K.A.R. 40-3-5. Fire and casualty insurance; rating organizations; filing of forms. This proposed regulation defines terms applicable to rating organizations and outlines the requirements for filing forms with the Commissioner of Insurance. The primary changes to K.A.R. 40-3-5 are the removal of repealed statutes and the addition of current ones. The remaining changes are technical.

There is no economic impact on insurers, consumers, the Kansas Insurance Department, and other governmental agencies, if any.

K.A.R. 40-3-12. Fire and casualty insurance companies; rating plans; requirements. This proposed regulation defines terms applicable to rating plans and outlines the requirements for individual risk rating plans. The primary changes to K.A.R. 40-3-12 are the removal of repealed statutes and the addition of current ones. The remaining changes are technical.

There is no economic impact on insurers, consumers, the Kansas Insurance Department, and other governmental agencies, if any.

K.A.R. 40-3-47. Fire and casualty insurance; rating organizations; filing of final rates prohibited; kinds of insurance affected. This proposed regulation specifies which lines of business rating organizations must develop forms for and file those forms with the Commissioner of Insurance for perspective loss cost. The department has created a policy and procedure regarding perspective loss costs filings that adopts by reference the March 20, 1990, edition of the National Association of Insurance Commissioners' Prospective Loss Costs Filing forms entitled "Insurer Rate Filing Adoption of Rating Organization Prospective Loss Costs Reference Filing Form" and "Insurer Rate Filing Adoption of Rating Organization Prospective Loss Costs Summary of Supporting Information Form." The remaining changes are technical.

There is no economic impact on insurers, consumers, the Kansas Insurance Department, and other governmental agencies, if any.

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Thursday, February 9, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed changes in existing rules and regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Deletria Nash, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at dnash@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Deletria Nash at (785) 296-4140 or via e-mail at dnash@ksinsurance.org.

A copy of the regulations and the policy and procedure that is being adopted by reference, if applicable, may be obtained from the department's Web site, www.ksinsurance.org (under the "Legal Issues" link), or by contacting Deletria Nash. The charge for copies is 50 cents per page. A summary of the regulations and their economic impact follows:

K.A.R. 40-1-48. Risk-based capital instructions for health organizations. This proposed regulation adopts by reference the National Association of Insurance Commissioners' ("NAIC") health risk-based capital reports, including overview and instructions, for companies. Risk-based capital is a method of measuring the minimum amount of capital appropriate for an insurance entity to support its overall business operation in consideration of its size and risk profile. Risk-based capital standards for health organizations were enacted in Kansas in the year 2000 and have recently been amended. This regulation sets out the requirements and format of the risk-based capital report that all domestic health organizations are required to file each year.

The economic impact on companies, if any, is positive because the reports that are required to file in Kansas are uniform formats as established by the NAIC. NAIC rules, regulations and instructions are promulgated after input from the insurance industry and regulators nationwide. Companies will generally be familiar with the format and requirements of these reports.

There will be no economic impact on the Kansas Insurance Department or other governmental agencies.

K.A.R. 40-3-48. Insurance companies; managing general agents; definitions; requirements. This proposed

regulation defines "managing general agent" and "total annual written premium." It also outlines requirements for fidelity bonds, contractual requirements between managing general agents and insurers, and record keeping requirements.

The requirement for managing general agents to maintain errors and omissions policies has been deleted. In conjunction with this deletion is the elimination of this requirement and the requirement for managing general agents to obtain errors and omissions policies by an insurer admitted to write business in Kansas, as well as providing proof to the Kansas Insurance Department.

The remaining changes to K.A.R. 40-3-48 are technical.

There is no economic impact on insurers, consumers, the Kansas Insurance Department, and other governmental agencies, if any.

The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was im-

practicable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Jon Knodel, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7622, to determine when the 45-day EPA review period ends and the 60-day petition period commences.
