State Corporation Commission**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Thursday, April 15, at the office of the State Corporation Commission, 130 S. Market, Room 2078, Wichita, to consider the adoption of proposed permanent regulations for the conservation of crude oil and natural gas.

The 60-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations. All written or oral comments submitted by interested parties on or before April 15 will be considered by the commission as a basis for making changes to these proposed permanent regulations. Comments may be submitted to John McCannon, Assistant General Counsel, State Corporation Commission, Room 2078, Finney State Office Building, 130 S. Market, Wichita, 67202.

Any person requiring special accommodation under the Americans with Disabilities Act needs to give notice to the commission at least 10 days prior to the scheduled hearing date.

Copies of the proposed regulations and the economic impact statements may be obtained at the Wichita address. Persons requesting a copy of the proposed regu-

lations and economic impact statements, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction.

The following is a brief summary of the proposed regulations and economic impact statements:

K.A.R. 82-3-700. This regulation defines certain terms used in the commission's cathodic protection regulations. The amendments contain one new definition for anode conductor grout, and minor wording and sentence structure changes for clarification.

Economic Impact Statement: The amendments to this regulation will have no economic impact on the agency, other governmental agencies, industry or private citizens.

K.A.R. 82-3-701, K.A.R. 82-3-702, K.A.R. 82-3-703, K.A.R. 82-3-704. These regulations apply to cathodic protection activity in Kansas outside the boundaries of groundwater management district (GMD) #2 and GMD #5. The amendments to these regulations contain wording and sentence structure changes for clarification and to specify the jurisdiction of the regulation. One substantive amendment to K.A.R. 82-3-703 clarifies construction requirements.

Economic Impact Statement: The amendments to these regulations will have no economic impact on the agency, other governmental agencies, industry or private citizens.

K.A.R. 82-3-705, K.A.R. 82-3-706, K.A.R. 82-3-707, K.A.R. 82-3-708, K.A.R. 82-3-709, K.A.R. 82-3-710. These new regulations apply within the boundaries of GMD #2 and GMD #5. K.A.R. 82-3-705 requires written application to the appropriate GMD office for a permit to drill a cathodic protection borehole and notice to the GMD office before drilling commences. K.A.R. 82-3-706 describes the requirements for the construction, logging and reporting for any cathodic protection borehole. K.A.R. 82-3-707 describes the requirements for the use of anodes, anode conductor and anode conductor grout in the construction of cased and uncased boreholes. K.A.R. 82-3-708 describes the requirements for surface construction features of any cased cathodic protection borehole constructed within these areas. K.A.R. 82-3-709 describes the requirements for construction and surface construction features of any uncased cathodic protection borehole constructed within these areas. K.A.R. 82-3-710 describes the plugging methods and procedures to be used in the plugging of any cathodic protection borehole located within these areas. These new regulations also establish penalties for violations of the regulations.

Economic Impact Statement: These new regulations may have a slight adverse economic impact on the agency due to increased involvement in cathodic protection activities in GMDs #2 and #5. There may be a slight economic benefit to GMDs #2 and #5 due to this increased involvement by the agency. The new regulation will have no economic impact on industry, the general public or other agencies.

and Environment

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Tyson Fresh Meats, Inc. has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to allow the burning of natural gas, distillate fuel oil, yellow grease and tallow in two boilers. Emissions of oxides of nitrogen (NOx), sulfur dioxide (SO₂), carbon monoxide (CO), particulate matter (PM) and volatile organic compounds (VOCs) were evaluated during the permit review process.

Tyson Fresh Meats, Inc., Dakota Dunes, South Dakota, owns and operates the stationary source located at Section 2, T24, R34, Holcomb, Kansas, at which one boiler is to be replaced and one existing boiler is to be modified.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office (for the Southwest District Office), 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Michael Stewart, (785) 296-1994, at the KDHE central office; and to review the proposed permit only, contact Don Mies, (316) 337-6107, at the KDHE South Central District Office (for the Southwest District Office). The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael Stewart, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business March 8.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brienne Wilkins, Bureau of Air and Radiation, not later than the close of

business March 8 in order for the Secretary of Health and Environment to consider the request.

Notice of Public Auction

The Kansas Secretary of Transportation will offer for sale and removal at public auction **March 15** the following improvements located in Lyon County, Kansas, described as follows:

Tr. 9—1102 E. 6th St., Emporia

1,380 sq. ft. 1 story single-family dwelling with 4 bedrooms, 1 bath, on a full concrete basement

To be auctioned at 9:30 a.m.

Tr. 5—1204 E. 6th St., Emporia

553 sq. ft. 1 story dwelling with 1 bedroom, 1 bath, on a block foundation basement

To be auctioned at 10:30 a.m.

Tr. 25—536 Eveningside Drive, Emporia

1,050 sq. ft. single-wide mobile home with 3 bedrooms, 1 bath, tied down with axels still intact

To be auctioned at 11:30 a.m.

Tr. 24—532 Eveningside Drive, Emporia

972 sq. ft. double-wide mobile home with 2 bedrooms, 1 bath, on concrete blocks with axels removed

To be auctioned at 12:30 p.m.

Tr. 23—1214 Sundown Circle, Emporia

924 sq. ft. single-wide mobile home with 2 bedrooms, 1 bath, not attached to property

To be auctioned at 1:30 p.m.

Inspection of Properties—Agents will be at 536 Eveningside Drive to provide information and access to the properties from noon to 1 p.m. March 8.

Performance Bonds—\$4,000, posted by cashier's check the day of the sale.

Terms of Sale—A cashier's check for the purchase price, payable to the Kansas Department of Transportation, must be paid on the day of the sale. The successful bidder will receive a bill of sale upon payment. The successful bidder will be required to remove the structures from the right of way on or before May 15, 2004.

The Kansas Department of Transportation ensures the acceptance of any bid pursuant to this notice will be without discrimination on the grounds of sex, race, color, religion, physical handicap or national origin.

For additional terms or information, contact the Bureau of Right of Way at 1-877-461-6817. The seller reserves the right to reject any and all bids and is not responsible for accidents.

Chair

Doc. No. 030313

State of Kansas

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit, amending previously-issued construction approvals and issuing a new construction approval. Air Products Manufacturing Corporation has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance. Notice also is given that certain requirements in the construction approvals dated March 31, 1981, and February 6, 1989, are being modified by a Modification of Permit/Approval Conditions document.

Finally, notice is given that KDHE is soliciting comments regarding a proposed air quality construction approval. The air emission source listed below applied for an air quality construction approval in accordance with K.A.R. 28-19-300(b)(4) because the owner or operator is seeking approval with operational restrictions pursuant to K.A.R. 28-19-302(b). The restrictions will limit the individual hazardous air pollutant (HAP) potential-to-emit and combined hazardous air pollutants' (HAPs) potential-to-emit to below the thresholds that would cause the facility to be subject to 40CFR Part 63, Subpart FFFF, Miscellaneous Organic Chemical Production and Processes (MON). The HAP reductions will be achieved by use of a flare. This approval is available for public review to ensure that these reductions are federally enforceable.

Air Products Manufacturing Corporation, Wichita, owns and operates a chemical manufacturing facility located at 6601 S. Ridge Road, Haysville.

A copy of the proposed permit, permit application, all supporting documentation, all information relied upon during the permit application review process, and a copy of the modification of approval conditions are available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the Wichita Department of Environmental Health, 1900 E. 9th, Wichita. To obtain or review either document, contact Ann L. Spitz, (785) 291-3271, at the KDHE central office; and to review the proposed permit only, contact Randy Owen, (316) 268-8448, at the Wichita Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the documents to Ann L. Spitz, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating final document decisions, written comments must be received by the close of business March 8.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brienne Wilkins, Bureau of Air and Radiation, not later than the close of business March 8 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Request for Comments

The Kansas Department of Health and Environment and the Unified Government of Wyandotte County/Kansas City, Kansas' Department of Air Quality are soliciting comments regarding a proposed air quality operating permit. The Board of Public Utilities has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

The Board of Public Utilities, Kansas City, Kansas, owns and operates an electric generation facility, Nearman Creek Power Station, located at 4240 N. 55th St., Kansas City, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Topeka; and at the Department of Air Quality, 619 Ann Ave., Kansas City, Kansas. To obtain or review the proposed permit and supporting documentation, contact Donna Reno, (785) 296-5659, at the KDHE central office; or William Stevenson, (913) 573-6700, at the Department of Air Quality. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to William Stevenson, Department of Air Quality, 619 Ann Ave., Kansas City, KS 66101. In order to be considered in formulating a final permit decision, written comments must be received by the close of business March 8.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brienne Wilkins, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, not later than the close of business March 8 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Department of Administration
Division of Facilities ManagementNotice of Commencement of
Negotiations for Architectural Services

Notice is hereby given of the commencement of negotiations for architectural services for the renovation of the maximum security kitchen area at Lansing Correctional Facility. Areas included are the main kitchen food preparation area, cooking and finishing area, bakery, cold and dry storage, receiving, dishwashing and offices. The kitchen feeds approximately 1,000 inmates and is currently 1,800 sq. ft. in area. A minor area reduction is planned.

In addition to regular design services, utilities for state-provided food service equipment will be required. Some renovation work will be performed by inmate labor. The estimated construction cost is \$925,000.

For more information concerning the scope of services, contact Mike Gaito, director of capital improvements, (785) 296-0883.

***If interested, an original, four copies and a CD of the letter of interest, SF255 form, and information regarding similar projects are required to be bound in each proposal and one PDF file.** Each submittal should include an e-mail address, be concise and follow the State Building Advisory Commission guidelines, which have previously been distributed to firms. If copies of the guidelines are needed, contact Phyllis Fast, Division of Facilities Management, Room 600, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-5796. Submittals not complying with the guidelines will not be considered.

Expressions of interest and the SF255 submittals should be received by Phyllis Fast before noon February 20.

D. Keith Meyers
Director, Division of
Facilities Management

*Note change in submittal requirements.

Department of Health
and Environment

Notice of Hearings

A series of three public hearings on the 2004 Kansas 303d List of Impaired Waters are scheduled February 24-26. Section 303d of the Clean Water Act requires states to biennially prepare a list of waters failing to meet state water quality standards. Such waters also are required to have total maximum daily loads (TMDLs) prepared by the states to restore their water quality. A total maximum daily load is the maximum amount of the impairing pollutant that can enter a water without causing the water to exceed water quality standards for that pollutant. Since 1998, Kansas has operated under a consent decree establishing a schedule of developing TMDLs in the state's 12 river basins by 2006.

KDHE will take testimony on the draft 303d list at the three public hearings. The list and its methodology are available on the Internet at <http://www.kdhe.state.ks.us/tmdl/>. The draft list is the third such list used to schedule the development of TMDLs in Kansas pursuant to the April 13, 1998, consent decree and Section 303d of the Clean Water Act. The three hearings will be conducted in the vicinity of the four basins where the state intends to develop TMDLs during the period of April 2004 through March 2006. Those basins include the Kansas-Lower Republican, the Lower Arkansas, the Upper Arkansas and the Cimarron.

The hearings will open with a brief summary of the list and its methodology as it pertains to the waters of the applicable river basin. Public testimony will then be taken after the presentation. Please provide a written copy of any testimony at the hearings. Written testimony will be accepted by KDHE any time prior to the close of business on March 15. After March 15, KDHE will prepare a response to public comments and revise the draft list as necessary. KDHE will submit the list, the methodology, the public comments and the KDHE response to Region VII of the U.S. Environmental Protection Agency April 1.

The public hearings are scheduled as follows:

Upper Arkansas and Cimarron Basins: 3 to 5 p.m. Tuesday, February 24, at the Finnup Center for Conservation Education at the Richardson Zoo, Fourth Street and Finnup Drive, Garden City

Lower Arkansas Basin: 7 to 9 p.m. Wednesday, February 25, at the Great Plains Nature Center, 6232 E. 29th St. North, Wichita

Kansas-Lower Republican Basin: 7 to 9 p.m. Thursday, February 26, at the Memorial Hall Auditorium, 120 S.W. 10th Ave., Topeka

If special accommodations at the hearing locations are needed, notify KDHE at least five business days before the respective hearing in writing or by calling (785) 296-6170.

Doc. No. 030322

State of Kansas

Department of Health
and EnvironmentNotice Concerning Kansas
Water Pollution Control Permits

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared and/or permit applications have been received for discharges to the waters of the United States and the State of Kansas for the class of discharges described below.

The determinations for permit content are based on staff review, applying the appropriate standards, regulations and effluent limitations of the State of Kansas and the EPA, and when issued will result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization subject to certain conditions.

All Kansas Department of Health and Environment district office addresses and telephone numbers are listed below.

Kansas Permit No. A-CIST-H004		Federal Permit No. KS0091782
This is a permit renewal for an existing facility increasing the head count from 7,200 to 7,398 head (2,880 to 2,959 animal units) of finishing swine. The increase in head count is to reflect the actual maximum capacity due to a change in the law or method of counting swine.		

Name and Address of Applicant	Legal Description	Receiving Water
Southwind Finishers (LeRoy Penner) 1702 E. 20th Peabody, KS 66866	SW/4 of Section 26, T22S, R03E, Marion County	Walnut River Basin
Kansas Permit No. A-WAMN-S002		
This is a permit renewal for an existing facility for a maximum of 2,400 head of swine weighing more than 55 pounds (960 animal units).		

Name and Address of Applicant	Legal Description	Receiving Water
Floyd Nickel Woody Brook Farm 1135 Alamo Road Newton, KS 67114	SE/4 of Section 07, T21S, R01E, Marion County	Little Arkansas River Basin
Kansas Permit No. A-LAMN-B002		
This is an expansion of an existing facility to a maximum of 300 head of cattle weighing less than 700 pounds [150 animal units (a.u.)] and		

(continued)

450 head of cattle weighing more than 700 pounds (450 a.u.), for a total of 750 head (600 a.u.). The facility was previously permitted for a maximum of 750 head of cattle weighing less than 700 pounds (375 animal units). The increased animal unit capacity will utilize the west grass filter area.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before March 6 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-04-038/041) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Northwest District Office, 2301 E. 13th, Hays,
67601-2651, (785) 625-5664

North Central District Office, 2501 Market Place,
Salina, 67401-7699, (785) 827-9639

Northeast District Office, 800 W. 24th, Lawrence,
66046-4417, (785) 842-4600

Southwest District Office, 302 W. McArtor Road,
Dodge City, 67801-6098, (620) 225-0596

South Central District Office, 130 S. Market, 6th Floor,
Wichita, 67202-3802, (316) 337-6020

Southeast District Office, 1500 W. 7th, Chanute, 66720,
(620) 431-2390

Application information and components of plans and specifications for all new facilities and for expansions of existing swine facilities may be reviewed on the Internet at <http://www.kdhe.state.ks.us/feedlots>.

For all other proposed permits, the draft permit(s), including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received and other information, are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water.

Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

These documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

HB 2639, An act concerning crimes and punishment; relating to traffic in contraband; amending K.S.A. 2003 Supp. 21-3826 and repealing the existing section, by Committee on Corrections and Juvenile Justice.

House Concurrent Resolutions

HCR 5028, A concurrent resolution acknowledging receipt of the final report of the Kansas Natural Resources Legacy Alliance; expressing appreciation for the work of the Alliance; urging the Governor to develop and submit to the Legislature an implementation plan based on the recommendations contained in the final report of the Alliance.

HCR 5029, A concurrent resolution providing for a joint session of the Senate and House of Representatives for the purpose of commemorating Kansas Day, commemorating the 150th year anniversary of Kansas becoming a territory of the United States and hearing an address by "John Brown."

HCR 5030, A proposition to revise article 6 of the constitution of the state of Kansas, relating to education.

House Resolutions

HR 6008, A resolution relating to assignment of seats of the House of Representatives.

HR 6009, A resolution in memory of Bill Wisdom.

HR 6010, A resolution urging the Health and Human Services Committee of the House of Representatives to review the data regarding cervical cancer and human papillomavirus to evaluate current methods of public education and access to regular cervical cancer screening, and to consider options for increasing screening accuracy.

HR 6011, A resolution celebrating the 50th anniversary of the United States Supreme Court's decision in *Brown v. Board of Education*.

HR 6012, A resolution memorializing the Congress of the United States regarding the ongoing problem of identity theft.

HR 6013, A resolution memorializing the Congress of the United States to continue to maintain Kansas' military installations.

Senate Bills

SB 329, An act amending the child passenger safety act; amending K.S.A. 8-1343a, 8-1344 and 8-1345 and repealing the existing sections, by Committee on Transportation.

SB 330, An act regulating traffic; requiring certain warning devices on garbage trucks; amending K.S.A. 8-1738 and repealing the existing section, by Committee on Transportation.

SB 331, An act concerning wind resources and technologies; relating to the recording of leases or easements related thereto; amending K.S.A. 58-2221 and repealing the existing section, by Committee on Utilities.

SB 332, An act relating to emergency medical services; providing for emergency medical responder; amending K.S.A. 65-6001, 65-6112, 65-6124, 65-6144 and 65-6145 and K.S.A. 2003 Supp. 75-4364 and repealing the existing sections, by Committee on Ways and Means.

SB 333, An act relating to automated teller machines; requiring reverse personal identification number technology, by Senators Journey,

Barnett, Betts, Brungardt, Clark, Helgerson, Huelskamp, Jordan, Lyon, Pugh, Salmans, Schodorf, Steineger, Tyson and Wagle.

SB 334, An act concerning land; relating to agritourism, by Senators Schmidt, Schodorf, Brownlee and Jordan.

SB 335, An act concerning fire safety and prevention; relating to the powers and duties of the state fire marshal, by Committee on Agriculture.

SB 336, An act concerning establishment of a tobacco use prevention and control program, by Committee on Public Health and Welfare.

SB 337, An act concerning crimes; relating to hypnotic exhibition; repealing K.S.A. 21-4007, by Committee on Judiciary.

SB 338, An act concerning liens; pertaining to the perfection of certain liens; amending K.S.A. 2003 Supp. 58-244 and repealing the existing section, by Committee on Financial Institutions and Insurance.

SB 339, An act concerning property insurance; relating to the cancellation of or refusal to renew coverage, by Committee on Financial Institutions and Insurance.

SB 340, An act concerning insurance; relating to risk-based capital requirements; amending K.S.A. 2003 Supp. 40-2c01 and repealing the existing section, by Committee on Financial Institutions and Insurance.

SB 341, An act concerning insurance; relating to appointment and certification fees; amending K.S.A. 40-252 and K.S.A. 2003 Supp. 40-4912 and repealing the existing sections, by Committee on Financial Institutions and Insurance.

SB 342, An act concerning insurance; pertaining to required provisions of certain accident and health policies; amending K.S.A. 40-2202 and repealing the existing section, by Committee on Financial Institutions and Insurance.

SB 343, An act relating to hospitals; repealing K.S.A. 2003 Supp. 65-441a, by Senator Vratil.

SB 344, An act concerning the retailers' sales tax; relating to exemptions therefrom; amending K.S.A. 2003 Supp. 79-3606 and repealing the existing section, by Committee on Education.

SB 345, An act concerning school districts; relating to the transfer of territory between districts, by Committee on Education.

SB 346, An act concerning schools and school districts; relating to pupils; amending K.S.A. 2003 Supp. 72-6407 and repealing the existing section, by Committee on Education.

SB 347, An act concerning insurance; relating to certain inquiries regarding insurance, by Committee on Financial Institutions and Insurance.

SB 348, An act concerning accident and health insurance; pertaining to the effect of health savings accounts on certain types of coverage; amending K.S.A. 2003 Supp. 40-2,105 and repealing the existing section, by Committee on Financial Institutions and Insurance.

SB 349, An act concerning intoxicating liquors; relating to retail sales outside the corporate limits of cities; relating to microbreweries; amending K.S.A. 41-303 and 41-308b and repealing the existing sections, by Senator Emler (By request).

SB 350, An act concerning crimes and punishment; relating to parole; amending K.S.A. 12-4511 and repealing the existing section, by Senator Emler.

SB 351, An act concerning Kansas educational institutions; establishing a program to provide financial assistance for certain emergency medical services providers, by Senator Emler.

SB 352, An act concerning weights and measures; relating to installation of scales by service companies; amending K.S.A. 83-301 and repealing the existing section, by Committee on Agriculture.

SB 353, An act concerning agriculture; relating to noxious weeds; service lespedeza disaster area; amending K.S.A. 2003 Supp. 2-1315, 2-1908 and 2-1915 and repealing the existing sections, by Committee on Agriculture.

SB 354, An act concerning municipal court procedure; relating to pre-trial authority; amending K.S.A. 12-4203, 12-4209 and 12-4213 and repealing the existing sections, by Committee on Judiciary.

SB 355, An act concerning the death penalty; relating to cognitive disability; amending K.S.A. 21-4634 and repealing the existing section; also repealing K.S.A. 21-4623, by Committee on Judiciary.

SB 356, An act concerning crimes; relating to violation of probation; amending K.S.A. 2003 Supp. 22-3716 and repealing the existing section, by Committee on Judiciary.

SB 357, An act concerning notaries public; creating the Kansas notary public act; repealing K.S.A. 53-401, 53-503, 53-505, 53-506, 53-507, 53-508, 53-509, by Committee on Judiciary.

(continued)

SB 358, An act concerning administrative procedure; concerning presiding officers; amending K.S.A. 2-1208a, 2-3311, 8-2426, 21-3110, 31-140, 36-509, 40-2,137, 44-322a, 44-1005, 49-606, 65-163, 65-163a, 65-525, 65-526, 65-673, 65-780, 65-786, 65-2305, 65-3483, 65-3488, 65-3490, 66-1,117, 74-4904, 74-8804, 74-8816, 74-8817, 74-8837, 75-6207, 76-3110, 77-505, 77-549, 77-550, 77-551, 77-551 as amended by section 42 of this act, 79-3313, 82a-1405, 82a-1501a, 82a-1502 and 82a-1504 and K.S.A. 2003 Supp. 75-37,121, 77-514, 77-514 as amended by section 38 of this act and 82a-1503 and repealing the existing sections; also repealing K.S.A. 75-37,122 and 75-5611a, by Committee on Judiciary.

SB 359, An act concerning school districts; relating to enrollment; amending K.S.A. 2003 Supp. 72-6407 and repealing the existing section, by Committee on Education.

SB 360, An act relating to public utilities; concerning the costs of new facilities; amending K.S.A. 66-117 and repealing the existing section, by Committee on Utilities.

SB 361, An act concerning natural gas public utilities; providing for the recovery of certain relocation costs; amending K.S.A. 66-117 and repealing the existing section, by Committee on Utilities.

SB 362, An act relating to safety belts; concerning enforcement; amending K.S.A. 8-2503 and repealing the existing section, by Senator Adkins.

SB 363, An act concerning hunting; amending K.S.A. 32-921 and K.S.A. 2003 Supp. 32-920 and 32-937 and repealing the existing sections, by Committee on Natural Resources.

SB 364, An act concerning wildlife; authorizing issuance of certain permits; providing for reissuance of certain permits to certain military personnel; relating to wild turkeys; amending K.S.A. 32-701, 32-938, 32-943, 32-1004 and 32-1032 and K.S.A. 2003 Supp. 32-930, 32-937, 32-988 and 32-1050 and repealing the existing sections, by Committee on Natural Resources.

SB 365, An act concerning legislative post audit; relating to persons subject to audits; amending K.S.A. 46-1114 and repealing the existing section, by Committee on Ways and Means.

SB 366, An act concerning the cancer registry; relating to the definition of health care provider and parties required to report to the registry; amending K.S.A. 65-1,168 and 65-1,169 and repealing the existing sections, by Committee on Public Health and Welfare.

SB 367, An act concerning the state children's health insurance program; amending K.S.A. 38-2004 and K.S.A. 2003 Supp. 38-2001 and repealing the existing sections, by Committee on Financial Institutions and Insurance.

SB 368, An act concerning motor vehicle fuel taxes; relating to claims for refunds; amending K.S.A. 79-3458 and repealing the existing section, by Committee on Assessment and Taxation.

SB 369, An act concerning mineral severance tax; relating to exemptions; amending K.S.A. 79-4216 and K.S.A. 2003 Supp. 79-4217 and repealing the existing sections, by Committee on Assessment and Taxation.

SB 370, An act concerning income taxation; relating to deduction for long-term care insurance premium costs; amending K.S.A. 2003 Supp. 79-32,117 and repealing the existing section, by Committee on Assessment and Taxation.

SB 371, An act concerning income taxation; relating to credits; retailer costs in implementing destination-based sourcing sales tax rules, by Committee on Assessment and Taxation.

SB 372, An act concerning sales taxation; relating to isolated or occasional sales of motor vehicles; computation of tax; amending K.S.A. 2003 Supp. 79-3603 and repealing the existing section; also repealing K.S.A. 2003 Supp. 79-3603c, by Committee on Assessment and Taxation.

SB 373, An act concerning school district; relating to consolidation of districts; amending K.S.A. 72-8701 and repealing the existing section, by Committee on Education.

SB 374, An act establishing the Kansas school board development program, by Committee on Education.

SB 375, An act establishing the Kansas regulatory flexibility act, by Committee on Commerce.

SB 376, An act concerning campaign finance; relating to use of unexpended campaign funds; amending K.S.A. 25-4142 and 25-4157a and K.S.A. 2003 Supp. 25-4143 and repealing the existing sections, by Committee on Elections and Local Government.

SB 377, An act concerning counties; relating to statements of expenditures; amending K.S.A. 2003 Supp. 19-228 and repealing the existing section, by Committee on Federal and State Affairs.

SB 378, An act concerning kennels; relating to the inspection of; amending K.S.A. 47-1709 and repealing the existing section, by Committee on Agriculture.

SB 379, An act concerning asset forfeiture; pertaining to notice to lienholder; amending K.S.A. 60-4107 and repealing the existing section, by Committee on Financial Institutions and Insurance.

SB 380, An act concerning liens for wrecker and towing service; pertaining to notice to lienholder; amending K.S.A. 8-1103 and 8-1104 and repealing the existing sections, by Committee on Financial Institutions and Insurance.

SB 381, An act concerning retirement and pensions; relating to the Kansas public employees retirement system and systems thereunder; beneficiaries; amending K.S.A. 2003 Supp. 74-4902 and 74-4927 and repealing the existing sections, by Senator Bunten.

SB 382, An act relating to public utilities; concerning the recovery of certain costs of security measures; amending K.S.A. 66-1233 and repealing the existing section, by Committee on Utilities.

SB 383, An act amending the Kansas uniform commercial drivers' license act; relating to hazardous materials endorsement; amending K.S.A. 2003 Supp. 8-2,128 and repealing the existing section, by Committee on Transportation.

SB 384, An act regulating traffic; concerning the maximum speed limits; amending K.S.A. 8-1560c and 8-1560d and K.S.A. 2003 Supp. 8-1558 and repealing the existing sections, by Committee on Transportation.

SB 385, An act regulating traffic; concerning school zones; amending K.S.A. 8-2118 and repealing the existing section, by Committee on Transportation.

Senate Concurrent Resolutions

SCR 1616, A concurrent resolution supporting the Kansas Department of Transportation's review of its radio communication policies, objectives and plan.

Senate Resolutions

SR 1804, A resolution relating to the rules of the Senate for 2001-2004; amending Rule 7 and Rule 22, relating to the Committee on Organization, Calendar and Rules.

SR 1805, A resolution congratulating and commending Henry and Bea Wessel.

Real Estate Appraisal Board

Permanent Administrative Regulations

Article 9.—TEMPORARY PRACTICE

117-9-1. Temporary practice. (a) Any appraiser from another state who is licensed or certified by the appraiser licensing or certifying agency in that or any other state may register to receive temporary licensing or certification privileges in this state, if the appraiser is in good standing with each agency, by performing the following:

- (1) Paying a \$50 fee; and
- (2) filing with the board a registration form obtained from the board.

(b) For the purpose of this regulation, "good standing" shall mean that all of the following conditions are met:

- (1) The certified or licensed appraiser is not subject to a disciplinary action.
- (2) The certified or licensed appraiser is not subject to a summary order or final order.
- (3) The appraiser's license or certificate is not suspended or revoked.

(c) Within five days of receipt of the fee and a properly completed registration form, written notification of acceptance of the registration shall be mailed to the ap-

praiser by the board. (Authorized by K.S.A. 58-4105; implementing K.S.A. 58-4103(b) and K.S.A. 2002 Supp. 58-4107(c); effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended Jan. 28, 2000; amended Feb. 20, 2004.)

Permanent Administrative Regulations

Article 1.—GENERAL RULES

71-1-1. (Authorized by K.S.A. 65-1428, 65-1429; effective Jan. 1, 1966; revoked Feb. 20, 2004.)

71-1-2. (Authorized by K.S.A. 65-1427, 65-1428; effective Jan. 1, 1966; amended, E-77-9, March 19, 1976; amended Feb. 15, 1977; amended May 1, 1980; revoked Feb. 20, 2004.)

71-1-3. (Authorized by K.S.A. 65-1426; implementing K.S.A. 65-1427, 65-1428, 74-1405; effective Jan. 1, 1966; amended May 1, 1983; amended Nov. 7, 1997; revoked Feb. 20, 2004.)

71-1-8. (Authorized by K.S.A. 65-1427; effective Jan. 1, 1966; amended May 1, 1979; revoked Feb. 20, 2004.)

71-1-10. (Authorized by K.S.A. 65-1459; effective Jan. 1, 1966; revoked Feb. 20, 2004.)

71-1-11. (Authorized by K.S.A. 65-1427, 65-1429, 65-1447; effective Jan. 1, 1966; revoked Feb. 20, 2004.)

71-1-15. Dental recordkeeping requirements. For the purposes of K.S.A. 65-1436 and amendments thereto, each licensee shall maintain for each patient an adequate

dental record for 10 years after the date any professional service was provided. Each record shall disclose the justification for the course of treatment and shall meet all of the following minimum requirements:

(a) It is legible.

(b) It contains only those terms and abbreviations that are comprehensible to similar licensees.

(c) It contains adequate identification of the patient.

(d) It indicates the date any professional service was provided.

(e) It contains pertinent and significant information concerning the patient's condition.

(f) It reflects what examinations, vital signs, and tests were obtained, performed, or ordered and the findings and results of each.

(g) It indicates the initial diagnosis and the patient's initial reason for seeking the licensee's services.

(h) It indicates the medications prescribed, dispensed, or administered and the quantity and strength of each.

(i) It reflects the treatment performed or recommended.

(j) It documents the patient's progress during the course of treatment provided by the licensee. (Authorized by K.S.A. 74-1406; implementing K.S.A. 65-1436; effective May 1, 1988; amended Feb. 20, 2004.)

Article 2.—SPECIALISTS

71-2-1. (Authorized by and implementing K.S.A. 65-1427; effective Jan. 1, 1966; amended, E-77-9, March 19, 1976; amended Feb. 15, 1977; amended May 1, 1980; amended March 27, 1989; revoked Feb. 20, 2004.)

71-2-4. (Authorized by and implementing K.S.A. 65-1427; effective Jan. 1, 1966; amended May 1, 1981; amended March 27, 1989; revoked Feb. 20, 2004.)

71-2-9. (Authorized by and implementing K.S.A. 65-1427; effective Jan. 1, 1966; amended May 1, 1980; amended March 27, 1989; revoked Feb. 20, 2004.)

71-2-12. (Authorized by and implementing K.S.A. 65-1427; effective Jan. 1, 1966; amended March 27, 1989; revoked Feb. 20, 2004.)

Article 3.—DENTAL HYGIENISTS

71-3-5. (Authorized by K.S.A. 65-1455, 65-1456, 65-1457, 65-1458; effective Jan. 1, 1966; revoked Feb. 20, 2004.)

Article 4.—CONTINUING EDUCATION REQUIREMENTS

71-4-1. Continuing education credit hours required for renewal license of dentist and dental hygienist. (a) Each dentist licensee shall submit to the board, with the license renewal application, evidence of satisfactory completion of at least 60 hours of continuing education courses that qualify for credit. Each dentist licensee who holds a specialist certificate shall provide evidence satisfactory to the board that at least 40 of the required 60 hours of continuing education are in courses in the specialty for which the licensee holds a specialist certifi-

(continued)

cate. Each required course hour shall be completed in the 24-month period immediately preceding the date of expiration of the license. The term "courses" as used in article 4 of these regulations shall include courses, institutes, seminars, programs, and meetings.

(b) Each dental hygienist licensee shall submit, with the license renewal application, evidence of satisfactory completion of a minimum of 30 hours of continuing dental education courses that qualify for credit. Each course shall have been completed in the 24-month period immediately preceding the date of expiration of the dental hygienist license.

(c) An extension of time to complete a continuing education requirement may be granted by the board if it finds that good cause has been shown. (Authorized by K.S.A. 74-1406 and K.S.A. 65-1431; implementing K.S.A. 65-1431; effective May 1, 1978; amended May 1, 1986; amended March 27, 1989; amended Dec. 27, 1996; amended Feb. 20, 2004.)

71-4-3. (Authorized by K.S.A. 74-1406 and K.S.A. 1995 Supp. 65-1431, as amended by L. 1996, ch. 210, sec. 3; implementing K.S.A. 1995 Supp. 65-1431, as amended by L. 1996, ch. 210, sec. 3; effective May 1, 1978; amended May 1, 1986; amended Dec. 27, 1996; revoked Feb. 20, 2004.)

Article 7.—ADVERTISING

71-7-1. Prior submission to the board. Before a licensee, or anyone else acting on the licensee's behalf or on behalf of any associated or affiliated licensee, uses or participates in the use of any form of advertising that contains one or more statements regarding the professional superiority of or the performance of professional services in a superior manner by the licensee or any associated or affiliated licensees, the licensee shall submit to the board evidence demonstrating the truthfulness of each such statement. (Authorized by and implementing K.S.A. 65-1437; effective Feb. 20, 2004.)

Ron Sterk
Executive Director

Doc. No. 030316

State of Kansas

State Corporation Commission

Temporary Administrative Regulations

Article 3.—PRODUCTION AND CONSERVATION OF OIL AND GAS

82-3-700. Definitions. As used in these regulations for cathodic protection facilities, the following terms shall have the meanings specified:

(a) "Annular space" means the space between the surface casing and the borewall or the space between two or more strings of surface casing in a cathodic protection borehole.

(b) "Anode conductor grout" means a mixture having a minimum of 30 percent solids and weighing not less than 10.1 pounds per gallon. This mixture shall consist of

14 gallons of freshwater and 50 pounds of a commercial, single-sack grout that contains a plugging sodium bentonite blended clay with less than 10 percent of inorganic additives to temporarily inhibit sodium bentonite clay hydration during placement.

(c) "Aquifer" means any geologic formation capable of yielding water in sufficient quantities so that the water can be diverted for beneficial use.

(d) "Aquifer completion" means a cathodic protection borehole that is installed in an aquifer.

(e) "Bedrock" means shale, limestone, sandstone, siltstone, anhydrite, gypsum, salt, or other consolidated rock material that can occur at the surface or underlie unconsolidated material.

(f) "Bentonite cement" means a mixture weighing not less than 14.1 pounds per gallon and consisting of freshwater, Portland cement, and four to eight percent of sodium bentonite clay additive or an equivalent as approved by the director of the conservation division or the manager of groundwater management district #2 or #5 for cathodic protection boreholes drilled in the respective groundwater management district.

(g) "Bentonite clay grout" means a mixture weighing not less than 9.4 pounds per gallon. This mixture shall consist of freshwater and commercial grouting or plugging sodium bentonite clay containing a high percentage of solids including those manufactured under the trade names of "Volclay" grout and "HolePlug" or a generic equivalent as approved by the director of the conservation division or the manager of groundwater management district #2 or #5 for cathodic protection boreholes drilled in the respective groundwater management district.

(h) "Cathodic protection borehole" means any excavation penetrating the water table of an aquifer that is drilled, cored, bored, washed, driven, dug, or otherwise constructed for the intended use or purpose of installing equipment to prevent electrolytic corrosion of metallic equipment or facilities.

(i) "Cathodic surface casing" means the first nonmetallic casing put in a cathodic protection borehole with the annular space grouted from the bottom of the cathodic surface casing to land surface, which serves to shut out shallow water formations and also acts as a foundation or anchor for all subsequent drilling activity.

(j) "Concrete" means a mixture consisting of one 94-pound bag of Portland cement, an equal volume of sand having a grain-size diameter not larger than 0.080 inches, and five to six gallons of freshwater.

(k) "Groundwater management district (GMD)" means a continuous area that overlies one or more aquifers, together with any area in between, that is organized for groundwater management purposes, pursuant to K.S.A. 82a-1020 et seq., and amendments thereto.

(l) "Grout" means concrete, neat cement, bentonite clay grout, bentonite cement, or any other material that meets the following requirements:

(1) Is used to create a permanent, impervious, water-tight bond; and

(2) is approved by the director of the conservation division or the manager of groundwater management dis-

trict #2 or #5 for cathodic protection boreholes drilled in the respective groundwater management district.

(m) "Multiple aquifer completion" means a cathodic protection borehole that penetrates more than one aquifer.

(n) "Neat cement" means a mixture consisting of one 94-pound bag of Portland cement and five to six gallons of freshwater.

(o) "Pitless casing adapter" means a nonmetallic assembly of parts installed in the cathodic surface casing to permit the installation of a conduit through the wall of the cathodic surface casing and sealed to prevent the entrance of any fluids or contaminants. (Authorized by and implementing K.S.A. 55-152; effective Oct. 25, 1996; amended, T-82-1-21-04, Jan. 21, 2004.)

82-3-701. Intent to drill cathodic protection boreholes; notification; penalty; exemption. This regulation shall apply in Kansas except for groundwater management districts #2 and #5. Each owner, operator, or person responsible for drilling a cathodic protection borehole in groundwater management district #2 or #5 shall apply directly to the manager of that groundwater management district in accordance with K.A.R. 82-3-705. (a) Except as set forth in subsection (e) of this regulation, each owner, operator, or person responsible for drilling a cathodic protection borehole shall submit written notice of the intention to drill to the conservation division for permit approval before the commencement of drilling operations.

(1) The applicant shall file the notice with the conservation division at least 60 days before commencing any drilling.

(2) Each notice shall be submitted on a form prescribed by the commission. The notice shall be filled in completely and signed by the operator or the operator's agent. The notice shall contain the following:

(A) The name and address of the owner and, if different from the owner, the name of the operator, and the operator license number;

(B) the date on which drilling is anticipated to begin;

(C) the well name or number designation, quarter section, section, range, township, county, and the distance of the proposed drilling location from the section's nearest corner, in exact footage;

(D) the estimated total depth of the borehole;

(E) the type of drilling equipment to be used;

(F) the depth to the bottom of the deepest freshwater at the drill site;

(G) the depth to the bottom of any usable water formation at the drill site; and

(H) any other relevant information requested by the commission.

(3) When a "cathodic protection borehole intent" form is filed, the owner, operator, or person responsible shall submit an "application for surface pit" form in accordance with K.A.R. 82-3-600 and, if required by K.A.R. 82-3-602, a pit closure form.

(b) Before drilling a cathodic protection borehole, the operator shall notify the appropriate conservation division district office.

(c) Any applicant may submit written requests to the director of the conservation division for an exception to

the 60-day intention to drill filing period in emergency situations. Each request shall document why the emergency exists.

(d) Drilling any cathodic protection borehole without an approved notice of intent or without being granted an exception shall be punishable by a penalty of up to \$1,000.00.

(e) No permit shall be required for distributed anode systems, shallow "single bell hole" galvanic anode systems, and individual anode installation systems that are less than 25 feet in depth or do not penetrate an aquifer. (Authorized by K.S.A. 55-152; implementing K.S.A. 55-152 and K.S.A. 2003 Supp. 55-164; effective Oct. 25, 1996; amended, T-82-1-21-04, Jan. 21, 2004.)

82-3-702. Construction of cathodic protection boreholes, measurements, logging, reports, penalty. This regulation shall apply in Kansas except for groundwater management districts #2 and #5. Each owner, operator, or person responsible for the construction of a cathodic protection borehole located in groundwater management district #2 or #5 shall be subject to K.A.R. 82-3-706 through K.A.R. 82-3-709. (a) Each owner, operator, or person responsible for the construction of a cathodic protection borehole shall use a driller who is licensed by the commission under K.S.A. 55-155, and amendments thereto, or a water well contractor who is licensed by the Kansas department of health and environment under K.S.A. 82a-1201 et seq., and amendments thereto.

(b) The operator shall construct each cathodic protection borehole in the following manner.

(1) The total depths of each borehole and the bottom of the cathodic surface casing shall not exceed the depths permitted on the approved intention to drill.

(2) The diameter of the borehole for cathodic surface casing installation shall be at least six inches larger than the nominal outside diameter (OD) of the cathodic surface casing.

(3) In aquifer completions, cathodic surface casing shall extend from the surface to 20 feet below the top of the aquifer.

(4) In multiple aquifer completions, the cathodic surface casing shall extend from the land surface through the aquifers and 20 feet into shale or other impermeable bedrock.

(5) Exceptions to the surface casing depth requirements may be granted by the director of the conservation division upon written request. Each operator requesting an exception shall be required to demonstrate that the exception provides adequate protection of fresh and usable waters.

(6) All cathodic surface casing shall be nonmetallic and shall have a standard dimension ratio (SDR) of 26 or less. The SDR shall be calculated by dividing the cathodic surface casing's outside diameter (OD) by its minimum wall thickness (MWT): $SDR = OD/MWT$.

(7) The operator shall install centralizers along the entire length of the cathodic surface casing at intervals of not greater than 40 feet, starting at the bottom of the casing.

(continued)

(8) The operator shall grout the annular space either by using a tremie pipe or by following the instructions of individual grout manufacturers. The grout shall be allowed to set undisturbed for at least 24 hours, or for the length of time recommended by individual grout manufacturer's instructions. Exceptions to this requirement may be granted by the director of the conservation division upon written request. Each operator requesting an exception shall be required to demonstrate that the exception provides equivalent or greater protection to fresh and usable waters. Bentonite clay grout shall not be used where a mineralized aquifer or aquifers transect the borehole.

(9) The operator shall not make any openings through the cathodic surface casing, except for the installation of a pitless casing adapter.

(10) The operator shall not use products designed for drilling purposes that contain organic polymers as either drilling mud or grout.

(11) The operator shall install anodes and anode conductors in the borehole beginning at least five feet below the bottom of the cathodic surface casing.

(c) The operator shall measure each borehole to determine the cathodic surface casing depth and the total depth of the borehole. The operator shall record each measurement.

(d) The operator shall log each cathodic protection borehole as follows:

(1) The operator shall collect and record drill cuttings at intervals not greater than five feet or more frequently, if needed to produce an accurate lithologic or driller's log of the entire borehole.

(2) The operator shall record any electrical surveys, logs, or other geophysical readings of the borehole and make them a part of the permanent record.

(e) The operator shall submit a final completion report within 60 days of the start date to the production department of the conservation division. The report shall include all electrical or geophysical readings or logs, as required by the commission.

(f)(1) Each failure to construct a cathodic protection borehole in accordance with these regulations shall be punishable by a penalty of up to \$2,500.

(2) Each failure to submit the final report in accordance with subsection (e) of this regulation shall be punishable by a penalty of \$100. (Authorized by K.S.A. 55-152; implementing K.S.A. 55-152 and K.S.A. 2003 Supp. 55-164; effective Oct. 25, 1996; amended, T-82-1-21-04, Jan. 21, 2004.)

82-3-703. Surface construction requirements, appurtenances, vault and below-ground construction, penalty. This regulation shall apply in Kansas except for groundwater management districts #2 and #5. Each owner, operator, or person responsible for the construction of a cathodic protection borehole located in groundwater management district #2 or #5 shall be subject to K.A.R. 82-3-706 through K.A.R. 82-3-709. (a) All surface construction features of a cathodic protection borehole shall be designed to minimize physical damage to the installation, prevent entry of fluids and contaminants, and prevent unauthorized access.

(1) The operator shall equip the surface access to each borehole with a waterproof cap, cover, or equivalent housing.

(2) At the land surface contact, the cathodic surface casing or vault cover shall be designed to deter unauthorized access.

(b) Vent pipes shall remove gases from the borehole and shall terminate at least one foot above the highest known flood elevation and at least three feet above land surface.

(c) The aboveground terminus end of the vent pipe shall be turned 180 degrees and equipped at the terminus end with a 16-mesh or greater brass, bronze, or copper screen or other metallic material with similar hardness if that material is approved by the director of the conservation division.

(d) Gases shall not be vented or released if the release is a hazard to public health and safety or the environment.

(e) The top of the cathodic surface casing shall terminate at least three feet above land surface, except as set forth in subsections (f) and (g).

(f) If the top of the cathodic surface casing terminates below land surface in a vault, the following construction features shall be required:

(1) The operator shall install a water-resistant and structurally sound vault to house the top of the cathodic surface casing.

(2) The vault and the cover or lid shall be strong enough to support vehicular traffic where this traffic could occur.

(3) The operator shall set the top of the vault so that surface fluids are directed away from the vault.

(4) The cathodic surface casing shall contact the vault to form a water-resistant and structurally sound seal and connection.

(g) If the borehole and cathodic surface casing are grouted, the operator shall place grout at least five feet below the bottom of the cathodic surface casing, with grout extending into the cathodic surface casing at least 10 feet in total thickness.

(h) Cathodic surface casing installations that terminate and are buried below land surface shall meet the same water resistance and structural integrity requirements as those for vaulted-type construction described in subsection (f) of this regulation.

(i) The operator shall mark all aboveground installations with the commission borehole permit number, which shall be protected from possible damage and shall be easily visible.

(j) Exceptions to this regulation may be granted by the director of the conservation division upon written request. Each operator requesting an exception shall be required to demonstrate that the requested exception provides an equivalent or greater level of protection to public health and the environment.

(k) Each failure to construct the surface installation in accordance with this regulation shall be punishable by a penalty of up to \$500. (Authorized by K.S.A. 55-152; implementing K.S.A. 55-152 and K.S.A. 2003 Supp. 55-164; effective Oct. 25, 1996; amended, T-82-1-21-04, Jan. 21, 2004.)

82-3-704. Plugging methods and procedures for cathodic protection boreholes, site restoration, submission of plugging report, penalty. This regulation shall apply in Kansas except for groundwater management districts #2 and #5. Each owner, operator, or person responsible for the plugging of a cathodic protection borehole located in groundwater management district #2 or #5 shall be subject to K.A.R. 82-3-710. (a) The operator, owner, or agent of the owner shall plug each cathodic protection borehole in accordance with the following procedures:

(1) At least 72 hours before the actual plugging, the operator, owner, or agent of the owner shall contact the appropriate conservation division district office for plugging instructions and approval.

(2) Before the actual plugging, the operator shall remove any cables and anodes, the vent pipe and anode conductor, and any other materials originally installed in the borehole to a level necessary to ensure that the borehole is properly plugged and to facilitate proper plugging.

(3) The operator shall cut off the cathodic surface casing at least three feet below the land surface.

(4) The operator shall plug each borehole with grout from at least five feet below the bottom of the cathodic surface casing to the top of the cathodic surface casing. The operator shall place grout with a tremie pipe or any other method approved by the appropriate conservation division district office where the facility or borehole is located if the method provides adequate protection of fresh and usable waters.

(5) Where subsurface pressures cause artesian flow, the operator shall maintain a pressure sufficient for placement of the grout plug long enough for the plug to set.

(6) The operator shall fill any vent pipe not removed from the borehole with grout.

(b) The operator shall restore each former cathodic protection borehole site, as close as practical to predrilling condition.

(1) The operator shall backfill and compact each borehole from three feet below land surface to land surface, with clean topsoil.

(2) The operator shall remove from the site all cables and anodes, the vent pipe and anode conductor, all surface casing sections, and any other material installed at the surface or in the borehole.

(c) The operator shall submit a final plugging report to the production department of the conservation division within 60 days after plugging has been completed, on forms prescribed by the commission.

(d) Exceptions to this regulation may be granted by the director of the conservation division upon written request. Each operator requesting an exception shall be required to demonstrate that the exception provides adequate protection of fresh and usable waters.

(e) A cathodic protection borehole shall be considered abandoned if either of the following conditions is met:

(1) The borehole has not been used for one year, and the owner has not provided a written request to the director for temporary abandonment status pursuant to K.A.R. 82-3-111.

(2) The borehole is contaminating or threatening to contaminate a freshwater aquifer.

(f) Each failure to comply with the provisions of this regulation shall be punishable by a penalty of up to \$1,000. (Authorized by K.S.A. 55-152; implementing K.S.A. 55-152 and K.S.A. 2003 Supp. 55-164; effective Oct. 25, 1996; amended, T-82-1-21-04, Jan. 21, 2004.)

82-3-705. Groundwater management districts #2 and #5: permit to drill cased and uncased cathodic protection boreholes; notification; exceptions; drilling pit application. This regulation shall apply only within the boundaries of groundwater management districts #2 and #5. (a) Except as specified in subsection (g), it shall be a violation of this regulation for the operator, owner, or person responsible to drill or construct either a cased or uncased cathodic protection borehole without first applying for and obtaining a permit to drill and construct a cathodic protection borehole.

(b) Each individual seeking a permit shall submit an application to the appropriate GMD office at least 60 days before planned construction, on a form furnished by the appropriate GMD. The permit application shall contain the following:

(1) The name and address of the owner;

(2) the quarter section, section, range, township, and county;

(3) the distance from the borehole to the section's southeast corner, in exact footage;

(4) the top and bottom depths of any freshwater aquifer;

(5) the total borehole depth;

(6) the number and depths of the anodes;

(7) the top and bottom depths of the anode conductor or anode conductor grout; and

(8) any other relevant information requested by the manager of the appropriate GMD.

(c) Each manager of a GMD shall submit one copy of each cathodic protection borehole application upon which action has been taken to the production department of the conservation division within 10 days of approval.

(d) The operator, owner, or person responsible shall notify the appropriate GMD office at least 72 hours before drilling each cathodic protection borehole.

(e) When required by the manager of the appropriate GMD, the operator, owner, or person responsible shall submit a surface pit permit approved by the director of the conservation division with the application for a permit to drill and construct a cathodic protection borehole.

(f) Drilling a cased or an uncased cathodic protection borehole without an approved permit shall be punishable by a penalty of up to \$1,000. Drilling any cased or uncased cathodic protection borehole without providing notice to the appropriate GMD office in accordance with subsection (d) shall be punishable by a penalty of up to \$1,000.

(g) No permit shall be required for a cathodic protection anode system that meets the following conditions:

(1) Is constructed to a maximum depth below the land surface of 25 feet or less; and

(2) does not penetrate an aquifer. (Authorized by K.S.A. 55-152 and K.S.A. 2003 Supp. 82a-1028; implementing

(continued)

K.S.A. 55-152, K.S.A. 2003 Supp. 55-164, and K.S.A. 2003 Supp. 82a-1028; effective, T-82-1-21-04, Jan. 21, 2004.)

82-3-706. Groundwater management districts #2 and #5: drilling contractor; logging; construction; reports. This regulation shall apply only within the boundaries of groundwater management districts #2 and #5. (a) Only a driller or water well contractor licensed with the Kansas department of health and environment under K.S.A. 82a-1201 et seq., and amendments thereto, shall drill and construct each cathodic protection borehole.

(b) The total depths of the borehole and the bottom of the cathodic surface casing shall not exceed the authorized depths in the approved permit to drill and construct a cathodic protection borehole.

(c) The cathodic protection borehole shall be logged according to the following requirements:

(1) The drill cuttings shall be sampled and recorded at intervals not greater than five feet or more frequently, if needed, to produce an accurate lithologic or driller's log of the complete cathodic protection borehole.

(2) The electrical readings or log and any other geophysical readings or logs of the complete cathodic protection borehole shall be recorded and made a permanent record.

(d) No uncased cathodic protection borehole shall be drilled or completed below shale or impermeable bedrock surface.

(e) The minimum diameter of each cathodic protection borehole shall be one of the following:

(1) Eight inches for uncased boreholes; or
(2) six inches greater than the outside diameter (OD) of the surface casing for cased boreholes.

(f) Except for uncased cathodic protection boreholes, each borehole shall be constructed according to the following requirements:

(1) Nonmetallic casing equipped with centralizers shall be installed in the borehole when the drilling penetrates 20 feet into either shale or impermeable bedrock.

(2) The casing shall be new, clean, serviceable, and free of defects.

(3) The casing shall have a standard dimension ratio (SDR) of 21 or less and shall be calculated by dividing the casing's outside diameter (OD) by its minimum wall thickness (MWT).

(4) Centralizers shall be installed along the entire length of the casing at intervals not greater than 40 feet, starting at the bottom end of the casing.

(5) The annular space shall be grouted, and the grout shall be installed using a grout tremie pipe or as recommended by the grout manufacturer's instructions and allowed to set undisturbed as recommended by the grout manufacturer's specifications.

(6) No opening shall be made through the casing, except for the installation of a pitless casing adapter.

(g) Measurements shall be made as necessary to determine the depth, dimensions, or spacing of the borehole, casing, anode, anode conductor, grout, and other borehole materials.

(h) Drilling products and borehole materials containing organic polymers shall not be used to either drill or construct the borehole.

(i) (1) If the manager of the appropriate GMD determines that the use of a drilling pit threatens to contaminate groundwater, the operator, owner, or person responsible shall ensure that the pit meets one of the following requirements:

(A) Be constructed so that the bottom and sides have a hydraulic conductivity no greater than 1×10^{-7} cm/sec during use;

(B) be constructed aboveground; or

(C) consist of a portable aboveground tank.

(2) All fluids that threaten to contaminate the groundwater shall be removed from the drilling pit and disposed of upon closure of the pit, in accordance with K.A.R. 82-3-602.

(j) If drilling and construction operations are temporarily suspended or interrupted by an unforeseen circumstance, the following requirements shall apply:

(1) All drilling and grouting equipment shall be removed from the borehole.

(2) The borehole shall be secured to prevent the following:

(A) The entry of contaminating or polluting materials into the borehole; and

(B) unauthorized access.

(3) The borehole shall be maintained in a stable condition to prevent collapse.

(k) Two copies of the following information shall be submitted to the appropriate GMD office within 30 days after the cathodic protection borehole is completed:

(1) The well completion form provided by the commission and completed by the operator;

(2) any electrical or geophysical readings or logs; and

(3) an as-built plan.

The manager of the appropriate GMD shall provide one copy of this information to the conservation division within 30 days of receipt by the GMD office.

(l)(1) Each failure to construct a cathodic protection borehole in accordance with these regulations shall be punishable by a penalty of up to \$2,500.

(2) Each failure to submit the report required under subsection (k) to the appropriate GMD office shall be punishable by a penalty of \$100. (Authorized by K.S.A. 55-152 and K.S.A. 2003 Supp. 82a-1028; implementing K.S.A. 55-152, K.S.A. 2003 Supp. 55-164, and K.S.A. 2003 Supp. 82a-1028; effective, T-82-1-21-04, Jan. 21, 2004.)

82-3-707. Groundwater management districts #2 and #5: anode, anode conductor, and anode conductor grout requirements for cased and uncased boreholes. This regulation shall apply only within the boundaries of groundwater management districts #2 and #5. (a) Each operator, owner, or person responsible shall install anodes and anode conductor in each cased cathodic protection borehole starting five feet below the bottom of the cathodic surface casing.

(b) Each operator, owner, or person responsible shall install anodes and anode conductor grout in uncased boreholes according to the following requirements:

(1) Each anode for use in a public water supply system shall meet or exceed the requirements specified in section 4.2.3, "anode materials," in the American water works association's standard D104-01, as approved in 2001. Sec-

tion 4.2.3 of this document is hereby adopted by reference.

(2) Each anode shall be installed from a minimum of three feet above the shale or impermeable bedrock surface to a maximum of 20 feet below land surface.

(3) The anode conductor grout shall be placed from the total depth to five feet above the anode nearest the land surface, using a grout tremie pipe or as recommended by the grout manufacturer.

(4) The anode conductor grout shall be certified by the national sanitation foundation to meet the criteria specified in section 8 of "drinking water treatment chemicals—health effects," NSF/ANSI 60-2003e, as revised in October 2003. Section 8 of this document, titled "miscellaneous water supply products" and consisting of pages 27 through 34, is hereby adopted by reference.

(5) Anode conductor grout containing bentonite clay or any other similar material shall not be used if the salinity equals or exceeds 2,000 mg/L chloride in any portion of an aquifer.

(c) Each failure to install anodes or grouting material in accordance with this regulation shall be punishable by a penalty of up to \$2,500. (Authorized by K.S.A. 55-152 and K.S.A. 2003 Supp. 82a-1028; implementing K.S.A. 55-152, K.S.A. 2003 Supp. 55-164, and K.S.A. 2003 Supp. 82a-1028; effective, T-82-1-21-04, Jan. 21, 2004.)

82-3-708. Groundwater management districts #2 and #5: surface construction requirements for cased cathodic protection boreholes. This regulation shall apply only within the boundaries of groundwater management districts #2 and #5. (a) Each operator, owner, or person responsible shall ensure that the top of the cathodic protection borehole casing of each cased borehole meets one of the following requirements:

(1) Terminates a minimum of three feet above land surface or one foot above the highest known flood elevation greater than three feet above land surface;

(2) is equipped with a water-resistant and structurally sound vault; or

(3) terminates a minimum of three feet below land surface.

(b) The minimum construction requirements for each cased cathodic protection borehole shall be the following:

(1) The top of the cathodic protection borehole casing shall meet the following requirements:

(A) Be constructed to prevent damage to the cathodic protection borehole casing, prevent entry of contaminants, and deter unauthorized access to the installation;

(B) be constructed so that surface drainage is directed away from the installation;

(C) be equipped with a watertight seal, cover, or an equivalent device approved by the appropriate GMD office; and

(D) be equipped with an easily visible sign identifying the cathodic borehole permit number and the borehole owner.

(2) The borehole shall be vented of any gases according to the following requirements:

(A) The vent pipe shall terminate a minimum of either three feet above land surface or one foot above the highest known flood elevation greater than three feet above land surface.

(B) The aboveground terminus end of the vent pipe shall be turned 180 degrees and equipped at the terminus end with a 16-mesh or greater brass, bronze, or copper screen, or other material with similar properties if that material is approved by the manager of the appropriate GMD office.

(C) Gases shall not be vented or released if the release is a hazard to public health and safety or the environment.

(3) The cathodic protection borehole casing vault shall meet the following requirements:

(A) Be strong enough to support vehicular traffic where this traffic could occur; and

(B) contact the cathodic protection borehole casing to form a water-resistant and structurally sound seal and connection.

(4) The cathodic protection borehole casing installation terminated below land surface shall meet the following minimum requirements:

(A) Grout shall be placed in the borehole from a minimum of five feet below the bottom of the nonmetallic cathodic protection borehole casing to the top of the nonmetallic cathodic protection borehole casing by using a tremie pipe or by following the recommendation of the grout manufacturer.

(B) The borehole shall be backfilled with clean and compacted topsoil from the top of the nonmetallic cathodic protection borehole casing to the land surface.

(c) Each operator, owner, or person responsible shall ensure that any concrete pad constructed around an aboveground cathodic protection borehole casing or vault meets the following requirements:

(1) Is a minimum of four inches thick;

(2) is sloped so that surface drainage is directed away from the installation;

(3) is free of cracks, voids, and other defects that detract from its watertightness; and

(4) has a joint between the base and the nonmetallic cathodic protection borehole casing that is structurally resistant to sound and water.

(d) Each failure to complete surface construction requirements for cathodic protection boreholes in accordance with this regulation shall be punishable by a penalty of up to \$500. (Authorized by K.S.A. 55-152 and K.S.A. 2003 Supp. 82a-1028; implementing K.S.A. 55-152, K.S.A. 2003 Supp. 55-164, and K.S.A. 2003 Supp. 82a-1028; effective, T-82-1-21-04, Jan. 21, 2004.)

82-3-709. Groundwater management districts #2 and #5: construction specifications for uncased cathodic boreholes. This regulation shall apply only within the boundaries of groundwater management districts #2 and #5. Each operator, owner, or person responsible shall ensure that the requirements of this regulation are met. (a) The construction features of each uncased cathodic protection borehole shall prevent physical damage to the installation and prevent the entry of pollutants and contaminants into fresh and usable groundwater.

(b) Each uncased borehole shall be grouted from the top of the anode conductor grout to three feet below land surface with either of the following:

(continued)

(1) Grout; or

(2) anode conductor grout.

(c) From three feet below land surface to the land surface, each uncased borehole shall be backfilled with clean, compacted topsoil and sloped so that surface drainage or runoff is directed away from the installation.

(d) A vent pipe or other gas-venting device shall not be installed in any uncased borehole.

(e) In any area having a saline concentration of 500 ppm or higher, or as determined by the manager of the appropriate GMD office after consideration of ambient water quality data taken from the area within a ½-mile radius of the proposed uncased borehole, a log of a test well located within 20 feet of the proposed uncased borehole shall accompany each uncased cathodic borehole application submitted pursuant to K.A.R. 82-3-705 and shall include the following information:

(1) A 10-acre tract legal description of the test well location;

(2) the depth to bedrock;

(3) the depth to the water table;

(4) a description of drill cuttings sampled and recorded at intervals not greater than five feet and more frequently, if necessary, to produce an accurate lithologic log; and

(5) the analyses of groundwater samples collected in a manner approved by the manager of the appropriate GMD office from the upper, middle, and lower portions of an aquifer. These analyses shall meet the following requirements:

(A) Consist of chloride, specific conductance, and any other parameter analysis specified by the manager of the appropriate GMD office; and

(B) be performed by a laboratory certified by the Kansas department of health and environment.

(f) Each failure to construct any uncased cathodic protection borehole in accordance with this regulation shall be punishable by a penalty of up to \$2,500. (Authorized by K.S.A. 55-152 and K.S.A. 2003 Supp. 82a-1028; implementing K.S.A. 55-152, K.S.A. 2003 Supp. 55-164, and K.S.A. 2003 Supp. 82a-1028; effective, T-82-1-21-04, Jan. 21, 2004.)

82-3-710. Groundwater management districts #2 and #5: abandonment, plugging methods, and procedures for cathodic protection boreholes, reports, and restoration. This regulation shall apply only within the boundaries of groundwater management districts #2 and #5. (a) A cathodic protection borehole shall be deemed abandoned when any of the following conditions exists:

(1) The cathodic protection borehole is not completed due to unforeseen circumstances.

(2) The cathodic protection borehole either threatens to contaminate or contaminates a freshwater aquifer.

(3) Uncontrollable fluid or gas flow is present in the cathodic protection borehole.

(4) The cathodic protection borehole is not operational or is in a state of disrepair.

(b) The operator, owner, or person responsible shall plug each abandoned cathodic protection borehole.

(c) The minimum plugging requirements for an abandoned cathodic protection borehole shall be the following:

(1) At least 72 hours before plugging operations are scheduled to begin, the operator, owner, or person responsible shall submit a plugging plan to the appropriate GMD office. The operator, owner, or person responsible shall not begin plugging operations until the plugging plan is approved.

(2) As part of initial plugging operations, any cables and anodes, the vent pipe and anode conductor, and any other cathodic equipment or materials installed in the borehole shall be removed as necessary to ensure that the borehole is properly plugged and to facilitate proper plugging.

(3) All surface casing shall be cut off a minimum of three feet below the land surface and removed.

(4) Each cased cathodic protection borehole shall be plugged with grout from a minimum of five feet below the bottom of the surface casing to the top of the surface casing.

(5) Each uncased cathodic protection borehole shall be plugged with grout from the bottom of the borehole to three feet below the land surface.

(6) All grout shall be placed with a tremie pipe or in a manner recommended by the grout manufacturer.

(7) Each borehole shall be backfilled with clean topsoil and compacted from three feet below land surface to the land surface.

(8) Each vent pipe not removed from a cased cathodic protection borehole shall be completely filled with grout.

(9) Wherever subsurface fluid or gas pressure flow is encountered, a pressure sufficient for placement of the grout shall be maintained long enough for the grout to set.

(10) The operator shall submit a final plugging report to the manager of the appropriate GMD office within 60 days after plugging operations are completed, on forms prescribed by the manager of the appropriate GMD office.

(d) Each former cathodic protection borehole site shall be restored, as close as practical to predrilling conditions, by removing from the site any cables and anodes, the vent pipe and anode conductor, any surface casing sections, and any other material installed at the surface or in the borehole.

(e) (1) Each failure to provide notice under paragraph (c)(1) shall be punishable by a penalty of up to \$1,000.

(2) Each failure to properly plug any cathodic protection borehole in accordance with this regulation shall be punishable by a penalty of up to \$2,500. (Authorized by K.S.A. 55-152 and K.S.A. 2003 Supp. 82a-1028; implementing K.S.A. 55-152, K.S.A. 2003 Supp. 55-164, and K.S.A. 2003 Supp. 82a-1028; effective, T-82-1-21-04, Jan. 21, 2004.)

Doc. No. 030299

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2003 Volumes of the *Kansas Administrative Regulations*.
