# Kansas Development Finance Authority

#### Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, October 16, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The projects shall be located as shown:

Project No. 000576—Maximum Principal Amount: \$93,000. Owner/Operator: James A. and Cheryl A. Zeller. Description: Acquisition of 126 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at Section 35, Township 11, Range 11, Wabaunsee County, Kansas, approximately .5 mile south of Interstate 70, exit 335.

Project No. 000579—Maximum Principal Amount: \$27,000. Owner/Operator: Henry J. Yoder. Description: Acquisition of 40 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at Northwest Quarter of the Southeast Quarter

of Section 24, Township 23 South, Range 7 West in Reno County, Kansas, approximately 2 miles north, 1 mile east and .5 mile north of Partridge.

The bond, when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting KDFA.

Any individual affected by the above-described projects may, at or prior to the hearing, file a written request with KDFA that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

# Notice of Hearing on Proposed Administrative Regulations

The Behavioral Sciences Regulatory Board will conduct a public hearing from 9 to 11 a.m. Wednesday, December 3, in the board conference room at 712 S. Kansas Ave., Topeka, to consider adopting proposed amendments to permanent rules and regulations for psychology, social work, professional counseling, master's level psychology,

and marriage and family therapy.

This 60-day notice of the public hearing constitutes a public comment period for purposes of receiving written public comments on the proposed amendments. All interested parties may submit written comments prior to the hearing to Phyllis Gilmore, Executive Director, Behavioral Sciences Regulatory Board, 712 S. Kansas Ave., Topeka, 66603-3817. All interested parties will be given a reasonable opportunity to present their views orally at the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Phyllis Gilmore at (785) 296-3240 or the Kansas Relay Center at 1-800-766-3777. There is designated accessible parking on Kansas Ave., and the front entrance of the board office also is accessible.

A copy of the full text of each regulation and the economic impact statement may be reviewed or obtained at the board office or on the agency's Web site at www.ksbsrb.org. The following is a summary of the proposed amendments and economic impact statement. The board does not have a less costly or less intrusive method for achieving the stated purpose of each regulation.

This amendment clarifies the statutory requirement of increasing the hours from 36 to 60 semester hours for the master's psychology program for those graduating after July 1, 2003. The requirement for 15 semester hours of diagnosis and treatment also is explained.

#### Request for Proposals

The Kansas Department of Health and Environment, Bureau of Epidemiology and Disease Prevention (BEDP), initiated West Nile Virus Surveillance in 2002 and added an education and awareness campaign for the general public on mosquito control and personal protection against West Nile Virus (WNV) in the winter of 2003. Funding is provided by a supplement to a cooperative agreement with the Centers for Disease Control and Prevention (CDC), Cooperative Agreement Number UC50/CCU712420-07/5.

Currently, KDHE does not provide funding for local mosquito control or for local initiatives related to WNV. Several counties and local health departments have requested assistance to augment their existing activities in addition to the state activities. Each locality has different needs, depending on the ecology and epidemiology in the area.

The goal of this project is to: (1) fund new creative, innovative and cost-effective ways to educate the public on WNV, and (2) fund methods to minimize exposure to mosquitoes that can potentially transmit WNV. A total of \$70,000 is available for local health departments for initiatives managed by local authorities as needed during the 2003 and/or 2004 mosquito season. This would include funds available to purchase and broadcast larvi-

cides, eliminate or mitigate mosquito-breeding areas on public land, and provide local educational campaigns. Depending on the specific requests, the total award per grantee will range from approximately \$1,000 to \$5,000, with an average of approximately \$2,000. The amount includes both direct and indirect costs. Funding estimates for the program overall and for the individual program areas may change. Up to 35 separate awards may be given, depending on available funds.

# WNV Supplemental Funding Proposal Guidelines

Each proposal must contain:

1. A detailed and time-phased operational plan for WNV education or mosquito reduction activities for the period beginning October 1, 2003 and ending June 30, 2004. Identify gaps in current capacity and develop applications that address the needs of your health jurisdiction. Educational activities that target specific groups at highest risk for severe complications of WNV are preferred over messages to the general public. Mosquito reduction plans that target reduction of breeding grounds or larviciding are preferred over adulticiding campaigns. Of some importance are activities that strengthen the collaboration between local health departments and other local stakeholders. Collaborations with other local health departments will be considered, but are not mandatory.

2. A detailed line-item budget and justification. To the extent possible, provide separate budgets for each activity addressed in your application. All budgets must be clearly broken out into line-item categories (salary, fringe, travel, supplies, equipment, contractual, other, and indi-

rect costs).

3. Applicable updated IRB assurances (animal/human

subjects) if needed for any project.

The maximum length of proposal (excluding supporting documents and budget) should not exceed 12 pages. An original and one copy of the proposal must be postmarked by October 24 and mailed to Dr. Gail Hansen, KDHE, Bureau of Epidemiology and Disease Prevention, 1000 S.W. Jackson, Suite 210, Topeka, 66612-1366. Late proposals will not be considered.

The state reserves the right to renew this contract for two additional one-year periods, dependent on funding

availability.

Requests for funding will be evaluated on the following criteria:

1. Adequacy and completeness of submittal, including

details, specificity and timeline (40%)

2. Agency demonstration of understanding of local WNV ecology, epidemiology, and identifying gaps in current capacity (30%)

3. Collaborations with other local agencies and stakeholders (20%)

nuels (20%)

4. Compliance with RFP requirements (10%)

For more information or for answers to specific questions, contact Dr. Gail Hansen at (785) 296-1127, fax (785) 291-3775, or e-mail ghansen@kdhe.state.ks.us).

# Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, will conduct two public hearings to consider the proposed revisions to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28d, including revisions to the Kansas Surface Water Register. The first hearing will be at 7 p.m. Monday, December 1, at the Great Plains Nature Center, 6232 E. 29th St. North, Wichita. A second hearing will be at 7 p.m. Tuesday, December 2, in the Memorial Hall auditorium, 120 S.W. 10th Ave., Topeka. A public availability session will be held from 3 to 5 p.m. prior to each of the public hearings to provide persons an opportunity to review the findings of use attainability analyses (UAAs) used to establish designated uses.

The following is a summary of the proposed amendments:

K.A.R. 28-16-28d is the surface water use designation and classification section of the Kansas Surface Water Quality Standards. Designated uses of surface waters are listed in the Kansas Surface Water Register, which is adopted by reference in K.A.R. 28-16-28d (d) (2). The register identifies major classified streams, lakes and wetlands and the uses that are existing or attainable. In the period of April 1 through October 31, 2002, 312 stream segments and 107 lakes were evaluated by a UAA to determine the appropriate recreational use designation. This revision also includes 71 stream UAAs conducted in 2001 that were not included in the November 20, 2002, Kansas Surface Water Register. Fourteen stream segments are proposed to be removed from classification, 247 stream segments are proposed as secondary contact recreation, and 122 stream segments are proposed as primary contact recreation. Six lakes are proposed to be removed from classification, four lakes are proposed as secondary contact recreation, and 97 lakes are proposed as primary contact recreation and food procurement.

There are no additional costs of compliance resulting from these changes in recreational use designations. The department estimates an annual cost to perform 500 recreational UAAs as required by K.S.A. 82a-2004 and amendments thereto to be \$200,000 per year. Currently this cost is funded by the State Water Plan and federal grant money.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. Comments should be submitted to Craig Thompson, Kansas Department of Health and Environment, Bureau of Environmental Field Services, 1000 S.W. Jackson, Suite 430, Topeka, 66612-1367, prior to December 2. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearings, as well as to submit their written comments at that time. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

Copies of the proposed amendments and the economic impact and environmental benefit statements may be obtained by contacting Ricquelle Landis, KDHE Bureau of Environmental Services, at (785) 296-6603. Also, a CD has been created to provide information regarding the findings of UAAs conducted during the 2001 and 2002 field season. This CD is in a PDF format and can be ordered from KDHE's home page at www.kdhe.state.ks.us/befs. E-mail requests should be sent to cthompso@kdhe.state.ks.us.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and the economic impact and environmental benefit statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Ricquelle Landis.
