11. Public records and confidentiality. The act makes certain documents of the companies submitted to the secretary a trade secret and exempt from disclosure under state open records laws. This regulation utilizes Kansas case law on what constitutes a trade secret and describes how the secretary will determine whether information qualifies as a trade secret.

These regulations help establish the tax credit program under the Capital Formation Company Act. The limited 50 percent tax credits encourage investment in venture capital companies that in turn invest in Kansas businesses, stimulating the economy and helping promote job growth. They have no effect on other governmental units,

private citizens or consumers, except those that make certain qualified investments in these capital formation companies. There are no anticipated costs to state agencies or employees because of this change, except the cost to the department of administering the program.

Copies of the regulations and their economic impact statements may be obtained by contacting the CDBG attorney, Department of Commerce, at the address above or by calling (785) 296-3004.

Board of Education

Notice of Hearing on Proposed Administrative Regulations

The State Board of Education will conduct a public hearing at 1:30 p.m. Wednesday, November 12, in the board room of the State Education Building, 120 S.E. 10th Ave., Topeka, to consider proposed amendments to teacher licensure regulations numbered S.B.R. 91-1-201, 91-1-203, 91-1-206 and 91-1-213.

A summary of each of the amended licensure regulations is provided in this notice, along with a summary of the economic impact of each regulation.

91-1-201. Type of license. The regulation is being amended to allow teachers to get a provisional license at the pre-K through grade 12 level if they are seeking an additional endorsement in the area of functional or adaptive special education, deaf or hard-of-hearing, visually impaired or foreign language. Under this amendment, more teachers will qualify for provisional licenses in these critical needs areas. No economic impact is anticipated for the State Board of Education, school districts, individuals, or for other governmental agencies or private businesses.

91-1-203. Licensure requirements. Amendments are proposed only in subsection (h), which concerns the restricted teaching license. The restricted license allows individuals who are not teachers, but who have a degree, to teach in the content area of their degree while they complete the required professional education courses to become fully licensed. The proposed amendments provide for the following:

(1) Allow persons who hold degrees with equivalent content course work in the area for which a restricted license is sought the opportunity to obtain a restricted teaching license in the content area of their degree. For example, a person with an engineering degree with equivalent course work in mathematics could obtain a restricted license for mathematics;

(2) require school districts to provide a new teacher orientation or induction program for each person holding a restricted teaching license;

(3) clarify that each applicant's program must meet the teacher institution's professional education standards;

(4) require that each holder of a restricted license attain passing scores on content assessments during the first year of the person's restricted license; and

(5) provide for the return of a restricted license if the license holder does not meet the requirements of the regulation.

No economic impact is anticipated for the State Board of Education or school districts, individuals, or for other governmental agencies or private businesses.

91-1-206. Professional development plans for licensure renewal. This regulation concerns professional development plans. The regulation provides for professional development in the categories of content areas, professional education or service to the profession. Currently, the regulation provides that an individual must include activities in two of the above categories. The amendment would allow individuals to complete activities in just one of the areas. This provides greater flexibility to individuals who need to concentrate on a particular area of development. No economic impact is anticipated for the State Board of Education, school districts, individuals, or for other governmental agencies or private businesses.

91-1-213. Vocational-technical certificates. This regulation provides for the issuance of a certificate to individuals who have appropriate experience and competency in their occupation or trade and who are hired to teach in a vocational program. They are allowed three years to complete a specified training program, during which time they are allowed to teach in a vocational program. Editorial changes are made and, because vocational programs are approved for the 9-12 grade level, the level of the certificate is changed from 6-12 to 9-12. Also, each certificate holder must complete a competency exam or occupational license during the first year of employment as an instructor. Finally, a new teacher orientation or induction program, during the first six weeks of employment, is being required. No economic impact is anticipated for the State Board of Education, school districts, individuals, or for other governmental agencies or private businesses.

A copy of each of the proposed regulations and its economic impact statement may be obtained by contacting the secretary of the State Board of Education at the address above prior to the date of the hearing.

All interested persons will be given a reasonable opportunity at the hearing to present their views or arguments, either orally or in writing, in regard to the proposed regulations. In addition, the period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Written comments may be submitted to the secretary of the State Board of Education at the address above. The hearing shall be conducted in compliance with the public hearing procedures of the State Board of Education.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Lanny Gaston at (785) 296-3906 or TDD (785) 296-8172.

Permanent Administrative Regulations

Article 6.—UNIFORM CONSUMER CREDIT CODE

75-6-34. Balloon payment on consumer loan secured by motor vehicle. (a) Each creditor shall submit a written proposal to the administrator for approval, outlining the terms and conditions of the loan or a loan program that meets the requirements of this regulation, before making any consumer loan meeting all of the following conditions:

- (1) The loan is secured solely by a motor vehicle.
(2) In the terms of the loan, any scheduled payment is more than twice as large as the average of earlier scheduled payments.
(3) The terms of refinancing could be less favorable to the consumer than the terms of the original transaction.
(b) The proposed loan or program shall be reviewed by the administrator to ensure compliance with this regulation and to ensure that all other terms in the agreement meet the following conditions:

- (1) Are clearly and adequately disclosed;
(2) are not unconscionable under any of the standards specified in K.S.A. 50-627, K.S.A. 16a-5-108, and K.S.A. 16a-6-111, and amendments thereto; and
(3) are not otherwise harmful to consumers.
(c) For each consumer loan meeting the conditions specified in paragraphs (a)(1) through (a)(3) in this regulation, the creditor shall ensure that the contract provides the consumer with the option of surrendering possession of the motor vehicle to the creditor or the creditor's designee at the end of the initial loan term, without further obligation except for those costs specifically authorized by subsection (d) of this regulation.

(d) If a consumer chooses to surrender the vehicle at the end of the loan term instead of refinancing or paying the balloon payment, the following costs may be assessed by the creditor at the time of surrender of the vehicle if the charges have been fully disclosed in writing and agreed to by the consumer at the time of the original credit transaction:

- (1) A charge for mileage in excess of the total number of miles originally agreed to between the creditor and the consumer;
(2) the actual cost to replace any missing original vehicle accessories, as set out in a list signed and acknowledged by the consumer at the time of receipt of the vehicle; and
(3) the actual cost for any unrepaired physical damage caused by an occurrence that would normally be covered by physical damage insurance.

(e) If the consumer chooses to refinance the balloon payment loan, the length of the term of refinancing shall not exceed 36 months.

(f) Before entering into any balloon payment loan secured by a motor vehicle, the creditor shall provide the consumer with a separate written disclosure containing only the following information:

“IMPORTANT — READ THIS CAREFULLY BEFORE SIGNING

THIS LOAN HAS A LOWER MONTHLY PAYMENT BECAUSE IT IS A “BALLOON” LOAN. THAT MEANS AT THE END OF THE LOAN TERM YOU WILL STILL OWE THE LENDER MORE MONEY. The balance you will still owe the lender is [INSERT REMAINING LOAN BALANCE AT END OF INITIAL LOAN TERM]. If you do not return the vehicle at the end of the loan term, you may have to get another loan at a higher interest rate to pay off the balance. Even if you do return the vehicle, you will have to pay an additional charge if the total miles on the vehicle are more than [INSERT INITIAL ODOMETER READING PLUS TOTAL MILES ALLOWED PER CONTRACT].

IF YOU HAVE QUESTIONS OR CONCERNS ABOUT THE LENDER, YOU MAY CALL THE KANSAS OFFICE OF THE STATE BANK COMMISSIONER TOLL-FREE CONSUMER HELPLINE AT 1-877-387-8523.

Borrower Date”

(g) No balloon payment loan secured by a motor vehicle shall allow for the financing of credit life, health, or disability insurance unless the creditor provides a separate written disclosure to the consumer that contains only the following information:

“IMPORTANT — READ THIS CAREFULLY BEFORE SIGNING

The lender can require you to have insurance on the vehicle, but the lender cannot make you buy insurance from any specific company or agent. That choice is up to you. The lender may also offer to sell you “credit life, health, or disability insurance” but cannot make you buy it. If you decide that you want life, health, or disability insurance, you should shop and compare the cost.

IF YOU HAVE QUESTIONS OR CONCERNS ABOUT THE LENDER, YOU MAY CALL THE KANSAS OFFICE OF THE STATE BANK COMMISSIONER TOLL-FREE CONSUMER HELPLINE AT 1-877-387-8523.

Borrower Date”

(h) Each creditor shall provide a copy of the notices specified in subsections (f) and (g) to the consumer, and shall also maintain a signed copy of each notice on file.

(i)(1) The authority to conduct the program may be revoked by the administrator, or changes may be required by the administrator to be made to any program if either of the following conditions is met:

- (A) The administrator determines that the program is not being conducted in the manner in which it was presented at the time of initial approval.
(B) The administrator determines that the program no longer meets the requirements of subsection (b) of this regulation.

(2) If the authority to conduct the program is revoked, the sponsor of the program shall have a right to a hearing pursuant to the Kansas administrative procedure act, K.S.A. 77-501 et seq., and amendments thereto. (Authorized by K.S.A. 2002 Supp. 16a-6-104 and K.S.A. 2002 Supp. 16a-3-308; implementing K.S.A. 2002 Supp. 16a-3-308; effective Sept. 12, 2003.)

Governmental Ethics Commission

Opinion No. 2003-23

Written August 21, 2003, to JoAnn Stevens-Baptiste, LMSW, Kansas Department of Social and Rehabilitation Services, Wichita.

This opinion is in response to your letter of July 17, 2003, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

We understand that you are asking for this opinion in your capacity as a Rehabilitation Counselor for the Rehabilitation Services Division of the Kansas Department of Social and Rehabilitation Services (SRS). In this position, you conduct in-depth comprehensive and diagnostic study and eligibility determinations for persons who wish to re-enter the employment field. You are also employed, part-time, by Sedgwick County Mental Health (the County) as a case manager for crisis intervention. In this position, you answer the crisis hotline for persons that are suicidal or homicidal. You provide them counseling, direction and preventative methods to help them resolve their issues.

Question:

Is it a violation of the State Governmental Ethics laws for you to work at Sedgwick County Mental Health as a case manager for crisis intervention while employed by SRS as a Rehabilitation Counselor?

Opinion:

Three statutes apply to the question you have raised: K.S.A. 46-233(a), which involves participation in the making of contracts; K.S.A. 46-235, which governs restrictions on compensation of state employees; and K.S.A. 46-241, which involves the use of confidential information. Each of these statutes will be addressed in turn.

K.S.A. 46-233 states in pertinent part:

(a)(1) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed. . . .

Under this provision, you are prohibited, as a state employee, from being substantially involved in the preparation of, or participating in the making of, a noncompetitively bid contract with the business by which you are employed. Absent such participation, your employment with the County does not violate K.S.A. 46-233(a).

K.S.A. 46-235 states in pertinent part:

No state officer or employee shall accept compensation for performance of official duties, other than that to which such person is entitled for such performance. . . . The receipt of wages or salary from an individual's non-state employer during a period of service as a state officer or

employee shall not be construed as compensation for performance of official duties.

Pursuant to this statute, so long as it is not part of your current state duties to perform crisis intervention for the County, K.S.A. 46-235 would not prohibit you from accepting compensation for performing these services.

Finally, K.S.A. 46-241 states:

No state officer or employee shall disclose or use confidential information acquired in the course of his or her official duties in order to further his or her own economic interest or those of any other person.

This section is self-explanatory. Confidential information obtained during your official duties with the state may not be used for your financial gain or the financial gain of another.

In conclusion, K.S.A. 46-233(a)(1) does not prohibit you from performing crisis intervention for the County, so long as you do not, in your capacity as a state employee, participate in the making of any contracts between the state and the County. Pursuant to K.S.A. 46-235, as long as it is not part of your current state duties to perform crisis intervention for the County on behalf of SRS, you would not be prohibited from accepting compensation for performing these services for the County. Finally, confidential information obtained during your official duties with the state may not be used for your financial gain or the financial gain of another.

Opinion No. 2003-24

Written August 21, 2003, to Thomas A. Glinstra, Olathe City Attorney, Olathe.

This opinion is in response to your letter of August 1, 2003, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the application of the local level conflict of interest laws (K.S.A. 75-4301a *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 75-4301a *et seq.*, and whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

We understand that you request this opinion in your capacity as the city attorney for the City of Olathe, Kansas (City). You have informed us that Robert Montgomery and Kathleen Huttman are members of the City Council. You have questions about the ability of these council members to vote on certain issues surrounding the building of a golf course by the City. You have explained that a contract is pending between the City and Landscapes Unlimited to construct a clubhouse on the new golf course. You have also informed us that neither Mr. Montgomery, nor Ms. Huttman, have a substantial interest in Landscapes Unlimited.

In addition, an ordinance authorizing the issuance and delivery of general obligation bonds to pay for the building of the clubhouse (as well as numerous other projects), and a resolution prescribing the form and details of, and authorizing the delivery of those general obligation bonds, are pending before the City Council.

(continued)

Questions:

I. May council members Montgomery and Huttmann vote on the appropriation ordinance and resolution?

II. May Mr. Montgomery vote on the contract between the City and Landscapes Unlimited?

Opinion:

Mr. Montgomery and Ms. Huttmann, as City Council members, are governed by the local level conflict of interest laws found in K.S.A. 75-4301 *et seq.* With regard to your first question, K.S.A. 75-4304 applies. It prohibits a local official from participating in his or her official capacity in the making of contracts in which that official has a substantial interest. It states in pertinent part:

(a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

The absolute abstention requirement of K.S.A. 75-4304 is triggered only in situations where the local governmental officer, in the capacity as a governmental officer, makes or participates in the making of a *contract* with a person or business by which the officer is employed or in whose business the officer has a substantial interest. This Commission has consistently held that K.S.A. 75-4304 does not generally cover legislative decisions or administrative decisions such as those made by planning commissions, boards of zoning appeals, or city councils. (See Commission Opinions 1999-51, 1999-05, 1998-20 and 1994-38.) Because the approval of the appropriation ordinance and resolution are legislative in nature and do not involve the "making of a contract," K.S.A. 75-4304 does not prohibit Mr. Montgomery and Ms. Huttmann from voting on the appropriation ordinance or resolution.

K.S.A. 75-4305, however, requires disclosure of actions other than contracts which affect a local government official's private business interests. It states:

(a) Any local governmental officer or employee who has not filed a disclosure of substantial interests shall, before acting upon any matter which will affect any business in which the officer or employee has a substantial interest, file a written report of the nature of the interest with the county election officer of the county in which is located all or the largest geographical part of the officer's or employee's governmental subdivision.

(b) A local governmental officer or employee does not pass or act upon any matter if the officer or employee abstains from any action in regard to the matter.

Therefore, before voting on the appropriation ordinance, Mr. Montgomery and Ms. Huttmann must file a statement of substantial interests form which discloses the nature of their interests in any company which will be affected by the ordinance and resolution.

With regard to your second question, you have stated that Mr. Montgomery does not have a substantial interest in Landscapes Unlimited. Therefore, pursuant to K.S.A. 75-4304, he would not be prohibited from voting on the contract between the City and Landscapes Unlimited.

State of Kansas**Department of Health
and Environment****Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Department of Health and Environment will conduct a public hearing at 9:30 a.m. Thursday, November 13, in Room 3A (Flint Hills Room) of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the home health agency licensure - home health aide regulations, K.A.R. 28-39-171 through 174, revoked; K.A.R. 28-51-100 and 28-51-108, amended; and K.A.R. 28-51-113 through 28-51-116, new; licensure of adult care homes - nurse aide regulations, K.A.R. 28-39-164 through 28-39-168, amended; licensure of adult care homes - medication aide regulations, K.A.R. 28-39-169 through 28-39-170, revoked; and K.A.R. 28-39-169a through 28-39-169c, new.

K.A.R. 28-51-100. Adds definitions for "direct supervision," "home health aide trainee I," "home health aide trainee II" and "licensed nursing experience"; updates definitions for health professions now credentialed by Kansas state regulatory agencies.

K.A.R. 28-51-108. Minor language clarification; eliminates reference to revoked regulation and references new regulation.

K.A.R. 28-51-113. Establishes eligibility criteria for certification as a home health aide; establishes requirements for home health aide training program including courses and course sponsors.

K.A.R. 28-51-114. Establishes requirements for home health aide course instructors; establishes possible disciplinary action against course instructors or course sponsors.

K.A.R. 28-51-115. Establishes qualifications for determining endorsement of training for certification as a home health aide.

K.A.R. 28-51-116. Establishes protocol for administration of state test for certification as a home health aide; establishes fee and process for initial certification.

K.A.R. 28-39-164. Definitions; eliminates definitions related to home health aides; adds definitions for "instructor," "eligible for employment" and "licensed nursing experience."

K.A.R. 28-39-165. Clarifies eligibility criteria for certification as a nurse aide; updates requirements for nurse aide training program including courses and course sponsors; updates history language.

K.A.R. 28-39-166. Clarifies and updates requirements for nurse aide course instructors; clarifies possible disciplinary action against course instructors or course sponsors.

K.A.R. 28-39-167. Clarifies language regarding evaluation for reciprocity or equivalency of training for certification as a nurse aide.

K.A.R. 28-39-168. Clarifies and updates protocol for administration of state test for certification as a nurse aide; establishes fee and process for initial certification.

K.A.R. 28-39-169a. Establishes eligibility criteria for certification as medication aides; establishes require-

ments for courses, course sponsors and instructors; establishes process for certification as a medication aide based on equivalent training.

K.A.R. 28-39-169b. Establishes protocol for administration of state test; establishes fee and process for initial certification.

K.A.R. 28-39-169c. Establishes list of eligible topics for continuing education; establishes qualifications for continuing education course sponsors and course approval; establishes fee and process for certificate renewal; establishes requirements for reinstating certificate.

Economic Impact: Included in the proposed regulations is an increase in the fee for initial certification as a home health aide from \$10 to \$20, which is projected to result in an increase in state revenues of approximately \$4,320 annually; an increase in the fee for initial certification as a nurse aide from \$10 to \$20, which is projected to result in an increase in state revenues of approximately \$49,900 annually; implementation of a fee for initial certification as a medication aide of \$20, which is projected to result in an increase in state revenues of approximately \$25,640 annually; and an increase in the fee for renewal of certification as a medication aide from \$10 to \$20, which is projected to result in an increase in state revenues of approximately \$23,740 annually.

The time between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purposes of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Marla Rhoden, Director of Health Occupations Credentialing, Curtis State Office Building, Suite 330, 1000 S.W. Jackson, Topeka, 66612-1365. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations during the hearing. To give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

A complete copy of the regulations and the economic impact statement may be obtained from the Kansas Department of Health and Environment, Health Occupations Credentialing. Questions pertaining to the proposed regulations should be directed to Marla Rhoden at (785) 296-1281.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Marla Rhoden.

Kansas Permit No. A-CIGT-H001	Federal Permit No. KS0095427	

This is a permit modification for an existing swine finishing facility currently permitted for 64,800 head (25,960 animal units) that average 150 pounds each. Under the modified permit, the facility will have a total maximum not to exceed 129,600 head of weaned pigs weighing up to 70 pounds each, or a total maximum not to exceed 64,800 head of finisher pigs having an average weight of 150 pounds each. After the weaned pigs have reached 70 pounds, any quantity over 64,800 head must be transferred out of the facility. No buildings or waste facilities in addition to those originally approved are being proposed.

For each year that the facility is in operation, wastewater samples from each earthen retention structure shall be collected and analyzed in the spring and fall of the year. Beginning in the third year of operations, the earthen retention structures shall be annually measured for sludge deposition. Prior to land application of wastewater and/or sludge, the soil of the receiving land shall be sampled and analyzed to establish baseline or background concentrations.

The anaerobic lagoon at Site #5 shall be prefilled to a minimum depth of 5 feet prior to being placed into service.

Dewatering equipment shall be obtained within six months after the issuance of the permit. The dewatering equipment shall be kept on-site (within the facility footprint or upon the land application area(s)).

Wastewater will be impounded for subsequent application to agricultural land for beneficial use. Wastewater storage capacity is provided that meets or exceeds KDHE minimum requirements. The manure/waste management plan developed by the designer and approved by the department shall be adhered to as a condition of the permit.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before September 27 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-03-213/215, KS-03-101/104) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public in-

terest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. DAK Plastics Inc. has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

DAK Plastics Inc., 703 W. Industrial Road, Minneapolis, Kansas, owns and operates an open molding fiber-

glass facility that manufactures parts for the assembly of buses, stock trailers and boats located at 703 W. Industrial Road/1110 Limestone Road, Minneapolis.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE North Central District Office, 2501 Market Place, Suite D, Salina. To obtain or review the proposed permit and supporting documentation, contact Rasha Allen, (785) 296-1693, at the KDHE central office; or Craig Forsberg, (785) 827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Rasha Allen, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business September 29.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business September 29 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 2 p.m. Friday, October 31, in the Senate Room of the Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of proposed new Kansas administrative regulations K.A.R. 61-7-1 and K.A.R. 61-4-2.

K.A.R. 61-7-1 adopts an increase in fees in each category pertaining to barber licensure.

K.A.R. 61-4-2 clarifies licensing procedures.

The regulations will not have an economic impact on any governmental agency, private citizens, or consumers of the products or services that are the subject of the regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted prior to the hearing to H.R. (Rocky) Vacek, Administrator, Kansas Board of Barbering, 700 S.W. Jackson, Suite 1002, Topeka, 66603.

All interested parties will be given a reasonable opportunity at the hearing to present their views. It may be necessary to request each participant to limit any oral presentation to five minutes. Any person requiring visual, hearing, or other communication aid or assistance, building access assistance or other similar accommodation should contact the Board of Barbering office so appropriate arrangements can be made.

Copies of the regulations and the economic impact statement may be obtained at the address above or by calling (785) 296-2211.
