Opinion 2004-29

Legislature—Indian Gaming Compacts—Definitions; Negotiation of Compacts; Submission to Legislature; Authority of Joint Committee on State-Tribal Relations. Senator Bill Bunten, 20th District, Topeka, October 13, 2004.

The Joint Committee on State-Tribal Relations has statutory authority to make recommendations on a proposed gaming compact submitted to it by the Governor pursuant to the provisions of K.S.A. 46-2302. For purposes of this statute, "gaming compact" is defined as any "tribal-state compact regarding class III gaming as provided by section 11 of the Indian gaming regulatory act (25 U.S.C. 2710)." Fees and Salaries—Fees in All Counties and Salaries in Certain Counties—Allowance of Traveling Expenses and Mileage; County Officials and Employees Driving from Residence to Work. William A. Taylor III, Cowley County Counselor, Winfield, October 13, 2004.

K.S.A. 28-169 does not require that a county reimburse public officials or employees for the costs of mileage between their place of residence and their place of work. Under K.S.A. 19-101a and K.S.A. 19-212, a board of county commissioners may discretionarily reimburse officials and employees for such costs, if the expenditure is determined to be for a valid public purpose. Opinion 2004-31

Cities and Municipalities—Compacts Between Missouri and Kansas—Kansas and Missouri Metropolitan Culture District Compact; Bistate Sales Tax; Use of Monies; STAR bonds. Senator Kay O'Connor, 9th District, Olathe, October 25, 2004.

The monies raised through Bistate II may not be used to pay STAR bonds issued by the Unified Government of Wyandotte County/Kansas City, Kansas unless: (1) the projects paid by such bonds are deemed to be arts and cultural activities, facilities and organizations; and (2) the activities, facilities and organizations are approved by the Bistate Commission upon one of the annual recommendations of the Advisory Committee. In the case of the \$25,000,000 allocation and the prorata share, the recommendation of the Citizens Advisory Committee of each Participating County also is required. The share of the monies that Wyandotte County may receive may not be used to pay the costs of sports organizations, facilities and activities. Cited herein: K.S.A. 12-2536; 12-2539; Kan. Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 2 p.m. Friday, January 21, in Room 481-W of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the revocation, adoption and amendment of several rules and regulations that support the Kansas retailers' sales tax act, and the revocation of one regulation that supports the Kansas liquor control act.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written comments from the public on the proposed rules and regulations. All interested parties may submit written public comments on the proposed rules and regulations prior to the hearing to Tom Hatten, Attorney/Tax Specialist, Office of Policy and Research, 2nd Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66625.

All interested parties will be given a reasonable opportunity to present their views, either orally or in writing or both, concerning the adoption of the proposed regulations. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Tom Hatten at (785) 296-3081 or TTY (785) 296-6461. Handicap parking is located in State Parking Lot No. 2, south of the Docking Building facing Harrison Street. The east entrance to the Docking Building is handicap accessible.

All regulations and revocations are proposed for adoption on a permanent basis. The following is a summary of the proposed rules and regulations and their economic impacts:

Revocation of K.A.R. 14-14-12. Transportation of spirits by distributors. K.A.R. 14-14-12 prohibits liquor wholesalers from delivering liquor to retailers between 11 p.m. and 8 a.m. It also prohibits deliveries from being made on the same day an order is placed. This regulation does nothing to prevent liquor retailers from making unlawful purchases. It burdens honest retailers by requiring them to take time away from their normal retail activities to take delivery of their legitimate liquor purchases. Its revocation should have a nominal beneficial economic impact on liquor retailers and no impact on government agencies or units or the general public.

Revocation of K.A.R. 92-19-49a. Refunds and credits. K.A.R. 92-19-49a is being revoked and replaced by K.A.R. 92-19-49b, K.A.R. 92-19-49c and K.A.R. 92-19-49d. The three new proposals address the same subject matters as the regulation being revoked. This change will help clarify the treatment of (1) returned goods; (2) filing requirements for refund requests; and (3) administrative review of refund requests. This revocation will not cost anything to Kansas retailers, government agencies or units, or the general public. The economic impact of adopting the three proposed regulations will be discussed in the summaries for those proposals.

Adoption of K.A.R. 92-19-49b. Returned goods. K.A.R. 92-19-49b explains how retailers should reimburse sales tax to customers who return goods for cash or credit. Subsection (e) addresses how manufacturers or dealers should reimburse sales tax to customers who return vehicles under the Kansas lemon law. This is an interpretive rather than a quasi-legislative regulation. Its revision is intended to provide clearer instructions about how sales tax should be refunded on returned goods. The clearer instructions should reduce some of the confusion that was caused by discussing returned goods in a regulation for tax refunds and credits. A regulation for returned goods that is easier to comprehend will reduce expenses for Kansas retailers, government agencies or units, and the general public.

Adoption of K.A.R. 92-19-49c. Refund applications; **refund claims; required forms.** This regulation sets forth the requirements for documenting refund claims. It is intended to encourage refund claims to be complete and fully documented when first submitted. This will speed the processing of these claims and reduce the amount of interest paid out on refund payments. It will discourage refund practitioners from filing blanket refund claims without including adequate supporting documentation to allow the claim to be processed when received. The department's limited resources for sales tax administration are in danger of being overwhelmed by a variety of things, including voluminous and poorly documented refund claims. Requiring refund claims to be complete when they are first filed will require refund practitioners, retailers and consumers to document the basis of their refund claim before submitting it to the department. This

(continued)

additional work done up-front will help speed refund payments to retailers and consumers. Submission of poorly or undocumented refund claims and delay in providing adequate proof of the claim until the matter is heard on appeal causes a highly inefficient use of the department's limited resources. These unnecessary administrative appeals increase costs and delays for the department, BOTA, taxpayers and refund practitioners.

Adoption of K.A.R. 92-19-49d. Review of refund applications; processing of refund claims. K.A.R. 92-19-49d sets forth the department's procedure for reviewing refund claims. When a refund claim is incomplete, the department will not review its substance, but will return it along with a written statement that explains what additional information is needed to make the refund claim complete. An incomplete refund claim will not be considered to have been filed for purposes of stopping the statute of limitations from running or for purposes of interest payments. A refund claim will be considered to have been filed only when the department receives a claim that is complete and fully documented. When the department rejects an incomplete refund claim, the applicant will have the choice of either appealing the department's determination or submitting a new refund claim that is complete. If the taxpayer chooses to appeal, the sole issue on appeal will be whether the refund claim was complete when submitted. If it is determined on appeal that the claim was complete when submitted, the matter will be remanded to the department with instructions to review the merits of the claim and to treat the claim as having been complete when it was first submitted. If it is determined that the claim was incomplete when it was first submitted, the applicant will be instructed to file a new refund claim that is properly documented. It is appropriate to require the retailer or consumer to fully document their refund claims, since the erroneous tax payment and collection possibly could have been avoided at the time of the sale. Submission of poorly or undocumented refund claims and delay in providing adequate proof of the claim until the matter is heard on appeal causes highly inefficient use of the department's limited resources. These administrative appeals increase costs and delays for the department, BOTA, taxpayers and refund practitioners.

Adoption of K.A.R. 92-19-81. Abatement of final tax liabilities. K.A.R. 92-19-81 is being amended to correct an erroneous citation to K.A.R. 92-12-66 instead of K.A.R. 92-12-66a. This will assist tax services, such as CCH and RIA, that provide an electronic link from a citation in one regulation to the regulation being cited. This is the only economic impact.

Copies of the regulations and their economic impact statements may downloaded from the department's Web site at www.ksrevenue.org or may be obtained by contacting the Kansas Department of Revenue, Office of Policy and Research, 2nd Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1588.

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the project listed below. A response may be submitted by e-mail to neil@ksdot.org, or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, Topeka, 66603-3754. Responses shall be limited to four pages. Responses must be received by 5 p.m. December 2 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three, not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

KDOT is currently designing the replacement of the Saline River Bridge (052) as a welded girder bridge. The design is in metric units. The spans are 43-57-57-43m and the roadway is 13.4 meters. The hydraulic and hydrologic studies have been completed and the construction layout has been developed by KDOT. KDOT is seeking a consultant to design and detail a prestressed/post-tensioned, spliced girder alternative using readily available prestressed sections. The project is scheduled for letting in August 2007.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:
