Notice of Hearings

A series of three public hearings on the 2004 Kansas 303d List of Impaired Waters are scheduled February 24-26. Section 303d of the Clean Water Act requires states to biennially prepare a list of waters failing to meet state water quality standards. Such waters also are required to have total maximum daily loads (TMDLs) prepared by the states to restore their water quality. A total maximum daily load is the maximum amount of the impairing pollutant that can enter a water without causing the water to exceed water quality standards for that pollutant. Since 1998, Kansas has operated under a consent decree establishing a schedule of developing TMDLs in the state's 12 river basins by 2006.

KDHE will take testimony on the draft 303d list at the three public hearings. The list and its methodology are available on the Internet at <http://www.kdhe.state.ks.us/tmdl/>. The draft list is the third such list used to schedule the development of TMDLs in Kansas pursuant to the April 13, 1998, consent decree and Section 303d of the Clean Water Act. The three hearings will be conducted in the vicinity of the four basins where the state intends to develop TMDLs during the period of April 2004 through March 2006. Those basins include the Kansas-Lower Republican, the Lower Arkansas, the Upper Arkansas and the Cimarron.

The hearings will open with a brief summary of the list and its methodology as it pertains to the waters of the applicable river basin. Public testimony will then be taken after the presentation. Please provide a written copy of any testimony at the hearings. Written testimony will be accepted by KDHE any time prior to the close of business on March 15. After March 15, KDHE will prepare a response to public comments and revise the draft list as necessary. KDHE will submit the list, the methodology, the public comments and the KDHE response to Region VII of the U.S. Environmental Protection Agency April 1.

The public hearings are scheduled as follows:

Upper Arkansas and Cimarron Basins: 3 to 5 p.m. Tuesday, February 24, at the Finnup Center for Conservation Education at the Richardson Zoo, Fourth Street and Finnup Drive, Garden City

Lower Arkansas Basin: 7 to 9 p.m. Wednesday, February 25, at the Great Plains Nature Center, 6232 E. 29th St. North, Wichita

Kansas-Lower Republican Basin: 7 to 9 p.m. Thursday, February 26, at the Memorial Hall Auditorium, 120 S.W. 10th Ave., Topeka

If special accommodations at the hearing locations are needed, notify KDHE at least five business days before the respective hearing in writing or by calling (785) 296-6170.
