Notice of Commencement of
Negotiations for Engineering Services

Notice is hereby given of the commencement of negotiations for floodplain mapping for Douglas County. The Kansas Department of Agriculture (KDA), Division of Water Resources, wishes to contract for the performance of digitization of existing floodplain data for all mapped stream stretches in the incorporated and unincorporated areas of Douglas County. This work will be used to generate flood insurance study (FIS) data and digital flood insurance rate maps (DFIRMs) for the area.

For information concerning the scope of services, contact Collin Olsen, (785) 296-2513.

***If interested, an original, four copies and a CD of the letter of interest, SF255 form and information regarding similar projects are required to be bound in one proposal and one PDF file.** Each submittal should include an e-mail address, be concise and follow the State Building Advisory Commission guidelines, which have previously been distributed to firms. If copies of the guidelines are needed, contact Phyllis Fast, Division of Facilities Management, Room 600, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-5796. Submittals not complying with the guidelines will not be considered.

Expressions of interest and the SF255 submittals should be received by Phyllis Fast before noon January 30.

D. Keith Meyers
Director, Division of
Facilities Management

*Note change in submittal requirements.

Notice of Commencement of
Negotiations for Engineering Services

Notice is hereby given of the commencement of negotiations for engineering services for breach inundation analysis for Jefferson and Lincoln counties. The Kansas Department of Agriculture (KDA), Division of Water Resources, wishes to contract for the performance of breach inundation analysis on a selected group of jurisdictional dams in Jefferson and Lincoln counties. Additionally, the breach inundation analysis results will be provided to local planning and zoning authorities for inclusion in floodplain ordinances and hazard mitigation plans.

For information concerning the scope of services, contact Matt Scherer, (785) 296-3083.

***If interested, an original, four copies and a CD of the letter of interest, SF255 form and information regarding similar projects are required to be bound in one proposal and one PDF file.** Each submittal should include an e-mail address, be concise and follow the State Building Advisory Commission guidelines, which have previously been distributed to firms. If copies of the guidelines are needed, contact Phyllis Fast, Division of Facilities Management, Room 600, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-5796. Submittals not complying with the guidelines will not be considered.

Expressions of interest and the SF255 submittals should be received by Phyllis Fast before noon January 30.

State of Kansas

Kansas Insurance Department

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Tuesday, March 23, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed changes in an existing rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Deletria Nash, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Deletria Nash at (785) 296-7811.

A copy of the full text of the regulation and the economic impact statement may be obtained by contacting Deletria Nash. A summary of the regulation and its economic impact follows:

K.A.R. 40-1-48. Risk-based capital instructions for managed care organizations. This regulation adopts by reference the National Association of Insurance Commissioners risk-based capital reports, including overview and instructions, for managed care organizations. Risk-based capital is a method of measuring the minimum amount of capital appropriate for an insurance entity to support its overall business operation in consideration of its size and risk profile. Risk-based capital standards for health organizations were enacted in Kansas in the year 2000 and have recently been amended. This regulation sets out the requirements and format of the risk-based capital report that all domestic health organizations are required to file each year. One set of instructions is for health maintenance organizations and the other set of instruction is for hospital, medical and indemnity companies.

The economic impact on companies, if any, is positive because the reports that are required to file in Kansas are uniform formats as established by the NAIC. NAIC rules, regulations and instructions are promulgated after input from the insurance industry and regulators nationwide. Companies will generally be familiar with the format and requirements of these reports.

There will be no economic impact on the Kansas Insurance Department or other governmental agencies.

Sandy Praeger
Kansas Insurance Commissioner

**State of Kansas
 Historic Sites Board of Review**

Notice of Hearing

The grants review committee of the Kansas Historic Sites Board of Review will conduct a hearing at 9:30 a.m. Thursday, February 12, on the second floor of the Koch Education Center of the Kansas History Center, 6425 S.W. 6th Ave., Topeka, to receive public comments on the applications filed with the Historic Preservation Office for federal fiscal year 2004 Historic Preservation Fund grants. Comments may be addressed to the committee orally or in writing.

The following organizations, entities, institutions, etc., have submitted applications:

- Atchison Preservation Alliance, Documenting the Amelia Earhart Historic District, \$4,500
- Atchison Preservation Alliance, Documenting Atchison's Heritage, \$7,500
- Glasco Community Foundation, Planned Education Strategies to Support Preservation, \$5,996
- City of Hiawatha, Downtown Hiawatha Historic District Nomination, \$5,902
- Kansas State University, National Register of Historic Places Evaluation of the Caenen and Paul Sites, Stranger Creek Valley, Leavenworth County, Kansas, \$33,646
- City of Lawrence (CLG), National Register Historic District, \$2,250
- City of Lawrence (CLG), Design Review Intern, \$11,508
- City of Topeka (CLG), Preservation Intern, \$6,600
- City of Topeka (CLG), Old Town Reconnaissance Survey, \$11,500
- City of Wichita (CLG), Design Review Assistant, \$37,520
- City of Wichita (CLG), Discover Historic Wichita! Brochure, \$19,575

The committee also will receive general comments about the types of survey and planning projects that should be funded in Kansas. Funding for the grants is provided by the National Park Service, a division of the United States Department of the Interior, and is administered by the Kansas State Historical Society.

 State Bank Commissioner

Doc. No. 030258

(Published in the Kansas Register January 15, 2004.)

**Summary Notice of Bond Sale
 City of Spring Hill, Kansas**

\$975,000*

General Obligation Bonds, Series 2004A

(General obligation bonds payable from unlimited ad valorem taxes)

Bids

Subject to the notice of bond sale dated January 9, 2004, bids will be received by the finance director of the City of Spring Hill, Kansas, on behalf of the governing body at City Hall, 302 N. Jefferson, Spring Hill, KS 66083-0424, until 11 a.m. January 22, 2004, for the purchase of \$975,000* principal amount of General Obligation Bonds, Series 2004A. No bid of less than the entire par value of the bonds, except a discount of not greater than .75 percent of the par value of the bonds, and accrued interest to the date of delivery will be considered.

Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated February 15, 2004, and will become due on September 1 in the years as follows:

| Year | Principal Amount* |
|------|-------------------|
| 2005 | \$ 75,000 |
| 2006 | 90,000 |
| 2007 | 90,000 |
| 2008 | 95,000 |

(continued)

| | |
|------|---------|
| 2009 | 95,000 |
| 2010 | 100,000 |
| 2011 | 100,000 |
| 2012 | 105,000 |
| 2013 | 110,000 |
| 2014 | 115,000 |

The bonds will bear interest from that date at rates to be determined when the bonds are sold as provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning March 1, 2005. A bidder may elect to have all or a portion of the bonds scheduled to mature in consecutive years issued as term bonds subject to the requirements set forth in the notice of sale.

Paying Agent and Bond Registrar

Kansas State Treasurer, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States or a financial surety bond in a form that complies with the requirements set forth in the notice of sale in the amount of \$19,500 (2 percent of the principal amount of the bonds).

Delivery

The city will pay for preparation of the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or about February 26, 2004, at the offices of the Depository Trust Company, New York, New York.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 2003 is \$36,275,101. The total applicable general obligation indebtedness of the city as of the date of the bonds, including the bonds being sold, is \$1,728,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Kutak Rock LLP, Kansas City, Missouri, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city and delivered to the successful bidder when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the finance director, (913) 592-3664; from the city's financial advisor, Kirkpatrick Pettis, One Ward Parkway, Suite 215, Kansas City, MO 64112, Attention: Marty Nohe, (816) 360-2270; or from bond counsel, Kutak Rock LLP, 444 W. 47th St., Suite 200, Kansas City, MO 64112-1914, (816) 960-0090, Attention: Dorothea Riley.

Dated January 15, 2004.

Summary Notice of Bond Sale

\$1,000,000

**Norton County, Kansas
General Obligation Bonds
Series 2004A (Bridges)**

**(General obligation bonds payable from
unlimited ad valorem taxes)**

Sealed and Facsimile Bids

Subject to the official notice of bond sale and preliminary official statement dated January 5, 2004, sealed and facsimile bids will be received by the county clerk of Norton County, Kansas (the issuer), on behalf of the governing body of the county at the Norton County Courthouse, 105 S. Kansas, Norton, KS 67654, until 1:30 p.m. Monday, January 26, 2004, for the purchase of \$1,000,000 principal amount of General Obligation Bonds, Series 2004A (Bridges). No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated February 1, 2004, and will become due on August 1 in the years as follows:

| Year | Principal Amount |
|------|------------------|
| 2004 | \$ 80,000 |
| 2005 | 85,000 |
| 2006 | 90,000 |

| | |
|------|---------|
| 2007 | 95,000 |
| 2008 | 100,000 |
| 2009 | 100,000 |
| 2010 | 105,000 |
| 2011 | 110,000 |
| 2012 | 115,000 |
| 2013 | 120,000 |

The bonds will be subject to mandatory and optional redemption prior to maturity as provided in the official notice of bond sale and preliminary official statement.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on February 1 and August 1 in each year, beginning August 1, 2004.

Optional Book-Entry-Only System

The successful bidder may elect to have the bonds registered under a book-entry-only system administered through the Depository Trust Company, New York, New York.

Paying Agent and Bond Registrar

The Kansas State Treasurer, Topeka, Kansas, is designated as the paying agent and bond registrar.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$20,000 (2 percent of the principal amount of the bonds).

Delivery

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered at such bank or trust company in the contiguous United States as may be specified by the successful bidder without cost to the successful bidder within 45 days after the date of sale.

Assessed Valuation and Indebtedness

The total assessed valuation of taxable tangible property in the county for the year 2003 is \$43,081,004. The total general obligation indebtedness of the issuer as of the date of the bonds, including the bonds being sold, is \$1,775,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer and delivered to the successful bidder when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the county clerk, (785) 877-5710.

Dated January 5, 2004.

Notice of Meeting

The Kansas Water Authority will hold its quarterly meeting January 21-22 in the Kansas Department of Agriculture's Training Center, fourth floor, 109 S.W. 9th, Topeka. The Authority's Committee of the Whole will meet at 1 p.m. Wednesday, January 21, and the full Authority will meet at 9 a.m. Thursday, January 22.

Committee of the Whole agenda items include:

- Review of public hearing comments on the proposed state acquisition of the Circle K Ranch in Edwards County
- Water Marketing and Water Assurance Program Technical Advisory Committee updates
- High Plains Aquifer Modeling
- Consideration of a new multi-purpose reservoir in the Grouse Creek watershed in Cowley County

The Authority at its Thursday meeting will consider recommendations made by the Committee of the Whole. Updates will be presented on the Circle K Ranch, the Kansas Water Plan and Hays/Russell water supply. Recognition awards will be presented.

A copy of the complete agenda may be obtained from the Kansas Water Office's Web site, kwo.org, or by calling the Kansas Water Office at (888) KAN-WATER.

Joseph Harkins, Acting Director
 Kansas Water Office

Doc. No. 030238

(Published in the Kansas Register January 15, 2004.)

**Summary Notice of Bond Sale
 City of Augusta, Kansas**

\$1,396,000

General Obligation Bonds, Series A, 2004

(General obligation bonds payable from unlimited ad valorem taxes)

Bids

Subject to the notice of bond sale dated January 5, 2004, sealed, facsimile and electronic bids will be received by the clerk of the City of Augusta, Kansas (the issuer), in the case of sealed and facsimile bids, on behalf of the governing body at 6th and School, P.O. Box 489, Augusta, KS 67010, and in the case of electronic bids, through i-Deal's BiDCOMP/PARITY electronic bid submission system, until 4 p.m. February 2, 2004, for the purchase of \$1,396,000 principal amount of General Obligation Bonds, Series A, 2004. No bid of less than 100 percent of the principal amount of the bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof, except one bond in the denomination of \$1,000 (or such amount added to \$5,000 or any integral multiple thereof).

(continued)

The bonds will be dated February 15, 2004, and will become due on September 1 in the years as follows:

| Year | Principal Amount |
|------|------------------|
| 2005 | \$ 36,000 |
| 2006 | 70,000 |
| 2007 | 75,000 |
| 2008 | 80,000 |
| 2009 | 80,000 |
| 2010 | 85,000 |
| 2011 | 90,000 |
| 2012 | 95,000 |
| 2013 | 100,000 |
| 2014 | 105,000 |
| 2015 | 105,000 |
| 2016 | 110,000 |
| 2017 | 115,000 |
| 2018 | 120,000 |
| 2019 | 130,000 |

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning March 1, 2005.

Optional Book-Entry-Only System

The successful bidder may elect to have the bonds registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Kansas State Treasurer, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$27,920 (2 percent of the principal amount of the bonds).

Delivery

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or about February 25, 2004, to DTC for the account of the successful bidder or at such bank or trust company in the contiguous United States as may be specified by the successful bidder, or elsewhere at the expense of the successful bidder.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 2003 is \$50,414,023. The total general obligation indebtedness of the issuer as of the date of delivery of the bonds, including the bonds being sold but excluding temporary notes to be retired in conjunction therewith, is \$8,953,500.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer, printed on the bonds and delivered to the successful bidder when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the clerk, (316) 775- 4510, fax (316) 775-4566, e-mail: dcosse@augustagov.org; or from the financial advisor, 7701 E. Kellogg, Suite 700, P.O. Box 781684, Wichita, KS 67278-1684, Attention: Dave Malone, (316) 685-5777, fax (316) 685-1751, e-mail: dmalone@cmmci.com.

Dated January 5, 2004.

(Published in the Kansas Register January 15, 2004.)

Summary Notice of Bond Sale Unified School District No. 231

Johnson County, Kansas

\$16,425,000

General Obligation School Bonds, Series 2004-A

(General obligation bonds payable from
unlimited ad valorem taxes)

Bids

Subject to the notice of bond sale and preliminary official statement dated December 15, 2003, bids will be received by the director of business of Unified School District No. 231, Johnson County, Kansas (the issuer), on behalf of the Board of Education at the school district office, 231 E. Madison, P.O. Box 97, Gardner, Kansas, until 1 p.m. Monday, January 26, 2004, for the purchase of \$16,425,000 principal amount of General Obligation School Bonds, Series 2004-A. Bids will be received (1) in the case of sealed and facsimile bids, by the director of business at the address and fax number hereafter set forth; and (2) in the case of electronic bids, through *PARITY* electronic bid submission system. The school district and the school district's financial advisor shall not be responsible for any failure, misdirection, delay or error in the means of transmission selected by the bidder. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will initially be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York, to which payments of principal of and interest on the bonds will be made. Individual purchases of bonds will be made in book-entry form only. Purchasers will not receive certificates representing their interest in bonds purchased. The bonds will be dated February 15, 2004, and will become due on October 1 in the years as follows:

| Year | Amount |
|------|------------|
| 2005 | \$ 605,000 |
| 2006 | 635,000 |
| 2007 | 660,000 |
| 2008 | 690,000 |
| 2009 | 715,000 |
| 2010 | 735,000 |
| 2011 | 755,000 |
| 2012 | 780,000 |

| | |
|------|-----------|
| 2013 | 805,000 |
| 2014 | 835,000 |
| 2015 | 865,000 |
| 2016 | 900,000 |
| 2017 | 935,000 |
| 2018 | 975,000 |
| 2019 | 1,015,000 |
| 2020 | 1,060,000 |
| 2021 | 1,105,000 |
| 2022 | 1,150,000 |
| 2023 | 1,205,000 |

The bonds will be subject to mandatory and optional redemption prior to maturity as provided in the notice of bond sale and preliminary official statement.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on April 1 and October 1 in each year, beginning October 1, 2004.

Paying Agent and Bond Registrar

The Kansas State Treasurer.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check or a financial surety bond in the amount of \$328,500 (2 percent of the principal amount of the bonds).

Delivery

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder within 45 days after the date of sale.

Assessed Valuation and Bonded Indebtedness

The total assessed valuation of the taxable tangible property within the school district for the year 2003 is \$197,893,308. The total general obligation indebtedness of the school district as of the date of the bonds, including the bonds, is \$78,805,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Kansas City, Missouri, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer and delivered to the successful bidder when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the director of business, (913) 856-2000), fax (913) 856-2071; or from the financial advisor, George K. Baum & Company, Kansas City, Missouri, (816) 474-1100.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. El Paso Field Services has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

El Paso Field Services, Midland, Texas, owns and operates the Greenwood #2 natural gas compressor station located at Section 21, Township 33 South, Range 43 West, Morton County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; and to review the proposed permit only, contact Don Mies, (316) 337-6107, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael J. Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business February 16.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Donna Reno, Bureau of Air and Radiation, not later than the close of business February 16 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

(continued)

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit and amending previously-issued construction approval. LaCygne Generating Station, Kansas City Power & Light Company, has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance. Notice also is given that certain requirements in the construction approvals dated September 14, 1992, and December 9, 1992, are being modified by a modification of approval conditions.

LaCygne Generating Station, Kansas City Power & Light Company, Kansas City, Missouri, owns and operates a coal-fired power plant located at 25166 E. 2200 Road, LaCygne, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, all information relied upon during the permit application review process, and a copy of the modification of approval conditions are available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southeast District Office, 1500 W. 7th, Chanute. To obtain or review either document, contact Ann L. Spitz, (785) 291-3271, at the KDHE central office; and to review the proposed permit only, contact David Stutt, (620) 431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the documents to Ann L. Spitz, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating final document decisions, written comments must be received by the close of business February 16.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Donna Reno, Bureau of Air and Radiation, not later than the close of business February 16 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day

public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Columbian Chemicals has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to use flare to control reactor tail gas emissions. Emissions of particulate matter equal to or less than 10 microns in diameter (PM10), oxides of nitrogen (NOx), sulfur dioxide (SO2), carbon monoxide (CO), volatile organic compounds (VOCs) and hazardous air pollutants (HAPs) were evaluated during the permit review process.

Columbian Chemicals, Ulysses, owns and operates the stationary source located at 3500 S. Road S, Ulysses, at which the tail gas flare is to be constructed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Dana Morris, (785) 296-1578, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6020, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Dana Morris, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business February 16.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Donna Reno, Bureau of Air and Radiation, not later than the close of business February 16 in order for the Secretary of Health and Environment to consider the request.

Notice Concerning Kansas Water Pollution Control Permits

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below.

The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Public Notice No. KS-AG-04-019/023 Pending Permits for Confined Feeding Facilities

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|---|-------------------------------|
| Hahn's Inc. Parr Facility Route 1, Box 34A Hanston, KS 67849 | SW/4 of Section 07, T22S, R21W, Hodgeman County | Upper Arkansas River Basin |

Kansas Permit No. A-UAHG-B004

This is a renewal permit for an existing facility for 500 head (500 animal units) of beef cattle.

Permeability tests shall be conducted on the earthen wastewater retention structure(s). Permeability tests shall be completed within 12 months of the effective date of the permit.

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|---|-------------------------|
| Parity Grain, Inc. 303 Main St. Kismet, KS 67859 | NW/4 of Section 34, T33S, R31W, Seward County | Cimarron River Basin |

Kansas Permit No. A-CISW-H008 Federal Permit No. KS0093581

This is a renewal permit for an existing facility with a maximum capacity of 6,720 head (2,688 animal units) of swine weighing more than 55 pounds. The previous permit was approved for eight swine buildings but only four were built. However, the lagoon for the facility was built to handle the waste from eight buildings. Construction of

the additional, previously approved, four swine buildings must start within two years and end within three years or plan approval becomes void.

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|---|--------------------|
| Smoky Hill Feedlot, Inc. Route 1, PO Box 74 Pawnee Rock, KS 67530 | SW/4 of Section 30 & NW/4 of Section 31, T16S, R04W, Saline County | Saline River Basin |

Kansas Permit No. A-SASA-C001 Federal Permit No. KS0045489

This is a permit renewal for an existing facility for a maximum of 6,000 head of cattle weighing greater than 700 pounds [6,000 animal units (a.u.)] and 3,000 head of cattle weighing less than 700 pounds (1,500 a.u.), for a total of 9,000 head (7,500 a.u.) of cattle. There are no proposed changes to the existing facility.

A permeability test study shall be conducted on the evaporation pond "Pond 6" within one year of the effective date of the permit.

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|--|--------------------------|
| Chuck Springer (Box Facility) 5881 County Road 3300 Independence, KS 67301 | SW/4 of Section 04, T31S, R14E, Montgomery County | Verdigris River Basin |

Kansas Permit No. A-VEMG-H010 Federal Permit No. KS0095346

This is a new permit for a construction modification and expansion of an existing swine facility. The facility is expanding from 4,968 head (1,414 animal units) of swine weighing greater than 55 pounds to a maximum total of 5,264 head (2,106 animal units) of swine weighing greater than 55 pounds, and for a maximum of 2,960 head (296 animal units) of swine weighing 55 pounds or less. The previous permit did not list the total number of swine weighing 55 pounds or less. Due to a change in the method of determining the animal units capacity of the facility, they are now included and are reflected in the revised animal unit count. The proposed modification will consist of two phases. Phase I will include converting a combination 12-crate farrowing unit and 150-head nursery into a 24-crate farrowing unit, one 300-head nursery, and one 480-head finish building. Phase II will include the addition of one 300-head nursery, and three 480-head finishing units. Phase I will begin within one year of the date on which the permit is issued and completed within three years of that date. Phase II will begin the fourth year and be completed the fifth year of the permit issuance date.

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|--|-------------------------------|
| Vulgamore Land and Cattle Co. Inc. East Yard 8250 S. Mesquite Road Scott City, KS 67871 | SW/4 of Section 26, T19S, R33W, Scott County | Upper Arkansas River Basin |

Kansas Permit No. A-UASC-B003

This is a modification to the permit of an existing facility. The facility total control area is 9.42 acres in size instead of 6.5 acres, the operational level for the lagoon changed to 7.5 feet from 5.0 feet, and the total required wastewater application rate changed to 140 gpm from 110 gpm @ 12 hours/day. These changes are the results of a new survey. The facility did not expand, the difference in acres is the roadways and drainage channel that were not accounted for in the last permit, the operational levels and application rate are the results from the 2.92 acres in difference in total acres, and the lagoon was enlarged. The permitted capacity remains the same, 950 head (950 animal units) of beef cattle.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or
(continued)

applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before February 14 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-04-019/023) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Northwest District Office, 2301 E. 13th, Hays,
67601-2651, (785) 625-5664

North Central District Office, 2501 Market Place,
Salina, 67401-7699, (785) 827-9639

Northeast District Office, 800 W. 24th, Lawrence,
66046-4417, (785) 842-4600

Southwest District Office, 302 W. McArtor Road,
Dodge City, 67801-6098, (620) 225-0596

South Central District Office, 130 S. Market, 6th Floor,
Wichita, 67202-3802, (316) 337-6020

Southeast District Office, 1500 W. 7th, Chanute, 66720,
(620) 431-2390

Application information and components of plans and specifications for all new facilities and for expansions of existing swine facilities may be reviewed on the Internet at <http://www.kdhe.state.ks.us/feedlots>.

For all other proposed permits, the draft permit(s), including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received and other information, are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water.

Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays. These documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

Roderick L. Bremby
Secretary of Health
and Environment

Doc. No. 030247

State of Kansas

Office of the Governor

Executive Order 04-01

WHEREAS, by Executive Order 02-02, Governor Bill Graves established the Kansas Bioterrorism Coordinating Council and the Kansas Hospital Preparedness Planning Committee; and

WHEREAS, the provision of Executive Order 02-02 established committee membership through August 31, 2003; and

WHEREAS, the Department of Health and Human Services has authorized states to establish a single advisory committee for the Centers for Disease Control and Prevention (CDC) and Hospital Resources Services Administrative (HRSA) Cooperative Agreements that jointly fund the Kansas Bioterrorism Program; and

WHEREAS, coordination between the CDC- and HRSA-funded activities is critical to protect Kansans from the threat of Bioterrorism; and

WHEREAS, broad representation from public and private partners that have a significant interest and expertise in preparedness for and roles in response to terrorism and other public health emergencies is necessary; and

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby establish the Bioterrorism Coordinating Council and direct the Secretary of the Kansas Department of Health and Environment to appoint members to this committee as defined in federal guidance and summarized below.

1. The Bioterrorism Coordinating Council shall include one representative from each of the following agencies, institutions, groups, and others as necessary to carry out the duties of the committee as determined by federal law and the Governor:

- a. State Health Department
- b. Local Health Departments
- c. State Hospital Association
- d. State Mental Health Agency
- e. Academic Health Centers
- f. Other Tertiary Care Centers
- g. Community Hospitals
- h. Community Health Centers
- i. Primary Care Associations
- j. Clinical Professional Societies
- k. American Indian Health Care Facilities
- l. Veterans Administration Health Care Facilities
- m. Military Treatment Facilities
- n. State Office of Rural Health
- o. State Emergency Medical Services Director or Designee
- p. State Emergency Management Agency
- q. Local Emergency Medical Systems
- r. Poison Control Centers
- s. Metropolitan Medical Response Systems
- t. State Maternal-Child Health Advocate
- u. State Trauma Coordinator
- v. Police Departments
- w. Fire Departments
- x. Red Cross and Other Voluntary Organizations
- y. Consumer Representatives

The Bioterrorism Coordinating Council shall draw upon other resources as needed.

2. The Executive Director of the Kansas Bioterrorism Program shall be a senior management staff of the Kansas Department of Health and Environment designated by the Governor. Such individual shall be the agency representative indicated in Section 1a, and will serve as Chairperson for the Bioterrorism Coordinating Council.

3. The Bioterrorism Coordinating Council shall advise the Kansas Department of Health and Environment on issues regarding Bioterrorism planning and implementation activities related to the agency's CDC and HRSA cooperative agreements.

4. Members of the Bioterrorism Coordinating Council shall serve until August 30, 2004. Such appointments may be extended at the Governor's discretion should Federal programs change.

This order supersedes Executive Order No. 02-02. This document shall be filed with the Secretary of State as Executive Order No. 04-01, and shall become effective immediately.

Dated January 7, 2004.

Kathleen Sebelius
Governor
Attest: Ron Thornburgh
Secretary of State

Doc. No. 030261

State of Kansas

Department of Agriculture Division of Water Resources

Permanent Administrative Regulations

Article 24.—NORTHWEST KANSAS GROUNDWATER MANAGEMENT DISTRICT NO. 4

5-24-1. Definitions. As used in these regulations for the northwest Kansas groundwater management district no. 4, the following words and phrases shall have the following meanings. (a) "Area of consideration" means the two-mile-radius circle whose center is the location of the proposed point of diversion. The area of consideration equals 8,042 acres minus any area of the circle that is outside the state of Kansas.

(b) "Base acreage" has the meaning specified in K.A.R. 5-5-11(a).

(c) "Battery of wells" has the meaning specified in K.A.R. 5-1-1.

(d) "Board" means the board of directors constituting the governing body of the northwest Kansas groundwater management district no. 4.

(e) "District" means the northwest Kansas groundwater management district no. 4.

(f) "Tailwater" means that portion of the applied irrigation water that becomes runoff from the authorized place of use.

(g) "Theis analysis" means the Theis non-equilibrium equation analysis described in pp. 108-113 in "ground water and wells: a reference book for the water-well in-

dustry," published by Edward E. Johnson, Inc., Saint Paul, Minnesota, in 1966. The pages specified in this subsection are hereby adopted by reference.

(h) "Usable water" means water containing not more than 10,000 milligrams per liter of total dissolved solids.

(i) "Waste of water" has the meaning specified in K.A.R. 5-1-1.

(j) "Well" means any excavation that is drilled, cored, bored, washed, driven, dug, or otherwise constructed if the intended use of the excavation is for the acquisition, diversion, or artificial recharge of groundwater. (Authorized by K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; implementing K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; effective May 1, 1983; amended May 1, 1985; amended Jan. 30, 2004.)

5-24-2. Allowable withdrawals. (a) Except as set forth in subsection (b) below, each application for an approval of application and each application for a change in the point of diversion shall be subject to the following requirements:

(1) The sum of the annual quantities of water of the proposed appropriation, the vested rights, prior appropriation rights, and earlier priority applications with a point of diversion authorized or proposed within the area of consideration that withdraw water from the same source of supply as the proposed point of diversion, as a hydraulically connected source of supply, shall not exceed the calculated quantity of annual recharge received by the aquifer underlying the area of consideration. The quantity authorized on all prior permits, certificates, and vested rights, and the quantity requested on prior applications shall be used to calculate the sum of prior appropriations.

(2) All limitation clauses listed on permits and certificates shall be considered to be in force.

(3) In the case of an application for change in the point of diversion, all applications with a priority earlier than the priority established by the filing of the application for change shall be included in the analysis.

(4) The allowable annual appropriation shall be calculated using the formula $Q = AR/12$, in which the following values are used:

(A) Q is the allowable annual appropriation in acre-feet per year.

(B) A is the area of consideration.

(C) R is the average annual recharge in inches per year.

(5) The value of .5 inch per year shall be used for recharge, including natural recharge and return flow from irrigation.

(6) If a portion of the area of consideration is outside the district boundary, the evaluation shall be conducted as though the entire area of consideration were within the district boundary. If the perimeter of the area of consideration intersects a group of wells authorized under prior applications, permits, certificates, or vested rights, a reasonable quantity of water shall be assigned to each well based upon the best available information.

(b) The following types of applications shall not be subject to this regulation:

(1) A nondomestic application for an approval of application if the proposed point of diversion meets the following criteria:

(continued)

(A) Is to be located in an alluvial aquifer not closed to new appropriations, except for domestic use, temporary permits, and term permits for five or fewer years;

(B) meets the well spacing requirements of K.A.R. 5-2-3; and

(C) meets the safe yield requirements of K.A.R. 5-3-9, K.A.R. 5-3-10, and K.A.R. 5-3-11;

(2) a nondomestic application to appropriate water from one or more of the following sources of supply:

(A) Niobrara;

(B) Carlile;

(C) Greenhorn;

(D) Dakota;

(E) Kiowa; or

(F) the Cheyenne formations if both of the following conditions are met:

(i) The well spacing requirements of K.A.R. 5-24-3 are met; and

(ii) the proposed point of diversion is located in an area where there is a natural hydraulic connection between all of the formations from which the applicant proposes to divert water;

(3) an application for a permit to appropriate water for domestic use;

(4) an application for a term permit for five years or less;

(5) an application for a temporary permit;

(6) an application for change in point of diversion if either of the following conditions is met:

(A) The authorized well has been drilled, cased, and test-pumped; or

(B) the authorized diversion works have been completed and a notice of completion was timely filed with the chief engineer under the current water right or approval of application;

(7) an application for an approval of application filed on an existing well currently authorized by a vested right, appropriation right, or approval of application that requests a quantity of water equal to or less than the currently available quantity of water that will be conjunctively reduced from a well authorized by either a vested right or certified appropriation right meeting either of the criteria specified in paragraph (c)(1);

(8) an application for an approval of application that meets the criteria of K.A.R. 5-24-10; and

(9) an application for an additional rate of diversion only that meets the requirements of K.A.R. 5-4-5.

(c)(1) To be exempt from this regulation, each application for an approval of application filed on an existing well currently authorized by a vested right, appropriation right, or approval of application that requests a quantity of water equal to or less than the currently available quantity of water that will be conjunctively reduced from a well authorized by either a vested right or certified appropriation right shall meet either of the following criteria:

(A) Be located within 2,640 feet of the existing well that will have its authorized quantity reduced; or

(B) be located within a distance from the currently authorized well for which a Theis analysis shows a .5 foot or greater drawdown, using the following assumptions:

(i) The certified rate of diversion of the currently authorized well;

(ii) the certified annual quantity of water for the currently authorized well;

(iii) the pumping time equal to the time it takes to pump the certified annual quantity at the certified rate of diversion;

(iv) the drawdown computed at the time equal to the pumping time; and

(v) the transmissivity and storage coefficient derived either from a time drawdown aquifer pump test of the currently authorized well or from use of the well log from the currently authorized well or a well log from a test hole or well located within 300 feet of the currently authorized well, using the procedure described in pages 26-27 of the United States geological survey's water-resources investigations report 85-4198, published in 1985. The pages specified in this paragraph are hereby adopted by reference.

(2)(A) For water rights authorized for irrigation use, the currently available quantity of water shall be calculated as follows:

(i) Determine the maximum number of acres actually irrigated during the perfection period. For vested rights, use the maximum number of acres irrigated in any one calendar year before June 29, 1945; and

(ii) use the 80 percent chance rainfall net irrigation requirements (NIR) for corn as set forth in K.A.R. 5-5-12 to determine the NIR for each acre, and then divide that value by .85 to adjust for efficiency.

(B) For non-irrigation water rights, the currently available quantity of water shall not exceed the actual consumptive use during the perfection period.

(3) Each well that has a reduced or new water right pursuant to this subsection shall be equipped with a water flowmeter meeting the requirements of article one of the chief engineer's regulations.

(4) The maximum distance that a well shall be relocated under paragraph (c)(1)(B) shall be the distance computed as described in paragraph (c)(1)(B), or 3,960 feet, whichever is less.

(5) The historic consumptive use of a well meeting the requirements of paragraph (b)(7) that is accounted for in the Republican river compact, K.S.A. 82a-518 and amendments thereto, accounting as a stream depletion reaching the Republican river downstream of Trenton dam shall not be transferred to a well that would cause a depletion reaching the Republican river upstream of Trenton dam.

(6) The total net acreage authorized by the following shall not exceed the current net total authorized acreage for both wells:

(i) The approval of application;

(ii) the water right being reduced; and

(iii) the water right currently authorizing the well for which the new water right is sought. (Authorized by K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; implementing K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; effective May 1, 1983; amended May 1, 1985; amended May 1, 1987; amended Aug. 19, 1991; amended Jan. 30, 2004.)

5-24-3. Well spacing. (a) Except as specified in subsection (b), the spacing between each proposed well and

all other wells authorized to withdraw water from the same source of water supply shall be as follows:

(1) In the Ogallala aquifer and in alluvial aquifers not closed to new appropriations, the required minimum spacing for nondomestic, nontemporary wells shall be as follows:

(A) 0 to 175 acre-feet requested: a minimum spacing of 1,400 feet;

(B) 176 to 350 acre-feet requested: a minimum spacing of 2,000 feet;

(C) 351 to 575 acre-feet requested: a minimum spacing of 2,400 feet; and

(D) more than 575 acre-feet requested: a minimum spacing of 2,800 feet.

(2) If the quantity of water authorized or applied for includes a fraction of an acre-foot, the quantity of water shall be rounded off to the nearest acre-foot of water for the purpose of applying this regulation.

(3) Each nondomestic well shall be spaced a minimum of 800 feet from each domestic well constructed in the same aquifer unless the chief engineer determines that one of the following criteria is met:

(A)(i) The domestic well is owned by the applicant;

(ii) the applicant signs a written request to waive the spacing requirement to the domestic well;

(iii) the applicant submits information documenting the location and depth of the domestic well, and any other information necessary to determine whether the domestic well is likely to be impaired; and

(iv) a Theis analysis or other hydraulic analysis done by the chief engineer shows that the domestic well is not likely to be impaired by the proposed well; or

(B)(i) The owner of the domestic well signs a written request to waive the spacing requirement to the domestic well;

(ii) the applicant submits information documenting the location and depth of the domestic well, and any other information necessary to determine whether the domestic well is likely to be impaired; and

(iii) a Theis analysis or other hydraulic analysis done by the chief engineer shows that the domestic well is not likely to be impaired by the proposed well.

(4) Each nondomestic application for additional water from an existing well already authorized by one or more water rights shall meet the minimum spacing requirements in paragraph (a)(1) for the cumulative total of all existing water rights, earlier appropriations, and the proposed appropriation for that well.

(5) For a battery of wells, the well spacing shall meet the minimum spacing in paragraph (a)(1) based on the total amount of water applied for by the battery of wells. The minimum spacing distance shall be measured from the geocenter of the proposed battery of wells.

(6) Nondomestic wells withdrawing water from a cretaceous aquifer shall be spaced a minimum of four miles from all other wells withdrawing water from a hydraulically connected cretaceous aquifer. The spacing between a nondomestic well withdrawing water from a cretaceous aquifer and a domestic well withdrawing water from the same aquifer shall be a minimum of 2,640 feet unless one of the following criteria is met:

(A)(i) The domestic well is owned by the applicant;

(ii) the applicant signs a written request to waive the spacing requirement to the domestic well;

(iii) the applicant submits information documenting the location and depth of the domestic well, and any other information necessary to determine whether the domestic well is likely to be impaired; and

(iv) a Theis analysis or other hydraulic analysis by the chief engineer shows that the domestic well is not likely to be impaired by the proposed well; or

(B)(i) The owner of the domestic well signs a written request to reduce the spacing requirement to the domestic well;

(ii) the applicant submits information documenting the location and depth of the domestic well, and any other information necessary to determine whether the domestic well is likely to be impaired; and

(iii) a Theis analysis or other hydraulic analysis done by the chief engineer shows that the domestic well is not likely to be impaired by the proposed well.

(b) The well spacing requirements of subsection (a) shall not apply to the following:

(1) Spacing to a standby well;

(2) spacing to another well if either of the following conditions is met:

(A)(i) The other well is owned by the applicant;

(ii) the owner of the other well signs a written request to reduce the spacing requirement to the other well;

(iii) the applicant submits information documenting the location and depth of the other well, and any other information necessary to determine whether the other well is likely to be impaired by the proposed well; and

(iv) a Theis analysis or other hydraulic analysis done by the chief engineer shows that the proposed well is not likely to impair the other well; or

(B)(i) The owner of the other well files a written request to waive the spacing requirement to the proposed well;

(ii) the applicant submits information documenting the location and depth of the other well, and any other information necessary to determine whether the other well is likely to be impaired by the proposed well; and

(iii) a Theis analysis or other hydraulic analysis done by the chief engineer shows that the proposed well is not likely to impair the other well;

(3) a replacement well that meets one of the following criteria:

(A) The well is being replaced within 300 feet of the currently authorized location; or

(B) both of the following conditions are met:

(i) The proposed replacement well location increases the spacing to all other wells for which the spacing requirement was not met on the date the application for a change in point of diversion was filed; and

(ii) the proposed replacement well location continues to meet the requirements for spacing to all wells for which the well spacing requirement was met at the time the application for change in point of diversion was filed; and

(4) an additional well if the original well and the additional well are owned by the same owner or owners. (Authorized by K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; implementing K.S.A. 82a-706a and K.S.A. 2002

(continued)

Supp. 82a-1028; effective May 1, 1983; amended Jan. 30, 2004.)

5-24-4. Tailwater control and waste. No person shall commit or allow a waste of water as defined in K.A.R. 5-1-1. Runoff from precipitation shall not be considered a waste of water. (Authorized by K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; implementing K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; effective May 1, 1983; amended Jan. 30, 2004.)

5-24-6. Changes in points of diversion. (a) Each replacement well shall meet all of the criteria in either of the following paragraphs:

(1)(A) Be relocated within 2,640 feet of the currently approved well location; and

(B) meet the well spacing criteria of K.A.R. 5-24-3; or

(2)(A) Be located within a distance from the currently authorized well for which a Theis analysis shows a .5 foot or greater drawdown, using the following assumptions:

(i) The certified rate of diversion of the currently authorized well;

(ii) the certified annual quantity of water for the currently authorized well;

(iii) the pumping time equal to the time it takes to pump the certified annual quantity at the certified rate of diversion;

(iv) the drawdown computed at the time equal to the pumping time;

(v) the transmissivity and storage coefficient derived either from a time drawdown aquifer pump test of the currently authorized well or from use of the well log from the currently authorized well or a well log from a test hole or well located within 300 feet of the currently authorized well, using the procedure specified in K.A.R. 5-24-2(c)(1)(B)(v); and

(B) meet the well spacing criteria of K.A.R. 5-24-3.

(b) The maximum distance that a well may be relocated under paragraph (a)(2) shall be the distance computed as specified in paragraph (a)(2), or 3,960 feet, whichever is less. If the historic consumptive use of the well being replaced is accounted for in Republican river compact, K.S.A. 82a-518 and amendments thereto, accounting as a stream depletion reaching the Republican river downstream of Trenton dam, that consumptive use shall not be transferred to a well that would cause a depletion reaching the Republican river upstream of Trenton dam.

(c) No change in a point of diversion application that proposes to change the authorized point of diversion from one well to a battery of wells shall be approved unless at least one of the following conditions has been met:

(1) Water is available for appropriation pursuant to K.S.A. 5-24-2 at the geocenter of the proposed battery of wells or would be available if the current water right were dismissed.

(2) The proposed battery of wells meets the requirements of K.A.R. 5-2-3. (Authorized by K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; implementing K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; effective May 1, 1983; amended May 1, 1987; amended Jan. 30, 2004.)

5-24-8. Resource development plans. (a) A resource development plan may be required by the district to be submitted for any of the following:

(1) A new application to appropriate water for irrigation use;

(2) a nonemergency application to change the place of use or the use made of water from irrigation to another type of use that involves an actual physical change in operation; or

(3) a new application to appropriate water for non-irrigation purposes if one of the following criteria is met:

(A) The quantity of water requested is likely to be unreasonable.

(B) The proposed beneficial use is likely to be inefficient.

(C) The proposed operation is likely to result in a waste of water.

(D) The owner or operator has a recent, documented history of noncompliance with the provisions of the Kansas water appropriation act or regulations adopted pursuant to the act.

(b) Each resource development plan shall include a description of the proposed operation, including the diversion works, the distribution system, and all other matters necessary to determine whether the proposed annual quantity of water is likely to be reasonable and not wasteful.

(c)(1) The applicant shall be notified by the district whenever an applicant is required to submit a resource development plan. This notification shall include the deadline for submitting the plan. The district shall then review the plan and submit it to the chief engineer with one of the following recommendations:

(A) The application should be approved because the proposed plan meets the regulatory requirements, and those portions of the plan consistent with the conservation plan guidelines adopted by the Kansas water office should be required as a conservation plan as a condition of the approval of application.

(B) The application should be approved if certain changes are made to the plan, and the amended plan should be required as a condition of the approval of application insofar as it is consistent with the water conservation planning guidelines adopted by the Kansas water office.

(C) The plan does not meet the regulatory requirements, and the application should not be approved.

(2) Each water conservation plan required by the chief engineer shall be made a condition of the approval of application. The required water conservation plan shall be fully implemented before diversion of water occurs pursuant to that approval of application. After the plan is implemented, the owner shall maintain the plan in a satisfactory manner.

(d) In addition to meeting the requirements specified in subsection (b), for irrigation use, the resource development plan shall meet the following requirements:

(1) Include irrigation system design, tailwater control methods, well yield, and cropping patterns; and

(2) comply with design criteria meeting the following requirements:

(A) Are set forth in the national engineering handbook (NEH), part 652, irrigation guide, dated November 13, 1997, as amended through the Kansas state supplement dated May 8, 2003, which is hereby adopted by reference; and

(B) are consistent with the "irrigation water conservation program for the state of Kansas," published by the Kansas water office in November 1993 and hereby adopted by reference.

(e) For municipal use, the plan shall comply with the "Kansas 1990 municipal water conservation plan guidelines," second edition, which is published by the Kansas water office and hereby adopted by reference.

(f) In addition to meeting the requirements specified in subsection (b), for all other types of beneficial use, the resource development plan shall include a description of the proposed use of water in sufficient detail to determine if the proposed use is reasonable and not wasteful. (Authorized by K.S.A. 2002 Supp. 82a-1028 and K.S.A. 82a-706a; implementing K.S.A. 2002 Supp. 82a-1028; effective Jan. 10, 2003; amended Jan. 30, 2004.)

5-24-11. Investigation and enforcement. The procedure set forth in this regulation shall be followed whenever enforcement action is taken by the district after it becomes aware that a person could be violating any of the regulations adopted by the chief engineer that relate to conservation and management of groundwater within the district.

(a) If a violation is discovered by the district's staff, the enforcement procedure shall begin with the step specified in subsection (c). In all other cases, a complaint may be filed with the district either verbally or in writing. The complaint shall describe and specify the following:

- (1) The nature of the alleged violation;
- (2) the location of the alleged violation;
- (3) the name of the complainant;
- (4) the mailing address of the complainant; and
- (5) any other information necessary for the staff to understand the alleged violation and assist the staff in investigating the complaint.

(b) Before the staff makes any field investigation of the complaint, the staff shall make at least one attempt to contact an owner, operator, or other responsible representative of the water right or approval of application to notify the individual that a field investigation will be made.

(c) The district's staff shall make an investigation under either of the following circumstances:

- (1) A complaint has been filed with the district, and the requirement specified in subsection (b) has been met.
- (2) The district's staff discovers a violation of any regulation adopted by the chief engineer relating to conservation and management of groundwater within the district.

(d) A written report of the investigation shall be prepared by the staff. This report shall include any documents relied on or prepared by the staff in investigating the complaint or internally discovered violation. The report shall become a part of the official district record concerning the investigation. If a water right or an approval of application is involved, the report shall be made a part of that file.

(e) If the investigation shows that no violation has occurred or that enforcement action is not warranted, a

copy of the report shall be sent to the complainant, if the investigation was prompted by a complaint, and the water right owner. A copy shall be retained in the district office. No further enforcement action shall be taken by the district at that time.

(f)(1) If the investigation determines or confirms that a violation has occurred, the report shall contain an order issued by the district staff, which shall be sent by restricted mail to the water right owner as shown in the district records and to any other person who is known by the district to have been committing the violation. The order shall specify and include the following:

(A) A description of the violation, including the specific regulations that are being violated;

(B) the actions necessary to correct the violation;

(C) a reasonable time frame to correct the violation;

(D) a statement that extensions of time to correct any violation may be granted by the staff if good cause is shown by the water right owner or other responsible party;

(E) a statement that the order is effective immediately;

(F) a statement that if the violation is corrected within the time specified by the order, the violator is required to notify the district, and an inspection will be conducted by the staff to determine if the violation has ceased;

(G) a statement that if any party desires to appeal an order issued by the staff, an appeal to the board is required to be requested within 15 days of the issuance of the order by a water right owner or violator;

(H) a statement that the request for an appeal may also request a stay of the order. If the requestor demonstrates good cause for a stay, a stay of the order may be granted by the staff or the board; and

(I) a statement that any subsequent violations of the same nature will be handled as a continuation of the current violation, not a new violation.

(2) A copy of the report shall be sent to the complainant.

(g) If the violation is corrected within the time frame specified by the order, the violator shall notify the district, and an inspection shall be conducted by the staff to determine if the violation has ceased. If the staff investigation determines that the violation has been corrected within the time frame specified by the order and in accordance with the district order, the enforcement activity by the district shall cease.

(h) If the violation has not been corrected within the time frame specified in the order and in the manner specified in the order, one or more of the following actions may be taken by the board:

(1) Seeking an injunction to stop the violation;

(2) requesting enforcement assistance from the chief engineer; or

(3) requesting enforcement assistance from the attorney general. (Authorized by K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; implementing K.S.A. 82a-706a and K.S.A. 2002 Supp. 82a-1028; effective Jan. 30, 2004.)

David L. Pope
Chief Engineer
Division of Water Resources

Doc. No. 030242

State of Kansas

Department of Health
and EnvironmentPermanent Administrative
RegulationsArticle 19.—AMBIENT AIR QUALITY STANDARDS
AND AIR POLLUTION CONTROL

28-19-202. Annual emissions fee. (a) The owner or operator of each stationary source of air emissions that has actual emissions of the type and quantity specified in subsection (b) of this regulation shall pay an annual emissions fee to the department. Actual emissions shall be calculated for a calendar year according to K.A.R. 28-19-210.

(b) The types of air emissions and the quantity of actual emissions for which annual emissions fees shall be assessed shall be the following:

(1) Air emissions of 100 or more tons per year of any of the following:

- (A) Sulfur oxides measured as sulfur dioxide;
- (B) particulate matter calculated as PM10, except if no emission factor or approvable method for calculating PM10 is available, annual emissions fees shall be assessed for total particulate emissions;
- (C) nitrogen oxides expressed as nitrogen dioxide; and
- (D) total volatile organic compounds;

(2) air emissions of hazardous air pollutants in either of the following quantities, whichever is greater:

- (A) 10 or more tons per year of any single hazardous air pollutant; or
- (B) 25 or more tons per year of any combination of hazardous air pollutants.

For purposes of this subsection, actual emissions shall include fugitive emissions from federally designated fugitive emission sources and fugitive hazardous air pollutant emissions.

(c) The annual emissions fee for calendar year 2003 and for each subsequent year shall equal the sum of the actual emissions of the pollutant or pollutants specified in subsection (b) of this regulation, rounded to the nearest ton, multiplied by \$25.00, subject to the following:

(1) The owner or operator shall not be required to include any pollutant emitted from the stationary source more than one time in the fee calculation; and

(2) the owner or operator shall not be required to include the following in the emission fee calculation:

(A) Emissions of any pollutant of 500 pounds per year or less from any emissions source, unless the total emissions from similar sources at the stationary source equal or exceed 2,000 pounds per year;

(B) emissions in excess of 4,000 tons per year of any single pollutant from any stationary source; and

(C) for a portable emissions unit or stationary source that operates both in Kansas and out-of-state, emissions from the unit or source while operating out-of-state.

(d) Each owner or operator shall complete the calculations of actual emissions and calculation of the annual emissions fee on forms provided by the department.

(1) A responsible official or the person most directly responsible for the compilation of the submitted information shall sign the completed forms.

(2) The owner or operator shall submit the annual emissions fee payment to the department on or before June 1 of the year following the calendar year for which the actual emissions were determined. Timeliness of submissions shall be determined by the postmark if submitted by mail. If June 1 falls on a Saturday, Sunday, or holiday, then the submission shall be due on or before the next business day following June 1.

(3) The owner or operator shall make annual emissions fee payments by check, draft, credit card, or money order payable to the Kansas department of health and environment.

(4) Payment of emission fees to the department shall be the responsibility of the person or persons who are the owners or operators of the emissions unit or stationary source on the date the emissions fee is due. For purposes of calculating actual emissions for a period in which someone other than the current owner or operator was the owner or operator of the stationary source, the owner or operator responsible for paying the fee may assume that the operation of the facility was identical to the operation of the facility by the current owner or operator if the current owner or operator has been unable, after reasonable and diligent inquiry, to obtain the actual operating information from the previous owner or operator.

(e) Each owner or operator who fails to pay the annual emissions fee on or before the deadline specified in paragraph (d)(2) shall pay a late fee of either \$100.00 or 1% of the annual emissions fee, whichever is greater.

(f) Each owner or operator who fails to pay the annual emissions fee within 10 calendar days after the date of the department's written notification that the emissions fee has not been received shall pay a continuing late fee, in addition to the fee specified in subsection (e). The continuing late fee shall be \$10 per day or 0.05% of the annual emissions fee per day, whichever is greater. The timeliness of the submission from the owner or operator shall be determined by the postmark if the fee is submitted by mail.

(g) The amount of any overpayment greater than or equal to \$5.00 made by the owner or operator of a stationary source shall be credited to the next year's annual emissions fee. Any owner or operator may apply overpayments of emissions fees paid for one source to the fees applicable to any other source for which the owner or operator is responsible for payment. A refund shall be issued by the department if a credit has not been used or if the department determines that, based on the source's past emissions, a credit will not be used. Overpayments in the amount of \$5.00 or less shall not be credited or refunded. (Authorized by K.S.A. 65-3005 and 65-3024; implementing K.S.A. 65-3024; effective Nov. 22, 1993; amended Jan. 23, 1995; amended March 15, 1996; amended Feb. 21, 1997; amended Feb. 13, 1998; amended March 23, 2001; amended Jan. 30, 2004.)

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2003 Volumes of the *Kansas Administrative Regulations*.

AGENCY 1: DEPARTMENT OF ADMINISTRATION

| Reg. No. | Action | Register |
|-------------------------|-------------|-------------------|
| 1-6-21 | Amended | V. 22, p. 1968 |
| 1-6-23 | Amended (T) | V. 22, p. 466 |
