# Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Friday, July 7, in the Board of Regents' conference room, 1000 S.W. Jackson, Suite 520, Topeka, to consider the adoption of proposed changes to an existing rule and regulation of the Board of Regents relating to tuition rates for persons in the military service and their spouses and dependents.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comment on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Brenda Immenscuh, Kansas Board of Regents, 1000 S.W. Jackson, Suite 520, Topeka, 66612-1368. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to limit each participant to an oral presentation of five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Brenda Immenschuh at (785) 296-3689.

Copies of the regulation and the economic impact statement may be obtained by contacting Brenda Immenschuh. A summary of the proposed regulation and the economic impact follows:

**K.A.R. 88-3-8. Military personnel.** The proposed regulation implements amendments to the statute governing (continued)

eligibility for resident tuition rates at the six state universities (see K.S.A. 2005 Supp. 76-729(c)). The amendments extend the resident fee privilege to the spouse and dependents of a person in military service who is reassigned from a duty station in Kansas to a duty station elsewhere as long as the spouse or dependent continues to live in Kansas. In addition, the amendments extend the resident fee privilege to persons in the military service, their spouses and dependents as long as the person in the military service is living in Kansas regardless of the person's duty station assignment. The amendments also provide that the spouse and dependents of a person in the military service who has not had a duty station assignment in Kansas and who leaves the state will not continue to be accorded the resident fee privilege.

Economic Impact: The adoption of this regulation would result in no economic impact on the Board of Regents. Some minimal and undeterminable economic impact will result to some or all of the six state universities depending upon the number of individuals who would otherwise pay out-of-state tuition who become eligible to pay resident rates as a result of these amendments. The amendments would have a favorable impact on some persons in the military service, their spouses and dependents.

#### **Notice to Consulting Engineers**

The Kansas Department of Transportation is seeking qualified consulting engineering firms to provide surveys and other advanced preliminary engineering work to provide information on various proposed developments statewide. Two or four will be selected.

A response may be submitted by e-mail to neil@ksdot.org or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages. Responses must be received by 5 p.m. June 1 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications;
- 2. experience of staff;
- 3. location of firm with respect to proposed project;
- 4. work load of firm; and
- 5. firm's performance record.

#### **Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed reopening of an air quality operating permit. A Class I Air Operating Permit was issued for the operation of Frontier El Dorado Refining Company located at 1401 S. Douglas Road, El Dorado. Frontier El Dorado Refining Company owns and operates the refinery in Butler County. The effective date of the permit was May 17, 2005. K.A.R. 28-19-513(e) (2) states that only those parts of the permit for which cause to reopen exists shall be affected by the reopening.

(continued)

The Class I operating permit issued to Frontier is being reopened by KDHE for the purpose of incorporating the NSPS Subpart J to a process heater unit that was inadvertently omitted from the permit. This reopening is due in accordance with K.A.R. 28-19-513(e)(1)(C).

A copy of the proposed permit as modified, all supporting documentation and all information relied upon during the reopening process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed reopening and supporting documentation, contact Amer Safadi, (785) 296-1993, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6042, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Amer Safadi, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business June 5.

A person may request a public hearing be held on the proposed action. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sherry Walker, Bureau of Air and Radiation, not later than the close of business June 5 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Harriet Jones, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.
