State of Kansas Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, October 28, at the Atchison Heritage Conference Center, Mercantile Ballroom, 710 S. 9th, Atchison, to consider the approval and adoption of proposed administrative regulations of the Kansas Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. October 28 at the location listed above. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. October 29 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, commission secretary, at (620) 672-5911. Persons with a hearing impairment may call the Kansas Commission on the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations. All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, 1020 S. Kansas Ave, Suite 200, Topeka, 66612, or by e-mail to sheilak@wp.state.ks.us. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-2-2. This permanent regulation sets the motor vehicle permit fees for state parks. The proposed amendments include increasing the in-season annual motor vehicle permit fees by \$5.50 per permit. The increase is anticipated to increase revenue to the Park Fee Fund in the amount of \$50,000 in FY 2005 and \$100,000 in FY 2006, and is necessary to continue service at existing levels due to increasing reliance on the Park Fee Fund rather than state general fund dollars.

Economic Impact Summary: The proposed amendments will have an economic impact on current park

96-C2 Holding Company (3), LLC, Topeka, KS.

users. The amendments are not anticipated to have any appreciable economic impact on other state agencies.

K.A.R. 115-2-3. This permanent regulation sets the camping, utility and other fees for state parks. Increases are proposed for the annual camping permit, the 14-day camping permit and the prime camping area permit. In addition, two new services are proposed for implementation: short-term recreational vehicle parking and long-term recreational vehicle camping. The increases and new services are anticipated to generate \$311,700 in FY 2005 and \$623,400 in FY 2006, and are necessary to continue service at existing levels due to increasing reliance on the Park Fee Fund rather than state general fund dollars.

Economic Impact Summary: The proposed amendments will have an economic impact on current park users. The amendments are not anticipated to have any appreciable economic impact on other state agencies.

K.A.R. 115-2-3a. This new permanent regulation sets the fees for cabin camping permits. The regulation sets fees by cabin and location. Previously, cabin camping permit fees were set in K.A.R. 115-2-3 and supplemented by special use permits. With the expansion of the cabin program within state parks, the need for a cabin camping permit fee regulation arose.

Economic Impact Summary: The proposed amendments will not have an economic impact on current park users. The regulation offsets fees already in place by use of another regulation. In addition, the amendments are not anticipated to have any appreciable economic impact on the department or other state agencies.

K.A.R. 115-4-14. This new permanent regulation pertains to the landowner deer management program, specifically implementation, application, selection, property requirements, deer permitting, property posting, evaluation, renewal and other provisions.

Economic Impact Summary: The proposed regulation will have no negative economic impact on the department, the public or other state agencies.

K.A.R. 115-7-1. This permanent regulation establishes legal equipment, methods of taking and other provisions with regard to fishing. The proposed amendments would require the use of barbless hooks while fishing for paddlefish on the Neosho River.

Economic Impact Summary: The proposed amendments are not anticipated to have a significant economic impact on the department, other agencies or the general public.

K.A.R. 115-18-14. This permanent regulation establishes statewide requirements for use of nontoxic shot while hunting certain migratory bird species. The proposed amendments would allow the use of three additional nontoxic shot types.

Economic Impact Summary: The proposed amendments are not anticipated to have a significant economic impact on the department, other agencies or the general public.

K.A.R. 115-25-6. This exempt regulation establishes the spring turkey season bag limit, permits and game tags. The proposed amendment would increase the number of youth permits available in the southwest unit.

Economic Impact Summary: The proposed amendments are not anticipated to have a significant economic

impact on the department, other agencies or the general public.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by writing the chairman of the commission at the address above, electronically on the department's Web site at www.kdwp.state.ks.us, or by calling (785) 296-2281.

Each proposal shall state the time when salvage operations will commence and end. Time is of the essence, and the salvage contract to be proffered the successful bidder may impose penalties if there is not timely completion of salvage operations, including the cleanup of the right-of-way to the reasonable satisfaction of MSPA.
