Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Kansas Department of Labor at 10 a.m. Thursday, December 29, at the Kansas Department of Labor, 401 S. Topeka Blvd., third floor conference room, Topeka, to consider the adoption of proposed changes in the existing regulation of the Boiler Safety Act, K.S.A. 44-914 et seq. This 60-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed regulation.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least 10 working days in advance of the hearing by contacting Darren Root, Staff Attorney, Kansas Department of Labor, 401 S. Topeka Blvd., Topeka, 66603, (785) 296-4902.

A copy of the full text of the regulation and the economic impact statement may be reviewed or obtained by contacting Darren Root. The following is a summary of the proposed regulation and its economic impact:

K.A.R. 49-49-1. In accordance with K.S.A. 44-926, the Department of Labor is amending the regulation to increase the fees that are charged to owners of boilers. K.A.R. 49-49-1 has not been amended since 1997. K.A.R. 49-49-1 is being amended in order to meet the cost of performing services required in accordance with the Boiler Safety Act. The cost of performing services include inspections of boilers along with administrative support costs.

Economic Impact: The boiler fee increases would affect all uninsured boiler owners. Owners who elect to have the state inspect the boilers will be the most affected by the fee increase. This proposed fee increase is still substantially less than what is currently being charged by insurance companies and private contractors that perform similar inspections. The fee increase meets the cost of providing present as well as additional services.
