Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the project listed below. A response may be submitted by e-mail to neil@ksdot.org, or seven signed copies of the response may be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages and must be received by 5 p.m. November 3 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five), and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

6 X-2541-01 Bourbon County

The scope of services is to provide a highway/railroad safety study of improvement alternatives for the BNSF Railway mainline crossings in the city of Fort Scott. Each safety alternative investigated will measure the positive and negative impacts to the city of Fort Scott. Improvement alternatives should include all ranges of improvement strategies available, including but not limited to: grade separations, active flashing light and gate warning systems, crossing closures, construction of connecting roads, automated horn system, adjacent highway traffic signal improvements, adjacent highway traffic signal interconnection with highway/railroad signal systems and

pedestrian crossings. Three specific alternatives to be investigated are (1) best future location for additional grade separation, (2) determine feasibility of increasing vertical clearance at Third Street underpass, and (3) recommend feasible supplementary safety measures to allow for a locomotive horn quiet zone.

Impacts of the safety alternatives should be evaluated with both objective and subjective measures. Measures to be used in evaluating the alternatives should include but not be limited to: estimated construction costs, vehicular travel and delay times, emergency services access, predicted accident rates, train operations, access to public services, access to private properties, impacts to historical features and pedestrian mobility.

The study shall be completed within nine months of the consultant receiving the notice to proceed.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications;
- 2. experience of staff;
- 3. location of firm with respect to proposed project;
- 4. work load of firm; and
- 5. firm's performance record.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Office of the State Bank Commissioner Division of Consumer and Mortgage Lending

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Thursday, December 8, in the conference room of the Office of the State Bank Commissioner (OSCB), Division of Consumer and Mortgage Lending, Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of proposed amended regulation K.A.R. 75-6-30. This amended regulation is proposed for adoption on a permanent basis and is proposed pursuant to the Kansas Uniform Consumer Code at K.S.A. 16a-1-101 through 16a-9-102, as amended.

K.A.R. 75-6-30 is proposed to be amended to specify which person seeking a license for supervised loans is required to submit an application for each place of business, pursuant to K.S.A. 16a-2-301 and K.S.A. 2004 Supp. 16a-2-302, as amended. The proposed amended regulation specifies the application requirements for additional places of business and amends the definition of "place of business" to include the amended statutory language in K.S.A. 2004 Supp. 16a-2-302 (7), as amended by 2005 Kansas Session Laws, Ch. 144, § 9(7). Because the OSBC already has infrastructure in place to process branch license applications, the OSBC concludes minimal or no economic impact will be incurred by governmental agencies or units, consumers or the general public by the adoption of this proposed regulation. Applicants and licensees for supervised loans will incur a cost of \$400 for each additional new place of business the applicant or licensee for supervised loans desires to license, and \$300 per year for a renewal of each licensed place of business.

A copy of the proposed regulation and the economic impact statement may be obtained by contacting Brenda Block, Office of the State Bank Commissioner, Suite 300, Jayhawk Tower, 700 S.W. Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, December 8, in the conference room of the Office of the State Bank Commissioner (OSCB), Division of Consumer and Mortgage Lending, Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of proposed amended regulation K.A.R. 75-6-31. This amended regulation is proposed for adoption on a permanent basis and is proposed pursuant to the Kansas Uniform Consumer Code at K.S.A. 16a-1-101 through 16a-9-102, as amended.

K.A.R. 75-6-31 is proposed to be amended to increase the bond requirements from \$100,000 to \$250,000 for supervised lenders that intend to engage in making loans secured by an interest in real property or contracts for deed, pursuant to K.S.A. 16a-2-301 and K.S.A. 2004 Supp. 16a-2-302, as amended. The proposed amended regulation specifies the additional bond requirements for additional places of business and implements statutory language in K.S.A. 2004 Supp. 16a-2-302 (2)(a), as amended by 2005 Kansas Session Laws, Ch. 144, § 9(2)(a). Because the OSBC already has infrastructure in place to process bond reviews, the OSBC concludes minimal or no economic impact will be incurred by governmental agencies or units, consumers or the general public by the adoption of this proposed regulation. Applicants and licensees for supervised loans will incur an additional cost of \$750 to \$3,000 annually, depending on the surety provider used, to comply with increased \$250,000 bond requirement.

A copy of the proposed regulation and the economic impact statement may be obtained by contacting Brenda Block, Office of the State Bank Commissioner, Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603-3796, (785) 296-2266, fax (785) 296-0168, or the Kansas Relay Center at (800) 766-3777. The standard departmental cost of 50 cents per page for requests over 10 pages will be assessed for any copies requested.

This 60-day notice of the hearing shall constitute a public comment period for the purpose of receiving public comments on the proposed regulation. Written comments should be submitted prior to the hearing to Kevin Glendening, Administrator of the Kansas Uniform Consumer Credit Code, at the address listed above. Interested persons will be given reasonable opportunity at the hearing to present their views and arguments on the adoption of the proposed regulation; however, presentations should be in writing whenever possible.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 11 a.m. Thursday, December 8, in the conference room of the Office of the State Bank Commissioner (OSCB), Division of Consumer and Mortgage Lending, Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of proposed new regulation K.A.R. 75-6-35. This new regulation is proposed for adoption on a permanent basis and is proposed pursuant to the Kansas Uniform Consumer Code at K.S.A. 16a-1-101 through 16a-9-102, as amended.

K.A.R. 75-6-35 is proposed to specify the minimum net worth of \$250,000 required to be maintained by supervised lender applicants or licensees that intend to engage in making loans secured by an interest in real property or contracts for deed. The proposed regulation defines the "\$250,000.00 minimum net worth requirement" to be comprised of at least 20 percent or \$100,000, whichever is less, of liquid assets of the applicable supervised lender applicant or licensee, and specifies the documentation and procedure to provide the agency with evidence of compliance with the net worth requirement. This proposed regulation implements the statutory language pursuant to K.S.A. 2004 Supp. 16a-2-302 (2)(b), as amended by 2005 Kansas Session Laws, Ch. 144, § 9(2)(b). Because the OSBC will use the same infrastructure already in place to process bond reviews to assess compliance with this net worth requirement, the OSBC concludes minimal or no economic impact will be incurred by governmental agencies or units, consumers or the general public by the adoption of this proposed regulation. Applicants and licensees for supervised loans exercising prudent and sound business practices in the mortgage lending industry should already maintain a net worth reserve similar to the proposed regulation's minimum net worth requirement, and therefore the OSBC concludes minimal or no economic impact will be incurred by applicants and licensees for supervised loans.

A copy of the proposed regulation and the economic impact statement may be obtained by contacting Brenda Block, Office of the State Bank Commissioner, Suite 300, Jayhawk Tower, 700 S.W. Jackson, Topeka, 66603-3796, (785) 296-2266, fax (785) 296-0168, or the Kansas Relay Center at (800) 766-3777. The standard departmental cost

of 50 cents per page for requests over 10 pages will be assessed for any copies requested.

This 60-day notice of the hearing shall constitute a public comment period for the purpose of receiving public comments on the proposed regulation. Written comments should be submitted prior to the hearing to Kevin Glendening, Administrator of the Kansas Uniform Consumer Credit Code, at the address listed above. Interested persons will be given reasonable opportunity at the hearing to present their views and arguments on the adoption of the proposed regulation; however, presentations should be in writing whenever possible.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days before the hearing by contacting Brenda Block. For individuals with disabilities, an accessible entrance is on the west side of the building and accessible parking is available on Jackson Street.

Notice of Hearing

The Kansas Department of Health and Environment has prepared draft Kansas Underground Injection Control (UIC) Permits, KS-01-079-001, for Class V aquifer storage and recovery wells RRW-1, RRW-2, RRW-3, recharge well RW-1 and recharge basins RB-1 and RB-2, located in Harvey County. The draft permits also are public noticed in this edition of the Kansas Register. Based upon significant public interest already shown concerning this project, a public hearing has been scheduled in conjunction with the public notice of the draft permits.

A public hearing on the draft permits will be at 7 p.m. Tuesday, November 8, at the Kansas Learning Center for Health, 505 Main St., Halstead, for the purpose of receiving comments from the public, and will continue until 8 p.m. or until all comments are received and the hearing is closed by the hearing officer. Comments may be provided in oral and written form. All interested parties will be given a reasonable opportunity to present their views orally during the hearing. If necessary, the hearing officer may place a time limit on oral presentations to assure all parties have an opportunity to be heard.

Injection Details:

Injection is into the Equus Beds alluvial aquifer through screens located at the following depths below ground surface: RRW-1 from 60 to 130 feet, RRW-2 from 60 to 255 feet, RRW-3 from 70 to 190 feet, RW-1 from 70 to 260 feet,

RB-1 from 40 to 275 feet, and RB-2 from 50 to 260 feet. The maximum wellhead injection pressure limit for the project is 5 psig. The maximum rate of flow for the project is 70,000,000 gallons per week.

The permittee is authorized to inject groundwater, which has been recovered from bank storage extraction wells located along the Little Arkansas River during periods when the river has above base flow conditions, into the Equus Beds aquifer. The injected water will increase the groundwater in storage in the aquifer forming a hydraulic barrier to a known brine plume and provide groundwater for future recovery.

Facility Location:

Approximately 5 miles west of Halstead in Harvey County. They are all located adjacent to Willow Lake Road, from N.W. 12th Street to 48th Street.

Additional information may be obtained by contacting Kirk Hoeffner, Kansas Department of Health and Environment, Bureau of Water—Geology Section, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, (785) 296-1843 or fax (785) 296-5509

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the draft permits in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Kirk Hoeffner.

Coffeyville Resources Crude Transportation, LLC - Broome Station has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to restrict the facility's potential-to-emit (PTE) of an individual hazardous air pollutant (HAP) and combined HAPs below major source thresholds. Emissions of individual and combined HAPs were evaluated during the permit review process.

Coffeyville Resources Crude Transportation, LLC - Broome Station, Bartlesville, Oklahoma, owns and operates the stationary source located at Section 4, Township 35S, Range 14E, Montogmery County, Kansas, at which the PTE of HAPs is to be restricted.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southeast District Office. To obtain or review the proposed permit and supporting documentation, contact Rasha Allen, (785) 296-1693, at the KDHE central office; and to review the proposed permit only, contact Doug Cole, (620) 431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Rasha Allen, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business November 7.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Christy Thurman, Bureau of Air and Radiation, not later than the close of business November 7 in order for the Secretary of Health and Environment to consider the request.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

This facility generates electric power with high pressure steam produced by fossil fuel combustion. Rural water, treated with filters, reverse osmosis (RO) and de-ionizer, is used as boiler feed water. Filter backwash and RO concentrate is directed to a pre-settling basin. Kansas River water, treated in settling basins, is used as makeup water in cooling towers. Domestic wastewater is treated with a package sewage treatment plant and discharged to the cinder pit. Boiler blowdown, floor and roof drains, de-ionizer overflow and boiler ash sluice water are directed to the cinder pit. Settling basin blowdown, bottom ash and cinder pit discharge are directed to north, south and final bottom ash ponds. The proposed permit contains limits for bi-ochemical oxygen demand, total suspended solids, oil and grease, fecal coliform, free available and total residual oxidant, and pH. Monitoring of sulfate, chloride, temperature and effluent flow also will be required. The permittee shall be required to perform a whole effluent toxicity test on Outfalls 002 and 005 as well as a priority pollutant scan once during the term of the permit. Facility Description: The proposed action is to reissue an existing permit of a Class I hazardous waste disposal well. The permittee is restricted to the injection of nonhazardous wastewater until it receives authorization from the EPA to inject hazardous wastewaters. Injection into the well will be made into the Arbuckle and Simpson formations through an open hole from a depth of 4700 feet to a top depth of approximately 3830 feet below ground surface. Disposal will be by means of gravity flow. Wellhead pump pressure will not be allowed. The maximum rate of injection will be 864,000 gallons per day. Fluids to be injected are described as stormwater runoff, contaminated groundwater and process wastewater originating from the facility. The wastewater consists primarily of sodium, calcium and magnesium chloride brines that vary in pH. The acidic wastes are primarily hydrochloric acid with some sulfuric acid and the basic wastes are primarily sodium hydroxide. All construction, monitoring and operation of these wells will meet the requirements that apply to Class I hazardous waste injection wells under the Kansas underground injection control regulations, K.A.R. 28-46-1 through 28-46-44.

Facility Description: The proposed action is to issue a new permit for Class V injection wells. Injection is into the Equus Beds alluvial aquifer through screens located at the following depths below ground surface: RRW-1 from 60 to 130 feet, RRW-2 from 60 to 255 feet, RRW-3 from 70 to 190 feet, RW-1 from 70 to 260 feet, RB-1 from 40 to 275 feet, and RB-2 from 50 to 260 feet. The permittee is authorized to inject groundwater, which has been recovered from bank storage extraction wells located along the Little Arkansas River during periods when the river has above base flow conditions, into the Equus Beds aquifer. The injected water will increase the groundwater in storage in the aquifer forming a hydraulic barrier to a known brine plume and provide groundwater for future recovery. The proposed permits contain provisions for the permittee to comply with the following: (1) the construction, monitoring and operation of the injection wells will meet requirements that apply to Class V injection wells under K.A.R. 28-46-1 through 28-46-42 and K.A.R. 28-30-1 through K.A.R. 28-30-10; (2) a groundwater monitoring plan that requires comparison between pre-injection and post-injection conditions for the Equus Beds aquifer, and monitoring of conditions during the injection has been developed and must be implemented prior to operation of the recharge/recovery wells and recharge basins. In anticipation of public interest and a desire to comment, the agency has allowed 30 days from the date of the public notice to submit comments. A public hearing also has been scheduled at 7 p.m. November 8 at the Kansas Learning Center for Health, 505 Main St., Halstead, to receive comments.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before November 5 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-05-239/246, KS-05-153/164, KS-ND-05-035, KS-PT-05-019, KS-EG-05-012/013) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water.

These documents are available upon request at the copying cost assessed by KDHE. Request for Comments

The Kansas Department of Health and Environment received a request to modify the Resource Conservation Recovery Act, Post-Closure Care Plan (PCP) for the closed regulated unit (RU) at the closed Sinclair Oil Refinery at 3401 Fairbanks Ave., Kansas City, Kansas. The facility requests a change in groundwater monitoring frequency from quarterly to semiannual, and to narrow the list of contaminants analyzed at the RU to those detected in earlier sampling events.

The RU soil is contaminated with petroleum constituents, lead, pesticides and solvents. Contaminated soils were stabilized and solidified, then placed in the RU in a lined cell to prevent leaching to groundwater.

A copy of the fact sheet, revised Sampling and Analysis Plan, and PCP is available for public review at the following locations:

Governmental Ethics Commission

Opinion No. 2005-14

Written September 29, 2005, to George S. Webb, Executive Director, Kansas Commission on Veterans' Affairs, Topeka.

This opinion is in response to your letter dated August 8, 2005, requesting an opinion from the Kansas Governmental Ethics Commission concerning state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

You request this opinion in your capacity as Executive Director of the Kansas Commission on Veterans' Affairs (KCVA). You have provided a Memorandum of Agreement signed in August 1998 between the KCVA and the American Legion (AL) and the Veterans of Foreign Wars (VFW). The AL and VFW are veteran service organizations (VSOs). The Memorandum of Agreement provides that KCVA veteran service representatives located at certain "joint offices" are full-time employees of the State of Kansas and are also employed by one or both VSOs. You have explained that all KCVA veteran service represen-

tatives receive full-time compensation from the KCVA for a 40-hour work week. Additionally, the KCVA veteran service representatives who perform services for both the KCVA and the VSOs under the Memorandum of Agreement receive a monthly stipend from the VSOs in addition to their KCVA compensation. The Memorandum of Agreement states that "[a]ll state employees will be paid salaries and benefits concomitant with their state rating. Individual employees may receive supplementary remuneration from the VSOs." The employees who perform duties for the VSOs do so during the hours that they are being compensated by KCVA for their KCVA duties.

You question whether the joint employment arrangement complies with state conflict of interest laws. You ask seven questions regarding compensation and other matters raised by the joint employment arrangement. Each question will be addressed separately.

Questions

- 1. Because all KCVA veteran service representatives are bound by a 40-hour work week whether they perform services only for KCVA or for the VSOs in addition to the KCVA, is it permissible for the KCVA veteran service representatives who perform services for the VSOs to receive a monthly stipend for representing the VSOs in addition to their full-time compensation from KCVA?
- 2. Are there potential legal problems with the U.S. Department of Labor regarding the application of the Fair Labor Standards Act to the joint employment arrangement?
- 3. If the joint employment arrangement was severed, what duties and boundaries should be considered if the VSOs wish to pay selected KCVA veteran service representatives a stipend or wage for work done purely on behalf of the VSOs? Would any statutory changes be required?
- 4. Can the Commission suggest the best ways, from a state governmental ethics standpoint, that the joint employment arrangement could be modified, if it should be?
- 5. If the VSOs were willing to send funds for stipends directly to the KCVA, could the KCVA then use those funds to cover overtime for certain KCVA veteran service representatives when they are working on behalf of the VSOs?
- 6. May state employee administrative assistants who work in joint KCVA/VSO offices receive annual, periodic, or holiday bonuses for representing the VSOs during the employee's 40-hour work week?
- 7. Is it a violation of state conflict of interest laws when the VSOs pay for travel expenses, including transportation, lodging and meals, for KCVA veteran service representatives who also perform services for the VSOs?

Opinion

In response to your first question regarding a monthly stipend for joint employees, K.S.A. 46-235 imposes restrictions on state employee compensation as follows:

No state officer or employee shall accept compensation for performance of official duties, other than that to which such person is entitled for such performance. No person shall pay or offer to pay any state officer or employee any compensation for performance of official duties, except a state officer or employee performing official duties in making payments to state officers and employees. The receipt of wages or salary from an individual's non-state employer during a period of service as a state officer or employee shall not be construed as compensation for performance of official duties.

K.S.A. 46-216 defines "compensation" as "any money, thing of value, or economic benefit conferred on, or received by, any person in return for services rendered, or to be rendered, by such person or another."

In applying these statutes to your first question, the KCVA veteran service representatives may not receive compensation from anyone other than the KCVA for performing their official state duties. Therefore, KCVA employees may not receive a stipend or supplementary remuneration from the VSOs for performing the same duties for the VSOs that they perform for the KCVA. KCVA employees may be hired and paid by the VSOs to perform duties that are different from the employees' state duties if the VSO work is performed outside of the employee's state work hours. Although the state conflict of interest laws do not address the issue of the KCVA paying employees for full-time compensation when those employees are performing services for non-state entities, there may be other statutes or regulations outside the Commission's jurisdiction that would apply.

There are no statutes under the jurisdiction of this Commission that involve the application of the Fair Labor Standards Act to state employees. Therefore, we cannot respond to your second question.

Regarding your third question, there are several statutes that may apply if the joint employment agreement were severed and the VSOs wished to pay selected KCVA service representatives for work done solely on behalf of the VSOs. As noted above, K.S.A. 46-235 would not prohibit KCVA employees from being hired and paid by the VSOs to perform work on behalf of the VSOs as long as the VSO work duties are different from the work duties performed by those employees on behalf of the state, and the VSO work is performed outside of the employees' state work hours.

There are two other statutes that would apply to KCVA employees who are employed by the VSOs while also working for the KCVA. K.S.A. 2004 Supp. 46-233 restricts a state employee from participating in the making of a negotiated contract on behalf of the state with any person or business by which such employee is employed. Thus, a KCVA employee could not participate in making a negotiated contract between the state and a VSO for which the employee works. Additionally, the statute prohibits any state employee from accepting employment with a person or business if the employee has been involved on behalf of the state in making a negotiated contract with that person or business until two years after performance of the contract is completed or until two years after the employee terminates employment with the state, whichever is sooner. "Person" is defined in K.S.A. 46-223 as "an individual, proprietorship, partnership, . . . association, trust, . . . group, or corporation, whether or not operated for profit, or a governmental agency unit or subdivision.'

Finally, K.S.A. 46-241 prohibits disclosure or use of confidential information acquired in the course of state

employment to further the economic interest of the state employee or any other person. A state employee may not share confidential information acquired in their state job for the economic benefit of another employer.

Regarding your fourth question, other than those statutes discussed above, the state employee ethics laws do not provide further guidance on the best ways to modify employment relationships between the KCVA and the VSOs.

In reference to your fifth question, there are no statutes under this Commission's jurisdiction, other than those discussed above, that address the way compensation is paid by KCVA to its employees. However, there may be other state or federal statutes, regulations or procedures that address this question.

K.S.A. 2004 Supp. 46-235, discussed above in response to your first question, applies to your sixth question regarding employee bonuses. The same considerations and restrictions discussed in our response to your first question concerning stipends and supplementary remuneration would apply to the receipt of bonuses.

Your seventh question involves the payment of travel expenses by the VSOs for joint KCVA/VSO employees. K.S.A. 2004 Supp. 46-237a sets forth restrictions on meals, gifts and travel expenses provided to state employees of the executive branch. Subsection (d) applies to travel and lodging expenses. It states in pertinent part:

- (d) No person subject to the provisions of this section shall solicit or accept free or special discount travel or related expenses from a source outside of state government, except:
- . . .
- (2) when the person's presence at a meeting, seminar or event serves a legitimate state purpose or interest and the person's agency authorizes or would authorize payment for such travel and expenses.

This statute would allow the VSOs to pay for transportation and lodging expenses for any KCVA employee as long as the KCVA determines that the travel serves a legitimate state purpose or interest and the KCVA would pay for those expenses if it had the funds to do so. This statute is designed to allow state employees to attend meetings and events that would benefit the state when attendance would not otherwise be possible due to limited state agency budgets. If the travel does not serve a legitimate state purpose, but rather a purpose solely beneficial to the VSOs, a KCVA employee could not accept the free travel and expenses unless the employee was also an employee of the VSO and was attending in their capacity as a VSO employee outside of their state work time.

It should be noted that K.S.A. 2004 Supp. 46-237a (c) prohibits a state employee from accepting a free or discounted meal provided by a source outside of state government. Therefore, meals are not considered travel expenses under subsection (d) quoted above, and cannot be accepted by a state employee unless one of the following exceptions applies:

(1) Meals, the provision of which is motivated by a personal or family relationship or provided at events that are widely attended. An occasion is "widely attended" when

- it is obvious to the person accepting the meal that the reason for providing the meal is not a pretext for exclusive or nearly exclusive access to the person;
- (2) meals provided at public events in which the person is attending in an official capacity;
- (3) meals provided to a person subject to this act when it is obvious such meals are not being provided because of the person's official position; and
- (4) food such as soft drinks, coffee or snack foods not offered as part of a meal.

We have previously opined that meals paid for as part of a conference or meeting registration fee are not free or discounted meals, and may be accepted even if the registration fee is paid for by an entity outside of state government. (Opinion 2000-40).

K.S.A. 2004 Supp. 46-237a (b) would apply to the payment for training or a conference registration fee by someone outside of the employee's agency. It states in pertinent part:

(b) No person subject to the provisions of this section shall solicit or accept any gift, economic opportunity, loan, gratuity, special discount or service provided because of such person's official position, except:

. . .

(3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state

We have previously determined that if a state employee's attendance at a conference or training benefits the state, the payment of the cost of that training or conference registration fee is a gift that inures to the benefit of the state, and, thus, may be accepted under K.S.A. 2004 Supp. 46-237a (b)(3). (Opinion 2000-10).

In summary, KCVA employees may not receive a stipend, supplementary remuneration or bonus from the VSOs for performing the same duties they perform on behalf of the KCVA. KCVA employees may be hired and paid by the VSOs to perform duties that are different from the employees' state duties if the VSO work is performed outside of the employee's state work hours. A KCVA employee may not participate in making a negotiated contract between the state and a VSO for which the employee works. If a KCVA employee has been involved on behalf of the state in making a negotiated contract with a VSO, that employee may not accept employment with that VSO until two years after the performance of the contract is completed or until two years after the employee terminates employment with the KCVA, whichever is sooner. VSOs may pay for transportation and lodging expenses for a KCVA employee as long as the KCVA determines that the travel serves a legitimate state purpose and the KCVA would pay for those expenses if it had funds to do so. Finally, VSOs may not provide a free meal or a gift to a KCVA employee unless the meal or gift falls within one of the statutory exceptions.

Opinion No. 2005-15

Written September 29, 2005, to Richard A. Euson, Sedgwick County Counselor, Wichita.

This opinion is in response to your letter of August 22, 2005, requesting an opinion from the Kansas Govern-

mental Ethics Commission concerning local government conflict of interest laws, K.S.A. 75-4301 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

You request this opinion in your capacity as Sedgwick County Counselor. Your questions concern two Sedgwick County Commissioners and their relationships with the Wichita Area Technical College (WATC). Commission Chairman David M. Unruh is a member of the governing board of WATC, and Commissioner Thomas G. Winters' wife is employed by WATC. You question whether these Commissioners have a substantial interest in WATC under the local conflict of interest laws.

You explain that WATC was converted from an area vocational school to a technical college pursuant to K.S.A. 72-4468 et seq. Those statutes provided that the governing body of a technical college would be the board of the former area vocational school, and that the technical colleges would be under the general supervision of the State Board of Regents. In 2003, the law was amended to require all technical college boards to develop and present to the State Board of Regents a plan to replace the governing body with a new governing board to operate, control and manage the technical college. The statute requires the new board to be separate and independent of any board of education. You have enclosed a copy of the transition plan for replacing the original governing board of WATC. The Board of Regents approved the plan on February 18, 2004. The plan calls for an initial new governing board with members appointed by the Sedgwick County Commission, Wichita City Council, Unified School District 259 (USD 259), WATC General Advisory Board, Wichita State University, Wichita Chamber of Commerce Wichita Independent Business Association. Sedgwick County Commissioner David M. Unruh was appointed to this initial new governing board by the Sedgwick County Commission on February 25, 2004. The plan calls for this initial board to be replaced by another board to be named the Sedgwick County Technical and Training Authority with seven members appointed by the Sedgwick County Manager, the Board of County Commissioners of Sedgwick County, and the City Council of Wichita. Commissioner Unruh remains on the governing board as an appointee of the Board of County Commissioners of Sedgwick County.

Questions

- 1. Does County Commission Chairman David M. Unruh have a substantial interest in a business pursuant to K.S.A. 75-4301a because of his role as a member of the governing board of WATC?
- 2. Does County Commissioner Thomas G. Winters have a substantial interest in a business pursuant to K.S.A. 75-4301a because of his wife's employment at WATC?

Opinion

K.S.A.75-4301a applies to local governmental officers and employees. It defines "substantial interest" in pertinent part as follows:

- (a) "Substantial interest" means any of the following:
- (2) If an individual or an individual's spouse, either individually or collectively, has received during the preceding calendar year compensation which is or will be required to be included as taxable income on federal income tax returns of the individual and spouse in an aggregate amount of \$2,000 from any business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.

(4) If an individual or an individual's spouse holds the position of officer, director, associate, partner or proprietor of any *business*, other than an organization exempt from federal taxation of corporations . . . , the individual has a substantial interest in that *business*, irrespective of the amount of compensation received by the individual or individual's spouse. . . . (Emphasis added.)

It should be noted that this statute limits "substantial interest" to an interest held by an individual or individual's spouse in a business. K.S.A. 75-4301a defines "business" as follows:

(b) "Business" means any corporation, association, partnership, proprietorship, trust, joint venture, and every other business interest, including ownership or use of land for income.

The response to both of your questions depends on whether WATC falls within this definition of "business." This Commission has consistently held that governmental entities, including community colleges, school districts and rural water districts, are not included in the term "business" under K.S.A. 75-4301a. (*See* Opinions 1975-64; 1980-10; 1990-21; 1996-6; 1997-37).

WATC is a technical college established under K.S.A. 72-4468 *et seq.* It is under the general supervision of the Kansas Board of Regents, with an independent governing board. Employees of WATC remain eligible for the Kansas Public Employees Retirement System and are subject to the Public Employer Employees Relations Act regarding collective bargaining. Additionally, WATC receives grant money from the state general fund.

It is our opinion that WATC is not a business under K.S.A. 75-4301a (b). Thus, under the local government conflict of interest laws, Sedgwick County Commission Chairman David M. Unruh does not have a substantial interest in a business because of his membership on the governing board of WATC, and Sedgwick County Commissioner Thomas G. Winters does not have a substantial interest in a business because of his wife's employment with WATC.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, October 20, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The projects shall be located as shown:

Project No. 000643—Maximum Principal Amount: \$159,390.86. Owner/Operator: Monty L. and Jane L. Peterson. Description: Acquisition of 157 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at Section 10, Township 11, Wabaunsee County, Kansas, approximately 5 miles south of Wamego on Highway 99.

Project No. 000644—Maximum Principal Amount: \$250,000. Owner/Operator: Jason W. Schotte. Description: Acquisition of 190 acres of agricultural land and related improvements and equipment to be used by the owner/ operator for farming purposes. The project is located at Section 21, Township 1, Range 6, Marshall County, Kansas, approximately 12 miles northwest of Marysville.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Any individual affected by the above-described projects may, at or prior to the hearing, file a written request with the KDFA that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Instructions to Publishers

- Complete and file one copy of this form with your postmaster annually on or before October 1. Keep a copy of the completed form for your records.
- 2. In cases where the stockholder or security holder is a trustee, include in items 10 and 11 the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check the box. Use blank sheets if more space is required.
- 3. Be sure to furnish all circulation information called for in item 15. Free circulation must be shown in items 15d, e, and f.
- Item 15h., Copies not Distributed, must include (1) newsstand copies originally stated on Form 3541, and returned to the publisher,
 estimated returns from news agents, and (3), copies for office use, leftovers, spoiled, and all other copies not distributed.
- If the publication had Periodicals authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or, if the publication is not published during October, the first issue printed after October.
- 6. In item 16, indicate the date of the issue in which this Statement of Ownership will be published.
- 7. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of Periodicals authorization.
