**Animal Health Department****Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 9 a.m. Wednesday, April 27, in the office of the Kansas Animal Health Department, 708 S.W. Jackson, Topeka, to consider the adoption of proposed regulations K.A.R. 9-11-10 and K.A.R. 9-2-32.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to George Teagarden, Kansas Livestock Commissioner, 708 S.W. Jackson, Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and the economic impact statement in an accessible format. Requests for accommodation should be made at least 10 working days

in advance of the hearing by contacting Brenda Schuette at (785) 296-2326. There is no designated handicapped parking on the block. The agency is located on Jackson Street and is handicap accessible.

A copy of the full text of the regulations and economic impact statement may be reviewed or obtained by contacting the Animal Health Department at the address and phone number above. A summary of the proposed regulations and the economic impact follows:

**K.A.R. 9-11-10** adopts the "bovine tuberculosis eradication uniform methods and rules," adopted and approved by the United States Department of Agriculture, Animal and Plant Health Inspection Service, Veterinary Services, effective January 1, 2005.

**K.A.R. 9-2-32** adopts the provision of "brucellosis eradication uniform methods and rules," approved by the United States Department of Agriculture, Animal and Plant Health Inspection Service, Veterinary Services, as the minimum standards for achieving and maintaining certified and validated herds and certified and validated area status, effective February 1, 1998.

There is no fiscal impact to consumers, licensees or the agency due to the regulations.

Notice of Hearing on Proposed  
 Administrative Regulations

A public hearing will be conducted at 9 a.m. Thursday, May 5, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the revocation of an existing rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Deletria Nash, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at dnash@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the proposed revocation during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Deletria Nash at (785) 296-4140.

A copy of the regulation may be obtained from the department's Web site at [www.ksinsurance.org](http://www.ksinsurance.org) (under the Legal Issues link) or by contacting Deletria Nash. The charge for copies is 50 cents per page. A summary of the regulation and its economic impact follows:

**K.A.R. 40-3-50. Fire and casualty insurance; rating organizations; availability of rating information for individual insureds; charges, fees, conditions prohibited.** K.A.R. 40-3-50 prohibits rating organizations or insurers from imposing conditions and fees upon insureds or authorized representatives who are requesting information allowed by K.S.A. 40-1117. The implementing statute has been repealed; therefore, the Kansas Insurance Department is proposing that this regulation be revoked because the regulation is no longer enforceable.

The impact on companies, the Kansas Insurance Department and other governmental agencies is nonexistent.

Notice of Hearing on Proposed  
 Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Thursday, May 5, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, Kansas, to consider the adoption of proposed changes in an existing rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Deletria Nash, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at dnash@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Deletria Nash at (785) 296-4140.

A copy of the regulation may be obtained from the department's Web site at [www.ksinsurance.org](http://www.ksinsurance.org) (under the Legal Issues link) or by contacting Deletria Nash. The charge for copies is 50 cents per page. A summary of the regulation and its economic impact follows:

**K.A.R. 40-1-44. Actuarial opinions and memorandums.** This proposed regulation adopts by reference the Kansas Insurance Department's policy and procedure relating to actuarial opinions and memorandums dated July 9, 2004.

The regulation prescribes requirements for statements of actuarial opinion that are submitted in accordance with insurance laws and for the memoranda in support of those statements. It also governs rules applicable to the appointment of an appointed actuary and guidance as to the meaning of "adequacy of reserves."

The regulation applies to all life insurance companies and fraternal benefit societies doing business in Kansas and to all life insurance companies and fraternal benefit societies that are authorized to reinsure life insurance, annuities or accident and health insurance business in this state.

The regulation, in essence, mirrors the National Association of Insurance Commissioners' Actuarial Opinions and Memorandum.

The economic impact on companies, the Kansas Insurance Department and other governmental agencies is nonexistent.

**Department of Health  
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit renewal and amending previously-issued construction approval. Mid Continent Cabinetry has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance. Notice also is given that certain requirements in the construction approval dated June 20, 1988, are being modified by a modification of approval conditions.

Mid Continent Cabinetry, Newton, owns and operates a wood kitchen cabinet manufacturing facility located at 831 S. Columbus, Newton.

A copy of the proposed permit, permit application, all supporting documentation, all information relied upon during the permit application review process, and a copy of the modification of approval conditions are available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review either document, contact Rasha Allen, (785) 296-1693, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6020, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the documents to Rasha Allen, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating final document decisions, written comments must be received before the close of business March 28.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brienne Wilkins, Bureau of Air and Radiation, not later than the close of business March 28 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day

public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Harriet Jones, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

 Legal: NW¼, S9, T13S R22E, Johnson County  
 Facility Name: Sunflower Quarry  
 Facility Description: The proposed action is to modify and reissue an existing permit for the discharge of wastewater during quarry operation. This facility is a limestone quarry and crushing operation with washing. Modification of this permit consists of a change of owner's name and the addition of Outfall 002 at the facility. Outfall 001 consists of treated wash water from three settling ponds in a series. Outfall 002 consists of stormwater runoff from stockpile areas and pit dewatering discharges that are treated by two settling ponds in a series before being released. The proposed permit includes limits for total suspended solids and pH and generic water-quality language to protect waters of the state. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

of the effluent flow also is required on a daily basis. The permit limits are pursuant to state and federal pretreatment requirements.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of April Romero for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before March 26 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-05-024/027, KS-05-021, KS-ND-05-004, KS-PT-05-001) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

Herington, City of P.O. Box 31 Herington, KS 67449	NW¼, S31, T15S, R6E, Morris County	Nonoverflowing

Kansas Permit No. I-SH17-NP02  
 Facility Name: Herington Regional Airport  
 Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility. This facility is a one-cell lagoon system used to treat domestic wastewater only. The collection system currently experiences high inflow and infiltration that causes occasional discharges from the lagoon. Contained in the permit is a schedule of compliance requiring the permittee to upgrade facility to meet KDHE minimum standards for nonoverflowing treatment systems. The proposed permit includes a requirement for monitoring of biochemical oxygen demand, total suspended solids, fecal coliform, trichloroethylene and pH.

Millennium Rail Inc. Three Westbrook Corporate Center Suite 640 Westchester, IL 66154	Junction City MWWTP	Processed Wastewater

Kansas Permit No. P-LR15-0001  
 Facility Location: 2601 N. Hoover Road, Junction City, KS 66441  
 Facility Description: The proposed action is to issue a new pretreatment permit for this facility. This facility repairs, rebuilds and manufactures new railcars and has a primary Standard Industrial Classification (SIC) code of 4789. Approximately 50 percent of the rail cars cleaned contain petroleum products, 30 percent contain food grade products and 20 percent contain chemical products. Approximately 2,000 gallons per day of process wastewater is expected to be generated from the rail car cleaning process. Since this area does not have a roof, contaminated stormwater runoff also is considered process wastewater. Process wastes can be neutralized and treated using a DAF system, if necessary, before being discharged to the city sanitary sewer. The proposed permit includes limits for nonpolar material (SGT-HEM), fluoranthene, phenanthrene and pH. Monitoring

ing cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

### Governmental Ethics Commission

#### Opinion No. 2005-02

Written February 17, 2005, to Ida Kirmse, Division of Emergency Management, Adjutant General's Department, Topeka.

This opinion is in response to your letter of February 3, 2005, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

#### FACTUAL STATEMENT:

We understand that you are asking for this opinion in your capacity as the Operations Officer for the Division of Emergency Management. You have explained that you are in the process of starting a small company, Homeland Security Solutions, LLC, to provide emergency planning, exercise and training services to governmental agencies within and outside Kansas. The work would be done on a contractual basis, outside your current work hours.

#### QUESTION:

May you operate this private business while still employed by the State without violating any of the State Governmental Ethics laws?

#### OPINION:

Three statutes apply to the question you have raised: K.S.A. 2004 Supp. 46-233, which involves participation in the making of contracts; K.S.A. 46-235, which governs restrictions on compensation of state employees; and K.S.A. 46-241, which involves the use of confidential information. Each of these statutes will be addressed in turn.

K.S.A. 2004 Supp. 46-233 states in pertinent part:

(a)(1) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee . . . has a substantial interest . . .

(2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner. . . .

Under subsection (a)(1) of this provision, you would be prohibited, as a state employee, from being substantially involved in the preparation of or participation in the making of a non-competitively bid contract with your new company. Additionally, under subsection (a)(2), you would be prohibited from accepting employment as an employee, independent contractor, subcontractor or as a consultant with a person or business until two years after the completion of any non-competitively-bid contract with that person or business if you, as a state employee, had participated in the making of the contract. Because you state that your new company will be providing services to governmental agencies, it should be noted that K.S.A. 46-223 defines "person" to include a governmental agency unit or subdivision.

K.S.A. 46-235 states in pertinent part:

No state officer or employee shall accept compensation for performance of official duties, other than that to which such person is entitled for such performance. . . . The receipt of wages or salary from an individual's non-state employer during a period of service as a state officer or employee shall not be construed as compensation for performance of official duties.

Pursuant to this statute, so long as it is not part of your current state duties to perform the types of service you plan to perform in your new company, K.S.A. 46-235 would not prohibit you from working in this company.

Finally, K.S.A. 46-241 states:

No state officer or employee shall disclose or use confidential information acquired in the course of his or her official duties in order to further his or her own economic interest or those of any other person.

This section is self-explanatory. Confidential information obtained during your official duties with the State may not be used for your financial gain or the financial gain of another.

In conclusion, K.S.A. 2004 Supp. 46-233(a)(1) would prohibit you, as a state employee, from being substantially involved in the preparation of or participation in the making of a contract between the State and your new company. Additionally, under subsection (a)(2), you would be prohibited from accepting employment as an employee, independent contractor, subcontractor or as a consultant with a person or business until two years after the completion of any non-competitively-bid contract with that person or business if you, as a state employee, had participated in the making of the contract. Pursuant to K.S.A. 46-235, so long as it is not part of your current state duties to perform the type of services you would perform in your new company, K.S.A. 1999 Supp. 46-235 would not prohibit you from working for this company. Finally, confidential information obtained during your official duties with the State may not be used for your financial gain or the financial gain of another.

## Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9:30 a.m. Wednesday, April 27, in the Department of Transportation's main conference room, fourth floor, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, to consider the adoption of the following proposed new permanent Kansas Department of Transportation administrative regulations: K.A.R. 36-41-1, 36-41-2, 36-41-3, 36-41-4 and 36-41-5.

This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Dale Jost, Chief, Bureau of Fiscal Services, Kansas Department of Transportation, 4th Floor, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603. All interested parties will be given a reasonable opportunity at the hearing to present their views orally regarding the adoption of the proposed amendments. In order to give all parties an opportunity to express their views, it may be necessary to request each participant to limit oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed permanent regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Dale Jost at (785) 296-3640 or fax (785) 296-1095. Handi-

capped parking is located at the north entrance to the Eisenhower State Office Building across S.W. 7th St., which is the public access entrance. This entrance is accessible to individuals with disabilities.

A summary of the proposed regulations and their economic impact follows:

**K.A.R. 36-41-1. Definitions.** This regulation provides definitions to be used for proposed K.A.R. 36-41-2 through K.A.R. 36-41-5 for the following terms: "access lease agreement," "act," "applicant," "authorized governmental entity," "authorized nongovernmental entity," "authorized public safety agency," "communication system equipment access," "equipment lease agreement" and "prevailing rate."

**K.A.R. 36-41-2. Application and supporting documents.** This regulation will describe the application (and its component parts) for an access lease agreement between the department and certain entities for access to the department's communication system equipment or an equipment lease agreement between the department and certain entities for the lease of certain communication equipment. It prescribes what each applicant must submit to the Secretary of Transportation to apply for such agreements.

**K.A.R. 36-41-3. Access lease agreement and equipment lease agreement: restrictions and requirements.** This regulation will describe the specific restrictions and requirements for access lease agreements and equipment lease agreements, certain terms applicable to such agreements, and rates and charges for such agreements.

**K.A.R. 36-41-4. Interest rate and service fees.** This regulation will describe the interest rate matters related to access lease agreements. It also provides for certain fees that the department may charge regarding lease agreements under the act.

**K.A.R. 36-41-5. Prevailing rates.** This regulation will describe prevailing rates that the department is to charge for access lease agreements. It also describes authorized fees that the state may charge for access lease agreements or equipment lease agreements.

The following economic impact statement applies to all of the proposed new regulations: The Kansas Department of Transportation and the Kansas Development Finance Authority will be reimbursed for the costs involved in administering the access lease and equipment lease programs. Local governmental units may experience a cost reduction in their communication requirements through the department's borrowing power through the issuance of bonds by the Kansas Development Finance Authority. The revolving fund will allow for the updating of the equipment on a periodic basis.

The department does not anticipate any other significant economic effects regarding the program.

A complete copy of the proposed permanent regulations and the complete economic impact statement may be obtained by contacting Dale Jost at the address and phone numbers listed above between 8 a.m. and 5 p.m. Monday through Friday.

**\$6,840,000\***  
**Temporary Notes**  
**Series 2005A**  
**(Temporary notes payable from**  
**unlimited ad valorem taxes)**

**Bids**

Subject to the official notice of note sale and official statement dated February 23, 2005, sealed, facsimile and electronic bids will be received on behalf of the city clerk of the city of Pittsburg, Kansas (the issuer), at the offices of Springsted Incorporated, 380 Jackson St., Suite 300, St. Paul, MN 55101, by delivery or via facsimile at (651) 223-3046, or, in the case of electronic proposals, via BiD-COMP/PARITY electronic bid submission system, until 2 p.m. Tuesday, March 8, 2005, for the purchase of \$6,840,000\* principal amount of Temporary Notes, Series 2005A. No bid of less than 99.50 percent of the aggregate principal amount of the notes and accrued interest thereon to the date of delivery will be considered, and no supplemental interest payments will be considered.

**Note Details**

The notes will consist of fully registered notes in the denomination of \$5,000 or any integral multiple thereof. The notes will initially be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York, to which payments of principal and interest on the notes will be made. Individual purchases of notes will be made in book-entry form only. Purchasers will not receive certificates representing their interest in notes purchased. The notes will be dated March 1, 2005, and will become due March 1, 2006.

The notes will be subject to optional redemption prior to maturity as provided in the official notice of note sale and official statement.

The notes will bear interest from the date thereof at rates to be determined when the notes are sold as hereinafter provided, which interest will be payable at maturity on March 1, 2006, or upon redemption of the notes.

**Paying Agent and Bond Registrar**

The Kansas State Treasurer, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$68,400 (1 percent of the principal amount of the notes).

**Delivery**

The issuer will pay for printing the notes and will deliver the same properly prepared, executed and registered to the facilities of the Depository Trust Company, New York, New York, without cost to the successful bidder within 45 days after the date of sale.

**Assessed Valuation and Indebtedness**

The total assessed valuation of taxable tangible property in the city for the year 2004 is \$125,390,234. The total general obligation indebtedness of the issuer as of the date of the notes, following the concurrent issuance of the notes and the city's General Obligation Bonds, Series 2005A, in the principal amount of \$1,465,000 (less the city's outstanding temporary notes in the aggregate principal amount of \$7,065,000, all of which will be retired on April 1, 2005), is \$16,720,000.

**Approval of Notes**

The notes will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the notes will be furnished and paid for by the issuer and delivered to the successful bidder when the notes are delivered.

**Additional Information**

Additional information regarding the notes may be obtained from the city clerk at (620) 231-4100, or from the city's financial advisor, Springsted Incorporated of St. Paul, Minnesota, at (913) 345-8062, Attn: Marty Nohe.

## City of Atchison, Kansas

### Notice of Proposed DBE Program

The city of Atchison has established a Disadvantaged Business Enterprise (DBE) Program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26, for the Amelia Earhart Memorial Airport. The city of Atchison anticipates receiving federal financial assistance from the U.S. Department of Transportation and, as a condition of receiving this assistance, the city of Atchison will sign an assurance that it will comply with 49 CFR Part 26.

The city of Atchison's overall goal for the fiscal year 2005 is the following: A project-specific goal of 3.4 percent of the federal financial assistance.

The proposed DBE Program is available for public inspection and comment at the Atchison City Hall, 515 Kansas Ave., Atchison, 66002. The city of Atchison will accept comments on the goals for 30 days from the date of this notice. Comments may be sent to Sheldon Hamilton, Director of Finance, at the address above.

## State of Kansas

### State Conservation Commission

#### Permanent Administrative Regulations

#### Article 11.—IRRIGATION TRANSITION ASSISTANCE PROGRAM

**11-11-1. Definitions.** (a) "Active vested or certified water right" means a vested or currently certified water right that was put to lawful beneficial use in at least six out of the last 10 calendar years, including any water use that occurred before certification.

(b) "Chief engineer" means the chief engineer of the division of water resources, Kansas department of agriculture.

(c) "Commission" means the state conservation commission.

(d) "Consumptive use" means the gross diversions minus the following:

- (1) The waste of water, as defined in K.A.R. 5-1-1; and
- (2) the return flows to the source of water supply in the following ways:

- (A) Through surface water runoff that is not waste; and
- (B) by deep percolation.

(e) "Dry land transition plan" means a plan submitted by an applicant describing how permanent vegetation, including warm season grasses and cool season grasses, will be established on land that was previously irrigated, specifically describing the amount and timing of any irrigation that will be necessary to establish this cover. The plan shall not exceed three calendar years.

(f) "Eligible water right" means a water right that meets all of the following criteria:

(1) The water right is an active vested or certified water right that has not been abandoned.

(2) The water right has been certified by the chief engineer as being in an area that is in need of aquifer restoration or stream recovery and is closed to new appropriations of water pursuant to K.S.A. 2-1919 (a) (2) and amendments thereto, except for domestic use, temporary permits, term permits for five or fewer years, and small use exemptions for 15 acre-feet or less, if the use, permit, or exemption does not conflict with this program.

(3) The state's dismissal of the water right would have a net reduction in consumptive use of the aquifer or stream designated for restoration or recovery pursuant to K.S.A. 2-1919, and amendments thereto.

(4) The point of diversion is located within an eligible area, as specified in K.A.R. 11-11-2.

(g) "Fair market value" means the value of a water right that is the difference between the price of irrigated cropland and the price of nonirrigated cropland, as observed by the marketplace.

(h) "Local entity" means any political subdivision chartered to address water conservation.

(i) "Partial water right" means a portion of a water right that has been formally divided by the chief engineer based on the agreement of all of the owners of the water right or an order of a court. For a partial water right to be deemed an eligible water right, the partial water right shall be associated with a portion of the distribution system, a point of diversion, or a type of use that is being physically discontinued. In dividing the water right, the chief engineer shall determine the historic net consumptive use that was associated with each portion of the beneficial use. Conditions shall be placed on the portion of the water right that is not enrolled in the irrigation transition assistance program to limit the net consumptive use under that portion of the water right to the historic net consumptive use associated with that physical part of the operation. A partial water right shall not be deemed an eligible water right if there is no physical change in the operation, including discontinuing a point of diversion, discontinuing a type of use, and reducing the number of irrigated acres.

(j) "Program" means the irrigation transition assistance program.

(k) "Water right" means any vested right or appropriation right under which a person may lawfully divert and use water. A water right is a real property right appurtenant to and severable from the land on or in connection with which the water is used. The water right passes as an appurtenance with a conveyance of the land by deed, lease, mortgage, will, or other voluntary disposal, or by inheritance. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2003 Supp. 2-1915, as amended by L. 2004, ch. 96, sec. 4, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)

**11-11-2. Eligible areas.** (a) Each eligible area shall be within the high plains aquifer and shall meet either of the following criteria:

(1) The area meets the following conditions:

(A) Is closed to further appropriations except for domestic use, temporary permits, term permits for five or

fewer years, and small use exemptions for 15 acre-feet or less, if the use, permit, or exemption does not conflict with this program; and

(B) is designated as being in need of aquifer restoration by the chief engineer.

(2) The area meets the following conditions:

(A) Is within a stream reach that the chief engineer has closed to further appropriations except for domestic use, temporary permits, term permits for five or fewer years, and small use exemptions for 15 acre-feet or less, if the use, permit, or exemption does not conflict with this program; and

(B) is designated as being in need of stream recovery.

(b) Each eligible area shall also meet one of the following criteria:

(1) The board of the groundwater management district has designated the area as a priority subunit in its local management plan, and this designation has been approved by the chief engineer.

(2) Outside a groundwater management district, the chief engineer has designated the area as a priority subunit.

(c) Only privately owned water rights shall be eligible for this program. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2004 Supp. 2-1915, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)

**11-11-3. Application and review.** (a) The application period for the program shall be October 1 through December 15.

(b) Notification of the program shall be published as follows:

(1) Once each week, for the two consecutive weeks immediately before the application period, in a newspaper of general circulation in each of the counties encompassing the targeted areas or area, as determined by the commission; and

(2) once in the Kansas register.

(c) The program procedures and application forms shall be available at the commission office and at conservation district offices.

(d) Each application shall be submitted on a form supplied by the commission. The application shall include all of the following:

(1) The name, address, and telephone number of the owner of the water right;

(2) the water right file number of the water right used to irrigate the land being transitioned to dry land and the priority date of the water right;

(3) the location of the point of diversion;

(4) documentation of the annual water usage, in acre-feet, for the previous 10 years;

(5) the authorized annual quantity of water associated with the water right;

(6) the bid price expressed on a per-acre basis, which shall include the number of acres in the water right;

(7) if the land is going to be planted to permanent cover, a dry land transition plan;

(8) documentation that verifies historical crop information for the previous 10 years; and

(9) documentation of the normal rate of diversion during the normal irrigation season. If the documentation is

not based on data from an accurate water flowmeter, the results of a certified well flow rate test conducted no more than six months before the application date by a person or entity approved by the chief engineer and in a manner prescribed by the chief engineer shall be used for this documentation.

(e) (1) Upon the commission's receipt of each application, it shall be reviewed for completeness by the commission. If the application is not complete, the missing information shall be provided by the applicant to the commission not later than December 15.

(2) After the application is determined to be complete, the application shall be provided by the commission to the chief engineer to determine the eligibility of the water right.

(f) Upon completion of the review by the chief engineer, the following certifications shall be requested by the commission from the chief engineer:

(1) A statement indicating whether the water right is an eligible water right;

(2) the consumptive use associated with each water right or portion of a water right for a representative past period, which shall be the 10 calendar years before the effective date of these regulations; and

(3) the potential impact of dismissing the water right on aquifer restoration or stream recovery.

(g) The applications shall be prioritized for payment by the commission based on criteria that include the following:

(1) The timing and extent of the impact of the application on aquifer restoration or stream recovery;

(2) the impact on local water management strategies and priority areas designated by the state;

(3) the extent of contribution by a local entity; and

(4) the priority date of the water right.

(h) Each applicant shall be notified by the commission of the approval or the disapproval of the program application no later than January 15 of the year following the date on which the application is filed.

(i) Each application meeting the requirements of these regulations may be approved contingent upon funding and the applicant's providing official documentation to the commission that the water right has been dismissed by the chief engineer and its priority has been forfeited.

(j) The negotiations between owners and lessees regarding program participation shall not involve the commission.

(k) No more than 10 percent of a county's irrigated acres shall be eligible for the duration of this program.

(l) There shall be no contribution requirement for a local entity. However, contributions by a local entity may increase the priority of an application.

(m) There shall be no contribution required by the state if the application funding source is federal.

(n) Each program application that does not meet the requirements of these regulations shall be rejected by the commission. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2003 Supp. 2-1915, as amended by L. 2004, ch. 96, sec. 4, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)

*(continued)*

**11-11-4. Payment.** (a) The application approval and payment amounts shall be based on the following:

- (1) The applicant's bid price;
- (2) the priority date of the water right;
- (3) the amount of monetary contributions from a local entity or the applicant, or both; and
- (4) the water right's impact on aquifer restoration or stream recovery.

(b) The maximum amount paid by the commission for a water right authorized for irrigation shall not exceed the fair market value by more than 20 percent, based on the commission's empirical model.

(c) Each water right owner shall sign an irrigation transition assistance grant agreement before payment is made by the commission. Each grant agreement shall include the following provisions:

(1) The price to be paid by the commission to the water right owner for the transition of the irrigated land to non-irrigated land and the terms of payment;

(2) the date on which the agreement will become effective;

(3) a provision requiring the water right to be dismissed and its priority forfeited;

(4) the terms of any conditional approval by the chief engineer to continue irrigation on a limited basis to establish permanent vegetation, for a period not to exceed three years;

(5) a provision that the approval is conditional on documentation being provided to the commission by the owner of the water right, indicating that the chief engineer has dismissed the water right and ordered its priority forfeited;

(6) the file number of the water right to be retired;

(7) if the point of diversion is located within a groundwater management district, a provision that any remaining water user charges assessed by the district before the water right is dismissed will remain the sole responsibility of the owner of the water right; and

(8) a provision requiring that the land to be transitioned to dry land will not be irrigated under any other water right from any water source. The grantee shall agree that each water right that has the land to be transitioned to dry land as an authorized place of use will be divided and the consumptive use for the land to be transitioned to dry land determined by the chief engineer at the request of the commission. The grantee shall agree to dismiss the portion of each water right that was formerly used to irrigate the land transitioned to dry land.

(d) Payment shall be made in equal annual installments, not to exceed 10, or in one lump sum payment. If annual payments are selected, the payments shall be made by March 1 in each year following the year in which the first payment is made. The following factors shall be considered by the commission when determining which payment schedule to use:

(1) The number of eligible applicants; and

(2) the amount of program funds for that year.

(e) If there is a standing crop at the time of application approval, payment shall not be made until after the last time that the crop is irrigated. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2003 Supp. 2-1915, as

amended by L. 2004, ch. 96, sec. 4, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)

**11-11-5. Transition to dry land.** (a) If land that will no longer be irrigated is to be planted, under this program, to permanent vegetation including warm or cool season grasses, the chief engineer shall be requested by the commission to condition the dismissal of the associated water right to allow limited irrigation of the land for up to three years to establish this cover.

(b) The applicant shall submit a dry land transition plan to the commission if land is to be planted to warm or cool season grasses or other permanent vegetation. A dry land transition plan shall not be required for dry land cropping. A dry land transition plan may be disapproved by the commission, and modifications to any dry land transition plan may be required by the commission. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2003 Supp. 2-1915, as amended by L. 2004, ch. 96, sec. 4, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)

**11-11-6. Dismissal of water right.** (a) Each water right for which payment is received from the program shall be dismissed by the chief engineer, and the priority of the water right shall have been forfeited.

(b) The chief engineer shall be requested by the commission not to appropriate or reappropriate any additional water in an eligible area if payments have been made for the program in that eligible area, except for the following, if the use, permit, or exemption does not conflict with this program:

(1) Domestic use;

(2) temporary permits;

(3) term permits for five or fewer years; and

(4) small use exemptions for 15 acre-feet or less.

(c) (1) Each well associated with the water right being dismissed shall be plugged or capped according to Kansas department of health and environment standards or physically retrofitted to domestic use. The appropriate documentation shall be provided to the commission before the applicant receives the first payment. The requirements specified in this paragraph shall be waived if a conditional water right is approved by the chief engineer under a dry land transition plan.

(2) If operating under a dry land transition plan, the grantee shall plug, cap, or physically retrofit the well to domestic use within two months of the last time that the crop is irrigated as approved under a dry land transition plan.

(d) If a partial water right is dismissed on one common well, plugging, capping or physically retrofitting the well to domestic use shall not be required. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2003 Supp. 2-1915, as amended by L. 2004, ch. 96, sec. 4, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)

**11-11-7. Petition for reconsideration.** (a) Any water right owner may appeal any decision of the commission by filing a petition for reconsideration.

(b) Each petition for reconsideration shall be submitted in writing to the commission within 30 days of the commission's decision and shall state why the commission's

decision should be reviewed and why the decision should be modified or reversed.

(c) The petition for reconsideration shall be reviewed by the commission during the next scheduled commission meeting. Whether the decision should be affirmed, modified, or reversed shall be determined by the commission. The commission's final decision shall state each reason for this determination.

(d) The decision of the commission shall be final if no petition for reconsideration of that commission decision has been received by the commission after 30 days from the date on which the decision was made. (Authorized by L. 2004, ch. 123, sec. 133; implementing K.S.A. 2003 Supp. 2-1915, as amended by L. 2004, ch. 96, sec. 4, K.S.A. 2-1919, and L. 2004, ch. 123, sec. 133; effective March 11, 2005.)
